Prefiled 12/13/22. Read first time 01/09/23. Referred to Committee on Agriculture and Natural Resources.

1 AN ACT Relating to prohibiting fur farming; amending RCW
2 16.72.010; adding new sections to chapter 16.72 RCW; creating a new
3 section; repealing RCW 16.72.020, 16.72.030, and 16.72.040;
4 prescribing penalties; providing an effective date; and providing
5 expiration dates.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

7 NEW SECTION. **Sec. 1.** (1) The legislature finds that the demand
8 for products made of animal fur has been in decline and that the fur
9 industry represents a very small portion of Washington's economy. For
10 example, according to the United States department of agriculture,
11 mink pelt production decreased 15 percent from 2018 to 2019, and the
12 value of mink pelts produced decreased 30 percent in the same time
13 frame. In Washington, mink pelt production accounted for only 1.4
14 percent of total production in the United States in 2018, decreasing
15 to less than one percent in 2019.

16 (2) The legislature finds that there are growing concerns for the
17 welfare of the animals used in fur farming. For instance, there are
18 no federal or state humane slaughter laws that regulate the industry.
19 In addition, there are significant concerns related to the
20 environmental impact of fur farming. For these and other reasons, the

1 legislature finds that it is in the public interest to end fur
2 farming.

3 (3) Recognizing the harmful impacts on animals and the
4 environment, the legislature intends to end fur farming, to provide
5 assistance to existing farmers transitioning to other types of
6 farming or livelihood, and to end the production and manufacture of
7 fur products in Washington by 2024.

8 **Sec. 2.** RCW 16.72.010 and 1955 c 321 s 2 are each amended to

6 for technical assistance, permitting, new facility construction,
7 equipment, and labor costs associated with transitioning out of fur
