6 efficiency while meeting Washington's climate goals. If beneficial,
7 households may be offered grant funding to cover the replacement of
8 inefficient, outdated, or unsafe home heating and cooling systems
9 with more energy efficient electric heating and cooling technologies,
10 such as heat pumps. The department may utilize a portion of the
11 funding provided within this subsection to create an electronic
12 application system. Within the amounts provided, no more than 60
13 percent of the funding may be utilized by the department to target
14 services to multifamily residential buildings across the state that
15 experience high energy use, where a majority of the residents within
16 the building are below 80 percent of the area median income and the

7 reliability and adequacy of the electric power system, is consistent
8 with the state's statutory and regulatory requirements for clean
9 electricity generation, and is supplementary to the resources that
10 will be required to replace fossil fuels in the transportation,

HUMAN SERVICES

NEW SECTION. **Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the
2 payment rates.

3 (4) The department shall to the maximum extent practicable use
4 the same system for delivery of spoken-language interpreter services
5 for social services appointments as the one established for medical
6 appointments in the health care authority. When contracting directly
7 with an individual to deliver spoken language interpreter services,
8 the department shall only contract with language access providers who
9 are working at a location in the state and who are state-certified or
10 state-authorized, except that when such a provider is not available,
11 the department may use a language access provider who meets other
12 certifications or standards deemed to meet state standards, including
13 interpreters in other states.

14 (5) Information technology projects or investments and proposed
15 projects or investments impacting time capture, payroll and payment
16 processes and systems, eligibility, case management, and
17 authorization systems within the department of social and health
18 services are subject to technical oversight by the office of the
19 chief information officer.

20 (6) (a) The department shall facilitate enrollment under the
21 medicaid expansion for clients applying for or receiving state funded
22 services from the department and its contractors. Prior to open
23 enrollment, the department shall coordinate with the health care
24 authority to provide referrals to the Washington health benefit
25 exchange for clients that will be ineligible for medicaid.

26 (b) To facilitate a single point of entry across public and
27 medical assistance programs, and to maximize the use of federal
28 funding, the health care authority, the department of social and
29 health services, and the health benefit exchange will coordinate
30 efforts to expand HealthPlanfinder access to public assistance and
31 medical eligibility staff. The department shall complete medicaid
32 applications in the HealthPlanfinder for households receiving or
33 applying for public assistance benefits.

34 (7) The health care authority, the health benefit exchange, the
35 department of social and health services, the department of health,
36 and the department of children, youth, and families shall work
37 together within existing resources to establish the health and human
38 services enterprise coalition (the coalition). The coalition, led by
39 the health care authority, must be a multi-organization collaborative
40 that provides strategic direction and federal funding guidance for

1 projects that have cross-organizational or enterprise impact,
2 including information technology projects that affect organizations
3 within the coalition. The office of the chief information officer
4 shall maintain a statewide perspective when collaborating with the
5 coalition to ensure that projects are planned for in a manner that
6 ensures the efficient use of state resources, support the adoption of
7 a cohesive technology and data architecture, and maximize federal
8 financial participation. The work of the coalition is subject to the
9 conditions, limitations, and review provided in section 701 of this
10 act.

17 and for developing a model to estimate demand for civil and forensic
18 state hospital bed needs pursuant to the following requirements.

19 (a) By the first day of each December during the fiscal biennium,
20 the department, in coordination with the health care authority, must
21 submit a report to the office of financial management and the
22 appropriate committees of the legislature that summarizes how the

24 following: (i) The number of individuals identified by the tool as
25 having a high risk of future criminal justice involvement; (ii) the
26 method and frequency for which the department is providing lists of

2 care authority, the office of financial management, and the
3 appropriate fiscal committees of the state legislature. The model
4 shall incorporate factors for capacity in state hospitals as well as
5 contracted facilities, which provide similar levels of care, referral
6 patterns, wait lists, lengths of stay, and other factors identified
7 as appropriate for estimating the number of beds needed to meet the
8 demand for civil and forensic state hospital services. Factors should
9 include identification of need for the services and analysis of the
10 effect of community investments in behavioral health services and
11 other types of beds that may reduce the need for long-term civil
12 commitment needs. The forecast must be updated each February, June,
13 and November during the fiscal biennium and the department must
14 submit a report to the legislature and the appropriate committees of
15 the legislature summarizing the updated forecast based on the
16 caseload forecast council's schedule for entitlement program

15 biennium. Pursuant to chapter 7, Laws of 2015 1st sp. sess.

24 western state hospital and eastern state hospital in collaboration
25 with the hospital staffing committees. The staffing tool must be used
26 to identify, on a daily basis, the clinical acuity on each patient
27 ward and determine the minimum level of direct care staff by
28 profession to be deployed to meet the needs of the patients on each
29 ward. The department must evaluate interrater reliability of the tool
30 within each hospital and between the two hospitals. The department
31 must also continue to update, in collaboration with the office of

2 expenditures must include all areas of the state hospitals, must be
3 done at the ward level, and must include contracted facilities
4 providing forensic restoration services as well as the office of
5 forensic mental health services.

6 (b) By December 1, 2023, and December 1, 2024, the department
7 must submit reports to the office of financial management and the
8 appropriate committees of the legislature that provide a comparison
9 of monthly spending, staffing levels, overtime, and use of locums for
10 the prior year compared to allotments and to the recommended state

17 (c) Monthly staffing levels and related expenditures at the state
18 hospitals must not exceed official allotments without prior written
19 approval from the director of the office of financial management. In
20 the event the director of the office of financial management approves
21 an increase in monthly staffing levels and expenditures beyond what
22 is budgeted, notice must be provided to the appropriate committees of
23 the legislature within 30 days of such approval. The notice must
24 identify the reason for the authorization to exceed budgeted staffing
25 levels and the time frame for the authorization. Extensions of
26 authorizations under this subsection must also be submitted to the
27 director of the office of financial management for written approval
28 in advance of the expiration of an authorization. The office of

39 description of the violence reduction or safety strategy, a profile
40 of the types of patients being served, the staffing model being used,

1 and outcomes associated with each strategy. The outcomes section
2 should include tracking data on facility-wide metrics related to
3 patient and staff safety as well as individual outcomes related to
4 the patients served.

5 (11) \$2,593,000 of the general fund—state appropriation for
6 fiscal year 2024 and \$2,593,000 of the general fund—state

8 department to increase services to patients found not guilty by
9 reason of insanity under the *Ross v. Lashway* settlement agreement.

10 (12) Within the amounts provided in this subsection, the
11 department must develop and submit an annual state hospital
12 performance report for eastern and western state hospitals. Each
13 measure included in the performance report must include baseline
14 performance data, agency performance targets, and performance for the
15 most recent fiscal year. The performance report must include a one

17 care measure broken out by hospital and including but not limited to:
18 (a) Monthly FTE expenditures compared to allotments; (b) monthly
19 dollar expenditures compared to allotments; (c) monthly FTE
20 expenditures per thousand patient bed days; (d) monthly dollar
21 expenditures per thousand patient bed days; (e) percentage of FTE
22 expenditures for overtime; (f) average length of stay by category of
23 patient; (g) average monthly civil wait list; (h) average monthly
24 forensic wait list; (i) rate of staff assaults per thousand patient
25 bed days; (j) rate of patient assaults per thousand patient bed days;
26 (k) average number of days to release after a patient has been
27 determined to be clinically ready for discharge; and (l) average
28 monthly vacancy rates for key clinical positions. The department must
29 submit the state hospital performance report to the office of
30 financial management and the appropriate committees of the
31 legislature by the first day of each December of the biennium.

32 (13) \$546,000 of the general fund—state appropriation for fiscal
33 year 2024 and \$566,000 of the general fund—state appropriation for
34 fiscal year 2025 are provided solely for design and planning

13 The appropriations in this subsection are subject to the
14 following conditions and limitations:

15 (a) Individuals receiving services as supplemental security
16 income (SSI) state supplemental payments may not become eligible for
17 medical assistance under RCW 74.09.510 due solely to the receipt of
18 SSI state supplemental payments.

19 (b) In accordance with RCW 18.51.050, 18.20.050, 70.128.060, and
20 43.135.055, the department is authorized to increase nursing
21 facility, assisted living facility, and adult family home fees as
22 necessary to fully support the actual costs of conducting the
23 licensure, inspection, and regulatory programs. The license fees may
24 not exceed the department's annual licensing and oversight activity
25 costs and shall include the department's cost of paying providers for
26 the amount of the license fee attributed to medicaid clients.

27 (i) The current annual renewal license fee for adult family homes
28 is \$225 per bed beginning in fiscal year 2024 and \$225 per bed

6 for fiscal year 2025, and \$113,163,000 of the general fund—federal
7 appropriation are provided solely for the rate increase for the new
8 consumer-directed employer contracted individual providers as set by
9 the consumer-directed employer rate setting board in accordance with
10 RCW 74.39A.530.

11 (d) \$5,213,000 of the general fund—state appropriation for fiscal
12 year 2024, \$7,299,000 of the general fund—state appropriation for

19 fiscal year 2025, and \$991,000 of the general fund—federal
20 appropriation are provided solely for administrative costs as set by
21 the consumer-directed employer rate setting board in accordance with
22 RCW 74.39A.530.

23 (f) \$9,585,000 of the general fund—state appropriation for fiscal
24 year 2024, \$10,798,000 of the general fund—state appropriation for
25 fiscal year 2025, and \$25,053,000 of the general fund—federal
26 appropriation are provided solely for the implementation of an
27 agreement reached between the governor and the adult family home
28 council under the provisions of chapter 41.56 RCW for the 2023-2025
29 fiscal biennium, as provided in section 907 of this act.

30 (g) The department may authorize a one-time waiver of all or any
31 portion of the licensing and processing fees required under RCW
32 70.128.060 in any case in which the department determines that an
33 adult family home is being relicensed because of exceptional
34 circumstances, such as death or incapacity of a provider, and that to
35 require the full payment of the licensing and processing fees would
36 present a hardship to the applicant. In these situations the
37 department is also granted the authority to waive the required
38 residential administrator training for a period of 120 days if

1 necessary to ensure continuity of care during the relicensing
2 process.

3 (h) Community residential cost reports that are submitted by or
4 on behalf of contracted agency providers are required to include
5 information about agency staffing including health insurance, wages,

9 who are ready for discharge from the state psychiatric hospitals, but
10 who have additional long-term care or developmental disability needs.

11 (i) Community alternative placement beds include enhanced service
12 facility beds, adult family home beds, skilled nursing facility beds,
13 shared supportive housing beds, state operated living alternative
14 beds, and assisted living facility beds.

15 (ii) Each client must receive an individualized assessment prior
16 to leaving one of the state psychiatric hospitals. The individualized
17 assessment must identify and authorize personal care, nursing care,
18 behavioral health stabilization, physical therapy, or other necessary
19 services to meet the unique needs of each client. It is the
20 expectation that, in most cases, staffing ratios in all community
21 alternative placement options described in (h)(i) of this subsection
22 will need to increase to meet the needs of clients leaving the state
23 psychiatric hospitals. If specialized training is necessary to meet
24 the needs of a client before he or she enters a community placement,
25 then the person centered service plan must also identify and
26 authorize this training.

27 (iii) When reviewing placement options, the department must
28 consider the safety of other residents, as well as the safety of
29 staff, in a facility. An initial evaluation of each placement,
30 including any documented safety concerns, must occur within thirty
31 days of a client leaving one of the state psychiatric hospitals and
32 entering one of the community placement options described in (h)(i)
33 of this subsection. At a minimum, the department must perform two
34 additional evaluations of each placement during the first year that a
35 client has lived in the facility.

36 (iv) In developing bed capacity, the department shall consider
37 the complex needs of individuals waiting for discharge from the state
38 psychiatric hospitals.

39 (j) Sufficient appropriations are provided for discharge case
40 managers stationed at the state psychiatric hospitals. Discharge case

1 managers will transition clients ready for hospital discharge into
2 less restrictive alternative community placements. The transition of
3 clients ready for discharge will free up bed capacity at the state
4 psychiatric hospitals.

5 (k) \$478,000 of the general fund—state appropriation for fiscal
6 year 2024, \$240,000 of the general fund—state appropriation for

8 appropriation are provided solely to increase the residential
9 personal needs allowance. If House/Senate Bill No. . . .
10 (Z-0034.1/23) (relating to the residential personal needs allowance
11 increase) is not enacted by June 30, 2023, the amounts provided in
12 this subsection shall lapse.

13 (l) The annual certification renewal fee for community
14 residential service businesses is \$859 per client in fiscal year 2024
15 and \$859 per client in fiscal year 2025. The annual certification
16 renewal fee may not exceed the department's annual licensing and
17 oversight activity costs.

18 (m) The department must provide the legislature with a respite
19 utilization report in January of each year that provides information
20 about the number of children who have used enhanced respite in the
21 preceding year, as well as the location and number of days per month
22 that each respite bed was occupied.

23 (n) The department must provide the legislature with a respite
24 utilization report by January of each year that provides information
25 about the number of individuals who have used community respite in
26 the preceding year, as well as the location and number of days per
27 month that each respite bed was occupied.

28 (o) \$144,000 of the general fund—state appropriation for fiscal
29 year 2025 and \$181,000 of the general fund—federal appropriation are
30 provided solely for funding the unfair labor practice settlement in
31 the case of *Adult Family Home Council v Office of Financial*
32 *Management*, PERC case no. 135737-U-22. If the settlement agreement is
33 not reached by June 30, 2024, the amounts provided in this subsection
34 shall lapse.

35 (p) \$504,000 of the general fund—state appropriation for fiscal
36 year 2024, \$504,000 of the general fund—state appropriation for
37 fiscal year 2025, and \$1,256,000 of the general fund—federal
38 appropriation are provided solely for a rate adjustment for assisted
39 living providers.

19 The appropriations in this section are subject to the following
20 conditions and limitations:

21 (1) The authority shall submit an application to the centers for
22 medicare and medicaid services to renew the 1115 demonstration waiver
23 for an additional five years. The authority may not accept or expend
24 any federal funds received under an 1115 demonstration waiver except
25 as described in this section unless the legislature has appropriated
26 the federal funding. To ensure compliance with legislative
27 requirements and terms and conditions of the waiver, the authority
28 shall implement the renewal of the 1115 demonstration waiver and
29 reporting requirements with oversight from the office of financial
30 management. The legislature finds that appropriate management of the
31 renewal of the 1115 demonstration waiver as set forth in subsections
32 (2), (3), and (4) of this section requires sound, consistent, timely,
33 and transparent oversight and analytic review in addition to lack of
34 redundancy with other established measures. The patient must be
35 considered first and foremost in the implementation and execution of
36 the demonstration waiver. To accomplish these goals, the authority
37 shall develop consistent performance measures that focus on
38 population health and health outcomes. The authority shall limit the
39 number of projects that accountable communities of health may

1 participate in under initiative 1 to a maximum of six and shall seek
2 to develop common performance measures when possible. The joint

15 special terms and conditions as submitted to the centers for medicare
16 and medicaid services and the anticipated budget for the duration of
17 the renewed waiver to the governor, the joint select committee on
18 health care, and the fiscal committees of the legislature. By federal
19 standard any programs created or funded by this waiver do not create
20 an entitlement. The demonstration period for the waiver as described
21 in subsections (2), (3), and (4) of this section begins January 1,
22 2023.

23 (2) (a) \$150,219,000 of the general fund—federal appropriation and
24 \$150,219,000 of the general fund—local appropriation are provided
25 solely for accountable communities of health described in initiative
26 1 of the 1115 demonstration waiver and this is the maximum amount
27 that may be expended for this purpose. In renewing this initiative,
28 the authority shall consider local input regarding community needs
29 and shall limit total local projects to no more than six. To provide
30 transparency to the appropriate fiscal committees of the legislature,
31 the authority shall provide fiscal staff of the legislature query
32 ability into any database of the fiscal intermediary that authority
33 staff would be authorized to access. The authority shall not
34 supplement the amounts provided in this subsection with any general
35 fund—state moneys appropriated in this section or any moneys that may
36 be transferred pursuant to subsection (1) of this section. The

4 \$179,111,000 of the general fund—private/local appropriation are
5 provided solely for the medicaid quality improvement program and this
6 is the maximum amount that may be expended for this purpose. Medicaid
7 quality improvement program payments do not count against the 1115
8 demonstration waiver spending limits and are excluded from the
9 waiver's budget neutrality calculation. The authority may provide
10 medicaid quality improvement program payments to apple health managed
11 care organizations and their partnering providers as they meet
12 designated milestones. Partnering providers and apple health managed
13 care organizations must work together to achieve medicaid quality
14 improvement program goals according to the performance period
15 timelines and reporting deadlines as set forth by the authority. The
16 authority may only use the medicaid quality improvement program to
17 support initiatives 1, 2, and 3 as described in the 1115
18 demonstration waiver and may not pursue its use for other purposes.
19 Any programs created or funded by the medicaid quality improvement
20 program do not constitute an entitlement for clients or providers.
21 The authority shall not supplement the amounts provided in this
22 subsection with any general fund—state, general fund—federal, or
23 general fund—local moneys appropriated in this section or any moneys
24 that may be transferred pursuant to subsection (1) of this section.
25 The director shall report to the joint select committee on health
26 care oversight not less than quarterly on financial and health
27 outcomes. The director shall report to the fiscal committees of the
28 legislature all expenditures under this subsection and shall provide
29 such fiscal data in the time, manner, and form requested by the
30 legislative fiscal committees.

31 (c) In collaboration with the accountable communities of health,
32 the authority will submit a report to the governor and the joint
33 select committee on health care oversight describing how each of the
34 accountable community of health's work aligns with the community
35 needs assessment no later than December 1, 2023.

36 (d) Performance measures and payments for accountable communities
37 of health shall reflect accountability measures that demonstrate
38 progress toward transparent, measurable, and meaningful goals that
39 have an impact on improved population health and improved health

1 outcomes, including a path to financial sustainability. While these
2 goals may have variation to account for unique community
3 demographics, measures should be standardized when possible.

4 (3) \$115,713,000 of the general fund—federal appropriation and
5 \$115,725,000 of the general fund—local appropriation are provided
6 solely for long-term support services as described in initiative 2 of
7 the 1115 demonstration waiver as well as administrative expenses for
8 initiative 3 and this is the maximum amount that may be expended for
9 this purpose. The authority shall contract with and provide funding
10 to the department of social and health services to administer
11 initiative 2. The director in cooperation with the secretary of the
12 department of social and health services shall report to the office
13 of financial management all of the expenditures of this section and
14 shall provide such fiscal data in the time, manner, and form

19 (4) (a) \$54,912,000 of the general fund—federal appropriation and
20 \$30,162,000 of the general fund—local appropriation are provided
21 solely for supported housing and employment services described in
22 initiative 3a and 3b of the 1115 demonstration waiver and this is the
23 maximum amount that may be expended for this purpose. Under this
24 initiative, the authority and the department of social and health
25 services shall ensure that allowable and necessary services are
26 provided to eligible clients as identified by the department or its
27 third-party administrator. The authority and the department, in
28 consultation with the medicaid forecast work group, shall ensure that
29 reasonable reimbursements are established for services deemed
30 necessary within an identified limit per individual. The authority
31 shall not supplement the amounts provided in this subsection with any
32 general fund—state moneys appropriated in this section or any moneys
33 that may be transferred pursuant to subsection (1) of this section.
34 The director shall report to the joint select committee on health
35 care oversight no less than quarterly on financial and health
36 outcomes. The director shall also report to the fiscal committees of
37 the legislature all of the expenditures of this subsection and shall
38 provide such fiscal data in the time, manner, and form requested by
39 the legislative fiscal committees.

1 (b) The authority and the department shall seek additional
2 flexibilities for housing supports through the centers for medicare
3 and medicaid services and shall coordinate with the office of
4 financial management and the department of commerce to ensure that
5 services are not duplicated.

6 (c) The director shall report to the joint select committee on
7 health care oversight no less than quarterly on utilization and
8 caseload statistics for both supportive housing and employment
9 services and its progress toward increasing uptake and availability
10 for these services.

11 (5) \$1,432,000 of the general fund—state appropriation for fiscal
12 year 2024 and \$3,008,000 of the general fund—state appropriation for
13 fiscal year 2025 are provided solely for supported employment
14 services and \$1,478,000 of the general fund—state appropriation for
15 fiscal year 2024 and \$3,162,000 of the general fund—state
16 appropriation for fiscal year 2025 are provided solely for supported
17 housing services, similar to the services described in initiatives 3a
18 and 3b of the 1115 demonstration waiver to individuals who are
19 ineligible for medicaid. Under these initiatives, the authority and
20 the department of social and health services shall ensure that
21 allowable and necessary services are provided to eligible clients as
22 identified by the authority or its third-party administrator. Before
23 authorizing services, eligibility for initiative 3a or 3b of the 1115
24 demonstration waiver must first be determined.

25 (6) Sufficient amounts are appropriated in this subsection to
26 implement the medicaid expansion as defined in the social security
27 act, section 1902(a)(10)(A)(i)(VIII).

28 (7) The legislature finds that medicaid payment rates, as
29 calculated by the health care authority pursuant to the
30 appropriations in this act, bear a reasonable relationship to the
31 costs incurred by efficiently and economically operated facilities
32 for providing quality services and will be sufficient to enlist
33 enough providers so that care and services are available to the
34 extent that such care and services are available to the general
35 population in the geographic area. The legislature finds that the
36 cost reports, payment data from the federal government, historical
37 utilization, economic data, and clinical input constitute reliable
38 data upon which to determine the payment rates.

1 (8) Based on quarterly expenditure reports and caseload
2 forecasts, if the health care authority estimates that expenditures
3 for the medical assistance program will exceed the appropriations,
4 the health care authority shall take steps including but not limited
5 to reduction of rates or elimination of optional services to reduce
6 expenditures so that total program costs do not exceed the annual
7 appropriation authority.

8 (9) In determining financial eligibility for medicaid-funded
9 services, the health care authority is authorized to disregard
10 recoveries by Holocaust survivors of insurance proceeds or other
11 assets, as defined in RCW 48.104.030.

12 (10) The legislature affirms that it is in the state's interest
13 for Harborview medical center to remain an economically viable
14 component of the state's health care system.

15 (11) When a person is ineligible for medicaid solely by reason of
16 residence in an institution for mental diseases, the health care
17 authority shall provide the person with the same benefits as he or
18 she would receive if eligible for medicaid, using state-only funds to
19 the extent necessary.

20 (12) \$4,261,000 of the general fund—state appropriation for
21 fiscal year 2024, \$4,261,000 of the general fund—state appropriation
22 for fiscal year 2025, and \$8,522,000 of the general fund—federal
23 appropriation are provided solely for low-income disproportionate
24 share hospital payments.

25 (13) Within the amounts appropriated in this section, the health
26 care authority shall provide disproportionate share hospital payments
27 to hospitals that provide services to children in the children's
28 health program who are not eligible for services under Title XIX or
29 XXI of the federal social security act due to their citizenship
30 status.

31 (14) \$7,000,000 of the general fund—federal appropriation is
32 provided solely for supplemental payments to nursing homes operated
33 by public hospital districts. The public hospital district shall be
34 responsible for providing the required nonfederal match for the
35 supplemental payment, and the payments shall not exceed the maximum
36 allowable under federal rules. It is the legislature's intent that
37 the payments shall be supplemental to and shall not in any way offset
38 or reduce the payments calculated and provided in accordance with
39 part E of chapter 74.46 RCW. It is the legislature's further intent

1 that costs otherwise allowable for rate-setting and settlement
2 against payments under chapter 74.46 RCW shall not be disallowed
3 solely because such costs have been paid by revenues retained by the
4 nursing home from these supplemental payments. The supplemental
5 payments are subject to retrospective interim and final cost
6 settlements based on the nursing homes' as-filed and final medicare
7 cost reports. The timing of the interim and final cost settlements
8 shall be at the health care authority's discretion. During either the
9 interim cost settlement or the final cost settlement, the health care
10 authority shall recoup from the public hospital districts the
11 supplemental payments that exceed the medicaid cost limit and/or the
12 medicare upper payment limit. The health care authority shall apply
13 federal rules for identifying the eligible incurred medicaid costs
14 and the medicare upper payment limit.

15 (15) The health care authority shall continue the inpatient
16 hospital certified public expenditures program for the 2023-2025
17 fiscal biennium. The program shall apply to all public hospitals,
18 including those owned or operated by the state, except those
19 classified as critical access hospitals or state psychiatric
20 institutions. The health care authority shall submit reports to the
21 governor and legislature by November 1, 2023, and by November 1,
22 2024, that evaluate whether savings continue to exceed costs for this
23 program. If the certified public expenditures (CPE) program in its
24 current form is no longer cost-effective to maintain, the health care
25 authority shall submit a report to the governor and legislature
26 detailing cost-effective alternative uses of local, state, and
27 federal resources as a replacement for this program. During fiscal
28 year 2024 and fiscal year 2025, hospitals in the program shall be
29 paid and shall retain one hundred percent of the federal portion of
30 the allowable hospital cost for each medicaid inpatient fee-for-
31 service claim payable by medical assistance and one hundred percent
32 of the federal portion of the maximum disproportionate share hospital
33 payment allowable under federal regulations. For the purpose of
34 determining the amount of any state grant under this subsection,
35 payments will include the federal portion of medicaid program
36 supplemental payments received by the hospitals. Inpatient medicaid
37 payments shall be established using an allowable methodology that
38 approximates the cost of claims submitted by the hospitals. Payments
39 made to each hospital in the program in each fiscal year of the
40 biennium shall be compared to a baseline amount. The baseline amount

1 will be determined by the total of (a) the inpatient claim payment
2 amounts that would have been paid during the fiscal year had the
3 hospital not been in the CPE program based on the reimbursement rates
4 developed, implemented, and consistent with policies approved in the
5 2023-2025 biennial operating appropriations act and in effect on July
6 1, 2015, (b) one-half of the indigent assistance disproportionate
7 share hospital payment amounts paid to and retained by each hospital
8 during fiscal year 2005, and (c) all of the other disproportionate
9 share hospital payment amounts paid to and retained by each hospital
10 during fiscal year 2005 to the extent the same disproportionate share
11 hospital programs exist in the 2019-2021 fiscal biennium. If payments
12 during the fiscal year exceed the hospital's baseline amount, no
13 additional payments will be made to the hospital except the federal
14 portion of allowable disproportionate share hospital payments for
15 which the hospital can certify allowable match. If payments during
16 the fiscal year are less than the baseline amount, the hospital will
17 be paid a state grant equal to the difference between payments during
18 the fiscal year and the applicable baseline amount. Payment of the
19 state grant shall be made in the applicable fiscal year and
20 distributed in monthly payments. The grants will be recalculated and
21 redistributed as the baseline is updated during the fiscal year. The
22 grant payments are subject to an interim settlement within eleven
23 months after the end of the fiscal year. A final settlement shall be
24 performed. To the extent that either settlement determines that a
25 hospital has received funds in excess of what it would have received
26 as described in this subsection, the hospital must repay the excess
27 amounts to the state when requested. \$234,000 of the general fund—
28 state appropriation for fiscal year 2024 and \$218,000 of the general
29 fund—state appropriation for fiscal year 2025 are provided solely for
30 state grants for the participating hospitals.

31 (16) The health care authority shall target funding for maternity
32 support services towards pregnant women with factors that lead to
33 higher rates of poor birth outcomes, including hypertension, a
34 preterm or low birth weight birth in the most recent previous birth,
35 a cognitive deficit or developmental disability, substance abuse,
36 severe mental illness, unhealthy weight or failure to gain weight,
37 tobacco use, or African American or Native American race. The health
38 care authority shall prioritize evidence-based practices for delivery
39 of maternity support services. To the extent practicable, the health
40 care authority shall develop a mechanism to increase federal funding

1 for maternity support services by leveraging local public funding for
2 those services.

3 (17) The authority shall submit reports to the governor and the
4 legislature by September 15, 2023, and no later than September 15,
5 2024, that delineate the number of individuals in medicaid managed
6 care, by carrier, age, gender, and eligibility category, receiving
7 preventative services and vaccinations. The reports should include
8 baseline and benchmark information from the previous two fiscal years
9 and should be inclusive of, but not limited to, services recommended
10 under the United States preventative services task force, advisory
11 committee on immunization practices, early and periodic screening,
12 diagnostic, and treatment (EPSDT) guidelines, and other relevant
13 preventative and vaccination medicaid guidelines and requirements.

14 (18) Managed care contracts must incorporate accountability
15 measures that monitor patient health and improved health outcomes,
16 and shall include an expectation that each patient receive a wellness
17 examination that documents the baseline health status and allows for
18 monitoring of health improvements and outcome measures.

19 (19) Sufficient amounts are appropriated in this section for the
20 authority to provide an adult dental benefit.

21 (20) The health care authority shall coordinate with the
22 department of social and health services to provide referrals to the
23 Washington health benefit exchange for clients that will be
24 ineligible for medicaid.

25 (21) To facilitate a single point of entry across public and
26 medical assistance programs, and to maximize the use of federal
27 funding, the health care authority, the department of social and
28 health services, and the health benefit exchange will coordinate
29 efforts to expand HealthPlanfinder access to public assistance and
30 medical eligibility staff. The health care authority shall complete
31 medicaid applications in the HealthPlanfinder for households
32 receiving or applying for medical assistance benefits.

33 (22) Sufficient amounts are appropriated in this section to
34 continue operation by a nonprofit organization of a toll-free hotline
35 that assists families to learn about and enroll in the apple health
36 for kids program.

37 (23) Within the amounts appropriated in this section, the
38 authority shall reimburse for primary care services provided by
39 naturopathic physicians.

1 (24) Within the amounts appropriated in this section, the
2 authority shall continue to provide coverage for pregnant teens that
3 qualify under existing pregnancy medical programs, but whose
4 eligibility for pregnancy related services would otherwise end due to
5 the application of the new modified adjusted gross income eligibility
6 standard.

7 (25) Sufficient amounts are appropriated in this section to
8 remove the mental health visit limit and to provide the shingles
9 vaccine and screening, brief intervention, and referral to treatment
10 benefits that are available in the medicaid alternative benefit plan
11 in the classic medicaid benefit plan.

12 (26) The authority shall use revenue appropriated from the
13 dedicated cannabis fund for contracts with community health centers
14 under RCW 69.50.540 in lieu of general fund—state payments to
15 community health centers for services provided to medical assistance
16 clients, and it is the intent of the legislature that this policy
17 will be continued in subsequent fiscal biennia.

18 (27) Beginning no later than July 1, 2024, for any service
19 eligible under the medicaid state plan for encounter payments,
20 managed care organizations at the request of a rural health clinic
21 shall pay the full published encounter rate directly to the clinic.
22 At no time will a managed care organization be at risk for or have
23 any right to the supplemental portion of the claim. Payments will be
24 reconciled on at least an annual basis between the managed care
25 organization and the authority, with final review and approval by the
26 authority.

27 (28) Sufficient amounts are appropriated in this section for the
28 authority to provide a medicaid equivalent adult dental benefit to
29 clients enrolled in the medical care service program.

30 (29) During the 2023-2025 fiscal biennium, sufficient amounts are
31 provided in this section for the authority to provide services
32 identical to those services covered by the Washington state family
33 planning waiver program as of August 2018 to individuals who:

34 (a) Are over nineteen years of age;

35 (b) Are at or below two hundred and sixty percent of the federal
36 poverty level as established in WAC 182-505-0100;

37 (c) Are not covered by other public or private insurance; and

38 (d) Need family planning services and are not currently covered
39 by or eligible for another medical assistance program for family
40 planning.

1 (30) Sufficient amounts are appropriated within this section for
2 the authority to incorporate the expected outcomes and criteria to
3 measure the performance of managed care organizations that provide
4 services to clients under chapter 74.09 RCW. The authority must:

5 (a) Contract with an external quality improvement organization to
6 annually analyze the performance of managed care organizations
7 providing services to clients based on performance measures selected
8 by the authority. The analysis required under this subsection must
9 measure managed care performance, including measures identified for
10 active improvement within the value-based purchasing quality
11 strategy. Active quality improvement measures must:

12 (i) Include at least one measure weighted toward having the
13 potential to impact managed care costs;

14 (ii) Include at least one measure weighted toward population
15 health management;

16 (iii) Be selected with priority from the statewide common measure
17 set;

18 (iv) Be selected with consideration of impact to health equity;

19 (v) Be substantive and clinically meaningful in promoting health
20 status; and

21 (vi) Measure managed care performance in shared measures across
22 all managed care organizations with the exception that the authority
23 may select up to three quality focused performance measures specific
24 to a managed care organization reflecting specific measures where a
25 managed care organization has poor performance.

26 (b) By September 15, 2023, and annually thereafter, the authority
27 shall notify each managed care organization of the performance
28 measures for the organization for the subsequent plan year.

29 (c) For each plan year, withhold two percent of the total plan
30 year funding that would otherwise be provided to each managed care
31 organization. At least 75 percent of the withhold shall be held
32 contingent on each managed care organization's performance on the
33 performance measures identified in this section. The 75 percent of
34 the withhold shall be further divided as follows, in percentages that
35 the authority shall determine:

36 (i) 75 percent or more of the 75 percent of the withhold must be
37 held to account for a managed care organization's performance on
38 between seven and 10 measures identified by the authority for active
39 quality improvement; and

1 (ii) No more than 25 percent of the withhold may be identified
2 for the purpose of sustaining quality improvement. The authority may
3 select sustained quality measures to support continued quality when
4 measures have met criteria, including:

5 (A) If statistically significant improvement has been achieved
6 statewide or the top national medicaid quartile has been achieved
7 statewide; and

8 (B) The measure was identified as an active or sustained quality
9 measure in a prior year.

10 (iii) No more than 10 percent of the withhold may be identified
11 to account for a managed care organization's performance on no more
12 than two quality compliance measures identified by the authority for
13 active quality improvement. Quality compliance measures must support
14 the authority's requirements according to 42 C.F.R. Sec. 438.358,
15 such as complete and accurate encounter data to help ensure proper
16 rate setting, or federal requirements in order to maintain substance
17 abuse and mental health block grant funding. The authority shall
18 assess and consider recommended changes to implement such measures,
19 including ways to improve behavioral health reporting, through its
20 quality strategy process.

21 (d) The authority must provide that each managed care
22 organization may earn back all or a portion of the 75 percent of the
23 annual withhold if the external quality improvement organization
24 determines that the managed care organization made an improvement in
25 the performance measures as compared to the preceding plan year. The
26 amount of withhold annually paid to each managed care organization
27 shall be proportional to findings of improvement by a managed care
28 organization as defined in this section.

29 (e) The authority must prioritize use of measures where national
30 quartile performance data is available for a given topic. The
31 authority may use an alternate methodology where national quartile
32 performance data is unavailable.

33 (f) For the purposes of this subsection, "external quality
34 improvement organization" means an organization that meets the
35 competence and independence requirements under 42 C.F.R. Sec.
36 438.354, as it existed on the effective date of this section.

37 (g) Sufficient amounts are appropriated within this section for
38 the authority to contract with the external quality improvement
39 organization to develop a health equity measurement approach within
40 value-based purchasing to measure the performance of managed care

1 organizations that provide services to clients under chapter 74.09
2 RCW. The authority must report to the appropriate committees of the
3 legislature by December 1, 2023, on implementation of health equity
4 quality measurement, use of value-based purchasing to support
5 improvement of equity in populations experiencing health care
6 disparities, and evaluation of withhold as defined in this section.

7 (31) The authority shall ensure that appropriate resources are
8 dedicated to implementing the recommendations of the centers for
9 medicare and medicaid services center for program integrity as
10 provided to the authority in the January 2019 Washington focused
11 program integrity review final report. Additionally, the authority
12 shall:

13 (a) Work to ensure the efficient operations of the managed care
14 plans, including but not limited to, a deconflicting process for
15 audits with and among the managed care plans and the medicaid fraud
16 division at the attorney general's office, to ensure the authority
17 staff perform central audits of cases that appear across multiple
18 managed care plans, versus the audits performed by the individual
19 managed care plans or the fraud division; and

20 (b) Remain accountable for operating in an effective and
21 efficient manner, including performing program integrity activities
22 that ensure high value in the medical assistance program in general
23 and in medicaid managed care specifically;

24 (i) Work with its contracted actuary and the medicaid forecast
25 work group to develop methods and metrics related to managed care
26 program integrity activity that shall be incorporated into annual
27 rate setting; and

28 (ii) Work with the medicaid forecast work group to ensure the
29 results of program integrity activity are incorporated into the rate
30 setting process in a transparent, timely, measurable, quantifiable
31 manner.

32 (32)(a) The authority shall not enter into any future value-based
33 arrangements with federally qualified health centers or rural health
34 clinics prior to receiving approval from the office of financial
35 management and the appropriate committees of the legislature.

36 (b) The authority shall not modify the reconciliation process or
37 the APM4 program with federally qualified health centers or rural
38 health clinics without notification to and the opportunity to comment
39 from the office of financial management.

1 (c) The authority shall require all managed care organizations to
2 provide information to the authority to account for all payments to
3 federally qualified health centers to include how payments are made,
4 including any additional payments and whether there is a sub-
5 capitation arrangement or value-based purchasing arrangement.

6 (d) Beginning with fiscal year 2024 and for each subsequent year
7 thereafter, the authority shall reconcile on an annual basis with
8 federally qualified health centers contracting under APM4.

9 (e) Beginning with fiscal year 2024 and for each subsequent year
10 thereafter, the authority shall properly accrue for any anticipated
11 reconciliations with federally qualified health centers contracting
12 under APM4 during the fiscal year close process following generally
13 accepted accounting practices.

14 (33) Within the amounts appropriated in this section, the
15 authority is to include allergen control bed and pillow covers as
16 part of the durable medical equipment benefit for children with an
17 asthma diagnosis enrolled in medical assistance programs.

18 (34) Within the amounts appropriated in this section, the
19 authority shall reimburse for maternity services provided by doulas.

20 (35) The authority shall collaborate with the Washington state
21 LGBTQ commission, the department of health, advocates for people
22 living with HIV in Washington, consumers, and medical professionals
23 with expertise in serving the medicaid population living with HIV, to
24 consider and develop recommendations regarding:

25 (a) Access to HIV antiretroviral drugs on the medicaid drug
26 formulary, including short- and long-term fiscal implications of
27 eliminating current prior authorization and fail-first requirements;

28 (b) Impact of drug access on public health and the statewide goal
29 of reducing HIV transmissions; and

30 (c) Maximizing pharmaceutical drug rebates for HIV antiretroviral
31 drugs.

32 (36) Sufficient funds are provided to continue reimbursing dental
33 health aid therapists for services performed in tribal facilities for
34 medicaid clients. The authority must leverage any federal funding
35 that may become available as a result of appeal decisions from the
36 centers for medicare and medicaid services or the United States court
37 of appeals for the ninth circuit.

38 (37) Within the amount appropriated within this section, the
39 authority shall implement the requirements of chapter 90, Laws of
40 2021 (postpartum period/medicaid) and the American rescue plan act of

1 2021, P.L. 117-2, in extending health care coverage during the
2 postpartum period. The authority shall make every effort to expedite
3 and complete eligibility determinations for individuals who are
4 likely eligible to receive health care coverage under Title XIX or
5 Title XXI of the federal social security act to ensure the state is
6 receiving maximum federal match. This includes, but is not limited
7 to, working with managed care organizations to provide continuous
8 outreach in various modalities until the individual's eligibility
9 determination is completed. Beginning September 30, 2023, the
10 authority must submit quarterly reports to the caseload forecast work
11 group on the number of individuals who are likely eligible to receive
12 health care coverage under Title XIX or Title XXI of the federal
13 social security act but are waiting for the authority to complete
14 eligibility determination, the number of individuals who were likely
15 eligible but are now receiving health care coverage with the maximum
16 federal match under Title XIX or Title XXI of the federal social
17 security act, and outreach activities including the work with managed
18 care organizations.

19 (38) Sufficient amounts are appropriated in this section to
20 maintain the perinatal support warm line to provide peer support,
21 resources, and referrals to new and expectant parents and people in
22 the emotional transition to parenthood experiencing, or at risk of,
23 postpartum depression or other mental health issues.

24 (39) Sufficient funding is provided to remove the asset test from
25 the medicare savings program review process.

26 (40) Sufficient funding is provided to eliminate the mid-
27 certification review process for the aged, blind, or disabled and
28 housing and essential needs referral programs.

30 authority shall develop a state plan amendment, rules, and payment
31 policies; complete necessary system changes related to payment
32 processing and provider enrollment; and update managed care contracts
33 and provider communications in anticipation of providing an adult
34 acupuncture benefit starting January 1, 2024.

37 policies; complete necessary system changes related to payment

1 (43)(a) Community health workers funded under this subsection may
2 provide outreach, informal counseling, and social supports for
3 health-related social needs. The authority shall seek a state plan
4 amendment or federal demonstration waiver should they determine these
5 services are eligible for federal matching funds. Within the amounts
6 provided within this subsection, the authority will provide an
7 initial report to the governor and appropriate committees of the
8 legislature by January 1, 2024, and a final report by January 1,
9 2025. The report shall include, but not be limited to, the
10 quantitative impacts of the grant program, how many community health
11 workers are participating in the grant program, how many clinics
12 these community health workers represent, how many clients are being
13 served, and evaluation of any measurable health outcomes identified
14 in the planning period prior to January 2023.

15 (b) In collaboration with key stakeholders including pediatric
16 primary care clinics and medicaid managed care organizations, the
17 authority shall explore longer term, sustainable reimbursement
18 options for the integration of community health workers in primary
19 care to address the health-related social needs of families,
20 including approaches to incorporate federal funding.

30 project. This subsection is subject to the conditions, limitations,
31 and review requirements of section 701 of this act.

32 (45)(a) Sufficient amounts are appropriated in this section for
33 the authority to maintain providing coverage for all federal food and
34 drug administration-approved HIV antiviral drugs without prior
35 authorization.

36 (b) By December 1, 2023, and December 1, 2024, the authority must
37 submit to the fiscal committees of the legislature the projected and
38 actual expenditures and percentage of medicaid clients who switch to

1 a new drug class without prior authorization as described in (a) of
2 this subsection.

3 (46) The authority shall consider evidence-based recommendations
4 from the Oregon health evidence review commission when making
5 coverage decisions for the treatment of pediatric autoimmune

7 and pediatric acute-onset neuropsychiatric syndrome.

8 (47)(a) \$2,113,000 of the general fund—state appropriation for
9 fiscal year 2024 and \$13,684,000 of the general fund—state
10 appropriation for fiscal year 2025 are provided solely for the
11 authority, beginning January 1, 2024, to implement a program within
12 biennial budget period and coverage comparable to the scope of care
13 provided in the categorically needy medicaid program for adult
14 individuals who:

32 and implementation plan provided for under the settlement agreement.
33 This includes implementing provisions related to competency
34 evaluations, competency restoration, crisis diversion and supports,
35 education and training, and workforce development.

36 (4) \$128,769,000 of the general fund—state appropriation for
37 fiscal year 2024 and \$136,206,000 of the general fund—state
38 appropriation for fiscal year 2025 are provided solely for persons

3 services; community inpatient services; and residential care
4 services, including personal care and emergency housing assistance.
5 These amounts must be distributed to behavioral health entities as
6 follows:

7 (a) \$99,711,000 of the general fund—state appropriation for

20 Within the amounts provided in this subsection, the authority shall
21 assure that managed care organizations reimburse the department of
22 social and health services aging and long term support administration
23 for the general fund—state cost of exceptional behavioral health
24 personal care services for medicaid enrolled individuals who require
25 these because of a psychiatric disability. Funding for the federal
26 share of these services is separately appropriated to the department
27 of social and health services. Expenditure of the amounts provided in
28 this subsection for organizations within an exclusive bargaining unit

8 does not exceed the upper-bound of their federally allowable rate
9 range, and provided that the enhanced funding is used only to provide
10 medicaid state plan or waiver services to medicaid clients.
11 Additionally, behavioral health entities may use a portion of the
12 state funds allocated in accordance with subsection (4) of this
13 section to earn additional medicaid match, but only to the extent
14 that the application of such funds to medicaid services does not
15 diminish the level of crisis and commitment, community inpatient,
16 residential care, and outpatient services presently available to
17 persons not eligible for medicaid.

18 (7) \$2,291,000 of the general fund—state appropriation for fiscal

34 specialized expertise in the provision of manualized, evidence-based
35 chemical dependency treatment services for offenders. The department
36 of corrections and the authority must develop a memorandum of
37 understanding for department of corrections offenders on active
38 supervision who are medicaid eligible and meet medical necessity for
39 outpatient substance use disorder treatment. The agreement will
40 ensure that treatment services provided are coordinated, do not

1 result in duplication of services, and maintain access and quality of

3 necessary data, access, and reports to the department of corrections
4 for all department of corrections offenders that receive medicaid
5 paid services.

11 a county is not interested in administering the funds, the authority
12 shall contract with behavioral health entities to administer these
13 funds consistent with the plans approved by local panels pursuant to
14 RCW 71.24.580(5)(b). Funding from the criminal justice treatment
15 account may be used to provide treatment and support services through
16 the conclusion of an individual's treatment plan to individuals
17 participating in a drug court program as of February 24, 2021, if
18 that individual wishes to continue treatment following dismissal of
19 charges they were facing under RCW 69.50.4013(1). Such participation

21 court program requirements.

23 fiscal year 2024, \$40,528,000 of the general fund—state appropriation

26 to make all reasonable efforts to develop or maintain contracts with
27 provider networks that leverage local, federal, or philanthropic
28 funding to enhance effectiveness of medicaid-funded integrated care
29 services. These networks must promote medicaid clients' access to a
30 system of services that addresses additional social support services
31 and social determinants of health as defined in RCW 43.20.025 in a
32 manner that is integrated with the delivery of behavioral health and
33 medical treatment services.

34 (18) \$9,000,000 of the criminal justice treatment account—state
35 appropriation is provided solely for the authority to maintain
36 funding for new therapeutic courts created or expanded during fiscal
37 year 2021, or to maintain the fiscal year 2021 expansion of services
38 being provided to an already existing therapeutic court that engages
39 in evidence-based practices, to include medication assisted treatment

1 in jail settings pursuant to RCW 71.24.580. Funding provided under
2 this subsection shall not supplant existing funds utilized for this
3 purpose.

4 (19) In establishing, re-basing, enhancing, or otherwise updating
5 medicaid rates for behavioral health services, the authority and
6 contracted actuaries shall use a transparent process that provides an
7 opportunity for medicaid managed care organizations, behavioral
8 health administrative service organizations, and behavioral health
9 provider agencies, and their representatives, to review and provide
10 data and feedback on proposed rate changes within their region or
11 regions of service operation. The authority and contracted actuaries
12 shall transparently incorporate the information gained from this
13 process and make adjustments allowable under federal law when
14 appropriate.

15 (20) The authority shall seek input from representatives of the
16 managed care organizations, licensed community behavioral health
17 agencies, and behavioral health administrative service organizations
18 to develop specific metrics related to behavioral health outcomes

28 metrics into an annual reporting structure designed to evaluate the
29 performance of the behavioral health system in the state over time.
30 The authority shall submit a report for the preceding calendar year
31 to the governor and appropriate committees of the legislature on or

26 (iii) Recommendations for whether the pilot models should be
27 expanded statewide; whether modifications should be made to the
28 models to better address gaps in the continuum identified through the
29 pilot sites, whether the models could be expanded to community
30 behavioral health providers, and whether statewide implementation
31 should be achieved through a state plan amendment or some other
32 mechanism for leveraging federal medicaid match; and

33 (iv) Actuarial projections on the statewide need for services

12 annually, plus any necessary reserve auctions. An auction may include
13 allowances from the annual allowance budget of the current year and
14 allowances from the annual allowance budgets from prior years that

26 guarantee; and

27 (d) No registered entity may buy allowances that would exceed the
28 entity's holding limit at the time of the auction.

29 (7)(a) For fiscal year 2023, upon completion and verification of

20 in RCW 70A.65.250 ((and)), except for \$11,000,000 deposited into the
21 air quality and health disparities improvement account created in RCW
22 70A.65.280, which may be prorated equally across each of the auctions
23 occurring in fiscal year 2025.

24 (d) For fiscal years 2026 through 2037, upon completion and

38 disparities improvement account created in RCW 70A.65.280.

39 (f) For fiscal year 2038 and each year thereafter, upon
40 completion and verification of the auction results, the financial

1 services administrator shall notify winning bidders and transfer the

6 and the air quality and health disparities improvement account
7 created in RCW 70A.65.280.

8 (8) The department shall adopt by rule provisions to guard
9 against bidder collusion and minimize the potential for market

11 bidding information including: Intent to participate or refrain from
12 participation; auction approval status; intent to bid; bidding
13 strategy; bid price or bid quantity; or information on the bid
14 guarantee provided to the financial services administrator. The

20 by the department;

21 (c) Violated any part of the auction rules;

26 (3) The allocations specified in subsection (2)(a) and (b) of
27 this section must be reviewed by the legislature on a biennial basis
28 based on the changing needs of the state in meeting its clean economy
29 and greenhouse gas reduction goals in a timely, economically
30 advantageous, and equitable manner.

31 **Sec. 928.** RCW 70A.65.260 and 2022 c 179 s 17 are each amended to
32 read as follows:

33 (1) The climate commitment account is created in the state
34 treasury. The account must receive moneys distributed to the account
35 from the climate investment account created in RCW 70A.65.250. Moneys
36 in the account may be spent only after appropriation. Projects,
37 activities, and programs eligible for funding from the account must

21 efficiency or reduce greenhouse gas emissions of industrial
22 facilities including, but not limited to, proposals to implement
23 combined heat and power, district energy, or on-site renewables, such
24 as solar and wind power, to upgrade the energy efficiency of existing
25 equipment, to reduce process emissions, and to switch to less
26 emissions intensive fuel sources;

27 (f) Programs, activities, or projects that achieve energy
28 efficiency or emissions reductions in the agricultural sector
29 including:

30 (i) Fertilizer management;

31 (ii) Soil management;

32 (iii) Bioenergy;

33 (iv) Biofuels;

34 (v) Grants, rebates, and other financial incentives for
35 agricultural harvesting equipment, heavy-duty trucks, agricultural
36 pump engines, tractors, and other equipment used in agricultural
37 operations;

38 (vi) Grants, loans, or any financial incentives to food
39 processors to implement projects that reduce greenhouse gas
40 emissions;

1 (vii) Renewable energy projects;
2 (viii) Farmworker housing weatherization programs;
3 (ix) Dairy digester research and development;
4 (x) Alternative manure management; and
5 (xi) Eligible fund uses under RCW 89.08.615;
6 (g) Programs, activities, or projects that increase energy
7 efficiency in new and existing buildings, or that promote low carbon
8 architecture, including use of newly emerging alternative building
9 materials that result in a lower carbon footprint in the built
10 environment over the life cycle of the building and component
11 building materials;
12 (h) Programs, activities, or projects that promote the
13 electrification and decarbonization of new and existing buildings,
14 including residential, commercial, and industrial buildings;
15 (i) Programs, activities, or projects that improve energy
16 efficiency, including district energy, and investments in market
17 transformation of high efficiency electric appliances and equipment
18 for space and water heating;
19 (j) Clean energy transition and assistance programs, activities,
20 or projects that assist affected workers or people with lower incomes
21 during the transition to a clean energy economy, or grow and expand
22 clean manufacturing capacity in communities across Washington state
23 including, but not limited to:
24 (i) Programs, activities, or projects that directly improve
25 energy affordability and reduce the energy burden of people with
26 lower incomes, as well as the higher transportation fuel burden of
27 rural residents, such as bill assistance, energy efficiency, and
28 weatherization programs;
29 (ii) Community renewable energy projects that allow qualifying
30 participants to own or receive the benefits of those projects at
31 reduced or no cost;
32 (iii) Programs, activities, or other worker-support projects for
33 bargaining unit and nonsupervisory fossil fuel workers who are
34 affected by the transition away from fossil fuels to a clean energy
35 economy. Worker support may include, but is not limited to: (A) Full
36 wage replacement, health benefits, and pension contributions for
37 every worker within five years of retirement; (B) full wage
38 replacement, health benefits, and pension contributions for every
39 worker with at least one year of service for each year of service up
40 to five years of service; (C) wage insurance for up to five years for

1 workers reemployed who have more than five years of service; (D) up
2 to two years of retraining costs, including tuition and related
3 costs, based on in-state community and technical college costs; (E)
4 peer counseling services during transition; (F) employment placement
5 services, prioritizing employment in the clean energy sector; and (G)
6 relocation expenses;

7 (iv) Direct investment in workforce development, via technical
8 education, community college, institutions of higher education,
9 apprenticeships, and other programs including, but not limited to:

10 (A) Initiatives to develop a forest health workforce established
11 under RCW 76.04.521; and

12 (B) Initiatives to develop new education programs, emerging
13 fields, or jobs pertaining to the clean energy economy;

14 (v) Transportation, municipal service delivery, and technology
15 investments that increase a community's capacity for clean
16 manufacturing, with an emphasis on communities in greatest need of
17 job creation and economic development and potential for commute
18 reduction;

19 (k) Programs, activities, or projects that reduce emissions from
20 landfills and waste-to-energy facilities through diversion of organic
21 materials, methane capture or conversion strategies, installation of
22 gas collection devices and gas control systems, monitoring and
23 reporting of methane emissions, or other means, prioritizing funding
24 needed for any activities by local governments to comply with chapter
25 70A.540 RCW;

26 (l) Carbon dioxide removal projects, programs, and activities;
27 and

28 (m) Activities to support efforts to mitigate and adapt to the
29 effects of climate change affecting Indian tribes, including capital
30 investments in support of the relocation of Indian tribes located in
31 areas at heightened risk due to anticipated sea level rise, flooding,
32 or other disturbances caused by climate change. The legislature
33 intends to dedicate at least \$50,000,000 per biennium from the
34 account for purposes of this subsection.

35 (2) Moneys in the account may not be used for projects or
36 activities that would violate tribal treaty rights or result in
37 significant long-term damage to critical habitat or ecological
38 functions. Investments from this account must result in long-term
39 environmental benefits and increased resilience to the impacts of
40 climate change.

1 (3) During the 2023-2025 fiscal biennium, moneys may be
2 transferred from the climate commitment account to the carbon
3 emissions reduction account and used to fund projects consistent with
4 the allowable uses of the carbon reduction account.

5 **Sec. 929.** RCW 74.46.561 and 2022 c 297 s 966 are each amended to
6 read as follows:

7 (1) The legislature adopts a new system for establishing nursing
8 home payment rates beginning July 1, 2016. Any payments to nursing
9 homes for services provided after June 30, 2016, must be based on the
10 new system. The new system must be designed in such a manner as to
11 decrease administrative complexity associated with the payment
12 methodology, reward nursing homes providing care for high acuity
13 residents, incentivize quality care for residents of nursing homes,
14 and establish minimum staffing standards for direct care.

15 (2) The new system must be based primarily on industry-wide
16 costs, and have three main components: Direct care, indirect care,
17 and capital.

18 (3) The direct care component must include the direct care and
19 therapy care components of the previous system, along with food,
20 laundry, and dietary services. Direct care must be paid at a fixed
21 rate, based on one hundred percent or greater of statewide case mix
22 neutral median costs, but for fiscal year 2023 shall be capped so
23 that a nursing home provider's direct care rate does not exceed 165
24 percent of its base year's direct care allowable costs except if the
25 provider is below the minimum staffing standard established in RCW
26 74.42.360(2). The legislature intends to remove the cap on direct
27 care rates by June 30, 2027. Direct care must be performance-adjusted
28 for acuity every six months, using case mix principles. Direct care
29 must be regionally adjusted using countywide wage index information
30 available through the United States department of labor's bureau of
31 labor statistics. There is no minimum occupancy for direct care. The
32 direct care component rate allocations calculated in accordance with
33 this section must be adjusted to the extent necessary to comply with
34 RCW 74.46.421.

35 (4) The indirect care component must include the elements of
36 administrative expenses, maintenance costs, and housekeeping services
37 from the previous system. A minimum occupancy assumption of ninety
38 percent must be applied to indirect care, except during fiscal year
39 2023 when the minimum occupancy assumption must be 75 percent and

1 except during the 2023-2025 fiscal biennium when the minimum
2 occupancy assumption must be 80 percent. Indirect care must be paid
3 at a fixed rate, based on ninety percent or greater of statewide
4 median costs. The indirect care component rate allocations calculated
5 in accordance with this section must be adjusted to the extent
6 necessary to comply with RCW 74.46.421.

7 (5) The capital component must use a fair market rental system to
8 set a price per bed. The capital component must be adjusted for the
9 age of the facility, and must use a minimum occupancy assumption of
10 ninety percent.

11 (a) Beginning July 1, 2016, the fair rental rate allocation for
12 each facility must be determined by multiplying the allowable nursing
13 home square footage in (c) of this subsection by the RSMeans rental
14 rate in (d) of this subsection and by the number of licensed beds
15 yielding the gross unadjusted building value. An equipment allowance
16 of ten percent must be added to the unadjusted building value. The
17 sum of the unadjusted building value and equipment allowance must
18 then be reduced by the average age of the facility as determined by
19 (e) of this subsection using a depreciation rate of one and one-half
20 percent. The depreciated building and equipment plus land valued at
21 ten percent of the gross unadjusted building value before
22 depreciation must then be multiplied by the rental rate at seven and
23 one-half percent to yield an allowable fair rental value for the
24 land, building, and equipment.

25 (b) The fair rental value determined in (a) of this subsection
26 must be divided by the greater of the actual total facility census
27 from the prior full calendar year or imputed census based on the
28 number of licensed beds at ninety percent occupancy.

29 (c) For the rate year beginning July 1, 2016, all facilities must
30 be reimbursed using four hundred square feet. For the rate year
31 beginning July 1, 2017, allowable nursing facility square footage
32 must be determined using the total nursing facility square footage as
33 reported on the medicaid cost reports submitted to the department in
34 compliance with this chapter. The maximum allowable square feet per
35 bed may not exceed four hundred fifty.

36 (d) Each facility must be paid at eighty-three percent or greater
37 of the median nursing facility RSMeans construction index value per
38 square foot. The department may use updated RSMeans construction
39 index information when more recent square footage data becomes
40 available. The statewide value per square foot must be indexed based

1 on facility zip code by multiplying the statewide value per square
2 foot times the appropriate zip code based index. For the purpose of
3 implementing this section, the value per square foot effective July
4 1, 2016, must be set so that the weighted average fair rental value
5 rate is not less than ten dollars and eighty cents per patient day.
6 The capital component rate allocations calculated in accordance with
7 this section must be adjusted to the extent necessary to comply with
8 RCW 74.46.421.

9 (e) The average age is the actual facility age reduced for
10 significant renovations. Significant renovations are defined as those
11 renovations that exceed two thousand dollars per bed in a calendar
12 year as reported on the annual cost report submitted in accordance
13 with this chapter. For the rate beginning July 1, 2016, the
14 department shall use renovation data back to 1994 as submitted on
15 facility cost reports. Beginning July 1, 2016, facility ages must be
16 reduced in future years if the value of the renovation completed in
17 any year exceeds two thousand dollars times the number of licensed
18 beds. The cost of the renovation must be divided by the accumulated
19 depreciation per bed in the year of the renovation to determine the
20 equivalent number of new replacement beds. The new age for the
21 facility is a weighted average with the replacement bed equivalents
22 reflecting an age of zero and the existing licensed beds, minus the
23 new bed equivalents, reflecting their age in the year of the
24 renovation. At no time may the depreciated age be less than zero or
25 greater than forty-four years.

26 (f) A nursing facility's capital component rate allocation must
27 be rebased annually, effective July 1, 2016, in accordance with this
28 section and this chapter.

29 (g) For the purposes of this subsection (5), "RSMeans" means
30 building construction costs data as published by Gordian.

31 (6) A quality incentive must be offered as a rate enhancement
32 beginning July 1, 2016.

33 (a) An enhancement no larger than five percent and no less than
34 one percent of the statewide average daily rate must be paid to
35 facilities that meet or exceed the standard established for the
36 quality incentive. All providers must have the opportunity to earn
37 the full quality incentive payment.

38 (b) The quality incentive component must be determined by
39 calculating an overall facility quality score composed of four to six
40 quality measures. For fiscal year 2017 there shall be four quality

1 measures, and for fiscal year 2018 there shall be six quality
2 measures. Initially, the quality incentive component must be based on
3 minimum data set quality measures for the percentage of long-stay
4 residents who self-report moderate to severe pain, the percentage of
5 high-risk long-stay residents with pressure ulcers, the percentage of
6 long-stay residents experiencing one or more falls with major injury,
7 and the percentage of long-stay residents with a urinary tract
8 infection. Quality measures must be reviewed on an annual basis by a
9 stakeholder work group established by the department. Upon review,
10 quality measures may be added or changed. The department may risk
11 adjust individual quality measures as it deems appropriate.

12 (c) The facility quality score must be point based, using at a
13 minimum the facility's most recent available three-quarter average
14 centers for medicare and medicaid services quality data. Point
15 thresholds for each quality measure must be established using the
16 corresponding statistical values for the quality measure point
17 determinants of eighty quality measure points, sixty quality measure
18 points, forty quality measure points, and twenty quality measure
19 points, identified in the most recent available five-star quality
20 rating system technical user's guide published by the centers for
21 medicare and medicaid services.

22 (d) Facilities meeting or exceeding the highest performance
23 threshold (top level) for a quality measure receive twenty-five
24 points. Facilities meeting the second highest performance threshold
25 receive twenty points. Facilities meeting the third level of
26 performance threshold receive fifteen points. Facilities in the
27 bottom performance threshold level receive no points. Points from all
28 quality measures must then be summed into a single aggregate quality
29 score for each facility.

30 (e) Facilities receiving an aggregate quality score of eighty
31 percent of the overall available total score or higher must be placed
32 in the highest tier (tier V), facilities receiving an aggregate score
33 of between seventy and seventy-nine percent of the overall available
34 total score must be placed in the second highest tier (tier IV),
35 facilities receiving an aggregate score of between sixty and sixty-
36 nine percent of the overall available total score must be placed in
37 the third highest tier (tier III), facilities receiving an aggregate
38 score of between fifty and fifty-nine percent of the overall
39 available total score must be placed in the fourth highest tier (tier

1 II), and facilities receiving less than fifty percent of the overall
2 available total score must be placed in the lowest tier (tier I).

3 (f) The tier system must be used to determine the amount of each
4 facility's per patient day quality incentive component. The per
5 patient day quality incentive component for tier IV is seventy-five
6 percent of the per patient day quality incentive component for tier
7 V, the per patient day quality incentive component for tier III is
8 fifty percent of the per patient day quality incentive component for
9 tier V, and the per patient day quality incentive component for tier
10 II is twenty-five percent of the per patient day quality incentive
11 component for tier V. Facilities in tier I receive no quality
12 incentive component.

13 (g) Tier system payments must be set in a manner that ensures
14 that the entire biennial appropriation for the quality incentive
15 program is allocated.

16 (h) Facilities with insufficient three-quarter average centers
17 for medicare and medicaid services quality data must be assigned to
18 the tier corresponding to their five-star quality rating. Facilities
19 with a five-star quality rating must be assigned to the highest tier
20 (tier V) and facilities with a one-star quality rating must be
21 assigned to the lowest tier (tier I). The use of a facility's five-
22 star quality rating shall only occur in the case of insufficient
23 centers for medicare and medicaid services minimum data set
24 information.

25 (i) The quality incentive rates must be adjusted semiannually on
26 July 1 and January 1 of each year using, at a minimum, the most
27 recent available three-quarter average centers for medicare and
28 medicaid services quality data.

29 (j) Beginning July 1, 2017, the percentage of short-stay
30 residents who newly received an antipsychotic medication must be
31 added as a quality measure. The department must determine the quality
32 incentive thresholds for this quality measure in a manner consistent
33 with those outlined in (b) through (h) of this subsection using the
34 centers for medicare and medicaid services quality data.

35 (k) Beginning July 1, 2017, the percentage of direct care staff
36 turnover must be added as a quality measure using the centers for
37 medicare and medicaid services' payroll-based journal and nursing
38 home facility payroll data. Turnover is defined as an employee
39 departure. The department must determine the quality incentive
40 thresholds for this quality measure using data from the centers for

1 medicare and medicaid services' payroll-based journal, unless such
2 data is not available, in which case the department shall use direct
3 care staffing turnover data from the most recent medicaid cost
4 report.

5 (7) Reimbursement of the safety net assessment imposed by chapter
6 74.48 RCW and paid in relation to medicaid residents must be
7 continued.

8 (8)(a) The direct care and indirect care components must be
9 rebased in even-numbered years, beginning with rates paid on July 1,
10 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar
11 year cost report. On a percentage basis, after rebasing, the
12 department must confirm that the statewide average daily rate has
13 increased at least as much as the average rate of inflation, as
14 determined by the skilled nursing facility market basket index
15 published by the centers for medicare and medicaid services, or a
16 comparable index. If after rebasing, the percentage increase to the
17 statewide average daily rate is less than the average rate of
18 inflation for the same time period, the department is authorized to
19 increase rates by the difference between the percentage increase
20 after rebasing and the average rate of inflation.

21 (b) It is the intention of the legislature that direct and
22 indirect care rates paid in fiscal year 2022 will be rebased using
23 the calendar year 2019 cost reports. For fiscal year 2021, in
24 addition to the rates generated by (a) of this subsection, an
25 additional adjustment is provided as established in this subsection
26 (8)(b). Beginning May 1, 2020, and through June 30, 2021, the
27 calendar year costs must be adjusted for inflation by a twenty-four
28 month consumer price index, based on the most recently available
29 monthly index for all urban consumers, as published by the bureau of
30 labor statistics. It is also the intent of the legislature that,
31 starting in fiscal year 2022, a facility-specific rate add-on equal
32 to the inflation adjustment that facilities received solely in fiscal
33 year 2021, must be added to the rate. For fiscal year 2024, the
34 direct care and indirect care components shall be rebased to the 2021
35 calendar year cost report.

36 (c) To determine the necessity of regular inflationary
37 adjustments to the nursing facility rates, by December 1, 2020, the
38 department shall provide the appropriate policy and fiscal committees
39 of the legislature with a report that provides a review of rates paid

1 in 2017, 2018, and 2019 in comparison to costs incurred by nursing
2 facilities.

3 (9) The direct care component provided in subsection (3) of this
4 section is subject to the reconciliation and settlement process
5 provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to
6 rules established by the department, funds that are received through
7 the reconciliation and settlement process provided in RCW
8 74.46.022(6) must be used for technical assistance, specialized
9 training, or an increase to the quality enhancement established in
10 subsection (6) of this section. The legislature intends to review the
11 utility of maintaining the reconciliation and settlement process
12 under a price-based payment methodology, and may discontinue the
13 reconciliation and settlement process after the 2017-2019 fiscal
14 biennium.

15 (10) Compared to the rate in effect June 30, 2016, including all
16 cost components and rate add-ons, no facility may receive a rate
17 reduction of more than one percent on July 1, 2016, more than two
18 percent on July 1, 2017, or more than five percent on July 1, 2018.
19 To ensure that the appropriation for nursing homes remains cost
20 neutral, the department is authorized to cap the rate increase for
21 facilities in fiscal years 2017, 2018, and 2019.

22 **Sec. 930.** RCW 79A.25.210 and 2021 c 334 s 997 are each amended
23 to read as follows:

24 The firearms range account is hereby created in the state general
25 fund. Moneys in the account shall be subject to legislative
26 appropriation and shall be used for purchase and development of land,
27 construction or improvement of range facilities, including fixed
28 structure construction or remodeling, equipment purchase, safety or
29 environmental improvements, noise abatement, and liability protection
30 for public and nonprofit firearm range training and practice
31 facilities.

32 Grant funds shall not be used for expendable shooting supplies,
33 or normal operating expenses. In making grants, the board shall give
34 priority to projects for noise abatement or safety improvement. Grant
35 funds shall not supplant funds for other organization programs.

36 The funds will be available to nonprofit shooting organizations,
37 school districts, and state, county, or local governments on a match
38 basis. All entities receiving matching funds must be open on a
39 regular basis and usable by law enforcement personnel or the general

1 public who possess Washington concealed pistol licenses or Washington
2 hunting licenses or who are enrolled in a firearm safety class.

3 Applicants for a grant from the firearms range account shall
4 provide matching funds in either cash or in-kind contributions. The
5 match must represent one dollar in value for each one dollar of the
6 grant except that in the case of a grant for noise abatement or
7 safety improvements the match must represent one dollar in value for
8 each two dollars of the grant. In-kind contributions include but are
9 not limited to labor, materials, and new property. Existing assets
10 and existing development may not apply to the match.

11 Applicants other than school districts or local or state
12 government must be registered as a nonprofit or not-for-profit
13 organization with the Washington secretary of state. The
14 organization's articles of incorporation must contain provisions for
15 the organization's structure, officers, legal address, and registered
16 agent.

17 Organizations requesting grants must provide the hours of range
18 availability for public and law enforcement use. The fee structure
19 will be submitted with the grant application.

20 Any nonprofit organization or agency accepting a grant under this
21 program will be required to pay back the entire grant amount to the
22 firearms range account if the use of the range facility is
23 discontinued less than ten years after the grant is accepted.

24 Entities receiving grants must make the facilities for which
25 grant funding is received open for hunter safety education classes
26 and firearm safety classes on a regular basis for no fee.

27 Government units or school districts applying for grants must
28 open their range facility on a regular basis for hunter safety
29 education classes and firearm safety classes.

30 The board shall adopt rules to implement chapter 195, Laws of
31 1990, pursuant to chapter 34.05 RCW. During the 2017-2019 and
32 2019-2021 fiscal biennia, expenditures from the firearms range
33 account may be used to implement chapter 74, Laws of 2017 (SHB 1100)
34 (concealed pistol licenses) and chapter 282, Laws of 2017 (SB 5268)
35 (concealed pistol license notices). During the 2021-2023 and
36 2023-2025 fiscal (~~biennium~~) biennia, expenditures from the firearms
37 range account may be used to implement chapter 74, Laws of 2017 (SHB
38 1100) (concealed pistol licenses).

1 NEW SECTION. **Sec. 931.** If any provision of this act or its
2 application to any person or circumstance is held invalid, the
3 remainder of the act or the application of the provision to other
4 persons or circumstances is not affected.

5 NEW SECTION. **Sec. 932.** This act is necessary for the immediate
6 preservation of the public peace, health, or safety, or support of
7 the state government and its existing public institutions, and takes
8 effect immediately.
