READ FIRST TIME 01/16/24.

AN ACT Relating to shifting general elections for local governments to even-numbered years to increase voter participation; amending RCW 29A.04.330, 35.17.020, 35.18.270, 35.23.051, 35.27.090, $35.30 .080,35 A .02 .050$, and 3.50 .040 ; and creating a new section.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 1. The legislature finds that participation in local government elections is integral to ensuring that local governments and elected officials accurately represent and are accountable to the communities which they serve. The legislature believes that when there is low voter participation in an election, policy outcomes are more favorable to special interests and less reflective of the needs of the broader community. Over the past eight years, Washington has had a dramatic gap between odd-year and evenyear voter participation: Participation in local elections in oddnumbered years averages around 40.5 percent, while even-numbered year elections average around 80 percent participation, nearly double that of odd-year elections.

Under current law, local governments generally must conduct elections in odd-numbered years that do not coincide with federal or state elections. The legislature believes that holding local government elections in even-numbered years will increase voter
turnout and ensure that a broader cross-section of voters participate in contests for local offices, resulting in local governments that more accurately represent and reflect the desires and needs of their communities. In particular, an increase in voter turnout will ensure that the voices of younger voters, working and low-income families, and people with disabilities are heard. Therefore, to increase voter participation in local elections, the legislature intends to provide local governments the option to conduct local elections in evennumbered years.

Sec. 2. RCW 29A.04.330 and 2015 c 146 s 2 are each amended to read as follows:
(1) All city, town, and district general elections shall be held throughout the state of Washington on the first Tuesday following the first Monday in November in the odd-numbered years, except as provided in subsection (6) of this section.

This section shall not apply to:
(a) Elections for the recall of any elective public officer;
(b) Public utility districts, conservation districts, or district elections at which the ownership of property within those districts is a prerequisite to voting, all of which elections shall be held at the times prescribed in the laws specifically applicable thereto;
(c) Consolidation proposals as provided for in RCW 28A.315.235 and nonhigh capital fund aid proposals as provided for in chapter 28A. 540 RCW; and
(d) Special flood control districts consisting of three or more counties.
(2) The county auditor, as ex officio supervisor of elections, upon request in the form of a resolution of the governing body of a city, town, or district, presented to the auditor prior to the proposed election date, shall call a special election in such city, town, or district, and for the purpose of such special election he or she may combine, unite, or divide precincts. Such a special election shall be held on one of the following dates as decided by the governing body:
(a) The second Tuesday in February;
(b) The fourth Tuesday in April;
(c) The day of the primary election as specified by RCW 29A.04.311; or
(d) The first Tuesday after the first Monday in November.
(3) A resolution calling for a special election on a date set forth in subsection (2) (a) and (b) of this section must be presented to the county auditor at least sixty days prior to the election date. A resolution calling for a special election on a date set forth in subsection (2)(c) of this section must be presented to the county auditor no later than the Friday immediately before the first day of regular candidate filing. A resolution calling for a special election on a date set forth in subsection (2) (d) of this section must be presented to the county auditor no later than the day of the primary.
(4) In addition to subsection (2) (a) through (d) of this section, a special election to validate an excess levy or bond issue may be called at any time to meet the needs resulting from fire, flood, earthquake, or other act of God, except that no special election may be held between the first day for candidates to file for public office and the last day to certify the returns of the general election other than as provided in subsection (2) (c) and (d) of this section. Such special election shall be conducted and notice thereof given in the manner provided by law.
(5) This section shall supersede the provisions of any and all other statutes, whether general or special in nature, having different dates for such city, town, and district elections, the purpose of this section being to establish mandatory dates for holding elections, with the exception of subsection (6) of this section.
(6) A city, town, or special purpose district that holds its elections under this title may choose to hold its regular elections in even-numbered years by providing notice to the county or counties in which it is located following adoption of an ordinance or policy, or approval by the voters of an ordinance or charter amendment referred by its legislative body.
(a) A city, town, or special purpose district moving its regular elections to even-numbered years through adoption of an ordinance or policy by its legislative body must hold two public hearings not less than 30 days apart to consider public input. A vote on final adoption of the ordinance or policy may be taken only after at least 30 days have elapsed since the date on which the second of the two public hearings was held.
(b) A city, town, or special purpose district moving its regular elections to even-numbered years must transition from odd-numbered to even-numbered years by electing each position to one term that is one
year shorter in duration than provided by law. After conclusion of that term, beginning in an even-numbered year, elections for positions must be for their prescribed term lengths. For special purpose districts, this subsection shall supersede any conflicting provisions regarding term lengths in statutes governing the district.
(c) A city, town, or special purpose district that chooses to hold its elections in even-numbered years must do so for all elected positions in the jurisdiction.
(d) An ordinance, charter amendment, or policy adopted by the legislative body or qualified electors of a city, town, or special purpose district to switch its elections to even-numbered years is not revocable.
(e) An ordinance, charter amendment, or policy must be adopted by January 15th of an odd-numbered year for the city, town, or special purpose district to begin transition under (b) of this subsection in that calendar year.

Sec. 3. RCW 35.17.020 and 2013 c 11 s 87 are each amended to read as follows:
(1) All regular elections in cities organized under the statutory commission form of government shall be held quadrennially in the oddnumbered years on the dates provided in RCW 29A.04.330, except for cities that are moving or have moved their regular elections to evennumbered years under RCW 29A.04.330. ( (However, after commissioners zre eleced at the next general election ocurring in 1995-or 1997, regular elections in cities organized under a statutory commission form of government shall be held biennially at municipal general elections.) )
(2) The commissioners shall be nominated and elected at large. Their terms shall be for four years, unless the city is transitioning its regular elections to even-numbered years as provided by RCW 29A.04.330, and until their successors are elected and qualified and assume office in accordance with RCW 29A.60.280. However, at the next regular election of a city organized under a statutory commission form of government, the terms of office of commissioners shall occur with the person who is elected as a commissioner receiving the least number of votes being elected to a two-year term of office and the other two persons who are elected being elected to four-year terms of office. Thereafter, commissioners shall be elected to four-year terms of office.
(3) Vacancies on a commission shall occur and shall be filled as provided in chapter 42.12 RCW.

Sec. 4. RCW 35.18 .270 and 1994 c 223 s 13 are each amended to read as follows:

If the majority of the votes cast at a special election for organization on the council-manager plan favor the plan, the city or town shall elect the council required under the council-manager plan in number according to its population at the next municipal general election. However, special elections shall be held to nominate and elect the new city councilmembers at the next primary and general election held in an even-numbered year if the next municipal general election is more than one year after the date of the election at which the voters approved the council-manager plan, unless the city or town is moving or has moved its regularly scheduled elections to even-numbered years as provided by RCW 29A.04.330, in which case it shall hold reqular elections rather than special elections. The staggering of terms of office shall occur at the election when the new councilmembers are elected, where the simple majority of the persons elected as councilmembers receiving the greatest numbers of votes shall be elected to four-year terms of office if the election is held in an odd-numbered year, or three-year terms of office if the election is a special election held in an even-numbered year, and the remainder of the persons elected as councilmembers shall be elected to two-year terms of office if the election is held in an oddnumbered year, or one-year terms of office if the election is a special election held in an even-numbered year. The initial councilmembers shall take office immediately when they are elected and qualified, but the lengths of their terms of office shall be calculated from the first day in January in the year following the election.

Sec. 5. RCW 35.23.051 and 2019 c 454 s 5 are each amended to read as follows:

General municipal elections in second-class cities shall be held biennially in the odd-numbered years and shall be subject to general election law, unless a second-class city is moving or has moved its general municipal elections to even-numbered years under the process provided for in RCW 29A.04.330.

The terms of office of the mayor, city attorney, clerk, and treasurer shall be four years and until their successors are elected and qualified and assume office in accordance with RCW 29A.60.280 unless the second-class city is transitioning its general municipal elections to even-numbered years as provided by RCW 29A.04.330: PROVIDED, That if the offices of city attorney, clerk, and treasurer are made appointive, the city attorney, clerk, and treasurer shall not be appointed for a definite term: PROVIDED FURTHER, That the term of the elected treasurer shall not commence in the same biennium in which the term of the mayor commences, nor in which the terms of the city attorney and clerk commence if they are elected.

Council positions shall be numbered in each second-class city so that council position seven has a two-year term of office and council positions one through six shall each have four-year terms of office. Each councilmember shall remain in office until a successor is elected and qualified and assumes office in accordance with RCW 29A. 60.280 .

In its discretion the council of a second-class city may divide the city by ordinance, into a convenient number of wards, not exceeding six, fix the boundaries of the wards, and change the ward boundaries from time to time and as provided in RCW 29A.76.010. No change in the boundaries of any ward shall be made within one hundred twenty days next before the date of a general municipal election, nor within twenty months after the wards have been established or altered unless pursuant to RCW 29A.92.040 or 29A.92.110. However, if a boundary change results in one ward being represented by more councilmembers than the number to which it is entitled, those having the shortest unexpired terms shall be assigned by the council to wards where there is a vacancy, and the councilmembers so assigned shall be deemed to be residents of the wards to which they are assigned for purposes of determining whether those positions are vacant.

Whenever such city is so divided into wards, the city council shall designate by ordinance the number of councilmembers to be elected from each ward, apportioning the same in proportion to the population of the wards. Thereafter the councilmembers so designated shall be elected by the voters resident in such ward, or by general vote of the whole city as may be designated in such ordinance. Council position seven shall not be associated with a ward and the person elected to that position may reside anywhere in the city and
voters throughout the city may vote at a primary to nominate candidates for position seven, when a primary is necessary, and at a general election to elect the person to council position seven. Additional territory that is added to the city shall, by act of the council, be annexed to contiguous wards without affecting the right to redistrict at the expiration of twenty months after last previous division. The removal of a councilmember from the ward for which he or she was elected shall create a vacancy in such office.

Wards shall be redrawn as provided in chapter 29A. 76 RCW. Wards shall be used as follows: (1) Only a resident of the ward may be a candidate for, or hold office as, a councilmember of the ward; and (2) only voters of the ward may vote at a primary to nominate candidates for a councilmember of the ward. Voters of the entire city may vote at the general election to elect a councilmember of a ward, unless the city had prior to January 1, 1994, limited the voting in the general election for any or all council positions to only voters residing within the ward associated with the council positions. If a city had so limited the voting in the general election to only voters residing within the ward, then the city shall be authorized to continue to do so. The elections for the remaining council position or council positions that are not associated with a ward shall be conducted as if the wards did not exist.

Sec. 6. RCW 35.27 .090 and 2009 c 549 s 2056 are each amended to read as follows:

All general municipal elections in towns shall be held biennially in the odd-numbered years as provided in RCW 29A.04.330, except in towns that are moving or have moved their regular elections to evennumbered years under RCW 29A.04.330. The term of office of the mayor and treasurer shall be four years and until their successors are elected and qualified and assume office in accordance with RCW ((Z9A.20.040)) 29A. 60.280, unless the town is transitioning its general municipal elections to even-numbered years as provided by RCW 29A.04.330: PROVIDED, That the term of the treasurer shall not commence in the same biennium in which the term of the mayor commences.
