Chief Clerk

FILED

**Secretary of State
State of Washington**

SUBSTITUTE HOUSE BILL 1784

Passed Legislature - 2023 Regular Session

State of Washington 68th Legislature 2023 Regular Session

By House Appropriations (originally sponsored by Representatives Gregerson, Ormsby, Duerr, Alvarado, Berry, Ryu, Bergquist, Peterson, Berg, Chapman, Mena, Lekanoff, Senn, Thai, Leavitt, Santos, Callan, Macri, Fosse, Riccelli, Doglio, Kloba, Timmons, Ramel, Bateman, and Pollet)

READ FIRST TIME 02/17/23.

1 AN ACT Relating to addressing hunger relief; creating new
2 sections; making appropriations; and declaring an emergency.

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

4 NEW SECTION. **Sec. 1.** Appropriations in this act are for the
5 fiscal biennium ending June 30, 2023.

6 NEW SECTION. **Sec. 2.** The legislature recognizes that food
7 insecurity has many negative impacts on health and well-being.
8 Throughout the COVID-19 pandemic, the legislature has prioritized
9 meeting people's basic needs, including investing in getting fresh
10 food from Washington farmers to families, expanding the community
11 eligibility provision so thousands of low-income students can enjoy
12 healthy nutritious meals, providing additional funding for seniors to
13 spend at local farmers markets, and supporting the emergency food
14 system.

15 The legislature finds that even prior to the COVID-19 pandemic,
16 one in 10 Washington households were food insecure. Food insecurity
17 rates rose when the pandemic began and have remained high, especially
18 for those with very low incomes, Black and Hispanic households,
19 families with children, young adults, and military veterans.

1 The legislature further finds that the cost of food and fuel has
2 increased significantly in the past year. Supply challenges and food
3 prices affect consumers and businesses alike, and this is
4 simultaneously affecting low-income people and the emergency food
5 system that is intended to respond to rising need.

6 The legislature further finds that many of the worst impacts of
7 high food prices and economic instability have been avoided by
8 increased federal support for the basic food program. Recent
9 congressional action ends additional emergency allotments to basic
10 food after February 2023, resulting in a loss of \$93 million per
11 month in federal food assistance to Washington households living at
12 or below the federal poverty line. Low-income households most likely
13 to experience the largest loss of basic food benefits are seniors,
14 people with disabilities, families with children, and single adult
15 men.

16 The legislature intends to provide support to people who are most
17 impacted by the loss of basic food, from young children to seniors.
18 This includes providing funding to support food banks to provide
19 emergency food supplies to families, increases in the fruit and
20 vegetable incentive program that helps families stretch their basic
21 food dollars further, and senior nutrition programs that provide
22 meals to people who might otherwise go hungry.

23 NEW SECTION. **Sec. 3. FOR THE DEPARTMENT OF AGRICULTURE—FOOD**
24 **ASSISTANCE PROGRAM**

25	General Fund—State Appropriation (FY 2023)	\$20,000,000
26	TOTAL APPROPRIATION.	\$20,000,000

27 The appropriation in this section is subject to the following
28 conditions and limitations: \$20,000,000 of the general fund—state
29 appropriation for fiscal year 2023 is provided solely for the
30 department to provide grants to hunger relief organizations to
31 achieve food security within the state such as the purchase of food
32 and supplies; investment in storage capacity; management of
33 operations, facilities, employees, and volunteers; conducting social
34 service outreach to food recipients; or conducting any other activity
35 that is necessary to help achieve food security for the public.

36 NEW SECTION. **Sec. 4. FOR THE DEPARTMENT OF HEALTH**

37	General Fund—State Appropriation (FY 2023)	\$2,000,000
----	--	-------------

1 TOTAL APPROPRIATION. \$2,000,000

2 The appropriation in this section is subject to the following
3 conditions and limitations: \$2,000,000 of the general fund—state
4 appropriation for fiscal year 2023 is provided solely for the fruit
5 and vegetable incentives program.

6 NEW SECTION. **Sec. 5. FOR THE DEPARTMENT OF SOCIAL AND HEALTH**
7 **SERVICES—AGING AND ADULT SERVICES PROGRAM**

8 General Fund—State Appropriation (FY 2023) \$6,000,000

9 TOTAL APPROPRIATION. \$6,000,000

10 The appropriation in this section is subject to the following
11 conditions and limitations: The appropriation in this section is
12 provided solely for senior nutrition services programs operated by
13 area agencies on aging to provide nutrition services for seniors,
14 prioritizing services for those who have been most impacted by the
15 loss of federal resources under the supplemental nutrition assistance
16 program that were provided during the COVID-19 pandemic. The funding
17 may also be used for outreach activities to target the populations
18 most impacted.

19 NEW SECTION. **Sec. 6.** If any part of this act is found to be in
20 conflict with federal requirements that are a prescribed condition to
21 the allocation of federal funds to the state, the conflicting part of
22 this act is inoperative solely to the extent of the conflict and with
23 respect to the agencies directly affected, and this finding does not
24 affect the operation of the remainder of this act in its application
25 to the agencies concerned. Rules adopted under this act must meet
26 federal requirements that are a necessary condition to the receipt of
27 federal funds by the state.

28 NEW SECTION. **Sec. 7.** This act is necessary for the immediate
29 preservation of the public peace, health, or safety, or support of
30 the state government and its existing public institutions, and takes
31 effect immediately.

--- END ---
