15 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

16

**PART 1**

17

**GENERAL GOVERNMENT**

18           **Sec. 1001.** 2023 c 474 s 1007 (uncodified) is amended to read as  
19 follows:

20 **FOR THE DEPARTMENT OF COMMERCE**

1 2023-25 Energy Retrofits and Solar Power for Public Buildings  
2 (40000283)

3 The appropriation in this section is subject to the following  
4 conditions and limitations:

5 (1) (~~(\$22,500,000)~~) \$14,500,000 of the appropriation in this  
6 section is provided solely for grants to local governments, public  
7 higher education institutions, school districts, tribal governments,  
8 and state agencies for improvements to facilities and related  
9 projects that result in energy and operational cost savings.

10 (a) At least 20 percent of each competitive grant round is  
11 designated for award to eligible projects in small cities or towns  
12 with a population of 5,000 or fewer residents.

13 (b) In each competitive round, a higher energy savings to  
14 investment ratio must result in a higher project ranking. Priority  
15 consideration must be given to applicants that have not received  
16 grant awards for this purpose in prior biennia.

17 (c) The department must determine a minimum match ratio to  
18 maximize the leverage of nonstate funds.

19 (2) \$22,500,000 of the appropriation in this section is provided  
20 solely for grants to be awarded in competitive rounds to local  
21 governments, public higher education institutions, school districts,  
22 tribal governments, and state agencies for projects that involve the  
23 purchase and installation of solar energy systems, including solar  
24 modules and inverters, with a preference for products manufactured in  
25 Washington.

26 (a) At least 20 percent of each competitive grant round is  
27 designated for award to eligible projects in small cities or towns  
28 with a population of 5,000 or fewer residents.

29 (b) In each competitive round, a higher energy savings to  
30 investment ratio must result in a higher project ranking. Priority  
31 consideration must be given to applicants that have not received  
32 grant awards for this purpose in prior biennia.

33 (c) The department must determine a minimum match ratio to  
34 maximize the leverage of nonstate funds.

35 (3) \$5,000,000 of the appropriation in this section is provided  
36 solely for the energy efficiency and environmental performance  
37 improvements to minor works, stand-alone, and emergency projects at  
38 facilities owned by agencies that repair or replace existing building  
39 systems and reduce greenhouse gas emissions from state operations,

1 including, but not limited to, HVAC, lighting, insulation, windows,  
2 and other mechanical systems. Eligibility for this funding is  
3 dependent on an analysis using the office of financial management's  
4 life-cycle cost tool that compares project design alternatives for  
5 initial and long-term cost-effectiveness. Assuming a reasonable  
6 return on investment, the department shall provide grants in the  
7 amount required to improve the project's energy efficiency compared  
8 to the original project request.

9 (4) \$4,000,000 of the appropriation in this section is provided  
10 solely for the Washington state association of counties to provide  
11 funding for energy audits on county-owned tier 1 and tier 2 covered  
12 buildings and collect and manage data on the costs for counties to  
13 comply with the requirements of RCW 19.27A.210 and 19.27A.250.

14 (a) The Washington state association of counties may award grants  
15 to counties with qualifying buildings to assess current energy  
16 performance and determine the approximate costs of facility and  
17 system upgrades to meet state energy performance standards in chapter  
18 19.27A RCW.

19 (b) The Washington state association of counties shall submit to  
20 the appropriate committees of the legislature no later than December  
21 31, 2025, a report detailing the current energy performance of each  
22 county-owned tier 1 and tier 2 building for which an energy audit was  
23 completed with the funding provided in this subsection (4), and an  
24 estimate of the costs for bringing each building into compliance with  
25 the state energy performance standards in chapter 19.27 RCW.

26 (c) Up to 12 percent of the amount of the grants awarded in (a)  
27 of this subsection may be retained by the Washington state  
28 association of counties for administrative costs.

29 (5) \$4,000,000 of the appropriation in this section is provided  
30 solely for the association of Washington cities to provide funding  
31 for energy audits on city-owned tier 1 and tier 2 covered buildings  
32 and collect and manage data on the costs for cities to comply with  
33 the requirements of RCW 19.27A.210 and 19.27A.250.

34 (a) The association of Washington cities may award grants to  
35 cities with qualifying buildings to assess current energy performance  
36 and determine the approximate costs of facility and system upgrades  
37 to meet state energy performance standards in chapter 19.27A RCW.

38 (b) The association of Washington cities shall submit to the  
39 appropriate committees of the legislature no later than December 31,  
40 2025, a report detailing the current energy performance of each city-

1 owned tier 1 and tier 2 building for which an energy audit was  
2 completed with the funding provided in this subsection (5), and an  
3 estimate of the costs for bringing each building into compliance with  
4 the state energy performance standards in chapter 19.27 RCW.

5 (c) Up to 12 percent of the amount of the grants awarded in (a)  
6 of this subsection may be retained by the association of Washington  
7 cities for administrative costs.

8 (6) The department shall develop metrics that indicate the  
9 performance of energy efficiency efforts.

10 ~~((+5))~~ (7) If a grant is provided in subsection (1) or (3) of  
11 this section to purchase heating devices or systems, the agency must,  
12 whenever possible and most cost effective, select devices and systems  
13 that do not use fossil fuels.

14 ~~((+6))~~ (8) Grants provided in subsections (1) ~~(, (2), and (3))~~  
15 through (5) of this section to state agencies are exempt from the  
16 match requirements in this section.

19	Prior Biennia (Expenditures). . . . .	\$0
20	Future Biennia (Projected Costs). . . . .	\$200,000,000
21	TOTAL. . . . .	\$250,000,000

22 **Sec. 1002.** 2023 c 474 s 1011 (uncodified) is amended to read as  
23 follows:

24 **FOR THE DEPARTMENT OF COMMERCE**

25 Pacific Tower Capital Improvements (40000287)

26 Appropriation:

27	State Building Construction Account—State. . . . .	<del>(\$6,464,000)</del>
28		<u>\$6,587,000</u>
29	Prior Biennia (Expenditures). . . . .	\$0

31	TOTAL. . . . .	<del>(\$12,525,000)</del>
32		<u>\$12,648,000</u>

33 **Sec. 1003.** 2023 c 474 s 1013 (uncodified) is amended to read as  
34 follows:

35 **FOR THE DEPARTMENT OF COMMERCE**

1           2023-25    Broadband    Infrastructure    Federal    Match    Projects  
2    (40000290)

3           The appropriations in this section are subject to the following  
4    conditions and limitations:

5           (1) (a) \$50,000,000 of the state building construction account—  
6    state appropriation in this section is provided solely as match for  
7    federal authority allocated under this section and section 7017 of  
8    this act for the statewide broadband office to administer the  
9    broadband equity, access, and deployment state grants program in  
10   section 60102 of P.L. 117-58 (infrastructure investment and jobs  
11   act). Expenditure of the amount in this subsection is contingent on  
12   the receipt of this grant funding.

13          (b) To the extent permitted by federal law, the office shall  
14   provide state match only for projects where the lead applicant is a  
15   public entity.

16          (c) The legislature intends to provide sufficient funds to match  
17   federal funds available during the 2025-2027 fiscal biennium.

18          (2) In addition to scoring and weighting criteria established  
19   pursuant to the federal broadband equity, access, and deployment  
20   program, the state broadband office must establish additional  
21   secondary selection criteria, including, but not limited to, criteria  
22   that give weight to projects that:

23          (a) Provide open-access wholesale last-mile broadband service for  
24   the useful life of the subsidized networks on fair, equal, and  
25   neutral terms to all potential retail providers; and

26          (b) Demonstrate support from the local government or any tribal  
27   government with oversight over the location or locations to be  
28   served.

29          (3) The statewide broadband office must include, in the five-year  
30   action plan developed using initial planning funds from the broadband  
31   equity, access, and deployment program funded under P.L. 117-58  
32   (infrastructure investment and jobs act):

33          (a) Consideration of broadband infrastructure projects that use  
34   wireless technology in order to expand access at the lowest cost to  
35   the most unserved or underserved residents; and

36          (b) Steps the office will take to promote: The use of existing  
37   infrastructure; dig-once policies; streamlined permitting processes;  
38   and cost-effective access to poles, conduits, easements, and rights-

1 of-way. To the extent permitted under federal law, the office must  
2 consider creating a pool of grant funds dedicated to pole costs.

3 (4) \$300,000 of the general fund—federal appropriation provided  
4 in this section is for a staff position dedicated to advising the  
5 statewide broadband office on the availability and feasibility of  
6 deploying new and emerging technologies in broadband internet  
7 service.

8 Appropriation:

9	General Fund—Federal. . . . .	(( <del>\$150,000,000</del> ))
10		<u>\$245,560,000</u>
11	State Building Construction Account—State. . . . .	\$50,000,000
12	Subtotal Appropriation. . . . .	(( <del>\$200,000,000</del> ))
13		<u>\$295,560,000</u>
14	Prior Biennia (Expenditures). . . . .	\$0
15	Future Biennia (Projected Costs). . . . .	(( <del>\$150,000,000</del> ))
16		<u>\$1,132,194,000</u>
17	TOTAL. . . . .	(( <del>\$350,000,000</del> ))
18		<u>\$1,427,754,000</u>

19 **Sec. 1004.** 2023 c 474 s 1017 (uncodified) is amended to read as  
20 follows:

21 **FOR THE DEPARTMENT OF COMMERCE**

22 2023-25 Clean Energy Fund Program (40000294)

23 The appropriation in this section is subject to the following  
24 conditions and limitations:

25 (1)(a) \$500,000 of the appropriation in this section is provided  
26 solely for the department to convene a work group to:

27 (i) Analyze the financial investments required for owners of tier  
28 1 covered buildings to comply with the state energy performance  
29 standard under RCW 19.27A.210; and

30 (ii) Make recommendations to the legislature to assist building  
31 owners in attaining compliance, which must include, but are not  
32 limited to:

33 (A) Identifying energy efficiency investments or other strategies  
34 and related timelines for increasing energy efficiency in the  
35 buildings sector;

1 (B) Providing a cost-benefit analysis of options, including  
2 energy efficiency, to meet the goal of reducing greenhouse gas  
3 emissions from the buildings sector; and

4 (C) Recommendations to balance financial investments while  
5 maximizing clean energy benefits for the state, including statutory  
6 changes that may be necessary for this purpose.

7 (b) The work group membership convened under this section must  
8 include, but is not limited to: One representative of the office of  
9 the superintendent of public instruction; one representative of a  
10 K-12 maintenance and operation administrators association; one  
11 representative of each of the state's public four-year institutions  
12 of higher education; one representative of the state board for  
13 community and technical colleges; one representative of the  
14 department of social and health services; one representative of the  
15 department of corrections; one representative of the department of  
16 enterprise services; one representative of a health care  
17 organization; one representative from a local government; one  
18 representative from an organization representing privately owned tier  
19 1 covered buildings; one representative from a business specializing  
20 in performance contracting for energy services; one representative  
21 from a nonprofit specializing in clean energy; and two  
22 representatives of a national association for industrial and office  
23 parks.

24 (c) The department must submit to the appropriate committees of  
25 the legislature:

26 (i) Analysis of financial investments as required by this section  
27 by December 15, 2023; and

28 (ii) A final report with recommendations as required by this  
29 section by September 1, 2024.

30 (2) Except as provided in subsections (1) and (13) of this  
31 section, the appropriation in this section is provided solely for  
32 competitive grants to eligible entities for predevelopment, design,  
33 and construction of projects that provide a public benefit through  
34 research, development, demonstration, or deployment of clean energy  
35 technologies that save energy and reduce energy costs, reduce harmful  
36 air emissions, or increase energy independence for the state.  
37 Priority must be given to projects that benefit vulnerable  
38 populations and overburdened communities, including tribes.

39 (3) Entities eligible for grant funding under this section  
40 include local governments, federally recognized tribal governments

1 and tribes' contracted service providers, public and private  
2 utilities that serve retail customers in the state, for-profit  
3 entities, research institutions, nonprofit organizations, and state  
4 agencies.

5 (4) To be eligible, a project must be consistent with the state  
6 energy strategy adopted under chapter 43.21F RCW and policies under  
7 chapter 19.405 RCW. To the extent practicable, the department must  
8 prioritize projects that build upon Washington's strengths in  
9 aerospace, maritime, information and communications technology, grid  
10 modernization, advanced materials, and decarbonizing the built  
11 environment.

12 (5) The department must invite stakeholders to participate in the  
13 design and implementation of grant programs funded under this  
14 section. The department must consider equity and environmental  
15 justice when developing the program structure and opportunities for  
16 applicant participation.

17 (6) When soliciting and evaluating proposals, awarding contracts,  
18 and monitoring projects under this section, the department must:

19 (a) Ensure that competitive processes, rather than sole source  
20 contracting processes, are used to select all projects, except as  
21 otherwise noted in this section;

22 (b) Ensure that a public benefit results from the use of public  
23 funds through due diligence and monitoring of contracted projects,  
24 including ensuring compliance with all applicable laws related to the  
25 project selection process, project monitoring, and contracting; and

26 (c) Prioritize projects for funding that leverage the greatest  
27 amount of matching funds, such as local levy funding.

28 (7)(a) The department must require project applicants to:

29 (i) Disclose all sources of public funding invested in a project;  
30 and

31 (ii) Identify by name any former or current state of Washington  
32 employees employed by the applicant or its governing body in the 24  
33 months preceding the application submittal. The identification must  
34 include the person's separation date and job title or position held.  
35 If the department determines that a conflict of interest or other  
36 violation of chapter 42.52 RCW exists, the application must be  
37 disqualified from further consideration.

38 (b) If, after a grant has been awarded, the department finds that  
39 a grantee has violated chapter 42.52 RCW, either in procuring or  
40 performing under the grant, the department in its sole discretion may

1 terminate the grant funding by written notice. If the grant is  
2 terminated, the department must reserve its right to pursue all  
3 available remedies under law to address the violation.

4 (8) The department must specify the requirements in subsections  
5 (6) and (7) of this section in funding contracts entered into by the  
6 department under this section.

7 (9) \$10,000,000 of the appropriation in this section is provided  
8 solely for grants to tribes for clean energy development projects.  
9 Eligible uses of grant funding include planning, predesign, design,  
10 construction, project predevelopment, and deployment of clean energy  
11 projects that contribute to achieving the state's greenhouse gas  
12 emissions reduction goals and related policies. The department must  
13 collaborate with tribes in the design and development of this grant  
14 program.

15 (10) \$10,000,000 of the appropriation in this section is provided  
16 solely for state match for federal funding that aligns with  
17 subsection (2) of this section and accelerates meeting state clean  
18 energy and climate goals. Funding may be used to match federal grants  
19 to the state or nonstate entities for clean energy research,  
20 development, and demonstration projects.

21 (11) (~~(\$12,000,000)~~) (a) \$10,500,000 of the appropriation in the  
22 section is provided solely for grants for strategic research,  
23 development, and demonstration of new and emerging clean energy  
24 generation and storage technologies and climate change mitigation  
25 technologies, including greenhouse gas removal. Grants awarded under  
26 this subsection must reduce reliance on fossil fuels, reduce risk of  
27 irregularities in power supply, offer opportunities for economic and  
28 job growth, and strengthen technology supply chains. Grant funds are  
29 intended to catalyze diverse new technologies that change production,  
30 use, storage, and transportation of energy. The department may  
31 provide funding to projects at various stages of readiness, including  
32 early-stage research, pilot and demonstration projects, and dual use  
33 projects that produce clean energy and additional benefits.

34 (b) \$1,500,000 of the appropriation in this section is provided  
35 solely to support proof-of-concept development of biogenic carbon  
36 dioxide electrolysis, a chemical technology process that utilizes  
37 water, electricity, and biogenic CO2 as inputs, and produces carbon  
38 monoxide as an output to be utilized for the production or  
39 manufacture of sustainable aviation fuel.

1 (12) \$20,000,000 of the appropriation in this section is provided  
2 solely for grants for electrical grid integration and innovation  
3 projects. To be eligible, a project must develop and demonstrate  
4 distributed energy resources, as defined in RCW 19.405.020, and  
5 nonwire alternatives that advance community resilience, support  
6 implementation of demand response and sustainable microgrids, improve  
7 integration of renewable energy and energy storage, and accelerate  
8 beneficial load integration and demand management for building  
9 electrification, equipment electrification, and electric vehicle  
10 charging.

11 (13) \$7,500,000 of the appropriation in this section is provided  
12 solely to support regional energy analytics capability at Pacific  
13 Northwest national laboratory.

14 (14) The department must strive to allocate all of the amounts  
15 appropriated in this section within the 2023-2025 fiscal biennium in  
16 the manner prescribed in each subsection. However, no sooner than  
17 January 1, 2024, if upon review of applications the department  
18 determines there are not adequate suitable projects in a category,  
19 the department may reallocate funding among the purposes of  
20 subsections (9) through (12) of this section. Beginning January 1,  
21 2024, the department must provide quarterly notice of any funding  
22 reallocations to the appropriate fiscal committees of the  
23 legislature.

24 Appropriation:

25	Climate Commitment Account—State. . . . .	\$60,000,000
26	Prior Biennia (Expenditures). . . . .	\$0
27	Future Biennia (Projected Costs). . . . .	\$240,000,000
28	TOTAL. . . . .	\$300,000,000

29 **Sec. 1005.** 2023 c 474 s 1020 (uncodified) is amended to read as  
30 follows:

31 **FOR THE DEPARTMENT OF COMMERCE**

32 2023-25 Housing Trust Fund (40000295)

33 The appropriations in this section are subject to the following  
34 conditions and limitations:

35 (1) (~~(\$163,663,000)~~) \$188,816,000 of the state taxable building  
36 construction account—state appropriation (~~(is)~~) and \$364,000 of the  
37 capital community assistance account—state appropriation are provided

1 solely for the new construction, acquisition, or rehabilitation of  
2 affordable housing projects that serve and benefit low-income and  
3 special needs populations including, but not limited to, people with  
4 chronic mental illness or behavioral health conditions, farmworkers,  
5 people who are homeless, and people in need of permanent supportive  
6 housing. The department shall strive to invest at least 20 percent of  
7 the appropriation provided under this subsection with by and for  
8 organizations, as defined by the office of equity.

9 (2) (~~(\$25,000,000)~~) \$36,500,000 of the state taxable building  
10 construction account—state appropriation (~~(is)~~) and \$8,500,000 of the  
11 Washington housing trust account—state appropriation are provided  
12 solely for affordable housing projects that serve and benefit low-  
13 income people with developmental or intellectual disabilities. The  
14 department must use a separate application form and evaluation  
15 criteria for applications under this subsection. The department must  
16 coordinate with the department of social and health services  
17 regarding any needed supportive services and make efforts to enact  
18 the recommendations of the housing needs study for individuals with  
19 intellectual and developmental disabilities, as provided in section  
20 1068(6), chapter 332, Laws of 2021.

21 (3) \$100,000,000 of the state taxable building construction  
22 account—state appropriation is provided solely for the apple health  
23 and homes rapid permanent supportive housing program created in  
24 chapter 216, Laws of 2022. Of the amounts provided in this  
25 subsection, \$5,000,000 is provided solely for the St. Agnes Haven  
26 project in Spokane.

27 (4) (~~(\$40,000,000)~~) \$60,000,000 of the state building  
28 construction account—state appropriation is provided solely for  
29 awards to organizations eligible under RCW 43.185A.040 for the  
30 development of homeownership projects affordable to first-time low-  
31 income households throughout the state. Projects serving homebuyers  
32 whose income is up to 80 percent of the area median income, adjusted  
33 for household size, for the county where the property is located are  
34 eligible to apply, except that projects located in rural areas of the  
35 state, as defined by the department, serving homebuyers whose income  
36 is up to 100 percent of the area median income, adjusted for  
37 household size, for the county where the property is located are  
38 eligible to apply. Eligible activities include, but are not limited  
39 to, down payment assistance, closing costs, acquisition,

1 rehabilitation costs, and new construction. Eligible organizations  
2 may include those that plan to provide housing to socially  
3 disadvantaged communities as defined in 13 C.F.R. Sec. 124.103. The  
4 department shall strive to invest at least 50 percent of these funds  
5 with by and for organizations, as defined by the office of equity,  
6 and make efforts to enact the recommendations of the homeownership  
7 disparities work group created in section 128(100), chapter 297, Laws  
8 of 2022.

9 (5) \$25,000,000 of the state building construction account—state  
10 appropriation is provided solely for affordable housing preservation  
11 projects, which may include, but are not limited to:

12 (a) Projects preserving and extending the affordability  
13 commitment period for projects in the housing trust fund portfolio.  
14 The funds may be provided for major building improvements,  
15 preservation, and system replacements, necessary for the existing  
16 housing trust fund portfolio to maintain long-term viability. The  
17 department must require a capital needs assessment be provided prior  
18 to contract execution. Funds may not be used to add or expand the  
19 capacity of the property. When allocating funds, the department must  
20 prioritize buildings that are older than 15 years and that serve very  
21 low-income and extremely low-income populations.

22 (b) Projects preserving affordable multifamily housing at risk of  
23 losing its affordability due to expiration of use restrictions that  
24 otherwise require affordability including, but not limited to, United  
25 States department of agriculture funded multifamily housing. The  
26 department must prioritize projects that satisfy the goal of long-  
27 term preservation of Washington's affordable multifamily housing  
28 stock, particularly in rural areas of the state. Funds may be used  
29 for acquisition or for acquisition and rehabilitation of properties  
30 to preserve the affordable housing units beyond their existing use  
31 restrictions and keep them in Washington's housing portfolio for a  
32 minimum of 40 years. If a capital needs assessment is required, the  
33 department must work with the applicant to ensure that this does not  
34 create an unnecessary impediment to rapidly accessing these funds.

35 (c) The funding provided under this subsection (5) is not subject  
36 to the 90-day application periods in RCW 43.185.070 or 43.185A.050.

37 (d) The amount awarded under this subsection (5) may not be  
38 calculated in award limitations for other housing trust fund awards.

39 (6) (~~(\$4,000,000)~~) \$16,000,000 of the state taxable building  
40 construction account—state appropriation is provided solely for a

1 grant to the northwest cooperative development center to provide  
 2 subgrants for the acquisition and preservation of mobile or  
 3 manufactured home communities. Funding provided under this subsection  
 4 may be used to acquire mobile or manufactured home communities for  
 5 the purpose of avoiding household displacement due to sale or other  
 6 transactions and ensuring preservation of housing affordability for  
 7 low-income households for a minimum of 40 years.

8 (7) (~~(\$2,000,000)~~) \$5,000,000 of the state taxable building  
 9 construction account—state appropriation is provided solely for a  
 10 grant to the northwest cooperative development center to provide  
 11 subgrants to organizations that are "mobile home park cooperatives"  
 12 or "manufactured housing cooperatives" under RCW 59.20.030 for  
 13 completing capital improvement processes. Subgrants provided under  
 14 this subsection may be used solely for critical improvements,  
 15 repairs, and infrastructure upgrades to promote the preservation of  
 16 mobile or manufactured home communities as affordable housing. The  
 17 grantee must award subgrants based on needs relating to health,  
 18 safety, and cost.

19 (8) (~~(\$40,337,000)~~) \$57,937,000 of the state taxable building  
 20 construction account—state appropriation (~~(is)~~) and \$3,536,000 of the  
 21 capital community assistance account—state appropriation are provided  
 22 solely for the following list of projects:

7	(Pierce County). . . . .	\$14,000,000
8	<u>The House of Bethlehem. . . . .</u>	<u>\$424,000</u>

9       (9) \$10,000,000 of the state taxable building construction  
10 account—state appropriation in this section is provided solely for  
11 site improvements, acquisition, construction, and installation of  
12 transitional tiny homes or similar housing. Awards may be made for  
13 noncode compliant structures and may be exempted from the 40-year  
14 affordability requirement under RCW 43.185A.060.

15       (10) In evaluating projects in this section, the department must  
16 give preference for applications based on some or all of the criteria  
17 in RCW 43.185.070 (5).

18       (~~(10)~~) (11) The department shall strive to allocate at least 30  
19 percent of the funds provided in this section to projects located in  
20 rural areas of the state, as defined by the department.

21       (~~(11)~~) (12) The department must strive to allocate all of the  
22 amounts appropriated in this section within the 2023-2025 fiscal  
23 biennium in the manner prescribed in each subsection. However, if  
24 upon review of applications the department determines there are not  
25 adequate suitable projects in a category, the department may allocate  
26 funds to other affordable housing projects serving other low-income  
27 and special needs populations, provided those projects are located in  
28 an area with an identified need for the type of housing proposed.

29       (13) (a) During the 2023-2025 fiscal biennium, any unallocated  
30 funds provided in subsection (1) of this section may be used for  
31 rapid capital housing acquisition projects that provide an affordable  
32 housing and encampment resolution, serving and benefiting low-income  
33 and special needs populations.

34       (b) Rapid capital proposals must be from eligible organizations,  
35 as defined in RCW 43.185A.040, to acquire, renovate, and prepare real  
36 property for rapid conversion into enhanced emergency shelters,  
37 permanent supportive housing, transitional housing, permanent  
38 housing, or shelter for extremely low-income people, as well as  
39 individuals, families, unaccompanied youth, and young people

1 experiencing sheltered and unsheltered homelessness. Acquisitions  
 2 completed with temporary financing are eligible for funding provided  
 3 in this section. The department may only approve funding for projects  
 4 that result in increased shelter or housing capacity. The funding  
 5 provided under this subsection is not subject to the 60-day  
 6 application period in RCW 43.185A.150.

7 Appropriation:

8	Capital Community Assistance Account—State. . . . .	\$3,900,000

 23 follows:

24 **FOR THE DEPARTMENT OF COMMERCE**

25 2023-25 Connecting Housing to Infrastructure (CHIP) (40000296)

26 The appropriation in this section is subject to the following  
 27 conditions and limitations:

28 (1) The appropriation in this section is provided solely for  
 29 grants or deferred loans to local governments, affordable housing  
 30 project sponsors, and public utility districts or their contracted  
 31 service providers for system development charges and utility  
 32 improvements for mobile home park cooperatives and new affordable  
 33 housing projects that serve and benefit low-income households. Local  
 34 governments and public utility districts or their contracted service  
 35 providers may also use funds to reimburse waived system development  
 36 charges and impact fees for mobile home park cooperatives and new  
 37 affordable housing projects that serve and benefit low-income

1 households. Where applicable, the extension must be consistent with  
2 the approved comprehensive plans under the growth management act and  
3 must be within the established boundaries of the urban growth area.

4 (2) \$37,202,000 of the state building construction account—state  
5 appropriation is provided solely for grants or deferred loans to  
6 (~~local governments or public utilities~~) applicants located within a  
7 jurisdiction that impose a sales and use tax under RCW 82.14.530(1)  
8 (a)(ii) or (b)(i)(B), 82.14.540, or 84.52.105.

9 (3) \$20,000,000 of the state building construction account—state  
10 appropriation in this section is provided solely for grants to  
11 (~~local governments or public utilities~~) applicants located within:

12 (a) A city or county with a population of 150,000 or less; and

13 (b) A jurisdiction that imposed a sales and use tax under RCW  
14 82.14.530(1) (a)(ii) or (b)(i)(B).

15 (4) \$798,000 of the state building construction account—state  
16 appropriation in this section is provided solely for the Habitat for  
17 Humanity Infrastructure Project in Kennewick and Walla Walla.

18 (5) \$2,000,000 of the state building construction account—state  
19 appropriation in this section is provided solely for the Aviva  
20 Crossing Sanitary Sewer Upgrades Project (Tacoma).

21 (6) To be eligible for funding under this section, an applicant  
22 must demonstrate, at minimum:

23 (a) That (~~affordable housing development~~) construction will  
24 begin (~~construction~~) within 24 months of the grant or loan award;  
25 and

26 (b) A strong probability of serving the original target group or  
27 income level for a period of at least 25 years.

28 (7) For purposes of this section, the following definitions  
29 apply.

30 (a) "Affordable housing" has the same meaning as in RCW  
31 43.185A.010.

32 (b) "Low-income household" has the same meaning as in RCW  
33 43.185A.010.

34 (c) "Mobile home park cooperative" has the same meaning as in RCW  
35 59.20.030.

36 (d) "System development charges" means charges for new drinking  
37 water, wastewater, or stormwater connections when a local government  
38 or public utility has waived standard fees normally applied to  
39 developers for connection charges on affordable housing projects.

1        ~~((d))~~ (e) "Utility improvements" means drinking water,  
2 wastewater, or stormwater utility improvements.

3 Appropriation:

4	State Building Construction Account—State. . . . .	\$60,000,000
5	Prior Biennia (Expenditures). . . . .	\$0
6	Future Biennia (Projected Costs). . . . .	\$240,000,000
7	TOTAL. . . . .	\$300,000,000

9 follows:

10 **FOR THE DEPARTMENT OF COMMERCE**

11 Transit Oriented Housing Development Partnership Match (40000298)

12 The appropriations in this section are subject to the following  
13 conditions and limitations: The appropriations in this section are  
14 provided solely as match to private investment for grants or loans to  
15 for-profit and nonprofit housing developers and public entities to  
16 carry out projects designed to increase the supply and affordability  
17 of transit-oriented housing development. ~~((Grants))~~ Awards from this  
18 appropriation may only be used for the construction of units  
19 affordable at 80 percent of area median income or lower, if a project  
20 includes a range of affordability levels. The department shall work  
21 with the department of transportation to develop and administer a  
22 competitive grant or loan program to assist in the financing of  
23 housing projects within rapid transit corridors. The department shall  
24 implement the program pursuant to the following eligibility criteria  
25 and definitions:

26 (1) Entities eligible to receive ~~((grant))~~ awards are state  
27 agencies, local governments, and nonprofit or for-profit housing  
28 developers. Eligible uses of ~~((grant))~~ awards include project capital  
29 costs and infrastructure costs and addressing gaps in project  
30 financing that would prevent ongoing or complete project  
31 construction.

32 (2) Eligible housing projects must meet the following  
33 requirements:

34 (a) Be within a rapid transit corridor. For purposes of this  
35 subsection (2), "rapid transit corridor" includes either one-half  
36 mile from light rail or commuter rail, or one-quarter mile from bus  
37 rapid transit or other high-capacity bus service area.

38 (b) Produce at least ~~((100))~~ 80 units of housing; and

1 (c) Include a covenant on the property requiring at least 10  
2 percent of total housing units in the project remain affordable for  
3 households with incomes at or below 60 percent of area median income  
4 and at least 10 percent of total housing units in the project remain  
5 affordable for households with incomes at or below 80 percent of area  
6 median income for at least 99 years.

7 (3) The department must prioritize eligible projects by occupancy  
8 date, with a target occupancy date of December 31, 2025, or sooner.

9 (4) To source project requests, the department may first review  
10 the list of housing trust fund applications from the prior two years  
11 to determine if any projects not fully funded would meet the criteria  
12 listed in subsection (2) of this section and would be able to proceed  
13 to construction. If so, the department must conduct outreach to those  
14 project owners to discuss the (~~grant~~) program before soliciting new  
15 projects.

16 (5) The department must also consider the following criteria when  
17 prioritizing all projects:

18 (a) Are comprised of the largest number of affordable units;

19 (b) Have the largest total number of units affordable to  
20 households with incomes at or below 60 percent area median income;

21 (c) Include land acquired at a reduced price or without cost;

22 (d) Abide by any applicable antidisplacement measures;

23 (e) Include units with additional bedrooms or intended for  
24 occupancy by families with multiple dependents; or

25 (f) Have acquired all necessary permits.

26 (6) The department may adopt any necessary guidance or rules to  
27 implement the competitive grant or loan program under this section,  
28 including any additional project eligibility criteria and  
29 prioritization criteria.

30 (7) The department must report a program update and any projects  
31 awarded on their website by June 30, 2024. The report must include  
32 project award data at the time of award, such as, but not limited to,  
33 the awardee, total project cost, amount of the award, number of  
34 households being served by household income, project location, and  
35 any other relevant information.

36 (8) The department must strive to allocate the amounts  
37 appropriated in this section by September 30, 2024, in the manner  
38 prescribed in this section. However, if upon review of applications  
39 the department determines there are not adequate suitable projects to  
40 receive awards, the department may allocate state funding to other

1 affordable housing projects serving other low-income and special  
2 needs populations.

3 (9) Of the amounts appropriated in this section, \$2,100,000 from  
4 the state taxable building construction account—state appropriation  
5 and \$2,100,000 from the general fund—private/local appropriation are  
6 provided solely for the Redmond Supportive Housing project.

7 Appropriation:

8	General Fund—Private/Local. . . . .	\$25,000,000
9	State <u>Taxable</u> Building Construction Account—	
10	State. . . . .	\$25,000,000
11	Subtotal Appropriation. . . . .	\$50,000,000
12	Prior Biennia (Expenditures). . . . .	\$0
13	Future Biennia (Projected Costs). . . . .	\$200,000,000
14	TOTAL. . . . .	\$250,000,000

15 **Sec. 1008.** 2023 c 474 s 1023 (uncodified) is amended to read as  
16 follows:

17 **FOR THE DEPARTMENT OF COMMERCE**

18 2023-25 Behavioral Health Community Capacity Grants (40000299)

19 The appropriation in this section is subject to the following  
20 conditions and limitations:

21 (1) The appropriation in this section is provided solely for the  
22 department to issue grants to community hospitals or other community  
23 providers to expand and establish new capacity for behavioral health  
24 services in communities. The department must consult an advisory  
25 group consisting of representatives from the department of social and  
26 health services, the health care authority, one representative from a  
27 managed care organization, one representative from an accountable  
28 care organization, and one representative from the association of  
29 county human services. Amounts provided in this section may be used  
30 for construction and equipment costs associated with establishment or  
31 preservation of the facilities. The department may approve funding  
32 for the acquisition of a facility if the project will result in  
33 increased behavioral health capacity. Amounts provided in this  
34 section may not be used for operating costs associated with the  
35 treatment of patients using these services.

1 (2) In awarding funding for projects in subsection (5) of this  
2 section, the department must establish criteria for the issuance of  
3 the grants, which must include:

4 (a) Evidence that the application was developed in collaboration  
5 with one or more regional behavioral health entities that administer  
6 the purchasing of services;

7 (b) Evidence that the applicant has assessed and would meet gaps  
8 in geographical availability of behavioral health services in their  
9 region;

10 (c) Evidence that the applicant is able to meet applicable  
11 licensing and certification requirements in the facility that will be  
12 used to provide services;

13 (d) A commitment by applicants to serve persons who are publicly  
14 funded and persons detained for involuntary commitment under chapter  
15 71.05 RCW;

16 (e) A commitment by the applicant to maintain and operate the  
17 beds or facility for a time period commensurate to the state  
18 investment, but for at least a 10-year period;

19 (f) The date upon which structural modifications or construction  
20 would begin and the anticipated date of completion of the project;

21 (g) A detailed estimate of the costs associated with opening the  
22 beds;

23 (h) A financial plan demonstrating the applicant's ability to  
24 maintain and operate the facility; and

25 (i) The applicant's commitment to work with local courts and  
26 prosecutors to ensure that prosecutors and courts in the area served  
27 by the hospital or facility will be available to conduct involuntary  
28 commitment hearings and proceedings under chapter 71.05 RCW.

29 (3) In awarding funding for projects in subsection (5) of this  
30 section, the department, in consultation with the advisory group  
31 established in subsection (1) of this section, must strive for  
32 geographic distribution and to allocate funding based on population  
33 and service needs of an area. The department must consider current  
34 services available, anticipated services available based on projects  
35 underway, and the service delivery needs of an area.

36 (4) The department must prioritize projects that increase  
37 capacity in unserved and underserved areas of the state.

38 (5) (a) (~~(\$28,443,000)~~) \$29,443,000 of the state building  
39 construction account—state appropriation in this section is provided  
40 solely for competitive community behavioral health grants to address

1 regional needs. Applicants must provide confirmation that the health  
2 care authority, department of social and health services, or a  
3 managed care organization plans to contract with the facility  
4 sufficient to cover the facility's operating costs. The department  
5 must give priority to facilities that:

6 (i) Serve individuals on 90-day or 180-day civil commitments as  
7 an alternative to treatment in the state hospitals;

8 (ii) Serve individuals who will be transitioned from or diverted  
9 from the state hospitals;

10 (iii) Provide secure withdrawal management and stabilization  
11 treatment beds; or

12 (iv) Provide substance use disorder treatment.

13 (b) In awarding this funding to projects under (a)(i) of this  
14 subsection (5), the department must coordinate with the department of  
15 social and health services, the health care authority, and the  
16 department of health and must only select facilities that meet the  
17 following conditions:

18 (i) The funding must be used to increase capacity related to  
19 serving individuals who will be transitioned from or diverted from  
20 the state hospitals;

21 (ii) The facility is not subject to federal funding restrictions  
22 that apply to institutions of mental diseases;

23 (iii) The provider has submitted a proposal for operating the  
24 facility to the health care authority;

25 (iv) The provider has demonstrated to the department of health  
26 and the health care authority that it is able to meet the applicable  
27 licensing and certification requirements for the facility that will  
28 be used to provide services; and

29 (v) The health care authority has confirmed that it intends to  
30 contract with the facility for operating costs within funds provided  
31 in the operating budget for these purposes.

32 (c) \$24,000,000 of the state building construction account—state  
33 appropriation in this section is provided solely for grants to  
34 intensive behavioral health treatment facilities for long-term  
35 placement of behavioral health patients with complex needs and that  
36 are not subject to federal funding restrictions that apply to  
37 institutions of mental diseases.

38 (d) \$18,000,000 of the state building construction account—state  
39 appropriation in this section is provided solely for grants to  
40 community providers to increase behavioral health services and

1 capacity for children and minor youth including, but not limited to,  
2 services for youth crisis walk-in intervention, substance use  
3 disorder treatment, sexual assault and traumatic stress, anxiety, or  
4 depression, children with behavioral health and intellectual or  
5 developmental disability needs, and interventions for children  
6 exhibiting aggressive or depressive behaviors in facilities that are  
7 not subject to federal funding restrictions. Consideration must be  
8 given to programs that incorporate outreach and treatment for youth  
9 dealing with behavioral health or social isolation issues.

10 (e) \$4,250,000 of the state building construction account—state  
11 appropriation in this section is provided solely for grants to  
12 community providers to increase opioid treatment program services and  
13 access.

14 (6) The amounts provided in this subsection are subject to the  
15 criteria in subsection (1) of this section, except the projects are  
16 not required to establish new capacity:

17 (a) \$7,500,000 of the state building construction account—state  
18 appropriation in this section is provided solely for grants to  
19 community providers to prevent the closure of existing behavioral  
20 health facilities. For purposes of this subsection (6)(a), the  
21 department must implement necessary procedures to enable rapid  
22 commitment of funds on a first-come, first-served basis to qualifying  
23 project proposals that satisfy the goal of long-term preservation of  
24 behavioral health facilities.

25 (b) (~~(\$133,057,000)~~) \$136,047,000 of the appropriation in this  
26 section is provided solely for the following list of projects:

18 (7) The department shall notify all applicants that they may be  
19 required to have a construction review performed by the department of  
20 health.

21 (8) To accommodate the emergent need for behavioral health  
22 services, the department and the department of health, in  
23 collaboration with the health care authority and the department of  
24 social and health services, must establish a concurrent and expedited  
25 process to assist grant applicants in meeting any applicable  
26 regulatory requirements necessary to operate inpatient psychiatric  
27 beds, freestanding evaluation and treatment facilities, enhanced  
28 services facilities, triage facilities, crisis stabilization  
29 facilities, or secure detoxification/secure withdrawal management and  
30 stabilization facilities.

31 (9) The department must strive to allocate all of the amounts  
32 provided in this section in the manner prescribed in each subsection.  
33 However, if upon review of applications, the department determines,  
34 in consultation with the advisory group established in subsection (1)  
35 of this section, that there are not adequate suitable projects in a  
36 category, the department may allocate funding to other project  
37 categories listed in this section, prioritizing projects that support  
38 serving individuals who will be transitioned from or diverted from

1 the state hospitals. Underserved areas of the state may also be  
2 considered.

3 (10) In contracts for grants authorized under this section, the  
4 department must include provisions that require that the grantee or  
5 successor hold the capital improvements for at least a 10-year  
6 period. The provisions must require the facility to be used for  
7 behavioral health services, but may allow the facility to change  
8 ownership or facility type during the commitment period. The  
9 department shall monitor the activities of recipients of grants under  
10 this program to determine compliance with the terms and conditions  
11 set forth in its contract.

12 (11) The department must provide a progress report to the  
13 appropriate committees of the legislature by September 1, 2024. The  
14 report must include:

15 (a) The total number of applications and amount of funding  
16 requested;

17 (b) A list and description of the projects approved for funding  
18 including state funding, total project cost, services anticipated to  
19 be provided, bed capacity, and anticipated completion date;

20 (c) A statewide map of new capacity since 2018, including  
21 projected bed capacity and opening dates;

22 (d) A status report of projects that received funding in prior  
23 funding rounds, including details about the project completion and  
24 the date the facility began providing services; and

25 (e) Recommendations for statutory language that would codify the  
26 grant program on an ongoing basis including:

- 27 (i) Evaluation and prioritization criteria;
- 28 (ii) Monitoring and compliance requirements;
- 29 (iii) Preconstruction and technical assistance services; and
- 30 (iv) Data needed to determine the service needs by area of the  
31 state.

32 (12) The department must coordinate with the health care  
33 authority to submit capital budget requests to fund behavioral health  
34 community capacity grants for the 2025-2027 biennial budget by the  
35 due date established by the office of financial management.  
36 Associated state budget operating costs must also be identified and  
37 requested.

7       **Sec. 1009.** 2023 c 474 s 1024 (uncodified) is amended to read as  
8 follows:

9       **FOR THE DEPARTMENT OF COMMERCE**

10       2023-25 Early Learning Facilities Fund Grant Program (40000300)

11       The appropriation in this section is subject to the following  
12 conditions and limitations:

13       (1) ~~(\$5,000,000)~~ \$7,350,000 of the Ruth Lecocq Kagi early  
14 learning facilities development account—state appropriation in this  
15 section is provided solely for minor renovation grants.

16       (2) ~~(\$42,050,000)~~ \$46,550,000 of the Ruth Lecocq Kagi early  
17 learning facilities development account—state appropriation in this  
18 section is provided solely for the early learning facility grant and  
19 loan program, subject to the provisions of RCW 43.31.573 through  
20 43.31.583 and 43.84.092, to provide state assistance for designing,  
21 constructing, purchasing, expanding, or modernizing public or private  
22 early learning education facilities for eligible organizations. Up to  
23 four percent of the funding in this subsection may be used by the  
24 department of children, youth, and families to provide technical  
25 assistance to early learning providers interested in applying for the  
26 early learning facility grant or loan program.

27       (3) The department of children, youth, and families must develop  
28 methodology to identify, at the school district boundary level, the  
29 geographic locations of where early childhood education and  
30 assistance program slots are needed to meet the entitlement specified  
31 in RCW 43.216.556. This methodology must be linked to the caseload  
32 forecast produced by the caseload forecast council and must include  
33 estimates of the number of slots needed at each school district. This  
34 methodology must inform any early learning facilities needs  
35 assessment conducted by the department and the department of  
36 children, youth, and families. This methodology must be included as  
37 part of the budget submittal documentation required by RCW 43.88.030.

1 (4) When prioritizing areas with the highest unmet need for early  
2 childhood education and assistance program slots, the committee of  
3 early learning experts convened by the department pursuant to RCW  
4 43.31.581 must first consider those areas at risk of not meeting the  
5 entitlement specified in RCW 43.216.556.

6 (5) The department must track the number of slots being renovated  
7 separately from the number of slots being constructed and, within  
8 these categories, must track the number of slots separately by  
9 program for the working connections child care program and the early  
10 childhood education and assistance program.

11 (6) When prioritizing applications for projects pursuant to RCW  
12 43.31.581, the department must award priority points to applications  
13 from a rural county or from extreme child care deserts, as defined by  
14 the department of children, youth, and families, and to applications  
15 submitted under subsection (1) of this section for facilities at risk  
16 of closure due to compliance with state licensure requirements.

17 (7) For early learning facilities collocated with affordable or  
18 supportive housing developments, the department may remit state  
19 funding on a reimbursement basis for 100 percent of eligible project  
20 costs, regardless of the project's match amount, once the nonstate  
21 share of project costs have been either expended or firmly committed  
22 in an amount sufficient to complete the entire project or a distinct  
23 phase of the project that is useable to the public as an early  
24 learning facility. These projects are not subject to section 8015 of  
25 this act or RCW 43.88.150.

26 (8) It is the intent of the legislature to reappropriate funding  
27 in the 2023-2025 omnibus capital appropriations act for early  
28 learning facilities appropriated in this section.

29 (9) (~~(\$17,600,000)~~) \$18,250,000 of the Ruth Lecocq Kagi early  
30 learning facilities development account—state appropriation in this  
31 section is provided solely for the following list of early learning  
32 facility projects:

33	Cora Whitley Family Center (Tacoma) . . . . .	( <del>(\$2,500,000)</del> )	<u>\$3,000,000</u>
34	Eastside Early Childhood Center (Bellevue) . . . . .		\$1,100,000
35	<u>Marysville Early Learning Center</u> . . . . .		<u>\$150,000</u>

4	YMCA Early Learning Center (Port Angeles) . . . . .	\$2,000,000
5	Young Child & Family Center, North Thurston PS	
6	(Olympia) . . . . .	\$1,000,000

7 (10) \$350,000 of the Ruth Lecocq Kagi early learning facilities  
8 development account—state appropriation in this section is provided  
9 solely for the early learning facilities capital readiness pilot  
10 program. The department, in partnership with the department of  
11 children, youth, and families, shall administer the program as part  
12 of the early learning facilities program. The early learning  
13 facilities capital readiness pilot program must support no more than  
14 10 licensed early learning providers that will serve children through  
15 working connections child care or through the early childhood  
16 education and assistance program to study the feasibility of  
17 expanding, remodeling, purchasing, or constructing early learning  
18 facilities and classrooms. Participants must receive small grants and  
19 project support to conduct capital feasibility studies that cover  
20 financing, architectural design, construction, business operations,  
21 and other relevant topics. Participants must also have access to  
22 professional consultation related to financing, architectural design,  
23 construction, and business operations.

33 **Sec. 1010.** 2023 c 474 s 1025 (uncodified) is amended to read as  
34 follows:

35 **FOR THE DEPARTMENT OF COMMERCE**

36 2024 Local and Community Projects (40000301)

37 The appropriations in this section are subject to the following  
38 conditions and limitations:

1 (1) The department shall not expend the appropriation in this  
2 section unless and until the nonstate share of project costs have  
3 been either expended or firmly committed, or both, in an amount  
4 sufficient to complete the project or a distinct phase of the project  
5 that is useable to the public for the purpose intended by the  
6 legislature. This requirement does not apply to projects where a  
7 share of the appropriation is for design costs only.

8 (2) Prior to receiving funds, project recipients must demonstrate  
9 that the project site is under control for a minimum of 10 years,  
10 either through ownership or a long-term lease. This requirement does  
11 not apply to appropriations for preconstruction activities or  
12 appropriations in which the sole purpose is to purchase real property  
13 that does not include a construction or renovation component.

14 (3) Projects funded in this section may be required to comply  
15 with Washington's high performance building standards under chapter  
16 39.35D RCW.

17 (4) Project funds are available on a reimbursement basis only and  
18 may not be advanced under any circumstances.

19 (5) In contracts for grants authorized under this section, the  
20 department shall include provisions that require that capital  
21 improvements be held by the grantee for a specified period of time  
22 appropriate to the amount of the grant and that facilities be used  
23 for the express purpose of the grant. If the grantee is found to be  
24 out of compliance with provisions of the contract, the grantee shall  
25 repay to the state general fund the principal amount of the grant  
26 plus interest calculated at the rate of interest on state of  
27 Washington general obligation bonds issued most closely to the date  
28 of authorization of the grant.

29 (6) Projects funded in this section, including those that are  
30 owned and operated by nonprofit organizations, are generally required  
31 to pay state prevailing wages.

32 (7) The department must comply with the requirements set forth in  
33 executive order 21-02 and must consult with the department of  
34 archaeology and historic preservation and affected tribes on the  
35 potential effects of these projects on cultural resources and  
36 historic properties. Consultation with the department of archaeology  
37 and historic preservation and affected tribes must be initiated  
38 before project funds are made available.

25 follows:

26 **FOR THE DEPARTMENT OF COMMERCE**

27       2023-25 Community Relief (40000556)

28       The appropriation in this section is subject to the following  
29 conditions and limitations: (~~(\$1,000,000)~~) \$200,000 of the state  
30 taxable building construction account—appropriation in this section  
31 is provided solely for the department to contract with the  
32 communities of concern commission for development of a list of  
33 community-led capital projects that serve underserved communities.  
34 Eligible expenses include costs incurred by the communities of  
35 concern commission in conducting outreach, developing an application  
36 process, providing technical assistance, assisting project proponents  
37 with project readiness, and assisting the department with identifying

1 barriers faced in accessing capital grant programs. The communities  
 2 of concern commission must provide a report to the house capital  
 3 budget committee and the senate ways and means committee that  
 4 describes the transparency of their process to develop the list and  
 5 how the (~~(\$1,000,000)~~) \$200,000 was spent by December 1, 2023. The  
 6 department may submit a list of identified projects prepared by the  
 7 communities of concern commission to the governor and fiscal

11       Reducing Emissions in Hard-to-Decarbonize Sectors Program  
12 (40000577)

13       The appropriation in this section is subject to the following  
14 conditions and limitations:

15       (1) ~~((The))~~ Except as otherwise provided in this section, the  
16 appropriation in this section is provided solely for the department  
17 to administer a grant program for greenhouse gas emissions reduction  
18 strategies for hard to decarbonize sectors, including industry,  
19 aviation, and maritime.

20       (2) Grant awards may be used only to achieve near-term greenhouse  
21 gas emissions reductions in eligible sectors beyond what would have  
22 been achieved under business as usual. The grant program must  
23 prioritize projects that improve compliance with state greenhouse gas  
24 reduction policies including, but not limited to, the cap and invest  
25 program, the clean fuel standard, and the hydrofluorocarbon  
26 phasedown. Projects may include efficiency and process improvements.  
27 Awards per applicant may not exceed 15 percent of available funding.  
28 The department may require that applicants provide nonstate matching  
29 funds.

30       (3) Up to \$250,000 of the appropriation in this section is for  
31 the department to provide facilitation and consultation to eligible  
32 facilities to help them identify, plan, and implement near-term  
33 strategies to achieve reductions in the facility's greenhouse gas  
34 emissions. The department may also consult with eligible facilities  
35 to develop a long-term strategy for industrial decarbonization and  
36 emissions reduction.

37       (4) Up to \$324,000 of the appropriation provided in this section  
38 is for the department to develop a process, in consultation with

1 Washington department of transportation, to select projects to  
2 advance the research, development, or manufacturing of sustainable  
3 aviation.

4 (5) \$4,800,000 of the appropriation in this section is provided  
5 solely for the kaiser aluminum boiler replacement project, which  
6 replaces two existing 1943 vintage steam boilers with two new  
7 boilers. When fully deployed, the project will reduce approximately  
8 13,000 metric tons per year in carbon dioxide equivalent emissions.  
9 The kaiser aluminum boiler replacement project must provide a one-to-  
10 one match with state funds. It is the intent of the legislature that  
11 if the appropriation in this subsection is not spent by June 30,  
12 2027, the funding provided in this subsection will lapse and will not  
13 be reappropriated.

14 (6) Up to 5 percent of the appropriation in this section is for  
15 the department to administer the reducing emissions in hard-to-  
16 decarbonize sectors program, including, but not limited to, providing  
17 technical assistance, managing contracts, reporting, and providing  
18 assistance in the planning and implementation process.

19 ((+6)) (7) A minimum of 40 percent of the appropriation must be  
20 spent for projects that benefit vulnerable populations in  
21 overburdened communities as defined in RCW 70A.65.010.

22 Appropriation:

23	Climate Commitment Account—State. . . . .	(( <del>\$20,000,000</del> ))
24		<u>\$49,400,000</u>
25	Prior Biennia (Expenditures). . . . .	\$0
26	Future Biennia (Projected Costs). . . . .	(( <del>\$80,000,000</del> ))
27		<u>\$178,400,000</u>
28	TOTAL. . . . .	(( <del>\$100,000,000</del> ))
29		<u>\$227,800,000</u>

30 NEW SECTION. Sec. 1014. A new section is added to 2023 c 474  
31 (uncodified) to read as follows:

32 **FOR THE DEPARTMENT OF COMMERCE**

33 Crisis Stabilization Facility-Trueblood Phase 3 (40000601)

34 Appropriation:

35	Capital Community Assistance Account—State. . . . .	\$10,000,000
36	Prior Biennia (Expenditures). . . . .	\$0
37	Future Biennia (Projected Costs). . . . .	\$0

1 TOTAL. . . . . \$10,000,000

2 NEW SECTION. **Sec. 1015.** A new section is added to 2023 c 474  
3 (uncodified) to read as follows:

4 **FOR THE DEPARTMENT OF COMMERCE**

5 Communities of Concern (40000603)

6 The appropriation in this section is subject to the following  
7 conditions and limitations:

8 (1) The department shall not expend the appropriation in this  
9 section unless and until the nonstate share of project costs have  
10 been either expended or firmly committed, or both, in an amount  
11 sufficient to complete the project or a distinct phase of the project  
12 that is useable to the public for the purpose intended by the  
13 legislature. This requirement does not apply to projects where a  
14 share of the appropriation is for design or land acquisition costs.

15 (2) Prior to receiving funds, project recipients must demonstrate  
16 that the project site is under control for a minimum of 10 years,  
17 either through ownership or a long-term lease. This requirement does  
18 not apply to appropriations for preconstruction activities or  
19 appropriations in which the sole purpose is to purchase real property  
20 that does not include a construction or renovation component.

21 (3) Projects funded in this section may be required to comply  
22 with Washington's high performance building standards under chapter  
23 39.35D RCW.

24 (4) Project funds are available on a reimbursement basis only and  
25 may not be advanced under any circumstances.

26 (5) In contracts for grants authorized under this section, the  
27 department shall include provisions that require that capital  
28 improvements be held by the grantee for a specified period of time  
29 appropriate to the amount of the grant and that facilities be used  
30 for the express purpose of the grant. If the grantee is found to be  
31 out of compliance with provisions of the contract, the grantee shall  
32 repay to the state general fund the principal amount of the grant  
33 plus interest calculated at the rate of interest on state of  
34 Washington general obligation bonds issued most closely to the date  
35 of authorization of the grant.

36 (6) Projects funded in this section, including those that are  
37 owned and operated by nonprofit organizations, are generally required  
38 to pay state prevailing wages.

1 (7) The department must comply with the requirements set forth in  
2 executive order 21-02 and must consult with the department of  
3 archaeology and historic preservation and affected tribes on the  
4 potential effects of these projects on cultural resources and  
5 historic properties. Consultation with the department of archaeology  
6 and historic preservation and affected tribes must be initiated  
7 before project funds are made available.

8 (8) The appropriation in this section is provided solely for the  
9 following list of projects:

10	Addis Village. . . . .	\$795,000
11	FHPM Childcare Project. . . . .	\$200,000
12	FHPM Kitsap Way Village. . . . .	\$200,000
13	Monterey Lofts Renovation - Phase 2. . . . .	\$987,000
14	Nuwe Reis Village at Barker Creek. . . . .	\$2,953,000
15	Rainier Valley Homeownership Initiative. . . . .	\$500,000
16	Seattle Indian Services Commission. . . . .	\$300,000
17	Seattle Tibetan Community Center. . . . .	\$432,000

18 Appropriation:

19	State Building Construction Account—State. . . . .	\$6,367,000
20	Prior Biennia (Expenditures). . . . .	\$0
21	Future Biennia (Projected Costs). . . . .	\$25,468,000
22	TOTAL. . . . .	\$31,835,000

23 NEW SECTION. **Sec. 1016.** A new section is added to 2023 c 474  
24 (uncodified) to read as follows:

25 **FOR THE DEPARTMENT OF COMMERCE**

26 Green Jobs and Infrastructure Grants (40000604)

27 The appropriation in this section is subject to the following  
28 conditions and limitations:

29 (1) The appropriation in this section takes effect January 1,  
30 2025, and is provided solely for grants to eligible entities that  
31 help mitigate and reverse the effects of climate change, help  
32 communities meet their energy and climate change regulatory  
33 requirements, bring increased federal and private investment to the  
34 state, help develop the advanced workforce of the future, and ensure  
35 Washington state maintains or grows its position as a world leader in  
36 developing the projects and processes that are used to fight climate  
37 change globally. Eligible activities under this section include, but

1 are not limited to, planning predevelopment, design, engineering, and  
2 construction of clean technology projects.

3 (2) Entities eligible for grants under this section include, but  
4 are not limited to, local governments, federally recognized tribal  
5 governments and tribes' contracted service providers, public and  
6 private utilities, ports, associate development organizations, for-  
7 profit entities, academic and research institutions, nonprofit  
8 organizations, and state agencies.

9 (3) Projects eligible for funding must be physically located in  
10 Washington state. Eligible projects must be consistent with the state  
11 energy strategy adopted under chapter 43.21F RCW and clean energy  
12 policies under chapter 19.405 RCW. Projects must further the goals of  
13 the climate commitment act as described in RCW 70A.65.260(1)(j).

14 (4) The department must consider equity and environmental justice  
15 when developing the program structures and opportunities for  
16 applicant participation and must follow principles established in its  
17 community engagement plan adopted under RCW 70A.02.050.

18 (5) Except for match funds allocated in subsection (7) of this  
19 section, when soliciting and evaluating grant application proposals,  
20 awarding contracts, and monitoring projects under this section, the  
21 department must:

22 (a) Use competitive processes to select all projects, except as  
23 otherwise noted in this section. The department must design a  
24 competitive process to allow provision of grant award to projects in  
25 a timely manner and consistent with the project timeline.  
26 Applications must be accepted on a rolling basis, and final  
27 determination must be made by the department;

28 (b) Ensure compliance with all applicable laws related to the  
29 project selection process, project monitoring, and contracting; and

30 (c) Prioritize projects that leverage the greatest amount of  
31 matching funds, such as local levy funding or private investment in  
32 advanced manufacturing capability.

33 (6) Project applicants must disclose all sources of public  
34 funding invested in a project. Grant contracts must provide that if,  
35 after a grant has been awarded, the department finds that a grantee  
36 has violated chapter 42.52 RCW, either in procuring or performing  
37 under the grant, the department in its sole discretion may terminate  
38 the grant funding by written notice, and that, if the grant is  
39 terminated, the department will reserve its right to pursue all  
40 available remedies under law to address the violation.

1 (7) \$20,000,000 of the appropriation in this section takes effect  
2 January 1, 2025, and is provided solely for grants to projects that  
3 demonstrate high-wage, clean job creation in Washington, provide risk  
4 reduction for investments in public and private infrastructure to  
5 enhance industrial lands in order to increase a community's capacity  
6 for clean manufacturing, or provide investments in workforce  
7 development to attract and train the workforce required to grow the  
8 clean energy economy.

9 (8) \$4,000,000 of the appropriation in this section takes effect  
10 January 1, 2025, and is provided solely for the department to support  
11 access to and to flexibly administer the program. The department may  
12 use these funds to hire full-time equivalent positions within the  
13 department, as well as contract for additional capacity and subject  
14 matter expertise.

15 Appropriation:

16	Climate Commitment Account—State. . . . .	\$24,000,000
17	Prior Biennia (Expenditures). . . . .	\$0
18	Future Biennia (Projected Costs). . . . .	\$96,000,000
19	TOTAL. . . . .	\$120,000,000

20 NEW SECTION. **Sec. 1017.** A new section is added to 2023 c 474  
21 (uncodified) to read as follows:

22 **FOR THE DEPARTMENT OF COMMERCE**

23 Clean Energy Community Grants (40000606)

24 The appropriation in this section is subject to the following  
25 conditions and limitations:

26 (1) \$42,388,000 of the appropriation in this section takes effect  
27 January 1, 2025, and is provided solely for the department to  
28 administer noncompetitive grants to nonprofit organizations, local  
29 governments, federally recognized tribal governments and tribal  
30 entities, state agencies, housing authorities, ports, transit  
31 agencies, research organizations, and eligible third-party  
32 administrators for planning, design, and implementation of capital  
33 projects and clean energy technologies that reduce greenhouse gas  
34 emissions in vulnerable, overburdened, and tribal communities  
35 identified by the department. The department must prioritize grants  
36 providing meaningful benefit to vulnerable populations in  
37 overburdened communities as defined under RCW 70A.02.010.

1 (2) Eligible uses of grant funds include, but are not limited to,  
2 planning for sustainable communities and predesign work, energy  
3 efficiency improvements, renewable energy generation, increasing the  
4 supply of affordable, energy efficient housing, developing resilient  
5 and sustainable infrastructure systems, zero-emission, active  
6 mobility, and micromobility transportation infrastructure, education  
7 and engagement, and workforce development.

8 (3) Up to five percent of the appropriation in subsection (1) of  
9 this section is for the department to administer the grant program.  
10 Administration includes, but is not limited to, identifying eligible  
11 communities and third-party administrators, providing technical  
12 assistance, managing contracts, reporting, and providing planning and  
13 implementation assistance.

14 (4) \$7,612,000 of the appropriation in this section takes effect  
15 January 1, 2025, and is provided solely as state match for the Lummi  
16 Indian business council energy projects.

17 (5) For the purposes of this section, "eligible third-party  
18 administrators" means entities that have sufficient expertise and  
19 relationships within the identified community to help plan for,  
20 design, or implement capital projects that reduce greenhouse gases or  
21 develop clean energy resources for the community.

22 Appropriation:

23	Climate Commitment Account—State. . . . .	\$50,000,000
24	Prior Biennia (Expenditures). . . . .	\$0
25	Future Biennia (Projected Costs). . . . .	\$200,000,000
26	TOTAL. . . . .	\$250,000,000

27 NEW SECTION. **Sec. 1018.** A new section is added to 2023 c 474  
28 (uncodified) to read as follows:

29 **FOR THE DEPARTMENT OF COMMERCE**

30 BEAD Broadband Equity and Affordability Grants (40000613)

31 The appropriation in this section is subject to the following  
32 conditions and limitations: The appropriation in this section is  
33 provided solely for the statewide broadband office to administer the  
34 broadband equity, access, and deployment state grants program in  
35 section 60304 of P.L. 117-58 (infrastructure investment and jobs  
36 act). Expenditure of the amount in this subsection is contingent on  
37 the receipt of this grant funding.

6       NEW SECTION.   **Sec. 1019.**   A new section is added to 2023 c 474  
7 (uncodified) to read as follows:

8       **FOR THE DEPARTMENT OF COMMERCE**

9       2025 Local and Community Projects (40000614)

10       The appropriations in this section are subject to the following  
11 conditions and limitations:

12       (1) The department shall not expend the appropriation in this  
13 section unless and until the nonstate share of project costs have  
14 been either expended or firmly committed, or both, in an amount  
15 sufficient to complete the project or a distinct phase of the project  
16 that is useable to the public for the purpose intended by the  
17 legislature. This requirement does not apply to projects where a  
18 share of the appropriation is for design costs only.

19       (2) Prior to receiving funds, project recipients must demonstrate  
20 that the project site is under control for a minimum of 10 years,

22 not apply to appropriations for preconstruction activities or  
23 appropriations in which the sole purpose is to purchase real property  
24 that does not include a construction or renovation component.

25       (3) Projects funded in this section may be required to comply  
26 with Washington's high performance building standards under chapter  
27 39.35D RCW.

28       (4) Project funds are available on a reimbursement basis only and  
29 may not be advanced under any circumstances.

30       (5) In contracts for grants authorized under this section, the  
31 department shall include provisions that require that capital  
32 improvements be held by the grantee for a specified period of time  
33 appropriate to the amount of the grant and that facilities be used  
34 for the express purpose of the grant. If the grantee is found to be  
35 out of compliance with provisions of the contract, the grantee shall  
36 repay to the state general fund the principal amount of the grant  
37 plus interest calculated at the rate of interest on state of

1 Washington general obligation bonds issued most closely to the date  
2 of authorization of the grant.

3 (6) Projects funded in this section, including those that are  
4 owned and operated by nonprofit organizations, are generally required  
5 to pay state prevailing wages.

6 (7) The department must comply with the requirements set forth in  
7 executive order 21-02 and must consult with the department of  
8 archaeology and historic preservation and affected tribes on the  
9 potential effects of these projects on cultural resources and  
10 historic properties. Consultation with the department of archaeology  
11 and historic preservation and affected tribes must be initiated  
12 before project funds are made available.

**FOR THE DEPARTMENT OF COMMERCE**

2023-25 Community Solar Resilience Hubs (40000620)

The appropriation in this section is subject to the following conditions and limitations:

(1) Except as provided in subsection (3), the appropriation in this section takes effect January 1, 2025, and is provided solely for grants to increase solar deployment and installation of battery storage in community buildings to enhance grid resiliency and provide backup power for critical needs, such as plug load and refrigeration for medication, during outages, or to provide incentives to support electric utility demand response programs that include customer-sited solar and battery storage systems. Eligible uses of the amounts provided in this section include, but are not limited to, planning and predevelopment work with vulnerable, highly impacted, and rural communities.

(2) For the purposes of this section "community buildings" means K-12 schools, community colleges, community centers, recreation centers, libraries, tribal buildings, state and local government buildings, and other publicly owned infrastructure.

1 (3) To the extent funding in this section is not allocated, and  
2 after January 1, 2025, the appropriation in this section may be used  
3 to leverage federal match dollars for other projects consistent with  
4 the state energy strategy and clean energy policies as provided in  
5 section 8008 of this act.

6 Appropriation:

7	Climate Commitment Account—State. . . . .	\$38,000,000
8	Prior Biennia (Expenditures). . . . .	\$0
9	Future Biennia (Projected Costs). . . . .	\$152,000,000
10	TOTAL. . . . .	\$190,000,000

11 NEW SECTION. **Sec. 1021.** A new section is added to 2023 c 474  
12 (uncodified) to read as follows:

13 **FOR THE DEPARTMENT OF COMMERCE**

14 2023-25 Community Solar (40000621)

15 The appropriation in this section is subject to the following  
16 conditions and limitations:

17 (1) Except as provided in subsection (3), the appropriation in  
18 this section takes effect January 1, 2025, and is provided solely for  
19 a grant program to provide solar and battery storage community solar  
20 projects for public assistance organizations serving low-income  
21 communities. Eligible uses of the amounts provided in this section  
22 include, but are not limited to, planning and predevelopment work  
23 with vulnerable, highly impacted, and rural communities.

24 (a) Grants are not to exceed 100 percent of the cost of the  
25 project, taking into account any federal tax credits or other federal  
26 or nonfederal grants or incentives that the project is benefiting  
27 from.

28 (b) Priority must be given to projects sited on "preferred sites"  
29 such as rooftops, structures, existing impervious surfaces,  
30 landfills, brownfields, previously developed sites, irrigation canals  
31 and ponds, storm water collection ponds, industrial areas, dual-use  
32 solar projects that ensure ongoing agricultural operations, and other  
33 sites that do not displace critical habitat or productive farmland.

34 (2) For the purposes of this section "low-income" has the same  
35 meaning as provided in RCW 19.405.020 and "community solar project"  
36 means a solar energy system that: Has a direct current nameplate  
37 capacity that is greater than 12 kilowatts but no greater than 1,000

1 kilowatts; and has, at minimum, either two subscribers or one low-  
2 income service provider subscriber.

3 (3) To the extent funding in this section is not allocated, and  
4 after January 1, 2025, the appropriation in this section may be used  
5 to leverage federal match dollars for other projects consistent with  
6 the state energy strategy and clean energy policies as provided in  
7 section 8008 of this act.

8 Appropriation:

9	Climate Commitment Account—State. . . . .	\$6,000,000
10	Prior Biennia (Expenditures). . . . .	\$0
11	Future Biennia (Projected Costs). . . . .	\$24,000,000
12	TOTAL. . . . .	\$30,000,000

13 NEW SECTION. **Sec. 1022.** A new section is added to 2023 c 474  
14 (uncodified) to read as follows:

15 **FOR THE DEPARTMENT OF COMMERCE**

16 2023-25 Community EV Charging (40000622)

17 The appropriation in this section is subject to the following  
18 conditions and limitations:

19 (1) Except as provided in subsection (7) of this section, the  
20 appropriation in this section takes effect January 1, 2025, and is  
21 provided solely for the development of community electric vehicle  
22 charging infrastructure.

23 (2) Funding provided in this section must be used for projects  
24 that provide a benefit to the public through development,  
25 demonstration, and deployment of clean energy technologies that save  
26 energy and reduce energy costs, reduce harmful air emissions, or  
27 increase energy independence for the state.

28 (3) Projects that receive funding under this section must be  
29 implemented by, or include partners from, one or more of the  
30 following: Local governments, federally recognized tribal  
31 governments, or public and private electrical utilities that serve  
32 retail customers in the state.

33 (4) Grant funding must be used for level two or higher charging  
34 infrastructure and related costs including, but not limited to,  
35 construction and site improvements. Projects may include a robust  
36 public and private outreach plan that includes engaging with affected  
37 parties in conjunction with the new electric vehicle infrastructure.

1 (5) The department must prioritize funding for projects in the  
2 following order:

- 3 (a) Multifamily housing;
- 4 (b) Publicly available charging at any location;
- 5 (c) Schools and school districts;
- 6 (d) State and local government buildings and office buildings;
- 7 (e) All other eligible projects.

8 (6) The department must coordinate with other electrification  
9 programs, including projects developed by the department of  
10 transportation, to determine the most effective distribution of the  
11 systems. The department must also collaborate with the interagency  
12 electric vehicle coordinating council established in RCW 43.392.030  
13 to implement this section and must work to meet benchmarks  
14 established in chapter 182, Laws of 2022.

15 (7) To the extent funding in this section is not allocated, and  
16 after January 1, 2025, the appropriation in this section may be used  
17 to leverage federal match dollars for other projects consistent with  
18 the state energy strategy and clean energy policies as provided in  
19 section 8008 of this act.

1 Energy Efficiency Revolving Loan Fund Capitalization Program  
2 (40000629)

3 The appropriation in this section is subject to the following  
4 conditions and limitations: The appropriation in this section is  
5 provided solely as expenditure authority for grant funding received  
6 by the department for the energy efficiency revolving loan fund  
7 capitalization program in section 40502 of P.L. 117-58  
8 (infrastructure investment and jobs act). The department's  
9 expenditures under this section may not exceed the actual amount of  
10 grant funding awarded.

20 Public Utilities Relocation (91002418)

21 The appropriation in this section is subject to the following  
22 conditions and limitations:

23 (1) The appropriation in this section is provided solely for the  
24 public works board to enter into a professional services contract for  
25 the purpose of estimating the cost to local governments and special  
26 purpose districts for relocating publicly owned utility  
27 infrastructure due to state-funded fish barrier removal projects  
28 associated with roads and highways. The public works board shall  
29 consult with the department of transportation, the Brian Abbott fish  
30 barrier removal board, the transportation improvement board, the  
31 county road administration board, the department of fish and  
32 wildlife, the interagency, multijurisdictional system improvement  
33 team established in RCW 43.155.150, the municipal research and  
34 services center, the department of commerce, and other agencies as  
35 necessary, to evaluate the financial impact to local governments and  
36 special purpose districts.

1 (2) The public works board shall report to the governor and the  
2 appropriate fiscal committees of the legislature by (~~November~~)  
3 December 1, 2024, the results of the evaluation, including the  
4 estimated:

5 (a) Number of state and locally owned fish barriers remaining to  
6 be corrected;

7 (b) Number of fish barriers that may require relocation of  
8 publicly owned utilities; and

9 (c) Costs for relocation of publicly owned utilities due to  
10 removal of fish barriers along local or state roads and highways.

11 Appropriation:

12	Public Works Assistance Account—State. . . . .	\$300,000
13	Prior Biennia (Expenditures). . . . .	\$0
14	Future Biennia (Projected Costs). . . . .	\$0

19 Local Emission Reduction Projects (91002184)

20 The appropriations in this section are subject to the following  
21 conditions and limitations:

22 (1) (~~The~~) Except as provided in subsection (2) of this section,  
23 the appropriations in this section are provided solely for the  
24 following list of projects:

25	C6 Forest to Farm Biochar Pilot Plant	
26	(Leavenworth). . . . .	\$1,425,000
27	Great Northern School District HVAC	
28	Installation (Spokane). . . . .	\$1,613,000

32	Outdoor Fields LED Retrofit and Solar Installation	
33	(Tukwila). . . . .	\$500,000
34	Process Water Reuse Facility (Pasco). . . . .	\$5,050,000
35	Small Faces Preschool HVAC Upgrades (Seattle). . . . .	\$435,000
36	Waterfront Low Carbon District Energy System	
37	(Bellingham). . . . .	\$100,000

1 (2) \$14,100,000 of the climate commitment account—state  
2 appropriation in this section takes effect January 1, 2025, and is  
3 provided solely for the following list of projects:

4	<u>Nisqually Indian Tribe Microgrid System. . . . .</u>	<u>\$8,600,000</u>
5	<u>Algae Carbon Sequestration and Regenerative Soils. . . . .</u>	<u>\$2,500,000</u>
6	<u>HAPO Community Center. . . . .</u>	<u>\$3,000,000</u>

7 (3) The department may not expend funding for a project in this  
8 section unless and until the nonstate share of that project's costs  
9 have been either expended or firmly committed, or both, in an amount  
10 sufficient to complete the project or a distinct phase of the  
11 project. This requirement does not apply to projects where a share of  
12 the appropriation is for design costs only.

13 ((3)) (4) Prior to receiving funding, grant recipients must  
14 demonstrate that the project site is under control for a minimum of  
15 10 years, either through ownership or a long-term lease. This  
16 requirement does not apply to grants for preconstruction activities  
17 or grants in which the sole purpose is to purchase real property that  
18 does not include a construction or renovation component.

19 ((4)) (5) In contracts for grants authorized under this  
20 section, the department must include provisions that require that  
21 capital improvements be held by the grantee for a specified period of  
22 time appropriate to the amount of the grant and that facilities be  
23 used for the express purpose of the grant. If the department finds  
24 the grantee to be out of compliance with provisions of the contract,  
25 the grantee shall repay to the state general fund the principal  
26 amount of the grant plus interest calculated at the rate of interest  
27 on state of Washington general obligation bonds issued most closely  
28 to the date of authorization of the grant.

19 The appropriation in this section is subject to the following  
20 conditions and limitations:

21 (1) \$55,000,000 of the climate commitment account—state  
22 appropriation in this section takes effect January 1, 2025, and is  
23 provided solely for the department to issue grants to affordable  
24 multifamily projects within the housing trust fund portfolio to  
25 decarbonize and transition from the direct use of fossil fuels.

26 (2) Grants may include, but are not limited to: Conducting  
27 benchmarking, technical assistance, energy management, operations and  
28 maintenance planning, deep retrofits, energy efficiency upgrades and  
29 greenhouse gas emission reductions, renewable energy generation,  
30 installation of high-efficiency electric appliances and equipment,  
31 including high-efficiency heat pumps, and other decarbonization  
32 investments.

33 (3) Individual grant awards may not exceed \$10,000,000. The  
34 department must award funding at a sufficient level to complete the  
35 financing package necessary for an applicant to accomplish the  
36 requested scope of work. The department must prioritize providing

1 meaningful benefits to vulnerable populations in overburdened  
2 communities as defined in RCW 70A.02.010.

35	Yakima County: Yakima County Stadium. . . . .	\$525,000

1 (2) The funding appropriated under this section must be combined  
2 with local funds.

3 (3) The department may not expend funding for a project in this  
4 section unless and until the nonstate share of that project's costs  
5 have been either expended or firmly committed, or both, in an amount  
6 sufficient to complete the project or a distinct phase of the  
7 project. This requirement does not apply to projects where a share of  
8 the appropriation is for design costs only.

9 (4) Prior to receiving funding, grant recipients must demonstrate  
10 that the project site is under control for a minimum of 10 years,  
11 either through ownership or a long-term lease. This requirement does  
12 not apply to grants for preconstruction activities or grants in which  
13 the sole purpose is to purchase real property that does not include a  
14 construction or renovation component.

15 (5) In contracts for grants authorized under this section, the  
16 department must include provisions that require that capital  
17 improvements be held by the grantee for a specified period of time  
18 appropriate to the amount of the grant and that facilities be used  
19 for the express purpose of the grant. If the department finds the  
20 grantee to be out of compliance with provisions of the contract, the  
21 grantee shall repay to the state general fund the principal amount of  
22 the grant plus interest calculated at the rate of interest on state  
23 of Washington general obligation bonds issued most closely to the  
24 date of authorization of the grant.

25 (6) \$360,000 of the state building construction account—state  
26 appropriation in this section is provided solely for administrative  
27 costs.

32 Legislative Campus Modernization (92000020)

33 The appropriations in this section are subject to the following  
34 conditions and limitations:

35 (1) The reappropriations are subject to the provisions of section  
36 1059, chapter 296, Laws of 2022.

1 (2) The department must consult with the senate facilities and  
2 operations committee or its designees and the house of  
3 representatives' executive rules committee or its designees at least  
4 every other month.

5 (3) All appropriations must be coded and tracked as separate  
6 discrete subprojects in the agency financial reporting system.

7 (4) If the department receives information, after value  
8 engineering has been performed, that projected costs for any of the  
9 subprojects in subsections (5), (6), or (7) of this section will  
10 exceed the amount provided in the respective subsections, including  
11 projected costs in future biennia, the department must timely notify  
12 and provide that information in writing to the project executive  
13 team. Prior to proceeding with design or construction, the department  
14 must:

15 (a) Provide at least three options that do not include square  
16 footage reduction to reduce the subproject costs to stay within the  
17 amount provided for that subproject and the project schedule;

18 (b) Consult with the project executive team on the options  
19 offered, prior to proceeding with a reduced cost option; and

20 (c) Receive majority consensus from the project executive team to  
21 either adopt and move forward with reduced cost options that bring  
22 the subproject costs within amounts appropriated or adopt a tentative  
23 modified budget for the subproject. If a tentative modified budget is  
24 adopted, the department must seek additional funding in the next  
25 agency budget submittal.

26 (5) (~~(\$20,751,000)~~) \$25,651,000 of the (~~amount~~) state building  
27 construction account—state appropriation provided in this section is  
28 provided solely for the Irv Newhouse building replacement design and  
29 construction subproject on opportunity site six west. The department  
30 must:

31 (a) Start Newhouse building construction by July 1, 2023;

32 (b) Complete Newhouse building construction by October 31, 2024;  
33 and

34 (c) Consult with the leadership of the senate, or their  
35 designees, at least every month, beginning July 1, 2023.

36 (6) (~~(\$87,000,000 of the amount)~~) \$84,593,000 of the state  
37 building construction account—state appropriation provided in this  
38 section is provided solely for the rehabilitation, design, and  
39 construction of the Pritchard building and the renovation of the John  
40 L. O'Brien building subproject. The legislature intends to provide

1 funding in the amount of (~~(\$136,504,000)~~) \$134,097,000 over the  
2 course of the 2023-2025 and the 2025-2027 fiscal biennia for design  
3 and construction of this project. Pursuant to RCW 43.88.130, the  
4 department may enter into a multibiennium contract for the  
5 construction of the subproject. Nothing in this section authorizes  
6 the agency to make an expenditure without an appropriation.

7 (7) (~~(\$4,865,000 of the amount)~~) \$11,872,000 of the state  
8 building construction account—state appropriation and \$1,000,000 of  
9 the climate commitment account—state appropriation provided in this  
10 section (~~(is)~~) are provided solely for the legislative campus  
11 modernization global subproject that includes, but is not limited to,  
12 the visitor lot (opportunity site six east), Columbia street site  
13 work, the legislative modular building, 15th avenue southwest, the  
14 John A. Cherberg parking lot on 15th avenue southwest, the John L.  
15 O'Brien parking lot on 15th avenue southwest, and Water street site  
16 work.

17 (8) \$1,000,000 of the model toxics control capital account—state

30 NEW SECTION. **Sec. 3030.** A new section is added to 2023 c 474  
31 (uncodified) to read as follows:

32 **FOR THE DEPARTMENT OF NATURAL RESOURCES**

33 Wildfire Reforestation Grants (92000063)

34 The appropriation in this section is subject to the following  
35 conditions and limitations: The appropriation in this section takes

1 effect January 1, 2025, and is provided solely for the department to  
2 administer grants for post-wildfire reforestation on lands owned by  
3 tribes, nonprofit organizations, industrial and nonindustrial private  
4 forest landowners, local governments, and other state agencies. Lands  
5 owned by the federal government or lands managed by the department  
6 are not eligible for funds in this section.

7 (1) The department must establish criteria for the grant program  
8 funded in this section, allowing for land preparation, sourcing of  
9 seedlings, reforestation, and efforts to promote seedling survival.

10 (2) Criteria must include:

11 (a) A cost-share percentage not to exceed 50 percent of the grant  
12 award, including any in-kind contributions;

13 (b) Minimum and maximum potential grant awards;

14 (c) The prioritization of funds for direct reforestation efforts;

15 (d) Ensuring the applicant's projects are not required by law;

16 (e) Specific considerations for grant applicants proposing to  
17 include the reforestation of riparian buffers, potentially unstable  
18 slopes, or other areas where harvest is restricted due to state  
19 regulations that were affected by the underlying catastrophic event;  
20 and

21 (f) Consideration of any relevant environmental justice  
22 assessments under RCW 70A.02.060.

23 Appropriation:

24	Natural Climate Solutions Account—State. . . . .	\$2,500,000
25	Prior Biennia (Expenditures). . . . .	\$0

31 Agricultural Carbon Storage and Sequestration (40000001)

32 The appropriation in this section is subject to the following  
33 conditions and limitations:

34 (1) The appropriation in this section takes effect January 1,  
35 2025, and is provided solely for grants to improve carbon storage and  
36 sequestration on agricultural lands.

37 (2) Only agricultural producers are eligible to receive grants.

38 (3) Eligible activities include:

1 (a) Agricultural management practices focused on soil health that  
2 will result in improved carbon outcomes, including carbon storage,  
3 sequestration, or reducing greenhouse gas emissions; and

4 (b) Research that creates tools intended to support farms in  
5 reducing greenhouse gas emissions or improving carbon storage and  
6 sequestration.

7 (c) Activities pursuant to (a) and (b) of this subsection by  
8 applying live, native algae produced and delivered on farms.

9 Appropriation:

19 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION**

20 2023-25 Small District & Tribal Compact Schools Modernization  
21 (40000065)

22 The appropriations in this section are subject to the following  
23 conditions and limitations:

24 (1) ((~~\$78,390,000~~)) \$180,646,000 of the common school  
25 construction account—state appropriation ((~~and \$3,000,000 of the~~  
26 ~~common school construction fund federal appropriation~~)) in this  
27 section ((~~are~~)) is provided solely for modernization grants for small  
28 school districts authorized under RCW 28A.525.159. Of this amount,  
29 \$84,000,000 is provided solely for small district modernization  
30 grants, not to exceed \$6,000,000 per grant, to school districts that  
31 were awarded a planning grant in 2023-2025 fiscal biennium pursuant  
32 to LEAP capital document No. OSPI-1-2023, developed April 10, 2023.  
33 Small districts awarded a planning grant pursuant to this list that  
34 do not receive a modernization grant in the 2023-2025 fiscal biennium  
35 are eligible for a modernization grant up to the maximum state  
36 funding level established under subsection (5)(a) of this section.  
37 The office of the superintendent of public instruction shall report

1 the status and award amounts of all grants awarded pursuant to this  
2 section to the governor and appropriate fiscal committees of the  
3 legislature no later than September 15, 2024.

4 (2) (~~(\$1,496,000)~~) \$2,307,000 of the common school construction  
5 account—state appropriation in this section is provided solely for  
6 planning grants for small school districts authorized under RCW  
7 28A.525.159. Planning grants may not exceed \$50,000 per district.  
8 Planning grants may only be awarded to school districts with an  
9 estimated total project cost of \$6,000,000 or less.

10 (3) \$12,145,000 of the state building construction account—state  
11 appropriation in this section is provided solely for planning grants  
12 and modernization grants to state-tribal compact schools. The  
13 superintendent of public instruction may prioritize planning grants  
14 for state-tribal compact schools with the most serious building  
15 deficiencies and the most limited financial capacity.

16 (4) (~~(\$5,000,000)~~) \$6,800,000 of the climate commitment account—  
17 state appropriation in this section is provided solely for energy  
18 assessment grants for small school districts eligible under RCW  
19 28A.525.159. Grant funding awarded may be used to perform facility  
20 energy assessments of instructional buildings.

21 (5) (a) The superintendent of public instruction shall submit a  
22 list of small school district modernization projects, as prioritized  
23 by the advisory committee under RCW 28A.525.159, to the legislature  
24 and the governor by September 15, 2024. The list must include:  
25 (~~((a))~~) (i) A description of the project; (~~((b))~~) (ii) the proposed  
26 state funding level, not to exceed (~~(\$6,000,000)~~) \$10,000,000 per  
27 project; (~~((c))~~) (iii) estimated total project costs; and (~~((d))~~)  
28 (iv) local funding resources.

29 (b) In addition to the list required in (a) of this subsection,  
30 the superintendent of public instruction shall submit an alternative  
31 list, prioritized by the advisory committee, that includes small  
32 school districts with 2,000 students or less. The list must include  
33 the following information: (i) A description of the project; (ii) the  
34 proposed state funding level, not to exceed \$10,000,000; (iii)  
35 estimated total project costs; and (iv) local funding resources.

36 (6) (~~(The)~~) (a) Subject to (b) of this subsection (6), the  
37 appropriations in this section may be awarded only to projects  
38 approved by the legislature, as identified in LEAP capital document

1 No. OSPI-1-2023, developed April 10, 2023 and in LEAP capital  
2 document No. OSPI-1-2024, developed February 1, 2024.

3 (b) To the extent the amounts appropriated for small districts  
4 and state-tribal compact schools specified in the LEAP capital  
5 documents in (a) of this subsection exceeds the actual costs of  
6 funding these projects, the department may reallocate excess funding  
7 to eligible projects pursuant to RCW 28A.525.159. However, the total  
8 funding appropriated to eligible small district projects must remain  
9 allocated to eligible small district projects, and the total funding  
10 appropriated to eligible state-tribal compact school projects must  
11 remain allocated to eligible state-tribal compact school projects.

27 follows:

28 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION**

29 2023-25 School District Health and Safety (40000067)

30 The appropriation in this section is subject to the following  
31 conditions and limitations:

32 (1) ((~~\$5,000,000~~)) \$11,000,000 of the appropriation in this  
33 section is provided solely for emergency repair grants to address  
34 unexpected and imminent health and safety hazards at K-12 public  
35 schools, including skill centers, that will impact the day-to-day  
36 operations of the school facility, and this is the maximum amount  
37 that may be spent for this purpose. For emergency repair grants only,

1 an emergency declaration must be signed by the school district board  
2 of directors and submitted to the superintendent of public  
3 instruction for consideration. The emergency declaration must include  
4 a description of the imminent health and safety hazard, the possible  
5 cause, the proposed scope of emergency repair work and related cost  
6 estimate, and identification of local funding to be applied to the  
7 project. Grants of emergency repair moneys must be conditioned upon  
8 the written commitment and plan of the school district board of  
9 directors to repay the grant with any insurance payments or other  
10 judgments that may be awarded, if applicable.

11 (2) (~~(\$11,600,000)~~) \$12,700,000 of the appropriation in this  
12 section is provided solely for urgent repair grants to address  
13 nonrecurring urgent small repair projects at K-12 public schools,  
14 excluding skill centers, that could impact the health and safety of  
15 students and staff if not completed, and this is the maximum amount  
16 that may be spent for this purpose. The office of the superintendent  
17 of public instruction, after consulting with maintenance and  
18 operations administrators of school districts, shall develop criteria  
19 and assurances for providing funding for specific projects through a  
20 competitive grant program. The criteria and assurances must include,  
21 but are not limited to, the following: (a) Limiting school districts  
22 to one grant, not to exceed \$500,000, per three-year period; (b)  
23 prioritizing applications based on limited school district financial  
24 resources for the project; and (c) requiring any district receiving  
25 funding provided in this section to demonstrate a consistent  
26 commitment to addressing school facility needs. The grant  
27 applications must include a comprehensive description of the health  
28 and safety issues to be addressed, a detailed description of the  
29 remedy, including a detailed cost estimate of the repair or  
30 replacement work to be performed, and identification of local  
31 funding, if any, which will be applied to the project. Grants may be  
32 used for, but are not limited to: Repair or replacement of failing  
33 building systems, abatement of potentially hazardous materials, and  
34 safety-related structural improvements.

35 (3) (~~(\$3,600,000)~~) \$4,600,000 of the appropriation in this  
36 section is provided solely for equal access grants for facility  
37 repairs and alterations at K-12 public schools, including skills  
38 centers, to improve compliance with the Americans with disabilities  
39 act and individuals with disabilities education act, and this is the  
40 maximum amount that may be spent for this purpose. The office of the

1 superintendent of public instruction shall develop criteria and  
 2 assurances for providing funding for specific projects through a  
 3 competitive grant program. The criteria and assurances must include,  
 4 but are not limited to, the following: (a) Limiting districts to one  
 5 grant, not to exceed \$100,000, per three-year period; (b)  
 6 prioritizing applications based on limited school district financial  
 7 resources for the project; and (c) requiring recipient districts to  
 8 demonstrate a consistent commitment to addressing school facility  
 9 needs. The grant applications must include a description of the  
 10 Americans with disabilities act or individuals with disabilities  
 11 education act compliance deficiency, a comprehensive description of  
 12 the facility accessibility issues to be addressed, a detailed  
 13 description of the remedy including a detailed cost estimate of the  
 14 repair or replacement work to be performed, and identification of  
 15 local funding, if any, which will be applied to the project. Priority  
 16 for grant funding must be given to school districts that demonstrate  
 17 a lack of capital resources to address the compliance deficiencies  
 18 outlined in the grant application.

19 (4) The superintendent of public instruction must notify the  
 20 office of financial management, the legislative evaluation and  
 21 accountability program committee, the house capital budget committee,  
 22 and the senate ways and means committee as projects described in  
 23 subsection (1) of this section are approved for funding.

36 2023-25 Healthy Kids-Healthy Schools (40000068)

37 The appropriations in this section are subject to the following  
 38 conditions and limitations:

1 (1) (a) (~~(\$10,000,000)~~) \$11,500,000 of the common school  
2 construction account—state appropriation in this section is provided  
3 solely for healthy kids and healthy schools grants for projects that  
4 are consistent with the healthiest next generation priorities.

5 (b) The appropriation in this subsection (1) is provided solely  
6 for grant funding to school districts for the purchase of equipment  
7 or to make repairs to existing equipment that is related to  
8 improving: (i) Children's physical health, and may include, but is  
9 not limited to, fitness playground equipment, covered play areas, and  
10 physical education equipment or related structures or renovation; and  
11 (ii) children's nutrition, and may include, but is not limited to,  
12 garden related structures and greenhouses to provide students access  
13 to fresh produce, and kitchen equipment or upgrades.

14 (c) The office of the superintendent of public instruction shall  
15 develop criteria for grant funding under this subsection (1) that  
16 include, but are not limited to, the following requirements: (i)  
17 Districts may apply for grants, but no single district may receive  
18 more than \$200,000 of the appropriation for grants awarded under this  
19 section; (ii) any district receiving funding provided in this section  
20 must demonstrate a consistent commitment to addressing school  
21 facilities' needs; and (iii) applicants with a high percentage of  
22 students who are eligible and enrolled in the free and reduced-price  
23 meals program may be prioritized.

24 (2) \$1,500,000 of the state building construction account—state  
25 appropriation in this section is provided solely for grants to school  
26 districts, charter schools, and state-tribal education compact  
27 schools for the replacement of lead-contaminated pipes, drinking  
28 water fixtures, and the purchase of water filters, including the  
29 labor costs of remediation design, installation, and construction.

16       School District Indoor Air Quality & Energy Efficiency (40000104)

17       The appropriations in this section are subject to the following  
18 conditions and limitations: \$30,000,000 of the climate commitment  
19 account—state appropriation and \$10,000,000 of the common school  
20 construction account—state appropriation in this section are provided  
21 solely for the following:

22       (1) Grants to school districts for heating, ventilation, and air  
23 conditioning (HVAC) systems, air filtration enhancement, and general  
24 air quality and energy efficiency improvements. Funding is provided  
25 to aid in the transition of school buildings away from fossil fuels  
26 and improving indoor air quality by installing high efficiency  
27 electric heat pumps, energy efficiency upgrades, and other high  
28 efficiency electric equipment and air filtration systems.

29       (2) Funding must be prioritized for school districts:

- 30       (a) In overburdened communities, as defined in RCW 70A.65.010;
- 31       (b) With limited financial capacity; and
- 32       (c) Relying on costly, energy inefficient equipment.

33       (3) Grantees may seek technical assistance from local health  
34 jurisdiction school safety programs or the department of health, as  
35 applicable.

1 (4) \$500,000 of the climate commitment account—state  
2 appropriation in this section is provided solely to schools in  
3 communities located near and under Seattle-Tacoma international  
4 airport flight paths for air filtration systems with HEPA filters  
5 that can remove ultrafine pollution particles from the air caused by  
6 aircraft traffic, as identified in the mobile observations of  
7 ultrafine particles published by the University of Washington.

8 (5) The appropriation in this section from the climate commitment  
9 account—state takes effect January 1, 2025.

20 Energy Assessment Grants to School Districts (91000509)

21 The appropriation in this section is subject to the following  
22 conditions and limitations:

23 (1) \$4,900,000 of the climate commitment account—state  
24 appropriation in this section takes effect January 1, 2025, and is  
25 provided solely for energy assessment grants to school districts for  
26 buildings that exceed 220,000 gross square feet pursuant to  
27 compliance with the state's energy-related building standards in  
28 chapter 19.27A RCW. Assessments funded under this subsection must  
29 include professional cost estimates for mitigating the energy use  
30 intensity deficiencies identified. The office of the superintendent  
31 of public instruction must collect the cost estimate data from school  
32 districts receiving a grant under this subsection and report a  
33 summary of the collected cost data, as well as a list of specific  
34 capital projects for school districts developed from this data, to  
35 the appropriate fiscal committees of the legislature by January 6,  
36 2025.

1 (2) \$50,000 of the common school construction account—state  
2 appropriation in this section is provided for the office of the  
3 superintendent of public instruction to make modifications to its  
4 information and condition of schools system related to implementing  
5 this section.

6 (3) If applications for energy assessment grants under this  
7 section exceed funds available, the office of the superintendent of  
8 public instruction must prioritize grants for school buildings that  
9 are likely to require the most substantial improvements related to  
10 compliance with chapter 19.27A RCW and for school districts that have  
11 the most limited financial capacity. The office of the superintendent  
12 of public instruction shall make such prioritizations using  
13 facilities data from the information and condition of schools  
14 database and through information provided by the school district at  
15 the time of application.

27       2024 School Construction Assistance Program Enhancement  
28 (92001066)

29       The appropriations in this section are subject to the following  
30 conditions and limitations:

- 31       (1) The construction cost allocation, which is used to determine  
32 the maximum cost per square foot of construction that the state will  
33 recognize in the school construction assistance program, is increased  
34 from \$271.61 per square foot to \$400.00 per square foot in fiscal  
35 year 2025. It is the intent of the legislature to increase the  
36 construction cost allocation by the same inflation rate used by the

1 office of financial management's C-100 form in subsequent years. This  
2 inflation rate is the same rate used by all other state agencies for  
3 determining future costs.

4 (2) (a) Up to \$59,328,000 of the state building construction  
5 account—state appropriation and \$59,000 of the common school  
6 construction fund—state appropriation in this section are provided  
7 for allocations to school districts for the sales and use taxes  
8 associated with school construction projects as follows:

9 (i) As provided in and for the implementation of Senate Bill No.  
10 5789 (school projects/sales tax); and

11 (ii) Any school district that enacts a school bond in the  
12 February 13, 2024, school bond election is eligible for the state  
13 sales and use taxes levied through the state of Washington and local  
14 option sales and use taxes levied by political subdivisions  
15 chargeable to the project for which the bond was levied.

16 (b) If Senate Bill No. 5789 (school projects/sales tax) is not  
17 enacted by June 30, 2024, the appropriation provided in this  
18 subsection (2) shall lapse.

34       2021-23 Water Banking (91000373)

1 The reappropriations in this section are subject to the following  
2 conditions and limitations: (~~The reappropriations are subject to the~~  
3 ~~provisions of section 7052 of this act.~~)

4 (1) (a) The appropriations in this section are provided solely for  
5 the department to administer a pilot grant program for water banking  
6 strategies to meet local water needs.

7 (b) \$2,000,000 is provided solely for qualified applicants  
8 located within the Methow River Basin.

9 (2) (a) Grant awards may only be used for:

10 (i) Development of water banks in rural counties as defined in  
11 RCW 82.14.370;

12 (ii) Acquisition of water rights appropriate for use in a water  
13 bank including all costs necessary to evaluate the water right for  
14 eligibility for its intended use; and

15 (iii) Activities necessary to facilitate the creation of a water  
16 bank.

17 (b) For applicants located outside of the Methow River Basin,  
18 grant awards may only be used for water banking strategies within the  
19 county of origin.

20 (3) Grant awards may not exceed \$4,000,000 per applicant.

21 (4) For the purposes of a grant pursuant to this section, a water  
22 bank must meet water needs, which include, but are not limited to,  
23 agricultural use and instream flow for fish and wildlife. The water  
24 bank must preserve water rights for use in the county of origin and  
25 for permanent instream flows for fish and wildlife through the  
26 primary and secondary reaches of the water right.

27 (5) To be eligible to receive a grant under this section, an  
28 applicant must:

29 (a) Be a public entity or a participant in a public-private  
30 partnership with a public entity;

31 (b) Exhibit sufficient expertise and capacity to develop and  
32 maintain a water bank consistent with the purposes of this  
33 appropriation;

34 (c) Secure a valid interest to purchase a water right;

35 (d) Show that the water rights appear to be adequate for the  
36 intended use; and

37 (e) Agree to have one-third of any water right purchased with the  
38 funds appropriated under this section to have its purpose of use  
39 changed permanently to instream flow benefiting fish and wildlife.

1 (6) In determining whether a grant request is eligible for  
2 funding under this section, the department may not disqualify  
3 proposals that purchase water rights from an existing water bank.

9 (~~(\$371,683,000)~~) \$342,236,404 for the 2025-2027 biennium, and  
10 (~~(\$519,454,000)~~) \$491,366,915 for the 2027-2029 biennium.

11 **Sec. 8002.** 2023 c 474 s 8002 (uncodified) is amended to read as  
12 follows:

13 ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL  
14 CONTRACTS. (1) The following agencies may enter into financial  
15 contracts, paid from any funds of an agency, appropriated or  
16 nonappropriated, for the purposes indicated and in not more than the  
17 principal amounts indicated, plus financing expenses and required  
18 reserves pursuant to chapter 39.94 RCW. When securing properties  
19 under this section, agencies shall use the most economical financial  
20 contract option available, including long-term leases, lease-purchase  
21 agreements, lease-development with option to purchase agreements or  
22 financial contracts using certificates of participation. Expenditures  
23 made by an agency for one of the indicated purposes before the issue  
24 date of the authorized financial contract and any certificates of  
25 participation therein are intended to be reimbursed from proceeds of  
26 the financial contract and any certificates of participation therein  
27 to the extent provided in the agency's financing plan approved by the  
28 state finance committee.

29 (2) Those noninstructional facilities of higher education  
30 institutions authorized in this section to enter into financial  
31 contracts are not eligible for state funded maintenance and  
32 operations. Instructional space that is available for regularly  
33 scheduled classes for academic transfer, basic skills, and workforce  
34 training programs may be eligible for state funded maintenance and  
35 operations.

36 (3) Secretary of state: Enter into a financing contract for up to  
37 \$119,000,000 plus financing expenses, required reserves, and

1 capitalized interest pursuant to chapter 39.94 RCW to construct a new  
2 library-archives building.

3 (4) Department of social and health services: Enter into a  
4 financing contract for up to \$175,888,000 plus costs and financing  
5 expenses, required reserves, and capitalized interest pursuant to  
6 chapter 39.94 RCW to construct a nursing facility on the Fircrest  
7 residential habilitation center campus. The department may contract  
8 to lease develop or lease purchase the facility. Before entering into  
9 a contract, the department must consult with the office of financial  
10 management and the office of the state treasurer. Should the  
11 department of social and health services choose to use a financing  
12 contract that does not provide for the issuance of certificates of  
13 participation, the financing contract shall be subject to approval by  
14 the state finance committee as required by RCW 39.94.010. In  
15 approving a financing contract not providing for the use of  
16 certificates of participation, the state finance committee should be  
17 reasonably certain that the contract is excluded from the computation  
18 of indebtedness, particularly that the contract is not backed by the  
19 full faith and credit of the state and the legislature is expressly  
20 not obligated to appropriate funds to make payments. For purposes of  
21 this subsection, "financing contract" includes but is not limited to  
22 a certificate of participation and tax exempt financing similar to  
23 that authorized in RCW 47.79.140.

24 (5) Western Washington University: Enter into a financing  
25 contract for up to \$4,900,000 plus costs and financing expenses,  
26 required reserves, and capitalized interest pursuant to chapter 39.94  
27 RCW to construct an electrical engineering and computer science  
28 building.

29 (6) The state board for community and technical colleges: Enter  
30 into a financing contract for up to \$2,000,000 plus costs and  
31 financing expenses, required reserves, and capitalized interest  
32 pursuant to chapter 39.94 RCW to renovate building J at the Renton  
33 technical college.

34 NEW SECTION. Sec. 8003. FOR THE STATE TREASURER—TRANSFERS

35 (1) Climate Commitment Account—State: For transfer to the  
36 general fund—state account, \$8,000,000 for fiscal year 2025  
37 for the implementation of Senate Bill No. 6243 (technology  
38 manuf./B&O tax). . . . . \$8,000,000

1 (2) General Fund—State: For transfer  
2 to the stadium and exhibition center capital improvement  
3 account for the purposes of the loan in section (...) of  
4 this act. . . . . \$10,000,000

5 **Sec. 8004.** RCW 70A.65.305 and 2022 c 253 s 1 are each amended to  
6 read as follows:

7 (1) Agencies that allocate funding or administer grant programs  
8 appropriated from the climate investment account created in RCW  
9 70A.65.250, the climate commitment account created in RCW 70A.65.260,  
10 and the natural climate solutions account created in RCW 70A.65.270  
11 must offer early, meaningful, and individual consultation with any  
12 affected federally recognized tribe on all funding decisions and  
13 funding programs that may impact tribal resources, including tribal  
14 cultural resources, archaeological sites, sacred sites, fisheries, or  
15 other rights and interests in tribal lands and lands within which a  
16 tribe or tribes possess rights reserved or protected by federal  
17 treaty, statute, or executive order. The consultation is independent  
18 of, and in addition to, any public participation process required by  
19 federal or state law, or by a federal or state agency, including the  
20 requirements of Executive Order 21-02 related to archaeological and  
21 cultural resources, and regardless of whether the agency receives a  
22 request for consultation from a federally recognized tribe. The goal  
23 of the consultation process is to identify tribal resources or rights  
24 potentially affected by the funding decisions and funding programs,  
25 assess their effects, and seek ways to avoid, minimize, or mitigate  
26 any adverse effects on tribal resources or rights.

27 (2) At the earliest possible date prior to submittal of an  
28 application, applicants for funding from the accounts created in RCW  
29 70A.65.250, 70A.65.260, and 70A.65.270 shall engage in a  
30 preapplication process with all affected federally recognized tribes  
31 within the project area. During the 2023-2025 fiscal biennium, salmon  
32 habitat and climate resilience projects funded from the natural  
33 climate solutions account created in RCW 70A.65.270 that went through  
34 the application and prioritization process before July 1, 2023, are  
35 exempt from the preapplication requirements under this subsection.

36 (a) The preapplication process must include the applicant  
37 notifying the department of archaeology and historic preservation,  
38 the department of fish and wildlife, and all affected federally  
39 recognized tribes within the project area. The notification must

1 include geographical location, detailed scope of the proposed  
2 project, preliminary application details available to federal, state,  
3 or local governmental jurisdictions, and all publicly available  
4 materials, including public funding sources.

5 (b) The applicant must also offer to discuss the project with the  
6 department of archaeology and historic preservation, the department  
7 of fish and wildlife, and all affected federally recognized tribes  
8 within the project area. Discussions may include the project's impact  
9 to tribal resources, including tribal cultural resources,  
10 archaeological sites, sacred sites, fisheries, or other rights and  
11 interests in tribal lands and lands within which a tribe or tribes  
12 possess rights reserved or protected by federal treaty, statute, or  
13 executive order.

14 (c) All affected federally recognized tribes may submit to the  
15 appropriate agency or agencies a summary of tribal issues, questions,  
16 concerns, or other statements regarding the project, which must  
17 become part of the official application file. The summary does not  
18 limit what issues affected federally recognized tribes may raise in  
19 the consultation process identified in subsections (1), (3) through  
20 (7), and (9) of this section.

21 (d) The notification and offer to initiate discussion must be  
22 documented with the application when it is filed, and a copy of the  
23 application must be delivered to the department of archaeology and  
24 historic preservation, the department of fish and wildlife, and to  
25 the affected federally recognized tribe or tribes. If the discussions  
26 pursuant to (b) of this subsection do not occur, the applicant must  
27 document the reason why the discussion or discussions did not occur.

28 (e) Nothing in this section may be interpreted to require the  
29 disclosure of information that is exempt from disclosure pursuant to  
30 RCW 42.56.300 or federal law, including section 304 of the national  
31 historic preservation act of 1966. Any information that is exempt  
32 from disclosure pursuant to RCW 42.56.300 or federal law, including  
33 section 304 of the national historic preservation act of 1966, shall  
34 not become part of the official application file.

35 (3) If any funding decision, program, project, or activity that  
36 may impact tribal resources, including tribal cultural resources,  
37 archaeological sites, sacred sites, fisheries, or other rights and  
38 interests in tribal lands and lands within which a tribe or tribes  
39 possess rights reserved by federal treaty, statute, or executive  
40 order is funded from the accounts created in RCW 70A.65.250,

1 70A.65.260, and 70A.65.270 without such a consultation with an  
2 affected federally recognized tribe, the affected federally  
3 recognized tribe may request that all further action on the decision,  
4 program, project, or activity cease until meaningful consultation is  
5 completed. Upon receipt of such a request by an agency or agencies  
6 with the authority to allocate funding or administer grant programs  
7 from the accounts listed in subsection (1) of this section in support  
8 of the proposed project, further action by the agency or agencies on  
9 any decision, program, project, or activity that would result in  
10 significant physical disturbance of the tribal resource or resources  
11 described in this subsection must cease until the consultation has  
12 been completed.

13 (4) Upon completion of agency and tribal consultation, an  
14 affected federally recognized tribe may request a formal review of  
15 the consultation by submitting a request to the governor's office of  
16 Indian affairs and notifying the appropriate agencies and the  
17 department of archaeology and historic preservation. The state  
18 agencies and tribe must meet to initiate discussion within no more  
19 than 20 days of the request. This consultation must be offered and  
20 conducted separately with each affected federally recognized tribe,  
21 unless the tribes agree to conduct a joint consultation with the  
22 state.

23 (5) After the state agencies and tribe or tribes have conducted a  
24 formal review under subsection (4) of this section, an affected  
25 federally recognized tribe or state agency may request that the  
26 governor and an elected tribal leader or leaders of a federally  
27 recognized tribal government meet to formally consider the  
28 recommendations from the parties. If requested, this meeting must  
29 occur within 30 days of the request, except that a federally  
30 recognized tribe may choose to opt out of the meeting. This timeline  
31 may be extended by mutual agreement between the governor and the  
32 tribal leaders.

33 (6) After the meeting identified in subsection (5) of this  
34 section has occurred, the governor or an elected tribal leader of a  
35 federally recognized tribe may call for the state and tribe or tribes  
36 to enter into formal mediation, except that a federally recognized  
37 tribe may choose to opt out of the mediation. If entered into, the  
38 mediation must be conducted as a government-to-government proceeding,  
39 with each sovereign government retaining their right to a final  
40 decision that meets their separate obligations and interests.

1 Mediators must be jointly selected by the parties to the mediation.  
2 An agreement between the governor and a tribal leader or leaders  
3 resulting from the mediation is formally recognized and binding on  
4 the signatory parties. Absent an agreement, participation in  
5 mediation does not preclude any additional steps that any party can  
6 initiate, including legal review, to resolve a continuing  
7 disagreement.

8 (7) During the proceedings outlined in subsections (4) through  
9 (6) of this section, the agency or agencies with the authority to  
10 allocate funding or administer grant programs from the accounts  
11 listed in subsection (1) of this section in support of the proposed  
12 project may not approve or release funding, or make other formal  
13 decisions, including permitting, that advance the proposed project  
14 except where required by law.

15 (8) By June 30, 2023, the governor's office of Indian affairs, in  
16 coordination with the department of archaeology and historic  
17 preservation and federally recognized tribes, shall develop a state  
18 agency tribal consultation process, including best practices for  
19 early, meaningful, and effective consultation, early notification and  
20 engagement by applicants with federally recognized tribes as a part  
21 of the preapplication process in subsection (2) of this section, and  
22 protocols for communication and collaboration with federally  
23 recognized tribes. The consultation process developed under this  
24 section must be periodically reviewed and updated in coordination  
25 with federally recognized tribes. The governor's office of Indian  
26 affairs must provide training and other technical assistance to state  
27 agencies, as they implement the required consultation.  
28 Notwithstanding the governor's office of Indian affairs' ongoing work  
29 pursuant to this subsection, the provisions of subsections (1)  
30 through (7) and (9) of this section become effective as of June 9,  
31 2022.

32 (9) The requirements of this section apply to local governments  
33 that receive funding from the accounts created in RCW 70A.65.250,  
34 70A.65.260, and 70A.65.270, where that funding is disbursed to  
35 project and program applicants. Where requested, the governor's  
36 office of Indian affairs must provide training and other technical  
37 assistance to local government agencies as they implement the  
38 consultation requirements of this section.

39 (10) Any agency subject to or implementing this section may adopt  
40 rules in furtherance of its duties under this section.

1 (11) Subject to the availability of amounts appropriated for this  
2 specific purpose, the department must establish a tribal capacity  
3 grant program to provide funding to federally recognized tribes for  
4 the costs of implementing this section.

5 **Sec. 8005.** RCW 70A.305.190 and 2022 c 102 s 2 are each amended  
6 to read as follows:

7 (1) The model toxics control capital account is hereby created in  
8 the state treasury.

9 (2) In addition to the funds deposited into the model toxics  
10 control capital account required under RCW 82.21.030, the following  
11 moneys must be deposited into the model toxics control capital  
12 account:

13 (a) The costs of remedial actions recovered under this chapter,  
14 except as provided under RCW 70A.305.170(7);

15 (b) Penalties collected or recovered under this chapter; and

16 (c) Any other money appropriated or transferred to the account by  
17 the legislature.

18 (3) Moneys in the model toxics control capital account must be  
19 used for the improvement, rehabilitation, remediation, and cleanup of  
20 toxic sites and other capital-related expenditures for programs and  
21 activities identified in subsection (4) of this section.

22 (4) Moneys in the model toxics control capital account may be  
23 used only for capital projects and activities that carry out the  
24 purposes of this chapter and for financial assistance to local  
25 governments or other persons to carry out those projects or  
26 activities, including but not limited to the following, generally in  
27 descending order of priority:

28 (a) Remedial actions, including the following generally in  
29 descending order of priority:

30 (i) Extended grant agreements entered into under subsection  
31 (5)(a) of this section;

32 (ii) Grants or loans to local governments for remedial actions,  
33 including planning for adaptive reuse of properties as provided for  
34 under subsection (5)(d) of this section. The department must  
35 prioritize funding of remedial actions at:

36 (A) Facilities on the department's hazardous sites list with a  
37 high hazard ranking for which there is an approved remedial action  
38 work plan or an equivalent document under federal cleanup law;

1 (B) Brownfield properties within a redevelopment opportunity zone  
2 if the local government is a prospective purchaser of the property  
3 and there is a department-approved remedial action work plan or  
4 equivalent document under the federal cleanup law;

5 (iii) Department-conducted remedial actions;

6 (iv) Grants to persons intending to remediate contaminated real  
7 property for development of affordable housing;

8 (v) Public funding to assist potentially liable persons to pay  
9 for the costs of remedial action in compliance with clean-up  
10 standards under RCW 70A.305.030(2) (e) if:

11 (A) The amount and terms of the funding are established under a  
12 settlement agreement under RCW 70A.305.040(4); and

13 (B) The director has found that the funding will achieve both a  
14 substantially more expeditious or enhanced cleanup than would  
15 otherwise occur, and the prevention or mitigation of unfair economic  
16 hardship;

17 (vi) Public funding to assist prospective purchasers to pay for  
18 the costs of remedial action in compliance with clean-up standards  
19 under RCW 70A.305.030(2) (e) if:

20 (A) The facility is located within a redevelopment opportunity  
21 zone designated under RCW 70A.305.150;

22 (B) The amount and terms of the funding are established under a  
23 settlement agreement under RCW 70A.305.040(5); and

24 (C) The director has found the funding will achieve a  
25 substantially more expeditious or enhanced cleanup than would  
26 otherwise occur, provide a public benefit in addition to cleanup  
27 commensurate with the scope of the public funding; and meet any  
28 additional criteria established in rule by the department; and

29 (vii) To expedite multiparty clean-up efforts, purchase of  
30 remedial action cost-cap insurance;

31 (b) Grants, or loans, or contracts to local governments for solid  
32 waste plans and programs under chapters 70A.205, 70A.214, 70A.224,  
33 70A.222, 70A.230, and 70A.300 RCW. Funds must be allocated consistent  
34 with priorities and matching requirements in the respective chapters;

35 (c) Toxic air pollutant reduction programs, including grants or  
36 loans to local governments for woodstoves and diesel;

37 (d) Grants, loans, or contracts to local governments for  
38 hazardous waste plans and programs under chapters 70A.405 and 70A.300  
39 RCW, including chemical action plan implementation. Funds must be

1 allocated consistent with priorities and matching requirements in the  
2 respective chapters; and

3 (e) Petroleum-based plastic or expanded polystyrene foam debris  
4 clean-up activities in fresh or marine waters.

5 (5) The department may establish and administer a program to  
6 provide grants and loans to local governments for remedial actions,  
7 including planning for adaptive reuse of contaminated properties. To  
8 expedite cleanups throughout the state, the department may use the  
9 following strategies when providing grants to local governments under  
10 this subsection:

11 (a) Enter into an extended grant agreement with a local  
12 government conducting remedial actions at a facility where those  
13 actions extend over multiple biennia and the total eligible cost of  
14 those actions exceeds \$20,000,000. The agreement is subject to the  
15 following limitations:

16 (i) The initial duration of such an agreement may not exceed 10  
17 years. The department may extend the duration of such an agreement  
18 upon finding substantial progress has been made on remedial actions  
19 at the facility;

20 (ii) Extended grant agreements may not exceed 50 percent of the  
21 total eligible remedial action costs at the facility; and

22 (iii) The department may not allocate future funding to an  
23 extended grant agreement unless the local government has demonstrated  
24 to the department that funds awarded under the agreement during the  
25 previous biennium have been substantially expended or contracts have  
26 been entered into to substantially expend the funds;

27 (b) Enter into a grant agreement with a local government  
28 conducting a remedial action that provides for periodic reimbursement  
29 of remedial action costs as they are incurred as established in the  
30 agreement;

31 (c) Enter into a grant agreement with a local government prior to  
32 it acquiring a property or obtaining necessary access to conduct  
33 remedial actions, provided the agreement is conditioned upon the  
34 local government acquiring the property or obtaining the access in  
35 accordance with a schedule specified in the agreement;

36 (d) Provide integrated planning grants to local governments to  
37 fund studies necessary to facilitate remedial actions at brownfield  
38 properties and adaptive reuse of properties following remediation.  
39 Eligible activities include, but are not limited to: Environmental  
40 site assessments; remedial investigations; health assessments;

1 feasibility studies; site planning; community involvement; land use  
2 and regulatory analyses; building and infrastructure assessments;  
3 economic and fiscal analyses; and any environmental analyses under  
4 chapter 43.21C RCW;

5 (e) Provide grants to local governments for remedial actions  
6 related to area-wide groundwater contamination. To receive the  
7 funding, the local government does not need to be a potentially  
8 liable person or be required to seek reimbursement of grant funds  
9 from a potentially liable person;

10 (f) The director may alter grant matching requirements to create  
11 incentives for local governments to expedite cleanups when one of the  
12 following conditions exists:

13 (i) Funding would prevent or mitigate unfair economic hardship  
14 imposed by the clean-up liability;

15 (ii) Funding would create new substantial economic development,  
16 public recreational opportunities, or habitat restoration  
17 opportunities that would not otherwise occur; or

18 (iii) Funding would create an opportunity for acquisition and  
19 redevelopment of brownfield property under RCW 70A.305.040(5) that  
20 would not otherwise occur; and

21 (g) When pending grant applications under subsection (4)(d) and  
22 (e) of this section exceed the amount of funds available, designated  
23 redevelopment opportunity zones must receive priority for  
24 distribution of available funds.

25 (6) Except for unanticipated receipts under RCW 43.79.260 through  
26 43.79.282, moneys in model toxics control capital account may be  
27 spent only after appropriation by statute.

28 (7) The legislature finds that, in 2023, wildfires in Spokane  
29 county resulted in a loss of approximately 366 homes as well as  
30 secondary buildings. The burning of these structures has resulted in  
31 a large toxic debris field containing asbestos, heavy metals,  
32 plastics, and fuel which are at risk of leaching into the soil and  
33 groundwater. During the 2023-2025 fiscal biennium, moneys in the  
34 model toxics control capital account may be used for financial  
35 assistance to local governments for the testing of hazardous  
36 materials, removal of debris, and remediation of soil necessary to  
37 support the rebuilding of communities impacted by these wildfires.

1        NEW SECTION.    **Sec. 8006.**    By June 30, 2025, custody and control  
2 of the maple lane campus must be transferred from the department of  
3 corrections to the department of social and health services.

4        NEW SECTION.    **Sec. 8007.**    (1) The legislature recognizes the  
5 honor of Seattle being chosen as a host city for the 2026 FIFA World  
6 Cup soccer competition. The matches will attract hundreds of  
7 thousands of fans to our region and bring unprecedented attention to  
8 Seattle and the state of Washington as a whole. In recognition of the  
9 economic benefit to the state, the legislature intends to provide  
10 assistance in making the capital improvements necessary to host this  
11 event.

12        (2) The stadium and exhibition center capital improvement account  
13 is created in the state treasury for the purpose of advancing moneys  
14 to the Washington state public stadium authority for capital  
15 improvements required to host the 2026 world cup. Moneys in the  
16 account may be spent only after appropriation.

17        (3) The department of commerce must work with the state treasurer  
18 to record distributions from the account and calculate the repayment  
19 obligation for amounts expended. Moneys must be repaid no later than  
20 September 30, 2026, and accrue interest at a rate that is 0.5 percent  
21 higher than the interest rate that the account would have earned  
22 without the transfer. If not earlier paid, on September 30, 2026, the  
23 director of the office of financial management shall direct the state  
24 treasurer to transfer any amounts due from the stadium and exhibition  
25 center account created in RCW 43.99N.060 to the general fund.

26        NEW SECTION.    **Sec. 8008.**    (1) The legislature intends to provide  
27 avenues and funding to allow entities within the state to leverage  
28 federal match funding to the greatest extent possible. During the  
29 2023-2025 fiscal biennium, the department of commerce may use  
30 unallocated amounts appropriated in sections 1020, 1021, and 1022 of  
31 this act for grants under this section with the written authorization  
32 of the director of the office of financial management.

33        (2) Grants under this section may be provided solely for matching  
34 funds to allow entities within the state to compete for and receive  
35 funding opportunities from federal agencies, including but not  
36 limited to, the United States department of energy, the United States  
37 environmental protection agency, the United States department of

1 agriculture, the United States economic development administration,  
2 and the United States department of defense.

3 (3) Entities eligible for grants under this section include, but  
4 are not limited to, local governments, federally recognized tribal  
5 governments and tribes' contracted service providers, public and  
6 private utilities, ports, associate development organizations, for-  
7 profit entities, academic and research institutions, nonprofit  
8 organizations, and state agencies.

9 (4) Projects eligible for funding must be physically located in  
10 Washington state and may be spent only for activities eligible to  
11 match for competitive federal funding and formula grants. Eligible  
12 projects must be consistent with the state energy strategy adopted  
13 under chapter 43.21F RCW and clean energy policies under chapter  
14 19.405 RCW. Projects must further the goals of the climate commitment  
15 act as described in RCW 70A.65.260(1)(j).

16 (5) The department must:

17 (a) Consider equity and environmental justice in developing  
18 opportunities for applicant participation and must follow principles  
19 established in its community engagement plan adopted under RCW  
20 70A.02.050.

21 (b) Consider projects that will spur an additional investment or  
22 economic activity in the region.

23 (c) To the extent practicable, seek projects that provide  
24 benefits to vulnerable populations in overburdened communities, with  
25 a goal of directing at least 20 percent of grants for this purpose.

26 (6) The department may require the applicant to provide nonstate  
27 matching funds beyond the amount required to secure the federal  
28 funding opportunity.

29 (7) On a quarterly basis, the department of commerce and office  
30 of financial management must submit to the capital committees of the  
31 legislature a list of all grants authorized under this section.

32 NEW SECTION. **Sec. 8009.** A new section is added to chapter  
33 70A.01 RCW to read as follows:

34 (1) The consolidated climate account is created in the state  
35 treasury. Revenues to the account consist of appropriations and  
36 transfers by the legislature and all other funding directed for  
37 deposit into the account. Moneys in the account may be spent only  
38 after appropriation.

1 (2) (a) If chapter . . . (Initiative Measure No. 2117), Laws of  
2 2025, is approved by the voters at the next general election and  
3 certified by the secretary of state, any residual balance remaining  
4 in the following accounts must be transferred by the state treasurer  
5 to the consolidated climate account:

- 6 (i) The climate investment account (RCW 70A.65.250);
- 7 (ii) The climate commitment account (RCW 70A.65.260);
- 8 (iii) The natural climate solutions account (RCW 70A.65.270); and
- 9 (iv) The air quality and health disparities improvement account  
10 (RCW 70A.65.280).

11 (b) The office of financial management and state treasurer may  
12 take the ministerial actions necessary to implement the provisions of  
13 this section, including payment of accruals on the books prior to  
14 closure of the repealed accounts.

15 NEW SECTION. **Sec. 8010.** (1) Agencies may not expend moneys from  
16 the: (a) Climate investment account; (b) climate commitment account;  
17 (c) natural climate solutions account; or (d) air quality and health  
18 disparities improvement account on or after the effective date of  
19 Initiative Measure No. 2117.

20 (2) Unspent appropriations in the 2023-2025 capital omnibus  
21 appropriations act, chapter 474, Laws of 2023 and chapter . . ., Laws  
22 of 2024 (this act), which are appropriated from the: (a) Climate  
23 investment account; (b) climate commitment account; (c) natural  
24 climate solutions account; or (d) air quality and health disparities  
25 improvement account and which take effect before January 1, 2025,  
26 must thereafter be paid from the consolidated climate account as if  
27 they were appropriated from that account.

28 (3) Appropriations in this act from the accounts listed in  
29 subsection (1) (a) through (1) (d) of this section which take effect on  
30 or after January 1, 2025, shall lapse.

31 (4) This section takes effect only if chapter . . . (Initiative  
32 Measure No. 2117), Laws of 2025, is approved by the voters at the  
33 next general election and certified by the secretary of state.

34 **Sec. 8011.** RCW 43.19.125 and 2011 1st sp.s. c 43 s 204 are each  
35 amended to read as follows:

36 (1) The director of enterprise services shall have custody and  
37 control of the capitol buildings and grounds, supervise and direct  
38 proper care, heating, lighting and repairing thereof, and designate

1 rooms in the capitol buildings to be occupied by various state  
2 officials.

3 (2) (~~During the 2007-2009 biennium, responsibility for~~  
4 ~~development of the "Wheeler block" on the capitol campus as~~  
5 ~~authorized in section 6013, chapter 520, Laws of 2007 shall be~~  
6 ~~transferred from the department of general administration to the~~  
7 ~~department of information services.)) During the 2023-2025 fiscal  
8 biennium, the director must give legislative members reasonable  
9 access to reserve and utilize the reception room in the state  
10 legislative building when not otherwise booked.~~

11 NEW SECTION. Sec. 8012. If any provision of this act or its  
12 application to any person or circumstance is held invalid, the  
13 remainder of the act or the application of the provision to other  
14 persons or circumstances is not affected.

15 NEW SECTION. Sec. 8013. This act is necessary for the immediate  
16 preservation of the public peace, health, or safety, or support of  
17 the state government and its existing public institutions, and takes  
18 effect immediately.
