1 AN ACT Relating to supporting adults with lived experience of sex
2 trafficking; adding a new section to chapter 43.280 RCW; and creating
3 a new section.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** (1) As the first state in the nation to
6 pass a human trafficking law, Washington has consistently been at the
7 forefront of work to address and prevent human trafficking. The
8 legislature is continuing this leadership by prioritizing the
9 delivery of services for adults with lived experience of sex
10 trafficking by developing a long-term, coordinated, and supportive
11 network of services.

12 (2) The legislature finds that numerous sex trafficking victims
13 are moved throughout the state of Washington by their traffickers,
14 established by the following:

15 (a) In 2020, the national human trafficking hotline ranked
16 Washington 11th in the nation for reported cases of human
17 trafficking.

18 (b) In 2020, 819 survivors of sex trafficking were served by
19 human service agencies in Washington.

1 (c) In 2020, the highest numbers of likely sex trafficking
2 victims were identified or served in King, Pierce, Benton, Franklin,
3 Clark, Snohomish, Spokane, and Thurston counties.

4 (3) The legislature finds that the trauma of sex trafficking
5 often starts in childhood and continues into adulthood, established
6 by the following:

7 (a) A local study of sex trafficking victims in King county
8 estimated 500-700 youth experiencing exploitation in King county
9 alone.

10 (b) According to data from the national hotline, among likely sex
11 trafficking victims in Washington who reported their age of entry
12 into exploitation, 89 percent reported that they were children when
13 first exploited.

14 (4) The legislature finds that vulnerable black, brown,
15 indigenous, lesbian, gay, bisexual, transgender, queer, questioning,
16 two-spirit, intersex, asexual, and other identities that fall outside
17 of cisgender and heterosexual paradigms are disproportionately
18 trafficked for sex, including that:

19 (a) While King county's population is seven percent black, 45
20 percent of children involved in sex trafficking cases are African
21 American;

22 (b) Black females currently represent about 13 percent of the
23 United States population but represent 40 percent of suspected human
24 trafficking victims;

25 (c) While King county's population was .9 percent indigenous in
26 2020, 10 percent of people receiving services for trafficking and
27 sexual exploitation identified as Native American;

28 (d) One case worker in Pierce county reported that over the past
29 two years, 78 percent of the missing and murdered indigenous women
30 and persons cases she worked on involved missing women who had
31 indicators of human trafficking.

32 (5) In order to reduce the trauma, violence, and disproportionate
33 impact of sex trafficking, the legislature intends to create a
34 network of healing, support, and transition services for adults with
35 lived experience of sex trafficking tailored to the self-determined
36 needs of each individual.

37 NEW SECTION. **Sec. 2.** A new section is added to chapter 43.280
