1 AN ACT Relating to licensure of anesthesiologist assistants;
2 reenacting and amending RCW 18.130.040 and 18.120.020; and adding a
3 new chapter to Title 18 RCW.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** The definitions in this section apply
6 throughout this chapter unless the context clearly requires
7 otherwise.

8 (1) "Anesthesiologist" means an actively practicing, board-
9 eligible physician licensed under chapter 18.71, 18.71B, or 18.57 RCW
10 who has completed a residency or equivalent training in
11 anesthesiology.

12 (2) "Anesthesiologist assistant" means a person who is licensed
13 by the commission to assist in developing and implementing anesthesia
14 care plans for patients under the supervision of an anesthesiologist
15 or group of anesthesiologists approved by the commission to supervise
16 such assistant.

17 (3) "Assists" means the anesthesiologist assistant personally
18 performs those duties and responsibilities delegated by the
19 anesthesiologist. Delegated services must be consistent with the
20 delegating anesthesiologist's education, training, experience, and
21 active practice. Delegated services must be of the type that a

1 reasonable and prudent anesthesiologist would find within the scope
2 of sound medical judgment to delegate.

3 (4) "Commission" means the Washington medical commission.

4 (5) "Practice medicine" has the meaning defined in RCW 18.71.011.

5 (6) "Secretary" means the secretary of health or the secretary's
6 designee.

7 (7) "Supervision" means the immediate availability of the
8 medically directing anesthesiologist for consultation and direction
9 of the activities of the anesthesiologist assistant. A medically
10 directing anesthesiologist is immediately available if they are in
11 physical proximity that allows the anesthesiologist to reestablish
12 direct contact with the patient to meet medical needs and any urgent
13 or emergent clinical problems, and personally participating in the
14 most demanding procedures of the anesthesia plan including, if
15 applicable, induction and emergence. These responsibilities may also
16 be met through coordination among anesthesiologists of the same group
17 or department.

18 NEW SECTION. **Sec. 2.** (1) The commission shall adopt rules
19 fixing the qualifications and the educational and training
20 requirements for licensure as an anesthesiologist assistant. The
21 requirements shall include completion of an anesthesiologist
22 assistant program accredited by the commission on accreditation of
23 allied health education programs, or successor organization, and
24 within one year successfully taking and passing an examination
25 administered by the national commission for the certification of
26 anesthesiologist assistants or other examination approved by the
27 commission.

28 (2) Applicants for licensure shall file an application with the
29 commission on a form prepared by the secretary with the approval of
30 the commission, detailing the education, training, and experience of
31 the applicant and such other information as the commission may
32 require. The application shall be accompanied by a fee determined by
33 the secretary as provided in RCW 43.70.250 and 43.70.280. Each
34 applicant shall furnish proof satisfactory to the commission of the
35 following:

36 (a) That the applicant has completed an accredited
37 anesthesiologist assistant program approved by the commission and is
38 eligible to take the examination approved by the commission; and

1 (b) That the applicant is physically and mentally capable of
2 practicing as an anesthesiologist assistant with reasonable skill and
3 safety. The commission may require an applicant to submit to such
4 examination or examinations as it deems necessary to determine an
5 applicant's physical or mental capability, or both, to safely
6 practice as an anesthesiologist assistant.

7 (3) (a) The commission may approve, deny, or take other
8 disciplinary action upon the application for a license as provided in
9 the uniform disciplinary act, chapter 18.130 RCW.

10 (b) The license shall be renewed as determined under RCW
11 43.70.250 and 43.70.280. The commission shall request licensees to
12 submit information about their current professional practice at the
13 time of license renewal and licensees must provide the information
14 requested.

15 (4) No person shall practice as an anesthesiologist assistant or
16 represent that they are a "certified anesthesiologist assistant" or
17 "anesthesiologist assistant" or "C.A.A." or "A.A." without a license
18 granted by the commission.

19 NEW SECTION. **Sec. 3.** (1) The commission shall adopt rules
20 establishing the requirements and limitations on the practice by and
21 supervision of anesthesiologist assistants, including the number of
22 anesthesiologist assistants an anesthesiologist may supervise
23 concurrently. Unless approved by the commission, an anesthesiologist
24 may not concurrently supervise more than four specific, individual
25 anesthesiologist assistants at any one time.

26 (2) The commission may adopt rules for the arrangement of other

30 exceed the scope of their supervising anesthesiologist's practice and
31 may assist with those duties and responsibilities delegated to them
32 by the supervising anesthesiologist, and for which they are competent
33 to assist with based on their education, training, and experience.
