EFFECT: Modifies the requirement in the underlying bill that a utility participating in the statewide low-income energy assistance program (statewide program) may not reduce the level of benefits it provided in the previous calendar year as a result of participating in the statewide program such that the utility may not reduce the total level of benefits it provided in the calendar year before the utility participated in the statewide program. Specifies that an electric utility's participation in the statewide program satisfies compliance with the requirements to provide energy assistance under the Clean Energy Transformation Act.
