On page 5, line 20, after "zone." insert "An emergency operation zone is separate from an emergency zone or area of operation used by an incident management team."

On page 5, line 32, after "website" insert "or social media account"

EFFECT:
Distinguishes an emergency operation zone designated by the Governor or the executive authority of a county, city, or town from the area of operation used by an Incident Management Team.

Allows the entity designating an emergency operation zone to post the notification about the zone on the entity's social media account or post the notification on the entity's website.
