2 material through "board" on line 8 and insert "board's requirements
3 as described in this subsection. The board's authority over testing
4 laboratories is limited to:

5 (a) Establishing requirements for the reporting of mandatory
6 quality assurance test results;

7 (b) Exercising oversight to prevent a certified laboratory from
8 holding any direct or indirect financial interest in a licensed
9 cannabis producer or processor;

10 (c) A laboratory's possession, transportation, or delivery of
11 cannabis; and

12 (d) Investigating fraudulent conduct, including the falsification
13 or manipulation of test results, misrepresentation of data, or
14 submission of false information to the board or the public"

EFFECT: Restricts LCB's authority over testing laboratories to establishing requirements for the reporting of mandatory quality assurance test results; exercising oversight to prevent a certified laboratory from holding any direct or indirect financial interest in a licensed cannabis producer or processor; a laboratory's possession, transportation, or delivery of cannabis; and investigating fraudulent conduct, including the falsification or manipulation of test results, misrepresentation of data, or submission of false information to the board or the public.
