1 On page 2, beginning on line 9, after "employees." strike all
2 material through "part-time employees." on line 11 and insert
3 ""Employer" does not include the federal or state government, or any
4 political subdivision thereof, including any unit of local
5 government."

6 On page 4, line 2, after "contracting" insert "out"

EFFECT: (1) Excludes the federal and state government, and any of their political subdivisions, from the bill.

(2) Removes, from the definition of employer, a 100 employee threshold that applies to the provision prohibiting an employer from including employees on paid family and medical leave in a mass layoff order (the 100 employee threshold originally applied to a provision removed in committee that required the continuation of health care coverage for employees affected by a mass layoff).

(3) Corrects a typographical error.
