Staff Summary of Public Testimony: PRO: We've been hard at work on this project for two years, but surprise surprise, we haven't completely solved the civic health problems. As a consequence, upon unanimous deliberation of committee members, we'd like to keep at this. The bill expands membership as we've heard from numerous legislators they'd really like to be involved, put their oar in the water with regards to how we can improve our civic health. There is bipartisan, universal agreement that we treat each other with respect and we all recognize we're not doing it well enough right now.

Persons Testifying: PRO: Senator John Lovick, Prime Sponsor; Denny Heck, Lt Governor; John Lovick, Senator; Ron Muzzall, Senator.

Persons Signed In To Testify But Not Testifying: No one.
