
HOUSE BILL 1216

State of Washington

69th Legislature

2025 Regular Session

By Representatives Tharinger and Leavitt; by request of Office of
Financial Management

Prefiled 01/09/25.

1 AN ACT Relating to the capital budget; amending RCW 79A.25.210,
2 79.22.060, 28B.20.725, 28B.15.210, 28B.15.310, 28B.30.750,
3 28B.35.370, 28B.50.360, 39.35D.030, 43.07.410, and 43.88D.010;
4 amending 2023 c 474 ss 6005, 6014, 6021, 6023, 6024, 6033, 6074,
5 6087, 1044, 1066, 2032, 2036, 3041, 6344, 6345, 3134, 6492, 6505,
6 5080, 5083, and 8019, and 2024 c 375 ss 6012, 1004, 1004, 1005, 1007,
7 1010, 1016, 1018, 1025, 6007, 6018, 1047, 2011, 6023, 3019, 3020,
8 5001, 5004, 5006, 5010, 5012, and 5013 (uncodified); reenacting and
9 amending RCW 43.155.050; adding new sections to 2024 c 375
10 (uncodified); creating new sections; repealing 2023 c 474 ss 6071 and
11 6088 (uncodified); making appropriations; providing contingent
12 effective dates; and declaring an emergency.

13 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

14 NEW SECTION. **Sec. 1.** (1) A capital budget is hereby adopted
15 and, subject to the provisions set forth in this act, the several
16 dollar amounts hereinafter specified, or so much thereof as shall be
17 sufficient to accomplish the purposes designated, are hereby
18 appropriated and authorized to be incurred for capital projects
19 during the period beginning with the effective date of this act and
20 ending June 30, 2027, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.

(a) "Fiscal year 2026" or "FY 2026" means the period beginning July 1, 2025, and ending June 30, 2026.

(b) "Fiscal year 2027" or "FY 2027" means the period beginning July 1, 2026, and ending June 30, 2027.

(c) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2027-2029 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

(5) "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2025, from the 2023-2025 biennial appropriations for each project.

29 2025-27 Early Learning Facilities - Eligible Organizations

30 (40000656)

31 The appropriation in this section is subject to the following

32 conditions and limitations:

33 (1) \$5,000,000 of the Ruth Lecocq Kagi early learning facilities

34 development account—state appropriation in this section is provided

35 solely for minor renovation grants.

1 (2) \$45,000,000 of the Ruth Lecocq Kagi early learning facilities
2 development account—state appropriation in this section is provided
3 solely for the early learning facility grant and loan program,
4 subject to the provisions of RCW 43.31.573 through 43.31.583 and
5 43.84.092, to provide state assistance for designing, constructing,
6 purchasing, expanding, or modernizing public or private early
7 learning education facilities for eligible organizations. Up to four
8 percent of the funding in this subsection may be used by the
9 department of children, youth, and families to provide technical
10 assistance to early learning providers interested in applying for the
11 early learning facility grant or loan program.

12 (3) The department of children, youth, and families must develop
13 methodology to identify, at the school district boundary level, the
14 geographic locations of where early childhood education and
15 assistance program slots are needed to meet the entitlement specified
16 in RCW 43.216.556. This methodology must be linked to the caseload
17 forecast produced by the caseload forecast council and must include
18 estimates of the number of slots needed at each school district. This
19 methodology must inform any early learning facilities needs
20 assessment conducted by the department and the department of
21 children, youth, and families. This methodology must be included as
22 part of the budget submittal documentation required by RCW 43.88.030.

23 (4) When prioritizing areas with the highest unmet need for
24 early childhood education and assistance program slots, the committee
25 of early learning experts convened by the department pursuant to RCW
26 43.31.581 must first consider those areas at risk of not meeting the
27 entitlement specified in RCW 43.216.556.

28 (5) The department must track the number of slots being renovated
29 separately from the number of slots being constructed and, within
30 these categories, must track the number of slots separately by
31 program for the working connections child care program and the early
32 childhood education and assistance program.

33 (6) When prioritizing applications for projects pursuant to RCW
34 43.31.581, the department must award priority points to applications
35 from a rural county or from extreme child care deserts as defined by
36 the department of children, youth, and families.

37 (7) For early learning facilities collocated with affordable or
38 supportive housing developments, the department may remit state
39 funding on a reimbursement basis for 100 percent of eligible project
40 costs, regardless of the project's match amount, once the nonstate

share of project costs have been either expended or firmly committed in an amount sufficient to complete the entire project or a distinct phase of the project that is useable to the public as an early learning facility. These projects are not subject to section 8015 of this act or RCW 43.88.150.

NEW SECTION. Sec. 1006. FOR THE DEPARTMENT OF COMMERCE

2025-27 Regional Approaches Program (40000657)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for the department to provide planning, technical assistance, and predevelopment grants to local governments and federally recognized tribal governments for projects that would directly benefit overburdened communities, as defined by RCW 70A.02.010, that have been historically underserved by capital grant programs.

(2) In awarding grants under this section, the department shall prioritize applications that advance community housing, energy, and infrastructure needs. In ranking and sizing grants, the department may consider the financial capacity of the applicant and of the community that the grant would benefit.

(3) The department must provide a report to the appropriate committees of the legislature and the governor by October 1, 2026. The report must include:

(a) A list and description of the projects approved for funding, including state funding and total project cost;

(b) A status report of projects that received funding; and

(c) A description of the solicitation and evaluation process, including, but not limited to, applications received, the total amount of funding requested, and issues encountered.

(4) The department may use up to five percent of the appropriation in this section to administer the program, including, but not limited to, providing technical assistance, managing

contracts, providing community outreach and engagement, reporting, and planning and implementation assistance.

2025-27 Youth Recreational Facilities Program (40000661)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is subject to the provisions of RCW 43.63A.135.

(2) Except as directed otherwise before the effective date of this section, the department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by this appropriation. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(3) The appropriation is provided solely for the following list of projects:

Camp Robbinswold Lodge Renovation (Tacoma)	\$453,000
Chelan Boys & Girls Club (Everett)	\$180,000

NEW SECTION. **Sec. 1011. FOR THE DEPARTMENT OF COMMERCE**
2025-27 Library Capital Improvement Program (40000662)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for a local library capital improvement grant program for the following list of projects:

Aberdeen Library Renovation (Aberdeen)	\$2,000,000
Central Library Interior Renovation (Bellingham) . . .	\$2,000,000
Liberty Lake Municipal Library Construction Project (Liberty Lake)	\$937,000

Yakima Central Library Infrastructure Needs for Yakima Valley Lib (Yakima)	\$611,000
Yakima Sunnyside Library Infrastructure Needs for Yakima Valley L (Sunnyside)	\$50,000

(2) The department must establish a competitive process to solicit proposals for and prioritize projects whose primary objective is to assist libraries operated by governmental units, as defined in RCW 27.12.010, in acquiring, constructing, repairing, or rehabilitating facilities.

(3) The department must establish a committee to develop the grant program criteria established under subsection (2) of this section and review proposals. The committee must be composed of five members as provided in this subsection. The committee must include:
(a) A representative from the department of commerce; (b) a

1 representative from the department of archaeology and historic
2 preservation; (c) the state librarian; (d) a representative from a
3 library district; and (e) a representative from a municipal library.

4 (4) The department must conduct a statewide solicitation of
5 project applications. The department must evaluate and rank
6 applications in consultation with the committee established in
7 subsection (3) of this section, using objective criteria. The ranking
8 of projects must prioritize library district facilities listed on a
9 local, state, or federal register of historic places and those
10 located in distressed or rural counties. The evaluation and ranking
11 process must also include an examination of existing assets that
12 applicants propose to apply to projects. Grant assistance under this
13 section may not exceed 50 percent of the total cost of the project.
14 The nonstate portion of the total project cost may include cash, the
15 value of real property when acquired solely for the purpose of the
16 project, and in-kind contributions.

17 (5) The department must submit a prioritized list of recommended
18 projects to the governor and the legislature by October 1, 2026, for
19 inclusion in the department of commerce's 2027-2029 biennial capital
20 budget request. The list must include a description of each project,
21 the amount of recommended state funding, and documentation of
22 nonstate funds to be used for the project. Individual grants may not
23 exceed \$2,000,000. The total amount of recommended state funding for
24 the projects on a biennial project list may not exceed \$10,000,000.

25 (6) In contracts for grants authorized under this section, the
26 department must include provisions that require that capital
27 improvements be held by the grantee for a specified period of time
28 appropriate to the amount of the grant and that facilities be used
29 for the express purpose of the grant. If the grantee is found to be
30 out of compliance with provisions of the contract, the grantee must
31 repay to the state general fund the principal amount of the grant
32 plus interest calculated at the rate of interest on state of
33 Washington general obligation bonds issued on the date most close in
34 time to the date of authorization of the grant.

35 (7) The department must assist grant recipients under this
36 section to apply for applicable competitive federal grant funding
37 and, upon receipt of any such funding, an equal amount of the state
38 building construction account—state appropriation must be placed in
39 unallotted status.

27 2025-27 Multifamily Efficiency Grants (40000664)

28 The appropriation in this section is subject to the following
29 conditions and limitations:

30 (1) The climate commitment account—state appropriation in this
31 section is provided solely for the department to issue grants or
32 loans to affordable multifamily projects within the housing trust
33 fund portfolio to decarbonize and transition off the direct use of
34 fossil fuels.

(2) Awards may include, but are not limited to: Conducting benchmarking, technical assistance, energy management, operations and maintenance planning, deep retrofits, energy efficiency upgrades and greenhouse gas emission reductions, renewable energy generation, installation of high-efficiency electric appliances and equipment, including high-efficiency heat pumps, and other decarbonization investments.

(3) Individual awards may not exceed \$10,000,000. The department must award funding at a sufficient level to complete the financing package necessary for an applicant to accomplish the requested scope of work. The department must prioritize providing meaningful benefits to vulnerable populations in overburdened communities, as defined in RCW 70A.02.010.

Appropriation:

Climate Commitment Account—State.	\$25,000,000
Prior Biennia (Expenditures).	\$0
Future Biennia (Projected Costs).	\$220,000,000
TOTAL.	\$245,000,000

NEW SECTION. Sec. 1014. FOR THE DEPARTMENT OF COMMERCE

2025-27 Clean Energy Community Grants (40000665)

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) The appropriation in this section is provided solely for the department to administer noncompetitive grants to nonprofit organizations, local governments, federally recognized tribal governments and tribal entities, state agencies, housing authorities, ports, transit agencies, research organizations, and eligible third-party administrators for planning, design, and implementation of capital projects and clean energy technologies that reduce greenhouse gas emissions in vulnerable, overburdened, and tribal communities identified by the department. The department must prioritize grants providing meaningful benefits to vulnerable populations in overburdened communities, as defined in RCW 70A.02.010.

(b) Eligible uses of grant funds include, but are not limited to, planning for sustainable communities and predesign work, energy efficiency improvements, renewable energy generation, increasing the supply of affordable, energy efficient housing, developing resilient and sustainable infrastructure systems, zero-emission, active

mobility, and micromobility transportation infrastructure, education and engagement, and workforce development.

(2) Up to three percent of the appropriation in this section is for the department to administer the grant program. Administration includes, but is not limited to, identifying eligible communities and eligible third-party administrators, providing technical assistance, managing contracts, reporting, and providing planning and implementation assistance.

(3) For the purposes of this section, "eligible third-party administrators" means entities that have sufficient expertise and relationships within the identified community to help plan for, design, or implement capital projects that reduce greenhouse gases or develop clean energy resources for the community.

Appropriation:

State Building Construction Account—State.	\$25,000,000
Prior Biennia (Expenditures).	\$0

NEW SECTION. **Sec. 1015. FOR THE DEPARTMENT OF COMMERCE**

2025-27 High Efficiency Electric Appliance Rebates (HEAR) Program
(40000666)

The appropriation in this section is subject to the following conditions and limitations:

(1) (a) \$25,000,000 of the climate commitment account—state appropriation is provided solely for the department to administer grants to eligible third-party administrators for heat pump and other high-efficiency electric equipment rebates, with a focus on low/moderate income households and small businesses. State incentives and rebates for installation of high-efficiency electric equipment, including electrical panel upgrades, provide a benefit to the public consistent with the state's energy strategy and climate mandates by reducing greenhouse gas emissions from the built environment.

(b) \$5,000,000 of the climate commitment account—state appropriation is provided solely for the department to administer grants to eligible third-party administrators for heat pumps for adult family homes.

(2) The department shall implement a statewide high-efficiency electric equipment program consistent with the following:

(a) Aid the transition of residential and commercial buildings away from fossil fuels by providing education and outreach resources for the installation of high-efficiency electric heat pumps and other high-efficiency electric equipment;

(b) Provide grants, coordination, and technical assistance to eligible third-party administrators to promote the adoption of high-efficiency electric heat pump equipment for space and water heating; and

(c) Develop strategies to ensure that the program serves low-income households, vulnerable populations, and overburdened communities, including dedicating a portion of the program funding for this purpose. For the purposes of this subsection (2)(c), "overburdened communities" has the same meaning in RCW 70A.65.010.

(3) For the purposes of this section, "eligible third-party administrators" include, but are not limited to, nonprofits, utilities, housing providers, community action agencies, and community-based organizations.

NEW SECTION. Sec. 1016. FOR THE DEPARTMENT OF COMMERCE

2025-27 Behavioral Health Facilities (40000667)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for the department to issue grants to community hospitals or other community providers to expand and establish new capacity for behavioral health services in communities. The department must consult an advisory group consisting of representatives from the department of social and health services, the health care authority, one representative from a managed care organization, one representative from an accountable care organization, and one representative from the association of county human services. The amounts provided in this section may be used for construction and equipment costs associated with

1 establishment or preservation of the facilities. The department may
2 approve funding for the acquisition of a facility if the project will
3 result in increased behavioral health capacity. Amounts provided in
4 this section may not be used for operating costs associated with the
5 treatment of patients using these services.

6 (2) The department must establish criteria for the issuance of
7 the grants, which must include:

8 (a) Evidence that the application was developed in collaboration
9 with one or more regional behavioral health entities that administer
10 the purchasing of services;

11 (b) Evidence that the applicant has assessed and would meet gaps
12 in the geographical availability of behavioral health services in
13 their region;

14 (c) Evidence that the applicant is able to meet applicable
15 licensing and certification requirements in the facility that will be
16 used to provide services;

17 (d) A commitment by applicants to serve persons who are publicly
18 funded and persons detained for involuntary commitment under chapter
19 71.05 RCW;

20 (e) A commitment by the applicant to maintain and operate the
21 beds or facility for a time period commensurate to the state
22 investment, but for at least a 10-year period;

23 (f) The date upon which structural modifications or construction
24 would begin and the anticipated date of completion of the project;

25 (g) A detailed estimate of the costs associated with opening the
26 beds;

27 (h) A financial plan demonstrating the applicant's ability to
28 maintain and operate the facility; and

29 (i) The applicant's commitment to work with local courts and
30 prosecutors to ensure that prosecutors and courts in the area served
31 by the hospital or facility will be available to conduct involuntary
32 commitment hearings and proceedings under chapter 71.05 RCW.

33 (3) In awarding funding for projects in subsection (6) of this
34 section, the department, in consultation with the advisory group
35 established in subsection (1) of this section, must strive for
36 geographic distribution and to allocate funding based on population
37 and service needs of an area. The department must consider current
38 services available, anticipated services available based on projects
39 underway, and the service delivery needs of an area.

1 (4) The department must prioritize projects that increase
2 capacity in unserved and underserved areas of the state.

3 (5) \$10,000,000 of the state building construction account—state
4 appropriation in this section is provided solely for one 16-bed
5 crisis triage and stabilization facility in the King county region
6 consistent with the settlement agreement in *A.B., by and through*
7 *Trueblood, et al., v. DSHS, et al.*, No. 15-35462, and that are not
8 subject to federal funding restrictions that apply to institutions of
9 mental disease.

10 (6) \$65,000,000 of the state building construction account—state
11 appropriation in this section is provided solely for competitive
12 community behavioral health grants to address the regional needs
13 listed and is subject to the criteria in subsections (1), (2), (3),
14 and (4) of this section:

15 (a) Crisis relief centers and stabilization facilities that offer
16 access to mental health and substance use care for no more than 23
17 hours and 59 minutes per patient, at a time, and are not subject to
18 federal funding restrictions that apply to institutions of mental
19 diseases;

20 (b) Mental health peer respite centers that are not subject to
21 federal funding restrictions that apply to institutions of mental
22 diseases. No more than one mental health peer respite center should
23 be funded in each of the 10 regions;

24 (c) Grants to community providers to increase long-term intensive
25 inpatient psychiatric treatment services and capacity for children
26 and minor youth including, but not limited to, services for substance
27 use disorder treatment, sexual assault and traumatic stress, anxiety,
28 or depression, and interventions for children exhibiting aggressive
29 or depressive behaviors in facilities that are not subject to federal
30 funding restrictions;

31 (d) Grants to community hospitals, freestanding evaluation and
32 treatment providers, or freestanding psychiatric hospitals to develop
33 capacity for beds to serve individuals on 90-day or 180-day civil
34 commitments as an alternative to treatment in the state hospitals. In
35 awarding this funding, the department must coordinate with the
36 department of social and health services, the health care authority,
37 and the department of health and must only select facilities that
38 meet the following conditions:

1 (i) The funding must be used to increase capacity related to
2 serving individuals who will be transitioned from or diverted from
3 the state hospitals;

4 (ii) The facility is not subject to federal funding restrictions
5 that apply to institutions of mental diseases;

6 (iii) The provider has submitted a proposal for operating the
7 facility to the health care authority;

8 (iv) The provider has demonstrated to the department of health
9 and the health care authority that it is able to meet the applicable
10 licensing and certification requirements for the facility that will
11 be used to provide services; and

12 (v) The health care authority has confirmed that it intends to
13 contract with the facility for operating costs within funds provided
14 in the operating budget for these purposes;

15 (e) Enhanced adult residential care facilities for long-term
16 dementia placements discharged or diverted from the state psychiatric
17 hospitals and are not subject to federal funding restrictions that
18 apply to institutions of mental diseases;

19 (f) Facilities that provide substance use disorder intervention,
20 assessment, and treatment services with secure withdrawal management
21 and stabilization treatment beds that are not subject to federal
22 funding restrictions that apply to institutions of mental diseases;
23 and

24 (g) Health engagement hubs where behavioral health supportive
25 services, such as harm reduction and physical health services, are
26 offered within the same facility as behavioral health services and
27 that are not subject to federal funding restrictions that apply to
28 institutions of mental diseases.

29 (7) The amounts provided in this subsection are subject to the
30 criteria in subsection (1) of this section, except the projects are
31 not required to establish new capacity. \$5,000,000 of the state
32 building construction account—state appropriation in this section is
33 provided solely for grants to community providers to prevent the
34 closure of existing behavioral health facilities. For purposes of
35 this subsection (7), the department must implement necessary
36 procedures to enable rapid commitment of funds on a first-come,
37 first-served basis to qualifying project proposals that satisfy the
38 goal of long-term preservation of behavioral health facilities.

39 (8) \$27,000,000 of the appropriation in this section is provided
40 solely for the following list of projects:

1 Evergreen Treatment Services (Seattle). \$7,000,000

2 Suquamish Opioid Treatment Program (Kitsap County). . \$20,000,000

3 (9) The department shall notify all applicants that they may be
4 required to have a construction review performed by the department of
5 health.

6 (10) To accommodate the emergent need for behavioral health
7 services, the department and the department of health, in
8 collaboration with the health care authority and the department of
9 social and health services, must establish a concurrent and expedited
10 process to assist grant applicants in meeting any applicable
11 regulatory requirements necessary to operate inpatient psychiatric
12 beds, freestanding evaluation and treatment facilities, enhanced
13 services facilities, triage facilities, crisis stabilization
14 facilities, or secure detoxification/secure withdrawal management and
15 stabilization facilities.

16 (11) The department must strive to allocate all of the amounts
17 provided in this section in the manner prescribed in each subsection.
18 However, if upon review of applications, the department determines,
19 in consultation with the advisory group established in subsection (1)
20 of this section, that there are not adequate suitable projects in a
21 category, the department may allocate funding to other project
22 categories listed in this section, prioritizing projects that support
23 serving individuals who will be transitioned from or diverted from
24 the state hospitals. Underserved areas of the state may also be
25 considered.

26 (12) In contracts for grants authorized under this section, the
27 department must include provisions that require that the grantee or
28 successor hold the capital improvements for at least a 10-year
29 period. The provisions must require the facility to be used for
30 behavioral health services, but may allow the facility to change
31 ownership or facility type during the commitment period. The
32 department shall monitor the activities of recipients of grants under
33 this program to determine compliance with the terms and conditions
34 set forth in its contract.

35 (13) The department must provide a progress report to the
36 appropriate committees of the legislature by November 1, 2026. The
37 report must include:

38 (a) The total number of applications and amount of funding
39 requested;

(b) A list and description of the projects approved for funding including state funding, total project cost, services anticipated to be provided, bed capacity, and anticipated completion date;

(c) A statewide map of new capacity since 2018, including projected bed capacity and opening dates;

(d) A status report of projects that received funding in prior funding rounds, including details about the project completion and the date the facility began providing services; and

(e) Recommendations for statutory language that would codify the grant program on an ongoing basis including:

(i) Evaluation and prioritization criteria;

(ii) Monitoring and compliance requirements;

(iii) Preconstruction and technical assistance services; and

(iv) Data needed to determine the service needs by area of the state.

(14) The department must coordinate with the health care authority to submit capital budget requests to fund behavioral health community capacity grants for the 2027-2029 biennial budget by the due date established by the office of financial management. Associated state budget operating costs must also be identified and requested.

20 **NEW SECTION. Sec. 1019. FOR THE DEPARTMENT OF COMMERCE**

21 2025-27 Energy Retrofits for Public Buildings Grants (40000670)

22 The appropriation in this section is subject to the following
23 conditions and limitations:

24 (1) \$17,500,000 of the appropriation in this section is provided
25 solely for grants to local governments, public higher education
26 institutions, school districts, tribal governments, and state
27 agencies for facility improvements and related projects that result
28 in energy and operational cost savings.

29 (a) At least 20 percent of each competitive grant round is
30 designated for awards to eligible projects in small cities or towns
31 with a population of 5,000 or fewer residents.

32 (b) In each competitive round, a higher energy savings to
33 investment ratio must result in a higher project ranking. Priority
34 consideration must be given to applicants that have not received
35 grant awards for this purpose in prior biennia.

36 (c) The department must determine a minimum match ratio to
37 maximize the leverage of nonstate funds.

(2) \$5,000,000 of the appropriation in this section is provided solely for energy efficiency and environmental performance improvements to minor works, stand-alone, and emergency projects at facilities owned by state agencies that repair or replace existing building systems and reduce greenhouse gas emissions from state operations, including, but not limited to, HVAC, lighting, insulation, windows, and other mechanical systems. Eligibility for this funding is dependent on an analysis using the office of financial management's life-cycle cost tool that compares project design alternatives for initial and long-term cost-effectiveness. Assuming a reasonable return on investment, the department shall provide grants in the amount required to improve the project's energy efficiency compared to the original project request.

(3) The department shall develop metrics that indicate the performance of energy efficiency efforts.

(4) If a grant is provided in subsection (1) or (2) of this section to purchase heating devices or systems, the agency must, whenever possible and most cost effective, select devices and systems that do not use fossil fuels.

(5) Grants provided in subsections (1) and (2) of this section to state agencies are exempt from the match requirements in this section.

NEW SECTION. Sec. 1020. FOR THE DEPARTMENT OF COMMERCE

2025-27 Weatherization Plus Health Grants (40000671)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$5,000,000 of the state building construction account—state appropriation in this section is provided solely for grants for the Washington State University energy extension community energy efficiency program (CEEP) to support homeowners, tenants, and small business owners in making sound energy efficiency investments by providing consumer education and marketing, workforce support through training and lead generation, and direct consumer incentives for

upgrades to existing homes and small commercial buildings. This is the maximum amount the department may expend for this purpose.

(2) The department must, to the extent practicable, implement the recommendations in the weatherization plus health 2022 report.

(3) If funding from these appropriations is used to purchase heating devices or systems, the agency shall, whenever possible and most cost effective, select devices and systems that do not use fossil fuels.

(4) The department must:

(a) Recruit community energy efficiency program sponsors that are community-based organizations located in geographic areas of the state that have not received funding for low-income weatherization programs, targeting hard-to-reach market segments;

(b) Leverage funding from community energy efficiency program sponsors in an amount greater than or equal to the amount provided by the state through the weatherization program;

(c) Ensure that community energy efficiency program utility sponsors work with nonprofit community-based organizations to deliver community energy efficiency program services; and

(d) Identify community energy efficiency program sponsors that support the conversion of space and water heating from fossil fuels to electricity, as part of a set of energy efficiency investments.

Appropriation:

2 2025-27 Community EV Charging (40000673)

3 The appropriation in this section is subject to the following
4 conditions and limitations:

5 (1) Except as provided in subsection (10) of this section, the
6 appropriation in this section is provided solely for grants for the
7 development of community electric vehicle charging infrastructure.

8 (2) Funding provided in this section must be used for projects
9 that provide a benefit to the public through development,
10 demonstration, and deployment of clean energy technologies that save
11 energy and reduce energy costs, reduce harmful air emissions, or
12 increase energy independence for the state.

13 (3) Projects that receive funding under this section must be
14 implemented by, or include partners from, one or more of the
15 following: Local governments, federally recognized tribal
16 governments, or public and private electrical utilities that serve
17 retail customers in the state.

18 (4) Grant funding must be used for level two or higher charging
19 infrastructure and related costs including, but not limited to,
20 construction and site improvements. Projects may include a robust
21 public and private outreach plan that includes engaging with affected
22 parties in conjunction with the new electric vehicle infrastructure.

23 (5) The department must prioritize funding for projects in the
24 following order:

25 (a) Multifamily housing;

26 (b) Publicly available charging at any location;

27 (c) Schools and school districts;

28 (d) State and local government buildings and office buildings;

29 and

30 (e) All other eligible projects.

31 (6) The department must coordinate with other electrification
32 programs, including projects developed by the department of
33 transportation, to determine the most effective distribution of the
34 systems. The department must also collaborate with the interagency
35 electric vehicle coordinating council established in RCW 43.392.030
36 to implement this section and must work to meet benchmarks
37 established in chapter 182, Laws of 2022.

38 (7) The department may:

(a) Provide information to applicants about available clean energy tax credits and incentives, including elective pay, that may be applicable to the project for which state funding is being sought;

(b) Inquire, as part of the application, which tax credits and incentives the applicant plans to seek for the project;

(c) Prioritize projects seeking any applicable clean energy tax credits and incentives when developing and applying competitive criteria for selecting recipients under this section; and

(d) Consider the availability of any federal tax credits or other federal or nonfederal grants or incentives that the applicant may benefit from in review of the application.

(8) Funding awards made under this section may not exceed 100 percent of the cost of the project.

(9) Up to three percent of the appropriation in this section is for the department to administer the grant program.

(10) \$3,000,000 of the appropriation in this section is provided solely for the Cowlitz MHD ZEV Depot in Longview.

Appropriation:

Climate Commitment Account—State.	\$40,000,000

NEW SECTION. Sec. 1023. FOR THE DEPARTMENT OF COMMERCE

2025-27 Supporting Housing Affordability Infrastructure Program
(40000674)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for grants or deferred loans to local governments for impact fees or other mitigation required for new affordable housing projects related to transportation, parks, schools or fire facilities that serve and benefit low-income households. Eligible jurisdictions must have adopted proportional impact fees and waivers for affordable housing. Where applicable, the development must be consistent with the approved comprehensive plans under the growth management act and must be within the established boundaries of the urban growth area.

(2) For purposes of this subsection, the following definitions apply.

(a) "Affordable housing" has the same meaning as in RCW 43.185A.010.

(b) "Low-income household" has the same meaning as in RCW 43.185A.010.

(c) "Impact fees" has the same meaning as in RCW 82.02.090.

Appropriation:

State Building Construction Account—State.	\$10,000,000

NEW SECTION. **Sec. 1024. FOR THE DEPARTMENT OF COMMERCE**

2025-27 Connecting Housing to Infrastructure Program (40000675)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for grants or deferred loans to local governments and public utility districts or their contracted service providers for system development charges and utility improvements for new affordable housing projects that serve and benefit low-income households. Where applicable, the extension must be consistent with the approved comprehensive plans under the growth management act and must be within the established boundaries of the urban growth area.

(2) \$45,000,000 of the state building construction account—state appropriation is provided solely for grants or deferred loans to local governments or public utilities located within a jurisdiction that imposes a sales and use tax under RCW 82.14.530(1) (a)(ii) or (b)(i)(B), 82.14.540, or 84.52.105.

(3) \$20,000,000 of the state building construction account—state appropriation in this section is provided solely for grants to local governments or public utilities located within:

(a) A city or county with a population of 150,000 or less; and

(b) A jurisdiction that imposes a sales and use tax under RCW 82.14.530(1) (a)(ii) or (b)(i)(B).

(4) To be eligible for funding under this section, an applicant must demonstrate, at minimum:

(a) That affordable housing development will begin construction within 24 months of the grant or loan award; and

(b) A strong probability of serving the original target group or income level for a period of at least 25 years.

(5) For purposes of this section, the following definitions apply.

(a) "Affordable housing" has the same meaning as in RCW 43.185A.010.

(b) "Low-income household" has the same meaning as in RCW 43.185A.010.

(c) "System development charges" means charges for new drinking water, wastewater, or stormwater connections when a local government or public utility has waived standard fees normally applied to developers for connection charges on affordable housing projects.

(d) "Utility improvements" means drinking water, wastewater, or stormwater utility improvements.

TOTAL.	\$325,000,000

NEW SECTION. **Sec. 1025. FOR THE DEPARTMENT OF COMMERCE**
2025-27 Housing Trust Fund (40000677)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$78,000,000 of the state building construction account—state and \$350,500,000 of the state taxable building construction account—state appropriations are provided solely for the new construction, acquisition, or acquisition and rehabilitation of affordable housing projects that serve and benefit low-income and special needs populations as provided in this section. The department must administer this appropriation in accordance with the affordable housing program, chapter 43.185A RCW, and evaluate projects by giving preference for applications based on some or all of the criteria in RCW 43.185A.140.

(a) \$50,000,000 of the state building construction account—state and \$165,000,000 of the state taxable building construction account—state appropriations are provided solely for multifamily rental housing projects.

1 (b) \$50,000,000 of the state taxable building construction
2 account—state appropriation is provided solely for affordable housing
3 projects that serve and benefit low-income people with developmental
4 or intellectual disabilities. The department must use a separate
5 application form and evaluation criteria for applications under this
6 subsection. The department must coordinate with the department of
7 social and health services regarding any needed supportive services
8 and make efforts to enact the recommendations of the housing needs
9 study for individuals with intellectual and developmental
10 disabilities, as provided in section 1068(6), chapter 332, Laws of
11 2021.

12 (c) \$100,000,000 of the state taxable building construction
13 account—state appropriation is provided solely for permanent
14 supportive housing projects in accordance with the apple health and
15 homes rapid permanent supportive housing program created in RCW
16 43.330.187.

17 (d) (i) \$28,000,000 of the state building construction account—
18 state and \$30,000,000 of the state taxable building construction
19 account—state appropriations are provided solely for the development
20 of homeownership projects affordable to first-time low-income
21 households. Projects serving homebuyers whose income is up to 80
22 percent of the area median income, adjusted for household size for
23 the county where the property is located are eligible to apply,
24 except that projects located in rural areas of the state, as defined
25 by the department, serving homebuyers whose income is up to 100
26 percent of the area median income, adjusted for household size for
27 the county where the property is located are eligible to apply.
28 Eligible activities include, but are not limited to, down payment
29 assistance, closing costs, acquisition, rehabilitation costs, and new
30 construction.

31 (ii) \$8,000,000 of the state building construction account—state
32 appropriation in this subsection is provided solely for Homestead
33 Community Land Trust.

34 (e) (i) \$10,500,000 of the state taxable building construction
35 account—state appropriation is provided solely for investments
36 intended to preserve mobile or manufactured home communities where at
37 least 50 percent of the preserved homes are and will remain occupied
38 by low-income households. The department shall ensure the properties
39 are preserved for the intended low-income households by placing them

1 in Washington's housing trust fund portfolio for a minimum of 40
2 years.

3 (ii) \$5,000,000 of the state taxable building construction
4 account—state appropriation in this subsection is provided solely for
5 the Northwest Cooperative Development Center for critical
6 improvements, repairs, and infrastructure upgrades for resident-owned
7 manufactured housing community cooperatives in Washington.

8 (f) \$20,000,000 of the state taxable building construction
9 account—state appropriation is provided solely for eligible
10 organizations under RCW 43.185A.040 to acquire, acquire and renovate,
11 and prepare real property for rapid conversion into enhanced
12 emergency shelters, permanent supportive housing, transitional
13 housing, permanent housing, youth housing, or shelter for extremely
14 low-income people, families, unaccompanied youth, and young people
15 experiencing sheltered and unsheltered homelessness. The department
16 may only approve funding for projects that result in increased
17 shelter or housing capacity for extremely low-income people and
18 households. Acquisition of multifamily housing units is a priority,
19 and the department shall prioritize housing projects that rapidly
20 move people experiencing unsheltered homelessness into housing,
21 including, but not limited to, individuals living in unsanctioned
22 encampments, the public rights-of-way, or other public spaces.
23 Amounts provided in this section may not be used for operating or
24 maintenance costs, supportive services, or debt service.

25 (g) \$50,000,000 of the state taxable building construction
26 account—state appropriation is provided solely for affordable housing
27 preservation projects, which may include, but are not limited to:

28 (i) Projects preserving and extending the affordability
29 commitment period for projects in the housing trust fund portfolio.
30 The funds may be provided for major building improvements,
31 preservation, and system replacements, necessary for the existing
32 housing trust fund portfolio to maintain its long-term viability. The
33 department must require a capital needs assessment be provided before
34 contract execution. Funds may not be used to add or expand the
35 capacity of the property. When allocating funds, the department must
36 prioritize buildings that are older than 15 years and that serve very
37 low-income and extremely low-income populations.

38 (ii) Projects preserving affordable multifamily housing at risk
39 of losing its affordability due to expiration of use restrictions

that otherwise require affordability including, but not limited to, United States department of agriculture funded multifamily housing. The department must prioritize projects that satisfy the goal of long-term preservation of Washington's affordable multifamily housing stock, particularly in rural areas of the state. Funds may be used for acquisition or for acquisition and rehabilitation of properties to preserve the affordable housing units beyond their existing use restrictions and place them in Washington's housing trust fund portfolio for a minimum of 40 years.

(h) \$25,000,000 of the state taxable building construction account—state appropriation is provided solely for either affordable multifamily rental housing or homeownership projects, or both, benefiting low-income households in federally recognized Indian tribes in the state of Washington.

(2) \$4,500,000 of the state taxable building construction account—state appropriation is provided solely for the Mary's Place emergency shelter.

(3) \$3,000,000 of the state building construction account—state appropriation is provided solely for the department to provide preconstruction and technical assistance awards in accordance with RCW 43.185A.170.

(4) The department must strive to allocate all of the amounts appropriated in this section within the 2025-2027 fiscal biennium in the manner prescribed in each subsection. However, if upon review of applications the department determines there are not adequate suitable projects in a category, the department may allocate funds to other affordable housing projects serving other low-income and special needs populations, provided those projects are located in an area with an identified need for the type of housing proposed.

Appropriation:

State Building Construction Account—State.	\$81,000,000
State Taxable Building Construction Account—	
State.	\$455,000,000
Subtotal Appropriation.	\$536,000,000
Prior Biennia (Expenditures).	\$0
Future Biennia (Projected Costs).	\$2,000,000,000
TOTAL.	\$2,536,000,000

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for competitive grants to eligible entities for predevelopment, design, and construction of projects that provide a public benefit through research, development, demonstration, or deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions, or increase energy independence for the state. Priority must be given to projects that benefit vulnerable populations and overburdened communities, including tribes.

(2) Entities eligible for grant funding under this section include local governments, federally recognized tribal governments and tribes' contracted service providers, public and private utilities that serve retail customers in the state, for-profit entities, research institutions, nonprofit organizations, and state agencies.

(3) To be eligible, a project must be consistent with the state energy strategy adopted under chapter 43.21F RCW and policies under chapter 19.405 RCW. To the extent practicable, the department must prioritize projects that build upon Washington's strengths in aerospace, maritime, information and communications technology, grid modernization, advanced materials, and decarbonizing the built environment.

(4) The department must invite stakeholders to participate in the design and implementation of grant programs funded under this section. The department must consider equity and environmental justice when developing the program structure and opportunities for applicant participation.

(5) When soliciting and evaluating proposals, awarding contracts, and monitoring projects under this section, the department must:

(a) Ensure that competitive processes, rather than sole source contracting processes, are used to select all projects;

(b) Ensure that a public benefit results from the use of public funds through due diligence and monitoring of contracted projects, including ensuring compliance with all applicable laws related to the project selection process, project monitoring, and contracting; and

(c) Prioritize projects for funding that leverage the greatest amount of matching funds, such as local levy funding.

(6) (a) The department must require project applicants to:

(i) Disclose all sources of public funding invested in a project;
and

(ii) Identify by name any former or current state of Washington employees employed by the applicant or its governing body in the 24 months preceding the application submittal. The identification must include the person's separation date and job title or position held. If the department determines that a conflict of interest or other violation of chapter 42.52 RCW exists, the application must be disqualified from further consideration.

(b) If, after a grant has been awarded, the department finds that a grantee has violated chapter 42.52 RCW, either in procuring or performing under the grant, the department in its sole discretion may terminate the grant funding by written notice. If the grant is terminated, the department must reserve its right to pursue all available remedies under law to address the violation.

(7) The department must specify the requirements in subsections (5) and (6) of this section in funding contracts entered into by the department under this section.

(8) \$10,000,000 of the appropriation in this section is provided solely for grants to tribes for clean energy development projects. Eligible uses of grant funding include planning, predesign, design, construction, project predevelopment, and deployment of clean energy projects that contribute to achieving the state's greenhouse gas emissions reduction goals and related policies. The department must collaborate with tribes in the design and development of this grant program.

Appropriation:

State Building Construction Account—State.	\$50,000,000
Prior Biennia (Expenditures).	\$0
Future Biennia (Projected Costs).	\$200,000,000
TOTAL.	\$250,000,000

NEW SECTION. Sec. 1027. FOR THE DEPARTMENT OF COMMERCE

2025-27 Communities of Concern (40000680)

The appropriation in this section is subject to the following conditions and limitations:

(1) The department may not expend the appropriation in this section unless and until the nonstate share of project costs have

1 been either expended or firmly committed, or both, in an amount
2 sufficient to complete the project or a distinct phase of the project
3 that is useable to the public for the purpose intended by the
4 legislature. This requirement does not apply to projects where a
5 share of the appropriation is for design costs only.

6 (2) Before receiving funds, project recipients must demonstrate
7 that the project site is under control for a minimum of 10 years,
8 either through ownership or a long-term lease. This requirement does
9 not apply to appropriations for preconstruction activities or
10 appropriations in which the sole purpose is to purchase real property
11 that does not include a construction or renovation component.

12 (3) Projects funded in this section may be required to comply
13 with Washington's high performance building standards under chapter
14 39.35D RCW.

15 (4) Project funds are available on a reimbursement basis only and
16 may not be advanced under any circumstances.

17 (5) In contracts for grants authorized under this section, the
18 department shall include provisions that require that capital
19 improvements be held by the grantee for a specified period of time
20 appropriate to the amount of the grant and that facilities be used
21 for the express purpose of the grant. If the grantee is found to be
22 out of compliance with provisions of the contract, the grantee shall
23 repay to the state general fund the principal amount of the grant
24 plus interest calculated at the rate of interest on state of
25 Washington general obligation bonds issued most closely to the date
26 of authorization of the grant.

27 (6) Projects funded in this section, including those that are
28 owned and operated by nonprofit organizations, are generally required
29 to pay state prevailing wages.

30 (7) The department must comply with the requirements set forth in
31 executive order 21-02 and must consult with the department of
32 archaeology and historic preservation and affected tribes on the
33 potential effects of these projects on cultural resources and
34 historic properties. Consultation with the department of archaeology
35 and historic preservation and affected tribes must be initiated
36 before project funds are made available.

37 (8) The appropriation in this section is provided solely for the
38 following list of projects:

39 Bryant Manor Redevelopment (Seattle). \$3,000,000
40 Skagit Farmworker Led Community Farm project

(Bellingham)	\$750,000
Intramuros Village and Cultural Community Center	
(Seattle)	\$3,271,000
Appropriation:	
State Building Construction Account—State.	\$7,021,000
Prior Biennia (Expenditures)	\$0
Future Biennia (Projected Costs)	\$0
TOTAL.	\$7,021,000

NEW SECTION. Sec. 1028. FOR THE DEPARTMENT OF COMMERCE

2025-27 Green Jobs and Infrastructure Fund (40000681)

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) The appropriation in this section is provided solely for grants to projects that demonstrate high-wage, clean job creation in Washington, provide risk reduction for investments in public and private infrastructure in order to increase a community's capacity for clean manufacturing, or provide investments in workforce development to attract and train the workforce required to grow the clean energy economy.

(b) Grants must be provided to eligible entities to help mitigate and reverse the effects of climate change, help communities meet their energy and climate change regulatory requirements, bring increased federal and private investment to the state, help develop the advanced workforce of the future, and ensure Washington state maintains or grows its position as a world leader in developing the projects and processes that are used to fight climate change globally. Eligible activities under this section include, but are not limited to, planning predevelopment, design, engineering, and construction of clean technology projects.

(c) Entities eligible for grants under this section include, but are not limited to, local governments, federally recognized tribal governments and tribes' contracted service providers, public and private utilities, ports, associate development organizations, for-profit entities, academic and research institutions, nonprofit organizations, and state agencies.

(d) Projects eligible for funding must be physically located in Washington state. Eligible projects must be consistent with the state energy strategy adopted under chapter 43.21F RCW and clean energy

policies under chapter 19.405 RCW. Projects must further the goals of the climate commitment act as described in RCW 70A.65.260(1)(j).

(e) The department must consider equity and environmental justice when developing the program structures and opportunities for applicant participation and must follow principles established in its community engagement plan adopted under RCW 70A.02.050.

(f) When soliciting and evaluating grant application proposals, awarding contracts, and monitoring projects under this section, the department must:

(i) Use competitive processes to select all projects, except as otherwise noted in this section. The department must design a competitive process to allow provision of grant awards to projects in a timely manner and consistent with the project timeline. Applications must be accepted on a rolling basis, and final determination must be made by the department;

(ii) Ensure compliance with all applicable laws related to the project selection process, project monitoring, and contracting; and

(iii) Prioritize projects that leverage the greatest amount of matching funds, such as local levy funding or private investment in advanced manufacturing capability.

(g) Project applicants must disclose all sources of public funding invested in a project. Grant contracts must provide that if, after a grant has been awarded, the department finds that a grantee has violated chapter 42.52 RCW, either in procuring or performing under the grant, the department in its sole discretion may terminate the grant funding by written notice, and that, if the grant is terminated, the department reserves its right to pursue all available remedies under law to address the violation.

(2) Up to four percent of the appropriation in this section is provided solely for the department to support access to and to flexibly administer the program. The department may use these funds to hire full-time equivalent positions within the department, as well as contract for additional capacity and subject matter expertise.

Appropriation:

Climate Commitment Account—State.	\$5,000,000
Prior Biennia (Expenditures).	\$0
Future Biennia (Projected Costs).	\$0

2 2025-27 Solar and Energy Storage Grants (40000682)

3 The appropriation in this section is subject to the following
4 conditions and limitations:

5 (1) The appropriation in this section is provided for grants to
6 increase the deployment of distributed solar and battery energy
7 storage systems to enhance grid resilience, provide backup power for
8 critical needs, and reduce energy costs. Projects may be solar energy
9 systems, battery energy storage, or solar paired with battery energy
10 storage. Funding may also be used to enable electric utility demand
11 response programs that include customer-sited solar and battery
12 energy storage systems. Eligible uses of the amounts provided in this
13 section include, but are not limited to, planning and predevelopment
14 work with communities.

15 (2) Entities eligible for grant funding under this section
16 include public higher education institutions, school districts,
17 tribal governments and tribal entities, state and local governments,
18 nonprofit organizations, and entities participating in federally
19 funded solar programs administered by the department.

20 (3) For energy storage projects, the department must prioritize
21 facilities that serve community members during power outages or
22 provide critical infrastructure.

23 (4) The department may:

24 (a) Provide information to applicants about available clean
25 energy tax credits and incentives, including elective pay, that may
26 be applicable to the project for which state funding is being sought;

27 (b) Inquire, as part of the application, which tax credits and
28 incentives the applicant plans to seek for the project;

29 (c) Prioritize projects seeking any applicable clean energy tax
30 credits and incentives when developing and applying competitive
31 criteria for selecting recipients under this section; and

32 (d) Consider the availability of any federal tax credits or other
33 federal or nonfederal grants or incentives that the applicant may
34 benefit from in review of the application.

35 (5) Funding awards made under this section may not exceed 100
36 percent of the cost of the project.

2026 Local and Community Projects (40000709)

The appropriations in this section are subject to the following conditions and limitations:

(1) The department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Before receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards under chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only and may not be advanced under any circumstances.

(5) In contracts for grants authorized under this section, the department shall include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

23 The appropriation in this section is subject to the following
24 conditions and limitations:

25 (1) The appropriation in this section is provided solely for
26 grants to provide tribal assistance to mitigate and adapt to the
27 effects of climate change, including, but not limited to, supporting
28 relocation for Indian tribes located in areas of heightened risk due
29 to anticipated sea level rise, flooding, or other disturbances caused
30 by climate change. In developing the grant program, the department
31 must collaborate with tribes to determine program parameters for
32 award amounts, distribution, and benchmarks for success. In order to
33 meet the requirements of RCW 70A.65.230(1)(b), tribal applicants are
34 encouraged to include a tribal resolution supporting their request

2025-27 Community Participatory Budgeting (40000829)

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for the department to develop and administer a participatory, community-driven, noncompetitive grant program to identify and fund either

decarbonization or resiliency projects, or both, that benefit overburdened communities as defined in RCW 70A.02.010.

(2) (a) \$2,800,000 of the appropriation is provided solely for the department, in consultation with the environmental justice council created in RCW 70A.02.110, to engage with at least two of the six overburdened communities identified by the department of health under section 222(124), chapter 376, Laws of 2024.

(b) The department must develop a participatory, community-driven process for identifying projects that mitigate the disproportional impacts of climate change on overburdened communities. The process must allow for full community engagement.

(3) \$5,500,000 of the appropriation is provided solely for the department to provide grants for projects identified pursuant to subsection (2) of this section.

(4) The legislature intends to appropriate a total of \$32,000,000 over six years for the department to provide grant funds to projects identified through the participatory budgeting process in all six of the communities pursuant to subsection (3) of this section.

(5) The department shall submit a report to the governor and appropriate committees of the legislature by June 30, 2027, including the work performed in subsections (2) and (3) of this section and summarizing its progress in granting funding through the participatory budgeting process.

(6) The department may use up to three percent of amounts appropriated in this section for administrative expenses.

NEW SECTION. Sec. 1036. FOR THE OFFICE OF FINANCIAL MANAGEMENT

Emergency Repairs (30000041)

The appropriation in this section is subject to the following conditions and limitations:

(1) Emergency repair funding is provided solely to address unexpected building or grounds failures that will impact public health and safety and the day-to-day operations of the facility. To

1 be eligible for funds from the emergency repair pool, a request
2 letter for emergency funding signed by the affected agency director
3 must be submitted to the office of financial management and the
4 appropriate legislative fiscal committees. The request must include a
5 statement describing the health and safety hazard and impacts to
6 facility operations, the possible cause, the proposed scope of
7 emergency repair work and related cost estimate, and identification
8 of other funding that may be applied to the project.

9 (2) For emergencies occurring during a legislative session, an
10 agency must notify the legislative fiscal committees before
11 requesting emergency funds from the office of financial management.

12 (3) The office of financial management must notify the
13 legislative evaluation and accountability program committee and the
14 legislative fiscal committees as emergency projects are approved for
15 funding and include what funded level was approved.

2025-27 Chehalis Basin Strategy (40000724)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$64,779,000 of the appropriation in this section is provided solely for Chehalis Basin board-approved projects:

(a) To protect and restore aquatic species habitat, including: Construction and property acquisition; preconstruction and acquisition planning and project development, feasibility, design, environmental review, and permitting; postconstruction and acquisition monitoring and adaptive management; and engagement of state agencies, tribes, conservation partners, landowners, and other parties;

(b) To reduce flood damage, including: Construction and property acquisition; preconstruction and acquisition project planning and development, feasibility, design, environmental review, and permitting; completion of environmental review and endangered species act consultation on the proposed flood protection facility; refinement and evaluation of the local action non-dam alternative; and engagement of state agencies, tribes, project sponsors, landowners, and other parties; and

(c) That advance both the habitat restoration and the flood damage reduction goals of the Chehalis Basin strategy using a multibenefit approach, including: Community outreach and education; construction and property acquisition; preconstruction and acquisition planning and project development, feasibility, design, environmental review, and permitting; postconstruction and acquisition monitoring and adaptive management; and engagement of federal, state, and local agencies, tribes, conservation partners, landowners, and other parties.

(2) \$5,250,000 of the appropriation in this section is provided solely for the staffing and operations of the office of Chehalis Basin and Chehalis Basin board to oversee the development, implementation, and amendment of the Chehalis Basin strategy, and this is the maximum amount the board may expend for this purpose. Oversight operations include, but are not limited to: Providing financial accountability, project management, technical assistance of grants and contracts associated with the subprojects funded through this section, and board meeting administration and facilitation.

(3) Specific projects must be approved by at least six of the seven voting members of the Chehalis Basin board. The Chehalis Basin board has the discretion to allocate the funding between subsections (1)(a), (b), and (c) of this section as needed to meet the objectives of this appropriation and if approved by at least six of the seven voting members of the board. However, \$5,250,000 is the maximum amount the department may expend for the purposes of subsection (2) of this section.

16 (1) The appropriation is provided solely for technical assistance
17 and grants to conservation districts for the purpose of implementing
18 water conservation measures and irrigation efficiencies. The state
19 conservation commission shall give preference to projects prioritized
20 locally or regionally through a planning process that includes public
21 and partner input addressing water resource concerns.

22 (2) Conservation districts statewide are eligible for grants
23 listed in subsection (1) of this section. A conservation district
24 receiving funds shall manage each grant to ensure that a portion of
25 the water saved by the water conservation measure or irrigation
26 efficiency will be available for other instream and out-of-stream

NEW SECTION. **Sec. 3084. FOR THE CONSERVATION COMMISSION**

2025-2027 Voluntary Riparian Grant Program (40000049)

The appropriation in this section is subject to the following
conditions and limitations:

(1) The appropriation in this section is provided solely for the
state conservation commission to provide grants for riparian
restoration projects with landowners.

(2)(a) Within funds appropriated in this section, the commission
shall implement the voluntary riparian grant program to fund
protection and restoration of critical riparian management zones
developed pursuant to section 3087, chapter 474, Laws of 2023. The
commission must ensure that the voluntary grant program criteria

1 achieve optimal restoration of functioning riparian ecosystems in
2 priority critical riparian management zones.

3 (b) In adopting program criteria under this section, the
4 commission must:

5 (i) Invite federally recognized tribes to be full participants in
6 development of the program criteria;

7 (ii) Coordinate with private landowners and other interested
8 stakeholders;

9 (iii) Coordinate with the department of ecology, the department
10 of fish and wildlife, conservation districts, and the department of
11 agriculture;

12 (iv) Consider the best available, locally applicable science that
13 is specific to each region of the state where the program criteria
14 will be applied; and

15 (v) Be informed by, consistent with, and aligned with the
16 recommendations and implementation proposals for voluntary riparian
17 restoration and protection provided by the riparian task force
18 convened pursuant to section 117(3), chapter 475, Laws of 2023,
19 including and in particular recommendations 2.2, 2.2.1-2.2.7, and
20 2.3.1-2.3.4 of the riparian task force final report and
21 recommendations, June 2024.

22 (c) The commission may not provide riparian grant funds
23 appropriated in this section until the commission has finalized grant
24 guidelines that adopt final program criteria that are consistent with
25 the requirements in this section, and that include incorporating
26 where feasible the Washington state department of fish and wildlife
27 Riparian Ecosystems Volume I: Science Synthesis and Management
28 Implications (2020) for achieving fully functioning riparian
29 ecosystems.

30 (3) (a) The commission shall prioritize critical riparian
31 management zones at the watershed or subbasin scale where grant
32 funding under the program created in this section would be primarily
33 targeted. The prioritization must be informed by, consistent with,
34 and aligned with one or more of the following: Watershed plans
35 developed pursuant to chapter 90.82 RCW; the action agenda developed
36 under RCW 90.71.260; regional recovery plans created under RCW
37 77.85.090; the habitat project lists developed pursuant to RCW
38 77.85.050; the prioritization process developed under RCW 77.95.160;
39 priority projects identified for salmon recovery through agency grant
40 programs; or another watershed-based strategy that is consistent

1 with, and aligned with the recommendations and implementation
2 proposals provided by the riparian task force convened pursuant to
3 section 117(3), chapter 475, Laws of 2023.

4 (b) The prioritization of critical riparian management projects
5 must be developed in coordination with:

6 (i) Local federally recognized tribes;

7 (ii) Local private landowners who are voluntarily participating
8 in the program;

9 (iii) Local conservation districts; and

10 (iv) The local county, the department of fish and wildlife, the
11 department of ecology, and water resource inventory area planning
12 units organized pursuant to chapter 90.82 RCW.

13 (4) Conditions for awarding funding for projects under this
14 program include, but are not limited to:

15 (a) Consistency with the program criteria and finalized grant
16 guidelines established under subsection (2) of this section;

17 (b) Tiered incentive rates tied to improving functionality for
18 riparian areas that provide more than proportionally higher landowner
19 incentive payments for projects that establish the maximum achievable
20 buffer widths; and

21 (c) Other requirements as determined by the commission.

22 (5) The commission must distribute riparian grant program funding
23 equitably throughout the state, consistent with received grant
24 applications and benefit to salmon habitat. Funding is intended
25 primarily for projects located in salmon recovery regions, as defined
26 in RCW 77.85.010, but funding may also be distributed to a project
27 not located in a salmon recovery region upon a determination by the
28 commission that the project will provide a unique benefit to salmon
29 habitat.

30 (6) Allowable expenses to a grantee receiving funds under this
31 section include, but are not limited to, labor, equipment, fencing,
32 mulch, seed, seedling trees, manual weed control, and yearly
33 maintenance costs for up to 10 years.

34 (7) Any native woody trees and shrubs planted with funding
35 provided under this section must be maintained for a minimum of five
36 years or as otherwise set by the commission for each grantee.
37 Vegetation must be chosen to prevent invasive weed populations and
38 ensure survival and successful establishment of plantings.

39 (8) The commission shall determine appropriate recordkeeping and
40 data collection procedures required for program implementation and

shall establish a data management system that allows for coordination between the commission and other state agencies. Any data collected or shared under this section may be used only to assess the successes of the riparian grant program in improving the functions of critical riparian habitat.

(9) The commission shall develop and implement a framework that includes monitoring, adaptive management, and metrics in order to ensure consistency with the requirements of the riparian grant program. The monitoring and adaptive management framework may include, but is not limited to, consideration of:

(a) Acres identified as eligible for restoration within a watershed;

(b) Acres planned to be restored;

(c) Acres actually planted and maintained;

(d) Success in targeting and achieving aggregated project implementation resulting in an increase in linear miles restored;

(e) Plan review criteria; and

(f) Other similar factors as identified by the commission.

(10) The commission may use up to two percent of any amounts appropriated in this section for targeted outreach activities that focus on critically identified geographic locations for listed salmon species.

(11) The commission may use up to four percent of amounts appropriated in this section for administrative expenses.

(12) For the purposes of this section, "critical riparian management zone" means the area adjacent to freshwaters, wetlands, and marine waters that has been locally or regionally identified as an area where salmon recovery efforts would significantly benefit from enhanced protection or restoration.

NEW SECTION. Sec. 3130. FOR THE DEPARTMENT OF NATURAL RESOURCES

Carbon Sequestration Forest (40000707)

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) \$3,000,000 of this appropriation is provided solely to acquire working forestlands in Wahkiakum county to be managed for increased carbon sequestration and carbon storage through sustainable timber harvests. Any land purchased must be managed under the

1 department's habitat conservation plan and policy for sustainable
2 forests. Pursuant to (b) of this subsection, it is the intent of the
3 legislature that these lands serve as replacement land for
4 structurally complex, carbon-dense forestlands designated for
5 conservation and for existing encumbered state forestlands. Once
6 purchased, the lands must be part of the land bank created in RCW
7 79.19.020. The property must be purchased before the transfer of any
8 existing trust land is fully executed.

9 (b) If the department acquires land pursuant to this subsection
10 (1), it must use the lands acquired for the following purposes: (i)
11 For the permanent conservation of structurally complex, carbon-dense
12 forestland and (ii) as replacement state forestlands to replace
13 existing encumbered state forestlands in Clallam, Pacific, Skamania,
14 and Wahkiakum counties.

15 (c) The department must designate any lands acquired related to
16 (b)(ii) of this subsection as state forest transfer lands.

17 (d) If the department acquires any replacement lands pursuant to
18 this section, it must take the following actions: (i) Designate the
19 lands acquired for management under the department's habitat
20 conservation plan and policy for sustainable forests; (ii) ensure
21 that any acquisition pursuant to this section complies with the
22 allowable purposes of RCW 70A.65.270; and (iii) ensure that any
23 replacement of structurally complex, carbon-dense forested trust land
24 pursuant to (b)(i) of this subsection be of equal value to the land
25 conserved and that replacement land is purchased before the transfer
26 is fully executed.

27 (e) Before conserving any forestland pursuant to (a)(i) of this
28 subsection, the department must receive letters nominating specific
29 parcels issued by the legislative authority of the county in which
30 the forestland is located and the approval of the conservation parcel
31 boundaries by the board of natural resources. County parcel
32 nomination and board approval pursuant to this process must be
33 finalized prior to the transfer of the forestland pursuant to this
34 subsection.

35 (f) The department may designate the structurally complex,
36 carbon-dense forested trust land identified in (a)(i) of this
37 subsection as a natural area preserve or a natural resource
38 conservation area notwithstanding the requirements of chapter 79.70
39 and 79.71 RCW.

1 (g) The legislative authority of the county from which the real
2 property was transferred pursuant to (a)(i) of this subsection may
3 not request that the department distribute a percentage of the
4 proceeds associated with the valuable materials to the legislative
5 authority of the county from which the real property was transferred.
6 Before conserving any forestland pursuant to (a)(i) of this
7 subsection, the legislative body of the county must request in
8 writing to participate in a land pool in accordance with RCW
9 79.22.140.

10 (h) The department may use up to \$500,000 of the total
11 appropriation in this section for its administrative costs pursuant
12 to this section.

13 (2) \$2,000,000 of the appropriation is provided solely for the
14 department to implement climate-smart forest management strategies to
15 enhance carbon storage as well as conservation of carbon-dense,
16 structurally complex mature forests, support timber production and
17 implement the requirements of the department's multispecies habitat
18 conservation plan for state trust lands.

2025-27 Classroom Indoor Air Quality Projects (40000144)

The appropriation in this section is subject to the following conditions and limitations:

(1) (a) \$10,000,000 of the climate commitment account—state appropriation in this section is provided solely for grants to school districts with enrollments exceeding 3,000 students for indoor air quality assessment, installation, repair, or replacement of HVAC, air filtration enhancements, and general air quality improvements that improve student health and safety.

(b) Grantees under this subsection (1) may: (i) Seek technical assistance from state-funded entities, such as the office of the superintendent of public instruction, the department of commerce, and the department of health; (ii) seek technical assistance from other entities, such as local health jurisdiction school safety programs and the smart buildings center's K-12 ventilation and indoor air

1 quality resource team; and (iii) use funding awarded to seek guidance
2 and technical assistance from commercial entities that have
3 specialized knowledge of troubleshooting modern HVAC or smart
4 building systems.

5 (c) Subject to subsection (3) of this section and if applications
6 for assessment grants under this subsection exceed available funding,
7 the office of the superintendent of public instruction must first
8 prioritize grants for school districts: (i) Without existing HVAC
9 systems; (ii) that have documented proof of indoor air quality
10 performance that does not meet current state energy code; (iii) with
11 outdated or underperforming HVAC systems; and (iv) that have the most
12 limited financial capacity. Assessments funded under this subsection
13 (1)(c) must include professional cost estimates for mitigating the
14 indoor air quality deficiencies identified.

15 (2)(a) \$15,000,000 of the climate commitment account—state
16 appropriation in this section is provided solely for grants to school
17 districts with enrollments that are less than or equal to 3,000
18 students for assessment, installation, repair, or replacement of
19 HVAC, air filtration enhancements, and general air quality
20 improvements that improve student health and safety.

21 (b) Grantees under this subsection may: (i) Seek technical
22 assistance from state funded entities, such as the office of the
23 superintendent of public instruction, the department of commerce, and
24 the department of health; (ii) seek technical assistance from other
25 entities, such as local health jurisdiction school safety programs
26 and the smart buildings center's K-12 ventilation and indoor air
27 quality resource team; and (iii) use funding awarded to seek guidance
28 and technical assistance from commercial entities that have
29 specialized knowledge of troubleshooting modern HVAC or smart
30 building systems.

31 (c) Subject to subsection (3) of this section and if applications
32 grants under this subsection exceed available funding, the office of
33 the superintendent of public instruction must first prioritize grants
34 for school districts: (i) Without existing HVAC systems; (ii) that
35 have documented proof of indoor air quality performance that does not
36 meet current state energy code; (iii) with outdated or
37 underperforming HVAC systems; and (iv) that have the most limited
38 financial capacity.

39 (3) The office of the superintendent of public instruction must
40 first allocate, to the maximum extent feasible, the funding

appropriated under this section to grants prioritized under subsections (1) and (2) of this section. However, as necessary to award grants using the climate commitment account—state appropriation in this section, the superintendent of public instruction may also prioritize grants under this section that will improve compliance with the state's energy-related building standards in chapter 19.27A RCW by reducing energy use intensity.

Appropriation:

Climate Commitment Account—State.	\$25,000,000
Prior Biennia (Expenditures).	\$0
Future Biennia (Projected Costs).	\$100,000,000
TOTAL.	\$125,000,000

NEW SECTION. Sec. 5004. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

2025-27 School District Health and Safety (40000146)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$11,000,000 of the appropriation in this section is provided solely for emergency repair grants to address unexpected and imminent health and safety hazards at K-12 public schools, including skill centers, that will impact the day-to-day operations of the school facility, and this is the maximum amount that may be spent for this purpose. For emergency repair grants only, an emergency declaration must be signed by the school district board of directors and submitted to the superintendent of public instruction for consideration. The emergency declaration must include a description of the imminent health and safety hazard, the possible cause, the proposed scope of emergency repair work and related cost estimate, and identification of local funding to be applied to the project. Grants of emergency repair moneys must be conditioned upon the written commitment and plan of the school district board of directors to repay the grant with any insurance payments or other judgments that may be awarded, if applicable.

(2) \$20,000,000 of the appropriation in this section is provided solely for health and safety and equal access grants.

(a) \$15,000,000 of the appropriation in this section is provided solely for urgent repair grants to address nonrecurring urgent small repair projects at K-12 public schools, excluding skill centers, that

1 could impact the health and safety of students and staff if not
2 completed, and this is the maximum amount that may be spent for this
3 purpose. The office of the superintendent of public instruction,
4 after consulting with maintenance and operations administrators of
5 school districts, shall develop criteria and assurances for providing
6 funding for specific projects through a competitive grant program.
7 The criteria and assurances must include, but are not limited to, the
8 following: (i) Limiting school districts to one grant, not to exceed
9 \$600,000, per three-year period; (ii) prioritizing applications based
10 on limited school district financial resources for the project; and
11 (iii) requiring any district receiving funding provided in this
12 section to demonstrate a consistent commitment to addressing school
13 facility needs. The grant applications must include a comprehensive
14 description of the health and safety issues to be addressed, a
15 detailed description of the remedy, including a detailed cost
16 estimate of the repair or replacement work to be performed, and
17 identification of local funding, if any, which will be applied to the
18 project. Grants may be used for, but are not limited to: Repair or
19 replacement of failing building systems, abatement of potentially
20 hazardous materials, and safety-related structural improvements.

21 (b) \$5,000,000 of the appropriation in this section is provided
22 solely for equal access grants for facility repairs and alterations
23 at K-12 public schools, including skills centers, to improve
24 compliance with the Americans with disabilities act and individuals
25 with disabilities education act, and this is the maximum amount that
26 may be spent for this purpose. The office of the superintendent of
27 public instruction shall develop criteria and assurances for
28 providing funding for specific projects through a competitive grant
29 program. The criteria and assurances must include, but are not
30 limited to, the following: (i) Limiting districts to one grant, not
31 to exceed \$150,000, per three-year period; (ii) prioritizing
32 applications based on limited school district financial resources for
33 the project; and (iii) requiring recipient districts to demonstrate a
34 consistent commitment to addressing school facility needs. The grant
35 applications must include a description of the Americans with
36 disabilities act or individuals with disabilities education act
37 compliance deficiency, a comprehensive description of the facility
38 accessibility issues to be addressed, a detailed description of the
39 remedy including a detailed cost estimate of the repair or
40 replacement work to be performed, and identification of local

funding, if any, which will be applied to the project. Priority for grant funding must be given to school districts that demonstrate a lack of capital resources to address the compliance deficiencies outlined in the grant application.

(3) The superintendent of public instruction must notify the office of financial management, the legislative evaluation and accountability program committee, the house capital budget committee, and the senate ways and means committee as projects described in subsection (1) of this section are approved for funding.

2025-27 Healthy Kids-Healthy Schools (40000147)

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) \$12,000,000 of the common school construction account—state appropriation in this section is provided solely for healthy kids and healthy schools grants for projects that are consistent with the healthiest next generation priorities.

(b) The appropriation in this subsection (1) is provided solely for grant funding to school districts for the purchase of equipment or to make repairs to existing equipment that is related to improving: (i) Children's physical health, and may include, but is not limited to, fitness playground equipment, covered play areas, and physical education equipment or related structures or renovation; and (ii) children's nutrition, and may include, but is not limited to, garden related structures and greenhouses to provide students access to fresh produce, and kitchen equipment or upgrades.

(c) The office of the superintendent of public instruction shall develop criteria for grant funding under this subsection (1) that include, but are not limited to, the following requirements: (i) Districts may apply for grants, but no single district may receive more than \$200,000 of the appropriation for grants awarded under this section; (ii) any district receiving funding provided in this section

must demonstrate a consistent commitment to addressing school facilities' needs; and (iii) applicants with a high percentage of students who are eligible and enrolled in the free and reduced-price meals program may be prioritized.

(2) \$3,000,000 of the common school construction account—state appropriation in this section is provided solely for grants to school districts, charter schools, and state-tribal education compact schools for the replacement of lead-contaminated pipes, drinking water fixtures, and the purchase of water filters, including the labor costs of remediation design, installation, and construction.

Appropriation:

Common School Construction Fund—State.	\$15,000,000

2025-27 Career Preparation and Launch Grants (40000148)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for the superintendent of public instruction to provide competitive grants to school districts to purchase and install career and technical education equipment that expands career-connected learning and work-integrated learning opportunities.

(2) The office of the superintendent of public instruction, after consulting with school districts, career connect Washington, and the workforce training and education coordinating board, shall develop criteria and assurances for providing funding and outcomes for specific projects through a competitive grant program to stay within the appropriation level provided in this section consistent with the following priorities. The criteria must include, but is not limited to, the following:

(a) Districts or schools must demonstrate that the request provides necessary equipment to deliver career and technical education; and

(b) Applicants with a high percentage of students who are eligible and enrolled in the free and reduced-price meals program must be prioritized.

(3) No single district may receive more than \$200,000 of the appropriation.

2025-27 Small District and STEC Schools Modernization Program
(40000150)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$223,690,000 of the state building construction account—state appropriation, \$77,091,000 of the common school construction account—state appropriation, and \$1,500,000 of the common school construction account—federal appropriation in this section are provided solely for modernization grants for small school districts authorized under RCW 28A.525.159.

(2) \$3,644,000 of the common school construction account—state appropriation in this section is provided solely for planning grants for small school districts authorized under RCW 28A.525.159. Planning grants may not exceed \$50,000 per district. Planning grants may only be awarded to school districts with an estimated total project cost of \$6,000,000 or less.

(3) \$27,371,000 of the state building construction account—state appropriation in this section is provided solely for planning grants and modernization grants to state-tribal compact schools. The superintendent of public instruction may prioritize planning grants for state-tribal compact schools with the most serious building deficiencies and the most limited financial capacity.

(4) The superintendent of public instruction shall submit a list of small school district modernization projects, as prioritized by the advisory committee under RCW 28A.525.159, to the legislature and

the governor by September 15, 2026. The list must include: (a) A description of the project; (b) the proposed state funding level, not to exceed \$6,000,000 per project; (c) estimated total project costs; and (d) local funding resources.

(5) In addition to the standard list required in subsection (4) of this section, the superintendent of public instruction shall also submit additional lists for consideration by September 15, 2026, alongside their 2027-2029 request. These additional lists must include the following information: (a) A description of the projects; (b) the proposed state funding level; (c) estimated total project costs; and (d) local funding resources for:

(i) Small school districts with 1,000 students or less, with a state funding level not to exceed \$12,000,000 per project; and

14 ((2023-25)) Broadband Infrastructure Federal Match Projects
15 (40000290)

16 The appropriations in this section are subject to the following
17 conditions and limitations:

18 (1) (a) \$50,000,000 of the ((~~state building construction account—~~
19 ~~state~~)) federal broadband account—state appropriation in this section
20 is provided solely as match for federal authority allocated under
21 this section and section 7017 of this act for the statewide broadband
22 office to administer the broadband equity, access, and deployment
23 state grants program in section 60102 of P.L. 117-58 (infrastructure
24 investment and jobs act). Expenditure of the amount in this
25 subsection is contingent on the receipt of this grant funding.

26 (b) To the extent permitted by federal law, the office shall
27 provide state match only for projects where the lead applicant is a
28 public or tribal government entity. The office must allocate state
29 match funds in a manner that prioritizes projects based on
30 affordability, fair labor practices, speed to deployment, open
31 access, local and tribal coordination, and the provision of digital
32 navigation services, as outlined in the scoring criteria contained in
33 the plan submitted by the office to the national telecommunications
34 and information administration.

35 (c) The legislature intends to provide sufficient funds to match
36 federal funds available during the 2025-2027 fiscal biennium. To the
37 extent that sufficient funds are not made available, the department

1 must secure from subgrantees cash, in-kind, or other eligible forms
2 of match to provide sufficient funds to match federal funds.

3 (2) In addition to scoring and weighting criteria established
4 pursuant to the federal broadband equity, access, and deployment
5 program, the state broadband office must establish additional
6 secondary selection criteria, including, but not limited to, criteria
7 that give weight to projects that:

8 (a) Provide open-access wholesale last-mile broadband service for
9 the useful life of the subsidized networks on fair, equal, and
10 neutral terms to all potential retail providers; and

11 (b) Demonstrate support from the local government or any tribal
12 government with oversight over the location or locations to be
13 served.

14 (3) The statewide broadband office must include, in the five-year
15 action plan developed using initial planning funds from the broadband
16 equity, access, and deployment program funded under P.L. 117-58
17 (infrastructure investment and jobs act):

18 (a) Consideration of broadband infrastructure projects that use
19 wireless technology in order to expand access at the lowest cost to
20 the most unserved or underserved residents; and

21 (b) Steps the office will take to promote: The use of existing
22 infrastructure; dig-once policies; streamlined permitting processes;
23 and cost-effective access to poles, conduits, easements, and rights-
24 of-way. To the extent permitted under federal law, the office must
25 consider creating a pool of grant funds dedicated to pole costs.

26 (4) \$300,000 of the (~~(general fund)~~) federal broadband account—
27 federal appropriation provided in this section is for a staff
28 position dedicated to advising the statewide broadband office on the
29 availability and feasibility of deploying new and emerging
30 technologies in broadband internet service.

FOR THE DEPARTMENT OF COMMERCE

((2023-25)) Broadband Infrastructure Federal Match Projects
(40000290)

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) \$50,000,000 of the state building construction account—state appropriation in this section is provided solely as match for federal authority allocated under this section and section 7017 of this act for the statewide broadband office to administer the broadband equity, access, and deployment state grants program in section 60102 of P.L. 117-58 (infrastructure investment and jobs act). Expenditure of the amount in this subsection is contingent on the receipt of this grant funding.

(b) To the extent permitted by federal law, the office shall provide state match only for projects where the lead applicant is a public or tribal government entity. The office must allocate state match funds in a manner that prioritizes projects based on affordability, fair labor practices, speed to deployment, open access, local and tribal coordination, and the provision of digital navigation services, as outlined in the scoring criteria contained in the plan submitted by the office to the national telecommunications and information administration.

(c) The legislature intends to provide sufficient funds to match federal funds available during the 2025-2027 fiscal biennium. To the extent that sufficient funds are not made available, the department must secure from subgrantees cash, in-kind, or other eligible forms of match to provide sufficient funds to match federal funds.

(2) In addition to scoring and weighting criteria established pursuant to the federal broadband equity, access, and deployment program, the state broadband office must establish additional secondary selection criteria, including, but not limited to, criteria that give weight to projects that:

(a) Provide open-access wholesale last-mile broadband service for the useful life of the subsidized networks on fair, equal, and neutral terms to all potential retail providers; and

(b) Demonstrate support from the local government or any tribal government with oversight over the location or locations to be served.

(3) The statewide broadband office must include, in the five-year action plan developed using initial planning funds from the broadband equity, access, and deployment program funded under P.L. 117-58 (infrastructure investment and jobs act):

(a) Consideration of broadband infrastructure projects that use wireless technology in order to expand access at the lowest cost to the most unserved or underserved residents; and

(b) Steps the office will take to promote: The use of existing infrastructure; dig-once policies; streamlined permitting processes; and cost-effective access to poles, conduits, easements, and rights-of-way. To the extent permitted under federal law, the office must consider creating a pool of grant funds dedicated to pole costs.

(4) \$300,000 of the general fund—federal appropriation provided in this section is for a staff position dedicated to advising the statewide broadband office on the availability and feasibility of deploying new and emerging technologies in broadband internet service.

9 follows:

10 **FOR THE DEPARTMENT OF COMMERCE**

11 2023-25 Housing Trust Fund (40000295)

12 The appropriations in this section are subject to the following
13 conditions and limitations:

14 (1) \$180,663,000 of the state taxable building construction
15 account—state appropriation is provided solely for the new
16 construction, acquisition, or rehabilitation of affordable housing
17 projects that serve and benefit low-income and special needs
18 populations including, but not limited to, people with chronic mental
19 illness or behavioral health conditions, farmworkers, people who are
20 homeless, and people in need of permanent supportive housing. The
21 department shall strive to invest at least 20 percent of the
22 appropriation provided under this subsection with by and for
23 organizations, as defined by the office of equity.

24 (2) \$35,500,000 of the state taxable building construction
25 account—state appropriation and \$8,500,000 of the Washington housing
26 trust fund account—state appropriation are provided solely for
27 affordable housing projects that serve and benefit low-income people
28 with developmental or intellectual disabilities. The department must
29 use a separate application form and evaluation criteria for
30 applications under this subsection. The department must coordinate
31 with the department of social and health services regarding any
32 needed supportive services and make efforts to enact the
33 recommendations of the housing needs study for individuals with
34 intellectual and developmental disabilities, as provided in section
35 1068(6), chapter 332, Laws of 2021.

36 (3) ((~~\$100,000,000~~)) \$93,000,000 of the state taxable building
37 construction account—state appropriation is provided solely for the
38 apple health and homes rapid permanent supportive housing program

created in chapter 216, Laws of 2022. Of the amounts provided in this subsection(~~(÷~~

~~(a))~~), \$5,000,000 is provided solely for the St. Agnes Haven project in Spokane(~~(÷~~and

~~(b) \$7,000,000 is provided solely for the CoLead Northgate project in Seattle))~~).

(4) (~~(\$60,000,000)~~) \$46,680,000 of the state building construction account—state and \$13,320,000 of the state taxable construction account—state appropriations (~~(is)~~) are provided solely for awards to organizations eligible under RCW 43.185A.040 for the development of homeownership projects affordable to first-time low-income households throughout the state. Projects serving homebuyers whose income is up to 80 percent of the area median income, adjusted for household size, for the county where the property is located are eligible to apply, except that projects located in rural areas of the state, as defined by the department, serving homebuyers whose income is up to 100 percent of the area median income, adjusted for household size, for the county where the property is located are eligible to apply. Eligible activities include, but are not limited to, down payment assistance, closing costs, acquisition, rehabilitation costs, and new construction. Eligible organizations may include those that plan to provide housing to socially disadvantaged communities as defined in 13 C.F.R. Sec. 124.103. The department shall strive to invest at least 50 percent of these funds with by and for organizations, as defined by the office of equity, and make efforts to enact the recommendations of the homeownership disparities work group created in section 128(100), chapter 297, Laws of 2022. Of the amount provided in this subsection:

(a) \$1,500,000 of the state building construction account—state appropriation is provided solely for the Boulevard Townhomes project; and

(b) \$248,000 of the state building construction account—state appropriation is provided solely for the Crail Cottages project.

(5) \$25,000,000 of the state building construction account—state appropriation is provided solely for affordable housing preservation projects, which may include, but are not limited to:

(a) Projects preserving and extending the affordability commitment period for projects in the housing trust fund portfolio. The funds may be provided for major building improvements,

1 preservation, and system replacements, necessary for the existing
2 housing trust fund portfolio to maintain long-term viability. The
3 department must require a capital needs assessment be provided prior
4 to contract execution. Funds may not be used to add or expand the
5 capacity of the property. When allocating funds, the department must
6 prioritize buildings that are older than 15 years and that serve very
7 low-income and extremely low-income populations.

8 (b) Projects preserving affordable multifamily housing at risk of
9 losing its affordability due to expiration of use restrictions that
10 otherwise require affordability including, but not limited to, United
11 States department of agriculture funded multifamily housing. The
12 department must prioritize projects that satisfy the goal of long-
13 term preservation of Washington's affordable multifamily housing
14 stock, particularly in rural areas of the state. Funds may be used
15 for acquisition or for acquisition and rehabilitation of properties
16 to preserve the affordable housing units beyond their existing use
17 restrictions and keep them in Washington's housing portfolio for a
18 minimum of 40 years. If a capital needs assessment is required, the
19 department must work with the applicant to ensure that this does not
20 create an unnecessary impediment to rapidly accessing these funds.

21 (c) The funding provided under this subsection (5) is not subject
22 to the 90-day application periods in RCW 43.185.070 or 43.185A.050.

23 (d) The amount awarded under this subsection (5) may not be
24 calculated in award limitations for other housing trust fund awards.

25 (6) \$14,000,000 of the state ((taxable)) building construction
26 account—state appropriation is provided solely for a grant to the
27 northwest cooperative development center to provide subgrants for the
28 acquisition and preservation of mobile or manufactured home
29 communities. Funding provided under this subsection may be used to
30 acquire mobile or manufactured home communities for the purpose of
31 avoiding household displacement due to sale or other transactions and
32 ensuring preservation of housing affordability for low-income
33 households for a minimum of 40 years.

34 (7) \$7,000,000 of the state ((taxable)) building construction
35 account—state appropriation is provided solely for capital
36 improvements to mobile home or manufactured home communities and
37 includes the following:

38 (a) \$5,500,000 is provided solely for a grant to the northwest
39 cooperative development center to provide subgrants to organizations
40 that are "mobile home park cooperatives" or "manufactured housing

cooperatives" under RCW 59.20.030 for completing capital improvement processes. Subgrants provided under this subsection may be used solely for critical improvements, repairs, and infrastructure upgrades to promote the preservation of mobile or manufactured home communities as affordable housing. The grantee must award subgrants based on needs relating to health, safety, and cost; and

(b) \$1,500,000 is provided solely for the Alpine Ridge Utility Upgrades project.

(8) (~~(\$71,876,000)~~) (a) \$72,876,000 of the state taxable building construction account—state appropriation is provided solely for the following list of projects:

African Diaspora Cultural Anchor Village (SeaTac). . .	\$4,000,000
Bringing It Home II 24-Hour Domestic Violence Shelter.	\$8,720,000

1 The House of Bethlehem. \$424,000
2 West Klickitat Assisted Living Facility. \$3,000,000
3 (b) \$6,000,000 of the state building construction account—state
4 appropriation is provided solely for the following list of projects:
5 Habitat for Humanity. \$6,000,000

6 (9) \$20,000,000 of the state taxable building construction
7 account—state appropriation in this section is provided solely for
8 eligible organizations defined under RCW 43.185A.040 to acquire,
9 renovate, and prepare real property for rapid conversion into
10 enhanced emergency shelters, permanent supportive housing,
11 transitional housing, permanent housing, youth housing, tiny homes,
12 or shelter for extremely low-income people, as well as individuals,
13 families, unaccompanied youth, and young people experiencing
14 sheltered and unsheltered homelessness. Acquisitions completed with
15 temporary financing are eligible for funding provided in this
16 section. The department may only approve funding for projects that
17 result in increased shelter or housing capacity.

18 (a) Acquisition of multifamily housing is a priority, and the
19 department shall prioritize housing projects that rapidly move people
20 experiencing unsheltered homelessness into housing, including, but
21 not limited to, individuals living in unsanctioned encampments, the
22 public rights-of-way, or other public spaces.

23 (b) Amounts provided in this section may not be used for
24 operating or maintenance costs, supportive services, or debt service.

25 (c) Awards made to tiny homes under this subsection (9) may be
26 made to noncode compliant structures and may be exempted from the 40-
27 year affordability requirement under RCW 43.185A.060.

28 (10) \$5,000,000 of the state building construction account—state
29 appropriation in this section is provided solely for affordable
30 housing urgent repair grants to be provided on an ongoing basis.
31 Funding is not subject to the 60-day notification requirement in RCW
32 43.185A.150. The funding may be provided to address nonreoccurring
33 repair projects including repair of units or buildings, abatement of
34 potentially hazardous materials, and safety-related structural
35 improvements of affordable housing. Each repair grant award may not
36 exceed \$200,000 per award. However, the department may not limit the
37 number of awards or amount received per organization.

(a) For purposes of this subsection (10), "affordable housing" means:

(i) Permanent supportive housing as defined in RCW 36.70A.030; and

(ii) Multifamily affordable housing projects in the housing trust fund portfolio.

(b) If the department receives application requests that exceed the appropriation level in this subsection (10), the department must prioritize projects under (a)(i) of this subsection.

(11) In evaluating projects in this section, the department must give preference for applications based on some or all of the criteria in RCW 43.185.070(5).

(12) The department shall strive to allocate at least 30 percent of the funds provided in this section to projects located in rural areas of the state, as defined by the department.

(13) The department must strive to allocate all of the amounts appropriated in this section within the 2023-2025 fiscal biennium in the manner prescribed in each subsection. However, if upon review of applications the department determines there are not adequate suitable projects in a category, the department may allocate funds to other affordable housing projects serving other low-income and special needs populations, provided those projects are located in an area with an identified need for the type of housing proposed.

2023-25 Early Learning Facilities Fund Grant Program (40000300)

1 The appropriation in this section is subject to the following
2 conditions and limitations:

3 (1) \$7,350,000 of the Ruth Lecocq Kagi early learning facilities
4 development account—state appropriation in this section is provided
5 solely for minor renovation grants.

6 (2) (~~(\$46,550,000))~~ \$39,830,000 of the Ruth Lecocq Kagi early
7 learning facilities development account—state and \$6,720,000 of the
8 Ruth LeCocq Kagi early learning facilities revolving account—state
9 appropriations in this section (~~(is)~~) are provided solely for the
10 early learning facility grant and loan program, subject to the
11 provisions of RCW 43.31.573 through 43.31.583 and 43.84.092, to
12 provide state assistance for designing, constructing, purchasing,
13 expanding, or modernizing public or private early learning education
14 facilities for eligible organizations. Up to four percent of the
15 funding in this subsection may be used by the department of children,
16 youth, and families to provide technical assistance to early learning
17 providers interested in applying for the early learning facility
18 grant or loan program.

19 (3) The department of children, youth, and families must develop
20 methodology to identify, at the school district boundary level, the
21 geographic locations of where early childhood education and
22 assistance program slots are needed to meet the entitlement specified
23 in RCW 43.216.556. This methodology must be linked to the caseload
24 forecast produced by the caseload forecast council and must include
25 estimates of the number of slots needed at each school district. This
26 methodology must inform any early learning facilities needs
27 assessment conducted by the department and the department of
28 children, youth, and families. This methodology must be included as
29 part of the budget submittal documentation required by RCW 43.88.030.

30 (4) When prioritizing areas with the highest unmet need for early
31 childhood education and assistance program slots, the committee of
32 early learning experts convened by the department pursuant to RCW
33 43.31.581 must first consider those areas at risk of not meeting the
34 entitlement specified in RCW 43.216.556.

35 (5) The department must track the number of slots being renovated
36 separately from the number of slots being constructed and, within
37 these categories, must track the number of slots separately by
38 program for the working connections child care program and the early
39 childhood education and assistance program.

(6) When prioritizing applications for projects pursuant to RCW 43.31.581, the department must award priority points to applications from a rural county or from extreme child care deserts as defined by the department of children, youth, and families.

(7) For early learning facilities collocated with affordable or supportive housing developments, the department may remit state funding on a reimbursement basis for 100 percent of eligible project costs, regardless of the project's match amount, once the nonstate share of project costs have been either expended or firmly committed in an amount sufficient to complete the entire project or a distinct phase of the project that is useable to the public as an early learning facility. These projects are not subject to section 8015 of this act or RCW 43.88.150.

(8) It is the intent of the legislature to reappropriate funding in the 2023-2025 omnibus capital appropriations act for early learning facilities appropriated in this section.

(9) (~~(\$37,438,000)~~) \$36,138,000 of the Ruth Lecocq Kagi early learning facilities development account—state appropriation in this section is provided solely for the following list of early learning facility projects:

Boys and Girls Club of Lewis County.	\$1,950,000
Brightonview Childcare Expansion.	\$2,305,000
Cora Whitley Family Center (Tacoma).	\$3,015,000

4 (10) \$350,000 of the Ruth Lecocq Kagi early learning facilities
5 development account—state appropriation in this section is provided
6 solely for the early learning facilities capital readiness pilot
7 program. The department, in partnership with the department of
8 children, youth, and families, shall administer the program as part
9 of the early learning facilities program. The early learning
10 facilities capital readiness pilot program must support no more than
11 10 licensed early learning providers that will serve children through
12 working connections child care or through the early childhood
13 education and assistance program to study the feasibility of
14 expanding, remodeling, purchasing, or constructing early learning
15 facilities and classrooms. Participants must receive small grants and
16 project support to conduct capital feasibility studies that cover
17 financing, architectural design, construction, business operations,
18 and other relevant topics. Participants must also have access to
19 professional consultation related to financing, architectural design,
20 construction, and business operations.

35 Green Jobs and Infrastructure Grants (40000604)

36 The appropriation in this section is subject to the following
37 conditions and limitations:

1 (1) (a) (~~(\$21,450,000))~~ \$19,650,000 of the appropriation in this
2 section is provided solely for grants to projects that demonstrate
3 high-wage, clean job creation in Washington, provide risk reduction
4 for investments in public and private infrastructure in order to
5 increase a community's capacity for clean manufacturing, or provide
6 investments in workforce development to attract and train the
7 workforce required to grow the clean energy economy.

8 (b) Grants must be provided to eligible entities to help mitigate
9 and reverse the effects of climate change, help communities meet
10 their energy and climate change regulatory requirements, bring
11 increased federal and private investment to the state, help develop
12 the advanced workforce of the future, and ensure Washington state
13 maintains or grows its position as a world leader in developing the
14 projects and processes that are used to fight climate change
15 globally. Eligible activities under this section include, but are not
16 limited to, planning predevelopment, design, engineering, and
17 construction of clean technology projects.

18 (c) Entities eligible for grants under this section include, but
19 are not limited to, local governments, federally recognized tribal
20 governments and tribes' contracted service providers, public and
21 private utilities, ports, associate development organizations, for-
22 profit entities, academic and research institutions, nonprofit
23 organizations, and state agencies.

24 (d) Projects eligible for funding must be physically located in
25 Washington state. Eligible projects must be consistent with the state
26 energy strategy adopted under chapter 43.21F RCW and clean energy
27 policies under chapter 19.405 RCW. Projects must further the goals of
28 the climate commitment act as described in RCW 70A.65.260(1)(j).

29 (e) The department must consider equity and environmental justice
30 when developing the program structures and opportunities for
31 applicant participation and must follow principles established in its
32 community engagement plan adopted under RCW 70A.02.050.

33 (f) When soliciting and evaluating grant application proposals,
34 awarding contracts, and monitoring projects under this section, the
35 department must:

36 (i) Use competitive processes to select all projects, except as
37 otherwise noted in this section. The department must design a
38 competitive process to allow provision of grant award to projects in
39 a timely manner and consistent with the project timeline.

1 Applications must be accepted on a rolling basis, and final
2 determination must be made by the department;

3 (ii) Ensure compliance with all applicable laws related to the
4 project selection process, project monitoring, and contracting; and

5 (iii) Prioritize projects that leverage the greatest amount of
6 matching funds, such as local levy funding or private investment in
7 advanced manufacturing capability.

8 (g) Project applicants must disclose all sources of public
9 funding invested in a project. Grant contracts must provide that if,
10 after a grant has been awarded, the department finds that a grantee
11 has violated chapter 42.52 RCW, either in procuring or performing
12 under the grant, the department in its sole discretion may terminate
13 the grant funding by written notice, and that, if the grant is
14 terminated, the department will reserve its right to pursue all
15 available remedies under law to address the violation.

16 (2) \$750,000 of the appropriation in this section is provided
17 solely for the department to support access to and to flexibly
18 administer the program. The department may use these funds to hire
19 full-time equivalent positions within the department, as well as
20 contract for additional capacity and subject matter expertise.

21 (3) \$150,000 of the appropriation in this section is provided
22 solely for the Longview Industrial Symbiosis Park project.

23 (4) \$150,000 of the appropriation in this section is provided
24 solely for the Pasco Agricultural Symbiosis Industrial Park project.

25 (5) \$2,500,000 of the appropriation in this section is provided
26 solely for the Myno carbon removal facility.

27 ~~(6) ((a) Subsections (1) through (4) of this section take effect~~
28 ~~January 1, 2025.~~

29 ~~(b) If the climate commitment account is repealed as of December~~
30 ~~30, 2024, then subsections (1) through (4) of this section are null~~
31 ~~and void on December 31, 2024, and the amounts provided for in~~
32 ~~subsections (1) through (4) of this section shall lapse)) \$1,800,000~~
33 ~~of the appropriation in this section is provided solely for the~~
34 ~~innovation cluster accelerator program. Funding provided in this~~

6 **Sec. 7014.** 2024 c 375 s 1018 (uncodified) is amended to read as
7 follows:

8 **FOR THE DEPARTMENT OF COMMERCE**

9 2025 Local and Community Projects (40000614)

10 The appropriations in this section are subject to the following
11 conditions and limitations:

12 (1) The department shall not expend the appropriation in this
13 section unless and until the nonstate share of project costs have
14 been either expended or firmly committed, or both, in an amount
15 sufficient to complete the project or a distinct phase of the project
16 that is useable to the public for the purpose intended by the
17 legislature. This requirement does not apply to projects where a
18 share of the appropriation is for design costs only.

19 (2) Prior to receiving funds, project recipients must demonstrate
20 that the project site is under control for a minimum of 10 years,
21 either through ownership or a long-term lease. This requirement does
22 not apply to appropriations for preconstruction activities or
23 appropriations in which the sole purpose is to purchase real property
24 that does not include a construction or renovation component.

25 (3) Projects funded in this section may be required to comply
26 with Washington's high performance building standards under chapter
27 39.35D RCW.

28 (4) Project funds are available on a reimbursement basis only and
29 may not be advanced under any circumstances.

30 (5) In contracts for grants authorized under this section, the
31 department shall include provisions that require that capital
32 improvements be held by the grantee for a specified period of time
33 appropriate to the amount of the grant and that facilities be used
34 for the express purpose of the grant. If the grantee is found to be
35 out of compliance with provisions of the contract, the grantee shall
36 repay to the state general fund the principal amount of the grant
37 plus interest calculated at the rate of interest on state of

Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The department must comply with the requirements set forth in executive order 21-02 and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of these projects on cultural resources and historic properties. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated before project funds are made available.

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

2023-25 School District Health and Safety (40000067)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$11,000,000 of the appropriation in this section is provided solely for emergency repair grants to address unexpected and imminent health and safety hazards at K-12 public schools, including skill centers, that will impact the day-to-day operations of the school facility, and this is the maximum amount that may be spent for this purpose. For emergency repair grants only, an emergency declaration must be signed by the school district board of directors and submitted to the superintendent of public instruction for consideration. The emergency declaration must include a description of the imminent health and safety hazard, the possible cause, the proposed scope of emergency repair work and related cost estimate, and identification of local funding to be applied to the project. Grants of emergency repair moneys must be conditioned upon the written commitment and plan of the school district board of directors to repay the grant with any insurance payments or other judgments that may be awarded, if applicable.

(2) \$12,700,000 of the appropriation in this section is provided solely for urgent repair grants to address nonrecurring urgent small repair projects at K-12 public schools, excluding skill centers, that could impact the health and safety of students and staff if not completed, and this is the maximum amount that may be spent for this purpose. The office of the superintendent of public instruction, after consulting with maintenance and operations administrators of school districts, shall develop criteria and assurances for providing

1 funding for specific projects through a competitive grant program.
2 The criteria and assurances must include, but are not limited to, the
3 following: (a) Limiting school districts to one grant, not to exceed
4 \$500,000, per three-year period; (b) prioritizing applications based
5 on limited school district financial resources for the project; and
6 (c) requiring any district receiving funding provided in this section
7 to demonstrate a consistent commitment to addressing school facility
8 needs. The grant applications must include a comprehensive
9 description of the health and safety issues to be addressed, a
10 detailed description of the remedy, including a detailed cost
11 estimate of the repair or replacement work to be performed, and
12 identification of local funding, if any, which will be applied to the
13 project. Grants may be used for, but are not limited to: Repair or
14 replacement of failing building systems, abatement of potentially
15 hazardous materials, and safety-related structural improvements.

16 (3) \$4,600,000 of the appropriation in this section is provided
17 solely for equal access grants for facility repairs and alterations
18 at K-12 public schools, including skills centers, to improve
19 compliance with the Americans with disabilities act and individuals
20 with disabilities education act, and this is the maximum amount that
21 may be spent for this purpose. The office of the superintendent of
22 public instruction shall develop criteria and assurances for
23 providing funding for specific projects through a competitive grant
24 program. The criteria and assurances must include, but are not
25 limited to, the following: (a) Limiting districts to one grant, not
26 to exceed \$100,000, per three-year period; (b) prioritizing
27 applications based on limited school district financial resources for
28 the project; and (c) requiring recipient districts to demonstrate a
29 consistent commitment to addressing school facility needs. The grant
30 applications must include a description of the Americans with
31 disabilities act or individuals with disabilities education act
32 compliance deficiency, a comprehensive description of the facility
33 accessibility issues to be addressed, a detailed description of the
34 remedy including a detailed cost estimate of the repair or
35 replacement work to be performed, and identification of local
36 funding, if any, which will be applied to the project. Priority for
37 grant funding must be given to school districts that demonstrate a
38 lack of capital resources to address the compliance deficiencies
39 outlined in the grant application.

(4) The superintendent of public instruction must notify the office of financial management, the legislative evaluation and accountability program committee, the house capital budget committee, and the senate ways and means committee as projects described in subsection (1) of this section are approved for funding.

16 to the drinking water assistance account—state, up to
17 ((~~\$1,750,000~~)) \$1,468,000 for fiscal year 2024 ((and
18 up to ~~\$1,750,000~~ for fiscal year 2025)). ((~~\$3,500,000~~))
19 \$1,468,000

20 NEW SECTION. **Sec. 7052.** The following acts or parts of acts are
21 each repealed:

- 22 (1) 2023 c 474 s 6071 (uncodified); and
23 (2) 2023 c 474 s 6088 (uncodified).

(End of part)

1 **PART 8**

2 **MISCELLANEOUS PROVISIONS**

3 NEW SECTION. **Sec. 8001.** RCW 43.88.031 requires the disclosure
4 of the estimated debt service costs associated with new capital bond
5 appropriations. The estimated debt service costs for the
6 appropriations contained in this act are \$72,885,731 for the
7 2025-2027 biennium, \$415,019,779 for the 2027-2029 biennium, and
8 \$605,041,075 for the 2029-2031 biennium.

9 NEW SECTION. **Sec. 8002.** ACQUISITION OF PROPERTIES AND
10 FACILITIES THROUGH FINANCIAL CONTRACTS. (1) The following agencies
11 may enter into financial contracts, paid from any funds of an agency,
12 appropriated or nonappropriated, for the purposes indicated and in
13 not more than the principal amounts indicated, plus financing
14 expenses and required reserves pursuant to chapter 39.94 RCW. When
15 securing properties under this section, agencies shall use the most
16 economical financial contract option available, including long-term
17 leases, lease-purchase agreements, lease-development with option to
18 purchase agreements or financial contracts using certificates of
19 participation. Expenditures made by an agency for one of the
20 indicated purposes before the issue date of the authorized financial
21 contract and any certificates of participation therein are intended
22 to be reimbursed from proceeds of the financial contract and any
23 certificates of participation therein to the extent provided in the
24 agency's financing plan approved by the state finance committee.

25 (2) Those noninstructional facilities of higher education
26 institutions authorized in this section to enter into financial
27 contracts are not eligible for state funded maintenance and
28 operations. Instructional space that is available for regularly
29 scheduled classes for academic transfer, basic skills, and workforce
30 training programs may be eligible for state funded maintenance and
31 operations.

32 (3) Western Washington University: Enter into a financing
33 contract for up to \$3,000,000 plus financing expenses, required
34 reserves, and capitalized interest pursuant to chapter 39.94 RCW to
35 construct a parking lot replacement.

36 (4) Community and technical colleges:

37 (a) Enter into a financing contract on behalf of Columbia Basin
38 College for up to \$18,000,000 plus financing expenses, required

1 reserves, and capitalized interest pursuant to chapter 39.94 RCW to
2 construct student housing.

3 (b) Enter into a financing contract on behalf of Edmonds College
4 for up to \$9,000,000 plus financing expenses, required reserves, and
5 capitalized interest pursuant to chapter 39.94 RCW to construct
6 student housing.

7 (c) Enter into a financing contract on behalf of Clover Park
8 Technical College for up to \$15,000,000 plus financing expenses,
9 required reserves, and capitalized interest pursuant to chapter 39.94
10 RCW to construct an eastside training facility.

11 NEW SECTION. **Sec. 8003.** (1) To ensure that major construction
12 projects are carried out in accordance with legislative and executive
13 intent, agencies must complete a predesign for state construction
14 projects with a total anticipated cost in excess of \$10,000,000. For
15 purposes of this section, "total anticipated cost" means the sum of
16 the anticipated cost of the predesign, design, and construction
17 phases of the project.

18 (2) Appropriations for design may not be expended or encumbered
19 until the office of financial management has reviewed and approved
20 the agency's predesign.

21 (3) The predesign must explore at least three project
22 alternatives. These alternatives must be both distinctly different
23 and viable solutions to the issue being addressed. The chosen
24 alternative should be the most reasonable and cost-effective
25 solution. The predesign document must include, but not be limited to,
26 program, site, and cost analysis, and an analysis of the life-cycle
27 costs of the alternatives explored, in accordance with the predesign
28 manual adopted by the office of financial management.

29 (4) For projects exceeding the \$10,000,000 predesign threshold
30 established in this section, the office of financial management may
31 make an exception to some or all of the predesign requirements in
32 this section. The office of financial management shall report any
33 exception to the fiscal committees of the legislature:

34 (a) A description of the major capital project for which the
35 predesign waiver is made;

36 (b) An explanation of the reason for the waiver; and

37 (c) A rough order of magnitude cost estimate for the project's
38 design and construction.

1 (5) In deliberations related to submitting an exception under
2 this section, the office of financial management shall consider the
3 following factors:

4 (a) Whether there is any determination to be made regarding the
5 site of the project;

6 (b) Whether there is any determination to be made regarding
7 whether the project will involve renovation, new construction, or
8 both;

9 (c) Whether, within six years of submitting the request for
10 funding, the agency has completed, or initiated the construction of,
11 a substantially similar project;

12 (d) Whether there is any anticipated change to the project's
13 program or the services to be delivered at the facility;

14 (e) Whether the requesting agency indicates that the project may
15 not require some or all of the predesign requirements in this section
16 due to a lack of complexity; and

17 (f) Whether any other factors related to project complexity or
18 risk, as determined by the office of financial management, could
19 reduce the need for, or scope of, a predesign.

20 (6) If under this section, some or all predesign requirements are
21 waived, the office of financial management may instead propose a
22 professional project cost estimate instead of a request for predesign
23 funding.

24 NEW SECTION. **Sec. 8004.** (1) The legislature finds that use of
25 life-cycle cost analysis will aid public entities, architects,
26 engineers, and contractors in making design and construction
27 decisions that positively impact both the initial construction cost
28 and the ongoing operating and maintenance cost of a project. To
29 ensure that the total cost of a project is accounted for and the most
30 reasonable and cost efficient design is used, agencies shall develop
31 life-cycle costs for any construction project over \$10,000,000. The
32 life-cycle costs must represent the present value sum of capital
33 costs, installation costs, operating costs, and maintenance costs
34 over the life expectancy of the project. The legislature further
35 finds the most effective approach to the life-cycle cost analysis is
36 to integrate it into the early part of the design process.

37 (2) Agencies must develop a minimum of three project alternatives
38 for use in the life-cycle cost analysis. These alternatives must be
39 both distinctly different and viable solutions to the issue being

1 addressed. Agencies must choose the most reasonable and cost-
2 effective solution, as supported by the life-cycle cost analysis. A
3 brief description of each project alternative and why it was chosen
4 must be included in the life-cycle cost analysis section of the
5 predesign.

6 (3) The office of financial management shall: (a) Make available
7 a life-cycle cost model to be used for analysis; (b) in consultation
8 with the department of enterprise services, provide assistance in
9 using the life-cycle cost model; and (c) update the life-cycle cost
10 model annually including assumptions for inflation rates, discount
11 rates, and energy rates.

12 (4) Agencies shall consider architectural and engineering firms'
13 and general contractors' experience using life-cycle costs, operating
14 costs, and energy efficiency measures when selecting an architectural
15 and engineering firm, or when selecting contractors using alternative
16 contracting methods.

17 NEW SECTION. **Sec. 8005.** Agencies administering construction
18 projects with a total anticipated cost in excess of \$10,000,000 must
19 submit progress reports to the office of financial management and to
20 the fiscal committees of the house of representatives and senate.
21 "Total anticipated cost" means the sum of the anticipated cost of the
22 predesign, design, and construction phases of the project. Reports
23 must be submitted on July 1st and December 31st of each year in a
24 format determined by the office of financial management. After the
25 project is completed, agencies must also submit a closeout report
26 that identifies the total project cost and any unspent
27 appropriations.

28 NEW SECTION. **Sec. 8006.** (1) Allotments for appropriations in
29 this act shall be provided in accordance with the capital project
30 review requirements adopted by the office of financial management and
31 in compliance with RCW 43.88.110. Projects that will be employing
32 alternative public works construction procedures under chapter 39.10
33 RCW are subject to the allotment procedures defined in this section
34 and RCW 43.88.110.

35 (2) Each project is defined as proposed in the legislative budget
36 notes or in the governor's budget document.

1 NEW SECTION. **Sec. 8007.** (1) The office of financial management
2 may authorize a transfer of appropriation authority provided for a
3 capital project that is in excess of the amount required for the
4 completion of such project to another capital project for which the
5 appropriation is insufficient. No such transfer may be used to expand
6 the capacity of any facility beyond that intended in making the
7 appropriation. Such transfers may be effected only between capital
8 appropriations to a specific department, commission, agency, or
9 institution of higher education and only between capital projects
10 that are funded from the same fund or account. No transfers may occur
11 between projects to local government agencies except where the grants
12 are provided within a single omnibus appropriation and where such
13 transfers are specifically authorized by the implementing statutes
14 that govern the grants.

15 (2) The office of financial management may find that an amount is
16 in excess of the amount required for the completion of a project only
17 if: (a) The project as defined in the notes to the budget document is
18 substantially complete and there are funds remaining; or (b) bids
19 have been let on a project and it appears to a substantial certainty
20 that the project as defined in the notes to the budget document can
21 be completed within the biennium for less than the amount
22 appropriated in this act.

23 (3) For the purposes of this section, the intent is that each
24 project be defined as proposed to the legislature in the governor's
25 budget document, unless it clearly appears from the legislative
26 history that the legislature intended to define the scope of a
27 project in a different way.

28 (4) A report of any transfer effected under this section, except
29 emergency projects or any transfer under \$250,000, shall be filed
30 with the fiscal committees of the legislature by the office of
31 financial management at least 30 days before the date the transfer is
32 effected. The office of financial management shall report all
33 emergency or smaller transfers within 30 days from the date of
34 transfer.

35 NEW SECTION. **Sec. 8008.** (1) It is expected that projects be
36 ready to proceed in a timely manner depending on the type or phase of
37 the project or program that is the subject of the appropriation in
38 this act. Except for major projects that customarily may take more
39 than two biennia to complete from predesign to the end of

1 construction, or large infrastructure grant or loan programs
2 supporting projects that often take more than two biennia to
3 complete, the legislature generally does not intend to reappropriate
4 funds more than once, particularly for smaller grant programs, local/
5 community projects, and minor works.

6 (2) Agencies shall expedite the expenditure of reappropriations
7 and appropriations in this act in order to: (a) Rehabilitate
8 infrastructure resources; (b) accelerate environmental rehabilitation
9 and restoration projects for the improvement of the state's natural
10 environment; (c) reduce additional costs associated with acquisition
11 and construction inflationary pressures; and (d) provide additional
12 employment opportunities associated with capital expenditures.

13 (3) To the extent feasible, agencies are directed to accelerate
14 expenditure rates at their current level of permanent employees and
15 shall use contracted design and construction services wherever
16 necessary to meet the goals of this section.

17 NEW SECTION. **Sec. 8009.** Any building project that receives over
18 \$10,000,000 in funding from the capital budget must be built to
19 sustainable standards. "Sustainable building" means a building that
20 integrates and optimizes all major high-performance building
21 attributes, including energy efficiency, durability, life-cycle
22 performance, and occupant productivity, and minimizes greenhouse gas
23 emissions. The following design and construction attributes must be
24 integrated into the building project:

25 (1) Employ integrated design principles: Use a collaborative,
26 integrated planning and design process that initiates and maintains
27 an integrated project team in all stages of a project's planning and
28 delivery. Establish performance goals for siting, energy, water,
29 materials, and indoor environmental quality along with other
30 comprehensive design goals and ensures incorporation of these goals
31 throughout the design and life-cycle of the building. Consider all
32 stages of the building's life-cycle, including deconstruction.

33 (2) Commissioning: Employ commissioning practices tailored to the
34 size and complexity of the building and its system components in
35 order to verify performance of building components and systems and
36 help ensure that design requirements are met. This should include an
37 experienced commissioning provider, inclusion of commissioning
38 requirements in construction documents, a commissioning plan,

1 verification of the installation and performance of systems to be
2 commissioned, and a commissioning report.

3 (3) Optimize energy performance: Establish a whole building
4 performance target that takes into account the intended use,
5 occupancy, operations, plug loads, other energy demands, and design
6 to earn the ENERGY STAR targets for new construction and major
7 renovation where applicable. For new construction target low energy
8 use index. For major renovations, target reducing energy use by 50
9 percent below preretrofit baseline.

10 (4) On-site renewable energy: Implement renewable energy
11 generation projects on agency property for agency use, when life-
12 cycle cost effective.

13 (5) High-efficiency electric equipment: Use only high-efficiency
14 electric equipment for water and space heating needs not met through
15 on-site renewable energy, when life-cycle cost effective.

16 (6) Measurement and verification: For buildings over 50,000
17 square feet, install building level electricity meters in new major
18 construction and renovation projects to track and continuously
19 optimize performance. Include equivalent meters for natural gas and
20 steam, where natural gas and steam are used. Where appropriate,
21 install dashboards inside buildings to display and incentivize
22 occupants on energy use.

23 (7) Benchmarking: Compare performance data from the first year of
24 operation with the energy design target. Verify that the building
25 performance meets or exceeds the design target. For other building
26 and space types, use an equivalent benchmarking tool.

27 NEW SECTION. **Sec. 8010.** State agencies, including institutions
28 of higher education, shall allot and report full-time equivalent
29 staff for capital projects in a manner comparable to staff reporting
30 for operating expenditures.

31 NEW SECTION. **Sec. 8011.** Executive Order No. 21-02,
32 archaeological and cultural resources, was issued effective April 7,
33 2021. Agencies shall comply with the requirements set forth in this
34 executive order and must consult with the department of archaeology
35 and historic preservation and affected tribes on the potential
36 effects of projects on cultural resources and historic properties
37 proposed in state-funded construction or acquisition projects,
38 including grant or pass-through funding that culminates in

1 construction or land acquisitions. Consultation with the department
2 of archaeology and historic preservation and affected tribes must be
3 initiated early in the project planning process, prior to
4 construction or taking title.

5 NEW SECTION. **Sec. 8012.** FOR THE ARTS COMMISSION—ART WORK
6 ALLOWANCE. (1) One-half of one percent of moneys appropriated in this
7 act for original construction of school plant facilities is provided
8 solely for the purposes of RCW 28A.335.210.

9 (2) One-half of one percent of moneys appropriated in this act
10 for original construction or any major renovation or remodel work
11 exceeding \$200,000 by colleges or universities is provided solely for
12 the purposes of RCW 28B.10.027.

13 (3) One-half of one percent of moneys appropriated in this act
14 for original construction of any public building by a state agency
15 identified in RCW 43.17.200 is provided solely for the purposes of
16 RCW 43.17.200.

17 (4) At least 75 percent of the moneys spent by the Washington
18 state arts commission during the 2025-2027 fiscal biennium for the
19 purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be
20 expended solely for direct acquisition of works of art; 20 percent
21 may be expended for program administration; and 5 percent may be
22 expended to conserve or maintain existing pieces in the state art
23 collection.

24 NEW SECTION. **Sec. 8013.** To carry out the provisions of this
25 act, the governor may assign responsibility for predesign, design,
26 construction, and other related activities to any appropriate agency.

27 NEW SECTION. **Sec. 8014.** If any federal moneys appropriated by
28 this act for capital projects are not received by the state, the
29 department or agency to which the moneys were appropriated may
30 replace the federal moneys with funds available from private or local
31 sources. No replacement may occur under this section without the
32 prior approval of the director of financial management in
33 consultation with the senate ways and means committee and the house
34 of representatives capital budget committee.

35 NEW SECTION. **Sec. 8015.** (1) Unless otherwise stated, for all
36 appropriations under this act that require a match of nonstate money

1 or in-kind contributions, the following requirement, consistent with
2 RCW 43.88.150, shall apply: Expenditures of state money shall be
3 timed so that the state share of project expenditures never exceeds
4 the intended state share of total project costs.

5 (2) Provision of the full amount of required matching funds is
6 not required to permit the expenditure of capital budget
7 appropriations for phased projects if a proportional amount of the
8 required matching funds is provided for each distinct, identifiable
9 phase of the project.

10 NEW SECTION. **Sec. 8016.** NONTAXABLE AND TAXABLE BOND PROCEEDS.
11 Portions of the appropriation authority granted by this act from the
12 state building construction account, or any other account receiving
13 bond proceeds, may be transferred to the state taxable building
14 construction account as deemed necessary by the state treasurer, on
15 behalf of the state finance committee, to comply with the federal
16 internal revenue service rules and regulations pertaining to the use
17 of nontaxable bond proceeds. Portions of the general obligation bond
18 proceeds authorized by chapter . . ., Laws of 2025 ((Z-0218/25) state
19 general obligation bonds and related accounts) for deposit into the
20 state taxable building construction account that are in excess of
21 amounts required to comply with the federal internal revenue service
22 rules and regulations shall be deposited into the state building
23 construction account. The state treasurer shall submit written
24 notification to the director of financial management and the
25 legislative evaluation and accountability program committee if it is
26 determined that a shift of appropriation authority between the state
27 building construction account, or any other account receiving bond
28 proceeds, and the state taxable building construction account is
29 necessary, or that a shift of appropriation authority from the state
30 taxable building construction account, or any other account receiving
31 taxable bond proceeds, to the state building construction account may
32 be made.

33 NEW SECTION. **Sec. 8017.** (1) Minor works project lists are
34 single line appropriations that include multiple projects of a
35 similar nature and that are valued between \$25,000 and \$1,500,000
36 each, with the exception of higher education minor works projects
37 that may be valued up to \$2,000,000. Funds appropriated in this act
38 for minor works may not be initially allotted until agencies submit

1 project lists to the office of financial management for review and
2 approval.

3 (2) Revisions to the project lists, including the addition of
4 projects and the transfer of funds between projects, are allowed but
5 must be submitted to the office of financial management, the house of
6 representatives capital budget committee, and the senate ways and
7 means committee for review and comment, and must include an
8 explanation of variances from prior approved lists. Any project list
9 revisions must be approved by the office of financial management
10 before funds may be expended from the minor works appropriation.

11 (3)(a) All minor works projects should be completed within two
12 years of the appropriation with the funding provided.

13 (b) Agencies are prohibited from including projects on their
14 minor works lists that are a phase of a larger project, and that if
15 combined over a continuous period of time, would exceed \$1,500,000,
16 or \$2,000,000 for higher education minor works projects.

17 (c) Minor works appropriations may not be used for the following:
18 Studies, except for technical or engineering reviews or designs that
19 lead directly to and support a project on the same minor works list;
20 planning; design outside the scope of work on a minor works list;
21 movable, temporary, and traditionally funded operating equipment not
22 in compliance with the equipment criteria established by the office
23 of financial management; software not dedicated to control of a
24 specialized system; moving expenses; land or facility acquisition;
25 rolling stock; computers; or to supplement funding for projects with
26 funding shortfalls unless expressly authorized. The office of
27 financial management may make an exception to the limitations
28 described in this subsection (3)(c) for exigent circumstances after
29 notifying the legislative fiscal committees and waiting 10 days for
30 comments by the legislature regarding the proposed exception.

31 (d) Minor works preservation projects may include program
32 improvements of no more than 25 percent of the individual minor works
33 preservation project cost.

34 (e) Improvements for accessibility in compliance with the
35 Americans with disabilities act may be included in any of the minor
36 works categories.

37 (4) In the 2027-2029 capital budget instructions, the office of
38 financial management shall increase the minor works threshold to
39 \$2,000,000, with the exception of higher education minor works
40 projects that may be valued up to \$4,000,000. It is the intent of the

1 legislature to increase the minor works threshold for the 2027-2029
2 biennial budget to \$2,000,000, with the exception of higher education
3 minor works projects that may be valued up to \$4,000,000.

4 NEW SECTION. **Sec. 8018.** To the extent that any appropriation
5 authorizes expenditures of state funds from the state building
6 construction account, or from any other capital project account in
7 the state treasury, for a capital project or program that is
8 specified to be funded with proceeds from the sale of bonds, the
9 legislature declares that any such expenditures for that project or
10 program made prior to the issue date of the applicable bonds are
11 intended to be reimbursed from proceeds of those bonds in a maximum
12 amount equal to the amount of such appropriation.

13 NEW SECTION. **Sec. 8019. FOR THE STATE TREASURER—TRANSFERS**

14 (1) Public Works Assistance Account: For transfer to the
15 water pollution control revolving account—state, up to
16 \$20,500,000 for fiscal year 2026 and up to \$20,500,000
17 for fiscal year 2027. \$41,000,000
18 (2) Public Works Assistance Account: For transfer
19 to the drinking water assistance account—state, up to
20 \$12,500,000 for fiscal year 2026 and up to \$12,500,000
21 for fiscal year 2027. \$25,000,000

22 NEW SECTION. **Sec. 8020.** The department of natural resources
23 must coordinate with the department of social and health services on
24 any long-term, revenue-generating opportunities it pursues on the
25 Fircrest campus to ensure that the clients served by the residential
26 habilitation center and its daily operations will not be negatively
27 impacted.

28 NEW SECTION. **Sec. 8021.** (1)(a) The director of the office of
29 financial management, or the director's designee, shall collect a
30 list of clean energy projects from state agencies that may qualify
31 for elective payment under P.L. 117-169 (inflation reduction act of
32 2022), such as the purchase of electric vehicle fleets; alternative
33 fuel vehicle refueling and charging; and renewable energy projects
34 including wind, solar, geothermal, electrolytic hydrogen, and energy
35 storage.

1 (b) For tax years 2025 and 2026, the director or director's
2 designee shall work with agencies, including institutions of higher
3 education, to complete all steps necessary to file an annual tax
4 return with the United States internal revenue service on behalf of
5 the state in order to claim elective payments.

6 (2) The office of financial management shall provide a report to
7 the fiscal committees of the legislature by July 1, 2025, and June
8 30, 2026, that summarizes the state's tax return submitted that year,
9 including the total dollar value of projects included in the tax
10 return and the total dollar amount of direct pay tax credits sought.
11 The report must also include an itemized list of the projects that
12 displays the dollar amounts and types of tax credits sought.

13 (3) Funds received by the state pursuant to this section shall be
14 deposited into the inflation reduction elective pay account created
15 in RCW 43.79.572.

16 NEW SECTION. **Sec. 8022.** In order to accelerate the reduction of
17 embodied carbon and improve the environmental performance of
18 construction materials, agencies shall, whenever possible, review and
19 consider embodied carbon reported in environmental product
20 declarations when evaluating proposed structural materials for
21 construction projects.

22 NEW SECTION. **Sec. 8023.** Any agency receiving appropriations in
23 this act from climate commitment act accounts created in RCW
24 70A.65.240 through 70A.65.280 must report to and coordinate with the
25 department of ecology to track expenditures as described in RCW
26 70A.65.300 and chapter 173-446B WAC.

27 **Sec. 8024.** RCW 79A.25.210 and 2024 c 375 s 8007 are each amended
28 to read as follows:

29 The firearms range account is hereby created in the state general
30 fund. Moneys in the account shall be subject to legislative
31 appropriation and shall be used for purchase and development of land,
32 construction or improvement of range facilities, including fixed
33 structure construction or remodeling, equipment purchase, safety or
34 environmental improvements, noise abatement, and liability protection
35 for public and nonprofit firearm range training and practice
36 facilities.

1 Grant funds shall not be used for expendable shooting supplies,
2 or normal operating expenses. In making grants, the board shall give
3 priority to projects for noise abatement or safety improvement. Grant
4 funds shall not supplant funds for other organization programs.

5 The funds will be available to nonprofit shooting organizations,
6 school districts, and state, county, or local governments on a match
7 basis. All entities receiving matching funds must be open on a
8 regular basis and usable by law enforcement personnel or the general
9 public who possess Washington concealed pistol licenses or Washington
10 hunting licenses or who are enrolled in a firearm safety class.

11 Applicants for a grant from the firearms range account shall
12 provide matching funds in either cash or in-kind contributions. The
13 match must represent one dollar in value for each one dollar of the
14 grant except that in the case of a grant for noise abatement or
15 safety improvements the match must represent one dollar in value for
16 each two dollars of the grant. In-kind contributions include but are
17 not limited to labor, materials, and new property. Existing assets
18 and existing development may not apply to the match.

19 Applicants other than school districts or local or state
20 government must be registered as a nonprofit or not-for-profit
21 organization with the Washington secretary of state. The
22 organization's articles of incorporation must contain provisions for
23 the organization's structure, officers, legal address, and registered
24 agent.

25 Organizations requesting grants must provide the hours of range
26 availability for public and law enforcement use. The fee structure
27 will be submitted with the grant application.

28 Any nonprofit organization or agency accepting a grant under this
29 program will be required to pay back the entire grant amount to the
30 firearms range account if the use of the range facility is
31 discontinued less than ten years after the grant is accepted.

32 Entities receiving grants must make the facilities for which
33 grant funding is received open for hunter safety education classes
34 and firearm safety classes on a regular basis for no fee.

35 Government units or school districts applying for grants must
36 open their range facility on a regular basis for hunter safety
37 education classes and firearm safety classes.

38 The board shall adopt rules to implement chapter 195, Laws of
39 1990, pursuant to chapter 34.05 RCW. During the 2017-2019 and
40 2019-2021 fiscal biennia, expenditures from the firearms range

1 account may be used to implement chapter 74, Laws of 2017 (SHB 1100)
2 (concealed pistol licenses) and chapter 282, Laws of 2017 (SB 5268)
3 (concealed pistol license notices). During the 2021-2023 and
4 2023-2025 fiscal biennia, expenditures from the firearms range
5 account may be used to implement chapter 74, Laws of 2017 (SHB 1100)
6 (concealed pistol licenses).

7 During the 2023-2025 and 2025-2027 fiscal (~~((biennium))~~) biennia,
8 the legislature may also appropriate moneys in the firearms range
9 account to the department of natural resources for recreational
10 target shooting pilot sites as provided in section 3032, chapter 375,
11 Laws of 2024.

12 During the 2023-2025 and 2025-2027 fiscal (~~((biennium))~~) biennia,
13 the application and matching funds requirements of this section do
14 not apply to the recreational target shooting pilot sites in section
15 3032, chapter 375, Laws of 2024.

16 **Sec. 8025.** RCW 79.22.060 and 2024 c 375 s 8011 are each amended
17 to read as follows:

18 (1) With the approval of the board, the department may directly
19 transfer or dispose of state forestlands without public auction, if
20 the transfers are:

21 (a) In lieu of condemnation or to resolve trespass and property
22 ownership disputes and the lands consist of 10 contiguous acres or
23 less or have a value of \$25,000 or less; or

24 (b) To public agencies as defined in RCW 79.17.200.

25 (2) Real property to be transferred or disposed of under this
26 section shall be transferred or disposed of only after appraisal and
27 for at least fair market value, and only if the transaction is in the
28 best interest of the state or affected trust. Valuable materials
29 attached to lands to be transferred under subsection (1)(b) of this
30 section must be appraised at the fair market value without
31 consideration of management or regulatory encumbrances associated
32 with wildlife species listed under the federal endangered species
33 act, if any.

34 (3)(a) Except as provided in this subsection, the proceeds from
35 real property transferred or disposed of under this section shall be
36 deposited into the parkland trust revolving fund and be solely used
37 to buy replacement forestland for the benefit of the county from
38 which the property was transferred or disposed and pay for the
39 department's administrative expenses to complete the transfer,

1 including the cost of department staff time, appraisals, surveys,
2 environmental reviews, and other similar costs of the transfer. The
3 legislative authority of the county from which the real property was
4 transferred or disposed under subsection (1)(b) of this section may
5 request in writing that the department distribute a percentage of the
6 proceeds associated with valuable materials. Upon such a request, and
7 subject to prior approval by the board, the department shall
8 distribute the requested percentage of proceeds associated with
9 valuable materials as provided in RCW 79.64.110.

10 (b) The proceeds from real property transferred or disposed of
11 under this section for the purpose of participating in the state
12 forestland pool created under RCW 79.22.140 must be deposited into
13 the parkland trust revolving fund and used to buy replacement
14 forestland for the benefit of that county, as provided in RCW
15 79.64.110 and located within any county participating in the land
16 pool or under a county agreement as provided in RCW 79.22.140.

17 (c) Except as otherwise provided in this subsection, in counties
18 with a population of 25,000 or less, the portion of the proceeds
19 associated with valuable materials on state forestland transferred
20 under this section must be distributed as provided in RCW 79.64.110.
21 If requested in writing by the legislative authority of a county
22 participating in the state forestland pool created under RCW
23 79.22.140, the portion of the proceeds associated with valuable
24 materials on state forestland transferred under this section must be
25 deposited in the parkland trust revolving fund and used to buy
26 replacement forestland for the benefit of that county, as provided in
27 RCW 79.64.110, and located within any county participating in the
28 land pool or under a county agreement as provided in RCW 79.22.140.

29 (4) During the 2023-2025 fiscal biennium, the ability of a
30 legislative authority of a county to request the distribution of
31 proceeds from valuable materials under subsection (3)(a) of this
32 section does not apply to structurally complex, carbon-dense forested
33 trust land transferred under section 3034, chapter 375, Laws of 2024.
34 During the 2025-2027 fiscal biennium, the ability of a legislative
35 authority of a county to request the distribution of proceeds from
36 valuable materials under subsection (3)(a) of this section does not
37 apply to structurally complex, carbon-dense forested trust land
38 transferred under section 3130 of this act.

1 **Sec. 8026.** RCW 28B.20.725 and 2023 c 474 s 8023 are each amended
2 to read as follows:

3 The board is hereby empowered:

4 (1) To reserve the right to issue bonds later on a parity with
5 any bonds being issued;

6 (2) To authorize the investing of moneys in the bond retirement
7 fund and any reserve account therein;

8 (3) To authorize the transfer of money from the University of
9 Washington building account to the bond retirement fund when
10 necessary to prevent a default in the payments required to be made
11 out of such fund;

12 (4) To create a reserve account or accounts in the bond
13 retirement fund to secure the payment of the principal of and
14 interest on any bonds;

15 (5) To authorize the transfer to the University of Washington
16 building account of any money on deposit in the bond retirement fund
17 in excess of debt service for a period of three years from the date
18 of such transfer on all outstanding bonds payable out of such fund.

19 (~~However, during the 2021-2023 fiscal biennium, the legislature may~~
20 ~~transfer to the University of Washington building account moneys that~~
21 ~~are in excess of the debt service due within the 2021-2023 fiscal~~
22 ~~biennium from the date of such transfer on all outstanding bonds~~
23 ~~payable out of the bond retirement fund.)) However, during the
24 2023-2025 and 2025-2027 fiscal ((~~biennium~~)) biennia, the legislature
25 may transfer to the University of Washington building account moneys
26 that are in excess of the debt service due within the ((~~2023-2025~~))
27 respective fiscal biennium from the date of such transfer on all
28 outstanding bonds payable out of the bond retirement fund.~~

29 **Sec. 8027.** RCW 28B.15.210 and 2023 c 474 s 8024 are each amended
30 to read as follows:

31 Within 35 days from the date of collection thereof, all building
32 fees at the University of Washington, including building fees to be
33 charged students registering in the schools of medicine and
34 dentistry, shall be paid into the state treasury and credited as
35 follows:

36 One-half or such larger portion as may be necessary to prevent a
37 default in the payments required to be made out of the bond
38 retirement fund to the "University of Washington bond retirement
39 fund" and the remainder thereof to the "University of Washington

1 building account." The sum so credited to the University of
2 Washington building account shall be used exclusively for the purpose
3 of erecting, altering, maintaining, equipping, or furnishing
4 buildings, and for certificates of participation under chapter 39.94
5 RCW, except for any sums transferred as authorized in RCW
6 28B.20.725(3). The sum so credited to the University of Washington
7 bond retirement fund shall be used for the payment of principal of
8 and interest on bonds outstanding as provided by chapter 28B.20 RCW
9 except for any sums transferred as authorized in RCW 28B.20.725(5).
10 ~~((During the 2021-2023 biennium, sums credited to the University of~~
11 ~~Washington building account may also be used for routine facility~~
12 ~~maintenance, utility costs, and facility condition assessments.))~~
13 During the 2023-2025 ~~((biennium))~~ and 2025-2027 fiscal biennia, sums
14 credited to the University of Washington building account may also be
15 used for routine facility maintenance, utility costs, and facility
16 condition assessments.

17 **Sec. 8028.** RCW 28B.15.310 and 2023 c 474 s 8025 are each amended
18 to read as follows:

19 Within 35 days from the date of collection thereof, all building
20 fees shall be paid and credited as follows: To the Washington State
21 University bond retirement fund, one-half or such larger portion as
22 may be necessary to prevent a default in the payments required to be
23 made out of such bond retirement fund; and the remainder thereof to
24 the Washington State University building account.

25 The sum so credited to the Washington State University building
26 account shall be expended by the board of regents for buildings,
27 equipment, or maintenance on the campus of Washington State
28 University as may be deemed most advisable and for the best interests
29 of the university, and for certificates of participation under
30 chapter 39.94 RCW, except for any sums transferred as authorized by
31 law. ~~((During the 2021-2023 biennium, sums credited to the Washington~~
32 ~~State University building account may also be used for routine~~
33 ~~facility maintenance, utility costs, and facility condition~~
34 ~~assessments.))~~ During the 2023-2025 ~~((biennium))~~ and 2025-2027 fiscal
35 biennia, sums credited to the Washington State University building
36 account may also be used for routine facility maintenance, utility
37 costs, and facility condition assessments. Expenditures so made shall
38 be accounted for in accordance with existing law and shall not be
39 expended until appropriated by the legislature.

1 The sum so credited to the Washington State University bond
2 retirement fund shall be used to pay and secure the payment of the
3 principal of and interest on building bonds issued by the university,
4 except for any sums which may be transferred out of such fund as
5 authorized by law.

6 **Sec. 8029.** RCW 28B.30.750 and 2023 c 474 s 8026 are each amended
7 to read as follows:

8 The board is hereby empowered:

9 (1) To reserve the right to issue bonds later on a parity with
10 any bonds being issued;

11 (2) To authorize the investing of moneys in the bond retirement
12 fund and any reserve account therein;

13 (3) To authorize the transfer of money from the Washington State
14 University building account to the bond retirement fund when
15 necessary to prevent a default in the payments required to be made
16 out of such fund;

17 (4) To create a reserve account or accounts in the bond
18 retirement fund to secure the payment of the principal of and
19 interest on any bonds;

20 (5) To authorize the transfer to the Washington State University
21 building account of any money on deposit in the bond retirement fund
22 in excess of debt service for a period of three years from the date
23 of such transfer on all outstanding bonds payable out of such fund.

24 (~~However, during the 2021-2023 fiscal biennium, the legislature may~~

28 ~~bonds payable out of the bond retirement fund.)) However, during the~~
29 2023-2025 and 2025-2027 fiscal ((~~biennium~~)) biennia, the legislature
30 may transfer to the Washington State University building account
31 moneys that are in excess of the debt service due within the
32 ((~~2023-2025~~)) respective fiscal biennium from the date of such
33 transfer on all outstanding bonds payable out of the bond retirement
34 fund.

35 **Sec. 8030.** RCW 28B.35.370 and 2023 c 474 s 8027 are each amended
36 to read as follows:

37 Within 35 days from the date of collection thereof all building
38 fees of each regional university and The Evergreen State College

1 shall be paid into the state treasury and these together with such
2 normal school fund revenues as provided in RCW 28B.35.751 as are
3 received by the state treasury shall be credited as follows:

4 (1) On or before June 30th of each year the board of trustees of
5 each regional university and The Evergreen State College, if issuing
6 bonds payable out of its building fees and above described normal
7 school fund revenues, shall certify to the state treasurer the
8 amounts required in the ensuing 12 months to pay and secure the
9 payment of the principal of and interest on such bonds. The amounts
10 so certified by each regional university and The Evergreen State
11 College shall be a prior lien and charge against all building fees
12 and above described normal school fund revenues of such institution.
13 The state treasurer shall thereupon deposit the amounts so certified
14 in the Eastern Washington University capital projects account, the
15 Central Washington University capital projects account, the Western
16 Washington University capital projects account, or The Evergreen
17 State College capital projects account respectively, which accounts
18 are hereby created in the state treasury. The amounts deposited in
19 the respective capital projects accounts shall be used to pay and
20 secure the payment of the principal of and interest on the building
21 bonds issued by such regional universities and The Evergreen State
22 College as authorized by law. If in any 12-month period it shall
23 appear that the amount certified by any such board of trustees is
24 insufficient to pay and secure the payment of the principal of and
25 interest on the outstanding building and above described normal
26 school fund revenue bonds of its institution, the state treasurer
27 shall notify the board of trustees and such board shall adjust its
28 certificate so that all requirements of moneys to pay and secure the
29 payment of the principal of and interest on all such bonds then
30 outstanding shall be fully met at all times.

31 (2) All normal school fund revenue pursuant to RCW 28B.35.751
32 shall be deposited in the Eastern Washington University capital
33 projects account, the Central Washington University capital projects
34 account, the Western Washington University capital projects account,
35 or The Evergreen State College capital projects account respectively,
36 which accounts are hereby created in the state treasury. The sums
37 deposited in the respective capital projects accounts shall be
38 appropriated and expended to pay and secure the payment of the
39 principal of and interest on bonds payable out of the building fees
40 and normal school revenue and for the construction, reconstruction,

erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto except for any sums transferred therefrom as authorized by law. (~~During the 2021-2023 biennium, sums in the respective capital accounts may also be used for routine facility maintenance, utility costs, and facility condition assessments.~~) During the 2023-2025 (~~biennium~~) and 2025-2027 fiscal biennia, sums in the respective capital accounts may also be used for routine facility maintenance, utility costs, and facility condition assessments.

(3) Funds available in the respective capital projects accounts may also be used for certificates of participation under chapter 39.94 RCW.

Sec. 8031. RCW 28B.50.360 and 2023 c 474 s 8028 are each amended to read as follows:

Within 35 days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board, if issuing bonds payable out of building fees, shall certify to the state treasurer the amounts required in the ensuing 12-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be devoted to that purpose. If in any 12-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the

capital projects account shall be appropriated and expended to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, engineering and architectural services provided by the department of enterprise services, and for the payment of principal of and interest on any bonds issued for such purposes. (~~During the 2021-2023 biennium, sums in the capital projects account may also be used for routine facility maintenance and utility costs.~~) During the 2023-2025 (~~biennium~~) and 2025-2027 fiscal biennia, sums in the capital projects account may also be used for routine facility maintenance and utility costs.

(3) Funds available in the community and technical college capital projects account may also be used for certificates of participation under chapter 39.94 RCW.

Sec. 8032. RCW 39.35D.030 and 2023 c 474 s 8029 are each amended to read as follows:

(1) All major facility projects of public agencies receiving any funding in a state capital budget, or projects financed through a financing contract as defined in RCW 39.94.020, must be designed, constructed, and certified to at least the LEED silver standard. This subsection applies to major facility projects that have not entered the design phase prior to July 24, 2005, and to the extent appropriate LEED silver standards exist for that type of building or facility.

(2) All major facility projects of any entity other than a public agency or public school district receiving any funding in a state capital budget must be designed, constructed, and certified to at least the LEED silver standard. This subsection applies to major facility projects that have not entered the grant application process prior to July 24, 2005, and to the extent appropriate LEED silver standards exist for that type of building or facility.

(3)(a) Public agencies, under this section, shall monitor and document ongoing operating savings resulting from major facility

1 projects designed, constructed, and certified as required under this
2 section.

3 (b) Public agencies, under this section, shall report annually to
4 the department on major facility projects and operating savings.

5 (4) The department shall consolidate the reports required in
6 subsection (3) of this section into one report and report to the
7 governor and legislature by September 1st of each even-numbered year
8 beginning in 2006 and ending in 2016. In its report, the department
9 shall also report on the implementation of this chapter, including
10 reasons why the LEED standard was not used as required by RCW
11 39.35D.020(5)(b). The department shall make recommendations regarding
12 the ongoing implementation of this chapter, including a discussion of
13 incentives and disincentives related to implementing this chapter.

14 (5) For the purposes of determining compliance with the
15 requirement for a project to be designed, constructed, and certified
16 to at least the LEED silver standard, the department must credit one
17 additional point for a project that uses wood products with a
18 credible third-party sustainable forest certification or from forests
19 regulated under chapter 76.09 RCW, the Washington forest practices
20 act. For projects that qualify for this additional point, and for
21 which an additional point would have resulted in formal certification
22 under the LEED silver standard, the project must be deemed to meet
23 the standard under this section.

24 (6) During the ((2021-2023 and)) 2023-2025 and 2025-2027 fiscal
25 biennia, an alternative high-performance building certification, as
26 determined by the legislature, may be used instead of the LEED silver
27 building design, construction, and certification standard required by
28 this section.

29 **Sec. 8033.** RCW 43.07.410 and 2023 c 474 s 8030 are each amended
30 to read as follows:

31 The Washington state library-archives building account is created
32 in the custody of the state treasurer. All moneys received under RCW
33 36.18.010(12), 36.22.175(3), and 43.07.370(3) must be deposited in
34 the account. Except for during the 2023-2025 fiscal biennium,
35 expenditures from the account may be made only for the purposes of
36 payment of the financing contract entered into by the secretary of
37 state for the Washington state library-archives building. During the
38 ((2023-2025)) 2025-2027 fiscal biennium, the secretary of state may
39 spend up to ((\$8,000,000)) \$6,949,000 from the account for costs

1 associated with the design and construction of the state library-
2 archives building and for costs necessary to prepare the building for
3 occupancy. Only the secretary of state or the secretary of state's
4 designee may authorize expenditures from the account. An
5 appropriation is not required for expenditures, but the account is
6 subject to allotment procedures under chapter 43.88 RCW.

7 **Sec. 8034.** RCW 43.88D.010 and 2023 c 474 s 8034 are each amended
8 to read as follows:

9 (1) By October 1st of each even-numbered year, the office of
10 financial management shall complete an objective analysis and scoring
11 of all capital budget projects proposed by the public four-year
12 institutions of higher education and submit the results of the
13 scoring process to the legislative fiscal committees and the four-
14 year institutions. Each project must be reviewed and scored within
15 one of the following categories, according to the project's principal
16 purpose. Each project may be scored in only one category. The
17 categories are:

18 (a) Access-related projects to accommodate enrollment growth at
19 all campuses, at existing or new university centers, or through
20 distance learning. Growth projects should provide significant
21 additional student capacity. Proposed projects must demonstrate that
22 they are based on solid enrollment demand projections, more
23 cost-effectively provide enrollment access than alternatives such as
24 university centers and distance learning, and make cost-effective use
25 of existing and proposed new space;

26 (b) Projects that replace failing permanent buildings. Facilities
27 that cannot be economically renovated are considered replacement
28 projects. New space may be programmed for the same or a different use
29 than the space being replaced and may include additions to improve
30 access and enhance the relationship of program or support space;

31 (c) Projects that renovate facilities to restore building life
32 and upgrade space to meet current program requirements. Renovation
33 projects should represent a complete renovation of a total facility
34 or an isolated wing of a facility. A reasonable renovation project
35 should cost between sixty to eighty percent of current replacement
36 value and restore the renovated area to at least twenty-five years of
37 useful life. New space may be programmed for the same or a different
38 use than the space being renovated and may include additions to

1 improve access and enhance the relationship of program or support
2 space;

3 (d) Major stand-alone campus infrastructure projects;

4 (e) Projects that promote economic growth and innovation through
5 expanded research activity. The acquisition and installation of
6 specialized equipment is authorized under this category; and

7 (f) Other project categories as determined by the office of
8 financial management in consultation with the legislative fiscal
9 committees.

10 (2) The office of financial management, in consultation with the
11 legislative fiscal committees, shall establish a scoring system and
12 process for each four-year project category that is based on the
13 framework used in the community and technical college system of
14 prioritization. Staff from the state board for community and
15 technical colleges and the four-year institutions shall provide
16 technical assistance on the development of a scoring system and
17 process.

18 (3) The office of financial management shall consult with the
19 legislative fiscal committees in the scoring of four-year institution
20 project proposals, and may also solicit participation by independent
21 experts.

22 (a) For each four-year project category, the scoring system must,
23 at a minimum, include an evaluation of enrollment trends,
24 reasonableness of cost, the ability of the project to enhance
25 specific strategic master plan goals, age and condition of the
26 facility if applicable, and impact on space utilization.

27 (b) Each four-year project category may include projects at the
28 predesign, design, or construction funding phase.

29 (c) To the extent possible, the objective analysis and scoring
30 system of all capital budget projects shall occur within the context
31 of any and all performance agreements between the office of financial
32 management and the governing board of a public, four-year institution
33 of higher education that aligns goals, priorities, desired outcomes,
34 flexibility, institutional mission, accountability, and levels of
35 resources.

36 (4) In evaluating and scoring four-year institution projects, the
37 office of financial management shall take into consideration project
38 schedules that result in realistic, balanced, and predictable
39 expenditure patterns over the ensuing three biennia.

1 (5) The office of financial management shall distribute common
2 definitions, the scoring system, and other information required for
3 the project proposal and scoring process as part of its biennial
4 budget instructions. The office of financial management, in
5 consultation with the legislative fiscal committees, shall develop
6 common definitions that four-year institutions must use in developing
7 their project proposals and lists under this section.

8 (6) In developing any scoring system for capital projects
9 proposed by the four-year institutions, the office of financial
10 management:

11 (a) Shall be provided with all required information by the four-
12 year institutions as deemed necessary by the office of financial
13 management;

14 (b) May utilize independent services to verify, sample, or
15 evaluate information provided to the office of financial management
16 by the four-year institutions; and

17 (c) Shall have full access to all data maintained by the joint
18 legislative audit and review committee concerning the condition of
19 higher education facilities.

20 (7) By August 1st of each even-numbered year each public four-
21 year higher education institution shall prepare and submit
22 prioritized lists of the individual projects proposed by the
23 institution for the ensuing six-year period in each category. The
24 lists must be submitted to the office of financial management and the
25 legislative fiscal committees. The four-year institutions may
26 aggregate minor works project proposals by primary purpose for
27 ranking purposes. Proposed minor works projects must be prioritized
28 within the aggregated proposal, and supporting documentation,
29 including project descriptions and cost estimates, must be provided
30 to the office of financial management and the legislative fiscal
31 committees.

32 (8) For the 2021-2023 fiscal biennium, pursuant to subsection (1)
33 of this section, by November 1, 2022, the office of financial
34 management must score higher education capital project criteria with
35 a rating scale that assesses how well a particular project satisfies
36 those criteria. The office of financial management may not use a
37 rating scale that weighs the importance of those criteria.

38 (9) For the 2021-2023 fiscal biennium, pursuant to subsection
39 (6)(a) of this section and in lieu of the requirements of subsection
40 (7) of this section, by August 15, 2022, the institutions of higher

1 education shall prepare and submit or resubmit to the office of
2 financial management and the legislative fiscal committees:

3 (a) Individual project proposals developed pursuant to subsection
4 (1) of this section;

5 (b) Individual project proposals scored in prior biennia pursuant
6 to subsection (1) of this section; and

7 (c) A prioritized list of up to five project proposals submitted
8 pursuant to (a) and (b) of this subsection.

9 (10) The requirements of this section are suspended during the
10 2023-2025 and 2025-2027 fiscal ((biennium)) biennia. ((However,
11 instead of these requirements, the public four-year institutions of
12 higher education must submit additional supporting information for
13 major project funding requests for the 2025-2027 fiscal biennium that
14 is equivalent to the information produced for the 2022 higher
15 education scoring process under subsection (9) of this section.
16 Examples of the information required under this subsection include,
17 but are not limited to, measures of: (a) Space efficiency, (b)
18 reasonableness of project cost, (c) facility condition, and (d)
19 anticipated impacts of the requested major projects on projected
20 degree totals. The public four-year institutions of higher education
21 shall consult with the office of financial management and legislative
22 fiscal staff regarding the implementation of this requirement and the
23 content of the additional information.))

24 **Sec. 8035.** RCW 43.155.050 and 2023 c 475 s 932 and 2023 c 474 s
25 8037 are each reenacted and amended to read as follows:

26 (1) The public works assistance account is hereby established in
27 the state treasury. Money may be placed in the public works
28 assistance account from the proceeds of bonds when authorized by the
29 legislature or from any other lawful source. Money in the public
30 works assistance account shall be used to make loans and grants and
31 to give financial guarantees to local governments for public works
32 projects. Moneys in the account may also be appropriated or
33 transferred to the water pollution control revolving fund and the
34 drinking water assistance account to provide for state match
35 requirements under federal law. Moneys in the account may be
36 transferred to the move ahead WA account to provide support of public
37 works projects funded in the move ahead WA program. Not more than 20
38 percent of the biennial capital budget appropriation to the public
39 works board from this account may be expended or obligated for

preconstruction loans and grants, emergency loans and grants, or loans and grants for capital facility planning under this chapter. Not more than 10 percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated as grants for preconstruction, emergency, capital facility planning, and construction projects. During the 2017-2019 and 2019-2021 fiscal biennia, the legislature may appropriate moneys from the account for activities related to rural economic development, the growth management act, the aviation revitalization loan program, the community economic revitalization board broadband program, and the voluntary stewardship program. During the ~~((2021-2023 and))~~ 2023-2025 and 2025-2027 fiscal biennia, the legislature may appropriate moneys from the account for activities related to the community aviation revitalization board. During the 2019-2021 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the public works assistance account to the education legacy trust account. During the 2019-2021 and 2021-2023 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the public works assistance account to the statewide broadband account. The legislature may appropriate moneys from the public works assistance account for activities related to the voluntary stewardship program, rural economic development, and the growth management act. During the 2021-2023 biennium, the legislature may appropriate moneys from the account for projects identified in section 1033, chapter 296, Laws of 2022. During the 2023-2025 fiscal biennium, the legislature may appropriate moneys from the public works assistance account for an evaluation of the costs of relocating public utilities related to fish barrier removal projects. During the 2023-2025 fiscal biennium, the legislature may appropriate moneys from the account for activities related to developing a data dashboard to map investments made by the public works board, the department of commerce, the department of health, the department of ecology, the department of transportation, the transportation improvement board, and by board partners to the system improvement team created in RCW 43.155.150.

(2) For fiscal year 2024 through fiscal year 2038, the state treasurer must transfer from the public works assistance account to the move ahead WA account created in RCW 46.68.510 \$57,000,000 each fiscal year in four equal quarterly transfers. However, for fiscal

1 year 2027, the amount transferred under this subsection (2) must be
2 \$69,000,000.

3 NEW SECTION. **Sec. 8036.** Sections 1002, 1034, 7008, and 7015 of
4 this act take effect only if Z-0150/25 (Accounts) is enacted by June
5 30, 2025.

6 NEW SECTION. **Sec. 8037.** Sections 1003 and 7016 of this act take
7 effect only if Z-0150/25 (Accounts) is not enacted by June 30, 2025.

8 NEW SECTION. **Sec. 8038.** If any provision of this act or its
9 application to any person or circumstance is held invalid, the
10 remainder of the act or the application of the provision to other
11 persons or circumstances is not affected.

12 NEW SECTION. **Sec. 8039.** This act is necessary for the immediate
13 preservation of the public peace, health, or safety, or support of
14 the state government and its existing public institutions, and takes
15 effect immediately.
