**ENGROSSED SECOND SUBSTITUTE HOUSE BILL 1432**

---

AS AMENDED BY THE SENATE

Passed Legislature - 2025 Regular Session

**State of Washington                      69th Legislature                      2025 Regular Session**

**By** House Appropriations (originally sponsored by Representatives Simmons, Eslick, Rule, Davis, Macri, Stearns, Reed, Goodman, Salahuddin, Pollet, Timmons, and Santos)

READ FIRST TIME 02/28/25.

1            AN ACT Relating to improving access to appropriate mental health  
2 and substance use disorder services by updating Washington's mental  
3 health parity law and ensuring coverage of medically necessary care;  
4 amending RCW 48.43.016, 48.43.410, 48.43.520, 48.43.535, 48.43.600,  
5 and 48.43.830; adding a new section to chapter 48.43 RCW; creating  
6 new sections; repealing RCW 48.20.580, 48.21.241, 48.41.220,  
7 48.44.341, and 48.46.291; and providing effective dates.

8 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

9            NEW SECTION.    **Sec. 1.** (1) The legislature finds that:

10            (a) Access to mental health and substance use disorder treatment  
11 is critical to the health and well-being of individuals with these  
12 conditions and that access to appropriate care is important to  
13 reducing preventable emergency department visits, hospitalizations,  
14 and physical health care costs associated with significant  
15 comorbidities;

16            (b) Health insurance coverage is essential to ensuring that  
17 individuals can access needed mental health and substance use  
18 disorder treatment and that health carriers should make medical  
19 necessity determinations based on the objective needs of the patient;  
20 and

1 (c) The mental health and substance use disorder workforce faces  
2 a number of administrative barriers and undue financial risks with  
3 respect to participation in health carriers' provider networks that  
4 should be alleviated.

5 (2) Therefore, it is the intent of the legislature to increase  
6 access to mental health and substance use disorder treatment by  
7 updating Washington's mental health parity requirements, requiring  
8 that medical necessity determinations be consistent with generally  
9 accepted standards of care and recommendations from nonprofit health  
10 care provider associations, requiring consistent rules for both  
11 mental health and substance use disorders, and eliminating harmful  
12 barriers to care.

13 NEW SECTION. **Sec. 2.** A new section is added to chapter 48.43  
14 RCW to read as follows:

15 (1) For the purposes of this section:

16 (a) "Clinical review criteria" means written guidelines,  
17 standards, protocols, or decision rules used by a health carrier, or  
18 health care benefit manager on behalf of a health carrier, during  
19 utilization review to evaluate the medical necessity of a patient's  
20 requested health care services.

21 (b) "Core treatment" means a standard treatment or course of  
22 treatment, therapy, service, or intervention indicated by generally  
23 accepted standards of mental health and substance use disorder care  
24 for a condition or disorder.

25 (c) "Generally accepted standards of mental health and substance  
26 use disorder care" means standards of care and clinical practice that  
27 are generally recognized by health care providers practicing in  
28 relevant clinical specialties such as psychiatry, psychology,  
29 clinical sociology, social work, addiction medicine and counseling,  
30 and behavioral health treatment.

31 (d) "Health plan" or "health benefit plan" means:

32 (i) A health plan as defined by RCW 48.43.005; or

33 (ii) A plan deemed by the commissioner to have a short-term  
34 limited purpose or duration, or to be a student-only health plan that  
35 is guaranteed renewable while the covered person is enrolled as a  
36 regular, full-time undergraduate student at an accredited higher  
37 education institution.

38 (e) "Medically necessary" means a service or product addressing  
39 the specific needs of a patient, for the purpose of screening,

1 preventing, diagnosing, managing, or treating an illness, injury,  
2 condition, or its symptoms, including minimizing the progression of  
3 an illness, injury, condition, or its symptoms, in a manner that is:

4 (i) In accordance with generally accepted standards of mental  
5 health and substance use disorder care;

6 (ii) Clinically appropriate in terms of type, frequency, extent,  
7 site, and duration of a service or product; and

8 (iii) Not primarily for the economic benefit of the insurer or  
9 purchaser or for the convenience of the patient, treating physician,  
10 or other health care provider.

11 (f) "Mental health and substance use disorder services" means:

12 (i) For health benefit plans issued or renewed before January 1,  
13 2021, medically necessary outpatient and inpatient services provided  
14 to treat mental disorders covered by the diagnostic categories listed  
15 in the most current version of the diagnostic and statistical manual  
16 of mental disorders, published by the American psychiatric  
17 association, on June 11, 2020, or such subsequent date as may be  
18 provided by the insurance commissioner by rule, consistent with the  
19 purposes of chapter 6, Laws of 2005, with the exception of the  
20 following categories, codes, and services: (A) Substance related  
21 disorders; (B) life transition problems, currently referred to as "V"  
22 codes, and diagnostic codes 302 through 302.9 as found in the  
23 diagnostic and statistical manual of mental disorders, 4th edition,  
24 published by the American psychiatric association; (C) skilled  
25 nursing facility services, home health care, residential treatment,  
26 and custodial care; and (D) court-ordered treatment, unless the  
27 insurer's medical director or designee determines the treatment to be  
28 medically necessary;

29 (ii) For a health benefit plan or a plan deemed by the  
30 commissioner to have a short-term limited purpose or duration, or to  
31 be a student-only health plan that is guaranteed renewable while the  
32 covered person is enrolled as a regular, full-time undergraduate  
33 student at an accredited higher education institution, issued or  
34 renewed on or after January 1, 2021, medically necessary outpatient  
35 services, residential care, partial hospitalization services, and  
36 inpatient services provided to treat mental health and substance use  
37 disorders covered by the diagnostic categories listed in the most  
38 current version of the diagnostic and statistical manual of mental  
39 disorders, published by the American psychiatric association, on June  
40 11, 2020, or such subsequent date as may be provided by the insurance

1 commissioner by rule, consistent with the purposes of chapter 6, Laws  
2 of 2005; and

3 (iii) For a health plan issued or renewed on or after January 1,  
4 2027, medically necessary outpatient services, residential care,  
5 partial hospitalization services, inpatient services, and  
6 prescription drugs provided to treat mental health or substance use  
7 disorders covered by:

8 (A) The diagnostic categories listed in the most current version  
9 of the diagnostic and statistical manual of mental disorders,  
10 published by the American psychiatric association, on June 11, 2020,  
11 or any subsequent version as determined by the insurance commissioner  
12 in rule consistent with this section and the goals listed in section  
13 1 of this act;

14 (B) The diagnostic categories listed in the mental, behavioral,  
15 and neurodevelopmental chapters of the version available on January  
16 13, 2025, of the international classification of diseases adopted by  
17 the federal department of health and human services through 42 C.F.R.  
18 Sec. 162.002 or any subsequent version as determined by the insurance  
19 commissioner in rule consistent with this section and the goals  
20 listed in section 1 of this act; or

21 (C) The diagnostic categories listed in the DC:0-5 diagnostic  
22 classification of mental health and developmental disorders of  
23 infancy and early childhood available on January 13, 2025, or any  
24 subsequent version as determined by the insurance commissioner in  
25 rule consistent with this section and the goals listed in section 1  
26 of this act.

27 (g) "Nonprofit professional association" means a not-for-profit  
28 health care provider professional association or specialty society  
29 that is generally recognized by clinicians practicing in the relevant  
30 clinical specialty and issues peer-reviewed guidelines, criteria, or  
31 other clinical recommendations developed through a transparent  
32 process.

33 (h) "Utilization review" has the same meaning as in RCW  
34 48.43.005.

35 (2) Each health plan providing coverage for medical and surgical  
36 services shall provide coverage for mental health and substance use  
37 disorder services. Any cost sharing for mental health and substance  
38 use disorder services and any treatment limitations related to mental  
39 health and substance use disorder services must comply with the  
40 quantitative and nonquantitative treatment limitation requirements in

1 the provisions of 89 Fed. Reg. 77586 et seq., as published on  
2 September 23, 2024.

3 (3) Utilization review and clinical review criteria may not  
4 deviate from generally accepted standards of mental health and  
5 substance use disorder care.

6 (4)(a) Except as otherwise provided in (c) of this subsection, in  
7 conducting utilization reviews relating to service intensity or level  
8 of care placement, continued stay, or transfer or discharge, the  
9 health carrier shall apply relevant age-appropriate patient placement  
10 criteria from nonprofit professional associations and shall authorize  
11 placement at the service intensity and level of care consistent with  
12 that criteria. The health carrier may not apply conflicting or more  
13 restrictive criteria. A carrier may continue to use software-based  
14 clinical decision support tools, including those developed by  
15 commercial entities, so long as such tools incorporate and apply with  
16 fidelity the relevant age-appropriate patient placement criteria  
17 consistent with the requirements of this subsection.

18 (b) If the carrier's application of the relevant age-appropriate  
19 patient placement criteria under (a) of this subsection is not  
20 consistent with the service intensity or level of care placement  
21 requested by the covered person or their provider, any adverse  
22 benefit determination notice must include full details of the  
23 carrier's assessment under the relevant criteria to the provider and  
24 the covered person.

25 (c) A carrier may use patient placement criteria in addition to  
26 the relevant age-appropriate placement criteria under (a) of this  
27 subsection only to approve requested services and may not rely on  
28 additional patient placement criteria to issue an adverse benefit  
29 determination or otherwise deny, restrict, or limit access to  
30 requested services.

31 (d) For utilization review not relating to service intensity or  
32 level of care placement, continued stay, or transfer or discharge, a  
33 carrier may use clinical review criteria from either for-profit or  
34 nonprofit sources provided that the clinical review criteria meet the  
35 requirements of subsection (3) of this section.

36 (e) To ensure appropriate use of all clinical review criteria  
37 used by a carrier to conduct utilization reviews, carriers must  
38 comply with any oversight measures deemed appropriate by the  
39 commissioner.

1 (5) A health carrier may not limit benefits or coverage for  
2 medically necessary mental health and substance use disorder services  
3 on the basis that those services should or could be covered by a  
4 public entitlement program including, but not limited to, special  
5 education or an individualized education program, medicaid, medicare,  
6 supplemental security income, or social security disability  
7 insurance, and may not include or enforce a contract term that  
8 excludes otherwise covered benefits on the basis that those services  
9 should or could be covered by a public entitlement program. Nothing  
10 in this subsection may be construed to require a carrier to cover  
11 benefits that have been authorized and provided for a covered person  
12 by a public entitlement program, except as otherwise required by  
13 state or federal law.

14 (6) This section applies to any health care benefit manager, as  
15 defined in RCW 48.200.020 or contracted provider that performs  
16 utilization review functions directly or indirectly on a health  
17 carrier's behalf.

18 (7) A health carrier may not adopt, impose, or enforce terms in  
19 its policies or provider agreements, in writing or in operation, in a  
20 manner that undermines, alters, or conflicts with the requirements of  
21 this section.

22 (8) If a health carrier provides any benefits for a mental health  
23 condition or substance use disorder in any classification of  
24 benefits, it shall provide meaningful benefits for that mental health  
25 condition or substance use disorder in every classification in which  
26 medical or surgical benefits are provided. For purposes of this  
27 subsection, whether the benefits provided are considered "meaningful  
28 benefits" is determined in comparison to the benefits provided for  
29 medical conditions and surgical procedures in the classification and  
30 requires, at a minimum, coverage of benefits for that condition or  
31 disorder in each classification in which the health carrier provides  
32 benefits for one or more medical conditions or surgical procedures. A  
33 health carrier does not provide meaningful benefits under this  
34 subsection unless it provides benefits for a core treatment for that  
35 condition or disorder in each classification in which the health  
36 carrier provides benefits for a core treatment for one or more  
37 medical conditions or surgical procedures. If there is no core  
38 treatment for a covered mental health condition or substance use  
39 disorder with respect to a classification, the health carrier is not  
40 required to provide benefits for a core treatment for such condition

1 or disorder in that classification, but shall provide benefits for  
2 such condition or disorder in every classification in which medical  
3 or surgical benefits are provided.

4 (9) The provisions of 89 Fed. Reg. 77586 et seq., as published on  
5 September 23, 2024, and any guidance issued by federal departments of  
6 health and human services, labor, and the treasury to implement the  
7 rules adopted in September 2024 are incorporated in this section in  
8 their entirety.

9 (10) If, following an adverse benefit determination, a covered  
10 person requests one or more nonquantitative treatment limitation  
11 parity compliance analyses that the health carrier is required to  
12 have completed by 29 U.S.C. Sec. 1185a or 42 U.S.C. Sec. 300gg-26,  
13 the health carrier shall provide the requested analyses free of  
14 charge within 30 days.

15 (11) This section does not prohibit a requirement that mental  
16 health and substance use disorder services be medically necessary, if  
17 a comparable requirement is applicable to medical and surgical  
18 services.

19 **Sec. 3.** RCW 48.43.016 and 2020 c 193 s 2 are each amended to  
20 read as follows:

21 (1) A health carrier or (~~its contracted entity~~) health care  
22 benefit manager as defined in RCW 48.200.020 that imposes different  
23 prior authorization standards and criteria for a covered service  
24 among tiers of contracting providers of the same licensed profession  
25 in the same health plan shall inform an enrollee which tier an  
26 individual provider or group of providers is in by posting the  
27 information on its website in a manner accessible to both enrollees  
28 and providers.

29 (2)(a) A health carrier or (~~its contracted entity~~) health care  
30 benefit manager as defined in RCW 48.200.020 may not require  
31 utilization management or review of any kind including, but not  
32 limited to, prior, concurrent, or postservice authorization for an  
33 initial evaluation and management visit and up to six treatment  
34 visits with a contracting provider in a new episode of care for each  
35 of the following: Chiropractic, physical therapy, occupational  
36 therapy, acupuncture and Eastern medicine, massage therapy,  
37 outpatient mental health care office visits, outpatient substance use  
38 disorder care office visits, or speech and hearing therapies.  
39 Outpatient mental health office visits do not include procedures

1 performed on an outpatient basis. Visits for which utilization  
2 management or review is prohibited under this section are subject to  
3 any quantitative treatment limits of the health plan. Notwithstanding  
4 RCW 48.43.515(5) this section may not be interpreted to limit the  
5 ability of a health plan to require a referral or prescription for  
6 the therapies listed in this section. Quantitative treatment  
7 limitations and nonquantitative treatment limitations, including any  
8 referral and prescription requirements, for mental health or  
9 substance use disorder care shall comply with the requirements of the  
10 mental health parity and addiction equity act, state law, and any  
11 implementing regulations.

12 (b) For visits for which utilization management or review is  
13 prohibited under this section, a health carrier or (~~its~~~~contracted~~  
14 ~~entity~~) health care benefit manager as defined in RCW 48.200.020 may  
15 not:

16 (i) Deny or limit coverage on the basis of medical necessity or  
17 appropriateness; or

18 (ii) Retroactively deny care or refuse payment for the visits.

19 (3) A health carrier shall post on its website and provide upon  
20 the request of a covered person or contracting provider any prior  
21 authorization standards, criteria, or information the carrier uses  
22 for medical necessity decisions.

23 (4) A health care provider with whom a health carrier consults  
24 regarding a decision to deny, limit, or terminate a person's covered  
25 health care services must hold a license, certification, or  
26 registration, in good standing and must be in the same or related  
27 health field as the health care provider being reviewed or of a  
28 specialty whose practice entails the same or similar covered health  
29 care service.

30 (5) A health carrier may not require a provider to provide a  
31 discount from usual and customary rates for health care services not  
32 covered under a health plan, policy, or other agreement, to which the  
33 provider is a party.

34 (6) Nothing in this section prevents a health carrier from  
35 denying coverage based on insurance fraud.

36 (7) For purposes of this section:

37 (a) "New episode of care" means treatment for a new condition or  
38 diagnosis for which the enrollee has not been treated by a provider  
39 of the same licensed profession within the previous ninety days and  
40 is not currently undergoing any active treatment.

1 (b) "Contracting provider" does not include providers employed  
2 within an integrated delivery system operated by a carrier licensed  
3 under chapter 48.44 or 48.46 RCW.

4 **Sec. 4.** RCW 48.43.410 and 2019 c 171 s 2 are each amended to  
5 read as follows:

6 For health plans delivered, issued for delivery, or renewed on or  
7 after January 1, 2021, clinical review criteria used to establish a  
8 prescription drug utilization management protocol must be evidence-  
9 based and updated on a regular basis through review of new evidence,  
10 research, and newly developed treatments. For prescription drugs  
11 prescribed to treat mental health or substance use disorder  
12 conditions, clinical review criteria must meet the requirements of  
13 section 2 of this act.

14 **Sec. 5.** RCW 48.43.520 and 2000 c 5 s 8 are each amended to read  
15 as follows:

16 (1) Carriers that offer a health plan shall maintain a documented  
17 utilization review program description and written utilization review  
18 and clinical review criteria based on reasonable medical evidence.  
19 For mental health and substance use disorder services, as defined in  
20 section 2 of this act, clinical review criteria must meet the  
21 requirements of section 2 of this act. The program must include a  
22 method for reviewing and updating criteria. Carriers shall make  
23 clinical protocols, medical management standards, clinical review  
24 criteria as defined in section 2 of this act, and other review  
25 criteria available upon request to participating providers.

26 (2) The commissioner shall adopt, in rule, standards for this  
27 section after considering relevant standards adopted by national  
28 managed care accreditation organizations and state agencies that  
29 purchase managed health care services.

30 (3) A carrier shall not be required to use medical evidence or  
31 standards in its utilization review of religious nonmedical treatment  
32 or religious nonmedical nursing care.

33 **Sec. 6.** RCW 48.43.535 and 2022 c 263 s 4 are each amended to  
34 read as follows:

35 (1) There is a need for a process for the fair consideration of  
36 disputes relating to decisions by carriers that offer a health plan  
37 to deny, modify, reduce, or terminate coverage of or payment for

1 health care services for an enrollee. For purposes of this section,  
2 "carrier" also applies to a health plan if the health plan  
3 administers the appeal process directly or through a third party.

4 (2) An enrollee may seek review by a certified independent review  
5 organization of a carrier's decision to deny, modify, reduce, or  
6 terminate coverage of or payment for a health care service or of any  
7 adverse determination made by a carrier under RCW 48.49.020,  
8 48.49.030, or sections 2799A-1 or 2799A-2 of the public health  
9 service act (42 U.S.C. Secs. 300gg-111 or 300gg-112) and implementing  
10 federal regulations in effect as of March 31, 2022, after exhausting  
11 the carrier's grievance process and receiving a decision that is  
12 unfavorable to the enrollee, or after the carrier has exceeded the  
13 timelines for grievances provided in RCW 48.43.530, without good  
14 cause and without reaching a decision.

15 (3) The commissioner must establish and use a rotational registry  
16 system for the assignment of a certified independent review  
17 organization to each dispute. The system should be flexible enough to  
18 ensure that an independent review organization has the expertise  
19 necessary to review the particular medical condition or service at  
20 issue in the dispute, and that any approved independent review  
21 organization does not have a conflict of interest that will influence  
22 its independence.

23 (4) Carriers must provide to the appropriate certified  
24 independent review organization, not later than the third business  
25 day after the date the carrier receives a request for review, a copy  
26 of:

27 (a) Any medical records of the enrollee that are relevant to the  
28 review;

29 (b) Any documents used by the carrier in making the determination  
30 to be reviewed by the certified independent review organization;

31 (c) Any documentation and written information submitted to the  
32 carrier in support of the appeal; and

33 (d) A list of each physician or health care provider who has  
34 provided care to the enrollee and who may have medical records  
35 relevant to the appeal. Health information or other confidential or  
36 proprietary information in the custody of a carrier may be provided  
37 to an independent review organization, subject to rules adopted by  
38 the commissioner.

39 (5) Enrollees must be provided with at least five business days  
40 to submit to the independent review organization in writing

1 additional information that the independent review organization must  
2 consider when conducting the external review. The independent review  
3 organization must forward any additional information submitted by an  
4 enrollee to the plan or carrier within one business day of receipt by  
5 the independent review organization.

6 (6) The medical reviewers from a certified independent review  
7 organization will make determinations regarding the medical necessity  
8 or appropriateness of, and the application of health plan coverage  
9 provisions to, health care services for an enrollee. The medical  
10 reviewers' determinations must be based upon their expert medical  
11 judgment, after consideration of relevant medical, scientific, and  
12 cost-effectiveness evidence, and medical standards of practice in the  
13 state of Washington. Except as provided in this subsection, the  
14 certified independent review organization must ensure that  
15 determinations are consistent with the scope of covered benefits as  
16 outlined in the medical coverage agreement. Medical reviewers may  
17 override the health plan's medical necessity or appropriateness  
18 standards if the standards are determined upon review to be  
19 unreasonable or inconsistent with sound, evidence-based medical  
20 practice. For reviews of mental health and substance use disorder  
21 services, as defined in section 2 of this act, the medical reviewers  
22 must conduct reviews and make determinations in a manner consistent  
23 with the requirements of section 2 of this act.

24 (7) Once a request for an independent review determination has  
25 been made, the independent review organization must proceed to a  
26 final determination, unless requested otherwise by both the carrier  
27 and the enrollee or the enrollee's representative.

28 (a) An enrollee or carrier may request an expedited external  
29 review if the adverse benefit determination or internal adverse  
30 benefit determination concerns an admission, availability of care,  
31 continued stay, or health care service for which the claimant  
32 received emergency services but has not been discharged from a  
33 facility; or involves a medical condition for which the standard  
34 external review time frame would seriously jeopardize the life or  
35 health of the enrollee or jeopardize the enrollee's ability to regain  
36 maximum function. The independent review organization must make its  
37 decision to uphold or reverse the adverse benefit determination or  
38 final internal adverse benefit determination and notify the enrollee  
39 and the carrier or health plan of the determination as expeditiously  
40 as possible but within not more than seventy-two hours after the

1 receipt of the request for expedited external review. If the notice  
2 is not in writing, the independent review organization must provide  
3 written confirmation of the decision within forty-eight hours after  
4 the date of the notice of the decision.

5 (b) For claims involving experimental or investigational  
6 treatments, the independent review organization must ensure that  
7 adequate clinical and scientific experience and protocols are taken  
8 into account as part of the external review process.

9 (8) Carriers must timely implement the certified independent  
10 review organization's determination, and must pay the certified  
11 independent review organization's charges.

12 (9) When an enrollee requests independent review of a dispute  
13 under this section, and the dispute involves a carrier's decision to  
14 modify, reduce, or terminate an otherwise covered health service that  
15 an enrollee is receiving at the time the request for review is  
16 submitted and the carrier's decision is based upon a finding that the  
17 health service, or level of health service, is no longer medically  
18 necessary or appropriate, the carrier must continue to provide the  
19 health service if requested by the enrollee until a determination is  
20 made under this section. If the determination affirms the carrier's  
21 decision, the enrollee may be responsible for the cost of the  
22 continued health service.

23 (10) Each certified independent review organization must maintain  
24 written records and make them available upon request to the  
25 commissioner.

26 (11) A certified independent review organization may notify the  
27 office of the insurance commissioner if, based upon its review of  
28 disputes under this section, it finds a pattern of substandard or  
29 egregious conduct by a carrier.

30 (12)(a) The commissioner shall adopt rules to implement this  
31 section after considering relevant standards adopted by national  
32 managed care accreditation organizations and the national association  
33 of insurance commissioners.

34 (b) This section is not intended to supplant any existing  
35 authority of the office of the insurance commissioner under this  
36 title to oversee and enforce carrier compliance with applicable  
37 statutes and rules.

38 **Sec. 7.** RCW 48.43.600 and 2005 c 278 s 1 are each amended to  
39 read as follows:

1 (1) Except in the case of fraud, or as provided in subsections  
2 (2) and (3) of this section, a carrier may not: (a) Request a refund  
3 from a health care provider of a payment previously made to satisfy a  
4 claim unless it does so in writing to the provider within twenty-four  
5 months after the date that the payment was made or, in the case of  
6 mental health and substance use disorder services as defined in  
7 section 2 of this act, within six months after the date the payment  
8 was made; or (b) request that a contested refund be paid any sooner  
9 than six months after receipt of the request. Any such request must  
10 specify why the carrier believes the provider owes the refund. If a  
11 provider fails to contest the request in writing to the carrier  
12 within thirty days of its receipt, the request is deemed accepted and  
13 the refund must be paid.

14 (2) A carrier may not, if doing so for reasons related to  
15 coordination of benefits with another carrier or entity responsible  
16 for payment of a claim: (a) Request a refund from a health care  
17 provider of a payment previously made to satisfy a claim unless it  
18 does so in writing to the provider within thirty months after the  
19 date that the payment was made or, in the case of mental health and  
20 substance use disorder services as defined in section 2 of this act,  
21 within nine months after the date the payment was made; or (b)  
22 request that a contested refund be paid any sooner than six months  
23 after receipt of the request. Any such request must specify why the  
24 carrier believes the provider owes the refund, and include the name  
25 and mailing address of the entity that has primary responsibility for  
26 payment of the claim. If a provider fails to contest the request in  
27 writing to the carrier within thirty days of its receipt, the request  
28 is deemed accepted and the refund must be paid.

29 (3) A carrier may at any time request a refund from a health care  
30 provider of a payment previously made to satisfy a claim if: (a) A  
31 third party, including a government entity, is found responsible for  
32 satisfaction of the claim as a consequence of liability imposed by  
33 law, such as tort liability; and (b) the carrier is unable to recover  
34 directly from the third party because the third party has either  
35 already paid or will pay the provider for the health services covered  
36 by the claim.

37 (4) If a contract between a carrier and a health care provider  
38 conflicts with this section, this section shall prevail. However,  
39 nothing in this section prohibits a health care provider from

1 choosing at any time to refund to a carrier any payment previously  
2 made to satisfy a claim.

3 (5) For purposes of this section, "refund" means the return,  
4 either directly or through an offset to a future claim, of some or  
5 all of a payment already received by a health care provider.

6 (6) This section neither permits nor precludes a carrier from  
7 recovering from a subscriber, enrollee, or beneficiary any amounts  
8 paid to a health care provider for benefits to which the subscriber,  
9 enrollee, or beneficiary was not entitled under the terms and  
10 conditions of the health plan, insurance policy, or other benefit  
11 agreement.

12 (7) This section does not apply to claims for health care  
13 services provided through dental only health carriers, health care  
14 services provided under Title XVIII (medicare) of the social security  
15 act, or medicare supplemental plans regulated under chapter 48.66  
16 RCW.

17 **Sec. 8.** RCW 48.43.830 and 2023 c 382 s 1 are each amended to  
18 read as follows:

19 (1) Each carrier offering a health plan issued or renewed on or  
20 after January 1, 2024, shall comply with the following standards  
21 related to prior authorization for health care services and  
22 prescription drugs:

23 (a) The carrier shall meet the following time frames for prior  
24 authorization determinations and notifications to a participating  
25 provider or facility that submits the prior authorization request  
26 through an electronic prior authorization process, as designated by  
27 each carrier:

28 (i) For electronic standard prior authorization requests, the  
29 carrier shall make a decision and notify the provider or facility of  
30 the results of the decision within three calendar days, excluding  
31 holidays, of submission of an electronic prior authorization request  
32 by the provider or facility that contains the necessary information  
33 to make a determination. If insufficient information has been  
34 provided to the carrier to make a decision, the carrier shall request  
35 any additional information from the provider or facility within one  
36 calendar day of submission of the electronic prior authorization  
37 request.

38 (ii) For electronic expedited prior authorization requests, the  
39 carrier shall make a decision and notify the provider or facility of

1 the results of the decision within one calendar day of submission of  
2 an electronic prior authorization request by the provider or facility  
3 that contains the necessary information to make a determination. If  
4 insufficient information has been provided to the carrier to make a  
5 decision, the carrier shall request any additional information from  
6 the provider or facility within one calendar day of submission of the  
7 electronic prior authorization request.

8 (b) The carrier shall meet the following time frames for prior  
9 authorization determinations and notifications to a participating  
10 provider or facility that submits the prior authorization request  
11 through a process other than an electronic prior authorization  
12 process:

13 (i) For nonelectronic standard prior authorization requests, the  
14 carrier shall make a decision and notify the provider or facility of  
15 the results of the decision within five calendar days of submission  
16 of a nonelectronic prior authorization request by the provider or  
17 facility that contains the necessary information to make a  
18 determination. If insufficient information has been provided to the  
19 carrier to make a decision, the carrier shall request any additional  
20 information from the provider or facility within five calendar days  
21 of submission of the nonelectronic prior authorization request.

22 (ii) For nonelectronic expedited prior authorization requests,  
23 the carrier shall make a decision and notify the provider or facility  
24 of the results of the decision within two calendar days of submission  
25 of a nonelectronic prior authorization request by the provider or  
26 facility that contains the necessary information to make a  
27 determination. If insufficient information has been provided to the  
28 carrier to make a decision, the carrier shall request any additional  
29 information from the provider or facility within one calendar day of  
30 submission of the nonelectronic prior authorization request.

31 (c) In any instance in which a carrier has determined that a  
32 provider or facility has not provided sufficient information for  
33 making a determination under (a) and (b) of this subsection, a  
34 carrier may establish a specific reasonable time frame for submission  
35 of the additional information. This time frame must be communicated  
36 to the provider and enrollee with a carrier's request for additional  
37 information.

38 (d) The carrier's prior authorization requirements must be  
39 described in detail and written in easily understandable language.  
40 The carrier shall make its most current prior authorization

1 requirements and restrictions, including the written clinical review  
2 criteria, available to providers and facilities in an electronic  
3 format upon request. The prior authorization requirements must be  
4 based on peer-reviewed clinical review criteria. The clinical review  
5 criteria must be evidence-based criteria and must accommodate new and  
6 emerging information related to the appropriateness of clinical  
7 criteria with respect to black and indigenous people, other people of  
8 color, gender, and underserved populations. The clinical review  
9 criteria must be evaluated and updated, if necessary, at least  
10 annually. Clinical review criteria used for purposes of reviewing and  
11 decided upon prior authorization requests related to mental health  
12 and substance use disorder services, as defined in section 2 of this  
13 act, must meet the requirements of section 2 of this act.

14 (2) (a) Each carrier shall build and maintain a prior  
15 authorization application programming interface that automates the  
16 process for in-network providers to determine whether a prior  
17 authorization is required for health care services, identify prior  
18 authorization information and documentation requirements, and  
19 facilitate the exchange of prior authorization requests and  
20 determinations from its electronic health records or practice  
21 management system. The application programming interface must support  
22 the exchange of prior authorization requests and determinations for  
23 health care services beginning January 1, 2025, and must:

24 (i) Use health level 7 fast health care interoperability  
25 resources in accordance with standards and provisions defined in 45  
26 C.F.R. Sec. 170.215 and 45 C.F.R. Sec. 156.22(3)(b);

27 (ii) Automate the process to determine whether a prior  
28 authorization is required for durable medical equipment or a health  
29 care service;

30 (iii) Allow providers to query the carrier's prior authorization  
31 documentation requirements;

32 (iv) Support an automated approach using nonproprietary open  
33 workflows to compile and exchange the necessary data elements to  
34 populate the prior authorization requirements that are compliant with  
35 the federal health insurance portability and accountability act of  
36 1996 or have an exception from the federal centers for medicare and  
37 medicaid services; and

38 (v) Indicate that a prior authorization denial or authorization  
39 of a service less intensive than that included in the original

1 request is an adverse benefit determination and is subject to the  
2 carrier's grievance and appeal process under RCW 48.43.535.

3 (b) Each carrier shall establish and maintain an interoperable  
4 electronic process or application programming interface that  
5 automates the process for in-network providers to determine whether a  
6 prior authorization is required for a covered prescription drug. The  
7 application programming interface must support the exchange of prior  
8 authorization requests and determinations for prescription drugs,  
9 including information on covered alternative prescription drugs,  
10 beginning January 1, 2027, and must:

11 (i) Allow providers to identify prior authorization information  
12 and documentation requirements;

13 (ii) Facilitate the exchange of prior authorization requests and  
14 determinations from its electronic health records or practice  
15 management system, and may include the necessary data elements to  
16 populate the prior authorization requirements that are compliant with  
17 the federal health insurance portability and accountability act of  
18 1996 or have an exception from the federal centers for medicare and  
19 medicaid services; and

20 (iii) Indicate that a prior authorization denial or authorization  
21 of a drug other than the one included in the original prior  
22 authorization request is an adverse benefit determination and is  
23 subject to the carrier's grievance and appeal process under RCW  
24 48.43.535.

25 (c) If federal rules related to standards for using an  
26 application programming interface to communicate prior authorization  
27 status to providers are not finalized by the federal centers for  
28 medicare and medicaid services by September 13, 2023, the  
29 requirements of (a) of this subsection may not be enforced until  
30 January 1, 2026.

31 (d)(i) If a carrier determines that it will not be able to  
32 satisfy the requirements of (a) of this subsection by January 1,  
33 2025, the carrier shall submit a narrative justification to the  
34 commissioner on or before September 1, 2024, describing:

35 (A) The reasons that the carrier cannot reasonably satisfy the  
36 requirements;

37 (B) The impact of noncompliance upon providers and enrollees;

38 (C) The current or proposed means of providing health information  
39 to the providers; and

1 (D) A timeline and implementation plan to achieve compliance with  
2 the requirements.

3 (ii) The commissioner may grant a one-year delay in enforcement  
4 of the requirements of (a) of this subsection (2) if the commissioner  
5 determines that the carrier has made a good faith effort to comply  
6 with the requirements.

7 (iii) This subsection (2)(d) shall not apply if the delay in  
8 enforcement in (c) of this subsection takes effect because the  
9 federal centers for medicare and medicaid services did not finalize  
10 the applicable regulations by September 13, 2023.

11 (e) By September 13, 2023, and at least every six months  
12 thereafter until September 13, 2026, the commissioner shall provide  
13 an update to the health care policy committees of the legislature on  
14 the development of rules and implementation guidance from the federal  
15 centers for medicare and medicaid services regarding the standards  
16 for development of application programming interfaces and  
17 interoperable electronic processes related to prior authorization  
18 functions. The updates should include recommendations, as  
19 appropriate, on whether the status of the federal rule development  
20 aligns with the provisions of chapter 382, Laws of 2023. The  
21 commissioner also shall report on any actions by the federal centers  
22 for medicare and medicaid services to exercise enforcement discretion  
23 related to the implementation and maintenance of an application  
24 programming interface for prior authorization functions. The  
25 commissioner shall consult with the health care authority, carriers,  
26 providers, and consumers on the development of these updates and any  
27 recommendations.

28 (3) Nothing in this section applies to prior authorization  
29 determinations made pursuant to RCW 48.43.761.

30 (4) For the purposes of this section:

31 (a) "Expedited prior authorization request" means a request by a  
32 provider or facility for approval of a health care service or  
33 prescription drug where:

34 (i) The passage of time:

35 (A) Could seriously jeopardize the life or health of the  
36 enrollee;

37 (B) Could seriously jeopardize the enrollee's ability to regain  
38 maximum function; or

39 (C) In the opinion of a provider or facility with knowledge of  
40 the enrollee's medical condition, would subject the enrollee to

1 severe pain that cannot be adequately managed without the health care  
2 service or prescription drug that is the subject of the request; or

3 (ii) The enrollee is undergoing a current course of treatment  
4 using a nonformulary drug.

5 (b) "Standard prior authorization request" means a request by a  
6 provider or facility for approval of a health care service or  
7 prescription drug where the request is made in advance of the  
8 enrollee obtaining a health care service or prescription drug that is  
9 not required to be expedited.

10 NEW SECTION. **Sec. 9.** The insurance commissioner may adopt rules  
11 necessary to implement this act, including requiring submission of  
12 quantitative data to determine in-operation parity compliance.

13 NEW SECTION. **Sec. 10.** Sections 1 through 8 of this act take  
14 effect January 1, 2027.

15 NEW SECTION. **Sec. 11.** The following acts or parts of acts, as  
16 now existing or hereafter amended, are each repealed, effective  
17 January 1, 2027:

18 (1) RCW 48.20.580 (Mental health services—Definition—Coverage  
19 required, when) and 2020 c 228 s 2 & 2007 c 8 s 1;

20 (2) RCW 48.21.241 (Mental health services—Group health plans—  
21 Definition—Coverage required, when) and 2020 c 228 s 3, 2007 c 8 s 2,  
22 2006 c 74 s 1, & 2005 c 6 s 3;

23 (3) RCW 48.41.220 (Mental health services—Definition—Coverage  
24 required, when) and 2020 c 228 s 4 & 2007 c 8 s 6;

25 (4) RCW 48.44.341 (Mental health services—Health plans—  
26 Definition—Coverage required, when) and 2020 c 228 s 5, 2007 c 8 s 3,  
27 2006 c 74 s 2, & 2005 c 6 s 4; and

28 (5) RCW 48.46.291 (Mental health services—Health plans—  
29 Definition—Coverage required, when) and 2020 c 228 s 6, 2007 c 8 s 4,  
30 2006 c 74 s 3, & 2005 c 6 s 5.

31 NEW SECTION. **Sec. 12.** If specific funding for the purposes of  
32 this act, referencing this act by bill or chapter number, is not  
33 provided by June 30, 2025, in the omnibus appropriations act, this  
34 act is null and void.

--- END ---
