Sec. 1007. 2025 c 414 s 1003 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

2025-27 Early Learning Facilities - Eligible Organizations (40000656)

The appropriations in this section are subject to the following conditions and limitations:

(1) (a) \$51,000,000 of the Ruth LeCocq Kagi early learning facilities development account—state appropriation in this section is provided solely for the early learning facility grant and loan program, subject to the provisions of RCW 43.31.565 through 43.31.583, and 43.84.092, to provide state assistance for designing, constructing, purchasing, expanding, or modernizing public or private early learning education facilities for eligible organizations. Up to 3.5 percent of the funding in this subsection (1) may be used by the department of children, youth, and families to provide technical assistance to early learning providers interested in applying for the early learning facility grant or loan program.

(b) The department is encouraged to leverage private and public match funds when feasible and may not require match funds for applicants experiencing financial hardship. The department may not

1 consider the level of project match funds as a competitive criterion
2 when selecting or recommending projects for funding.

3 (c) Grants may include awards for construction, renovation, or
4 facility purchase projects that will increase early childhood
5 education and assistance program capacity by supporting conversion of
6 slots from part day programs to full day programs or extended day
7 programs, or conversion of full day programs to extended day
8 programs, as defined in RCW 43.216.010.

9 (2) (~~(\$9,000,000)~~) \$14,900,000 of the Ruth LeCocq Kagi early
10 learning facilities development account—state appropriation in this
11 section is provided solely for minor renovation grants.

12 (3) \$6,000,000 of the Ruth LeCocq Kagi early learning facilities
13 revolving account—state appropriation and \$3,000,000 of the Ruth
14 LeCocq Kagi early learning facilities development account—state
15 appropriation in this section are provided solely for the Washington
16 early learning loan fund. Of the funds provided in this subsection
17 (3), \$3,000,000 of the Ruth LeCocq Kagi early learning facilities
18 development account—state appropriation is provided solely for
19 emergency grants pursuant to chapter 21 (House Bill No. 1314), Laws
20 of 2025. Up to four percent of the funding in this subsection (3) may
21 be used by the contractor to provide technical assistance to early
22 learning providers. The department may not use any portion of the
23 appropriation in this subsection (3) for administrative expenses of
24 the department.

25 (4) The department of children, youth, and families must develop
26 methodology to identify, at the school district boundary level, the
27 geographic locations of where early childhood education and
28 assistance program slots are needed to meet the entitlement specified
29 in RCW 43.216.556. This methodology must be linked to the caseload
30 forecast produced by the caseload forecast council and must include
31 estimates of the number of slots needed at each school district. This
32 methodology must inform any early learning facilities needs
33 assessment conducted by the department and the department of
34 children, youth, and families. This methodology must be included as
35 part of the budget submittal documentation required by RCW 43.88.030.

36 (5) When prioritizing areas with the highest unmet need for early
37 childhood education and assistance program slots, the committee of
38 early learning experts convened by the department pursuant to RCW

1 43.31.581 must first consider those areas at risk of not meeting the
2 entitlement specified in RCW 43.216.556.

3 (6) The department must track the number of slots being renovated
4 separately from the number of slots being constructed and, within
5 these categories, must track the number of slots separately by
6 program for the working connections child care program and the early
7 childhood education and assistance program.

8 (7) When prioritizing applications for projects pursuant to RCW
9 43.31.581, the department must award priority points to applications
10 from a rural county or from extreme child care deserts as defined by
11 the department of children, youth, and families.

12 (8) For early learning facilities collocated with affordable or
13 supportive housing developments, the department may remit state
14 funding on a reimbursement basis for 100 percent of eligible project
15 costs, regardless of the project's match amount, once the nonstate
16 share of project costs have been either expended or firmly committed
17 in an amount sufficient to complete the entire project or a distinct
18 phase of the project that is useable to the public as an early
19 learning facility.

20 (9) \$18,128,000 of the Ruth LeCocq Kagi early learning facilities
21 development account—state appropriation in this section is provided
22 solely for the following list of early learning facility projects:

23	Batey Square Early Learning.	\$88,000
24	Cora Whitley Family Center.	\$485,000
25	Hemlock Commons at Play Frontier.	\$1,036,000
26	Little Wings Early Learning.	\$3,550,000
27	New Tomorrow's Hope Child Development Center.	\$3,050,000
28	Port Angeles YMCA Early Learning.	\$2,050,000
29	Redmond Childcare Expansion.	\$769,000
30	Ritzville Childcare Facility.	\$2,050,000
31	Willard Early Learning Center.	\$5,050,000

32 (10) The department may use up to four percent of amounts
33 appropriated in subsections (1) and (2) of this section for
34 administrative expenses. The department may use up to four percent of
35 amounts appropriated in subsection (9) of this section or \$50,000 per
36 project, whichever is less, for administrative expenses.

37 (11) The appropriations in this section are subject to the
38 provisions of section 8018 of this act.

39 Appropriation:

1	Ruth LeCocq Kagi Early Learning Facilities	
2	Development Account—State.	((\$81,128,000))
3		<u>\$87,028,000</u>
4	Ruth LeCocq Kagi Early Learning Facilities

9	Future Biennia (Projected Costs).	((\$348,512,000))
10		<u>\$372,112,000</u>
11	TOTAL.	((\$435,640,000))
12		<u>\$465,140,000</u>

13 **Sec. 1008.** 2025 c 414 s 1012 (uncodified) is amended to read as
14 follows:

15 **FOR THE DEPARTMENT OF COMMERCE**

16 2025-27 High Efficiency Electric Appliance Rebates (HEAR) Program
17 (40000666)

18 The appropriation in this section is subject to the following
19 conditions and limitations:

20 (1) (a) ((~~\$25,000,000~~)) \$35,000,000 of the appropriation is
21 provided solely for the department to administer grants to eligible
22 third-party administrators for heat pump and other high-efficiency
23 electric equipment rebates, with a focus on low and moderate-income
24 households, renters, nonprofit organizations, and small businesses.
25 State incentives and rebates for installation of high-efficiency
26 electric equipment, including electrical panel upgrades, provide a
27 benefit to the public consistent with the state's energy strategy and
28 climate mandates by reducing greenhouse gas emissions from the built
29 environment. The department shall administer the grant program in a
30 manner that seeks to maximize greenhouse gas emissions reductions.

31 (b) ((~~\$5,000,000~~)) \$10,000,000 of the appropriation is provided
32 solely for the department to administer grants to eligible third-
33 party administrators for heat pumps for adult family homes.

34 (2) The department shall implement a statewide high-efficiency
35 electric equipment program consistent with the following:

36 (a) Aid the transition of residential and commercial buildings
37 away from fossil fuels by providing education and outreach resources

1 for the installation of high-efficiency electric heat pumps and other
2 high-efficiency electric equipment;

3 (b) Provide grants, coordination, and technical assistance to
4 eligible third-party administrators to promote the adoption of high-
5 efficiency electric heat pump equipment for space and water heating;
6 and

7 (c) Develop strategies to ensure that the program serves low-
8 income households, vulnerable populations, and overburdened
9 communities, including dedicating at least 40 percent of the program
10 funding for this purpose. For the purposes of this subsection (2)(c),
11 "overburdened communities" has the same meaning as in RCW 70A.65.010
12 and "vulnerable populations" has the same meaning as in RCW
13 70A.02.010.

14 (3) For the purposes of this section, "eligible third-party
15 administrators" include, but are not limited to, nonprofits,
16 utilities, housing providers, community action agencies, and
17 community-based organizations.

18 Appropriation:

19	Climate Commitment Account—State.	((\$30,000,000))
20		<u>\$45,000,000</u>
21	Prior Biennia (Expenditures).	\$0
22	Future Biennia (Projected Costs).	((\$120,000,000))
23		<u>\$180,000,000</u>
24	TOTAL.	((\$150,000,000))
25		<u>\$225,000,000</u>

26 **Sec. 1009.** 2025 c 414 s 1013 (uncodified) is amended to read as
27 follows:

28 **FOR THE DEPARTMENT OF COMMERCE**

29 2025-27 Behavioral Health Facilities (40000667)

30 The appropriation in this section is subject to the following
31 conditions and limitations:

32 (1) The appropriation in this section is provided solely for the
33 department to issue grants to community hospitals or other community
34 providers to expand and establish new and preserve existing capacity
35 for behavioral health services in communities. The department must
36 consult an advisory group consisting of representatives from the
37 department of social and health services, the health care authority,
38 one representative from a managed care organization, one

1 representative from an accountable care organization, and one
2 representative from the association of county human services. The
3 amounts provided in this section may be used for construction and
4 equipment costs associated with establishment or preservation of the
5 facilities. The department may approve funding for the acquisition of
6 a facility if the project will result in increased behavioral health
7 capacity. Amounts provided in this section may not be used for
8 operating costs associated with the treatment of patients using these
9 services.

10 (2) The department must establish criteria for the issuance of
11 the grants, which must include:

12 (a) Evidence that the application was developed in collaboration
13 with one or more regional behavioral health entities that administer
14 the purchasing of services;

15 (b) Evidence that the applicant has assessed and would meet gaps
16 in the geographical availability and service needs of behavioral
17 health services in their region;

18 (c) Evidence that the applicant is able to meet applicable
19 licensing and certification requirements in the facility that will be
20 used to provide services;

21 (d) A commitment by applicants to serve persons who are publicly
22 funded and persons detained for involuntary commitment, as applicable
23 by facility type, under chapter 71.05 RCW;

24 (e) A commitment by the applicant to maintain and operate the
25 beds or facility for a time period commensurate to the state
26 investment, but for at least a 10-year period;

27 (f) The date upon which structural modifications or construction
28 would begin and the anticipated date of completion of the project;

29 (g) A detailed estimate of the costs associated with opening the
30 beds;

31 (h) A financial plan demonstrating the applicant's ability to
32 maintain and operate the facility; and

33 (i) The applicant's commitment to work with local courts and
34 prosecutors as applicable to ensure that prosecutors and courts in
35 the area served by the hospital or facility will be available to
36 conduct involuntary commitment hearings and proceedings under chapter
37 71.05 RCW.

38 (3) In awarding funding for projects in subsection (5) of this
39 section, the department, in consultation with the advisory group
40 established in subsection (1) of this section, must strive for

1 geographic distribution and to allocate funding based on population
2 and service needs of an area. The department must consider current
3 services available, anticipated services available based on projects
4 underway, and the service delivery needs of an area.

5 (4) The department must prioritize projects that increase
6 capacity in unserved and underserved areas of the state.

7 (5) (~~(\$70,000,000)~~) \$10,000,000 of the state building
8 construction account—state appropriation in this section is provided
9 solely for competitive community behavioral health grants to address
10 regional needs and noncompetitive closure prevention grants. Closure
11 prevention grants must be awarded on a first-come, first-served
12 basis. For competitive regional needs grants, priority must be given
13 to: Youth and adult bed capacity with consideration given to gaps
14 identified in the 2024 behavioral health capital grant facility
15 funding report; and facilities that serve specialized populations,
16 including, but not limited to, services for individuals with
17 traumatic brain injury, dementia, and cooccurring complex needs of
18 youth. Additional categories of facilities may be funded based on
19 identified needs of a region. Eligible facilities include, but are
20 not limited to:

21 (a) Crisis relief centers and stabilization facilities that offer
22 access to mental health and substance use care for no more than 23
23 hours and 59 minutes per patient, at a time, and are not subject to
24 federal funding restrictions that apply to institutions of mental
25 diseases;

26 (b) Mental health peer respite centers that are not subject to
27 federal funding restrictions that apply to institutions of mental
28 diseases. No more than one mental health peer respite center should
29 be funded in each of the 10 regions;

30 (c) Grants to community providers to increase long-term intensive
31 inpatient psychiatric treatment services and capacity for children
32 and minor youth including, but not limited to, services for substance
33 use disorder treatment, sexual assault and traumatic stress, anxiety,
34 or depression, and interventions for children exhibiting aggressive
35 or depressive behaviors in facilities that are not subject to federal
36 funding restrictions;

37 (d) Grants to community hospitals, freestanding evaluation and
38 treatment providers, or freestanding psychiatric hospitals to develop
39 capacity for beds to serve individuals on 90-day or 180-day civil
40 commitments as an alternative to treatment in the state hospitals. In

1 awarding this funding, the department must coordinate with the
2 department of social and health services, the health care authority,
3 and the department of health and must only select facilities that
4 meet the following conditions:

5 (i) The funding must be used to increase capacity related to
6 serving individuals who will be transitioned from or diverted from
7 the state hospitals;

8 (ii) The facility is not subject to federal funding restrictions
9 that apply to institutions of mental diseases;

10 (iii) The provider has submitted a proposal for operating the
11 facility to the health care authority;

12 (iv) The provider has demonstrated to the department of health
13 and the health care authority that it is able to meet the applicable
14 licensing and certification requirements for the facility that will
15 be used to provide services; and

16 (v) The health care authority has confirmed that it intends to
17 contract with the facility for operating costs within funds provided
18 in the operating budget for these purposes;

19 (e) Enhanced adult residential care facilities for long-term
20 dementia placements discharged or diverted from the state psychiatric
21 hospitals and are not subject to federal funding restrictions that
22 apply to institutions of mental diseases;

23 (f) Facilities that provide substance use disorder intervention,
24 assessment, and treatment services with secure withdrawal management
25 and stabilization treatment beds that are not subject to federal
26 funding restrictions that apply to institutions of mental diseases;
27 and

28 (g) Facilities where behavioral health supportive services, such
29 as harm reduction and physical health services, are offered within
30 the same facility as behavioral health services and that are not
31 subject to federal funding restrictions that apply to institutions of
32 mental diseases.

33 (6) \$10,000,000 of the state building construction account—state
34 appropriation in this section is provided solely for one crisis
35 stabilization facility in the King county region consistent with the
36 settlement agreement in *A.B., by and through Trueblood, et al., v.*
37 *DSHS, et al.*, No. 15-35462, that is not subject to federal funding
38 restrictions that apply to institutions of mental disease. In
39 awarding this funding, the department must coordinate with the health
40 care authority and the King county behavioral health administrative

1 service organization and must only select a facility that has been
2 selected by King county's crisis care centers initiative as the
3 crisis care center for the south King county region.

4 (7) (~~(\$49,847,000)~~) \$64,259,000 of the appropriation in this
5 section is provided solely for the following list of projects:

6	Broadway - Compass Health.	\$5,050,000
7	Cascade Community Health.	\$541,000
8	<u>Castle Building Purchase.</u>	<u>\$3,325,000</u>
9	<u>Compass Health: Friday Harbor Facility.</u>	<u>\$1,850,000</u>
10	<u>Crisis Relief & Sobering Center.</u>	<u>\$773,000</u>
11	<u>Everett Health Engagement Hub Expansion.</u>	<u>\$515,000</u>
12	<u>Frontier Behavioral Health: BH Wellbeing Clinic.</u>	<u>\$1,545,000</u>
13	Healing Lodge of the Seven Nations.	\$5,050,000
14	ICHS Ron Chew Center.	\$3,050,000
15	Ituha Stabilization Facility.	\$927,000
16	Poulsbo SUD Clinic.	\$18,480,000
17	<u>Pregnant, Parenting & Women's Inpatient Substance</u>	
18	<u>Use.</u>	<u>\$1,545,000</u>
19	<u>Recovery Café Building Acquisition.</u>	<u>\$2,050,000</u>
20	Skagit County Crisis Stabilization.	\$549,000
21	((Sound Crisis Stabilization Facility.	\$3,050,000))
22	Spokane Stabilization Center.	\$3,050,000
23	Trouves Health Care Behavioral Health Facility.	\$5,050,000
24	<u>Tubman Health Center.</u>	<u>\$4,000,000</u>
25	Yakama Detox Center.	\$5,050,000
26	<u>Yakima Behavioral Health Hub.</u>	<u>\$1,550,000</u>
27	<u>Yakima County Med Detox Planning and Design.</u>	<u>\$309,000</u>

28 (9) During the 2025-2027 fiscal biennium, where the department
29 has awarded a grant for the operation of a crisis diversion or
30 stabilization facility located in Pierce county that is not subject
31 to federal funding restrictions that apply to institutions of mental
32 diseases, the department may amend the contract associated with the
33 grant in order to authorize the facility to be used for any community
34 development block grant national objective.

35 (10) The department shall notify all applicants that they may be
36 required to have a construction review performed by the department of
37 health.

38 (11) To accommodate the emergent need for behavioral health
39 services, the department and the department of health, in

1 collaboration with the health care authority and the department of
2 social and health services, must establish a concurrent and expedited
3 process to assist grant applicants in meeting any applicable
4 regulatory requirements necessary to operate inpatient psychiatric
5 beds, freestanding evaluation and treatment facilities, enhanced
6 services facilities, triage facilities, crisis stabilization
7 facilities, or secure detoxification/secure withdrawal management and
8 stabilization facilities.

9 (12) In contracts for grants authorized under this section, the
10 department must include provisions that require that the grantee or
11 successor hold the capital improvements for at least a 10-year
12 period. The provisions must require the facility to be used for
13 behavioral health services, but may allow the facility to change
14 ownership or facility type during the commitment period. The
15 department shall monitor the activities of recipients of grants under
16 this program to determine compliance with the terms and conditions
17 set forth in its contract.

18 (13) The department must provide a progress report to the
19 appropriate committees of the legislature by November 1, 2026. The
20 report must include:

21 (a) The total number of applications and amount of funding
22 requested;

23 (b) A list and description of the projects approved for funding
24 including state funding, total project cost, services anticipated to
25 be provided, bed capacity, and anticipated completion date;

26 (c) A statewide map of new capacity since 2018, including
27 projected bed capacity and opening dates;

28 (d) A status report of projects that received funding in prior
29 funding rounds, including details about the project completion and
30 the date the facility began providing services; and

31 (e) Recommendations for statutory language that would codify the
32 grant program on an ongoing basis including:

33 (i) Evaluation and prioritization criteria;

34 (ii) Monitoring and compliance requirements;

35 (iii) Preconstruction and technical assistance services; and

36 (iv) Data needed to determine the service needs by area of the
37 state.

38 (14) The department must coordinate with the health care
39 authority and department of health to submit capital budget requests
40 to fund behavioral health community capacity grants for the 2027-2029

1 biennial budget by the due date established by the office of
2 financial management. Associated state budget operating costs must
3 also be identified and requested.

4 (15) The department must notify cities and counties when issuing
5 requests for proposals and must notify applicable cities and counties
6 when awarding contracts.

7 (16) The appropriation in this section is subject to the
8 provisions of section 8018 of this act.

9 Appropriation:

10	State Building Construction Account—State. . . .	(((\$129,847,000))

15 follows:

16 **FOR THE DEPARTMENT OF COMMERCE**

17 2025-27 Weatherization Plus Health Grants (40000671)

18 The appropriations in this section are subject to the following
19 conditions and limitations: The appropriations in this section are
20 provided solely as grants for the low-income weatherization program
21 authorized under chapter 70A.35 RCW, community scaled weatherization
22 projects, and for the community energy efficiency program (CEEP).

23 (1) The department is encouraged to grant funds to at least two
24 community scaled weatherization projects: One located east of the
25 crest of the Cascade mountains and one located west of the crest of
26 the Cascade mountains, if feasible. For the purposes of this section,
27 "community scaled weatherization project" means a weatherization
28 project that includes multiple dwelling units that are located in the
29 same neighborhood or area where overlapping factors such as
30 environmental, social, or economic conditions may adversely impact
31 residents, as determined by the department.

32 (2) \$5,000,000 of the state building construction account—state
33 appropriation in this section is provided solely for grants for the
34 Washington State University energy extension community energy
35 efficiency program (CEEP) to support homeowners, tenants, and small
36 business owners in making sound energy efficiency investments by
37 providing consumer education and marketing, workforce support through

1 training and lead generation, and direct consumer incentives for
2 upgrades to existing homes and small commercial buildings. This is
3 the maximum amount the department may expend for this purpose.

4 ~~((2))~~ (3) The department must, to the extent practicable,
5 implement the recommendations in the weatherization plus health 2022
6 report.

7 ~~((3))~~ (4) If funding from these appropriations is used to
8 purchase heating devices or systems, the agency shall, whenever
9 possible and most cost effective, select devices and systems that do
10 not use fossil fuels.

11 ~~((4))~~ (5) The department must:

12 (a) Recruit community energy efficiency program sponsors that are
13 community-based organizations located in geographic areas of the
14 state that have not received funding for low-income weatherization
15 programs, targeting hard-to-reach market segments;

16 (b) Leverage funding from community energy efficiency program
17 sponsors in an amount greater than or equal to the amount provided by
18 the state through the weatherization program;

19 (c) Ensure that community energy efficiency program utility
20 sponsors work with nonprofit community-based organizations to deliver
21 community energy efficiency program services; and

22 (d) Identify community energy efficiency program sponsors that
23 support the conversion of space and water heating from fossil fuels
24 to electricity, as part of a set of energy efficiency investments.

25 ~~((5))~~ (6) The state building construction account—state
26 appropriation in this section is subject to the provisions of section
27 8018 of this act.

15 2025-27 Community EV Charging (40000673)

16 The appropriation in this section is subject to the following
17 conditions and limitations:

18 (1) The appropriation in this section is provided solely for
19 grants for the development of community electric vehicle charging
20 infrastructure.

21 (2) Funding provided in this section must be used for projects
22 that provide a benefit to the public through development,
23 demonstration, and deployment of clean energy technologies that save
24 energy and reduce energy costs, reduce harmful air emissions, or
25 increase energy independence for the state.

26 (3) Projects that receive funding under this section must be
27 implemented by, or include partners from, one or more of the
28 following: Local governments, federally recognized tribal
29 governments, or public and private electrical utilities that serve
30 retail customers in the state.

31 (4) Grant funding must be used for level two or higher charging
32 infrastructure and related costs including, but not limited to,
33 construction and site improvements. Projects may include a robust
34 public and private outreach plan that includes engaging with affected
35 parties in conjunction with the new electric vehicle infrastructure.

36 (5) The department must prioritize funding for projects in the
37 following order:

38 (a) Multifamily housing;

- 1 (b) Publicly available charging at any location;
- 2 (c) Schools and school districts;
- 3 (d) State and local government buildings and public hospitals;
- 4 and
- 5 (e) All other eligible projects.
- 6 (6) The department must coordinate with other electrification
- 7 programs, including projects developed by the department of
- 8 transportation, to determine the most effective distribution of the
- 9 systems. The department must also collaborate with the interagency
- 10 electric vehicle coordinating council established in RCW 43.392.030
- 11 to implement this section and must work to meet benchmarks
- 12 established in chapter 182, Laws of 2022.
- 13 (7) The department may:
- 14 (a) Provide information to applicants about available clean
- 15 energy tax credits and incentives, including elective pay, that may
- 16 be applicable to the project for which state funding is being sought;
- 17 (b) Inquire, as part of the application, which tax credits and
- 18 incentives the applicant plans to seek for the project;
- 19 (c) Prioritize projects seeking any applicable clean energy tax
- 20 credits and incentives when developing and applying competitive
- 21 criteria for selecting recipients under this section; and
- 22 (d) Consider the availability of any federal tax credits or other
- 23 federal or nonfederal grants or incentives that the applicant may
- 24 benefit from in review of the application.
- 25 (8) Funding awards made under this section may not exceed 100
- 26 percent of the cost of the project.
- 27 (9) Up to three percent of the appropriation in this section is
- 28 for the department to administer the grant program.
- 29 (10) \$3,000,000 of the appropriation in this section is provided
- 30 solely for the Cowlitz MHD ZEV Depot in Longview.

31 Appropriation:

32	Climate Commitment Account—State.	((\$23,000,000))

2 follows:

3 **FOR THE DEPARTMENT OF COMMERCE**

4 2025-27 Connecting Housing to Infrastructure Program (40000675)

5 The appropriation in this section is subject to the following
6 conditions and limitations:

7 (1)(a) The appropriation in this section is provided solely for
8 grants or deferred loans to local governments and public utility
9 districts to defray the cost of waiving a portion of or all of the
10 fees normally applied to developers for utility connection charges
11 and related street improvements related to new affordable housing
12 projects for low- and moderate-income households.

13 (b) Where applicable, the utility extension and related street
14 improvements must be consistent with the approved comprehensive plans
15 under the growth management act and must be within the established
16 boundaries of the urban growth area as set forth in the approved
17 comprehensive plans. Street improvements are eligible if the
18 improvements are related directly to the utility extension or
19 connection and are adjacent to the new housing units being
20 constructed.

21 (c) Projects must be located within a jurisdiction that imposes a
22 sales and use tax under RCW 82.14.530(1)(a)(ii) or (b)(i)(B),
23 82.14.540, or 84.52.105.

24 (2)(a) \$30,000,000 of the state building construction account—
25 state appropriation is provided solely for grants or deferred loans
26 for system development charges, utility improvements, and street
27 improvements associated with utility infrastructure for affordable
28 housing projects serving low-income households located within a city
29 or county with a population of 150,000 or fewer persons.

30 (b) \$5,000,000 of the state building construction account—state
31 appropriation in this section is provided for the department for
32 pilot grants for system development charges, utility improvements,
33 and street improvements associated with utility infrastructure for
34 affordable housing projects serving moderate-income households. The
35 pilot program must be offered in three counties located in the north
36 central region of the state. The counties must share borders with one
37 another, be located east of the crest of the Cascade mountains, and
38 each have a population of 85,000 persons or fewer. By June 1, 2027,

1 the department must submit a report to the office of financial
2 management and to the appropriate committees of the legislature that:

3 (i) Summarizes the results of the pilot program, including an
4 analysis of the need for infrastructure assistance for local
5 governments to support the development of housing affordable to
6 moderate-income households, and the benefits to communities that may
7 result from increasing economic diversity in housing that is made
8 more affordable through infrastructure subsidies;

9 (ii) Describes the number and total dollar amount of application
10 requests and funding awards; and

11 (iii) Makes recommendations regarding continuation or expansion
12 of the pilot program and recommended future funding levels.

13 (3) To be eligible for funding under this section, an applicant
14 must demonstrate, at minimum:

15 (a) That affordable housing development will begin construction
16 within 24 months of the grant or loan award; and

17 (b) A strong probability of serving the original target group or
18 income level for a period of at least 25 years.

19 (4) For purposes of this section, the following definitions
20 apply.

21 (a) "Affordable housing" means residential housing that requires
22 payment of monthly housing costs, including utilities other than
23 telephone, of no more than 30 percent of the household's income.

24 (b) "Low-income household" has the same meaning as in RCW
25 43.185A.010.

26 (c) "Moderate-income household" means: For purposes of the pilot
27 program authorized in this section, a single person, family, or
28 unrelated persons living together whose adjusted income is above 80
29 percent of the median household income adjusted for family size, for
30 the county where the affordable housing project is located, but less
31 than the state median income, as reported by the United States
32 department of housing and urban development.

33 (d) "System development charges" means charges for new utility
34 improvements.

35 (e) "Utility improvements" means drinking water, wastewater, or
36 stormwater utility improvements.

37 (5) \$10,000,000 of the appropriation in this section is provided
38 solely for the Fort Lawton redevelopment project. The funding
39 provided in this subsection is not subject to the provisions of
40 subsection (3) of this section. The legislature intends to provide

1 funds in the amount of \$10,000,000 in the 2027-2029 fiscal biennium
2 to the Fort Lawton redevelopment project.

3 (6) \$2,550,000 of the appropriation in this section is provided
4 solely for the Skyway Homeownership project.

5 ((+6)) (7) \$600,000 of the appropriation in this section is
6 provided solely for the Finch Green Housing project.

7 (8) The appropriation in this section is subject to the
8 provisions of section 8018 of this act.

9 Appropriation:

10	State Building Construction Account—State.	\$100,000,000
11	Prior Biennia (Expenditures).	\$0
12	Future Biennia (Projected Costs).	\$400,000,000
13	TOTAL.	\$500,000,000

15 follows:

16 **FOR THE DEPARTMENT OF COMMERCE**

17 2025-27 Housing Trust Fund (40000677)

18 The appropriations in this section are subject to the following
19 conditions and limitations:

20 (1) ((~~\$133,000,000~~)) \$199,250,000 of the state building
21 construction account—state and ((~~\$402,000,000~~)) \$432,050,000 of the
22 state taxable building construction account—state appropriations are
23 provided solely for the new construction, acquisition, or acquisition
24 and rehabilitation of affordable housing projects that serve and
25 benefit low-income and special needs populations including, but not
26 limited to, people with chronic mental illness or behavioral health
27 conditions, farmworkers, people who are homeless, and people in need
28 of permanent supportive housing. The department shall strive to
29 invest at least 20 percent of the appropriation provided under this
30 section with by and for organizations, as defined by the office of
31 equity.

32 (a) ((~~\$53,000,000~~)) \$65,500,000 of the state building
33 construction account—state and ((~~\$162,000,000~~)) \$199,500,000 of the
34 state taxable building construction account—state appropriations are
35 provided solely for multifamily rental housing projects. For each
36 affordable housing development project, the department may finance up

1 to a total of \$10,000,000 in construction awards, including prior
2 biennia awards.

3 (b) \$50,000,000 of the state taxable building construction
4 account—state appropriation is provided solely for affordable housing
5 projects that serve and benefit low-income people with developmental
6 or intellectual disabilities. The department must use a separate
7 application form and evaluation criteria for applications under this
8 subsection. The department must coordinate with the department of
9 social and health services regarding any needed supportive services
10 and make efforts to enact the recommendations of the housing needs
11 study for individuals with intellectual and developmental
12 disabilities, as provided in section 1068(6), chapter 332, Laws of
13 2021. The department must consider prioritizing funding under this
14 subsection for housing that serves individuals who are exiting
15 residential habilitation centers or facilities.

16 (c) (~~(\$100,000,000)~~) \$43,000,000 of the state taxable building
17 construction account—state appropriation is provided solely for
18 permanent supportive housing projects in accordance with the apple
19 health and homes rapid permanent supportive housing program created
20 in RCW 43.330.187. Of the amounts provided in this subsection (1)(c),
21 \$4,250,000 is provided solely for the Maple Court Permanent
22 Supportive Housing project.

23 (d) (~~(\$30,000,000)~~) \$43,750,000 of the state building
24 construction account—state appropriation and (~~(\$45,000,000)~~)
25 \$86,250,000 of the state taxable building construction account—state
26 appropriation in this section are provided solely for the development
27 of homeownership projects affordable to first-time low-income
28 households. Projects serving homebuyers whose income is up to 80
29 percent of the area median income, adjusted for household size for
30 the county where the property is located are eligible to apply,
31 except that projects located in rural areas of the state, as defined
32 by the department, serving homebuyers whose income is up to 100
33 percent of the area median income, adjusted for household size for
34 the county where the property is located are eligible to apply.
35 Eligible activities include, but are not limited to, down payment
36 assistance, closing costs, acquisition, rehabilitation costs, and new
37 construction. The department shall strive to invest at least 20
38 percent of these funds with by and for organizations, as defined by
39 the office of equity, and make efforts to enact the recommendations

1 of the homeownership disparities work group created in section
2 128(100), chapter 297, Laws of 2022.

3 Of the amounts provided in this subsection (1)(d), \$2,500,000 of
4 the state building construction account—state appropriation is
5 provided solely for the Orchard Gardens project.

6 (e)(i)(A) \$17,500,000 of the state taxable building construction
7 account—state appropriation is provided solely for the northwest
8 cooperative development center to provide subgrants for the
9 acquisition and preservation of mobile or manufactured home
10 communities where at least 50 percent of the preserved homes are and
11 will remain occupied by low-income households. Funding provided under
12 this subsection (1)(e)(i) may be used for the purpose of avoiding
13 household displacement due to sale or other transactions and ensuring
14 preservation of housing affordability for low-income households for a
15 minimum of 40 years and may be awarded only to eligible organizations
16 as defined in RCW 59.20.030.

17 (B) \$2,500,000 of the state taxable building construction account
18 —state appropriation is provided solely for the Bayside Housing
19 project. The department may not require more than 50 percent of the
20 units in the Bayside Housing project to be occupied by low-income
21 households.

22 (ii) \$10,000,000 of the state taxable building construction
23 account—state appropriation is provided solely for the northwest
24 cooperative development center to provide subgrants to organizations
25 that are mobile home park cooperatives or manufactured housing
26 cooperatives, as those terms are defined in RCW 59.20.030, for
27 critical improvements, repairs, and infrastructure upgrades to
28 promote the preservation of mobile or manufactured home communities
29 as affordable housing. The grantee must award subgrants based on
30 needs relating to health, safety, and cost for resident-owned
31 manufactured housing community cooperatives in Washington.

32 (f) \$10,000,000 of the state taxable building construction
33 account—state appropriation is provided solely for eligible
34 organizations under RCW 43.185A.040 to acquire, acquire and renovate,
35 or prepare real property for rapid conversion into permanent
36 supportive housing, transitional housing, indoor emergency housing,
37 tiny homes, or indoor emergency shelters, with a primary focus on
38 serving people with extremely low-incomes who are experiencing
39 sheltered and unsheltered homelessness, including families with

1 children, unaccompanied youth and young people, older adults, and
2 people with disabilities. Acquisitions completed with temporary
3 financing are eligible for funding provided in this section. The
4 department may approve funding only for projects that result in
5 increased shelter or housing capacity for extremely low-income people
6 and households. In awarding funding pursuant to this subsection
7 (1)(f), the department shall prioritize the acquisition of
8 multifamily housing units and housing projects that rapidly move
9 people experiencing sheltered or unsheltered homelessness into
10 housing, including, but not limited to, individuals living in
11 unsanctioned encampments, the public rights-of-way, or other public
12 spaces. Amounts provided in this subsection (1)(f) may not be used
13 for operating or maintenance costs, supportive services, or debt
14 service.

15 (g) (~~(\$50,000,000)~~) \$90,000,000 of the state building
16 construction account—state appropriation is provided solely for
17 affordable housing preservation projects, which may include, but are
18 not limited to:

19 (i) Projects preserving and extending the affordability
20 commitment period for projects in the housing trust fund portfolio.
21 The funds may be provided for major building improvements,
22 preservation, and system replacements, necessary for the existing
23 housing trust fund portfolio to maintain its long-term viability. The
24 department must require a capital needs assessment be provided before
25 contract execution. Funds may not be used to add or expand the
26 capacity of the property. When allocating funds, the department must
27 prioritize buildings that are older than 15 years and that serve very
28 low-income and extremely low-income populations.

29 (ii) Projects preserving affordable multifamily housing at risk
30 of losing its affordability due to expiration of use restrictions
31 that otherwise require affordability including, but not limited to,
32 United States department of agriculture funded multifamily housing.
33 The department must prioritize projects that satisfy the goal of
34 long-term preservation of Washington's affordable multifamily housing
35 stock, particularly in rural areas of the state. Funds may be used
36 for acquisition or for acquisition and rehabilitation of properties
37 to preserve the affordable housing units beyond their existing use
38 restrictions and place them in Washington's housing trust fund
39 portfolio for a minimum of 40 years. If a capital needs assessment is
40 required, the department must work with the applicant to ensure that

1 this does not create an unnecessary impediment to rapidly accessing
2 these funds.

3 (iii) Projects rehabilitating or replacing housing or facilities
4 impacted by the weather event described in the governor's emergency
5 proclamation 25-07.2 that are: (A) Facilities housing low-income
6 migrant, seasonal, or temporary farmworkers; (B) affordable
7 multifamily housing properties; or (C) affordable manufactured or
8 mobile home communities. Funding provided under this subsection
9 (1)(g)(iii) is not subject to the requirements of RCW 43.185A.150.

10 (iv) The funding provided under this subsection (g) is not
11 subject to the 60-day application period in RCW 43.185A.150.

12 (h) (~~(\$5,000,000)~~) \$13,300,000 of the state taxable building
13 construction account—state appropriation in this section is provided
14 solely for facilities housing low-income migrant, seasonal, or
15 temporary farmworkers. The department shall prioritize funding of
16 projects to areas of highest need. Funding may also be provided, to
17 the extent qualified projects are submitted, for projects that
18 address health and safety.

19 (i) The department shall strive to invest at least 10 percent of
20 the appropriations provided under (a) and (d) of this subsection (1)
21 for either affordable multifamily rental housing or homeownership
22 projects, or both, benefiting low-income households in federally
23 recognized Indian tribes in the state of Washington. The department
24 must conduct a separate application process and use separate
25 evaluation criteria to solicit tribal housing projects and prioritize
26 projects to tribal communities of highest need.

27 (2) \$3,000,000 of the state building construction account—state
28 appropriation is provided solely for the department to provide
29 preconstruction and technical assistance awards in accordance with
30 RCW 43.185A.170. By January 1, 2027, the department must provide the
31 governor and the appropriate committees of the legislature with a
32 progress report for entities receiving awards made under this
33 subsection (2). The progress report must list which entities applied
34 for, and were successful in securing, additional financing for the
35 construction or preservation of affordable housing.

36 (3) (~~(\$5,000,000)~~) \$9,000,000 of the state building construction
37 account—state and \$1,000,000 of the state taxable building
38 construction account—state appropriations in this section are
39 provided solely for affordable housing urgent repair and risk

1 mitigation grants to be provided on an ongoing basis. Funding is not
2 subject to the 60-day notification requirement in RCW 43.185A.150.
3 Each grant award may not exceed \$200,000 per award. However, the
4 department may not limit the number of awards or amount received per
5 organization. When awarding grant funds pursuant to this subsection,
6 the department must offer conditional awards within the per-project
7 limit of \$200,000 based on the amount needed as identified by the
8 applicant. The department must subsequently revise grant awards based
9 on actual qualified project costs for which grantees request
10 reimbursement. Of the amounts provided in this subsection (3):

11 (a) \$9,000,000 of the state building construction account—state
12 appropriation in this ((section)) subsection (3) is provided solely
13 for affordable housing urgent repair grants ((to be provided on an
14 ongoing basis. Funding is not subject to the 60-day notification
15 requirement in RCW 43.185A.150)). The funding may be provided to
16 address nonrecurring repair projects including repair of units or
17 buildings, abatement of potentially hazardous materials, and safety-
18 related structural improvements of affordable housing. ((Each repair
19 grant award may not exceed \$200,000 per award. However, the
20 department may not limit the number of awards or amount received per
21 organization.

22 ((a)) (b) \$1,000,000 of the state taxable building construction
23 account—state appropriation in this subsection (3) is provided for
24 risk mitigation investments to prevent water and fire-based property
25 damage of affordable housing.

26 (c) For purposes of this subsection (3), "affordable housing"
27 means:

28 (i) Permanent supportive housing as defined in RCW 36.70A.030;
29 and

30 (ii) Multifamily affordable housing projects in the housing trust
31 fund portfolio.

32 ((b)) (d) If the department receives application requests that
33 exceed the appropriation level in this subsection (3), the department
34 must prioritize projects under ((a)) (c)(i) of this subsection (3).

35 (4) ((\$57,738,000)) \$78,824,000 of the state taxable building
36 construction account—state appropriation is provided for the
37 following list of projects:

38 315 W 9th Seniors. \$1,500,000

27 (5) \$4,500,000 of the state building construction account—state
28 appropriation is provided solely for Mary's Place Emergency Family
29 Shelter.

30 (6) \$1,000,000 of the state building construction account—state
31 appropriation is provided solely for replacing seasonal farmworker
32 housing in Monitor park that was damaged by the weather event
33 described in emergency proclamation 25-07.2.

34 (7) The department must strive to allocate all of the amounts
35 appropriated in subsections (1) through (3) of this section within
36 the 2025-2027 fiscal biennium in the manner prescribed in each
37 subsection. However, if upon review of applications the department
38 determines there are not adequate suitable projects in a category,
39 the department may allocate funds to other affordable housing

1 projects serving other low-income and special needs populations,
2 provided those projects are located in an area with an identified
3 need for the type of housing proposed. By November 1, 2026, and June
4 30, 2027, the department must notify the office of financial
5 management, the house capital budget committee, and the senate ways
6 and means committee of any reallocations of funds made pursuant to
7 this subsection.

22 follows:

23 **FOR THE DEPARTMENT OF COMMERCE**

24 2025-27 Low-Income Home Rehabilitation Grant Program (40000684)

25 The appropriation in this section is subject to the following
26 conditions and limitations:

27 (1) \$5,000,000 of the appropriation in this section is provided
28 solely for low-income home rehabilitation projects impacted by the
29 weather event described in emergency proclamation 25-07.2. Eligible
30 projects are not limited to rural areas and may be located in any
31 flood-impacted area of the state.

32 (2) The appropriation in this section is subject to the
33 provisions of section 8018 of this act.

34 Appropriation:

5 **Sec. 1017.** 2025 c 414 s 1027 (uncodified) is amended to read as
6 follows:

7 **FOR THE DEPARTMENT OF COMMERCE**

8 2026 Local and Community Projects (40000709)

9 The appropriations in this section are subject to the following
10 conditions and limitations:

11 (1) Except as provided for under subsection (12) of this section,
12 the department may not expend the appropriation in this section
13 unless and until the nonstate share of project costs have been either
14 expended or firmly committed, or both, in an amount sufficient to
15 complete the project or a distinct phase of the project that is
16 useable to the public for the purpose intended by the legislature.
17 This requirement does not apply to projects where a share of the
18 appropriation is for design costs only.

19 (2) Before receiving funds, project recipients must demonstrate
20 that the project site is under control for a minimum of 10 years,
21 either through ownership or a long-term lease. This requirement does
22 not apply to appropriations for preconstruction activities or
23 appropriations in which the sole purpose is to purchase real property
24 that does not include a construction or renovation component.

25 (3) Projects funded in this section may be required to comply
26 with Washington's high performance building standards under chapter
27 39.35D RCW.

28 (4) Project funds are available on a reimbursement basis only and
29 may not be advanced under any circumstances.

30 (5) In contracts for grants authorized under this section, the
31 department shall include provisions that require that capital
32 improvements be held by the grantee for a specified period of time
33 appropriate to the amount of the grant and that facilities be used
34 for the express purpose of the grant. If the grantee is found to be
35 out of compliance with provisions of the contract, the grantee shall
36 repay to the state general fund the principal amount of the grant
37 plus interest calculated at the rate of interest on state of

1 Washington general obligation bonds issued most closely to the date
2 of authorization of the grant.

3 (6) Projects funded in this section, including those that are
4 owned and operated by nonprofit organizations, are generally required
5 to pay state prevailing wages.

6 (7) The department must comply with the requirements set forth in
7 executive order 21-02 and must consult with the department of
8 archaeology and historic preservation and affected tribes on the
9 potential effects of these projects on cultural resources and
10 historic properties. Consultation with the department of archaeology
11 and historic preservation and affected tribes must be initiated
12 before project funds are made available.

36 NEW SECTION. **Sec. 1018.** A new section is added to 2025 c 414
37 (uncodified) to read as follows:

38 **FOR THE DEPARTMENT OF COMMERCE**

1 Housing Accelerator Framework (40001944)

2 The appropriation in this section is subject to the following
3 conditions and limitations:

4 (1) The appropriation in this section is provided solely for the
5 department to develop a housing accelerator framework with the goals
6 of:

7 (a) Eliminating barriers to building housing for homeownership
8 and rental purposes;

9 (b) Determining and analyzing primary cost drivers for the
10 development of single-family homes, multifamily housing, and middle
11 housing, and the impacts of those drivers on homeownership and rental
12 housing in order to reduce the cost of housing production for
13 developers and consumers;

14 (c) Accelerating housing development milestone timelines; and

15 (d) Increasing the production of housing units statewide based on
16 goals that are attainable and sustainable.

17 (2) The department shall consult and collaborate with the
18 department of revenue, the department of labor and industries, the
19 department of ecology, the housing finance commission, the office of
20 equity, the Washington state building code council, the affordable
21 housing advisory board, and other state entities as needed. The
22 department must also consult with local governments and appropriate
23 interest groups in implementing this section. Interest groups with
24 which the department must consult include groups that represent
25 nonprofit and for-profit housing developers, builders and building
26 trades, real estate agents, landlords, tenants, home mortgage
27 lenders, utility providers, public housing authorities, a statewide
28 association representing business, and an organization representing
29 architects.

30 (3) In undertaking the development of the framework, the
31 department must utilize existing studies and reports, including from
32 Executive Order 25-02, and information provided by state entities and
33 interest groups in subsection (2) in this section. The department may
34 use this appropriation to enter a contract with a third-party expert.

35 (4) The housing accelerator framework may include, but is not
36 limited to, consideration and evaluation of:

37 (a) Opportunities to simplify grant application processes among
38 funders.

1 (b) State housing program process, policy and regulation reforms,
2 including, but not limited to:

- 3 (i) Maximum awards;
- 4 (ii) Zoning;
- 5 (iii) Permitting and construction regulations;
- 6 (iv) Performance building and energy code pathways;
- 7 (v) Stormwater regulations and flexibility;
- 8 (vi) Public works contracting and labor and wage requirements;
- 9 (vii) Project affordability and tax incentives;
- 10 (viii) Regulatory exemptions; and
- 11 (ix) Existing and new revenue potentials to fund new housing
12 developments.

13 (c) Measures of success and timeline in order to meet the goals
14 and objectives of this section.

15 (5) By October 1, 2026, the department must submit a preliminary
16 report with a draft framework for implementing a housing accelerator
17 program to the governor and the appropriate committees of the
18 legislature. By June 30, 2027, the department must submit a report
19 with the final framework and implementation recommendations to the
20 governor and the appropriate committees of the legislature.

29 2027 Local and Community Projects (40001947)

30 The appropriations in this section are subject to the following
31 conditions and limitations:

32 (1) The legislature intends that grants provided in this section
33 support capital projects throughout the state that benefit entities
34 serving local communities within a given legislative district. The
35 department shall enter into contracts with entities to accomplish the
36 purposes intended by the legislature within the parameters outlined
37 in section 8007 of this act.

(2) The appropriation in this section is provided solely for the projects identified in LEAP Capital Document No. COM-1-2026, developed March 9, 2026.

(3) The appropriations in this section are subject to the provisions of section 8006 of this act.

8 2026 Mobile and Manufactured Homes Assistance (91002979)

9 The appropriation in this section is subject to the following
10 conditions and limitations:

11 (1) The appropriation in this section is provided solely for the
12 department to provide technical assistance and grants for
13 acquisition, preservation, investments in deferred maintenance, and
14 infrastructure improvements for affordable mobile and manufactured
15 home communities. Grants and technical assistance must be provided to
16 eligible organizations as defined in RCW 43.185A.040 and 59.20.030.
17 Funding awarded as grants under this section must preserve housing
18 affordability as defined in this section for a minimum of 40 years.

19 (a) \$10,000,000 of the state taxable building construction
20 account—state appropriation in this section is provided for grants
21 for the acquisition and preservation of manufactured housing and
22 mobile home communities.

23 (b) \$7,000,000 of the state taxable building construction account
24 —state appropriation in this section is provided for grants to
25 eligible organizations for deferred maintenance, repairs, and
26 infrastructure improvements for affordable mobile and manufactured
27 home communities.

28 (2) For the purposes of this section, "affordable" and
29 "affordability" mean at least 50 percent of the units in a project
30 are occupied by households with incomes that do not exceed 100
31 percent of the area median income.

3 **FOR THE DEPARTMENT OF COMMERCE**

4 District Energy Campus Upgrades Committee (91002988)

5 The appropriation in this section is subject to the following
6 conditions and limitations:

7 (1) The appropriation in this section is provided solely for the
8 department to: (a) Convene a campus energy upgrades committee to
9 prioritize proposed capital decarbonization projects for state campus
10 district energy systems as those systems are defined in RCW
11 19.27A.260; (b) submit a list of projects to the governor and the
12 legislature that are recommended by the committee for funding in the
13 2028 supplemental capital budget; and (c) develop an analysis of
14 barriers to state agencies entering into energy as a service
15 contracts or participating in public-private partnerships,
16 recommendations for legislation, and financial scenarios as described
17 in subsection (10) of this section. The list of projects submitted by
18 the department must be limited to capital investments necessary for
19 addressing critical components of systems that are at risk of
20 imminent failure, have surpassed their expected useful life, or will
21 reach the end of their expected useful life within the next two
22 biennia.

23 (2) The department must provide guidance to state agencies
24 submitting projects to the committee for consideration that aligns
25 the committee review process with the process for agencies submitting
26 budget requests to the governor for consideration in the governor's
27 budget. The department may contract with a qualified nonprofit entity
28 to facilitate the work of the committee and to produce the analyses
29 and report required in subsection (10) of this section.

30 (3) The director of commerce shall appoint members of the
31 committee. By a majority vote of appointed members, the committee
32 shall select a committee chair. Committee members shall serve without
33 compensation but may request reimbursement for travel expenses as
34 provided in RCW 43.03.050 and 43.03.060.

35 (4) Voting committee members must include:

36 (a) One representative of the state energy office established in
37 chapter 43.21F RCW;

38 (b) Three persons with technical or professional expertise in
39 building decarbonization, thermal energy network or district heating

1 and cooling system construction or conversion that is intended to
2 reduce fossil fuel consumption, or related subject matter. At least
3 one of these members must have experience in environmental justice
4 issues and at least one of these members must be from the private
5 sector;

6 (c) One person with experience in developing and advocating for
7 public-private partnerships in the clean energy or clean buildings
8 sector;

9 (d) One person with professional experience in financing complex
10 decarbonization projects;

11 (e) One person with professional experience in engineering
12 complex decarbonization projects;

13 (f) One person representing the interests of organized labor;

14 (g) One person representing electric utilities;

15 (h) One representative of the Washington utilities and
16 transportation commission; and

17 (i) A representative from the office of the state treasurer.

18 (5) One representative of the office of financial management and
19 one representative of the department of enterprise services shall
20 each serve as a nonvoting member acting in an advisory role to the
21 committee.

22 (6) In order to fulfill its duties under this section, the campus
23 energy upgrades committee and the department may solicit preliminary
24 input from agencies that operate district energy systems regarding
25 the development of the committee's evaluation process and
26 methodology. The committee must review the information collected from
27 decarbonization plans received by the department under RCW 19.27A.260
28 that contain, at a minimum, complete information regarding: (a)
29 Project elements that can be developed as discrete modules or phases;
30 (b) greenhouse gas emission reduction or energy savings estimates for
31 each phase; (c) project cost estimates by phase; and (d) estimates of
32 construction schedules or the amount of time required to complete
33 project phases. The committee and the department may request
34 additional information from agencies that submitted plans under RCW
35 19.27A.260 in order to validate data used in this review.

36 (7) The committee must consider the amount of leveraged nonstate
37 funding or avoided costs due to the use of public-private
38 partnerships.

39 (8) The committee may consider supplemental criteria such as the
40 amount of operating cost savings resulting from the project; the

1 avoided capital maintenance or replacement costs for repairs to the
2 existing energy system; the readiness of the project to proceed to
3 construction; the ability of the project to improve electric grid
4 reliability in the region; and the alignment of the project with
5 other major capital projects planned for the campus in order to
6 achieve efficiencies and related cost savings when possible.

7 (9) By June 30, 2027, the department must submit to the governor
8 and the appropriate committees of the legislature:

9 (a) The prioritization framework used by the committee; and

10 (b) A prioritized list of capital projects related to state
11 campus district energy systems recommended for funding in the 2028
12 supplemental capital budget. The prioritized list must include cost
13 estimates for recommended projects by discrete phase and for the
14 total cost of the project across future biennia, as applicable. The
15 list must group projects into the following categories: (i)
16 Feasibility studies, demonstration projects, and predevelopment
17 activities; (ii) design and construction for discrete project phases
18 or complete projects that can be completed within the biennium; and
19 (iii) minor works for the repair or replacement of project elements
20 that will be a part of or connected to the completed campus
21 decarbonization project.

22 (10) By June 30, 2027, the agency must submit to the governor and
23 the appropriate committees of the legislature an analysis of barriers
24 to state agencies entering into energy as a service contracts as
25 authorized under RCW 39.35C.050 or participating in public-private
26 partnerships, recommendations for legislation to facilitate agencies'
27 use of these models, and a financial analysis with scenarios as
28 options for agencies to utilize these models to complete
29 decarbonization projects within limited resources.

6 (1) \$23,200,000 of the appropriations in this section is provided
7 solely for grants for cost share agreements regarding anaerobic
8 digester development and maintenance projects at dairies. Grants
9 awarded must have at least a 15 percent nonstate match and be awarded
10 through a competitive process that considers:

11 (a) The amount of greenhouse gas reduction expected to be
12 achieved by the proposal; and

13 (b) The amount of untreated effluent expected to be reduced by
14 the proposal.

15 (2) \$500,000 of the appropriation in this section is provided
16 solely for the department to contract with the Washington State
17 University energy extension program to provide technical assistance
18 in the administration of the competitive grant process and to provide
19 ongoing support to dairies and digester operators regarding
20 opportunities to enhance digester function, advance nutrient

27 **FOR THE DEPARTMENT OF COMMERCE**

28 Washington Builds (92002336)

29 The appropriation in this section is subject to the following
30 conditions and limitations: The department may not expend the
31 appropriations in this section unless and until the nonprofit
32 selected as the state green bank pursuant to section 130(19), chapter
33 376, Laws of 2024, changes its name to Washington builds.

34 (1) \$25,000,000 of the appropriation in this section is provided
35 solely to the department of commerce to contract with Washington
36 builds to provide accessible and affordable financing for energy

1 efficiency and renewable energy projects for Washington residents,
2 businesses, and agriculture that reduce costs, lower greenhouse gas
3 emissions, and create jobs statewide. Contracts authorized under this
4 section must require Washington builds to remain an independent
5 nonprofit corporation recognized as exempt from federal income
6 taxation for public benefit purposes.

7 (a) \$5,800,000 of the appropriation in this subsection (1) is
8 provided solely for agreements to support a residential credit
9 enhancement model, including partnerships with lenders and
10 contractors, to finance energy efficiency upgrades, solar
11 installations, electrical vehicle chargers, and emergency HVAC
12 replacements. Where feasible, energy efficiency upgrades should
13 provide electric equipment and infrastructure. Funding must
14 prioritize low-income to moderate-income families and households
15 unable to access traditional financing. Families and households above
16 moderate income are eligible but must not be prioritized.

17 (b) \$17,400,000 of the appropriation in this subsection (1) is
18 provided solely for agreements supporting commercial energy
19 efficiency, including, but not limited to, meeting clean buildings
20 performance standard compliance and helping small businesses and
21 tribes in procuring clean energy and pursuing fleet electrification
22 projects, consistent with subsections (3)(a)(iii) and (iv) of this
23 section.

24 (c) If Washington builds demonstrates to the department that the
25 funding under (a) of this subsection is obligated and achieves a 15:1
26 leverage ratio and under (b) of this subsection is obligated and
27 achieves a 3:1 leverage ratio, it is the intent of the legislature to
28 appropriate an additional \$25,000,000 to Washington builds in the
29 2027-2029 fiscal biennium.

30 (2) Projects funded by this section must meet one or more of the
31 following objectives:

32 (a) Increase investment in qualified clean energy projects
33 statewide;

34 (b) Improve the standard of living of Washington residents by
35 supporting efficient, lower-cost clean energy development and
36 financing projects that create high-paying, long-term jobs;

37 (c) Foster the development and consistent application of
38 transparent underwriting standards, standard contractual terms, and
39 measurement and verification protocols for qualified clean energy
40 projects;

1 (d) Support the development of performance data to improve
2 effective underwriting, risk management, and financial modeling and
3 to stimulate primary and secondary markets for qualified clean energy
4 projects;

5 (e) Reduce greenhouse gas emissions;

6 (f) Reduce energy consumption;

7 (g) Improve air quality;

8 (h) Reduce the amount that a recipient of financing funded by
9 this section spends on utility expenses; and

10 (i) Provide financing support that abates climate change through
11 the deployment of clean energy technologies that save energy, reduce
12 energy costs and harmful air emissions, or increase energy
13 independence. Priority must be given to projects benefiting
14 vulnerable populations, including tribes and communities with high
15 environmental or energy burdens, and that complement other state
16 clean energy and energy efficiency programs.

17 (3) (a) In grants authorized under this section, the department
18 must require Washington builds to establish guidelines, screening
19 processes, and evaluation and selection criteria for lenders
20 participating in the credit enhancement model. For all other
21 applicants and project types, Washington builds shall directly offer
22 financial products, including soliciting, evaluating, and monitoring
23 projects funded under this section. Grant agreements must require
24 Washington builds to:

25 (i) Use competitive selection processes to select lender
26 partners, contractors, and projects, except as otherwise provided in
27 this section;

28 (ii) Conduct appropriate due diligence in the use of public
29 funds, including project selection oversight, project monitoring, and
30 compliance with all applicable laws, and including disclosure and
31 conflict of interest statutes;

32 (iii) Adopt policies and procedures establishing borrower
33 eligibility and the terms and conditions of financial support before
34 providing financing for qualified clean energy projects;

35 (iv) Develop and offer financing structures for qualified clean
36 energy projects, including, but not limited to, loans, credit
37 enhancements, guarantees, warehousing, securitization, and other
38 financial products and structures;

1 (v) Leverage private investment in qualified clean energy
2 projects through financing mechanisms that support, enhance, and
3 complement private investment;

4 (vi) Ensure that financing entities provide funds in a reasonable
5 and transparent manner that is consistent with borrower financial
6 interests and state consumer protection standards; and

7 (vii) Charge reasonable fees for financing support and risk
8 management activities.

9 (4) (a) Consistent with chapter 42.52 RCW, a project applicant
10 must disclose in application materials any current or former state
11 employee employed by the applicant or serving on its governing board
12 within the preceding 24 months, including the individual's name,
13 employing agency, position held, and separation date. If it is
14 determined by the department or Washington builds that there is a
15 conflict of interest or a situation that is likely to constitute a
16 violation of chapter 42.52 RCW, the applicant may be disqualified
17 from further consideration.

18 (b) If, after notice and review, the department or Washington
19 builds determines that a funding recipient is involved in a conflict
20 of interest or likely violation of chapter 42.52 RCW or similar law,
21 the department or Washington builds may terminate the funding
22 agreement by written notice and pursue available legal remedies.

23 (5) Requirements in subsection (4) of this section must be
24 included in all funding agreements issued by the department and
25 Washington builds.

26 (6) \$900,000 of the appropriation in this section is provided
27 solely for a grant to Washington builds for program administration.
28 In the grant authorized under this subsection, the department must
29 include provisions that require Washington builds to:

30 (a) Maintain a centralized public website reporting financing
31 rates, terms, and conditions of all financing support transactions,
32 except where disclosure of such information would reveal trade
33 secrets, confidential commercial information, or confidential
34 financial information;

35 (b) Post a third-party financial audit annually to the public
36 website starting June 30, 2026;

37 (c) Coordinate with market and program participants to
38 disseminate best practices for project oversight and consumer
39 protection;

1 (d) Prepare an annual report for the public on the financing
2 activities of Washington builds, including other sources of funding
3 for the projects, for submittal to the governor and appropriate
4 committees of the legislature on November 1st of each year, beginning
5 fiscal year 2027. The annual report must address, at a minimum:

6 (i) The location, subject, and financial terms of all projects
7 financed by Washington builds;

8 (ii) The names and addresses of all contractors and financial
9 institutions with whom Washington builds contracted, and the
10 financing projects in which each contractor and financial institution
11 participated;

12 (iii) The balance sheet for Washington builds showing all
13 revenues and costs to the Washington builds for the year, including
14 the compensation provided to each employee of Washington builds; and

15 (iv) Measurable outcomes associated with each project financed by
16 Washington builds, including, but not limited to, reduced greenhouse
17 gas emissions, reduced energy consumption, improved air quality,
18 estimated job creation, income levels of residential financing
19 recipients, and reduced utility expenses, to the extent such outcomes
20 are reasonably ascertainable; and

21 (v) Recommendations for additional or modified reporting
22 requirements in order to better capture the extent to which
23 Washington builds has achieved the objectives set forth in subsection
24 (2) of this section; and

25 (e) Perform other activities as are necessary to carry out the
26 provisions of this section.

27 (7) Prior to awarding any funds to Washington builds, the
28 department must require Washington builds to include (a) voting
29 members with experience in private sector project finance, banking,
30 and general contracting on its board of directors, and (b) one
31 nonvoting member from each of the two largest caucuses of the senate,
32 appointed by the president of the senate, and one nonvoting member
33 from each of the two largest caucuses of the house of
34 representatives, appointed by the speaker of the house of
35 representatives. Members of the legislature serving on the board of
36 directors of Washington builds may not receive compensation for their
37 service on the board of directors of Washington builds.

38 (8) The legislature intends to consider the default rates
39 associated with the financing provided pursuant to this section when
40 considering future funding requests for Washington builds.

1 (9) \$900,000 of the appropriation in this section is provided
2 solely for the department's administrative expenses to carry out the
3 provisions of this section.

5 The appropriation in this section is subject to the following
6 conditions and limitations:

7 (1) The appropriation in this section is provided solely for the
8 design of an ambient temperature loop project to replace the heating
9 and cooling system on the capitol campus.

10 (2) Upon completion of 90 percent of the project design, or as
11 soon as is feasible, the department must provide a report to the
12 house capital budget and senate ways and means committees that
13 includes:

14 (a) The estimated project timeline, including the estimated funds
15 that will be needed at each step of the project. The department must
16 consider phasing the construction of the project over three to four
17 fiscal biennia;

18 (b) If the total estimated project funds vary from the estimates
19 previously provided to the legislature, an explanation as to the
20 reason for the cost variance;

21 (c) If the design of the system varies from the system details
22 previously provided to the legislature, an explanation as to the
23 reason for the design variance; and

24 (d) Specific steps that will be incorporated in the bid process

9 Prevailing Wage Study (91000478)

10 The appropriation in this section is subject to the following
11 conditions and limitations: \$100,000 is provided solely for the
12 capital projects advisory review board to study the objectives,
13 feasibility, and impacts of establishing a requirement for public
14 works contracts to stipulate annual adjustments to the minimum hourly
15 wages for laborers, workers, and mechanics at a rate of no less than
16 the latest prevailing rate of wage. The board's study must include an
17 examination of the possible impacts to the costs and delivery of
18 state and local capital projects. In assessing feasibility and
19 impacts, the board must consider the extent to which appropriate
20 exemptions and phased implementation strategies would minimize
21 project disruptions and unpredictable cost fluctuations. The board
22 must submit a report with its findings and recommendations to the
23 appropriate committees of the legislature by December 1, 2026.

33 The appropriations in this section are subject to the following
34 conditions and limitations:

1 (1) The reappropriation is subject to the provisions of section
2 1044, chapter 375, Laws of 2024, as amended by section 7033 of this
3 act.

4 (2) The department must consult with the senate facilities and
5 operations committee or its designees and the house of
6 representatives, executive rules committee or its designees at least
7 every other month.

8 (3) All appropriations must be coded and tracked as separate
9 discrete subprojects in the agency financial reporting system.

10 (4) If the department receives information, after value
11 engineering has been performed, that projected costs for any of the
12 subprojects in subsections (5) or (6) of this section will exceed the
13 amount provided in the respective subsections, including projected
14 costs in future biennia, the department must timely notify and
15 provide that information in writing to the project executive team.
16 Prior to proceeding with design or construction, the department must:

17 (a) Provide at least three options that do not include square
18 footage reduction to reduce the subproject costs to stay within the
19 amount provided for that subproject and the project schedule;

20 (b) Consult with the project executive team on the options
21 offered, before proceeding with a reduced cost option; and

22 (c) Receive majority consensus from the project executive team to
23 either adopt and move forward with reduced cost options that bring
24 the subproject costs within amounts appropriated or adopt a tentative
25 modified budget for the subproject. If a tentative modified budget is
26 adopted, the department must seek additional funding in the next
27 agency budget submittal.

28 (5) (~~(\$135,043,000)~~) \$49,501,000 of the state building

13 Additional Juvenile Rehabilitation Capacity (91000078)

14 The appropriation in this section is subject to the following
15 conditions and limitations:

16 (1) The appropriation in this section is provided solely to fund:
17 ~~((acquisition, predesign,))~~ (a) Predesign and design ~~((of one or more~~
18 ~~facilities to be used as medium security))~~ for renovation of a
19 facility for use as a juvenile rehabilitation ~~((facilities))~~
20 facility; and (b) development of a plan to establish a secure
21 facility located on the east side of the Cascade mountains.

22 Consideration must be given to geographic availability of services
23 and the feasibility of renovating existing facilities that are able
24 to be operational by the end of fiscal year 2029. The department must
25 consider prioritizing facilities that support no more than 50 youth.

26 (2) \$500,000 of the state building construction account—state
27 appropriation is provided solely for predesign ~~((and \$2,500,000 of~~
28 ~~the state building construction account state appropriation is~~

30 (3) The predesign and design must include recommendations for
31 living units and spaces for recreation, education, programming, and
32 medical and behavioral health services. ~~((Recommendations must be~~
33 ~~informed by best practice models and must include a justification,~~
34 ~~estimated time of construction, and cost))~~ In developing these
35 recommendations, the department shall consider best-practice models
36 and consult with experts in trauma-informed juvenile justice policies
37 and facility design.

1 (4) The department shall submit a plan of design and construction
2 costs, including a construction schedule, as part of its decision
3 package for consideration in the 2027-2029 biennial capital budget.

4 The plan must include:

5 (a) The proposed security level and bed capacity of the new
6 facility, including any specialty populations that may be served;

7 (b) Estimated operating budget costs for the facility;

8 (c) A timeline for relocating residents from the facility known
9 as Harbor Heights to either Green Hill School or the renovated
10 facility; and

11 (d) A proposal for vacating and closing Harbor Heights that
12 minimizes any overlap in operating costs between Harbor Heights and
13 the new facility provided that Harbor Heights shall remain open and
14 operational until residents are fully transitioned out.

15 (5) The department shall consult with relevant entities to ensure
16 that the occupancy use and site modifications proposed in the
17 predesign and design are allowable.

18 (6) The plan to establish a secure facility located on the east
19 side of the Cascade mountains must include an outline of options and
20 recommendations for future placement. In addition, the department
21 shall consider the possibility of utilizing existing facilities
22 operated by local partners or a consortium of counties for short-term
23 juvenile adjudications. The department shall provide a progress
24 report to the governor and the chairs of the house of representatives
25 capital budget committee and the senate ways and means committee no

13 2025-27 Columbia River Water Supply Development Program
14 (40000681)

15 The appropriations in this section are subject to the following
16 conditions and limitations:

17 (1) \$34,915,000 of the (~~state building construction account—~~
18 ~~state~~) natural climate solutions account—state and \$3,585,000 of the
19 Columbia River basin water supply revenue recovery account—state
20 appropriations in this section are provided solely for planning,
21 design, engineering, development, coordination, and construction of
22 the Odessa - OGWRP EL 22.1 pipeline project. Funding in this
23 subsection may also be used as matching funds.

24 (a) To be eligible for a grant under this subsection (1), a
25 project must have at least 80 percent of its design work completed by
26 July 1, 2025.

27 (b) The east Columbia basin irrigation district may only be
28 allowed to make any administrative charges sufficient to administer
29 the state grants, not to exceed one percent of amounts provided to
30 them within this appropriation, with the requirement to report
31 administrative expenditures to the office of Columbia River annually.

32 (2) \$3,200,000 of the state building construction account—state
33 appropriation in this section is provided solely for a grant to the
34 Columbia basin irrigation district for the purpose of completing
35 design and engineering specifications for irrigation infrastructure
36 to serve the remaining acres in the Odessa groundwater replacement
37 project.

1 (3) \$800,000 of the (~~state building construction account state~~)
2 natural climate solutions account—state appropriation in this section
3 is provided solely for the department to enter into an agreement with
4 the United States bureau of reclamation to reimburse the bureau for
5 costs related to the design and review activities necessary to
6 complete the transfer of the groundwater replacement delivery system
7 title to the United States from the east Columbia basin irrigation
8 district and to secure project reserved power for public delivery
9 systems.

31 follows:

32 **FOR THE DEPARTMENT OF ECOLOGY**

33 Capitol Lake-Deschutes Estuary Project (92000226)

34 The appropriation in this section is subject to the following
35 conditions and limitations:

36 (1) The legislature finds that the portion of the capital campus
37 known as Capitol Lake is an important ecological and recreational

1 resource for the State of Washington that was once connected to the
2 Deschutes Estuary. Due to a lack of routine management over the last
3 25 to 50 years, the lake ecosystem is degraded, resulting in poor
4 water quality, excessive algae growth, and invasive species
5 proliferation.

6 The legislature further finds that the department of enterprise
7 services has conducted significant outreach and study by engaging
8 with the Squaxin Island Tribe, local municipal governments, the Port
9 of Olympia, and other local stakeholders towards the goal of a long-
10 term management solution that returns the lake to an estuary. The
11 legislature acknowledges these efforts and partner commitments
12 towards contributing to future maintenance and renewal but recognizes
13 that the substantial investment necessary for the estuary restoration
14 plan as currently proposed is not feasible. In an effort to both
15 address the degraded lake water quality and identify a cost-effective
16 approach to an estuary restoration that the state can responsibly
17 support, the legislature intends to transfer management of this
18 aquatic ecosystem to a state agency with natural resources expertise.
19 Addressing the water quality of the lake will not only provide
20 immediate benefit to the health of Capitol Lake and Budd Inlet, but
21 also serve as a necessary precursor to a future estuary restoration.

22 (2) (~~(\$8,000,000 of the)~~) (a) The appropriations in this section
23 (~~is~~) are provided solely for the department, in consultation with
24 the department of enterprise services and office of the governor, to
25 complete the design, conduct additional value engineering, seek
26 additional nonstate project funding, and begin the land acquisition
27 process for the Deschutes estuary restoration. The legislature
28 recognizes that completing the project design is necessary for the
29 state to seek and secure additional nonstate funding, including
30 federal grant opportunities. The department shall use past reports
31 and studies, consider existing stakeholder input, and critically
32 consider elements of the current, but incomplete, department of
33 enterprise services design. The updated design must include a
34 recommended series of projects phased over several biennia with
35 defined deliverable outcomes that move the state forward to a
36 completed estuary. For each project phase, the plan shall identify
37 expected timelines, estimated expenditures, and opportunities for
38 non-state matching fund sources that contribute to the planned
39 restoration and construction costs. The design may include only those
40 elements associated with the construction of the estuary habitat,

1 roadway and bridge improvements necessary to remove the existing 5th
2 avenue bridge and associated necessary infrastructure and must
3 minimize overall project cost. Recreational or pedestrian enhancement
4 elements of the project must be designed as a separate bid package
5 that could be added to the project at a future date, subject to the
6 availability of funding appropriated for these elements. The design
7 of the overall project must be modified to reduce construction costs
8 wherever possible, including incorporating any cost savings that are
9 identified in value engineering processes conducted at 60 percent
10 design completion and at 90 percent design completion.

11 (b) Upon completion of final design, on or before June 30, 2027,
12 the department shall report to the governor, house capital budget
13 committee, and senate ways and means committee on total project costs
14 and water quality impacts. The report must:

15 (i) Provide a detailed breakdown of total project costs with
16 phasing options for funding, including identification of costs
17 attributable to roadway and bridge construction components of the
18 project that are identified in the completed design. It is the intent
19 of the legislature that state funding for the construction of
20 necessary roadway and bridge components be funded outside of the
21 capital budget and such costs must be identified separately, to the
22 extent feasible. The legislature does not intend to require the
23 department to renegotiate any existing executed interlocal agreements
24 or memoranda of understanding;

25 (ii) Provide a comparison of total project costs with one or more
26 other large-scale habitat or ecological restoration projects planned
27 or completed in the state; and

28 (iii) Assess to what extent the completed project is expected to
29 improve the water quality of Budd Inlet and connected water bodies,
30 including the former Capitol Lake. In addition, the department must
31 estimate the extent to which stormwater runoff and the connected
32 tidal action from other areas of the Puget Sound may contribute to
33 Budd Inlet's dissolved oxygen total maximum daily load.

34 ((~~6~~—\$750,000)) (3) \$1,050,000 of the appropriation in this
35 section is provided solely for project management costs.

36 (4) Of the amounts provided in this section, \$300,000 is provided
37 solely for continuing right-of-way property acquisition work.

38 Appropriation:

33 NEW SECTION. **Sec. 3013.** A new section is added to 2025 c 414
34 (uncodified) to read as follows:

35 **FOR THE RECREATION AND CONSERVATION OFFICE**

36 Skokomish Timber Land Acquisition (91003002)

1 report the list to the committees of the house of representatives and
2 the senate with jurisdiction over the capital appropriations act and
3 the senator and members of the house of representatives representing
4 the legislative district in which the Bob Oke game farm is located.

5 (b) To evaluate potential alternate locations, the department
6 shall submit a capital appropriations request for the 2027-2029
7 biennial capital appropriations act for predesign to:

8 (i) Conduct or obtain a hydrogeologic assessment of each
9 candidate site to evaluate the potential for nutrient, manure, or
10 other operational impacts to groundwater, surface water, and
11 municipal or residential drinking water supplies;

12 (ii) Evaluate proximity to existing public water systems,
13 wellhead protection areas, and critical aquifer recharge areas;

14 (iii) Consider access, infrastructure needs, land availability,
15 zoning and land use compatibility, and the ability to maintain
16 wildlife management and release functions;

17 (iv) Consult with affected local governments, water utilities,
18 tribes, and conservation districts; and

19 (v) Estimate the cost, timeline, and logistical requirements for
20 relocation to each candidate site.

21 (c) It is the intent of the legislature that at the conclusion of
22 the predesign, the department shall submit a relocation report to the
23 governor and the appropriate committees of the legislature. In
24 addition to office of financial management predesign criteria, the
25 report should include:

26 (i) A summary of sites identified and evaluated and the criteria
27 used;

28 (ii) A recommendation of a preferred location;

29 (iii) A proposed acquisition or leasing strategy;

30 (iv) A schedule for transition of operations;

31 (v) Concept-level development plans;

32 (vi) Estimated capital and operating costs; and

33 (vii) Any statutory or budgetary actions required to complete the
34 relocation.

35 (d) It is the further intent of the legislature that once a
36 preferred location has been identified, the department shall submit a
37 capital appropriations request for the 2029-2031 biennial capital
38 appropriations act to request funding needed to relocate the Bob Oke
39 game farm to the preferred location, and that the department shall
40 continue to seek funding until the game farm has been relocated.

1 (3) (a) The department shall submit a capital appropriations
2 request for the 2027-2029 biennial capital appropriations act to
3 complete design work associated with the remediation of the existing
4 location of the Bob Oke game farm. Design will include work to be
5 done prior to closure and work to be done upon closure.

6 (b) The remediation plan must include:

7 (i) Continued groundwater and soil monitoring;

8 (ii) Measures to prevent further nitrate or nutrient leaching to
9 groundwater; and

10 (iii) Evaluation of soil treatment, land cover, or other
11 restoration techniques to reduce existing nutrient concentrations.

12 (c) Once the design work associated with remediation of the
13 existing location is complete, it is the intent of the legislature
14 that the department shall submit a capital appropriations request for
15 the 2029-2031 biennial capital appropriations act to request funding
16 needed to fully remediate the current site, and that the department
17 shall continue to seek funding until the site has been fully
18 remediated.

19 (4) (a) For the period of time until the department relocates the
20 Bob Oke game farm from its current location, the department must
21 maintain and comply with the terms of a waste discharge permit issued
22 pursuant to chapter 90.48 RCW for the game farm.

23 (b) The department must submit a report to the committees of the
24 legislature with jurisdiction over water quality issues and capital
25 budget matters, and to the office of financial management, no later
26 than December 15, 2026, that describes the steps the department has
27 taken to comply with the terms of the permit.

16 2025-27 Small District and STEC Schools Modernization Program
17 (40000150)

18 The appropriations in this section are subject to the following
19 conditions and limitations:

20 (1) ((~~\$174,450,000~~)) \$196,255,000 of the state building
21 construction account—state appropriation, \$31,027,000 of the common
22 school construction account—state appropriation, and \$18,000,000 of
23 the climate commitment account—state appropriation in this section
24 ((is)) are provided solely for modernization grants for small school
25 districts authorized under RCW 28A.525.159.

26 (2) ((~~\$530,000~~)) \$804,000 of the common school construction
27 account—state appropriation in this section is provided solely for
28 planning grants for small school districts authorized under RCW
29 28A.525.159. Planning grants may not exceed \$50,000 per district.
30 Planning grants may only be awarded to school districts with an
31 estimated total project cost of \$6,000,000 or less. In awarding
32 planning grants pursuant to this section, the office of the
33 superintendent of public instruction must follow the list of planning
34 grants submitted to the governor and the legislature for the
35 2025-2027 fiscal biennium, except that the office shall review the
36 planning grant list for project redundancies and may not award

1 planning grants for any project receiving design or construction
2 funding appropriated in other sections of part 5 of this act.

3 (3) \$27,371,000 of the state building construction account—state
4 appropriation in this section is provided solely for planning grants
5 and modernization grants to state-tribal compact schools. The
6 superintendent of public instruction may prioritize planning grants
7 for state-tribal compact schools with the most serious building
8 deficiencies and the most limited financial capacity.

9 (4) The climate commitment account—state appropriation in this
10 section is provided solely for the projects in subsection (7) of this
11 section to fund construction components and building equipment that
12 improve energy efficiency or reduce greenhouse gas emissions, such as
13 HVAC systems.

14 (5) The superintendent of public instruction shall submit a list
15 of small school district modernization projects, as prioritized by
16 the advisory committee under RCW 28A.525.159, to the legislature and
17 the governor by September 15, 2026. The list must include: (a) A
18 description of the project; (b) the proposed state funding level, not
19 to exceed \$6,000,000 per project, adjusted for inflation based on the
20 office of financial management's C-100 form; (c) estimated total
21 project costs; and (d) local funding resources.

22 (~~(5)~~) (6) In the 2025-2027 fiscal biennium, school districts
23 receiving a small district modernization grant under this section may
24 not combine this grant funding either with a school construction
25 assistance program grant or with other grants awarded under this
26 section to fund a single project.

27 (~~(6)~~) (7) The appropriations in this section may be awarded
28 only to projects approved by the legislature, as identified in LEAP
29 Capital Document No. OSPI-1-2025, developed April 26, 2025, and LEAP
30 Capital Document No. OSPI-1-2026 developed March 9, 2026.

8 2025-27 School Seismic Safety Grant Program (40000159)

9 The appropriation in this section is subject to the following
10 conditions and limitations:

11 (1) The appropriation in this section is provided solely for the
12 following school seismic safety project grants, as authorized under
13 RCW 28A.525.320: ((~~(1)~~)) (a) The Cape Flattery - Neah Bay K-12 Campus
14 Relocation project; ((~~(2)~~)) (b) the Taholah - K-12 School Relocation

17 Beach Elementary Relocation project; (e) the North Beach Junior/
18 Senior High School project; and (f) the Hoquiam K-6 Consolidation
19 project.

20 (2) It is the intent of the legislature to provide \$14,520,000
21 for the design costs for the Hoquiam Junior/Senior High School
22 Consolidation project in the 2027-2029 fiscal biennium.

23 (3) The appropriation in this section is subject to the
24 provisions of section 8018 of this act.

34 follows:

35 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION**

36 SCAPR Transitional Projects (91002551)

1 The appropriations in this section are subject to the following
2 conditions and limitations:

3 (1) It is the intent of the legislature to work with the office
4 of the superintendent of public instruction and stakeholders to
5 revise the school construction assistance program and to holistically
6 examine the state's programmatic support of K-12 school construction
7 through the planning process required under section 5011, chapter
8 375, Laws of 2024. Pursuant to this section, the legislature intends
9 that this revision and examination will be completed in a manner that
10 will modify and improve efficiencies within, and access to, the
11 school construction assistance program, while also identifying cost-
12 saving measures for awarding state grants for the construction and
13 modernization of common school facilities. The legislature further
14 intends that this revision and planning process will result in a
15 prioritized list of school construction projects that recognizes the
16 substantial variation between district sizes and financial
17 capacities, and which categorizes reasonably comparable applicants
18 into distinct school district groupings to foster a fair and
19 equitable prioritization of projects. However, the legislature also
20 recognizes that some school district projects will be ready to
21 proceed to construction during this planning and revision period.
22 Therefore, the legislature intends to provide funding to the school
23 district projects listed in this section in recognition of this
24 transitional period.

25 (2) School districts receiving grant funding pursuant to this
26 section may combine this funding with a school construction
27 assistance program grant and must use available local resources to
28 contribute financially to the completion of the project.

29 (3) (~~(\$8,131,000)~~) \$5,304,000 of the common school construction
30 account—state appropriation in this section is provided solely for
31 the Pe Ell school district's K-12 school modernization project.

32 (4) (~~(\$6,000,000)~~) \$4,568,000 of the common school construction
33 account—state appropriation in this section is provided solely for
34 the Bridgeport school district's Bridgeport elementary school
35 modernization project.

36 (5) (~~(\$3,972,000 of the common school construction account—state~~
37 ~~appropriation and)~~) \$6,000,000 of the state building construction
38 account—state appropriation in this section (~~are~~) is provided

1 solely for the Inchelium school district's K-12 school modernization
2 project.

3 (6) Grant funding provided to each school district in this
4 section is contingent upon each of the applicable districts named in
5 this section relinquishing all unspent construction grant funding
6 previously awarded under section 7063 of this act.

7 (7) The state building construction account—state appropriation
8 in this section is subject to the provisions of section 8018 of this
9 act.

10 Appropriation:

11	Common School Construction Fund—State.	((\$18,103,000))
12		<u>\$9,872,000</u>
13	State Building Construction Account—State.	\$6,000,000

19		<u>\$15,872,000</u>

20 NEW SECTION. **Sec. 5006.** A new section is added to 2025 c 414
21 (uncodified) to read as follows:

22 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION**

23 SCAP Enhancement Program Pilot (91002559)

24 The appropriations in this section are subject to the following
25 conditions and limitations:

26 (1) The appropriations in this section are provided solely for
27 the office of the superintendent of public instruction to implement a
28 pilot program for proposal No. five: Develop a SCAP enhancement
29 program, as contained in the SCAP revision planning study published
30 on the "Reports to the Legislature" page of the Washington state
31 legislature's website, dated November 18, 2025, subject to the
32 requirements of this section.

33 (2) The office must award the following SCAP enhancement pilot
34 program grants under this section to the following school districts:

- 35 (a) \$1,429,000 to the Garfield school district for the Garfield ES/MS
36 project; (b) \$1,507,000 to the Wellpinit school district for the
37 Wellpinit elementary school project; and (c) \$850,000 to the

1 Wahkiakum school district for the Julius A. Wendt elementary school
2 project.

3 (3) The office of the superintendent of public instruction shall
4 inform school districts awarded a pilot program grant under this
5 section that the legislature intends, in future biennia, that grant
6 awards for the remaining project costs pursuant to this section will
7 be determined according to the following parameters:

8 (a) The school district property tax rate increment associated
9 with the project will be not less than \$1.35 per \$1,000 of assessed
10 property value and the state share of project costs will be
11 calculated based on the remaining project costs not covered by this
12 tax rate; and

13 (b) The school district property tax rate threshold under (a) of
14 this subsection, will be calculated based on the estimated annualized
15 debt service costs for general obligation bonds issued with an
16 average maturity of no less than 20 years and on the interest rate
17 for state of Washington general obligation bonds issued most closely
18 to the date of the pilot program grant award pursuant to this
19 section.

20 (c) The projects funded pursuant to this section must not exceed
21 110 percent of the statewide average cost per square foot for new
22 construction or modernization, as applicable, and must be reviewed
23 for compliance with this standard by the office of the superintendent
24 of public instruction's technical advisory committee.

25 (4) The office of the superintendent of public instruction shall
26 request design and construction funding for the school districts'
27 projects listed in this section as part of the office's request for
28 omnibus capital appropriations in the 2027-2029 fiscal biennium. In
29 this request, the office must provide calculations for the state and
30 school district cost shares that demonstrate compliance with the
31 legislative intent stated in subsection (3) of this section and
32 information regarding project scope and budget.

33 (5) The legislature intends that the pilot program grants in this
34 section will enable the identified districts to develop school
35 construction projects that will be financially supported by the
36 districts and the state. The legislature further intends to fund only
37 the three projects, as described in this section, on a pilot basis.
38 It is the intent of the legislature to address the school
39 construction fiscal policy issues in this section through future
40 legislation.

4 follows:

5 **FOR THE DEPARTMENT OF COMMERCE**

6 2025-27 Energy Retrofits for Public Buildings Grants (40000670)

7 The appropriations in this section are subject to the following
8 conditions and limitations:

9 (1) (~~(\$10,000,000)~~) \$11,000,000 of the (~~(climate commitment~~
10 ~~account state appropriation and \$1,000,000 of the state building~~
11 ~~construction account state)) appropriation in this section is
12 provided solely for grants to local governments, public higher
13 education institutions, school districts, tribal governments, and
14 state agencies for facility improvements and related projects that
15 result in energy and operational cost savings.~~

16 (a) At least 20 percent of each competitive grant round is
17 designated for awards to eligible projects in small cities or towns
18 with a population of 5,000 or fewer residents.

19 (b) In each competitive round, a higher energy savings to
20 investment ratio must result in a higher project ranking. Priority
21 consideration must be given to applicants that have not received
22 grant awards for this purpose in prior biennia.

23 (c) The department must determine a minimum match ratio to
24 maximize the leverage of nonstate funds.

25 (2) \$5,000,000 of the (~~(state building construction account~~
26 ~~state)) appropriation in this section is provided solely for energy
27 efficiency and environmental performance improvements to minor works,
28 stand-alone, and emergency projects at facilities owned by state
29 agencies that repair or replace existing building systems and reduce
30 greenhouse gas emissions from state operations, including, but not
31 limited to, HVAC, lighting, insulation, windows, and other mechanical
32 systems. Eligibility for this funding is dependent on an analysis
33 using the office of financial management's life-cycle cost tool that
34 compares project design alternatives for initial and long-term cost-
35 effectiveness. Assuming a reasonable return on investment, the
36 department shall provide grants in the amount required to improve the
37 project's energy efficiency compared to the original project request.~~

1 (3) The department shall develop metrics that indicate the
2 performance of energy efficiency efforts.

3 (4) If a grant is provided in subsection (1) or (2) of this
4 section to purchase heating devices or systems, the agency must,
5 whenever possible and most cost effective, select devices and systems
6 that do not use fossil fuels.

7 (5) Grants provided in subsections (1) and (2) of this section to
8 state agencies are exempt from the match requirements in this
9 section.

10 (6) \$4,000,000 of the (~~state building construction account~~
11 ~~state~~) appropriation in this section is provided solely for the
12 Seattle Central College EcoDistrict project.

13 (7) The (~~state building construction account~~
14 ~~state~~) appropriation in this section is subject to the provisions of section
15 8018 of this act.

16 Appropriation:

17	Climate Commitment Account—State.	((\$10,000,000))
18		<u>\$20,000,000</u>
19	(State Building Construction Account

23	Future Biennia (Projected Costs).	\$80,000,000
24	TOTAL.	\$100,000,000

25 **Sec. 7002.** 2025 c 414 s 1022 (uncodified) is amended to read as
26 follows:

27 **FOR THE DEPARTMENT OF COMMERCE**

28 2025-27 Clean Energy Fund Program (40000679)

29 The appropriation in this section is subject to the following
30 conditions and limitations:

31 (1) \$26,000,000 of the (~~state building construction account~~
32 ~~state~~) appropriation in this section is provided solely for
33 competitive grants to eligible entities for predevelopment, design,
34 and construction of projects that provide a public benefit through
35 research, development, demonstration, or deployment of clean energy
36 technologies that save energy and reduce energy costs, reduce harmful
37 air emissions, or increase energy independence for the state.

1 Priority must be given to projects that benefit vulnerable
2 populations and overburdened communities, including tribes.

3 (2) Entities eligible for grant funding under this section
4 include local governments, federally recognized tribal governments
5 and tribes' contracted service providers, public and private
6 utilities that serve retail customers in the state, for-profit
7 entities, research institutions, nonprofit organizations, and state
8 agencies.

9 (3) To be eligible, a project must be consistent with the state
10 energy strategy adopted under chapter 43.21F RCW and policies under
11 chapter 19.405 RCW. To the extent practicable, the department must
12 prioritize projects that build upon Washington's strengths in
13 aerospace, maritime, information and communications technology, grid
14 modernization, advanced materials, and decarbonizing the built
15 environment.

16 (4) The department must invite stakeholders to participate in the
17 design and implementation of grant programs funded under this
18 section. The department must consider equity and environmental
19 justice when developing the program structure and opportunities for
20 applicant participation.

21 (5) When soliciting and evaluating proposals, awarding contracts,
22 and monitoring projects under this section, the department must:

23 (a) Ensure that competitive processes, rather than sole source
24 contracting processes, are used to select all projects;

25 (b) Ensure that a public benefit results from the use of public
26 funds through due diligence and monitoring of contracted projects,
27 including ensuring compliance with all applicable laws related to the
28 project selection process, project monitoring, and contracting; and

29 (c) Prioritize projects for funding that leverage the greatest
30 amount of matching funds, such as local levy funding.

31 (6)(a) The department must require project applicants to:

32 (i) Disclose all sources of public funding invested in a project;
33 and

34 (ii) Identify by name any former or current state of Washington
35 employees employed by the applicant or its governing body in the 24
36 months preceding the application submittal. The identification must
37 include the person's separation date and job title or position held.
38 If the department determines that a conflict of interest or other
39 violation of chapter 42.52 RCW exists, the application must be
40 disqualified from further consideration.

1 (b) If, after a grant has been awarded, the department finds that
2 a grantee has violated chapter 42.52 RCW, either in procuring or
3 performing under the grant, the department in its sole discretion may
4 terminate the grant funding by written notice. If the grant is
5 terminated, the department must reserve its right to pursue all
6 available remedies under law to address the violation.

7 (7) The department must specify the requirements in subsections
8 (5) and (6) of this section in funding contracts entered into by the
9 department under this section.

10 (8) \$5,000,000 of the (~~state building construction account~~
11 ~~state~~) appropriation in this section is provided solely for grants
12 to tribes for clean energy development projects. Eligible uses of
13 grant funding include planning, predesign, design, construction,
14 project predevelopment, and deployment of clean energy projects that
15 contribute to achieving the state's greenhouse gas emissions
16 reduction goals and related policies. The department must collaborate
17 with tribes in the design and development of this grant program.

18 (9) \$4,000,000 of the climate commitment account—state
19 appropriation in this section is provided solely for the Pacific
20 Northwest national laboratory test bed. The appropriation in this
21 subsection is contingent upon the receipt of federal funding in
22 sufficient amounts to complete the project.

23 (10) The (~~state building construction account state~~)
24 appropriation in this section is subject to the provisions of section
25 8018 of this act.

38 2025-27 Solar and Energy Storage Grants (40000682)

1 The appropriations in this section are subject to the following
2 conditions and limitations:

3 (1) (~~(\$15,000,000)~~) \$20,000,000 of the (~~(climate commitment~~
4 ~~account state appropriation and \$5,000,000 of the state building~~
5 ~~construction account state)) appropriation in this section ((are)) is
6 provided for grants to increase the deployment of distributed solar
7 and battery energy storage systems to enhance grid resilience,
8 provide backup power for critical needs, and reduce energy costs.
9 Projects may be solar energy systems, battery energy storage, or
10 solar paired with battery energy storage. Funding may also be used to
11 enable electric utility demand response programs that include
12 customer-sited solar and battery energy storage systems. Eligible
13 uses of the amounts provided in this section include, but are not
14 limited to, planning and predevelopment work with communities.~~

15 (2) Entities eligible for grant funding under this section
16 include public higher education institutions, school districts,
17 tribal governments and tribal entities, state and local governments,
18 nonprofit organizations, and entities participating in federally
19 funded solar programs administered by the department.

20 (3) (a) For energy storage projects, the department must
21 prioritize facilities that serve community members during power
22 outages or provide critical infrastructure; and

23 (b) Are grid-connected.

24 (4) The department may:

25 (a) Provide information to applicants about available clean
26 energy tax credits and incentives, including elective pay, that may
27 be applicable to the project for which state funding is being sought;

28 (b) Inquire, as part of the application, which tax credits and
29 incentives the applicant plans to seek for the project;

30 (c) Prioritize projects seeking any applicable clean energy tax
31 credits and incentives when developing and applying competitive
32 criteria for selecting recipients under this section; and

33 (d) Consider the availability of any federal tax credits or other
34 federal or nonfederal grants or incentives that the applicant may
35 benefit from in review of the application.

36 (5) Funding awards made under this section may not exceed 100
37 percent of the cost of the project.

1 (6) \$650,000 of the (~~state building construction account~~)
2 appropriation in this section is provided solely for the Northshore
3 Senior Center Battery Storage project.

14 **FOR THE DEPARTMENT OF ECOLOGY**

15 2025-27 Chehalis Basin Strategy (40000724)

16 The appropriation(~~s~~) in this section (~~are~~) is subject to the
17 following conditions and limitations:

18 (1) (~~(\$67,779,000)~~) \$69,779,000 of the (~~state—building~~
19 ~~construction account—state~~ and ~~\$2,000,000~~ of the ~~natural climate~~
20 ~~solutions account—state~~) appropriation in this section (~~are~~) is
21 provided solely for Chehalis Basin board-approved projects:

22 (a) To protect and restore aquatic species habitat, including:
23 Construction and property acquisition; preconstruction and
24 acquisition planning and project development, feasibility, design,
25 environmental review, and permitting; postconstruction and
26 acquisition monitoring and adaptive management; and engagement of
27 state agencies, tribes, conservation partners, landowners, and other
28 parties;

29 (b) To reduce flood damage, including: Construction and property
30 acquisition; preconstruction and acquisition project planning and
31 development, feasibility, design, environmental review, and
32 permitting; completion of environmental review and endangered species
33 act consultation on the proposed flood protection facility;
34 refinement and evaluation of the local action non-dam alternative;
35 and engagement of state agencies, tribes, project sponsors,
36 landowners, and other parties; and

1 (c) That advance both the habitat restoration and the flood
2 damage reduction goals of the Chehalis Basin strategy using a
3 multibenefit approach, including: Community outreach and education;
4 construction and property acquisition; preconstruction and
5 acquisition planning and project development, feasibility, design,
6 environmental review, and permitting; postconstruction and
7 acquisition monitoring and adaptive management; and engagement of
8 federal, state, and local agencies, tribes, conservation partners,
9 landowners, and other parties.

10 (2) \$5,250,000 of the (~~state building construction account~~
11 ~~state~~) appropriation in this section is provided solely for the
12 staffing and operations of the office of Chehalis Basin and Chehalis
13 Basin board to oversee the development, implementation, and amendment
14 of the Chehalis Basin strategy, and this is the maximum amount the
15 board may expend for this purpose. Oversight operations include, but
16 are not limited to: Providing financial accountability, project
17 management, technical assistance of grants and contracts associated
18 with the subprojects funded through this section, and board meeting
19 administration and facilitation.

20 (3) Specific projects must be approved by at least six of the
21 seven voting members of the Chehalis Basin board. The Chehalis Basin
22 board has the discretion to allocate the funding between subsections
23 (1)(a), (b), and (c) of this section as needed to meet the objectives
24 of this appropriation and if approved by at least six of the seven
25 voting members of the board. However, \$5,250,000 is the maximum
26 amount the department may expend for the purposes of subsection (2)
27 of this section.

28 (4) The (~~state building construction account state~~)
29 appropriation in this section is subject to the provisions of section
30 8018 of this act.

3 (1) The appropriation is provided solely for technical assistance
4 and grants to conservation districts for the purpose of implementing
5 water conservation measures and irrigation efficiencies. The state
6 conservation commission shall give preference to projects prioritized
7 locally or regionally through a planning process that includes public
8 and partner input addressing water resource concerns.

9 (2) Conservation districts statewide are eligible for grants
10 listed in subsection (1) of this section. A conservation district
11 receiving funds shall manage each grant to ensure that a portion of
12 the water saved by the water conservation measure or irrigation
13 efficiency will be available for other instream and out-of-stream
14 uses and users. The proportion of saved water made available for
15 other uses and users must be equal to the percentage of the public
16 investment in the conservation measure or irrigation efficiency.

28 **FOR THE CONSERVATION COMMISSION**

29 2025-2027 Voluntary Riparian Grant Program (40000049)

30 The appropriation(~~s~~) in this section (~~are~~) is subject to the
31 following conditions and limitations:

32 (1) The appropriation(~~s~~) in this section (~~are~~) is provided
33 solely for the state conservation commission to provide grants for
34 riparian restoration projects with landowners.

35 (2)(a) Within funds appropriated in this section, the commission
36 shall develop and implement the voluntary riparian grant program to
37 fund protection and restoration of critical riparian management

1 zones. The commission is responsible for developing the voluntary
2 grant program criteria to achieve optimal restoration of functioning
3 riparian ecosystems in priority critical riparian management zones.

4 (b) In adopting program criteria, the commission shall:

5 (i) Invite federally recognized tribes to be full participants;

6 (ii) Coordinate with private landowners and other interested
7 stakeholders;

8 (iii) Coordinate with the department of ecology, the department
9 of fish and wildlife, conservation districts, and the department of
10 agriculture; and

11 (iv) Consider the best available, locally applicable science that
12 is specific to each region of the state where the program criteria
13 will be applied.

14 (3) The commission shall prioritize critical riparian management
15 zones at the watershed or subbasin scale where grant funding under
16 the program would be primarily targeted. The prioritization must be
17 informed by, consistent with, and aligned with one or more of the
18 following: Watershed plans developed pursuant to chapter 90.82 RCW;
19 the action agenda developed under RCW 90.71.260; regional recovery
20 plans created under RCW 77.85.090; the habitat project lists
21 developed pursuant to RCW 77.85.050; the prioritization process
22 developed under RCW 77.95.160; and priority projects identified for
23 salmon recovery through agency grant programs.

24 (4) Conditions for awarding funding for projects under this
25 program include, but are not limited to:

26 (a) Consistency with the program criteria established under
27 subsection (2) of this section;

28 (b) Tiered incentive rates tied to improving functionality for
29 riparian areas; and

30 (c) Other requirements as determined by the commission.

31 (5) The commission must distribute riparian grant program funding
32 equitably throughout the state, consistent with received grant
33 applications and benefit to salmon habitat. The legislature intends
34 for funding to be primarily for projects located in salmon recovery
35 regions, as defined in RCW 77.85.010, but funding may also be
36 distributed to a project not located in a salmon recovery region upon
37 a determination by the commission that the project will provide a
38 unique benefit to salmon habitat.

39 (6) Allowable expenses to a grantee receiving funds under this
40 section include, but are not limited to, labor, equipment, fencing,

1 mulch, seed, seedling trees, manual weed control, and yearly
2 maintenance costs for up to 10 years.

3 (7) Any native woody trees and shrubs planted with funding
4 provided under this section must be maintained for a minimum of five
5 years or as otherwise set by the commission for each grantee.
6 Vegetation must be chosen to prevent invasive weed populations and
7 ensure survival and successful establishment of plantings.

8 (8) The commission shall determine appropriate recordkeeping and
9 data collection procedures required for program implementation and
10 shall establish a data management system that allows for coordination
11 between the commission and other state agencies. Any data collected
12 or shared under this section may be used only to assess the success
13 of the riparian grant program in improving the functions of critical
14 riparian habitat.

15 (9) The commission shall develop and implement a framework that
16 includes monitoring, adaptive management, and metrics in order to
17 ensure consistency with the requirements of the riparian grant
18 program. The monitoring and adaptive management framework may
19 include, but is not limited to, consideration of:

20 (a) Acres identified as eligible for restoration within a
21 watershed;

22 (b) Acres planned to be restored;

23 (c) Acres actually planted and maintained;

24 (d) Success in targeting and achieving aggregated project
25 implementation resulting in an increase in linear miles restored;

26 (e) Plan review criteria; and

27 (f) Other similar factors as identified by the commission.

28 (10) The commission may use up to two percent of any amounts
29 appropriated in this section for targeted outreach activities that
30 focus on critically identified geographic locations for listed salmon
31 species.

32 (11) The commission may use up to four percent of amounts
33 appropriated in this section for administrative expenses.

34 (12) For the purposes of this section, "critical riparian
35 management zone" means the area adjacent to freshwaters, wetlands,
36 and marine waters that has been locally or regionally identified as
37 an area where salmon recovery efforts would significantly benefit
38 from enhanced protection or restoration.

1 (13) The (~~state building construction account state~~)
2 appropriation in this section is subject to the provisions of section
3 8018 of this act.

20 2025-27 Classroom Indoor Air Quality Projects (40000144)

21 The appropriations in this section are subject to the following
22 conditions and limitations:

23 (1) (a) ~~((5,568,000))~~ \$6,439,000 of the climate commitment
24 account—state appropriation and ~~((2,273,000))~~ \$1,402,000 of the
25 state building construction account—state appropriation in this
26 section are provided solely for grants to school districts with
27 enrollments exceeding 3,000 students for indoor air quality
28 assessment, installation, repair, or replacement of HVAC, air
29 filtration enhancements, and general air quality improvements that
30 improve student health and safety.

31 (b) Grantees under this subsection (1) may: (i) Seek technical
32 assistance from state-funded entities, such as the office of the
33 superintendent of public instruction, the department of commerce, and
34 the department of health; (ii) seek technical assistance from other
35 entities, such as local health jurisdiction school safety programs
36 and the smart buildings center's K-12 ventilation and indoor air

1 quality resource team; and (iii) use funding awarded to seek guidance
2 and technical assistance from commercial entities that have
3 specialized knowledge of troubleshooting modern HVAC or smart
4 building systems.

5 (c) Subject to subsection (3) of this section and if applications
6 for assessment grants under this subsection exceed available funding,
7 the office of the superintendent of public instruction must first
8 prioritize grants for school districts: (i) Without existing HVAC
9 systems; (ii) that have documented proof of indoor air quality
10 performance that does not meet current state energy code; (iii) with
11 outdated or underperforming HVAC systems; and (iv) that have the most
12 limited financial capacity. Assessments funded under this subsection
13 (1)(c) must include professional cost estimates for mitigating the
14 indoor air quality deficiencies identified.

15 (2) (a) \$6,932,000 of the climate commitment account—state
16 appropriation and \$2,727,000 of the state building construction
17 account—state appropriation in this section are provided solely for
18 grants to school districts with enrollments that are less than or
19 equal to 3,000 students for assessment, installation, repair, or
20 replacement of HVAC, air filtration enhancements, and general air
21 quality improvements that improve student health and safety.

22 (b) Grantees under this subsection may: (i) Seek technical
23 assistance from state funded entities, such as the office of the
24 superintendent of public instruction, the department of commerce, and
25 the department of health; (ii) seek technical assistance from other
26 entities, such as local health jurisdiction school safety programs
27 and the smart buildings center's K-12 ventilation and indoor air
28 quality resource team; and (iii) use funding awarded to seek guidance
29 and technical assistance from commercial entities that have
30 specialized knowledge of troubleshooting modern HVAC or smart
31 building systems.

32 (c) Subject to subsection (3) of this section and if applications
33 grants under this subsection exceed available funding, the office of
34 the superintendent of public instruction must first prioritize grants
35 for school districts: (i) Without existing HVAC systems; (ii) that
36 have documented proof of indoor air quality performance that does not
37 meet current state energy code; (iii) with outdated or
38 underperforming HVAC systems; and (iv) that have the most limited
39 financial capacity.

1 (3) The office of the superintendent of public instruction must
 2 first allocate, to the maximum extent feasible, the funding
 3 appropriated under this section to grants prioritized under
 4 subsections (1) and (2) of this section. However, as necessary to
 5 award grants using the climate commitment account—state appropriation
 6 in this section, the superintendent of public instruction may also
 7 prioritize grants under this section that will improve compliance
 8 with the state's energy-related building standards in chapter 19.27A
 9 RCW by reducing energy use intensity.

10 (4) The state building construction account—state appropriation
 11 in this section is subject to the provisions of section 8018 of this
 12 act.

13 Appropriation:

14	State Building Construction Account—State.	(\$ 5,000,000)
15		<u>\$4,129,000</u>
16	Climate Commitment Account—State.	(\$ 12,500,000)
17		<u>\$13,371,000</u>
18	Subtotal Appropriation.	\$17,500,000
19	Prior Biennia (Expenditures).	\$0
20	Future Biennia (Projected Costs).	\$70,000,000
21	TOTAL.	\$87,500,000

PART 8

MISCELLANEOUS PROVISIONS

1
2
3 **Sec. 8001.** 2025 c 414 s 8001 (uncodified) is amended to read as
4 follows:

5 RCW 43.88.031 requires the disclosure of the estimated debt
6 service costs associated with new capital bond appropriations. The
7 estimated debt service costs for the appropriations contained in this
8 act are (~~(\$73,258,483)~~) \$21,032,107 for the 2025-2027 biennium,
9 (~~(\$410,061,655)~~) \$402,516,180 for the 2027-2029 biennium, and
10 (~~(\$631,176,449)~~) \$712,192,926 for the 2029-2031 biennium.

11 **Sec. 8002.** 2025 c 414 s 8002 (uncodified) is amended to read as
12 follows:

13 (1) The following agencies may enter into financial contracts,
14 paid from any funds of an agency, appropriated or nonappropriated,
15 for the purposes indicated and in not more than the principal amounts
16 indicated, plus financing expenses and required reserves pursuant to
17 chapter 39.94 RCW. When securing properties under this section,
18 agencies shall use the most economical financial contract option
19 available, including long-term leases, lease-purchase agreements,
20 lease-development with option to purchase agreements or financial
21 contracts using certificates of participation. Expenditures made by
22 an agency for one of the indicated purposes before the issue date of
23 the authorized financial contract and any certificates of
24 participation therein are intended to be reimbursed from proceeds of
25 the financial contract and any certificates of participation therein
26 to the extent provided in the agency's financing plan approved by the
27 state finance committee.

28 (2) Those noninstructional facilities of higher education
29 institutions authorized in this section to enter into financial
30 contracts are not eligible for state funded maintenance and
31 operations. Instructional space that is available for regularly
32 scheduled classes for academic transfer, basic skills, and workforce
33 training programs may be eligible for state funded maintenance and
34 operations.

35 (3) Western Washington University: Enter into a financing
36 contract for up to \$3,000,000 plus financing expenses, required
37 reserves, and capitalized interest pursuant to chapter 39.94 RCW to
38 construct a parking lot replacement.

1 (4) Community and technical colleges:

2 (a) Enter into a financing contract on behalf of Columbia Basin
3 College for up to \$18,000,000 plus financing expenses, required
4 reserves, and capitalized interest pursuant to chapter 39.94 RCW to
5 construct student housing.

6 (b) Enter into a financing contract on behalf of Edmonds College
7 for up to \$9,000,000 plus financing expenses, required reserves, and
8 capitalized interest pursuant to chapter 39.94 RCW to acquire student
9 housing.

10 (c) Enter into a financing contract on behalf of Clover Park
11 Technical College for up to \$15,000,000 plus financing expenses,
12 required reserves, and capitalized interest pursuant to chapter 39.94
13 RCW to acquire and renovate an eastside training facility.

14 (d) Enter into a financing contract on behalf of Renton Technical
15 College for up to \$8,000,000 plus financing expenses, required
16 reserves, and capitalized interest pursuant to chapter 39.94 RCW to
17 continue renovations in Building J.

18 (e) Enter into a financing contract on behalf of South Puget
19 Sound Community College for up to \$5,000,000 plus financing expenses,
20 required reserves, and capitalized interest pursuant to chapter 39.94
21 RCW to construct an athletic field and related support amenities.

22 (f) Enter into a financing contract on behalf of Lower Columbia
23 College for up to \$3,000,000 plus financing expenses, required
24 reserves, and capitalized interest pursuant to chapter 39.94 RCW to
25 make necessary targeted improvements to field lighting, grandstands,
26 and support facilities at the David Story field.

27 (g) Enter into a financing contract on behalf of Spokane
28 Community College for up to \$15,000,000 plus financing expenses,
29 required reserves, and capitalized interest pursuant to chapter 39.94
30 RCW to renovate the east wing of the main building.

31 **Sec. 8003.** 2025 c 414 s 8003 (uncodified) is amended to read as
32 follows:

33 (1) To ensure that major construction projects are carried out in
34 accordance with legislative and executive intent, agencies must
35 complete a predesign for state construction projects with a total
36 anticipated cost in excess of (~~(\$10,000,000)~~) \$15,000,000. For
37 purposes of this section, "total anticipated cost" means the sum of
38 the anticipated cost of the predesign, design, and construction
39 phases of the project.

1 (2) Appropriations for design may not be expended or encumbered
2 until the office of financial management has reviewed and approved
3 the agency's predesign.

4 (3) The predesign must explore at least three project
5 alternatives. These alternatives must be both distinctly different
6 and viable solutions to the issue being addressed. The chosen
7 alternative should be the most reasonable and cost-effective
8 solution. The predesign document must include, but not be limited to,
9 program, site, and cost analysis, and an analysis of the life-cycle
10 costs of the alternatives explored, in accordance with the predesign
11 manual adopted by the office of financial management.

12 (4) For projects exceeding the (~~(\$10,000,000)~~) \$15,000,000
13 predesign threshold established in this section, the office of
14 financial management may make an exception to some or all of the
15 predesign requirements in this section. The office of financial
16 management shall report any exception to the fiscal committees of the
17 legislature:

18 (a) A description of the major capital project for which the
19 predesign waiver is made;

20 (b) An explanation of the reason for the waiver; and

21 (c) A rough order of magnitude cost estimate for the project's
22 design and construction.

23 (5) In deliberations related to submitting an exception under
24 this section, the office of financial management shall consider the
25 following factors:

26 (a) Whether there is any determination to be made regarding the
27 site of the project;

28 (b) Whether there is any determination to be made regarding
29 whether the project will involve renovation, new construction, or
30 both;

31 (c) Whether, within six years of submitting the request for
32 funding, the agency has completed, or initiated the construction of,
33 a substantially similar project;

34 (d) Whether there is any anticipated change to the project's
35 program or the services to be delivered at the facility;

36 (e) Whether the requesting agency indicates that the project may
37 not require some or all of the predesign requirements in this section
38 due to a lack of complexity; and

1 (f) Whether any other factors related to project complexity or
2 risk, as determined by the office of financial management, could
3 reduce the need for, or scope of, a predesign.

4 (6) If under this section, some or all predesign requirements are
5 waived, the office of financial management may instead propose a
6 professional project cost estimate instead of a request for predesign
7 funding.

8 **Sec. 8004.** 2025 c 414 s 8004 (uncodified) is amended to read as
9 follows:

10 (1) The legislature finds that use of life-cycle cost analysis
11 will aid public entities, architects, engineers, and contractors in
12 making design and construction decisions that positively impact both
13 the initial construction cost and the ongoing operating and
14 maintenance cost of a project. To ensure that the total cost of a
15 project is accounted for and the most reasonable and cost efficient
16 design is used, agencies shall develop life-cycle costs for any
17 construction project over \$10,000,000. The life-cycle costs must
18 represent the present value sum of capital costs, installation costs,
19 operating costs, and maintenance costs over the life expectancy of
20 the project. The legislature further finds the most effective
21 approach to the life-cycle cost analysis is to integrate it into the
22 early part of the design process.

23 (2) Agencies must develop a minimum of three project alternatives
24 for use in the life-cycle cost analysis. These alternatives must be
25 both distinctly different and viable solutions to the issue being
26 addressed. Agencies must choose the most reasonable and cost-
27 effective solution, as supported by the life-cycle cost analysis. A
28 brief description of each project alternative and why it was chosen
29 must be included in the life-cycle cost analysis section of the
30 predesign.

31 (3) (~~The office of financial management~~) The department of
32 commerce shall: (a) Make available a life-cycle cost model to be used
33 for analysis; (b) in consultation with the department of enterprise
34 services, provide assistance in using the life-cycle cost model; and
35 (c) update the life-cycle cost model annually including assumptions
36 for inflation rates, discount rates, and energy rates.

37 (4) Agencies shall consider architectural and engineering firms'
38 and general contractors' experience using life-cycle costs, operating
39 costs, and energy efficiency measures when selecting an architectural

1 and engineering firm, or when selecting contractors using alternative
2 contracting methods.

3 **Sec. 8005.** 2025 c 414 s 8016 (uncodified) is amended to read as
4 follows:

5 (1) For the 2025-2027 fiscal biennium, unless otherwise specified
6 for a single purpose in this act or chapter 414, Laws of 2025,
7 agencies are appropriated one lump sum for minor works projects. It
8 is the intent of the legislature that appropriated funds be spent in
9 the biennium for which they are appropriated.

10 (2) Minor works projects may not exceed \$4,000,000 for
11 institutions of higher education and \$2,000,000 for all other
12 agencies. Administrative fees may not exceed four percent for each
13 project.

14 (3) Except as provided by the legislature, agencies are
15 encouraged to prioritize minor works projects based on:

- 16 (a) Health and safety of employees or clients served;
- 17 (b) The amount of use of a given facility or system;
- 18 (c) The avoidance of future increased costs of repair or
19 maintenance; and
- 20 (d) The avoidance of increased operating costs.

21 (4) Minor works appropriations may not be used for:

22 (a) Projects that are a phase of a larger project, and that if
23 combined over a continuous period of time, would exceed the amounts
24 provided in subsection (2) of this section;

25 (b) Studies, planning, or design, except for technical or
26 engineering reviews or designs that lead directly to and support a
27 minor works project;

28 (c) Movable, temporary, and traditionally funded operating
29 equipment not in compliance with the equipment criteria established
30 by the office of financial management, including rolling stock and
31 computers;

32 (d) Software not dedicated to control of a specialized system;

33 (e) Moving expenses;

34 (f) Land or facility acquisition; or

35 (g) Funding for projects with funding shortfalls unless expressly
36 authorized by the office of financial management for exigent
37 circumstances with notice to the legislative fiscal committees.

38 (5) If a minor works appropriation does not specify it is to be
39 used for preservation or program improvements, up to 25 percent of

1 the appropriation may be used for program improvements. Improvements
2 for accessibility in compliance with the Americans with disabilities
3 act qualify as preservation improvements.

4 (6) Agencies must use reappropriations before newly appropriated
5 amounts without regard to lists or projects that were submitted at
6 the time the funds were appropriated.

7 (7) No later than (~~December 15th~~) October 1st of each even
8 numbered year, agencies must submit to the governor, house capital
9 budget committee, and senate ways and means committee, a list of
10 minor works projects completed or in progress for the current
11 biennium including: Project status, project cost, amount expended,
12 and amount encumbered for projects not yet complete.

13 (8) Requests for minor works appropriations for (~~the next~~
14 ~~biennium~~) the 2027-2029 fiscal biennium and future biennia must take
15 into account minor works amounts to be reappropriated and the amount
16 of minor works projects that can reasonably be completed in the next
17 biennium.

18 **Sec. 8006.** 2025 c 414 s 8018 (uncodified) is amended to read as
19 follows:

20 (1) The legislature intends that appropriations for grant
21 programs and community projects be spent in a timely manner in order
22 to accomplish the goal for which they were appropriated. In
23 furtherance of this goal, the legislature does not intend to
24 reappropriate moneys for projects for which a contract has not been
25 executed within four years from the date of appropriation or for
26 which appropriations have not been spent within six years of
27 appropriation;

28 (a) For grant programs and community projects appropriated from
29 the state building construction account; or

30 (b) For other programs for which this act specifies the
31 appropriation is subject to the provisions of this section.

32 (2) Nothing in this section operates as a guarantee of
33 reappropriation.

34 NEW SECTION. **Sec. 8007.** A new section is added to 2025 c 414
35 (uncodified) to read as follows:

36 The legislature finds that local and community projects, as well
37 as other direct appropriations, are a vital means of responding
38 directly to pressing and emergent community needs across the state.

1 Therefore, it is the intent of the legislature to provide the
2 department of commerce with direction regarding the implementation of
3 these projects, including changes to their scope and location, so as
4 to facilitate their timely completion and in a manner that is
5 consistent with legislative intent. Capital grants that are
6 appropriated on a line item basis and administered by the department
7 of commerce must meet the conditions in this section.

8 (1) Grants may be used to pay for the following construction-
9 related expenses:

- 10 (a) Design, architectural, and engineering work;
- 11 (b) Building permits and fees;
- 12 (c) Archaeological and historical review;
- 13 (d) Construction labor and materials;
- 14 (e) Demolition and site preparation;
- 15 (f) Capitalized equipment;
- 16 (g) Information technology infrastructure (cables and wiring);
- 17 (h) Construction management from external sources only;
- 18 (i) Initial furnishings;
- 19 (j) Landscaping; and
- 20 (k) Real property when purchased specifically for the project,
21 and associated costs.

22 (2) Grants may not be used for the following purposes:

- 23 (a) Internal administrative activities;
- 24 (b) Mortgage or loan payments;
- 25 (c) Labor or project/construction management from internal
26 sources;
- 27 (d) Fundraising activities;
- 28 (e) Feasibility studies;
- 29 (f) Computers or office equipment;
- 30 (g) Rolling stock (such as vehicles);
- 31 (h) Lease payments for rental of equipment or facilities;
- 32 (i) Any maintenance or operating costs;
- 33 (j) Property leases (including long-term);
- 34 (k) The moving of equipment, furniture, etc., between facilities;
35 and
- 36 (l) Any in-kind labor.

37 (3) The department may not expend appropriations unless and until
38 the nonstate share of project costs have been either expended or
39 firmly committed, or both, in an amount sufficient to complete the
40 project or a distinct phase of the project that is useable to the

1 public for the purpose intended by the legislature. This requirement
2 does not apply to projects where a share of the appropriation is for
3 design costs only.

4 (4) Before receiving funds, the grantee must demonstrate the
5 project site is or will be under control for a minimum of 10 years,
6 either through ownership or a long-term lease. This requirement does
7 not apply to appropriations for preconstruction activities.

8 (5) Projects may be required to comply with Washington's high
9 performance building standards under chapter 39.35D RCW.

10 (6) Project funds are available on a reimbursement basis only and
11 may not be advanced under any circumstances.

12 (7) The department shall include provisions that require capital
13 improvements be held by the grantee for a specified period of time
14 appropriate to the amount of the grant and that facilities be used
15 for the express purpose of the grant. If the grantee is found to be
16 out of compliance with provisions of the contract, the grantee shall
17 repay to the state general fund the principal amount of the grant
18 plus interest calculated at the rate of interest on state of
19 Washington general obligation bonds issued most closely to the date
20 of authorization of the grant.

21 (8) Projects, including those that are owned and operated by
22 nonprofit organizations, are generally required to pay state
23 prevailing wages.

24 (9) The department must comply with the requirements set forth in
25 executive order 21-02 and must consult with the department of
26 archaeology and historic preservation and affected tribes on the
27 potential effects of these projects on cultural resources and
28 historic properties. Consultation with the department of archaeology
29 and historic preservation and affected tribes must be initiated
30 before project funds are made available.

31 (10) The department may authorize scope changes if:

32 (a) The change request maintains the same scope, purpose, and
33 recipient of the project, but changes the project's location within
34 the same legislative district;

35 (b) The change request is due to the project receiving funding at
36 a lower level than requested and the grantee is requesting to use the
37 appropriated amount for one or more, but fewer than all, of the
38 project's components as outlined in the member request form;

1 (c) The change request is to move funding between the project's
2 listed components, but the requested change will still meet the
3 overall project goals, as determined by the department of commerce;

4 (d) The change request is due to the project experiencing higher
5 than estimated bids and the grantee is requesting to use the funding
6 for one or more, but fewer than all, of the project's listed
7 components; or

8 (e) The change request would result in a different entity
9 administering the appropriated funding, if the new entity has the
10 capacity to administer the funding and there is a documented
11 agreement between the grantee and the new entity.

12 (11) The following scope changes may not be authorized and must
13 be submitted for legislative approval in a subsequent capital
14 appropriations bill:

15 (a) A change that would move the project location outside the
16 intended legislative district.

17 (b) A change that does not meet the criteria set forth in
18 subsection (1) of this section.

19 (c) A change that would replace the originally funded project
20 with an unrelated project that does not advance the original purpose.

21 (12) If it becomes apparent that the department is unable to
22 enter into a contract for a project as originally intended due to a
23 change request that falls under subsection (11) of this section, the
24 department must submit a list of those projects to the legislature
25 and the office of financial management by November 1st of each fiscal
26 year following the determination, including the following
27 information:

28 (a) The project title and grantee;

29 (b) The act and section under which the project was appropriated;

30 (c) The legislative district of the project;

31 (d) A summary of the original project; and

32 (e) A summary of the change request.

33 (13) In the event of a conflict between the general provisions
34 set forth in this section and the provisions set forth for a specific
35 program administered by the department, whether such provisions are
36 established in statute or in a budget appropriation, the provisions
37 for the specific program shall control. Any project funded on a line
38 item basis within a program administered by the department must
39 comply with the department's guidelines for that program unless such

1 guidelines conflict with requirements established in statute, in a
2 budget appropriation, or in this section.

3 **Sec. 8008.** 2025 c 414 s 8019 (uncodified) is amended to read as
4 follows:

5 **FOR THE STATE TREASURER—TRANSFERS**

6 (1) Public Works Assistance Account: For transfer to the water
7 pollution control revolving account—state, up to \$20,500,000 for
8 fiscal year 2026 (~~and up to \$20,500,000 for fiscal year 2027. . . .~~
9 ~~\$41,000,000~~)). . . . \$20,500,000

10 (2) Public Works Assistance Account: For transfer to the drinking
11 water assistance account—state, up to (~~(\$12,500,000)~~) \$15,522,000 for
12 fiscal year 2026 and up to (~~(\$12,500,000)~~) \$16,398,000 for fiscal
13 year 2027. . . . (~~(\$25,000,000)~~) \$31,920,000

14 (3) Model Toxics Control Stormwater Account—State: For transfer
15 to the model toxics control capital account—state, up to \$15,000,000
16 for fiscal year 2026 and up to (~~(\$15,000,000)~~) \$15,000,000 for
17 fiscal year 2027. . . . \$30,000,000

18 **Sec. 8009.** 2025 c 414 s 8023 (uncodified) is amended to read as
19 follows:

20 Any agency receiving appropriations in this act from climate
21 commitment act accounts created in RCW 70A.65.240 through 70A.65.280
22 must report to and coordinate with the department of ecology to track
23 expenditures as described in RCW 70A.65.300 and chapter 173-446B WAC.
24 If an expenditure is expected to result in greenhouse gas emission
25 reductions, the agency must use a department of ecology approved
26 calculator tool or methodology.

27 **Sec. 8010.** RCW 43.79.565 and 2022 c 297 s 946 are each amended
28 to read as follows:

29 The capital community assistance account is created in the state
30 treasury. Revenues to the account shall consist of appropriations and
31 transfers by the legislature and all other moneys directed for
32 deposit into the account. Moneys in the account may be spent only
33 after appropriation. Moneys in the account may be used for capital
34 costs to provide community support services, and for infrastructure
35 and other capital expenditures to support the well-being of
36 communities. For the 2025-2027 fiscal biennium, moneys in the account

1 may be used for the capital projects advisory review board to
2 complete a prevailing wage study.

3 **Sec. 8011.** RCW 43.330.483 and 2023 c 380 s 3 are each amended to
4 read as follows:

5 (1) Subject to availability of amounts appropriated for this
6 specific purpose, the low-income home rehabilitation grant program is
7 created within the department.

8 (2) The program must include the following elements:

9 (a) Eligible homeowners must be low-income and live in rural
10 areas.

11 (b) Homeowners who are senior citizens, persons with
12 disabilities, families with children five years old and younger, and
13 veterans must receive priority for grants.

14 (c) The cost of the home rehabilitation must be the lesser of:

15 (i) 80 percent of the assessed or appraised value of the property
16 post rehabilitation, whichever is greater; or

17 (ii) \$50,000.

18 (d) The maximum amount that may be granted under this program may
19 not exceed the cost of the home rehabilitation as provided in (c) of
20 this subsection.

21 (3) The department must adopt rules for implementation of this
22 grant program.

23 (4) Notwithstanding RCW 43.330.480(2) and subsection (2)(a) of
24 this section, for the 2025-2027 fiscal biennium, amounts appropriated
25 for low-income home rehabilitation projects impacted by the weather
26 event described in emergency proclamation 25-07.2 are not limited to
27 homeowners in rural areas.

28 **Sec. 8012.** RCW 77.12.037 and 2025 c 414 s 8037 are each amended
29 to read as follows:

30 The commission may acquire by gift, easement, purchase, lease, or
31 condemnation lands, buildings, water rights, rights-of-way, or other
32 necessary property, and construct and maintain necessary facilities
33 for purposes consistent with this title. The commission may authorize
34 the director to acquire property under this section, but the power of
35 condemnation may only be exercised by the director when an
36 appropriation has been made by the legislature for the acquisition of
37 a specific property, except to clear title and acquire access
38 rights-of-way.

1 The commission may sell, lease, convey, or grant concessions upon
2 real or personal property under the control of the department.

3 During the 2025-2027 fiscal biennium, this section does not apply
4 to the sale of land pursuant to section 3102, chapter 414, Laws of
5 2025 or section 3017 or 3019, chapter . . ., Laws of 2026 (section
6 3017 or 3019 of this act).

7 **Sec. 8013.** RCW 77.12.210 and 2025 c 414 s 8038 are each amended
8 to read as follows:

9 The director shall maintain and manage real or personal property
10 owned, leased, or held by the department and shall control the
11 construction of buildings, structures, and improvements in or on the
12 property. The director may adopt rules for the operation and
13 maintenance of the property.

14 The commission may authorize the director to sell, lease, convey,
15 or grant concessions upon real or personal property under the control
16 of the department. This includes the authority to sell timber,
17 gravel, sand, and other materials or products from real property held
18 by the department, and to sell or lease the department's real or
19 personal property or grant concessions or rights-of-way for roads or
20 utilities in the property. Oil and gas resources owned by the state
21 which lie below lands owned, leased, or held by the department shall
22 be offered for lease by the commissioner of public lands pursuant to
23 chapter 79.14 RCW with the proceeds being deposited in the fish,
24 wildlife, and conservation account created in RCW 77.12.170(3):
25 PROVIDED, That the commissioner of public lands shall condition such
26 leases at the request of the department to protect wildlife and its
27 habitat.

28 If the commission determines that real or personal property held
29 by the department cannot be used advantageously by the department,
30 the director may dispose of that property if it is in the public
31 interest.

32 If the state acquired real property with use limited to specific
33 purposes, the director may negotiate terms for the return of the
34 property to the donor or grantor. Other real property shall be sold
35 to the highest bidder at public auction. After appraisal, notice of
36 the auction shall be published at least once a week for two
37 successive weeks in a newspaper of general circulation within the
38 county where the property is located at least 20 days prior to sale.

1 Proceeds from the sales shall be deposited in the fish, wildlife,
2 and conservation account created in RCW 77.12.170(3).

3 During the 2025-2027 fiscal biennium, this section does not apply
4 to the sale of land pursuant to section 3102, chapter 414, Laws of
5 2025 or section 3017 or 3019, chapter . . ., Laws of 2026 (section
6 3017 or 3019 of this act).

7 **Sec. 8014.** RCW 77.12.220 and 2025 c 414 s 8039 are each amended
8 to read as follows:

9 For purposes of this title, the commission may make agreements to
10 obtain real or personal property or to transfer or convey property
11 held by the state to the United States or its agencies or
12 instrumentalities, units of local government of this state, public
13 service companies, or other persons, if in the judgment of the
14 commission and the attorney general the transfer and conveyance is
15 consistent with public interest. For purposes of this section, "local
16 government" means any city, town, county, special district, municipal
17 corporation, or quasi-municipal corporation.

18 If the commission agrees to a transfer or conveyance under this
19 section or to a sale or return of real property under RCW 77.12.210,
20 the director shall certify, with the attorney general, to the
21 governor that the agreement has been made. The certification shall
22 describe the real property. The governor then may execute and the
23 secretary of state attest and deliver to the appropriate entity or
24 person the instrument necessary to fulfill the agreement.

25 During the 2025-2027 fiscal biennium, this section does not apply
26 to the sale of land pursuant to section 3102, chapter 414, Laws of
27 2025 or section 3017 or 3019, chapter . . ., Laws of 2026 (section
28 3017 or 3019 of this act).

29 **Sec. 8015.** RCW 43.99N.060 and 2025 c 414 s 8048 are each amended
30 to read as follows:

31 (1) The stadium and exhibition center account is created in the
32 custody of the state treasurer. All receipts from the taxes imposed
33 under RCW 82.14.0494 and distributions under RCW 67.70.240(1)(d)
34 shall be deposited into the account. Only the director of the office
35 of financial management or the director's designee may authorize
36 expenditures from the account. The account is subject to allotment
37 procedures under chapter 43.88 RCW. An appropriation is not required
38 for expenditures from this account.

1 (2) Until bonds are issued under RCW 43.99N.020, up to \$5,000,000
2 per year beginning January 1, 1999, shall be used for the purposes of
3 subsection (3)(b) of this section, all remaining moneys in the
4 account shall be transferred to the public stadium authority, created
5 under RCW 36.102.020, to be used for public stadium authority
6 operations and development of the stadium and exhibition center.

7 (3) After bonds are issued under RCW 43.99N.020, all moneys in
8 the stadium and exhibition center account shall be used exclusively
9 for the following purposes in the following priority:

10 (a) On or before June 30th of each year, the office of financial
11 management shall accumulate in the stadium and exhibition center
12 account an amount at least equal to the amount required in the next
13 succeeding twelve months for the payment of principal of and interest
14 on the bonds issued under RCW 43.99N.020;

15 (b) An additional reserve amount not in excess of the expected
16 average annual principal and interest requirements of bonds issued
17 under RCW 43.99N.020 shall be accumulated and maintained in the
18 account, subject to withdrawal by the state treasurer at any time if
19 necessary to meet the requirements of (a) of this subsection, and,
20 following any withdrawal, reaccumulated from the first tax revenues
21 and other amounts deposited in the account after meeting the
22 requirements of (a) of this subsection; and

23 (c) The balance, if any, shall be transferred to the youth
24 athletic facility account under subsection (4) of this section.

25 Any revenues derived from the taxes authorized by RCW
26 36.38.010(5) and 36.38.040 or other amounts that if used as provided
27 under (a) and (b) of this subsection would cause the loss of any tax
28 exemption under federal law for interest on bonds issued under RCW
29 43.99N.020 shall be deposited in and used exclusively for the
30 purposes of the youth athletic facility account and shall not be
31 used, directly or indirectly, as a source of payment of principal of
32 or interest on bonds issued under RCW 43.99N.020, or to replace or
33 reimburse other funds used for that purpose.

34 (4) Any moneys in the stadium and exhibition center account not
35 required or permitted to be used for the purposes described in
36 subsection (3)(a) and (b) of this section shall be deposited in the
37 youth athletic facility account hereby created in the state treasury.
38 Expenditures from the account may be used only for purposes of grants
39 or loans to cities, counties, and qualified nonprofit organizations
40 for community outdoor athletic facilities. Only the director of the

1 recreation and conservation office or the director's designee may
2 authorize expenditures from the account. The account is subject to
3 allotment procedures under chapter 43.88 RCW, but an appropriation is
4 not required for expenditures. The athletic facility grants or loans
5 may be used for acquiring, developing, equipping, maintaining, and
6 improving community outdoor athletic facilities. Funds shall be
7 divided equally between the development of new community outdoor
8 athletic facilities, the improvement of existing community outdoor
9 athletic facilities, and the maintenance of existing community
10 outdoor athletic facilities. Cities, counties, and qualified
11 nonprofit organizations must submit proposals for grants or loans
12 from the account. To the extent that funds are available, cities,
13 counties, and qualified nonprofit organizations must meet eligibility
14 criteria as established by the director of the recreation and
15 conservation office. The grants and loans shall be awarded on a
16 competitive application process and the amount of the grant or loan
17 shall be in proportion to the population of the city or county for
18 where the community outdoor athletic facility is located. Grants or
19 loans awarded in any one year need not be distributed in that year.
20 The director of the recreation and conservation office may expend up
21 to one and one-half percent of the moneys deposited in the account
22 created in this subsection for administrative purposes. During the
23 2021-2023 fiscal biennium, the legislature may appropriate moneys
24 from the youth athletic facility account to support a task force to
25 consider ways to improve equitable access to K-12 schools' fields and
26 athletic facilities and local parks agency facilities with the goal
27 of increasing physical activity for youth and families. A portion of
28 the appropriation must be used to inventory K-12 school fields and
29 athletic facilities and park agency facilities.

30 (5) During the 2023-2025 and 2025-2027 fiscal biennia, subsection
31 (4) of this section applies to expenditures from the youth athletic
32 facility account except as provided in this subsection.

33 (a) During the 2023-2025 and 2025-2027 fiscal biennia, the
34 recreation and conservation office may spend appropriations made from
35 the youth athletic facility account for grants and loans to political
36 subdivisions of the state other than cities and counties as well as
37 federally recognized Indian tribes for community outdoor athletic
38 facilities. The office is not required to divide the expenditures
39 equally between development, improvement, and maintenance of
40 facilities. The office's authority to retain 1.5 percent of amounts

1 deposited in the account for administration is suspended, and the
2 office's administrative overhead is instead specified in the
3 appropriations for this purpose.

4 (b) During the 2023-2025 and 2025-2027 fiscal (~~biennium~~)
5 biennia, the legislature may also appropriate moneys in the youth
6 athletic facility account for the following:

7 (i) To the department of commerce for the public facility
8 improvement fund as provided in section 1038, chapter 474, Laws of
9 2023; and

10 (ii) To the recreation and conservation office for the purpose of
11 the youth athletic facilities program as provided in section 3060,
12 chapter 474, Laws of 2023.

13 NEW SECTION. **Sec. 8016.** A new section is added to 2025 c 414
14 (uncodified) to read as follows:

15 (1) The office of the superintendent of public instruction must
16 develop requests for omnibus capital appropriations for the 2027-2029
17 fiscal biennium for implementation of the school construction
18 assistance program (SCAP) revision planning study proposals specified
19 in this section.

20 (2) The legislature finds that the school construction assistance
21 program must continue to develop in support of school districts'
22 diverse and complex facility needs. Further, the legislature deeply
23 values school districts' engagement in the SCAP revision planning
24 study process and finds that this study represents a critical step in
25 the continuing efforts to improve the program. Therefore, it is the
26 intent of the legislature to prepare for the school construction
27 assistance program's revision through the initial implementation
28 steps outlined in this section.

29 (3) Except as provided for in subsection (4) of this section, the
30 office of the superintendent of public instruction must perform the
31 planning and analysis, including fiscal estimates, that would be
32 necessary for the office, pending funding and rule making, to
33 implement the following proposals of the SCAP revision planning
34 study, as published on the "Reports to the legislature" website,
35 dated November 18, 2025:

36 (a) Proposal 1: Improved planning framework with education and
37 outreach support;

38 (b) Proposal 4: Develop an education specification prototype;

39 (c) Proposal 7: Allow phased modernizations;

1 (d) Proposal 8: Streamline and enhance D-Form process; and

2 (e) The grade band configuration and enrollment projection
3 elements of proposal 9 (update SCAP calculation methodologies).

4 (4) In the planning and analysis performed under subsection (3)
5 of this section, the office of the superintendent of public
6 instruction must be faithful to the spirit and framework of the
7 specified SCAP revision planning study's proposals, but may adapt or
8 modify the proposals for the purpose of improving their integration
9 into the school construction assistance program's administrative
10 rules and for the purpose of compliance with the program's governing
11 statutes. Further, to the extent that the office adapts or modifies
12 any of the SCAP revision proposals pursuant to this section, it must
13 describe these changes in the biennial appropriations request
14 submitted under subsection (5) of this section.

15 (5) The office of the superintendent of public instruction shall
16 request any funding required for implementation of the SCAP revision
17 proposals listed in this section, including for any related rule
18 making, as part of the office's request for omnibus capital
19 appropriations in the 2027-2029 fiscal biennium.

20 NEW SECTION. **Sec. 8017.** 2025 c 414 s 8020 (uncodified) is
21 repealed.

22 NEW SECTION. **Sec. 8018.** If any part of this act is found to be
23 in conflict with federal requirements that are a prescribed condition
24 to the allocation of federal funds to the state, the conflicting part
25 of this act is inoperative solely to the extent of the conflict and
26 with respect to the agencies directly affected, and this finding does
27 not affect the operation of the remainder of this act in its
28 application to the agencies concerned. Rules adopted under this act
29 must meet federal requirements that are a necessary condition to the
30 receipt of federal funds by the state.

31 NEW SECTION. **Sec. 8019.** If any provision of this act or its
32 application to any person or circumstance is held invalid, the
33 remainder of the act or the application of the provision to other
34 persons or circumstances is not affected.

35 NEW SECTION. **Sec. 8020.** This act is necessary for the immediate
36 preservation of the public peace, health, or safety, or support of

1 the state government and its existing public institutions, and takes
2 effect immediately.

(End of part)

Passed by the Senate March 12, 2026.
Passed by the House March 12, 2026.
Approved by the Governor April 1, 2026, with the exception of certain items that were vetoed.
Filed in Office of Secretary of State April 1, 2026.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to Sections 1005, 1010, 3019, and 6076, Substitute Senate Bill No. 6003 entitled:

"AN ACT Relating to the capital budget."

Section 1005, pages 4-5, Department of Commerce, 2019-21 Behavioral Health Capacity Grants

This section purports to amend the second supplemental budget for the 2023-2025 biennium. However, that budget is no longer in effect and cannot be modified. As a result, the proviso is not implementable. For this reason, I am vetoing Section 1005.

Section 1010, pages 15-17, Department of Commerce, 2025-27 Building Communities Fund Program

The amended language in this section allows the Washington State Department of Commerce to reimburse grant recipients for 100 percent of the eligible project costs. This new language is in conflict with the underlying statute that requires state grant assistance not to exceed 25 percent of the total cost of the project. I support the Legislature's goal of increasing equitable access to grant assistance. However, the new language cannot be implemented without a change in the underlying law. For this reason, I am vetoing Section 1010.

Section 3019, page 94, Department of Fish and Wildlife, Port of Woodland

This section directs the Department of Fish and Wildlife to sell the Woodland Bottoms parcel to the Port of Woodland. There is an active lawsuit regarding this matter between the Port of Woodland and the Department of Fish and Wildlife. For this reason, I am vetoing Section 3019.

Section 6076, page 149, State Parks and Recreation Commission, 2023-25 State Parks Capital Projects Pool

The amended language in this section directs \$2,000,000 of the appropriation to the Palouse to Cascades Rosalia Improvements project and removes the funding for the Lake Sylvia Culvert Replacement project. This causes technical, accounting, and legal issues since the Lake Sylvia project has incurred expenditures for the 2025-27 biennium. I support the Palouse to Cascades Rosalia Improvements project and have asked my team to bring recommendations to resolve this issue in my next proposed budgets. For this reason, I am vetoing Section 6076.

For these reasons I have vetoed Sections 1005, 1010, 3019, and 6076 of Substitute Senate Bill No. 6003.

With the exception of Sections 1005, 1010, 3019, and 6076, Substitute Senate Bill No. 6003 is approved."
