

CERTIFICATION OF ENROLLMENT

**SUBSTITUTE SENATE BILL 6355**

Chapter 249, Laws of 2026

69th Legislature  
2026 Regular Session

ELECTRIC TRANSMISSION SYSTEM—WASHINGTON ELECTRIC TRANSMISSION  
AUTHORITY

EFFECTIVE DATE: June 11, 2026—Except for section 14, which is  
contingent; sections 15 and 16, which take effect July 1, 2028; and  
sections 17 and 18, which take effect January 1, 2029.

Passed by the Senate March 12, 2026  
Yeas 32 Nays 17

DENNY HECK

**President of the Senate**

Passed by the House March 11, 2026  
Yeas 66 Nays 27

Laurie Jinkins

**Speaker of the House of  
Representatives**

Approved March 30, 2026 3:00 PM

BOB FERGUSON

**Governor of the State of Washington**

CERTIFICATE

I, Sarah Bannister, Secretary of  
the Senate of the State of  
Washington, do hereby certify that  
the attached is **SUBSTITUTE SENATE  
BILL 6355** as passed by the Senate  
and the House of Representatives on  
the dates hereon set forth.

SARAH BANNISTER

**Secretary**

**SUBSTITUTE SENATE BILL 6355**

---

AS AMENDED BY THE HOUSE

Passed Legislature - 2026 Regular Session

**State of Washington                      69th Legislature                      2026 Regular Session**

**By** Senate Ways & Means (originally sponsored by Senators Hunt, Kauffman, Chapman, Conway, Dhingra, Pedersen, Saldaña, Shewmake, and Stanford)

READ FIRST TIME 03/02/26.

1            AN ACT Relating to creating partnerships to improve the  
2 reliability and capacity of the electric transmission system,  
3 including through a Washington electric transmission authority;  
4 reenacting and amending RCW 43.84.092, 43.84.092, 43.84.092,  
5 43.84.092, 43.84.092, and 43.84.092; adding a new section to chapter  
6 43.21F RCW; adding a new section to chapter 43.31 RCW; adding a new  
7 chapter to Title 43 RCW; providing effective dates; providing a  
8 contingent effective date; providing expiration dates; and providing  
9 contingent expiration dates.

10 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

11            NEW SECTION.    **Sec. 1.**    (1) The legislature finds that Washington  
12 has committed to decarbonizing its electricity system so that it is  
13 carbon neutral by 2030 and carbon free by 2045. Achieving those goals  
14 includes retiring coal and gas resources, adding new generation from  
15 renewable and nonemitting resources, and leveraging energy storage  
16 technologies. At the same time, demand for electricity is increasing  
17 significantly due to the electrification of vehicles, home heating  
18 and cooling, and manufacturing, and the expansion of the information  
19 services sector in Washington. There are significant federal, state,  
20 and private investments in clean energy development, including wind,  
21 solar, and battery storage, that support decarbonization goals and

1 supply new electrical load. However, Washington's existing  
2 transmission system lacks the capacity to accommodate the growing  
3 demand for clean electricity.

4 (2) The legislature also finds that extreme weather events and  
5 changes to seasonal highs and lows puts new strain on the existing  
6 transmission system and threatens reliability. Extreme weather events  
7 and resulting conditions such as high-speed winds, floods, freezing,  
8 extreme heat, and drought, which could increase the risk of wildfire,  
9 can damage grid infrastructure and cause disruptions to the power  
10 supply. Warmer summers and colder winters increase the need for  
11 heating and cooling and thereby intensify and extend periods of peak  
12 demand.

13 (3) The legislature further finds that to maintain reliability  
14 and build resilience, Washington's transmission system needs to be  
15 expanded and upgraded to access diverse portfolios of clean and  
16 reliable energy across the region, including solar resources in the  
17 southwest and wind resources across the mountain west. A more robust  
18 and updated transmission system will support affordability and  
19 reliability goals by enabling the efficient dispatch of least-cost  
20 resources across the region.

21 (4) Therefore, it is the intent of the legislature to create the  
22 Washington electric transmission authority to improve transmission  
23 reliability, resilience, and affordability. The Washington electric  
24 transmission authority will serve as a centralized body to achieve  
25 these goals by: providing development transmission services;  
26 coordinating siting and permitting; and engaging with utilities,  
27 transmission developers, local jurisdictions, state agencies,  
28 regional entities, the federal government, federally recognized  
29 Indian tribes, and affected communities. The legislature intends for  
30 the authority to achieve the following goals:

31 (a) Improve reliability and resilience, including during extreme  
32 weather events;

33 (b) Increase access to low-cost renewable energy;

34 (c) Achieve clean electricity requirements and greenhouse gas  
35 emissions limits;

36 (d) Encourage advanced transmission technologies that lower  
37 wildfire risks;

38 (e) Support economic growth; and

39 (f) Maintain affordable energy rates.

1                   **PART I - WASHINGTON ELECTRIC TRANSMISSION AUTHORITY**

2           NEW SECTION.   **Sec. 2.**   The definitions in this section apply  
3 throughout this chapter unless the context clearly requires  
4 otherwise.

5           (1) "Authority" means the Washington electric transmission  
6 authority, operating at the direction of the board of directors.

7           (2) "Board of directors" means the authority's board of  
8 directors.

9           (3) "Consumer-owned utility" has the same meaning as in RCW  
10 19.405.020.

11           (4) "Department" means the department of commerce.

12           (5) "Investor-owned utility" means a company owned by investors  
13 that meets the definition of "corporation" in RCW 80.04.010 and is  
14 engaged in distributing electricity to more than one retail electric  
15 customer in the state.

16           (6) "Neighboring landowner" means a public or private landowner  
17 whose property: (a) Shares a property line or other physical boundary  
18 with a proposed or existing transmission corridor; or (b) includes an  
19 easement or other right-of-way for a proposed or existing  
20 transmission corridor that crosses a portion of the landowner's  
21 property.

22           (7) "Nonwire alternative" means any electrical grid investment  
23 that is intended to defer or remove the need to construct or upgrade  
24 components of a transmission system.

25           NEW SECTION.   **Sec. 3.**   A new section is added to chapter 43.21F  
26 RCW to read as follows:

27           (1) The department must identify high priority transmission  
28 corridors from those identified in the western transmission expansion  
29 coalition's west-wide transmission needs study 10-year horizon report  
30 published in February 2026. The department must also consider the 20-  
31 year horizon report planned to be published in 2026 when identifying  
32 high priority transmission corridors. This identification must be  
33 conducted in an open, transparent process by October 30, 2027. The  
34 department may not finalize the identification of high priority  
35 transmission corridors until the department has reviewed the western  
36 transmission expansion coalition's 20-year horizon report.

1 (2) The department must consider the costs and benefits to  
2 Washington ratepayers when identifying high priority transmission  
3 corridors under subsection (1) of this section.

4 (3) The department may contract with independent expert analysts  
5 to identify high priority transmission corridors under subsection (1)  
6 of this section.

7 (4) The department must provide all administrative and staff  
8 support for and maintain oversight of the Washington electric  
9 transmission authority created under section 5 of this act until the  
10 board of directors hires an executive director as established under  
11 section 4 of this act.

12 NEW SECTION. **Sec. 4.** (1) A board of directors must be appointed  
13 by January 1, 2027, to provide oversight and advise the authority on  
14 policies that are consistent with the purposes of this chapter. The  
15 board of directors must hire an executive director by June 30, 2027.

16 (2) The 10 members of the board are as follows:

17 (a) The director of the department, or the director's designee;

18 (b) One member appointed by the governor and confirmed by the  
19 senate with experience working at a consumer-owned utility,  
20 preferably with expertise in the transmission function;

21 (c) One member appointed by the governor and confirmed by the  
22 senate with experience working at an investor-owned utility,  
23 preferably with expertise in the transmission function;

24 (d) One member appointed by the governor and confirmed by the  
25 senate with expertise in rural county land use planning and law and  
26 local permitting processes;

27 (e) One member appointed by the governor and confirmed by the  
28 senate with expertise in clean energy development;

29 (f) One member appointed by the governor and confirmed by the  
30 senate with expertise in ratepayer protection;

31 (g) One member appointed by the governor and confirmed by the  
32 senate representing electrical workers with expertise in building  
33 electric transmission;

34 (h) One member appointed by the governor and confirmed by the  
35 senate with expertise in financing large infrastructure projects;

36 (i) One member appointed by the governor and confirmed by the  
37 senate with expertise in wildlife conservation and land use policies;  
38 and

1 (j) One member appointed by the governor and confirmed by the  
2 senate from a federally recognized Indian tribe, including federally  
3 recognized Indian tribes whose reservation or ceded lands lie in  
4 Washington state.

5 (3) One or more members of the board appointed by the governor  
6 must have expertise with the Bonneville power administration's  
7 transmission service.

8 (4) At least one-half of the members of the board must reside  
9 east of the crest of the Cascade mountains.

10 (5) No member of the board may represent a person that owns or  
11 operates electric generating or transmission facilities.

12 (6) Members of the board appointed by the governor must serve  
13 four-year terms. However, the governor must stagger the terms of six  
14 of the initial appointees for terms of one, two, and three years. At  
15 the end of the term, these members may be reappointed by the governor  
16 and reconfirmed by the senate, or the governor may choose to appoint  
17 a new member.

18 (7) Decisions of the board require a simple majority vote of all  
19 the members on the board.

20 (8) Members of the board must elect a chair from among its  
21 membership to serve for a two-year period.

22 (9) The board must meet at least quarterly.

23 (10) The department must provide administrative and staff support  
24 to the board until the executive director is hired.

25 (11) Members of the board must serve without additional  
26 compensation but must be reimbursed for travel expenses as provided  
27 by RCW 43.03.050 and 43.03.060.

28 (12) The board of directors is considered a governing body for  
29 purposes of chapter 42.30 RCW and must follow the requirements of the  
30 open public meetings act, as they apply to governing bodies.

31 NEW SECTION. **Sec. 5.** (1) The Washington electric transmission  
32 authority is hereby created as a public body. The authority is an  
33 instrumentality of the state exercising essential government  
34 functions related to electric transmission.

35 (2) The priority of the authority is to maintain or improve the  
36 reliability of electric service to Washington customers by:

37 (a) Supporting the expeditious and efficient expansion of new  
38 electric transmission capacity within the state that are prudent and  
39 needed to serve Washington customers;

1 (b) Prioritizing partnerships for new electric transmission  
2 projects that meet at least one of the criteria: Increase access to  
3 grid connections for renewable resources and nonemitting electric  
4 generation as defined in RCW 19.405.020, provide access to regional  
5 wholesale markets, are located in more than one electric utility  
6 service territory, or would not otherwise be built by Washington  
7 electric utilities;

8 (c) Pursuing cost-effective nonwire alternatives to increase the  
9 capacity of existing electrical infrastructure;

10 (d) Being a statewide resource for assisting with the development  
11 and coordination of upgrades to existing transmission lines  
12 including, but not limited to, reconductoring with advanced  
13 conductors;

14 (e) Collaborating with electric utilities, independent  
15 transmission developers, local jurisdictions, federally recognized  
16 Indian tribes, labor unions, neighboring states, regional entities,  
17 and the federal government to develop intrastate, interstate, and  
18 regional transmission resources;

19 (f) Evaluating opportunities for the authority to coordinate with  
20 regional wholesale markets as enabled by the respective market  
21 governance framework;

22 (g) Supporting opportunities for community microgrids,  
23 distributed energy resources, and energy conservation; and

24 (h) Supporting community and economic development.

25 (3) To the greatest extent practicable, when carrying out its  
26 duties, the authority must seek to:

27 (a) Protect cultural and natural resources;

28 (b) Avoid impacts to overburdened communities and vulnerable  
29 populations;

30 (c) Support good jobs;

31 (d) Maximize the use of existing rights-of-way for transmission  
32 development, including on highways as defined in RCW 47.04.010;

33 (e) Mitigate wildfire risk;

34 (f) Consult in advance with all electric utilities that serve  
35 retail customers in areas where a project of the authority may be  
36 located; and

37 (g) Coordinate with utilities that operate electric transmission  
38 facilities that would be affected by a project of the authority.

39 (4) The authority must employ an executive director, who must be  
40 appointed by the board of directors created under section 4 of this

1 act. The board may fix the compensation of the executive director.  
2 The executive director may employ staff sufficient to accomplish the  
3 purposes of this chapter.

4 (5) The authority must update the transmission corridor  
5 identification study under section 3 of this act no later than  
6 October 30, 2032, and no less than every five years thereafter. The  
7 authority must update the study by leveraging existing transmission  
8 plans from national and regional entities, Washington utilities, and  
9 existing state, regional, and national siting studies in an open and  
10 transparent process.

11 (6) The authority must charge and collect an application review  
12 fee of \$5,000 to be submitted by each entity that applies for use of  
13 services provided under a partnership with the authority.

14 (7) The authority must submit a report of its activities to the  
15 governor and to the appropriate committees of the legislature by  
16 December 1, 2027, and annually every July 1st thereafter. The report  
17 must include operating and financial statements covering the  
18 operations of the authority for the previous fiscal year.

19 (8) The authority and any eligible facilities acquired by the  
20 authority are not subject to the supervision, regulation, control, or  
21 jurisdiction of the Washington utilities and transportation  
22 commission, provided that nothing in this chapter shall be  
23 interpreted to allow an electrical company regulated under Title 80  
24 RCW to include the cost of eligible facilities in its rate base  
25 without the approval of the Washington utilities and transportation  
26 commission.

27 (9)(a) The authority must offer transmission service on  
28 facilities owned by the authority only under a transmission tariff  
29 administered by an entity jurisdictional to the federal energy  
30 regulatory commission as a public utility under the federal power  
31 act, 16 U.S.C. Sec. 791a et seq., as it exists on the effective date  
32 of this section, and subject to the same terms and conditions applied  
33 to such entity by the federal energy regulatory commission, except  
34 for facilities under (b) of this subsection.

35 (b) Transmission service on facilities owned by the authority  
36 that are subject to a partnership agreement with the Bonneville power  
37 administration, a utility serving customers in the state of  
38 Washington that is not a public utility under the federal power act,  
39 or a joint operating agency formed under RCW 43.52.360 may be offered

1 under the same terms as the transmission tariff of that partner  
2 entity.

3 (10) The primary mode for the authority to facilitate discrete  
4 transmission projects shall be through partnerships with transmission  
5 developers, including consumer-owned utilities and investor-owned  
6 utilities, on eligible projects in high priority transmission  
7 corridors. The authority may originate projects in the absence of  
8 such a partner only as a last resort and where such project does not  
9 interfere with or duplicate a project actively under development by a  
10 qualified transmission builder, as determined by the authority.

11 (11) The authority shall make reasonable and diligent efforts to  
12 acquire property or an interest in property by negotiation prior to  
13 exercising the power of eminent domain under section 6(3) of this  
14 act.

15 NEW SECTION. **Sec. 6.** Without creating state debt, or lending  
16 the credit of the state, so long as otherwise authorized and not  
17 prohibited by law, the authority may:

18 (1) Adopt rules and operating procedures as necessary to  
19 implement the authority's responsibilities in this chapter, except  
20 that the authority may not adopt rules to direct cost allocation of  
21 transmission resources;

22 (2) Utilize the services of executive departments of the state  
23 upon mutually agreeable terms and conditions;

24 (3) After receiving approval by the board of directors, exercise  
25 the power of eminent domain as outlined under the provisions of  
26 chapter 8.04 RCW only for land acquisition necessary to secure  
27 property or rights-of-way for new transmission corridors for public  
28 use consistent with the purposes of this chapter;

29 (4) Enter into contracts and agreements;

30 (5) Solicit, receive, issue, and expend gifts, grants, and  
31 donations;

32 (6) Apply for and accept federal loans and related assistance;

33 (7)(a) Enter into partnerships with public or private entities,  
34 which must include a fee schedule for services provided under a  
35 partnership; and

36 (b) When entering into partnerships on transmission projects:

37 (i) Assist the project proponent in following the state  
38 environmental policy act process; and

1 (ii) Support tribal consultation by pursuing reasonable efforts  
2 to facilitate government-to-government consultation regarding the  
3 entities' partnership with federally recognized Indian tribes  
4 affected by the partnership;

5 (8) Lease, purchase, accept donations of, or otherwise own, hold,  
6 improve, or use any property;

7 (9) Sell, lease, exchange, or otherwise dispose of any property;

8 (10)(a) Own electric transmission equipment and systems;

9 (b) Ownership of transmission facilities by the authority may not  
10 exceed the extent and duration necessary or useful to promote the  
11 public interest. Before becoming an owner or partial owner of any  
12 electric transmission facilities, the authority must develop and  
13 publish a plan identifying:

14 (i) The public purposes of the authority's ownership;

15 (ii) The conditions that would make the authority's ownership no  
16 longer necessary for accomplishing those public purposes;

17 (iii) A plan to divest the authority of ownership of the facility  
18 as soon as economically prudent once those conditions occur; and

19 (iv) A consideration of the costs and benefits to Washington  
20 ratepayers of the facility;

21 (11)(a) Select a qualified transmission builder or operator, as  
22 defined by the authority in rule, to build, finance, plan, acquire,  
23 maintain, or operate an electric transmission project;

24 (b) Proceed to construction in the absence of selecting a  
25 qualified transmission builder only as a last resort and in instances  
26 where the authority identifies a pressing need for a project and  
27 there is not a ready and willing qualified transmission builder,  
28 subject to the authority adopting criteria in rule for such a  
29 scenario before developing a project;

30 (12)(a) Sell a state-owned electric transmission project at any  
31 stage of development;

32 (b) The authority may sell a project to an electric utility  
33 serving customers in the state of Washington, a joint operating  
34 agency formed under RCW 43.52.360, the Bonneville power  
35 administration, an independent transmission developer, or an  
36 independent system operator;

37 (c) Before selling a project that is not part of a partnership  
38 agreement, the authority must adopt criteria in rule for developing a  
39 transparent process including issuing a competitive request for  
40 proposals, evaluating proposals, and selecting a project buyer;

1 (13) When facilitating transmission projects, consult with other  
2 state agencies, subject matter experts, or neighboring landowners on  
3 natural hazards including, but not limited to, wildfire, and  
4 potential mitigation practices for such hazards including, but not  
5 limited to, upgrading transmission facilities with advanced  
6 transmission technologies, including reconductoring with advanced  
7 conductors;

8 (14) In consultation with and after approval by the board of  
9 directors, adopt criteria in rule for an initial local investment  
10 commitment fee and annual local investment commitment fee for high  
11 voltage projects that the authority develops, owns, or sells under  
12 this chapter. Rule making will provide that the fees are distributed  
13 among counties, cities, towns, and federally recognized Indian  
14 tribes, including federally recognized Indian tribes whose  
15 reservation or ceded lands lie in Washington state, in proportion to  
16 the project's impact, and that the fees are appurtenant to the  
17 project such that the assessed fees are transferred with the title if  
18 the project is sold; and

19 (15) Coordinate with the Washington economic development finance  
20 authority established under chapter 43.163 RCW to provide conduit  
21 financing for eligible partners that request transmission financing.

22 NEW SECTION. **Sec. 7.** (1) The authority must, when selecting a  
23 qualified transmission builder or operator under section 6(11)(a) of  
24 this act, undertaking conduit financing through the Washington  
25 economic development finance authority while the authority is in  
26 partnership with the transmission builder or operator, or proceeding  
27 to construct a project in the absence of selecting a qualified  
28 transmission builder under section 6(11)(b) of this act, ensure that  
29 all construction and maintenance work is performed by either:

30 (a) An electric utility, using qualified electrical employees; or

31 (b) A contractor or independent transmission developer:

32 (i) Using qualified electrical employees; and

33 (ii) Using apprentices enrolled in an apprenticeship program  
34 registered with the Washington state apprenticeship and training  
35 council established under chapter 49.04 RCW, with a completion rate  
36 of at least 25 percent over the prior eight years.

37 (2) When selecting a qualified transmission builder or operator  
38 under section 6(11)(a) of this act, or when proceeding to construct a  
39 project in the absence of selecting a qualified transmission builder

1 under section 6(11)(b) of this act, the authority must ensure that  
2 work is performed in compliance with the applicable prevailing wage  
3 provisions under chapter 39.12 RCW for the respective trade and  
4 occupation job classification.

5 NEW SECTION. **Sec. 8.** A new section is added to chapter 43.31  
6 RCW to read as follows:

7 (1) The department of commerce must contract with the governor's  
8 office of Indian affairs to, in coordination with the department of  
9 ecology and the department of commerce, convene federally recognized  
10 Indian tribes whose traditional lands and territories include parts  
11 of Washington state to develop a recommended tribal consultation  
12 framework applicable to statewide electric transmission planning and  
13 implementation including, but not limited to, activities associated  
14 with sections 3 through 7 of this act.

15 (2) The tribal consultation framework must:

16 (a) Identify the roles and responsibilities of state agencies  
17 engaged in electric transmission planning, siting, permitting, and  
18 implementation, and existing policies and any existing gaps regarding  
19 tribal consultation;

20 (b) Establish standards for early, meaningful, and ongoing  
21 government-to-government consultation with federally recognized  
22 Indian tribes consistent with the 1989 centennial accord and  
23 applicable state and federal law as it relates to the activities  
24 conducted by the Washington electric transmission authority  
25 established in section 5 of this act;

26 (c) Provide a mechanism for legislative engagement and  
27 transparency during the development and future implementation of the  
28 framework; and

29 (d) Include recommendations for statutory, administrative, or  
30 budgetary actions necessary to implement the framework in future  
31 legislation.

32 (3) The governor's office of Indian affairs, in coordination with  
33 the department of ecology and the department of commerce, must submit  
34 a report to the appropriate committees of the legislature and the  
35 governor by December 1, 2026, that summarizes the recommended tribal  
36 consultation framework and identifies proposed statutory or  
37 administrative changes.

1        NEW SECTION.        **Sec. 9.**        The electric transmission operating  
2 account is created in the state treasury. All receipts from  
3 appropriations made by the legislature, fees collected under sections  
4 5 and 6 of this act, federal funds, or gifts or grants from the  
5 private sector or foundations and other sources must be deposited in  
6 the account. Moneys in the account may be spent only after  
7 appropriation. Expenditures from the account may be used only for  
8 operating cost purposes consistent with this chapter.

9        NEW SECTION.        **Sec. 10.**        The electric transmission capital account  
10 is created in the state treasury. All moneys received for the  
11 acquisition, sale, management, and administration of the authority's  
12 duties under this chapter for electric transmission projects  
13 including, but not limited to, proceeds from the sale of land and/or  
14 improvements, fees collected for services provided to transmission  
15 developers, interest earned on investments in the account, and all  
16 other revenue related to electric transmission projects created or  
17 acquired pursuant to this chapter must be deposited into the account.  
18 The account is authorized to receive fund transfers and  
19 appropriations from the general fund, as well as gifts, grants, and  
20 endowments from public or private sources as may be made from time to  
21 time. Moneys in the account may be spent only after appropriation.  
22 Expenditures from the account may be used by the executive director  
23 of the authority, or the executive director's designee, to reimburse  
24 management costs incurred by the authority on electric transmission  
25 projects, for the acquisition of interests in land or other real  
26 property to be managed as electric transmission projects, and for all  
27 other nonoperating cost purposes consistent with this chapter.

28        NEW SECTION.        **Sec. 11.**        (1) Information obtained by the authority  
29 that is critical energy infrastructure information or proprietary  
30 technical or business information shall be confidential and not  
31 subject to inspection or disclosure pursuant to chapter 42.56 RCW.

32        (2) For the purposes of this section, the following definitions  
33 apply:

34        (a) "Critical energy infrastructure" means existing and proposed  
35 systems and assets, whether physical or virtual, the incapacity or  
36 destruction of which would negatively affect security, economic  
37 security, public health or safety, or any combination of these  
38 matters.

1 (b) "Critical energy infrastructure information" means specific  
2 engineering, vulnerability, or detailed design information about  
3 proposed or existing critical energy infrastructure that:

4 (i) Relates details about the production, generation,  
5 transportation, transmission, or distribution of energy;

6 (ii) Could be useful to a person in planning an attack on  
7 critical energy infrastructure; and

8 (iii) Does not simply give the general location of or relay  
9 publicly available information about the critical energy  
10 infrastructure.

11 NEW SECTION. **Sec. 12.** (1) For electric transmission facilities  
12 owned by the authority that are exempt from property tax under RCW  
13 84.36.010, the authority must make payments in lieu of property taxes  
14 to counties in which such facilities are located.

15 (2) Beginning in the first tax year in which improvements  
16 associated with a transmission facility owned in whole or in part by  
17 the authority would be subject to assessment under chapters 84.40 and  
18 84.12 RCW if the facility were owned by a taxable entity, the  
19 authority must annually make payments in lieu of property taxes as  
20 provided in this section.

21 (3) (a) The amount of the payment must be determined jointly and  
22 in good faith negotiation between the authority, in consultation with  
23 the project partner, lessee, or operator of the transmission  
24 facility, and the county in which the facility is located.

25 (b) The amount agreed upon may not exceed the property tax amount  
26 that would be owed on the facility if it were owned by a taxable  
27 entity as calculated by the county assessor. The authority must  
28 provide information necessary for the county assessor to make the  
29 required valuation under this subsection. The authority must provide  
30 payment to the county treasurer on at least an annual basis in a  
31 manner agreed upon between the authority and county.

32 (c) If the authority and a county cannot agree on the amount of  
33 the payment in lieu of taxes, either party may invoke binding  
34 arbitration by providing written notice to the other party. The  
35 authority and county must each select one arbitrator, the two of whom  
36 must pick a third arbitrator. Costs of the arbitration, including  
37 compensation for the arbitrators' services, must be borne equally by  
38 the parties participating in the arbitration.

1 (4) Payments made under this section must be distributed by the  
2 county treasurer in the same manner as property tax revenues  
3 collected under Title 84 RCW and must be allocated among all taxing  
4 districts within the county in proportion to their respective levy  
5 rates.

6 (5) Payments required under this section must be collected by the  
7 authority from a lessee, project partner, or operator of the  
8 applicable facility on a schedule set forth in a lease or project  
9 agreement, and such collected funds shall be considered the only  
10 funds available to the authority to make the required payments.

11 (6) The payments required under this section are intended to  
12 ensure that counties and local taxing districts receive fiscal  
13 benefits for hosting transmission infrastructure owned by the  
14 authority.

15 **PART II - MISCELLANEOUS**

16 **Sec. 13.** RCW 43.84.092 and 2025 c 417 s 802, 2025 c 399 s 15,  
17 2025 c 359 s 12, and 2025 c 299 s 21 are each reenacted and amended  
18 to read as follows:

19 (1) All earnings of investments of surplus balances in the state  
20 treasury shall be deposited to the treasury income account, which  
21 account is hereby established in the state treasury.

22 (2) The treasury income account shall be utilized to pay or  
23 receive funds associated with federal programs as required by the  
24 federal cash management improvement act of 1990. The treasury income  
25 account is subject in all respects to chapter 43.88 RCW, but no  
26 appropriation is required for refunds or allocations of interest  
27 earnings required by the cash management improvement act. Refunds of  
28 interest to the federal treasury required under the cash management  
29 improvement act fall under RCW 43.88.180 and shall not require  
30 appropriation. The office of financial management shall determine the  
31 amounts due to or from the federal government pursuant to the cash  
32 management improvement act. The office of financial management may  
33 direct transfers of funds between accounts as deemed necessary to  
34 implement the provisions of the cash management improvement act, and  
35 this subsection. Refunds or allocations shall occur prior to the  
36 distributions of earnings set forth in subsection (4) of this  
37 section.

1 (3) Except for the provisions of RCW 43.84.160, the treasury  
2 income account may be utilized for the payment of purchased banking  
3 services on behalf of treasury funds including, but not limited to,  
4 depository, safekeeping, and disbursement functions for the state  
5 treasury and affected state agencies. The treasury income account is  
6 subject in all respects to chapter 43.88 RCW, but no appropriation is  
7 required for payments to financial institutions. Payments shall occur  
8 prior to distribution of earnings set forth in subsection (4) of this  
9 section.

10 (4) Monthly, the state treasurer shall distribute the earnings  
11 credited to the treasury income account. The state treasurer shall  
12 credit the general fund with all the earnings credited to the  
13 treasury income account except:

14 (a) The following accounts and funds shall receive their  
15 proportionate share of earnings based upon each account's and fund's  
16 average daily balance for the period: The abandoned recreational  
17 vehicle disposal account, the aeronautics account, the Alaskan Way  
18 viaduct replacement project account, the ambulance transport fund,  
19 the budget stabilization account, the capital vessel replacement  
20 account, the capitol building construction account, the Central  
21 Washington University capital projects account, the charitable,  
22 educational, penal and reformatory institutions account, the Chehalis  
23 basin account, the Chehalis basin taxable account, the clean fuels  
24 credit account, the clean fuels transportation investment account,  
25 the cleanup settlement account, the Columbia river basin water supply  
26 development account, the Columbia river basin taxable bond water  
27 supply development account, the Columbia river basin water supply  
28 revenue recovery account, the common school construction fund, the  
29 community forest trust account, the connecting Washington account,  
30 the county arterial preservation account, the county criminal justice  
31 assistance account, the covenant homeownership account, the deferred  
32 compensation administrative account, the deferred compensation  
33 principal account, the department of licensing services account, the  
34 department of retirement systems expense account, the developmental  
35 disabilities community services account, the diesel idle reduction  
36 account, the opioid abatement settlement account, the drinking water  
37 assistance account, the administrative subaccount of the drinking  
38 water assistance account, the driver education safety improvement  
39 account, the early learning facilities development account, the early  
40 learning facilities revolving account, the Eastern Washington

1 University capital projects account, the education legacy trust  
2 account, the election account, the electric transmission capital  
3 account, the electric vehicle account, the energy freedom account,  
4 the energy recovery act account, the essential rail assistance  
5 account, The Evergreen State College capital projects account, the  
6 fair start for kids account, the family medicine workforce  
7 development account, the ferry bond retirement fund, the fish,  
8 wildlife, and conservation account, the freight mobility investment  
9 account, the freight mobility multimodal account, the grade crossing  
10 protective fund, the higher education retirement plan supplemental  
11 benefit fund, the Washington student loan account, the highway bond  
12 retirement fund, the highway infrastructure account, the highway  
13 safety fund, the hospital safety net assessment fund, the Interstate  
14 5 bridge replacement project account, the Interstate 405 and state  
15 route number 167 express toll lanes account, the judges' retirement  
16 account, the judicial retirement administrative account, the judicial  
17 retirement principal account, the limited fish and wildlife account,  
18 the local leasehold excise tax account, the local real estate excise  
19 tax account, the local sales and use tax account, the marine  
20 resources stewardship trust account, the medical aid account, the  
21 money-purchase retirement savings administrative account, the money-  
22 purchase retirement savings principal account, the motor vehicle  
23 fund, the motorcycle safety education account, the move ahead WA  
24 account, the move ahead WA flexible account, the multimodal  
25 transportation account, the multiuse roadway safety account, the  
26 municipal criminal justice assistance account, the oyster reserve  
27 land account, the pension funding stabilization account, the  
28 perpetual surveillance and maintenance account, the pilotage account,  
29 the pollution liability insurance agency underground storage tank  
30 revolving account, the medicaid access program account, the public  
31 employees' retirement system plan 1 account, the public employees'  
32 retirement system combined plan 2 and plan 3 account, the public  
33 facilities construction loan revolving account, the public health  
34 supplemental account, the public works assistance account, the Puget  
35 Sound capital construction account, the Puget Sound ferry operations  
36 account, the Puget Sound Gateway facility account, the Puget Sound  
37 taxpayer accountability account, the real estate appraiser commission  
38 account, the recreational vehicle account, the regional mobility  
39 grant program account, the reserve officers' relief and pension  
40 principal fund, the resource management cost account, the rural

1 arterial trust account, the rural mobility grant program account, the  
2 rural Washington loan fund, the second injury fund, the sexual  
3 assault prevention and response account, the site closure account,  
4 the skilled nursing facility safety net trust fund, the small city  
5 pavement and sidewalk account, the special category C account, the  
6 special wildlife account, the state hazard mitigation revolving loan  
7 account, the state investment board expense account, the state  
8 investment board commingled trust fund accounts, the state patrol  
9 highway account, the state reclamation revolving account, the state  
10 route number 520 civil penalties account, the state route number 520  
11 corridor account, the statewide broadband account, the statewide  
12 tourism marketing account, the supplemental pension account, the  
13 Tacoma Narrows toll bridge account, the teachers' retirement system  
14 plan 1 account, the teachers' retirement system combined plan 2 and  
15 plan 3 account, the tobacco prevention and control account, the  
16 tobacco settlement account, the toll facility bond retirement  
17 account, the transportation 2003 account (nickel account), the  
18 transportation equipment fund, the JUDY transportation future funding  
19 program account, the transportation improvement account, the  
20 transportation improvement board bond retirement account, the  
21 transportation infrastructure account, the transportation partnership  
22 account, the traumatic brain injury account, the tribal opioid  
23 prevention and treatment account, the University of Washington bond  
24 retirement fund, the University of Washington building account, the  
25 voluntary cleanup account, the volunteer firefighters' relief and  
26 pension principal fund, the volunteer firefighters' and reserve  
27 officers' administrative fund, the vulnerable roadway user education  
28 account, the Washington judicial retirement system account, the  
29 Washington law enforcement officers' and firefighters' system plan 1  
30 retirement account, the Washington law enforcement officers' and  
31 firefighters' system plan 2 retirement account, the Washington public  
32 safety employees' plan 2 retirement account, the Washington school  
33 employees' retirement system combined plan 2 and 3 account, the  
34 Washington state patrol retirement account, the Washington State  
35 University building account, the Washington State University bond  
36 retirement fund, the water pollution control revolving administration  
37 account, the water pollution control revolving fund, the Western  
38 Washington University capital projects account, the Yakima integrated  
39 plan implementation account, the Yakima integrated plan  
40 implementation revenue recovery account, and the Yakima integrated

1 plan implementation taxable bond account. Earnings derived from  
2 investing balances of the agricultural permanent fund, the normal  
3 school permanent fund, the permanent common school fund, the  
4 scientific permanent fund, and the state university permanent fund  
5 shall be allocated to their respective beneficiary accounts.

6 (b) Any state agency that has independent authority over accounts  
7 or funds not statutorily required to be held in the state treasury  
8 that deposits funds into a fund or account in the state treasury  
9 pursuant to an agreement with the office of the state treasurer shall  
10 receive its proportionate share of earnings based upon each account's  
11 or fund's average daily balance for the period.

12 (5) In conformance with Article II, section 37 of the state  
13 Constitution, no treasury accounts or funds shall be allocated  
14 earnings without the specific affirmative directive of this section.

15 **Sec. 14.** RCW 43.84.092 and 2025 c 417 s 802, 2025 c 399 s 15,  
16 and 2025 c 299 s 21 are each reenacted and amended to read as  
17 follows:

18 (1) All earnings of investments of surplus balances in the state  
19 treasury shall be deposited to the treasury income account, which  
20 account is hereby established in the state treasury.

21 (2) The treasury income account shall be utilized to pay or  
22 receive funds associated with federal programs as required by the  
23 federal cash management improvement act of 1990. The treasury income  
24 account is subject in all respects to chapter 43.88 RCW, but no  
25 appropriation is required for refunds or allocations of interest  
26 earnings required by the cash management improvement act. Refunds of  
27 interest to the federal treasury required under the cash management  
28 improvement act fall under RCW 43.88.180 and shall not require  
29 appropriation. The office of financial management shall determine the  
30 amounts due to or from the federal government pursuant to the cash  
31 management improvement act. The office of financial management may  
32 direct transfers of funds between accounts as deemed necessary to  
33 implement the provisions of the cash management improvement act, and  
34 this subsection. Refunds or allocations shall occur prior to the  
35 distributions of earnings set forth in subsection (4) of this  
36 section.

37 (3) Except for the provisions of RCW 43.84.160, the treasury  
38 income account may be utilized for the payment of purchased banking  
39 services on behalf of treasury funds including, but not limited to,

1 depository, safekeeping, and disbursement functions for the state  
2 treasury and affected state agencies. The treasury income account is  
3 subject in all respects to chapter 43.88 RCW, but no appropriation is  
4 required for payments to financial institutions. Payments shall occur  
5 prior to distribution of earnings set forth in subsection (4) of this  
6 section.

7 (4) Monthly, the state treasurer shall distribute the earnings  
8 credited to the treasury income account. The state treasurer shall  
9 credit the general fund with all the earnings credited to the  
10 treasury income account except:

11 (a) The following accounts and funds shall receive their  
12 proportionate share of earnings based upon each account's and fund's  
13 average daily balance for the period: The abandoned recreational  
14 vehicle disposal account, the aeronautics account, the Alaskan Way  
15 viaduct replacement project account, the ambulance transport fund,  
16 the budget stabilization account, the capital vessel replacement  
17 account, the capitol building construction account, the Central  
18 Washington University capital projects account, the charitable,  
19 educational, penal and reformatory institutions account, the Chehalis  
20 basin account, the Chehalis basin taxable account, the clean fuels  
21 credit account, the clean fuels transportation investment account,  
22 the cleanup settlement account, the Columbia river basin water supply  
23 development account, the Columbia river basin taxable bond water  
24 supply development account, the Columbia river basin water supply  
25 revenue recovery account, the common school construction fund, the  
26 community forest trust account, the connecting Washington account,  
27 the county arterial preservation account, the county criminal justice  
28 assistance account, the covenant homeownership account, the deferred  
29 compensation administrative account, the deferred compensation  
30 principal account, the department of licensing services account, the  
31 department of retirement systems expense account, the developmental  
32 disabilities community services account, the diesel idle reduction  
33 account, the opioid abatement settlement account, the drinking water  
34 assistance account, the administrative subaccount of the drinking  
35 water assistance account, the driver education safety improvement  
36 account, the early learning facilities development account, the early  
37 learning facilities revolving account, the Eastern Washington  
38 University capital projects account, the education legacy trust  
39 account, the election account, the electric transmission capital  
40 account, the electric vehicle account, the energy freedom account,

1 the energy recovery act account, the essential rail assistance  
2 account, The Evergreen State College capital projects account, the  
3 fair start for kids account, the family medicine workforce  
4 development account, the ferry bond retirement fund, the fish,  
5 wildlife, and conservation account, the freight mobility investment  
6 account, the freight mobility multimodal account, the grade crossing  
7 protective fund, the higher education retirement plan supplemental  
8 benefit fund, the Washington student loan account, the highway bond  
9 retirement fund, the highway infrastructure account, the highway  
10 safety fund, the hospital safety net assessment fund, the Interstate  
11 5 bridge replacement project account, the Interstate 405 and state  
12 route number 167 express toll lanes account, the judges' retirement  
13 account, the judicial retirement administrative account, the judicial  
14 retirement principal account, the limited fish and wildlife account,  
15 the local leasehold excise tax account, the local real estate excise  
16 tax account, the local sales and use tax account, the marine  
17 resources stewardship trust account, the medical aid account, the  
18 money-purchase retirement savings administrative account, the money-  
19 purchase retirement savings principal account, the motor vehicle  
20 fund, the motorcycle safety education account, the move ahead WA  
21 account, the move ahead WA flexible account, the multimodal  
22 transportation account, the multiuse roadway safety account, the  
23 municipal criminal justice assistance account, the oyster reserve  
24 land account, the pension funding stabilization account, the  
25 perpetual surveillance and maintenance account, the pilotage account,  
26 the pollution liability insurance agency underground storage tank  
27 revolving account, the public employees' retirement system plan 1  
28 account, the public employees' retirement system combined plan 2 and  
29 plan 3 account, the public facilities construction loan revolving  
30 account, the public health supplemental account, the public works  
31 assistance account, the Puget Sound capital construction account, the  
32 Puget Sound ferry operations account, the Puget Sound Gateway  
33 facility account, the Puget Sound taxpayer accountability account,  
34 the real estate appraiser commission account, the recreational  
35 vehicle account, the regional mobility grant program account, the  
36 reserve officers' relief and pension principal fund, the resource  
37 management cost account, the rural arterial trust account, the rural  
38 mobility grant program account, the rural Washington loan fund, the  
39 second injury fund, the sexual assault prevention and response  
40 account, the site closure account, the skilled nursing facility

1 safety net trust fund, the small city pavement and sidewalk account,  
2 the special category C account, the special wildlife account, the  
3 state hazard mitigation revolving loan account, the state investment  
4 board expense account, the state investment board commingled trust  
5 fund accounts, the state patrol highway account, the state  
6 reclamation revolving account, the state route number 520 civil  
7 penalties account, the state route number 520 corridor account, the  
8 statewide broadband account, the statewide tourism marketing account,  
9 the supplemental pension account, the Tacoma Narrows toll bridge  
10 account, the teachers' retirement system plan 1 account, the  
11 teachers' retirement system combined plan 2 and plan 3 account, the  
12 tobacco prevention and control account, the tobacco settlement  
13 account, the toll facility bond retirement account, the  
14 transportation 2003 account (nickel account), the transportation  
15 equipment fund, the JUDY transportation future funding program  
16 account, the transportation improvement account, the transportation  
17 improvement board bond retirement account, the transportation  
18 infrastructure account, the transportation partnership account, the  
19 traumatic brain injury account, the tribal opioid prevention and  
20 treatment account, the University of Washington bond retirement fund,

25 the Washington judicial retirement system account, the Washington law  
26 enforcement officers' and firefighters' system plan 1 retirement  
27 account, the Washington law enforcement officers' and firefighters'  
28 system plan 2 retirement account, the Washington public safety  
29 employees' plan 2 retirement account, the Washington school  
30 employees' retirement system combined plan 2 and 3 account, the  
31 Washington state patrol retirement account, the Washington State  
32 University building account, the Washington State University bond  
33 retirement fund, the water pollution control revolving administration  
34 account, the water pollution control revolving fund, the Western  
35 Washington University capital projects account, the Yakima integrated  
36 plan implementation account, the Yakima integrated plan  
37 implementation revenue recovery account, and the Yakima integrated  
38 plan implementation taxable bond account. Earnings derived from  
39 investing balances of the agricultural permanent fund, the normal  
40 school permanent fund, the permanent common school fund, the

1 scientific permanent fund, and the state university permanent fund  
2 shall be allocated to their respective beneficiary accounts.

3 (b) Any state agency that has independent authority over accounts  
4 or funds not statutorily required to be held in the state treasury  
5 that deposits funds into a fund or account in the state treasury  
6 pursuant to an agreement with the office of the state treasurer shall  
7 receive its proportionate share of earnings based upon each account's  
8 or fund's average daily balance for the period.

9 (5) In conformance with Article II, section 37 of the state  
10 Constitution, no treasury accounts or funds shall be allocated  
11 earnings without the specific affirmative directive of this section.

12 **Sec. 15.** RCW 43.84.092 and 2025 c 417 s 803, 2025 c 399 s 16,  
13 2025 c 359 s 13, and 2025 c 299 s 22 are each reenacted and amended  
14 to read as follows:

15 (1) All earnings of investments of surplus balances in the state  
16 treasury shall be deposited to the treasury income account, which  
17 account is hereby established in the state treasury.

18 (2) The treasury income account shall be utilized to pay or  
19 receive funds associated with federal programs as required by the  
20 federal cash management improvement act of 1990. The treasury income  
21 account is subject in all respects to chapter 43.88 RCW, but no  
22 appropriation is required for refunds or allocations of interest  
23 earnings required by the cash management improvement act. Refunds of  
24 interest to the federal treasury required under the cash management  
25 improvement act fall under RCW 43.88.180 and shall not require  
26 appropriation. The office of financial management shall determine the  
27 amounts due to or from the federal government pursuant to the cash  
28 management improvement act. The office of financial management may  
29 direct transfers of funds between accounts as deemed necessary to  
30 implement the provisions of the cash management improvement act, and  
31 this subsection. Refunds or allocations shall occur prior to the  
32 distributions of earnings set forth in subsection (4) of this  
33 section.

34 (3) Except for the provisions of RCW 43.84.160, the treasury  
35 income account may be utilized for the payment of purchased banking  
36 services on behalf of treasury funds including, but not limited to,  
37 depository, safekeeping, and disbursement functions for the state  
38 treasury and affected state agencies. The treasury income account is  
39 subject in all respects to chapter 43.88 RCW, but no appropriation is

1 required for payments to financial institutions. Payments shall occur  
2 prior to distribution of earnings set forth in subsection (4) of this  
3 section.

4 (4) Monthly, the state treasurer shall distribute the earnings  
5 credited to the treasury income account. The state treasurer shall  
6 credit the general fund with all the earnings credited to the  
7 treasury income account except:

8 (a) The following accounts and funds shall receive their  
9 proportionate share of earnings based upon each account's and fund's  
10 average daily balance for the period: The abandoned recreational  
11 vehicle disposal account, the aeronautics account, the Alaskan Way  
12 viaduct replacement project account, the budget stabilization  
13 account, the capital vessel replacement account, the capitol building  
14 construction account, the Central Washington University capital  
15 projects account, the charitable, educational, penal and reformatory  
16 institutions account, the Chehalis basin account, the Chehalis basin

33 implementation revenue recovery account, and the Yakima integrated  
34 plan implementation taxable bond account. Earnings derived from  
35 investing balances of the agricultural permanent fund, the normal  
36 school permanent fund, the permanent common school fund, the  
37 scientific permanent fund, and the state university permanent fund  
38 shall be allocated to their respective beneficiary accounts.

39 (b) Any state agency that has independent authority over accounts  
40 or funds not statutorily required to be held in the state treasury

1 that deposits funds into a fund or account in the state treasury  
2 pursuant to an agreement with the office of the state treasurer shall  
3 receive its proportionate share of earnings based upon each account's  
4 or fund's average daily balance for the period.

5 (5) In conformance with Article II, section 37 of the state  
6 Constitution, no treasury accounts or funds shall be allocated  
7 earnings without the specific affirmative directive of this section.

8 **Sec. 16.** RCW 43.84.092 and 2025 c 417 s 803, 2025 c 399 s 16,  
9 and 2025 c 299 s 22 are each reenacted and amended to read as  
10 follows:

11 (1) All earnings of investments of surplus balances in the state  
12 treasury shall be deposited to the treasury income account, which  
13 account is hereby established in the state treasury.

14 (2) The treasury income account shall be utilized to pay or  
15 receive funds associated with federal programs as required by the  
16 federal cash management improvement act of 1990. The treasury income  
17 account is subject in all respects to chapter 43.88 RCW, but no  
18 appropriation is required for refunds or allocations of interest  
19 earnings required by the cash management improvement act. Refunds of  
20 interest to the federal treasury required under the cash management  
21 improvement act fall under RCW 43.88.180 and shall not require  
22 appropriation. The office of financial management shall determine the  
23 amounts due to or from the federal government pursuant to the cash  
24 management improvement act. The office of financial management may  
25 direct transfers of funds between accounts as deemed necessary to  
26 implement the provisions of the cash management improvement act, and  
27 this subsection. Refunds or allocations shall occur prior to the  
28 distributions of earnings set forth in subsection (4) of this  
29 section.

30 (3) Except for the provisions of RCW 43.84.160, the treasury  
31 income account may be utilized for the payment of purchased banking  
32 services on behalf of treasury funds including, but not limited to,  
33 depository, safekeeping, and disbursement functions for the state  
34 treasury and affected state agencies. The treasury income account is  
35 subject in all respects to chapter 43.88 RCW, but no appropriation is  
36 required for payments to financial institutions. Payments shall occur  
37 prior to distribution of earnings set forth in subsection (4) of this  
38 section.

1 (4) Monthly, the state treasurer shall distribute the earnings  
2 credited to the treasury income account. The state treasurer shall  
3 credit the general fund with all the earnings credited to the  
4 treasury income account except:

5 (a) The following accounts and funds shall receive their  
6 proportionate share of earnings based upon each account's and fund's  
7 average daily balance for the period: The abandoned recreational  
8 vehicle disposal account, the aeronautics account, the Alaskan Way  
9 viaduct replacement project account, the budget stabilization  
10 account, the capital vessel replacement account, the capitol building  
11 construction account, the Central Washington University capital  
12 projects account, the charitable, educational, penal and reformatory  
13 institutions account, the Chehalis basin account, the Chehalis basin  
14 taxable account, the clean fuels credit account, the clean fuels
