

RCW 26.26A.320 Report of genetic testing. (1) A report of genetic testing must be in a record and signed under penalty of perjury by a designee of the testing laboratory. A report complying with the requirements of RCW 26.26A.300 through 26.26A.355 is self-authenticating.

(2) Documentation from a testing laboratory of the following information is sufficient to establish a reliable chain of custody and allow the results of genetic testing to be admissible without testimony:

(a) The name and photograph of each individual whose specimen has been taken;

(b) The name of the individual who collected each specimen;

(c) The place and date each specimen was collected;

(d) The name of the individual who received each specimen in the testing laboratory; and

(e) The date each specimen was received. [2018 c 6 § 405.]
