

RCW 35.21.465 Crop purchase contracts for dedicated energy crops. In addition to any other authority provided by law, public development authorities are authorized to enter into crop purchase contracts for a dedicated energy crop for the purposes of producing, selling, and distributing biodiesel produced from Washington state feedstocks, cellulosic ethanol, and cellulosic ethanol blend fuels. [2007 c 348 § 208.]

Findings—2007 c 348: See RCW 43.325.005.
