

RCW 35.87A.210 Computing cost of improvement for bid requirement. The cost of the improvement for the purposes of this chapter shall be aggregate of all amounts to be paid for the labor, materials and equipment on one continuous or inter-related project where work is to be performed simultaneously or in near sequence. Breaking an improvement into small units for the purposes of avoiding the minimum dollar amount prescribed in RCW 35.87A.200 is contrary to public policy and is prohibited. [1971 ex.s. c 45 § 21.]
