Findings—1990 c 8: "The legislature recognizes that:

(1) It is important that members of the retirement system are informed about the amount of service credit they have earned. Untimely and inaccurate reporting by employers hampers the department's ability to inform members of the service credit they have earned;

(2) Requiring a transfer of funds from the retirement accounts of members of the public employees' retirement system and the law enforcement officers' and firefighters' retirement system to the expense funds of those systems does not represent added revenue to the systems but is instead a transfer from the trust fund to the expense fund that causes administrative costs and results in a loss to the system or to the member; and

(3) A standardized time period for school administrator contracts and a prohibition against retroactive revision of those contracts is needed to prevent potential abuses of the average final compensation calculation process." [1990 c 8 § 1.]
