

RCW 43.19A.030 Local government duties. (1) By January 1, 1993, each local government shall review its existing procurement policies and specifications to determine whether recycled products are intentionally or unintentionally excluded. The policies and specifications shall be revised to include such products unless a recycled content product does not meet an established performance standard of the agency.

(2) By fiscal year 1994, each local government shall adopt a minimum purchasing goal for recycled content as a percentage of the total dollar value of supplies purchased. To assist in achieving this goal each local government shall adopt a strategy by January 1, 1993, and shall submit a description of the strategy to the department. All public agencies shall respond to requests for information from the department for the purpose of its reporting requirements under this section.

(3) Each local government shall designate a procurement officer who shall serve as the primary contact with the department for compliance with the requirements of this chapter.

(4) This section shall apply only to local governments with expenditures for supplies exceeding five hundred thousand dollars for fiscal year 1989. Expenditures for capital goods and for electricity, water, or gas for resale shall not be considered a supply expenditure. [1998 c 245 § 57; 1991 c 297 § 4.]
