

RCW 48.22.070 Longshoreman's and harbor worker's compensation coverage—Rules—Plan creation. (1) The commissioner shall adopt rules establishing a reasonable plan to insure that workers' compensation coverage as required by the United States longshore and harbor workers' compensation act, 33 U.S.C. Secs. 901 through 950, and maritime employer's liability coverage incidental to the workers' compensation coverage is available to those unable to purchase it through the normal insurance market. This plan shall require the participation of all authorized insurers writing primary or excess United States longshore and harbor workers' compensation insurance in the state of Washington and the Washington state industrial insurance fund as defined in RCW 51.08.175 which is authorized to participate in the plan and to make payments in support of the plan in accordance with this section. Any underwriting losses or surpluses incurred by the plan shall be determined by the governing committee of the plan and shall be shared by plan participants in accordance with the following ratios: The state industrial insurance fund, fifty percent; and authorized insurers writing primary or excess United States longshore and harbor workers' compensation insurance, fifty percent.

(2) The Washington state industrial insurance fund may obtain or provide reinsurance coverage for the plan created under subsection (1) of this section the terms of which shall be negotiated between the state fund and the plan. This coverage shall not be obtained or provided if the commissioner determines that the premium to be charged would result in unaffordable rates for coverage provided by the plan. In considering whether excess of loss coverage premiums would result in unaffordable rates for workers' compensation coverage provided by the plan, the commissioner shall compare the resulting plan rates to those provided under any similar pool or plan of other states.

(3) An applicant for plan insurance, a person insured under the plan, or an insurer, affected by a ruling or decision of the manager or committee designated to operate the plan may appeal to the commissioner for resolution of a dispute. In adopting rules under this section, the commissioner shall require that the plan use generally accepted actuarial principles for rate making. [1997 c 110 § 1; 1993 c 177 § 1; 1992 c 209 § 2.]

Effective date—1997 c 110: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 21, 1997]." [1997 c 110 § 3.]

Effective date—1993 c 177: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 30, 1993]." [1993 c 177 § 4.]

Finding—Declaration—1992 c 209: "The legislature finds and declares that the continued existence of a strong and healthy maritime industry in this state is threatened by the unavailability and excessive cost of workers' compensation coverage required by the United States longshoreman's and harbor worker's compensation act. The legislature, therefore, acting under its authority to protect industry and employment in this state hereby establishes a commission to devise and implement both a near and long-term solution to this problem, for

the purpose of maintaining employment for Washington workers and a vigorous maritime industry." [1992 c 209 § 1.]
