(3) Enter into agreements with other public agencies for statistical analysis, research, or evaluation studies of local, state, and federally funded employment, training, education, and job creation programs to increase the efficiency or quality of service provided to the public consistent with chapter 50.13 RCW;

(4) Coordinate with other state agencies to study ways to standardize federal and state multiagency administrative records, such as unemployment insurance information and other information to produce employment, training, education, and economic analysis needed to improve labor market information products and services; and

(5) Produce agricultural labor market information and economic analysis needed to facilitate the efficient and effective matching of the local supply and demand of agricultural labor critical to an effective agricultural labor exchange in Washington state.
