

RCW 85.24.200 Reassessments. If because of a substantial reduction of the amount of the assessment upon any lands, the result would be to leave the amount of the assessment upon other lands insufficient, or if for any cause the assessment should be held invalid or become inoperative, then the board shall have power to make a reassessment of all lands to the same extent as the original assessment. [1909 c 225 § 30; RRS § 4390.]
