

RCW 36.24.210 Accreditation required. Except those run by a county prosecutor, all county coroner's offices and medical examiner's offices must be accredited by either the international association of coroners and medical examiners or the national association of medical examiners no later than July 1, 2025, and maintain continued accreditation thereafter. A county that contracts for its coroner or medical examiner services with an accredited coroner or medical examiner's office in another county does not need to maintain accreditation.
