

RCW 52.26.140 Levy of taxes—Levies authorized by special election—Indebtedness—Definition. (1) To carry out the purposes for which a regional fire protection service authority is created, as authorized in the plan and approved by the voters, the governing board of an authority may annually levy the following taxes:

(a) An ad valorem tax on all taxable property located within the authority not to exceed fifty cents per thousand dollars of assessed value;

(b) An ad valorem tax on all property located within the authority not to exceed fifty cents per thousand dollars of assessed value and which will not cause the combined levies to exceed the constitutional or statutory limitations. This levy, or any portion of this levy, may also be made when dollar rates of other taxing units are released by agreement with the other taxing units from their authorized levies; and

(c) An ad valorem tax on all taxable property located within the authority not to exceed fifty cents per thousand dollars of assessed value if the authority has at least one full-time, paid employee, or contracts with another municipal corporation for the services of at least one full-time, paid employee. This levy may be made only if it will not affect dollar rates which other taxing districts may lawfully claim nor cause the combined levies to exceed the constitutional or statutory limitations or both.

(2) Levies in excess of the amounts provided in subsection (1) of this section or in excess of the aggregate dollar rate limitations or both may be made for any authority purpose when so authorized at a special election under RCW 84.52.052. Any such tax when levied must be certified to the proper county officials for the collection of the tax as for other general taxes. The taxes when collected shall be placed in the appropriate authority fund or funds as provided by law, and must be paid out on warrants of the auditor of the county in which all, or the largest portion of, the authority is located, upon authorization of the governing board of the authority.

(3) Authorities may provide for the retirement of general indebtedness by excess property tax levies as set forth in RCW 52.26.130.

(4) For purposes of this chapter, the term "value of the taxable property" has the same meaning as in RCW 39.36.015. [2006 c 200 § 11; 2004 c 129 § 15.]
