

RCW 70.58A.120 Delayed report of live birth—Registration requirements. (1) An individual requesting a delayed report of live birth shall submit to the state registrar a completed and signed delayed report of live birth. Each report must include documentary evidence establishing the facts of the live birth and any applicable fees. The completed delayed report of live birth must be signed and sworn under penalty of perjury by the individual whose live birth is to be registered if the individual is an adult, or by the parent or legal guardian if the individual whose live birth is to be registered is not an adult.

(2) An individual requesting the delayed report of live birth of an individual under twelve years of age must establish the facts concerning full name, date, and place of live birth.

(3) An individual requesting the delayed report of live birth of an individual twelve years of age or over must establish the facts concerning full name, date, and place of live birth and the full name prior to first marriage of the individual who gave birth. Documentary evidence for an individual twelve years of age or over, other than affidavits, must have been established at least five years prior to the date of application.

(4) Each piece of documentary evidence must come from a unique source in the form of the original record or an exact copy thereof. The individual requesting the delayed report of live birth must either be able to authenticate the source of each document presented to the department, or present to the department a signed statement from the custodian of the record or document which attests to the authenticity of the document and the accuracy of the facts contained in the document.

(5) The state registrar may verify the authenticity and accuracy of documentary evidence provided by the individual requesting a delayed report of live birth.

(6) The state registrar shall not register a delayed report of live birth until all applicable provisions of this chapter have been met to the satisfaction of the state registrar.

(7) Upon review and approval of a delayed report of live birth, the state registrar shall register a delayed report of live birth. The delayed birth record must include a description of the evidence used to establish the delayed birth record.

(8) If the state registrar denies a delayed report of live birth, RCW 70.58A.130 is the sole remedy for decisions made under this section. The administrative procedure act, chapter 34.05 RCW, does not govern review of decisions on registration of delayed reports of live birth made by the state registrar under this section.
