

**RCW 77.55.281 Fishways on certain agricultural drainage facilities.** (1) The department may not require a fishway on a tide gate, flood gate, or other associated man-made agricultural drainage facilities as a condition of a permit if such a fishway was not originally installed as part of an agricultural drainage system existing on or before May 20, 2003.

(2) Any condition requiring a self-regulating tide gate to achieve fish passage in an existing permit under this chapter may not be enforced. [2005 c 146 § 605.]

**Part headings not law—2005 c 146:** See note following RCW 77.55.011.
