

RCW 81.104.060 State role in planning and implementation. (1)

The state's planning role in high capacity transportation development as one element of a multimodal transportation system should facilitate cooperative state and local planning efforts.

(2) The department of transportation may serve as a contractor for high capacity transportation system and project design, administer construction, and assist agencies authorized to provide service in the acquisition, preservation, and joint use of rights-of-way.

(3) The department and local jurisdictions shall continue to cooperate with respect to the development of high occupancy vehicle lanes and related facilities, associated roadways, transfer stations, people mover systems developed either by the public or private sector, and other related projects.

(4) The department in cooperation with local jurisdictions shall develop policies which enhance the development of high-speed interregional systems by both the private and the public sector. These policies may address joint use of rights-of-way, identification and preservation of transportation corridors, and joint development of stations and other facilities.
