

**RCW 91.08.110 Bridging part of cost.** Whenever in aid of the construction or widening of any such waterway it shall be necessary to cross or disturb any existing public highway or railroad, the cost of bridging the waterway or otherwise substantially continuing the highway or railroad may be ascertained and paid as a part of the cost of the improvement if such cost is not otherwise provided for. [1911 c 23 § 9; RRS § 9785.]
