**Reviser's Note:** RCW 34.04.058 requires the use of underlining and deletion marks to indicate amendments to existing rules, and deems ineffectual changes not filed by the agency in this manner. The bracketed material in the above section does not appear to conform to the statutory requirement.

**WAC 286-04-020 Organization and operations.** (1) The interagency committee for outdoor recreation is an unsalaried committee consisting of the (a) commissioner of public lands, (b) secretary of the department of transportation, (c) director of the ecology department, (d) director of the game department, (e) director of the fisheries department, (f) director of the parks and recreation commission, (g) director of the department of commerce and economic development, and five citizens appointed by the governor from the public-at-large for a term of three years. The chairman of the committee is appointed by the governor from the five citizen members.

(2) The interagency committee was created by Initiative 215 (Marine Recreation Land Act of 1964). It is authorized to allocate and administer funds to local and state agencies from the state general fund outdoor recreation account. This account includes monies derived

from (a) unclaimed marine fuel tax refunds; (b) sales of bonds under Referenda 11, 18, and 28; (c) the state apportionments of the federal land and water conservation funds, and (d) from such other sources as the legislature may provide.

(3) The interagency committee is authorized and obligated to prepare, maintain and update a comprehensive state-wide outdoor recreation and open space plan.

(4) The interagency committee does not operate any outdoor recreation facilities.

(5) The work of the interagency committee is performed by a staff under the direction of an administrator appointed by the committee. The office of the committee and its staff is 4800 Capitol Boulevard, Mail Stop KP-11, Tumwater, Washington 98504.

[Statutory Authority: Chapter 43.99 RCW. 79-09-124 (Order 79-1), § 286-04-020, filed 9/5/79; 78-03-032 (Order 78-1), § 286-04-020, filed 2/17/78; Order 3, § 286-04-020, filed 7/31/73; Order 1, § 286-04-020, filed 12/10/71.]

**WAC 286-04-030 Goals and objectives.** The goals of the interagency committee for outdoor recreation are to: (1) provide funds and planning assistance for acquisition and development and use of outdoor recreation resources in a manner to maximize preservation of the natural quality of the environment; (2) provide funds and planning assistance for a system of public recreational facilities and opportunities for state residents and visitors; (3) aid local government, with funds and planning assistance, in providing the type of facilities which, under its jurisdiction, will best serve the local needs for outdoor recreation; (4) encourage programs which promote outdoor education, skill development participation opportunity and proper husbandry of recreation resources. [Statutory Authority: Chapter 43.99 RCW. 79-09-124 (Order 79-1), § 286-04-030, filed 9/5/79; Order 3, § 286-04-030, filed 7/31/73.]

**WAC 286-04-060 Participation manuals.** The interagency committee shall cause to be formulated for use by project applicants, potential applicants, sponsors, and others participation manuals that describe the procedures to be followed in order to conform to the policies of the committee. Such participation manuals shall not have the force and/or effect of Washington administrative code rules.

Proposed participation manuals shall be considered by the committee in an open public meeting and may be approved, by resolution or motion, with a quorum of the members present. Informal notice of such considerations will be given by distribution of the agenda for the meeting, press releases, or other such means.

Project applicants, sponsors, or other interested parties may petition the administrator for a waiver or waivers of those items dealing with general administrative matters and procedures within the participation manuals. Determinations on petitions for waivers made by the administrator are subject to review by the interagency committee at the request of the petitioner.

Petitions for waivers of subject matter dealing with committee policy, and those petitions that in the judgment of the administrator require committee review, shall be referred to the interagency committee for its deliberation.

Petitions for waivers referred to the interagency committee may be granted after consideration by the interagency committee at an open public meeting with a quorum of the members present. [Statutory Authority: Chapter 43.99 RCW. 79-09-124 (Order 79-1), § 286-04-060, filed 9/5/79; 78-03-032 (Order 78-1), § 286-04-060, filed 2/17/78.]

**WAC 286-04-070 Administrative authority.** The administrator for the interagency committee is delegated the authority and responsibility to carry out policies of the interagency committee. Such authority includes, but is expressly not limited to, the authority to:

(1) Administer the programs of the interagency committee;

(2) Employ, discipline, and terminate staff, consistent with applicable merit system rules;

(3) Approve master list projects of state agencies;

(4) Assure that all projects proposed for federal aid conform with federal rules and regulations; and

(5) Enforce all applicable rules, regulations and requirements established by the interagency committee or reflected in the laws of the state. [Statutory Authority: Chapter 43.99 RCW. 79-09-124 (Order 79-1), § 286-04-070, filed 9/5/79.]

**WAC 286-04-080 Federal overlay and requirements.** The interagency committee's grant-in-aid program is closely interrelated with both the land and water conservation fund and the urban park and recreation recovery acts, each of which is administered by the heritage conservation and recreation service of the United States department of interior. The result of this interrelationship is that there are many federal requirements imposed upon the interagency committee and applicants to the interagency committee, over which the interagency committee has no control.

Many of these requirements may be found in the heritage conservation and recreation service grant-in-aid manual. In addition, most of the federal requirements are restated or clarified in the participation manuals. [Statutory Authority: Chapter 43.99 RCW. 79-09-124 (Order 79-1), § 286-04-080, filed 9/5/79.]

286-16-010	Scope of chapter.
286-16-020	Eligibility for funding assistance.
286-16-030	Apportionment of monies between state and local agencies.
286-16-035	Applications—Deadlines.

286-16-070	State agency requirements.
286-16-080	Grant-in-aid policy.

**WAC 286-16-010 Scope of chapter.** This chapter contains rules affecting the eligibility of local and state agencies to share outdoor recreation account money for eligible projects available from or through the Interagency Committee except for funds deposited in the Outdoor Recreation Account to be administered and distributed by the Interagency Committee for Outdoor Recreation for the planning, acquisition, development and management of Off-Road Vehicle trails and areas. [Statutory Authority: Chapter 43.99 RCW. 78-03-032 (Order 78-1), § 286-16-010, filed 2/17/78; Order 3, § 286-16-010, filed 7/31/73.]

**WAC 286-16-020 Eligibility for funding assistance.** Only public agencies authorized to acquire or improve public outdoor recreation land, including Indian tribes now or hereafter recognized as such by the federal government for participation in the Land and Water Conservation Fund, are eligible for funding assistance by the Interagency Committee. [Statutory Authority: Chapter 43.99 RCW. 78-03-032 (Order 78-1), § 286-16-020, filed 2/17/78; Order 3, § 286-16-020, filed 7/31/73.]

**WAC 286-16-030 Apportionment of monies between state and local agencies.** Unless otherwise specified in the enabling legislation, which shall be construed to include appropriation bills enacted into law, monies from all sources, including the United States government, shall be divided into two equal shares, one for aid to state agencies and one for aid to local public agencies; except that this provision shall not apply to federal land and water conservation fund monies apportioned or re-apportioned from the secretary of the interior's contingency fund. [Statutory Authority: Chapter 43.99 RCW. 79-09-124 (Order 79-1), § 286-16-030, filed 9/5/79; 78-03-032 (Order 78-1), § 286-16-030, filed 2/17/78; Order 3, § 286-16-030, filed 7/31/73.]

**WAC 286-16-035 Applications--Deadlines.** (1) Acquisition project applications from local agencies must be submitted to the interagency committee at least five months prior to a scheduled funding meeting to be considered at that meeting. Development project applications from local agencies must be submitted at least six months prior to a scheduled funding meeting to be considered at that meeting. Project applications from local agencies that are not completed in the manner required by these rules and the participation manuals will not be considered by the interagency committee unless all of the required material is on file with the interagency committee at least 30 days preceding a funding meeting at which the projects are to be considered for funding.

(2) These deadlines must be complied with unless an agency requests and is granted by the administrator a waiver of a particular deadline. [Statutory Authority: Chapter 43.99 RCW. 79-09-124 (Order 79-1), § 286-16-035, filed 9/5/79.]

**WAC 286-16-040 Matching requirements.** (1) Local agencies--matching requirements. (a) Insofar as it is possible under the state-wide outdoor recreation plan, local project applications will be administered and approved for funding from the outdoor recreation account in a manner that will maximize federal assistance available for the benefit of state and local outdoor recreation projects in Washington.

(b) The interagency committee will not approve any local project where the local share is less than 25 percent of the total project cost, with the remaining share of up to, but not exceeding, 75 percent being composed of state funds, federal funds, or state and federal funds, regardless of federal source. Local agencies must provide written assurance at least 30 days, unless a shorter period is authorized, preceding the funding meeting during

which any project is to be considered for funding assistance that funds and/or resources are available to provide the required local share of the project.

(c) The local share can be local funds, certain federal funds, or the value of private donated property, equipment, equipment use, labor, or any combination thereof. Private donated real property or the value of that property must consist of real property (land and facilities) which would normally qualify for interagency committee grant-in-aid funding.

(2) State agencies -- matching requirements. (a) The interagency committee may approve 100 percent funding from the outdoor recreation account for projects proposed by state agencies.

(b) If federal matching money, regardless of federal source, is available, the state agency may be assisted by interagency committee funds so as to achieve 100% funding. [Statutory Authority: Chapter 43.99 RCW. 79-09-124 (Order 79-1), § 286-16-040, filed 9/5/79; 78-03-032 (Order 78-1), § 286-16-040, filed 2/17/78; Order 3, § 286-16-040, filed 7/31/73.]

**WAC 286-16-050 Projects eligible for funding.** Projects eligible for funding are (1) acquisition and (2) development projects which encompass the goals and objectives contained in WAC 286-04-030.

As a general rule only those project costs which are eligible under the Federal Land and Water Conservation Fund Act as specified in the land and water conservation fund manual will be eligible for consideration by the interagency committee. However, from time to time the interagency committee decides as a matter of policy that certain project costs are either eligible or ineligible irrespective of the status of those project costs under the Land and Water Conservation Fund Act. [Statutory Authority: Chapter 43.99 RCW. 79-09-124 (Order 79-1), § 286-16-050, filed 9/5/79; Order 3, § 286-16-050, filed 7/31/73.]

**WAC 286-16-060 Local agency requirements.** Local government agencies desiring to participate in the grant-in-aid program must provide evidence to the administrator of the interagency committee, at least 30 days before submittal of application, unless a shorter time is authorized by the administrator, that they have a current comprehensive park and recreation plan in effect or that such a plan is currently in the process of being prepared.

Before the interagency committee will consider any project proposed by a local agency, the agency must have on file with the interagency committee an accepted comprehensive park and recreation plan completed in accordance with the participation manuals. To be complete, the comprehensive park and recreation plan must include:

(1) An officially adopted comprehensive plan of the area within the agency's jurisdiction which includes a park and recreation element, or a separate park and recreation plan;

(2) A current six year capital improvement program reported on forms prescribed by the interagency committee; and

(3) A current inventory of public outdoor recreation lands managed by the applicant agency, reported on forms prescribed by the interagency committee.

The completed comprehensive park and recreation plan must be on file and accepted at least 30 days preceding the funding meeting at which a project is to be considered for funding unless a shorter time is authorized by the administrator. Upon acceptance of the plan by the administrator of the interagency committee, the local agency is granted eligibility to submit applications for funding for a five year period unless otherwise specified by the administrator. [Statutory Authority: Chapter 43.99 RCW. 79-09-124 (Order 79-1), § 286-16-060, filed 9/5/79; Order 3, § 286-16-060, filed 7/31/73.]

**WAC 286-16-070 State agency requirements.** Before the interagency committee will consider any project proposed by a state agency, that agency must submit to the interagency committee a six-year capital improvement program which shall include a long term statement of agency outdoor recreation acquisition and development goals. [Statutory Authority: Chapter 43.99 RCW. 78-03-032 (Order 78-1), § 286-16-070, filed 2/17/78; Order 3, § 286-16-070, filed 7/31/73.]

**WAC 286-16-080 Grant-in-aid policy.** State aid for acquisition or development of outdoor recreation land is intended to supplement and expand the existing capacity of a state or local agency; it is not intended to supplant the agency's own program, or to reimburse the agency for the cost of projects it would have undertaken without the state matching money. Therefore, except as hereinafter provided, the interagency committee will not approve the disbursement of outdoor recreation funds for a project when land has been purchased or the development has been undertaken before the interagency committee has approved the project and a project contract has been signed.

(1) Retroactive costs. Acquisition: Retroactive costs on an acquisition project are those costs incurred after receipt of application but prior to the execution of the project contract.

(a) When it is determined by an applicant that an emergency exists, which may jeopardize the project, the administrator may, upon a showing in writing of necessity for action prior to normal processing of the application, grant permission to proceed by issuance of a written waiver of retroactivity which letter will not be construed as a qualitative approval of the proposed project, but if the project is subsequently approved, the costs thus incurred will be eligible for assistance. If the project is to remain eligible for grant-in-aid support from federal funds, the administrator shall not grant a waiver of retroactivity to the applicant agency until the federal agency administering the federal funds has issued its own waiver of retroactivity as provided under its rules and regulations.

(b) After a project application for acquisition has been approved by the interagency committee, the sponsor agency will not lose its approved state assistance because it thereafter acquires the subject property prior to action on the agency's application for assistance from a federal agency if (1) the sponsor requests in writing, and receives the permission of the administrator to purchase and (2) the federal agency has notified the administrator that acquisition of the land will not jeopardize the proposed federal funding.

(2) Retroactive costs. Development: Retroactive costs on a development project are defined as those site improvement and/or construction costs incurred prior to execution of the project contract. Retroactive development costs as defined herein are not eligible for reimbursement.

(3) Preliminary expense. Development: Preliminary expense on a development project is defined as consisting of costs incurred prior to project approval, other than on-site preparation costs, that are necessary for the preparation of a development project. Preliminary expense attributable to a development project may be eligible for reimbursement, but only if it is specifically mentioned in the project application.

(4) Cost increases. Cost increases for approved projects may be granted by the interagency committee provided that financial resources are available.

(a) If an agency has applied for financial assistance for an outdoor recreation project, and the project has been approved, the sponsor agency may request the interagency committee to increase such financial assistance and the request shall be considered on its merits.

(b) If an approved project recommended for federal funding is denied by the appropriate federal agency, the sponsor agency may request the interagency committee increase the state fund assistance by an equivalent amount and the request shall be considered on its merits.

(c) The administrator has the authority to grant cost increase requests submitted by an agency so long as the total of those requests does not exceed 10 percent of the approved total cost for a development project. The administrator also has the authority to grant cost increase requests submitted by an agency for individual parcels of land in an acquisition project so long as the total of those requests for each parcel does not exceed 10 percent of the approved cost for each parcel of land for which a cost increase is requested. [Statutory Authority: Chapter 43.99 RCW. 79-09-124 (Order 79-1), § 286-16-080, filed 9/5/79; 78-03-032 (Order 78-1), § 286-16-080, filed 2/17/78; Order 76-2, § 286-16-080, filed 6/30/76; Order 3, § 286-16-080, filed 7/31/73.]

**WAC 286-24-010 Scope of chapter.** This chapter contains rules relating to the manner of funding projects and the duties of an agency after its project has been funded in whole or part with monies, other than Off-Road Vehicle funds, administered by the Interagency Committee. [Statutory Authority: Chapter 43.99 RCW. 78-03-032 (Order 78-1), § 286-24-010, filed 2/17/78; Order 3, § 286-24-010, filed 7/31/73.]

**WAC 286-24-015 Final decision.** The interagency committee will review all staff recommendations for grant-in-aid projects at regular scheduled funding sessions. The interagency committee retains the authority and responsibility to accept or deviate from staff recommendations and it alone has the authority to make the final decision concerning the funding of a project. [Statutory Authority: Chapter 43.99 RCW. 79-09-124 (Order 79-1), § 286-24-015, filed 9/5/79.]

**WAC 286-24-020 Project contract.** For every funded project, a project contract must be executed as provided in this section.

(1) The project contract shall be prepared by the interagency committee staff subsequent to approval of the project by the committee at a public meeting. The administrator or his designee shall execute the contract on behalf of the interagency committee and tender the document to the grantee agency for execution. Upon execution by the grantee agency the parties will thereafter be bound by the project contract terms. The grantee agency

may not proceed with the project until the project contract has been executed unless specific authorization pursuant to WAC 286-16-080(1)(a) has been given by the administrator.

(2) If the project is approved by the interagency committee to receive grant-in-aid from the federal land and water conservation fund, the administrator or his designee shall not execute a project contract with the grantee agency until the federal funding has been authorized through the execution of a concurrent project agreement between the interagency committee and the United States Department of the Interior, Heritage Conservation and Recreation Service. [Statutory Authority: Chapter 43.99 RCW. 79-09-124 (Order 79-1), § 286-24-020, filed 9/5/79; 78-03-032 (Order 78-1), § 286-24-020, filed 2/17/78; Order 3, § 286-24-020, filed 7/31/73.]

**WAC 286-24-040 Disbursement of funds.** Except as otherwise provided herein the administrator or his designee will authorize disbursement of funds allocated to a project only on a reimbursable basis, after the sponsor agency has acquired or developed the outdoor recreation land with its own funds and has presented a billing showing satisfactory evidence of property rights and compliance with partial and/or total provisions of the project contract.

(1) Exception. Funds appropriated to state agencies by the legislature. State agencies are required to submit interagency committee voucher forms with the supporting documentation specified in the participation manual in effect at the time of completion of project acquisition, relocation, or development.

(2) Reimbursement method. Reimbursement must be requested by local agencies on voucher forms provided by the interagency committee and must include all documentation as detailed in the participation manual in effect at the time reimbursement is requested.

(3) Partial payment. Partial payments may be made to local sponsor agencies during the course of an acquisition or development project on a reimbursement basis upon presentation of billings showing satisfactory evidence of partial acquisition or development.

(4) Reimbursement level. The amount of reimbursement may never exceed the cash expended on the project.

(5) Direct payment. Direct payment to escrow of the interagency committee share of the approved cost of real property may be made following interagency committee approval of an acquisition project when the sponsor agency indicates the lack of financial resources to purchase the property and then seek reimbursement. The sponsor must provide the administrator a copy of a legally binding agreement between the sponsor and the seller of the real property as well as evidence of deposit of the local agency share (if any) into an escrow account before the payment of the interagency committee share to escrow will be authorized. [Statutory Authority: Chapter 43.99 RCW. 79-09-124 (Order 79-1), § 286-24-040, filed 9/5/79; 78-03-032 (Order 78-1), § 286-

24-040, filed 2/17/78; Order 3, § 286-24-040, filed 7/31/73.]

**WAC 286-24-050 Restriction on conversion of facility to other uses.** (1) Sponsors shall not at any time convert any property or facility acquired or developed with money granted to the sponsor by the interagency committee to uses other than those for which the property or facility was originally approved for funding without the prior approval of the interagency committee, in the manner provided by RCW 43.99.100 for marine recreation land, whether or not the property was acquired with Initiative 215 funds.

(2) Sponsors shall not at any time issue easements for non-recreational purposes on any property or facility acquired or developed with money granted by the interagency committee. The non-recreational uses, when determined to be compatible with the current or proposed outdoor recreation uses, may be granted under terms of a special use permit upon approval by the administrator of the interagency committee. [Statutory Authority: Chapter 43.99 RCW. 79-09-124 (Order 79-1), § 286-24-050, filed 9/5/79.]

**WAC 286-24-060 Income.** (1) Fees and charges. User or other types of fees may be charged in connection with land acquired or areas and facilities developed with interagency committee grants if the fees and charges are commensurate with the value of recreation services or opportunities furnished and are within the prevailing range of public fees and charges within the state for the particular activity involved. Unless precluded by state law, the revenue from such fees and charges may only be used to offset the expense of operation and maintenance of the facility funded in whole or in part by interagency committee grants or for accrual of capital for park acquisition and/or development.

(2) Nonrecreational income. Nonrecreational income that accrues to an outdoor recreation area described in a project contract from sources other than the intended recreational use, including income from land management practices, must derive from use which is consistent with, and complementary to, the intended outdoor recreational use of the area.

(a) Gross nonrecreational income that accrues during the project period established in the project contract will be used to reduce the total cost of the project.

(b) Gross nonrecreational income that accrues subsequent to the ending date identified in the project contract must be used only to offset the expense of operation and maintenance of the facility funded in whole or in part by interagency committee grants or for park and recreation capital acquisition and development unless precluded by state law. [Statutory Authority: Chapter 43.99 RCW. 79-09-124 (Order 79-1), § 286-24-060, filed 9/5/79.]

**WAC 286-24-070 Permanent project signs.** Permanent signs identifying that land was acquired or facilities developed with assistance from the interagency committee, and the heritage conservation and recreation service,

if applicable, are required. [Statutory Authority: Chapter 43.99 RCW. 79-09-124 (Order 79-1), § 286-24-070, filed 9/5/79.]
