WAC 174–162–305 Emergency loans collections
policy. Emergency loans are made by the office of fi-
nancial aid to assist students with short-term financial
problems. The success of this program is dependent on
timely repayment of those loans because old loans must
be collected before new loans can be made.

Emergency loans are generally made so the due date
occurs within the same quarter the loan is taken. These
loans are made for tuition and fees and a variety of
other reasons when students are faced with an emer-
gency situation or a cash flow problem. Each loan, re-
gardless of size, will be charged a $2.00 service fee.
Interest charges will not apply if the loan is repaid
within thirty days. Loans not repaid within thirty days

will be charged interest at one percent per month on the
balance outstanding on the last day of each month.

Students who do not repay their emergency loans
within thirty calendar days from their due date will have
all credit privileges canceled, and the registrar will be
advised to withhold the student's transcript and registra-
tion privileges. In the event an account becomes one
hundred twenty days past due, it will be turned over to
the collection agency for collection and/or legal action if
appropriate. [Statutory Authority: RCW 28B.40.120(11).

WAC 180-16-220 Supplemental program and basic education allocation entitlement requirements. The following requirements, while not imposed by the "Basic Education Act of 1977," are hereby established by the state board of education as supplemental conditions to a school district’s entitlement to state basic education allocation funds.

(1) Student to certificated staff ratio requirement. The ratio of students enrolled in a school district to full-time equivalent certificated employees shall not exceed twenty-three to one: Provided, That nonhigh school districts or school districts that have a student enrollment of two hundred fifty or less in grades nine through twelve may, as an alternative to the foregoing requirement, have a ratio of students to full-time equivalent certificated classroom teachers of twenty-six to one or less. For the purpose of this subsection, "certificated employees" shall mean those employees who are required by state statute or by rule of the state board of education, or by written policy of the school district to possess a professional education permit, certificate or credential issued by the superintendent of public instruction, as a condition to employment and "classroom teacher" shall be defined as in WAC 180-16-210 and the students to classroom teachers ratio shall be computed in accordance with WAC 180-16-210(1).

(2) Current and valid certificates. Every school district employee required by state statute and/or rule of the state board of education to possess a professional education permit, certificate, or credential issued by the superintendent of public instruction for his/her position of employment, shall have a current and valid permit, certificate or credential.

(3) Student learning objectives. Each school district shall have implemented a program of student learning objectives in the areas of language arts, reading and mathematics for grades kindergarten through eight and on or before September 1, 1981, for grades nine through twelve.

(a) Each school district must evidence community participation in defining the objectives of such a program.

(b) The student learning objectives of such program shall be measurable as to the actual student attainment. Student attainment shall be locally assessed annually.

(c) The student learning objectives program shall be reviewed at least every two years by the school district. SCHOOL BUS TRANSPORTATION

WAC
180-20-106 School bus operation for extracurricular use.

WAC 180-20-106 School bus operation for extracurricular use. (1) Limitations. Under provisions of RCW 28A.24.055, school buses may be used for extracurricular activities only when commercial service is "not reasonably available," and when school buses are used, districts must charge users an amount sufficient to reimburse the district for its complete cost incurred by reason of such use. Users of such school bus service shall be limited to those directly involved in extracurricular activities sponsored by the school district.

(2) Approval conditions. For practical administration of the law, approval of the state board of education is hereby granted for the use of school buses for extracurricular activities when such use is determined by the board of directors of the school district to meet the following conditions:

(a) Commercial service is not physically available at the required time; or

(b) The quoted cost for commercial service exceeds the actual costs of the school district operated buses.

[1982 WAC Supp—page 513]
(3) School district computation procedure. For the purpose of determining whether the quoted charge for the use of a commercial charter bus is "reasonable" within the intent of RCW 28A.24.055, the school district shall calculate estimated trip costs using all direct and indirect costs associated with the use of the district buses.

When the cost so computed is less than the commercial charter bus quoted cost, the school district may use the school district bus for the district-sponsored extracurricular activity. The charge to the users of such services shall be as provided in subsection (1) above. (1) "Modernization" shall mean the making of major structural changes in such facilities and may include as incidental thereto the replacement of fixtures, fittings, furnishings and service systems of a building in order to bring it up to a contemporary state consistent with the needs of changing educational programs.

(2) "School facility" shall mean the quantity and description of buildings and sites belonging to or used by a school district for instruction and services supporting instruction for specific grade levels.

(3) "Major structural change" shall mean major components of a facility contributing to the basic structure and shall not include those components such as portable partitions, free standing panels and screens, portable equipment and furnishings that do not contribute to the basic structure. [Statutory Authority: RCW 28A.47.073. 81-24-049 (Order 13-81), § 180-33-010, filed 12/1/81.]

WAC 180-33-015 Eligibility for state financial assistance. (1) In order to be eligible for state financial assistance, a modernization project shall have as its principal purpose one or more of the following:

(a) Bringing a facility into compliance with current building and health codes when so required by state or local health or safety officials rather than replacing the facility;

(b) Changing the instructional use or instructional purpose of a facility; or

(c) The reduction of the number of operating school facilities in a district by combining the remaining school facilities through modernization and new capital construction so as to achieve more cost effective and efficient operation in the combined school facility or facilities. In order to be eligible for state financial assistance, such a project shall result in additional space for at least 100 additional pupils and the following enrollment in any combined facility:

(i) Elementary school facility — 500 pupils;

(ii) Middle or junior school facility — 700 pupils;

(iii) Senior high school facility — 850 pupils.

Provided, That modernization projects in school districts with a high school enrollment of less than 850 pupils need not comply with the enrollment figures set forth above.

(2) School districts shall certify that a proposed modernization project will extend the life of the modernized school facility by at least twenty years during which time the district shall be ineligible for state matching funds for replacement of the affected facility.

(3) School districts shall be ineligible for state financial assistance where the principal purpose of a modernization project is to:

(a) Solve delayed maintenance problems;

(b) Perform piecemeal work on one section or system of a school facility;

(c) To modernize a senior high school facility in a district with a senior high school where:

(i) There is existing space available to serve the students involved or affected in a neighboring senior high school without, in the judgment of the state board of education, an undue increase in the cost of transporting the students to and from school, decrease in educational opportunity, or proportional increase in the cost of instruction; or

(ii) The operating district can be united with another district or districts for the purpose of establishing a high school of more acceptable size. [Statutory Authority: RCW 28A.47.073. 81-24-049 (Order 13-81), § 180-33-015, filed 12/1/81.]

WAC 180-33-020 Formula for calculating amount of state assistance. The extent of state financial assistance in the modernization of school facilities shall be calculated on the basis of the following formula:

Square feet of space eligible for modernization assistance as per WAC 180-33-025 times the dollar per square foot match times the percentage of state assistance to which a district is entitled under the state matching formula set forth in RCW 28A.47.803 times the state modernization matching figure as set forth in WAC 180-33-040 equals the amount of state financial assistance in modernization to which a school district shall be entitled. [Statutory Authority: RCW 28A.47.073. 81-24-049 (Order 13-81), § 180-33-020, filed 12/1/81.]

WAC 180-33-025 Space eligible for state financial assistance in modernization. Space allowance and enrollment projection provision for state matching purposes.

(1) In planning for modernization in any facility, under the provisions of (1)(a) and (1)(b) of WAC 180-33-015, a school district shall estimate capacity needs on the basis of a five-year cohort survival or adjusted cohort survival enrollment as per WAC 180-30-110(2). Any space above and beyond a school district's estimated capacity needs as calculated on the basis of a five-year cohort survival or adjusted cohort survival enrollment shall not be eligible for state financial assistance in modernization with the exception as stated in subsection (2) below.

(2) In computing the amount of eligible space for modernization, the state will match the entire facility if 3/4 of the overall square footage of the facility is eligible for state financial assistance. If less than 3/4 of the overall square footage of the facility is eligible for state financial assistance, the district shall pay the entire cost of modernizing any additional space.

(3) In determining the eligible space for modernizing vocational—technical institutes, enrollment data furnished by the school district will be reviewed by the superintendent of public instruction or his or her designee.

(4) In planning for modernization in any combined facility as per WAC 180-33-015(3)(c) a school district shall estimate enrollment in the district on the basis of a five-year cohort survival or adjusted cohort survival enrollment as per WAC 180-30-110(2). [Statutory Authority: RCW 28A.47.073. 81-24-049 (Order 13-81), § 180-33-025, filed 12/1/81.]

[1982 WAC Supp—page 515]
WAC 180-33-030 Certification of continued use.
Any facilities modernized under WAC 180-33-015 must be used for at least five years beyond the completion of modernization. Any facility modernized pursuant to this chapter shall be ineligible for additional funding pursuant to this chapter for a period of five years following completion of the modernization. School directors will pass a resolution and submit it to the state board of education that the modernized facility will be used for instructional purposes for five years after the completion of the project. If the facility is not used for instructional purposes during this five-year period, the amount of state money allocated and spent for the modernization project must be returned to the state school building construction fund. The five-year use requirement and the five year prohibition against additional modernization funding shall be waived in the event that a facility is rendered permanently unusable before the end of the five-year period by an unforeseen natural event. The definition of "unforeseen natural event" shall be as set forth in RCW 28A.41.170. [Statutory Authority: RCW 28A.47.073. 81-24-049 (Order 13-81), § 180-33-030, filed 12/1/81.]

WAC 180-33-035 Minimum projects—Ten percent of replacement costs. State assistance in modernization of school facilities shall be limited to projects for which the estimated cost of major structural change is not less than ten percent of the estimated cost of replacement with a comparable facility computed on the basis of the prevailing square foot cost of state support as in WAC 180-30-115 set forth. If an emergency rendering the facility unusable exists within the district, necessitating modernization under WAC 180-33-015(1)(a), the state board of education may waive the ten percent requirement. [Statutory Authority: RCW 28A.47.073. 81-24-049 (Order 13-81), § 180-33-035, filed 12/1/81.]

WAC 180-33-040 Maximum costs eligible for state matching purpose—Eighty percent of replacement cost. The cost of an approved modernization project in excess of eighty percent of the estimated cost per square foot of replacement with a comparable facility computed on the basis of the prevailing square foot cost level of state support as in WAC 180-30-115 set forth shall be paid from school district local funds applied toward the modernization cost in accordance with the statutory formula governing basic support level as in WAC 180-30-100 through 180-30-117 and 180-30-125 through 180-30-135 set forth. [Statutory Authority: RCW 28A.47.073. 81-24-049 (Order 13-81), § 180-33-040, filed 12/1/81.]

WAC 180-33-045 Architectural and engineering services. In the allocation of state funds for an approved modernization project, architectural and engineering services eligible for state matching purposes shall not exceed one and one-half times the architectural and engineering services as in WAC 180-30-120 set forth. [Statutory Authority: RCW 28A.47.073. 81-24-049 (Order 13-81), § 180-33-045, filed 12/1/81.]

WAC 180-33-050 Survey of existing facilities as prerequisite. (1) A survey of facilities proposed for modernization conducted under the direction of the superintendent of public instruction shall be a prerequisite for consideration of an application for state participation in financing of a modernization project.
(2) Upon determination by the superintendent of public instruction that the survey indicates the proposed modernization project is consistent with the project eligibility requirements hereinbefore in chapter 180-33 WAC set forth, the school district shall provide such information and data on forms prescribed for that purpose as may be necessary to determine the eligibility of the school district for state assistance and the amount of such assistance allocable under state board of education regulations. [Statutory Authority: RCW 28A.47.073. 81-24-049 (Order 13-81), § 180-33-050, filed 12/1/81.]

WAC 180-33-055 Regulations governing. In addition to the regulations hereinbefore in chapter 180-33 WAC prescribed; all regulations governing the basic assistance program prescribed in chapter 180-30 WAC shall govern administration of state participation in financing modernization of school facilities: Provided, That compliance with those regulations not pertinent to modernization projects as determined by the superintendent of public instruction shall not be required. [Statutory Authority: RCW 28A.47.073. 81-24-049 (Order 13-81), § 180-33-055, filed 12/1/81.]

The superintendent of public instruction shall determine procedures and forms for the administration of state participation in financing modernization of school facilities, such procedures and forms to be in addition to or in lieu of procedural requirements prescribed in chapter 180-30 WAC. [Statutory Authority: RCW 28A.47.073. 81-24-049 (Order 13-81), § 180-33-060, filed 12/1/81.]

SCHOOL ACCREDITATION

WAC

180-55-005 Statutory authority. Pursuant to provision of RCW 28A.04.120(4), the state board of education hereby establishes standards and procedures for accreditation of all schools as hereinafter set forth. [Statutory Authority: RCW 28A.04.120(4). 81-08-027 (Order 2-85), § 180-55-005, filed 3/26/81.]

180-55-010 Intent and purposes. (1) Intent. It is the intent of the state board of education to establish accreditation procedures in which participation by schools is voluntary and by which such procedures: (a) Enhance the quality of a school's educational program.

(b) Facilitate a comprehensive self-examination of the school including but not limited to: Program planning, program balance, human and material resources, services and facilities.

(c) Provide means whereby such self-examination may be validated by objective observers.

(d) Promote the subsequent implementation of an effective plan for program improvement.

(e) Provide maximum flexibility to the district and the school by making available different procedures for accreditation.

(f) Provide assurance to the public that students in an accredited elementary school have available a program containing a comprehensive foundation of knowledge and learning skills.

(g) Provide assurance to the public that students in an accredited middle school or junior high school have available a program containing an expanded and reinforced foundation of knowledge and learning skills, a variety of introductory and survey courses that offer exploratory opportunities to meet emerging individual student interests, and a suitable transitional experience designed to provide a bridge from elementary to secondary instructional organization.

(h) Provide assurance to the public that students in an accredited comprehensive secondary school have available a program in which they can prepare for the requirements of higher education and/or occupational opportunities.

(2) Purposes. The provision of school accreditation procedures by the state board of education is designed to serve the following purposes:

(a) Improve the general quality of the educational program at a school.

(b) Promote staff growth and commitment.

(c) Promote improved community awareness of and sensitivity to the school program.

(d) Provide a statement of accountability to the public.

(e) Fulfill such assessment and planning requirements as may exist. [Statutory Authority: RCW 28A.04.120(4). 81-08-027 (Order 2-85), § 180-55-010, filed 3/26/81.]

WAC 180-55-015 Definitions. (1) An accredited school is a public or an approved private school that meets all statutory provisions for schools in the state of Washington and all regulations established by the state board of education, and one that has completed either self-study or standards-only accreditation procedures as described by the state superintendent of public instruction pursuant to RCW 28A.04.120(4) and WAC 180-55-005 through 180-55-135.

(2) "Accredited" status shall be assigned to public or approved private schools that:

(a) Complete and meet substantially the requirements for self-study accreditation procedures as described in WAC 180-55-040 through 180-55-065, or;

(b) Complete and meet substantially the requirements for standards-only accreditation procedures as described in WAC 180-55-070 through 180-55-135; or

(c) Participate and qualify in accordance with standards and procedures established by the Northwest Association of Schools and Colleges (NWASC).

(3) "Self-study" shall mean an approved comprehensive set of needs-assessment and program improvement
WAC 180-55-020 Compliance with requirements for entitlement to basic education allocation funds or approved private school status. (1) Public schools.

(a) District compliance. Certification by the state board of education of compliance by a school district's program pursuant to provisions of "basic education allocation entitlement requirements" or receipt of waiver therefrom (WAC 180-16-191 through 180-16-225) shall be prerequisite to a public school's participation in accreditation activities and to a public school's receipt of any accreditation status from the state board of education. Such requirements hereby are included within the standards upon which accreditation is conditioned.

(b) School contribution to district compliance with requirements for entitlement to basic education allocation funds. Each school engaged in the state board of education's accreditation procedures must review the school's contribution to district compliance with such entitlement requirements (WAC 180-16-191 through 180-16-225). Although these entitlement requirements are enforced at the district level rather than at the individual school, the intent of this review shall be to serve the following purposes:

(i) Increase the awareness of and familiarity with such entitlement requirements by staff and community members.

(ii) Identify those instances where district compliance is affected adversely by the school.

(iii) Prepare rationale or proposals for corrective action in such instances.

(c) Assessment of school compliance with supplemental program standards. Supplemental program standards (WAC 180-16-240), if unmet, do not affect basic education allocations to the district. At the school level, however, failure to comply with these standards may create an adverse impact on the instructional program. Therefore, each school engaged in the state board of education's accreditation procedures must review the school's compliance with these standards in order to serve the following purposes:

(i) Increase the awareness of and familiarity with supplemental program standards by staff and community members.

(ii) Identify those instances where district compliance is affected adversely by the school.

(iii) Prepare rationale or proposals for corrective action in such instances.

(2) Private schools. Certification by the state board of education of compliance by a private school with the approval requirements of chapter 180-90 WAC shall be prerequisite to a private school's participation in the state board of education's accreditation activities and to a private school's receipt of any accreditation status from the state board of education. Such requirements hereby are included within the standards upon which accreditation is conditioned. [Statutory Authority: RCW 28A.04.120(4). 81-08-027 (Order 2-85), § 180-55-020, filed 3/26/81.]
omissions in major required self-study components or procedures.

2 Standards–only procedures:
   a Standard accreditation – two years, shall be
   granted to a school upon submission and approval of a
   standards–only accreditation document. Renewal of
   standard accredited status through continuing use of the
   appraisal procedure is required biennially.

   b Conditional accreditation, is limited to a one year
   period, and shall be designated for a school where vali-
   dation identifies minor deviations, omissions or weak-
   nesses in the school program in the area(s) of the
   accreditation standards. Such status must be improved
to standard accreditation the following year or the
school will be reclassified downward in accreditation
status.

   c Probationary accreditation, is limited to a one year
   period, and shall be designated for a school where vali-
   dation identifies major omissions, inaccuracies, or weak-
   nesses in the program in the area(s) of the
   accreditation standards, or, for a school where prior
   conditional rating has not been upgraded. If upgraded
   accreditation status is not achieved by the end of the one
   year period, the school will be reclassified as unaccredited.

   d Unaccredited status is assigned to a participating
   school that fails to upgrade probationary accreditation
   status within the prescribed time limits or to a partici-
   pating school that has drastic inadequacies or omissions
   in major standards.

3 Nonparticipating schools. Schools electing not to
   participate in accreditation procedures will be considered
   as "nonparticipating." [Statutory Authority: RCW
   28A.04.120(4). 81–08–027 (Order 2–85), § 180–55–030,
   filed 3/26/81.]

WAC 180–55–030 Administration of accreditation
   procedures. The following general procedures hereby are
   established to effect the state board of education's school
   accreditation program:

   1 Application. Application for school accreditation
   shall be made to the state superintendent of public in-
   struction on or before the first day of November. Such
   application shall be submitted jointly by the appropriate
   officials of the school and school district in accordance
   with procedures and timelines established by the state
   superintendent. The state superintendent may place
   yearly limits on the number of schools authorized to
   participate in self-study accreditation procedures de-

   2 Self-studies, reviews, examinations. The state su-
   perintendent of public instruction shall direct a program
   of self–studies, reviews, and examinations as specified in

   3 Validations. The state superintendent of public in-
   struction shall direct such validation activities as are
   necessary to implement WAC 180–55–035.

   4 Findings and recommendations. The state superin-
   tendent of public instruction upon determining whether
   the school meets statutory and state board of education
   requirements for accreditation shall submit his findings
   and recommendations to the state board of education.
   [Statutory Authority: RCW 28A.04.120(4). 81–08–027
   (Order 2–85), § 180–55–030, filed 3/26/81.]

WAC 180–55–035 Validation of accreditation activ-
   ities. Validation of school accreditation activities shall be
   a necessary final step preceding the assignment of any
   accredited status to a school by the state board of edu-
   cation. Validation activities shall be conducted by per-
   sons external to the school and district concerned. Each
   school participating in a self-study accreditation proce-
   dure shall nominate three or more staff members for the
   state validation pool. Such persons may be called upon
   to serve as members of visiting teams assigned to vali-
   date other schools' self-study procedures and plans for
   program improvement. No persons so designated shall
   be required to serve as a visiting team member more
   than twice during the ensuing two years, after which the
   school's foregoing obligation expires.

   Validation of either self–study or standards–only ac-
   creditation activities shall include a review of a public
   school's rationale or proposals for corrective action in
   instances where such a school adversely impacts a dis-
   trict's ability to comply with requirements for entitle-
   ment to basic education allocation funds (WAC 180–
   16–191 through 180–16–225) and/or supplemental pro-
   gram standards (WAC 180–16–240).

   1 Self-study accreditation validation. Validation of
   one of the three types of self–study accreditation activi-
   ties described in WAC 180–55–050 through 180–55–065
   and the subsequent plan for program improvement shall
   be administered by the state superintendent of public in-
   struction and conducted by visiting teams appointed by
   the state superintendent. Such teams shall at least re-
   view and examine the following areas:

   a The thoroughness and adequacy of the planning
   and preparation activities leading to the self–study.

   b The levels of participation, comprehensiveness,
   and validity of the findings of the self–study.

   c The feasibility and comprehensiveness of the plan
   for program improvement, with particular attention
given to:

   i Fiscal practicability.

   ii The relationship between the self–study and the
   prioritized goals of the improvement plan.

   d Evidence of appropriate implementation plans and
   activities including:

   i Timeline.

   ii Task and assignments; responsibilities.

   iii Internal monitoring and evaluation procedures.

   iv Feedback and revision procedures.

   2 Standards–only accreditation validation. Valida-
   tion of standards–only accreditation activities shall be
   conducted by audit committees appointed by the state
   superintendent of public instruction. Such committees
   shall utilize such means and measures as the state su-
   perintendent deems appropriate to assess school compli-
   ance with pertinent accreditation standards. [Statutory
   Authority: RCW 28A.04.120(4). 81–08–027 (Order 2–
   85), § 180–55–035, filed 3/26/81.]

SELF-STUDY ACCREDITATION

WAC 180-55-040 Self-study--Approval to participate. Approval to participate in self-study accreditation procedures must be obtained from the state superintendent of public instruction prior to beginning official activities. Such approval is contingent upon proper completion of the application procedures described in WAC 180-55-030(1) and is subject to participation limits authorized therein. The input/standards assessment procedures shall emphasize the following: (1) Standards for adequate resources.
