acres of land, as described in the state's lease with the United States government executed September 10, 1964, lying within the Hanford Reservation. [Statutory Authority: RCW 43.21F.075(2). 82–11–005 (Order 82–1), § 194–16–030, filed 5/7/82.]

WAC 194–16–040 Perpetual care and maintenance fee. (1) Any subleasee of the state who stores, disposes, or buries radioactive materials or waste at a facility shall pay a perpetual care and maintenance fee. (2) The perpetual care and maintenance fee shall be one dollar seventy-five cents per cubic foot of radioactive material or waste buried or permanently stored at a facility. [Statutory Authority: RCW 43.21F.075(2). 82–11–005 (Order 82–1), § 194–16–040, filed 5/7/82.]

WAC 194–16–050 PCM fee—Method of payment. (1) The perpetual care and maintenance fee shall be due on a quarterly basis for the quarters ending January 15, April 15, July 15, and October 15. All perpetual care and maintenance fee payments shall be paid within forty-five days after the due date. (2) Perpetual care and maintenance payments shall be by check, draft, or money order payable to the Washington state energy office. [Statutory Authority: RCW 43.21F.075(2). 82–11–005 (Order 82–1), § 194–16–050, filed 5/7/82.]

WAC 194–16–060 PCM fee—Disposition. (1) Upon receipt of perpetual care and maintenance fee payments, the office shall transmit such payments to the state treasurer for deposit in the perpetual maintenance account authorized by RCW 43.21F.075(2). (2) Moneys in the perpetual maintenance account shall be invested by the state investment board in the same manner as other state moneys. Any interest accruing as a result of investment shall accrue to the perpetual maintenance account. (3) The office shall maintain a segregated account of perpetual care and maintenance fee payments which are deposited in the perpetual maintenance account. (4) The office, in consultation with the state radiation control agency, shall periodically evaluate the perpetual care and maintenance fee to determine whether it will provide adequate financing to assure perpetual care and maintenance of a closed facility. Any adjustments to the fees shall be made by rule adopted pursuant to chapter 34.04 RCW. [Statutory Authority: RCW 43.21F.075(2). 82–11–005 (Order 82–1), § 194–16–060, filed 5/7/82.]

WAC 194–16–070 Severability. If any portion of this chapter or its application to any person or circumstance is held invalid, the remainder of this chapter, or the application of the provision to other persons or circumstances, shall not be affected. [Statutory Authority: RCW 43.21F.075(2). 82–11–005 (Order 82–1), § 194–16–070, filed 5/7/82.]

WAC 196–12–010 Applications. The deadline for receipt of applications properly filled out and accompanied by the application fee is four months before the date of the examination. Verification of the applicant's claimed experience must be in the board office two months before the date of the examination. Applications received after the deadline will be held for consideration for a later examination. Lack of verification of experience will also cause the application to be held for a later examination. Those who have previously taken the examination and failed or those who qualified and did not appear for the examination are required to notify the
board office in writing two months before the next examination which they intend to take. An entire application is not required where an applicant has taken the examination and failed or who has filed and failed to appear for the previous examination. [Statutory Authority: RCW 18.43.035. 82–01–064 (Order 81–10), § 196–12–010, filed 12/18/81; Order PL 224, § 196–12–010, filed 11/5/75; Order PL–129, § 196–12–010, filed 7/27/72; Order 11, § 196–12–010, filed 9/12/68; Rule II A, filed 11/15/65; Rule II A, filed 8/4/64; Rule I A, filed 12/26/62.]

WAC 196–12–020 Experience records. (1) Evaluation of records: The basic requirement for registration as a professional engineer is a specific record of eight years or more of approved experience in engineering work of a professional grade. The provisions of the law are that any experience by college study, as defined below, must be substantiated by an official transcript, the supplying of which is the responsibility of the applicant.

(a) Graduation in an approved engineering college curriculum of four years is equivalent to four years of the required experience.

(b) Satisfactory completion of each year of such an approved engineering curriculum is equivalent to one year of experience.

(c) Graduation in a curriculum other than engineering will be evaluated by the board.

(d) Postgraduate study in engineering may be given credit up to one year.

(e) Engineering teaching of a character satisfactory to the board may be recognized as engineering experience, up to a maximum of two years.

(2) Colleges recognized by the board: All student's credits from curricula approved by the accreditation board for engineering and technology are accepted. In the state of Washington student's credits from other curricula than those approved by the accreditation board for engineering and technology may be accepted at the discretion of the board. [Statutory Authority: RCW 18.43.035. 82–01–064 (Order 81–10), § 196–12–030, filed 12/18/81; Order PL–129, § 196–12–030, filed 7/27/72; Order PL–115, § 196–12–030, filed 11/24/71; Order 11, § 196–12–030, filed 9/12/68; Rule I IC, filed 11/15/65, 8/4/64; Rule IC, filed 12/26/62.]

WAC 196–12–031 Repealed. See Disposition Table at beginning of this chapter.

WAC 196–12–050 Evaluation of candidates for engineering licenses. (1) A candidate who has received his E.I. T. registration by examination is excused from the fundamentals examination and is required to write only the branch examination with a minimum grade of seventy percent.

(2) Candidates who have not passed an E.I. T. examination and who write fundamental and branch examinations, must receive a grade of at least seventy percent in each examination.

(3) Candidates holding a baccalaureate degree in an accredited engineering curriculum who have had at least seventeen additional years of experience satisfactory to the board (after the statutory eight years of experience) may have the fundamental examination waived and be permitted to write the branch examination only. These candidates must attain seventy percent minimum in this examination.

(4) Registration in any additional branch of engineering (see WAC 196–24–050) requires a minimum passing grade of seventy percent on the written examination in that branch.

(5) A professional land surveyor seeking registration as a professional engineer should refer to WAC 196–12–020. [Statutory Authority: RCW 18.43.035. 82–01–064 (Order 81–10), § 196–12–050, filed 12/18/81; Order PL 181, § 196–12–050, filed 1/28/75; Order PL–121, § 196–12–050, filed 5/3/72; Order ELS 7001, § 196–12–050, filed 5/18/70; Order 11, § 196–12–050, filed 9/12/68; Rule IID, filed 11/15/65, 8/4/64; Rule IE, filed 12/26/62.]
WAC 196–12–060 Holders of E.I.T. certificates. (1) At any time after the holder of an E.I.T. certificate has fulfilled the requirements of four additional years of approved professional experience, he may submit a new application for registration completely filled out, notarized and accompanied by the required fee. The portion of the application, "professional experience", shall be filled out in detail, giving names and addresses of employers and names of those familiar with work performed and indicating level of responsibility in each engagement. Washington state E.I.T.'s are not required to submit a second transcript of college record except for postgraduate study claimed as professional experience. It is absolutely essential for the applicant to indicate clearly in his professional application the fact that he holds E.I.T. registration, and the year and state in which he obtained such registration, otherwise he may not receive credit for his E.I.T. examination.

(2) Holders of E.I.T. certificates will appear for examination in the specific branch of engineering under which they desire registration. [Statutory Authority: RCW 18.43.035. 82–01–064 (Order 81–10), § 196–12–060, filed 12/18/81; Order PL 224, § 196–12–060, filed 11/5/75; Order 11, § 196–12–060, filed 9/12/68; Rule IIE, filed 11/15/65, 8/4/64; Rule IF, filed 12/26/62.]

WAC 196–12–075 Repealed. See Disposition Table at beginning of this chapter.

WAC 196–12–080 Repealed. See Disposition Table at beginning of this chapter.

WAC 196–12–085 Corporation or joint stock associations. Corporations or joint stock associations shall file:

(1) A letter of application containing a brief statement of the corporation's origin, activities, and principals. Said letter should also state the type, or types, of engineering practiced, or to be practiced by such corporation. Type or types are limited to the branches currently being issued by the board. Application shall be signed and attested by a corporate officer.

(2) The application for certificate of authorization shall state the experience of the corporation, if any, in furnishing engineering services during the preceding five year period and state the experience of the corporation, if any, in the furnishing of all feasibility and advisory studies made within the state of Washington.

(3) A certified copy of a resolution of the board of directors of the corporation which shall designate a person holding a certificate of registration under this chapter as responsible for the practice of engineering by said corporation in this state and shall provide that full authority to make all final engineering decisions on behalf of said corporation with respect to work performed by the corporation in this state shall be granted and delegated by the board of directors to the person so designated in said resolution: Provided, That the filing of such resolution shall not relieve the corporation of any responsibility or liability imposed upon it by law or by contract.

(4) A designation in writing setting forth the name or names of a person or persons holding certificates of registration under this chapter who shall be in responsible charge of each project and each major branch of the engineering activities in which the corporation shall specialize in this state. In the event there shall be a change in the person or persons in responsible charge of any project or major branch of the engineering activities, such changes shall be designated in writing and filed with the board within thirty days after the effective date of such changes.

(5) A certified copy of the section of the by-laws of the corporation containing provisions that all engineering decisions pertaining to any project or engineering activities in this state shall be made by the specified engineer in responsible charge or other responsible engineer under his direction or supervision.

(6) A current certified financial statement accurately reflecting the financial condition of the corporation. Certification shall be by an officer of the corporation or a public accountant.

(7) The professional records of the designated person or persons under (3) above who shall be in responsible charge of each branch of engineering activities of the corporation.

(8) A copy of the articles of incorporation as filed with the secretary of state for the state of Washington and bearing his acceptance stamp.

(9) A copy of the corporation by-laws and any revisions to the by-laws, that may affect the ability of the designated engineer to make all engineering decisions as set forth in (5) above.

(10) In the case of change or increase in the engineers named as being in responsible charge (subsection (3) above), a certified copy of a resolution of the board of directors of the corporation which shall designate said person or persons shall be filed with the board within thirty days after the effective date of such changes. The professional history of newly named engineers will also be required.

(11) Application fee as determined by the director of the department of licensing. [Statutory Authority: RCW 18.43.035. 82–01–064 (Order 81–10), § 196–12–085, filed 12/18/81; Order PL 181, § 196–12–085, filed 1/28/75; Order PL–115, § 196–12–085, filed 11/24/71.]

WAC 196-16-005 Definitions. The Professional Engineers and Land Surveyors Act provides; land surveyor: The term "land surveyor" shall mean a person who, through technical knowledge and skill gained by education and/or by experience, is qualified to practice land surveying as hereinafter defined.

The term "practice of land surveying" shall mean assuming responsible charge of the surveying of land for the establishment of corners, lines, boundaries and monuments, the laying out and subdivision of land, the defining and locating of corners, lines, boundaries and monuments of land after they have been established, the survey of land areas for the purpose of determining the topography thereof, the making of topographical delineations and the preparing of maps and accurate records thereof, when the proper performance of such services requires technical knowledge and skill. [Statutory Authority: RCW 18.43.035. 82-01-064 (Order 81-10), § 196-16-005, filed 12/18/81.]

WAC 196-16-007 Applications. The deadline for receipt of applications properly filled out and accompanied by the required application fee is four months before the date of the examination. Response from applicant's references must be in hand two months before the date of the examination. Applications received after the deadline will be held for consideration for a later examination. Late responses from references will also cause the application to be held for consideration for a later examination. Those who have previously taken the examination and failed or those who qualified and did not appear for the examination are required to notify the board office in writing two months before the examination which they intend to take. A new application is not required where an applicant has taken the examination and failed or who has filed and failed to appear for the examination. [Statutory Authority: RCW 18.43.035. 82-01-064 (Order 81-10), § 196-16-007, filed 12/18/81; Order PL 224, § 196-16-007, filed 11/5/75; Order PL 191, § 196-16-050, filed 11/15/72; Rule IIID, filed 11/15/75; Rule IIIE, filed 12/26/72; Order PL-129, § 196-16-007, filed 7/27/72; Order PL-115, § 196-16-007, filed 11/24/71; Rule IIIA, filed 11/15/75; Rule IIIA, filed 8/4/64.]
(2) One registration as a professional engineer and/or land surveyor will be issued by reciprocity. Each designation requires an application. [Statutory Authority: RCW 18.43.035. 82-01-064 (Order 81-10), § 196-16-031, filed 12/18/81; Order PL-115, § 196-16-031, filed 11/24/71.]

WAC 196-20-010 Applications. (1) The deadline for applications properly filled out and accompanied by the statutory fee is four months before the date of the examination. Applications received after the deadline will be held for consideration for a later examination.

(2) The application for engineer-in-training shall contain:
(a) General information
(b) Education
(c) Technical examinations
(d) Affidavit
(e) Membership in societies
(f) Professional experience (if not a graduate)
Official transcripts of college record, if not attached to the application, shall be forwarded to the board office as soon as they are available. [Statutory Authority: RCW 18.43.035. 82-01-064 (Order 81-10), § 196-20-010, filed 12/18/81; Order PL 224, § 196-20-010, filed 11/5/75; Order PL-129, § 196-20-010, filed 7/27/72; Rule IA, filed 8/4/64; Rule IIIA, filed 12/26/62.]

WAC 196-20-030 Examinations. (1) The engineer-in-training examination is given twice each year at times and places as will from time to time be designated by the board. The schedule of future examinations may be obtained from the board office. The examination is of one day's duration and consists of two sessions, one in the morning and one in the afternoon. It covers mathematics, physical sciences, and other general engineering related subjects. The minimum passing grade is seventy percent.

(2) Persons who may normally expect to graduate within three months after a scheduled E.I.T. examination may sit for that examination. In cases where college graduation is claimed as a prerequisite no certificate will be issued until a college transcript showing completion of the four-year requirement is filed with the board office.

(3) Those who pass this examination receive engineer-in-training certificates and are excused from taking the engineering fundamentals portion of the regular professional engineering examination. The E.I.T. passing grade will not be weighted in the professional examination but will be qualifying only.

(4) All examinations will be given with open book unless otherwise specified by the board. [Statutory Authority: RCW 18.43.035. 82-01-064 (Order 81-10), § 196-20-030, filed 12/18/81; Order PL 181, § 196-20-030, filed 1/28/75; Order PL-129, § 196-20-030, filed 7/27/72; Order PL-115, § 196-20-030, filed 11/24/71; Rule IC, filed 8/4/64; Rule IIC, filed 12/26/62.]

WAC 196-24-030 Reciprocity. (1) The Professional Engineers Registration Act provides that the board for professional engineers and land surveyors may, upon application, and payment of a fee, issue a certificate without further examination as a professional engineer to any person who holds a certificate of qualification of registration issued to him following examination by proper authority, of any state, territory or possession of the United States, the District of Columbia, or of any foreign country, provided:

(a) That the applicant's qualifications meet the requirements of the chapter and the rules established by the board;

(b) That the applicant is in good standing with the licensing agency in said state, territory, possession, district, or foreign country;

(c) That the said state, territory, possession, district, or foreign country gives like consideration on a reciprocal basis to those persons who have been registered by examination in this state; and

(d) That the license has been granted on the basis of an examination equivalent to that given by the state of Washington.

(2) The board will issue certificates of registration to those who apply in conformance with the act and who have been registered by the proper legal body of the
state, territory, possession, district, or country, whose qualifications conform to the law of this state. [Statutory Authority: RCW 18.43.035. 82-01-064 (Order 81-10), § 196-24-030, filed 12/18/81; Order PL 224, § 196-24-030, filed 11/5/75; Order PL 181, § 196-24-030, filed 1/28/75; Rule IVA, filed 8/4/64.]

WAC 196-24-040 Applications. (1) All candidates who desire registration in Washington are required to submit their application on a form to be furnished by this board.

(2) This application must be filled out in complete detail and where the applicant desires registration by reciprocity, it is essential that the state where license was issued by exam is given and that said state will verify this registration. This is the responsibility of the applicant.

(3) The application fee for engineers, land surveyors, engineers-in-training, engineering corporations and engineering partnerships are determined by the director of the department of licensing. A fee schedule can be obtained by contacting the board office.

(4) The applicant must supply the board with an official college transcript of any education listed on his application. [Statutory Authority: RCW 18.43.035. 82-01-064 (Order 81-10), § 196-24-040, filed 12/18/81; Order PL 224, § 196-24-040, filed 11/5/75; Rule IVB, filed 8/4/64.]

WAC 196-24-050 Examinations. (1) The branches in which certificates of registration are presently issued are: Aeronautical, agricultural, ceramic, chemical, civil, electrical, fire protection, industrial, logging, mechanical, metallurgical, mining, naval architecture and marine engineering, and nuclear. The branches of sanitary and structural engineering are considered to be specialized branches. An applicant for any specialized branch is required to hold a current registration in the state of Washington, in one of the regular branches. In addition, applicants shall have not less than two years of professional experience in the specialized branch in which the applicant seeks registration, over and above the requirements for professional registration (statutory eight years).

The examination in structural engineering, shall be of two days duration. Examination in sanitary engineering shall be of one day duration.

Certificates of registration will also be issued in land surveying.

All examinations are given at times and places as will be designated by the board. The schedule of future examinations may be obtained from the board office.

(2) Applicants for registration by reciprocity from states, territories, districts, or countries who have been issued certificates of registration without examination or in instances where such governmental body does not grant certificates of registration to regularly qualified registrants of the state of Washington will be required to sit for an examination to test the skill, knowledge, and other professional attributes of the applicant.

(a) The examination will be given in the branch chosen by the applicant from the list of regular branches given by this board.

(b) Such examinations are given after the board has approved the applicant's request.

(c) In cases where an applicant is issued a certificate of registration by his governmental body in a branch not included in the list of regular branches [(1) of this section] the board will examine such an applicant in a regular branch of his choice, presumably the one closest to his specialty.

(3) One designation as professional engineer and/or land surveyor will be issued by reciprocity. Each added designation requires a new application. All added branches will be authorized by passing a regular examination, except applicants who may be granted registration without further examination provided they have successfully passed an examination equivalent to that given in the state of Washington, in a state, territory, possession, district, or country, which grants like reciprocity to the state of Washington registrants.

(4) All examinations are given with open book unless otherwise specified by the board. [Statutory Authority: RCW 18.43.035. 82-01-064 (Order 81-10), § 196-24-050, filed 12/18/81; Order PL 181, § 196-24-050, filed 1/28/75; Order PL-115, § 196-24-050, filed 11/24/71; Order PL 113, § 196-24-050, filed 8/3/71; Rule IVC, filed 8/4/64.]

WAC 196-24-060 Renewal fees. (1) Renewals are issued on an annual basis.

(2) Under the staggered license renewal system the late payment penalty provision will be applied as follows: Before the expiration date of the individual's license the director of the department of licensing shall mail a notice for renewal of license to every person holding a current license. The licensee must return such notice along with current renewal fees prior to the expiration of said license. If the licensee fails to pay the prescribed renewal fees within ninety days after the expiration date of the license, then the renewal fee will be the current fee plus an amount equal to one year's renewal fee.

(3) The renewal fee for engineers, land surveyors, engineering corporations and engineering partnerships are determined by the director of the department of licensing. [Statutory Authority: RCW 18.43.035. 82-01-064 (Order 81-10), § 196-24-060, filed 12/18/81; Order PL 224, § 196-24-060, filed 11/5/75; Order PL 181, § 196-24-060, filed 1/28/75; Rule IVD, filed 8/4/64.]

shall be made payable to the state treasurer. Registration fee; with engineers submitting the certificate fee. An applicant who fails the first scheduled exam must re-examine once without payment of an additional fee; provided he notifies the board office in writing of his intention to appear for the examination a second time at least two months prior to said examination. Each subsequent examination will be granted upon payment of an examination fee. Applicants, who fail to appear for scheduled examinations, will forfeit their re-examination privilege or examination fee. *Statutory Authority: RCW 18.43.035, 82-01-064 (Order 81-10), §196-24-080, filed 12/18/81.*

WAC 196-24-085 Information required of nonresidents intending to practice thirty days or less in a calendar year. Every nonresident engineer or land surveyor who intends to conduct professional practice under the exemption of subsection (2) of RCW 18.43.130, shall furnish the board, prior to the commencement of such work with the following information:

1. Name and place of his residence.
2. Jurisdiction where currently registered.
3. Imprint of professional seal.
4. Dates work is to be started and terminated in the state of Washington.
5. Name and address of client.
6. Type, location of job and regulating authority (if applicable). *[Statutory Authority: RCW 18.43.035, 82-01-064 (Order 81-10), §196-24-085, filed 12/18/81.]*

WAC 196-24-090 Branch offices. (1) A branch office of an engineering or land surveying firm shall be defined as an office established to solicit and/or provide engineering and/or land surveying services. A resident professional engineer/land surveyor shall be defined as a person holding a valid certificate of registration in this state and who maintains said branch office as his normal place of business. A professional engineer or professional land surveyor may be the resident licensee at only one place of business at any given time.

2. Each branch office of an engineering firm shall have a resident professional engineer in responsible charge. Each branch office of a surveying firm shall have a resident professional land surveyor in responsible charge.

3. Branch office restrictions shall not apply to project offices. A project office shall be defined as an office established to provide:
   a. Supervision for construction of a project designed elsewhere.
   b. Supervision of or providing a convenient work place for a specific land surveying project.
