WAC  
478-136-030 Limitations on use.

**WAC 478-136-030 Limitations on use.** (1) University facilities may not be used in ways which obstruct or disrupt university operations, the freedom of movement, or any other lawful activities.

(2) Faculty, staff, registered or official student organizations may use university facilities to present educational forums regarding ballot propositions and/or candidates who have filed for public office as long as the

audience is limited to university faculty, staff and students. However, state law (RCW 42.17.130) prohibits "the use of any of the facilities of a public office or agency, directly or indirectly, for the purpose of assisting a campaign for election of any person to any office or for the promotion of or opposition to any ballot proposition."

(3) University facilities may not be used for private or commercial purposes such as sales, advertising, or promotional activities unless such activities serve an educational purpose, as determined by the committee on the use of university facilities.

(4) The distribution of handbills, pamphlets and similar materials is not permitted in those areas of campus to which access by the public is restricted or where such distribution would significantly impinge upon the primary business being carried on. Handbills and similar printed materials may not be left in the *Daily* distribution boxes or left for distribution anywhere else on campus.

(5) Charitable solicitation is not permitted in those areas of the campus to which access by the public is restricted or where such solicitation would significantly impinge upon the primary business being carried on.

(6) Electronic amplification on the grounds of the campus is prohibited with the following exceptions:

(a) The lawn area immediately west of the student union building will be available for open-air speaking events using directional and volume-controlled speech amplification equipment provided by the university. Use of the student union building lawn site will be available to registered or official student organizations and faculty or staff groups on a first-come, first-served basis. The amplification system will be issued upon presentation of a currently valid student, faculty or staff identification card at the Student Union Reservation Office, 104C Student Union Building.

(b) The committee on the use of university facilities may grant permission, under special circumstances, for the use of other amplification equipment on the lawn site west of the student union building or in other outdoor locations. Permission should be requested through the Secretary to the Committee, 400 Administration Building (AI-10), 543-2560, sufficiently in advance of the program to allow timely consideration.

(7)(a) The parking garages on the campus of the University of Washington are open to the public for the limited purpose of parking motor vehicles. Sleeping, or remaining in the parking garages for purposes unrelated to vehicular parking is prohibited. Violators are subject to arrest and criminal prosecution under applicable statutes including RCW 9A.52.080, 9.66.030, and 7.48.220.

(b) The term "parking garages" as used in (a) of this subsection shall mean the sheltered parking areas on the University of Washington campus, and the stairwells and entrances of those covered parking areas. [Statutory Authority: RCW 28B.20.130. 85-01-045 (Order 84-5), § 478-136-030, filed 12/14/84. (2) All mitigation measures in a mitigated DNS for a proposed project shall be included in the final project, with the exception of any measures clearly the responsibility of another agency. [Statutory Authority: RCW 43.21C.120 and WAC 197-11-904. 84-20-074 (Order), § 478-324-070, filed 10/2/84.]

#### Chapter 479-13 WAC

### SUBMISSION OF SIX-YEAR PLANS TO URBAN ARTERIAL BOARD

#### WAC

- 479-13-010 Six-year construction programs for urban areas.
- 479-13-060 Accelerated development urban arterial projects.

**WAC 479-13-010 Six-year construction programs for urban areas.** The six-year construction programs of urban area cities and counties required, respectively, by RCW 35.77.010 and 36.81.121, shall be divided into two sections:

(1) The basic six-year construction program for the following six years based upon estimated revenues other than proposals for urban arterial trust funds for new projects.

(2) A separate section of the six-year construction program setting forth proposals, if any, for urban arterial trust funds for new projects to begin in the following biennial period.

The separate section of the six-year construction program setting forth proposed new projects utilizing urban arterial trust funds shall be considered as supplemental to the basic six-year construction program and shall not contain duplicate projects: *Provided*, That the same project may appear in both the basic and supplemental six-year construction programs if:

(1) The local agency intends to construct the project with other funds if urban arterial trust funds are not approved.

(2) The total dollar amount of the basic six-year construction program approximates estimated revenues available for construction for the following six-year period.

Upon urban arterial board approval of any new project for financial assistance from the urban arterial trust account, such project shall be amended into the basic six-year construction program.

The separate portion of the six-year construction program, setting forth new project proposals for urban arterial trust account funding, shall be listed in order of their priority in the following manner:

(1) Federal urban area cities and counties shall divide arterials by functional class and list in order of their priority as provided for by RCW 47.26.220.

(2) Nonfederal urban area cities shall list all proposals in order of their priority.

The local agency shall evaluate its arterials by utilizing the criteria outlined in RCW 47.26.220 which covers the following:

- (1) The structural ability to carry loads.
- (2) Capacity to move traffic.
- (3) Alignment and related geometrics.
- (4) Accident experience.
- (5) Fatal accident experience.

The urban arterial board will provide the agency with a listing of arterial deficiencies based on the information contained in the long-range plan as last updated by the agency. This information can be used to fulfill the requirement stipulated in RCW 47.26.220.

The requested urban arterial trust funds to improve the project shall correct the deficiencies found on the section, considering design standards, project life, and unique local considerations.

The following information shall be provided for each new project proposal for urban arterial trust account funding:

- (1) Local name of arterial.
- (2) Arterial number.
- (3) Local government's priority number. (Federal urban area cities and counties within functional class)
- (4) Length in miles.
- (5) Description of proposed work.
- (6) Estimate of total cost of project.
- (7) Status of urban arterial trust funds.  
(proposed or approved)
