WAC 468-06-010 Purpose. The purpose of this chapter shall be to ensure compliance by the Washington state department of transportation with the provisions of chapter 1, Laws of 1973 (Initiative 276), and in particular with sections 25 through 32 of that act, dealing with public records.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-06-010, filed 12/20/78. Formerly WAC 252-03-010.]

WAC 468-06-020 Definitions. (1) "Public record" includes any writing containing information relating to the conduct of government or the performance of any governmental or proprietary function prepared, owned, used or retained by any state or local agency regardless of physical form or characteristic.

(2) "Writing" means handwriting, typewriting, printing, photostating, photographing, and every other means of recording any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combination thereof, and all papers, maps, magnetic or paper tapes, photographic films and prints, magnetic or punched cards, discs, drums, and other documents.

(3) "Department" means the Washington state department of transportation.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-06-020, filed 12/20/78. Formerly WAC 252-03-020.]

WAC 468-06-030 Exempted records. In accordance with RCW 42.17.310, the following personal and other records shall be exempt from public inspection and copying:

(1) Personal information in any files maintained for students in public schools, patients or clients of public institutions or public health agencies, welfare recipients, prisoners, probationers or parolees.

(2) Personal information in files maintained for employees, appointees or elected officials of any public agency to the extent that disclosure would violate their right to privacy.

(3) Information required of any taxpayer in connection with the assessment or collection of any tax if the disclosure of the information to other persons would violate the taxpayer's right to privacy or would result in unfair competitive disadvantage to such taxpayer.

(4) Specific intelligence information and specific investigative files compiled by investigative, law enforcement and penology agencies, and state agencies vested

with the responsibility to discipline members of any profession, the nondisclosure of which is essential to effective law enforcement or for the protection of any person's right to privacy.

(5) Information revealing the identity of persons who file complaints with investigative, law enforcement or penology agencies, other than the public disclosure commission, if disclosure would endanger any person's life, physical safety, or property: *Provided*, That if at the time the complaint is filed the complainant indicates a desire for disclosure or nondisclosure, such desire shall govern: *Provided, further*, That all complaints filed with the public disclosure commission about any elected official or candidate for public office must be made in writing and signed by the complainant under oath.

(6) Test questions, scoring keys, and other examination data used to administer a license, employment or academic examination.

(7) Except as provided by chapter 8.26 RCW, the contents of real estate appraisals, made for or by any agency relative to the acquisition or sale of property, until the project or prospective sale is abandoned or until such time as all of the property has been acquired, or the property to which the sale appraisal relates is sold, but in no event shall disclosure be denied for more than three years after the appraisal.

(8) Valuable formulae, designs, drawings and research data obtained by any agency within five years of the request for disclosure when disclosure would produce private gain and public loss.

(9) Preliminary drafts, notes, recommendations, and intraagency memorandums in which opinions are expressed or policies formulated or recommended except that a specific record shall not be exempt when publicly cited by an agency in connection with any agency action.

(10) Records which are relevant to a controversy to which an agency is a party but which records would not be available to another party under the rules of pretrial discovery for causes pending in the superior courts.

(11) Records, maps, or other information identifying the location of archaeological sites in order to avoid the looting or deprecation of such sites.

(12) Any library record, the primary purpose of which is to maintain control of library materials, or to gain access to information, which discloses or could be used to disclose the identity of a library user.

(13) Financial information supplied by or on behalf of a person, firm, or corporation for the purpose of qualifying to submit a bid or proposal for (a) a ferry system construction or repair contract as required by RCW 47.60.680 through 47.60.750 or (b) highway construction or improvement as required by RCW 47.28.070.

(14) Railroad company contracts filed with the utilities and transportation commission under RCW 81.34.070, except that the summaries of the contracts are open to public inspection and copying as otherwise provided by this chapter.

The exemptions of this section shall be inapplicable to the extent that information, the disclosure of which would violate personal privacy or vital governmental interest, can be deleted from the specific records sought.

No exemption shall be construed to permit the nondisclosure of statistical information not descriptive of any readily identifiable person or persons.

WAC 468-06-040 Description of central and field organization of the Washington state department of transportation. (1) The department of transportation is a statutorily created agency of the state of Washington. The headquarters office of the department of transportation is located in the Transportation Building, Olympia, WA 98504.

(2) The department of transportation is headed by a secretary who is the executive head of the department and is appointed by the transportation commission.

(a) Serving directly under the secretary are the deputy secretary, legislative liaison, and public affairs office. There are also assistant attorney generals assigned to the department who provide legal services in department matters.

(b) The deputy secretary has jurisdiction over the state aid office, personnel office, and the following divisions located in Olympia: Highway; planning, research and public transportation; marine transportation; aeronautics; and management services.

(c) The department functions are also carried out by six districts which are headed by a district administrator and report directly to the deputy secretary. The district locations are: Seattle, Wenatchee, Tumwater, Vancouver, Yakima, and Spokane. The districts have various field offices which are headed by a supervisor.

(3) A more detailed description of the department of transportation is contained in the department organization handbook and is available from the public records officer in the headquarters building.

[Statutory Authority: RCW 42.17.250 through 42.17.340. 85-23-040 (Order 97), § 468-06-040, filed 11/18/85. Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-06-040, filed 12/20/78. Formerly WAC 252-03-030.]

WAC 468-06-050 Public records officer. The department's public records shall be in the charge of the manager, administrative services, who shall be the public records officer for the department. In the absence of the manager, administrative services, the forms and records manager shall serve as the public records officer. The persons so designated shall be located in the transportation building, Olympia, Washington. The public records officer shall be responsible for the following: The implementation of the department's rules and regulations regarding release of public records, coordinating the staff of the department in this regard, and generally insuring compliance by the staff with the public records disclosure requirements of chapter 1, Laws of 1973.

[Statutory Authority: RCW 42.17.250 through 42.17.350. 81-11-035 (Order 62), § 468-06-050, filed 5/19/81. Statutory Authority: 1977

WAC 468-06-060 Public records available. All public records of the department, as defined in WAC 468-06-020, are deemed to be available for public inspection and copying pursuant to these rules, except as provided in WAC 468-06-030.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-06-060, filed 12/20/78. Formerly WAC 252-03-050.]

WAC 468-06-070 Requests for public records. Subject to the provisions of subsection (3) of this section, and in accordance with the requirements of chapter 1, Laws of 1973, that agencies prevent unreasonable invasions of privacy, protect public records from damage or disorganization, and prevent excessive interference with essential functions of the agency, public records are only obtainable by members of the public when those members of the public comply with the following procedures.

(1)(a) A public record may ordinarily be disclosed upon an oral or written request. Requests will be referred to the public records officer or public disclosure coordinator. All requests shall contain the following information:

- (i) The name of the requester.
- (ii) The date the request was made.
- (iii) Public records or information requested.
- (iv) Requester's signature (if written request.)

(b) The person handling the oral request shall require the requester to complete the form, Request for Public Record, S.F. 276 in the following instances:

(i) Whenever the record requested clearly falls within the statutory exemptions of WAC 468-06-030 or when the exempt status of the record is unclear.

(ii) Whenever an entire file is requested or all records of a general category are requested unless the number of documents involved is less than ten.

(iii) Records pertaining to condemnation actions or other pending litigation to which the department is a party or pertaining to any controversy to which the department is party.

(iv) When the document requested has a notation "legal work product" or "privileged attorney-client communication" or similar notice of privileged material.

(v) Where the oral request is too complicated or too extensive and inconvenient to the department to handle the matter on an oral basis.

(2) The department hereby adopts for use by all persons making written request for inspection and/or copying or copies of its records, the Form S.F. 276, Request for public record, as it exists or may hereafter be revised. This form is available from the public records officer and also from the districts.

(3) The public records officer or person handling the request shall inform the member of the public making the request whether or not the requested record is available for inspection or copying at a district office or at the transportation building in Olympia, Washington.

(4) The records requested are not to be used to compile a commercial sales list.

(5) When it appears that a request for a record is made by or on behalf of a party to a lawsuit or a controversy to which the department is also a party (or when such a request is made by or on behalf of an attorney for such a party) the request shall be referred to the assistant attorney general assigned to the department for appropriate response.

Order 1, Resolution No. 13), § 468-06-070, filed 12/20/78. Formerly WAC 252-03-060 and 252-03-990.]

WAC 468-06-080 Availability for public inspection and copying of public records—Office hours. Public records shall be available for inspection and copying during the customary office hours of the department of transportation. For the purposes of this chapter, the customary office hours shall be from 8 a.m. to noon and from 1 p.m. to 5 p.m., Monday through Friday, excluding legal holidays.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-06-080, filed 12/20/78. Formerly WAC 252-03-070.]

WAC 468-06-090 Inspection and copying cost. (1) No fee shall be charged for inspection of public records.

(2) The department of transportation shall impose a reasonable charge for providing copies of public records and for the use by any person of agency equipment to copy records; such charges shall not exceed the amount necessary to reimburse the department for its actual costs incident to such copying. Actual costs shall include the labor costs of staff, machine cost and paper cost necessary to provide copies of requested records.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-06-090, filed 12/20/78. Formerly WAC 252-03-080.]

WAC 468-06-100 Protection of public records. In order to implement the provisions of section 29, chapter 1, Laws of 1973, requiring agencies to enact reasonable rules to protect public records from damage or disorganization, the following rules have been adopted.

(1) Copying of public documents shall be done by department personnel and under the supervision of said personnel, upon the request of members of the public under the procedures set down in WAC 468-06-070.

(2) No document shall be physically removed by a member of the public from the area designated by the department for the public inspection of documents for any reason whatever.

(3) When a member of the public requests to examine an entire file or group of documents, as distinguished from a request to examine certain individual documents which can be identified and supplied by themselves, the department shall be allowed a reasonable time to inspect the file to determine whether information protected from disclosure by section 31, chapter 1, Laws of 1973, is

contained therein, and the department shall not be deemed in violation of its obligation to reply promptly to requests for public documents by reason of causing such an inspection to be performed.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-06-100, filed 12/20/78. Formerly WAC 252-03-090.]

WAC 468-06-110 Denial of request. Each denial of a request for a public record shall be accompanied by a written statement to the requestor clearly specifying the reasons for the denial, including a statement of the specific exemption authorizing the withholding of the record and a brief explanation of how the exemption applies to the record withheld. Such statement shall be sufficiently clear and complete to permit the secretary of transportation or designee to review the denial in accordance with WAC 468-06-120.

[Statutory Authority: RCW 42.17.250 through 42.17.340. 85-23-040 (Order 97), § 468-06-110, filed 11/18/85. Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-06-110, filed 12/20/78. Formerly WAC 252-03-100.]

WAC 468-06-120 Review of denials of public records requests. (1) Any person who objects to the denial of a request for a public record may petition the public records officer for prompt review of such decision by tendering a written request for review. The written request shall specifically refer to the written statement by the public records officer or other staff member which constituted or accompanied the denial.

(2) After receiving a written request for review of a decision denying a public record, if the public records officer determines to affirm the denial, then the written request shall immediately be referred to the assistant attorney general assigned to the department. The assistant attorney general shall promptly consider the matter and either affirm or reverse such denial. In any case, the request shall be returned with a final decision, within two business days following the original denial.

(3) Administrative remedies shall not be considered exhausted until the public records officer has returned the petition with a decision or until the close of the second business day following denial of inspection, whichever first occurs.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-06-120, filed 12/20/78. Formerly WAC 252-03-110.]

WAC 468-06-130 Records index. (1) The department finds that it would be unduly burdensome and would interfere with agency operations to maintain an index of records as specified in RCW 42.17.260(3) because of the complexity and diversity of its operations and the resulting volume of manuals, correspondence, reports, surveys, staff studies and other materials.

(2) The department will make available for public disclosure all indices which may at a future time be developed for agency use.

[Statutory Authority: RCW 42.17.250 through 42.17.350. 81-11-035 (Order 62), § 468-06-130, filed 5/19/81. Statutory Authority: 1977

(3) **Governmental organization.** Organization, territorial limitations, officers, departments, and general administration of the government of the state of Washington, the United States, the several states and foreign nations.

(4) **Department organization.** The department's organization, administration, officers, personnel, official publications, and practitioners before its bar.

[Statutory Authority: 1977 ex.s. c 151, 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-10-070, filed 12/20/78. Formerly WAC 252-08-370.]

WAC 468-10-080 Official notice--Material facts. In the absence of controverting evidence, the commission, the secretary or the hearing officer, upon request made before or during a hearing, may officially notice:

(1) **Proceedings before the commission or secretary.** The pendency of, the issues and position of the parties therein, and the disposition of any proceeding then pending before or theretofore concluded by the commission or the secretary.

(2) **Business customs.** General customs and practices followed in the transaction of business.

(3) **Notorious facts.** Facts so generally and widely known to all well-informed persons as not to be subject to reasonable dispute, or specific facts which are capable of immediate and accurate demonstration by resort to

accessible sources of generally accepted authority, including, but not exclusively, facts stated in any publication authorized or permitted by law to be made by any federal or state officer, department or agency.

(4) **Technical knowledge.** Matters within the technical knowledge of the commission or the secretary as experts, within the scope or pertaining to the subject matter of the statutory duties, responsibilities or jurisdiction of the commission or the secretary.

(5) **Request or suggestion.** Any party may request, or the hearing officer for the commission or the secretary may suggest, that official notice be taken of a material fact, which shall be clearly and precisely stated, orally on the record, at any prehearing conference or oral hearing or argument, or may make such request or suggestion by written notice, any pleading, motion, memorandum, or brief served upon all parties, at any time prior to a final decision.

(6) **Statement.** Where an initial or final decision of the commission rests in whole or in part upon official notice of a material fact, such fact shall be clearly and precisely stated in such decision.

(7) **Controversion.** Any party may controvert a request or a suggestion that official notice of a material fact be taken at the time the same is made if it be made orally, or by a pleading, reply or brief in response to the pleading or brief or notice in which the same is made or suggested. If any decision is stated to rest in whole or in part upon official notice of a material fact which the parties have not had a prior opportunity to controvert, any party may controvert such fact by appropriate exceptions if such notice be taken in an initial or intermediate decision or by a petition for reconsideration if notice of such fact be taken in a final decision. Such controversion shall concisely and clearly set forth the sources, authority and other data relied upon to show the existence or nonexistence of the material fact assumed or denied in the decision.

(8) **Evaluation of evidence.** Nothing herein shall be construed to preclude the commission or the secretary or the authorized agents of the commission or the secretary from utilizing their experience, technical competence and specialized knowledge in the evaluation of the evidence presented to them.

WAC 468-10-090 Stipulations and admissions of record. The existence or nonexistence of a material fact, as made or agreed in a written stipulation or in an admission of record, will be conclusively presumed against any party bound thereby, and no other evidence with respect thereto will be received upon behalf of such party, provided:

(1) **Upon whom binding.** Such a stipulation or admission is binding upon the parties by whom it is made, their privies and upon all other parties to the proceeding who do not expressly and unequivocally deny the existence or nonexistence of the material fact so admitted or stipulated, upon the making thereof, if made on the

record at a prehearing conference, oral hearing, oral argument or by a writing filed with the commission or the secretary during or prior to any hearing or continuance thereof.

(2) **Withdrawal.** Any party bound by a stipulation or admission of record at any time prior to final decision may be permitted to withdraw the same in whole or in part by showing to the satisfaction of the hearing officer or the commission or the secretary that such stipulation or admission was made inadvertently or under a bona fide mistake of fact contrary to the true fact and that its withdrawal at the time proposed will not unjustly prejudice the rights of other parties to the proceeding.

WAC 468-10-120 Prehearing conference rule--Authorized. In any proceeding the commission, secretary or designated hearing officer upon its or his own motion, or upon the motion of one of the parties or their qualified representatives, may in its or his discretion direct the parties or their qualified representatives to appear at a specified time and place for a conference to consider:

- (1) The simplification of the issues;
- (2) The necessity of amendments to the pleadings;
- (3) The possibility of obtaining stipulations, admissions of facts and of documents;
- (4) The limitation of the number of expert witnesses;
- (5) Such other matters as may aid in the disposition of the proceeding.

WAC 468-10-140 Submission of documentary evidence in advance. Where practicable the commission, the secretary or the designated hearing officer may require:

(1) That all documentary evidence which is to be offered during the taking of evidence be submitted to the hearing examiner and to the other parties to the proceeding sufficiently in advance of such taking of evidence to permit study and preparation of cross-examination and rebuttal evidence.

(2) That documentary evidence not submitted in advance, as may be required by subsection (1) of this section, be not received in evidence in the absence of a clear showing that the offering party had good cause for his failure to produce the evidence sooner.

(3) That the authenticity of all documents submitted in advance in a proceeding in which such submission is required, be deemed admitted unless written objection thereto is filed prior to the hearing, except that a party will be permitted to challenge such authenticity at a later time upon a clear showing of good cause for failure to have filed such written objection.

WAC 468-10-160 Expert or opinion testimony and testimony based on economic and statistical data--

Number and qualifications of witnesses. The commission, the secretary or hearing officer in all classes of cases where practicable may make an effort to have the interested parties agree upon the witness or witnesses who are to give expert or opinion testimony, either by selecting one or more to speak for all parties or by limiting the number for each party; and, if the interested parties cannot agree, require them to submit to it and to the other parties written statements containing the names, addresses and qualifications of their respective opinion or expert witnesses, by a date determined by it and fixed sufficiently in advance of the hearing to permit the other interested parties to investigate such qualifications.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-10-160, filed 12/20/78. Formerly WAC 252-08-470.]

WAC 468-10-170 Expert or opinion testimony and testimony based on economic and statistical data--

Written sworn statements. The commission, the secretary or hearing officer, in all classes of cases in which it is practicable and pertinent, may require that all direct opinion or expert testimony and all direct testimony based on economic or statistical data be reduced to written sworn statements, and, together with the exhibits upon which based, be submitted to it and to the other parties to the proceeding by a date determined by the commission, the secretary or hearing officer and fixed a reasonable time in advance of the hearing; and such sworn statements may be acceptable as evidence upon formal offer at the hearing, subject to objection on any ground except that such sworn statements shall not be subject to challenge because the testimony is not presented orally: *And Provided*, That witnesses making such statements shall not be subject to cross-examination unless a request is made sufficiently in advance of the hearing to insure the presence of the witnesses.

WAC 468-10-200 Continuances. Any party who desires a continuance shall, immediately upon receipt of notice of a hearing, or as soon thereafter as facts requiring such continuance come to his knowledge, notify the commission, the secretary or designated hearing officer of said desire, stating in detail the reasons why such continuance is necessary. The commission, the secretary or designated hearing officer, in passing upon a request for continuance, shall consider whether such request was promptly and timely made. For good cause shown, the commission, the secretary or designated hearing officer may grant such a continuance and may at any time order a continuance upon its or his own motion. During a hearing, if it appears in the public interest or in the interest of justice that further testimony or argument should be received, the commission, the secretary or hearing officer may in its or his discretion continue the hearing and fix the date for introduction of additional evidence or presentation of argument. Such oral notice shall constitute final notice of such continued hearing.

WAC 468-10-210 Rules of evidence--Admissibility criteria. Subject to the other provisions of these rules, all relevant evidence is admissible which, in the opinion of the commission or officer conducting the hearing, is the best evidence reasonably obtainable, having due regard for its necessity, availability and trustworthiness. In passing upon the admissibility of evidence, the commission, the secretary or officer conducting the hearing shall give consideration to, but shall not be bound to follow, the rules of evidence governing civil proceedings in the superior court of the state of Washington.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-10-210, filed 12/20/78. Formerly WAC 252-08-520.]

WAC 468-10-220 Rules of evidence--Tentative admission--Exclusion--Discontinuance--Objections. When objection is made to the admissibility of evidence, such evidence may be received subject to a later ruling. The commission, or secretary or officer conducting the hearing may, in its or his discretion, either with or without objection, exclude inadmissible evidence or order cumulative evidence discontinued. Parties objecting to the introduction of evidence shall state the precise grounds of such objection at the time such evidence is offered.

WAC 468-10-230 Briefs. Briefs may be filed in any proceeding before the commission or before the secretary

by any interested party, and shall be filed by any party to the proceeding upon the request of the commission or the secretary, and within such time as shall be directed by the commission or the secretary. The commission or the secretary may require the filing of all briefs within three days after the close of the hearing upon a determination that the proceeding is such that an order should issue promptly; and in the case of matters requiring an immediate decision, may require the parties, or their counsel, to present their arguments and authority orally at the close of the hearing, instead of by facts and conclusion which the evidence tends to prove, and point out the particular evidence relied upon to support such conclusion. Briefs may be printed (size 6 1/2 inches by 8 1/2 inches), otherwise, they shall be mimeographed or typewritten (size 8 1/2 inches by 13 inches), and all copies shall be clearly legible. Eight copies of each brief shall be filed when the matter is being heard by the commission and two copies shall be filed when the matter is being heard by the secretary and copies thereof shall be served on all parties to the case, or their counsel.

WAC 468-10-232 Answer. (1) A party served with a notice of hearing pursuant to RCW 34.04.090(1) shall file an answer thereto stating in short and plain terms his response or defenses to the matters asserted in the notice and shall admit or deny averments contained in the notice (other than the statement of the time, place, and nature of the proceeding). If he is without knowledge or information sufficient to form a belief as to the truth of an averment, he shall so state and this has the effect of a denial. Denials shall fairly meet the substance of the averments denied. When a party intends in good faith to deny only a part or a qualification of an averment, he shall specify so much of it as is true and material and shall deny only the remainder. Unless the party intends in good faith to controvert all the averments contained in the notice, he may make his denials as specific denials of designated averments or paragraphs, or he may generally deny all the averments except such designated averments or paragraphs as he expressly admits.

(2) In his answer to the notice, a party shall set forth affirmatively any matter constituting an avoidance or affirmative defense. Defenses not pleaded in an answer are waived.

(3) An answer shall be filed within 20 days after notice of hearing is served unless the date of the hearing is less than 40 days from the date the notice of hearing is served in which event an answer must be filed within half the intervening time.

(4) Any defense that the hearing cannot be held because the party served with the notice has been prejudiced because of some irregularity in procedure must be pleaded in the answer by specific averment which shall include such supporting particulars as are within the answering party's knowledge or could have reasonably been learned by the answering party.

(5) No reply to an answer shall be filed. Affirmative averments in the answer shall be deemed denied or avoided.

[Statutory Authority: RCW 34.04.020 and 34.04.022. 83-19-016 (Order 86), § 468-10-232, filed 9/12/83.]

WAC 468-10-234 Agency action following preparation of proposed decision. (1) Upon receipt of proposed findings of fact, conclusions of law, and decision prepared by an administrative law judge after a contested case hearing, the secretary of transportation or his designee shall afford any party that will be affected by the decision an opportunity to file written exceptions to the proposed decision.

(2) Exceptions to the administrative law judge's proposed decision must be filed with the secretary of transportation or his designee and one copy must be served upon all other parties of record or their attorneys within 20 days of the date of service of said proposed decision.

(3) Exceptions to the administrative law judge's proposed decision shall be specific and must be stated and numbered separately. Exceptions to findings of fact must be supported by reference to that page or part of the record relied upon to support the exception, and shall be accompanied by a recommended finding of fact. An exception to a conclusions of law must be supported by reference to the appropriate statute, and/or to the applicable rule involved and shall be accompanied by a recommended conclusion of law.

(4) Any party of record may file a reply to exceptions. A reply must be filed with the secretary of transportation or his designee. One copy shall be served upon all other parties of record or their attorney of record within 10 days of the date of service of the exceptions. A reply to exceptions shall be specific and must be stated and numbered separately and must be supported by reference to that page or part of the record relied upon to support the reply.

(5) The secretary of transportation or his designee may in his discretion, upon notice to the parties, reduce or extend the time for filing exceptions and replies.

(6) Briefs or written arguments shall accompany exceptions and replies.

(7) The secretary of transportation or his designee may in his discretion hear oral argument at a time and place which he may designate upon notice to all affected parties.

(8) After reviewing the exceptions, replies, briefs, oral arguments, if any, and the record or such portions thereof which as may be cited by the parties, the secretary of transportation or his designee may affirm, amend or reverse in whole or in part the administrative law judge's proposed decision by an appropriate order. The statutory time for review proceedings in Thurston County superior court shall not commence until the final order is served upon the party seeking the review.

WAC 468-10-280 Petitions for rule making, amendment, or repeal—Form. Any interested person petitioning the commission or the secretary requesting the promulgation, amendment or repeal of any rules shall generally adhere to the following form for such purpose:

At the top of the page shall appear the wording "Before the Washington state transportation commission" or "Before the secretary of transportation." On the left side of the page below the foregoing the following caption shall be set out: "In the matter of the petition of (Name of petitioning party) for (state whether promulgation, amendment or repeal) of rule (or rules)." Opposite the foregoing caption shall appear the word "petition."

The body of the petition shall be set out in numbered paragraphs. The first paragraph shall state the name and address of the petitioning party and whether petitioner seeks the promulgation of new rule or rules, or

[Title 468 WAC—p 13]

amendment or repeal of existing rule or rules. The second paragraph, in case of a proposed new rule or amendment of an existing rule, shall set forth the desired rule in its entirety. Where the petition is for amendment, the new matter shall be underscored and the matter proposed to be deleted shall appear in double parentheses. Where the petition is for repeal of an existing rule, such shall be stated and the rule proposed to be repealed shall either be set forth in full or shall be referred to by the WAC section number. The third paragraph shall set forth concisely the reasons for the proposal of the petitioner and shall contain a statement as to the interest of the petitioner in the subject matter of the rule. Additional numbered paragraphs may be used to give full explanation of petitioner's reason for the action sought.

Petitions shall be dated and signed by the person or entity named in the first paragraph or by his attorney. The original and seven legible copies of the petition shall be filed with the commission if the commission has jurisdiction or an original and one copy shall be filed with the secretary if the secretary has jurisdiction. Petitions shall be on white paper, either 8 1/2 inches by 11 inches or 8 1/2 inches by 13 inches in size.

WAC 468-12-020 Purpose. (1) The purpose of this chapter is to establish rules pertaining to the integration of the policies and procedures of the State Environmental Policy Act (SEPA), chapter 43.21C RCW, into the programs, activities, and actions of the department of transportation (hereinafter referred to as the transportation department or the department). The rules contained herein are intended to implement and be consistent with the provisions and purposes of the SEPA guidelines (chapter 197-11 WAC).

(2) These rules are intended to establish procedures for implementing SEPA which reduce duplicative and wasteful practices, establish effective and uniform procedures, encourage public involvement, and promote certainty with respect to the requirements of SEPA.

[Statutory Authority: RCW 43.21C.120 and chapter 197-11 WAC. 84-19-030 (Order 90), § 468-12-020, filed 9/14/84. Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-12-020, filed 12/20/78. Formerly WAC 252-09-020.]

WAC 468-12-055 Timing of the SEPA process. (1) As provided by WAC 197-11-055, the SEPA process shall be completed before the transportation department is irrevocably committed to a particular course of action. At the same time, the SEPA process should not be undertaken until a proposal is sufficiently definite to permit meaningful environmental analysis.

(2) The threshold determination and any required environmental impact statement (EIS) for transportation department nonproject actions shall be completed prior to official adoption of the action in question.

(3) The threshold determination and any required (EIS) for licensing actions of the transportation department shall be completed prior to issuance of the license or licenses in question. Environmental review relating to licensing actions, when required, shall begin as soon as an application is complete. Applicants shall provide all environmental and design information necessary to prepare the appropriate environmental document. No licensing actions of the department require the submission of environmental documents to planning commissions or similar advisory bodies.

(4) The threshold determination and any required EIS for transportation department actions of a project nature

shall in all cases be completed prior to the approval of the location or design of the project in question. A draft EIS shall be prepared prior to the first public hearing which may be held in connection with such project, and shall be made available at such hearing. While the transportation department may present a preferred alternate location or design in a draft EIS, final adoption of a particular location or design shall not occur until a final threshold determination has been made or a final EIS has been prepared.

[Statutory Authority: RCW 43.21C.120 and chapter 197-11 WAC. 84-19-030 (Order 90), § 468-12-055, filed 9/14/84. Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-12-055, filed 12/20/78. Formerly WAC 252-09-055.]

WAC 468-12-060 Content of environmental review--Scope of proposals. (1) Proposals which are not so closely related to each other as to be, in effect, a single action, and which are related to a large existing or planned network of highways, streets, etc., may be separated, and the present proposal may be treated as the total proposal, or only some of the future elements of a proposed action may be selected for present consideration in a threshold determination or EIS. These categorizations shall be logical with relation to the design of the total system or network, and shall not be made merely to divide a larger system into exempted fragments. These categorizations shall (a) connect logical termini (population centers, major traffic generators, major crossroads, etc.); (b) possess a reasonable degree of independent utility; and (c) promote a meaningful consideration of alternatives by avoiding the necessity of considering numerous combinations of different alternatives.

(2) Functionally related actions which are not categorically exempted by the provisions of WAC 197-11-800, and whose impacts are more significant and more readily analyzable on a "program" than on an "individual action" basis, may be analyzed, for purposes of threshold determinations and EIS preparation, as a total program.

[Statutory Authority: RCW 43.21C.120 and chapter 197-11 WAC. 84-19-030 (Order 90), § 468-12-060, filed 9/14/84. Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-12-060, filed 12/20/78. Formerly WAC 252-09-060.]

WAC 468-12-455 Issuance of draft EIS. In addition to the circulation procedures specified by mandatory subsection of WAC 197-11-455(1), the draft EIS shall be made available at public libraries or other public places determined by the department to be appropriate and stated in the notice of availability of the draft EIS. Notice of the availability of the draft EIS shall be as stated under WAC 468-12-510.

[Statutory Authority: RCW 43.21C.120 and chapter 197-11 WAC. 84-19-030 (Order 90), § 468-12-455, filed 9/14/84.]

WAC 468-12-460 Issuance of final EIS. (1) As permitted in general terms by the provisions of WAC

197-11-460, the normal sixty-day period for preparation of a final EIS may be extended whenever the proposal is unusually large in scope, or where the environmental impact associated with the proposal is unusually complex. The determination that additional time is required for preparation of the final EIS shall be made in writing by the responsible official or his designee and shall be accompanied by a brief statement explaining the reason that additional time is required.

(2) Availability of the final EIS shall be as stated under WAC 468-12-510.

[Statutory Authority: RCW 43.21C.120 and chapter 197-11 WAC. 84-19-030 (Order 90), § 468-12-460, filed 9/14/84. Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-12-460, filed 12/20/78. Formerly WAC 252-09-460.]

WAC 468-12-510 Public notice procedures. (1) The department shall inform the public of actions requiring notice and invitation to comment under WAC 197-11-502 and 197-11-510 in the following manner:

(a) For a determination of nonsignificance (DNS) or a mitigated DNS, issued under WAC 197-11-340(2) and 197-11-350 and requiring public notice under WAC 197-11-502 (3)(b); by (i) sending a copy of the DNS and the letter of transmittal sent to the department of ecology pursuant to WAC 197-11-508, to a newspaper of general circulation in the county, city, or general area where the proposed action is located; and (ii) sending a copy of the DNS to any agencies with jurisdiction, affected Indian tribes, and any other agencies, members of the public, and organizations who have commented on the proposed action in writing to the department.

(b) For a determination of significance (DS) issued under WAC 197-11-360 and requiring public notice under WAC 197-11-502 (4)(a); by (i) publishing notice in a newspaper of general circulation in the county, city, or general area where the proposed action is located; (ii) sending a copy of the DS to any agencies with jurisdiction, affected Indian tribes, and any other agencies, members of the public, and organizations who have commented on the proposed action in writing to the department or expressed in writing to the department an interest in the proposed action; and (iii) using one or more of the other methods specified in WAC 197-11-510 (1)(a), (d), (e), and (f), as selected by the department;

(c) For a draft EIS issued under WAC 197-11-455 and requiring public notice under WAC 197-11-455(5) and for a public hearing held under WAC 197-11-535 and requiring public notice under WAC 197-11-502(6); by (i) publishing notice in a newspaper of general circulation in the county, city, or general area where the proposed action is located; (ii) sending notice of the availability of the draft EIS or the notice of the hearing to any agencies with jurisdiction, affected Indian tribes, and any other agencies, members of the public, and organizations who have commented on the proposed action in writing to the department or expressed in writing to the department an interest in the proposed action; and (iii) using one or more of the other methods specified in

WAC 197-11-510 (1)(a), (d), (e), and (f), as selected by the department;

(d) For a final EIS issued under WAC 197-11-460 the document shall be sent to (i) the department of ecology (two copies), (ii) all agencies with jurisdiction, (iii) all agencies who commented on the draft EIS, and (iv) anyone requesting a copy of the final EIS. (As determined by the department a fee may be charged for the final EIS in accordance with WAC 197-11-504.)

(2) If the department selects WAC 197-11-510 (1)(a), posting the property, as a public notice procedure, it shall do so by posting notices at major road and pedestrian intersections along the project.

(3) SEPA notices may be combined with other department notices.

[Statutory Authority: RCW 43.21C.120 and chapter 197-11 WAC. 84-19-030 (Order 90), § 468-12-510, filed 9/14/84.]

WAC 468-12-660 Substantive authority and mitigation. (1) It is the policy of the department that significant adverse economic, social, and environmental effects relating to any proposed department action should be fully considered in planning and implementing such action, and that final decisions on such action should be made in the best overall public interest, and taking into consideration (a) the need for fast, safe, efficient, and economical transportation and public services reasonably responsive to the public's preferences, (b) the adverse environmental, social, and economic effects of the proposed action and alternative courses of action, and (c) the costs of eliminating or minimizing such adverse effects.

(2) The provisions of this chapter shall be interpreted in accord with this policy. This policy shall also govern substantive decisions made by the department.

[Statutory Authority: RCW 43.21C.120 and chapter 197-11 WAC. 84-19-030 (Order 90), § 468-12-660, filed 9/14/84.]

WAC 468-12-680 Administrative appeals. (1) The administrative appeals process described in this section shall apply only to actions of the department for which notice of action is filed pursuant to RCW 43.21C.080. The department shall file a notice of action for all actions requiring preparation of an EIS. The department may, at its discretion, file a notice of action for any other action.

(2) Any person aggrieved by the department's determination to proceed with such an action without preparation of an EIS or with preparation of an EIS alleged to be inadequate shall appeal such determination administratively before seeking judicial review thereof. Appeals of procedural and substantive determinations shall be combined (for example, an appeal of the adequacy of an EIS or the necessity of preparing an EIS must be combined with an appeal of the department's decision on the proposed action).

(3) Any determination of the department (a) that it will proceed with an action without preparation of an EIS, (b) that it will proceed with an action after preparation of an EIS, or (c) that an EIS prepared by the department is adequate, shall become final unless the

aggrieved party serves on the project development engineer of the department a written request for hearing thereon within thirty days of the date of the filing of notice of action pursuant to RCW 43.21C.080. Upon receipt of such a request, the department shall afford an aggrieved party a hearing in accordance with chapter 34.04 RCW and chapter 468-10 WAC relating to contested cases. In reaching a decision based upon such a hearing, procedural determinations made by the responsible official shall be entitled to substantial weight.

(4) If a party wishes to obtain judicial review of the administrative appeal decision concerning that party, the aggrieved party shall first submit a notice of intent to do so with the responsible official of the department within the time period for commencing a judicial appeal as provided in subsection (5) of this section.

(5) As provided in RCW 43.21C.075 and WAC 197-11-680, a party desiring judicial review of the administrative appeal decision concerning that party shall commence such appeal within (a) ninety days of the issuance of notice of action by the department pursuant to RCW 43.21C.080, or (b) thirty days after service of the final decision of the department as provided in RCW 34.04-.130, whichever is later.

[Statutory Authority: RCW 43.21C.120 and chapter 197-11 WAC. 84-19-030 (Order 90), § 468-12-680, filed 9/14/84.]

WAC 468-12-704 Activities exempted from definition of "action." The following activities are exempted from the definition of "action" because they are nonproject actions for which approval must be obtained from a federal agency prior to implementation as provided in WAC 197-11-704 (2)(b)(iii):

- (1) National transportation studies;
- (2) Federal-aid system designations;
- (3) National functional classification of highways and determination of needs.

[Statutory Authority: RCW 43.21C.120 and chapter 197-11 WAC. 84-19-030 (Order 90), § 468-12-704, filed 9/14/84.]

WAC 468-12-800 Categorical exemptions. The following activities of the department are within the categorical exemptions contained in the indicated subsections of WAC 197-11-800:

(1) The repair, maintenance, or minor alteration of existing private or public structures, facilities or equipment, as provided in WAC 197-11-800(3), including but not limited to:

- (a) Burning of weeds or brush within right of way limits;
- (b) Preparation, storage, and application of sand and de-icing chemicals;
- (c) Disposal and/or treatment of sewage generated on transportation department property in accordance with state and local regulations;
- (d) Right of way mowings;
- (e) Snow removal and avalanche control;
- (f) Erosion control measures;
- (g) Stormwater disposal procedures not involving significant changes in existing drainage patterns and quantities outside of transportation right of way;

(h) Street, road, rail, and airport cleaning and sweeping;

(i) Litter pickup and disposal;

(j) Removal and disposal of debris;

(k) Application of right of way fertilizer;

(l) Planting, thinning, and removal of roadside, railyard, or airport vegetation as required for landscaping and maintenance purposes;

(m) Dead animal removal and disposal;

(n) Pavement burning;

(o) Maintenance and fencing of game crossings;

(p) Pit and sundry site reclamation;

(q) Waste oil disposal;

(r) Maintenance of chemical toilets;

(s) Control and disposal of roadway spills;

(t) The periodic application of approved pesticides to transportation rights of way to maintain design conditions as provided in WAC 197-11-800(24);

(u) All repair, maintenance, or minor alteration of existing transportation pavement, drainage facilities, rails, earthwork, bridges, tunnels, guardrails, railroad protective devices, signs, paths, trails, buildings, toll booths, radio and telephone equipment, air quality equipment, rest area facilities, storage facilities, pit sites, airports, and other physical features and structures within the jurisdiction of the transportation department.

(2) Adoptions or approvals of utility, transportation, and solid waste disposal rates, as provided in WAC 197-11-800(15), including, but not limited to the establishment of or changes in toll rates.

(3) Information collection and research, as provided by WAC 197-11-800(18), including but not limited to the development, adoption, and revision of transportation plans and six-year construction programs, and any other studies, plans, and programs which lead to proposals which have not yet been approved, adopted, or funded, and which do not commit the transportation department to proceed with the proposals contained therein.

[Statutory Authority: RCW 43.21C.120 and chapter 197-11 WAC. 84-19-030 (Order 90), § 468-12-800, filed 9/14/84.]

WAC 468-12-880 Exemptions for emergency actions. The emergency exemptions defined in WAC 197-11-880 include, but are not limited to, the following emergency actions taken by the department.

(1) Issuance of emergency load restrictions on highways and bridges;

(2) Performance of emergency protection or restoration of highways and other transportation facilities under circumstances defined in RCW 47.28.170;

(3) Approval of funding for emergency projects;

(4) Emergency disposal of hazardous material;

(5) Emergency disaster maintenance;

(6) Installation, removal, or alteration of emergency generator equipment;

(7) Restriction of use of bridges due to structural deterioration;

(8) Emergency removal of materials dangerous to highways, bridges, or other transportation facilities.

[Statutory Authority: RCW 43.21C.120 and chapter 197-11 WAC. 84-19-030 (Order 90), § 468-12-880, filed 9/14/84.]

[Title 468 WAC—p 18]

WAC 468-12-904 Incorporation of chapter 197-11 WAC. (1) The provisions of chapter 197-11 WAC (SEPA guidelines adopted by the department of ecology on January 26, 1984), are hereby adopted by the department, and are incorporated in and made a part of this chapter by reference herein, to the extent that the SEPA guidelines are applicable to the programs, activities, and actions of the department.

(2) The provisions of this chapter are intended to implement the provisions of chapter 197-11 WAC, and to be consistent therewith.

[Statutory Authority: RCW 43.21C.120 and chapter 197-11 WAC. 84-19-030 (Order 90), § 468-12-904, filed 9/14/84.]

WAC 468-12-910 Designation of responsible official. The responsible official for any project or nonproject actions not described below shall be the secretary of the department. The responsible official for all project and nonproject EIS's is the project development engineer in Olympia. The responsible official for determinations of significance and determinations of nonsignificance on project actions is the district administrator in the district where the action is located.

[Statutory Authority: RCW 43.21C.120 and chapter 197-11 WAC. 84-19-030 (Order 90), § 468-12-910, filed 9/14/84.]

WAC 468-12-912 Procedures when consulted. When a request by another agency for consultation is made pursuant to the provisions of WAC 197-11-912, such request shall be referred for response to the project development office of the department in Olympia who shall coordinate the research and field investigations which may be necessary, and supervise the transmittal of the requested information to the lead agency within the time periods specified by WAC 197-11-502.

[Statutory Authority: RCW 43.21C.120 and chapter 197-11 WAC. 84-19-030 (Order 90), § 468-12-912, filed 9/14/84.]

Chapter 468-14 WAC SMALL BUSINESSES AND MINORITY CONTRACTORS

WAC

468-14-010	General.

468-14-050	Bonds—Withholding on monthly progress payments.

WAC 468-14-010 General. To enable a greater number of small businesses and minority contractors to compete effectively for Washington state department of transportation contracts, the secretary adopts the following rules and regulations in accordance with RCW 47.28.030 as amended by chapter 116, Laws of 1973, and by chapter 225, Laws of 1977 ex. sess.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-14-010, filed 12/20/78. Formerly WAC 252-50-010.]

WAC 468-14-020 Call for bids--Limitation on contract amount. (1) All contracts shall be awarded by competitive bidding to the extent that competitive bids are available except when delay of the work would jeopardize life or property or inconvenience the travelling public.

(2) Contracts may be awarded under these rules when the estimated cost of the work would not exceed fifty thousand dollars.

WAC 468-18-030 Policy governing use of county roads as haul roads on state highway projects. (1) The secretary of transportation or his representative shall, at the time of the preliminary planning for any state highway project requiring the use of any county road or portion thereof as a haul road, contact the county officials and advise them that such use is contemplated.

(2) When the final plans for such project are prepared, and prior to advertising for bids, the secretary of transportation or his representative shall meet with the county officials and inform them of the full particulars regarding the intended use of the county road, including estimates of the total yardage involved and the duration of the project.

(3) Before a contract is awarded, the secretary of transportation and the county officials shall sign an agreement setting forth clearly the obligations of the state for defraying added maintenance costs for the county road involved. The agreement shall specifically set forth that the conclusions of the secretary of transportation as to the actual costs to be paid by the state shall be final and conclusive.

(4) Subsequent to the state's contractor having terminated his use of the county road and as soon thereafter as is possible the county shall submit its claim for compensation for additional maintenance and the secretary shall make such review thereof as shall be necessary to ascertain that the state will pay only that portion of the increased maintenance costs occasioned by the state's contractor's use of the county roads.

(5) A special provision in the contract shall specify that the contractor or contractors using the county road as a haul road in connection with the state project shall abide by all weight and speed laws in the operation of his or their equipment and shall be liable for any increased damage to the road by reason of his or their failure to do so.

(6) For administration purposes moneys paid pursuant to the maintenance agreement shall be included as part of the construction project.

WAC 468-18-040 Design standards for rearranged county roads, frontage roads, access roads, intersections, ramps and crossings. Because of the wide variety of rearranged county roads, frontage or access roads, intersections, ramps and crossings encountered by the freeway construction and relocation of other state highways, further understandings are desirable as to the jurisdiction and the responsibility between the county and state.

The policy on the construction, improvement and maintenance of intersections of state highways and county roads approved December 7, 1952 by the Washington association of county commissioners and January 14, 1953 by the Washington state highway commission has been the guide in determining the responsibility of these two agencies, and is hereby revised and updated to supersede the above stated policy.

Following are the criteria, procedure and design standards that the state department of transportation shall use in the planning for frontage roads and access roads that counties will be requested to accept as county roads and the construction of rearranged county roads, intersections, ramps and crossings:

(1) At the early stages of planning, before the right of way maps are prepared, the state and county shall review the proposed improvement.

(2) The proposed design standards shall not be less than the current "Washington state county arterial design standards," except where an individual county shall have adopted a higher design standard, in which case the higher standard shall apply.

(3) The required right of way for the proposed improvement, which shall not be less than that called for by the current "Washington state county arterial design standards," shall be either deeded to the county or the county given an easement for rights of way purposes.

(4) The proposed construction shall include all the necessary traffic control and safety devices and be

signed in accordance with the Manual on Uniform Traffic Control Devices for Streets and Highways, as modified and adopted by the Washington state department of transportation, to protect the driving public.

(5) An agreement shall be negotiated between the state and county at this early stage of planning, before right of way maps are approved for each rearranged county road, frontage or access road, intersection or crossing, which shall cover the standards of construction, right of way, and outline the responsibility of each agency which shall conform to the following basic principles of maintenance responsibilities:

(a) Where an existing county road is crossed by a state highway underpass, the state will construct the underpass and necessary approaches and maintain the underpass.

The roadway to be provided for county traffic will be constructed by the state.

If illumination exists on the county road at the time of construction of the underpass, the state shall provide the necessary facilities for illuminating the county's portion of the road over the state highway and the necessary approach roadway.

If it is determined that illumination will be necessary at a later date and it will be necessary to place conduits in the structure, the state shall provide same.

The county will maintain the roadway providing for county traffic including traffic stripe, snow removal, sanding and illumination, if needed, for the county road.

(b) Where an existing county road is crossed by a state highway overpass, the state will construct the structure and necessary approach roadway and maintain the structure.

The county will maintain the entire roadway under the structure except special drainage, if needed.

The state shall provide the necessary facilities for illuminating the county's portion of the road under the structure and necessary approach roadway, unless otherwise agreed.

(c) When an existing county road is crossed at grade by a new state highway, the state will assume all costs for the construction including taper sections, acceleration and deceleration lanes and be responsible for all maintenance to the right of way line.

Stop signs after installation shall be maintained in accordance with the state statutes.

The construction and maintenance of illumination will be the responsibility of the state.

When a new county road intersects a state highway, the maintenance responsibilities will be the same as outlined above. The construction costs shall be the responsibility of the county.

(d) Whenever, because of increased traffic, heavy turning movements, accident frequency or other good cause, it becomes necessary to initiate a project for the improvement of an existing intersection not incidental to a construction project, the state and county will cooperate in the cost of the improvement in each case by mutual agreement in accordance with the following formula:

- (i) Ascertain the number of legs of the intersection under the existing responsibility of each agency involved.
- (ii) Ascertain the traffic volume on each leg.
- (iii) Add the traffic counts on each agency's intersection legs.
- (iv) The resulting percentage of the traffic volume total falling to each jurisdiction should be the relative proportion of the improvement's cost to be borne by each agency: *Provided*, That in no case shall the county's share of the total cost of the improvement exceed fifty percent of that cost.

The maintenance responsibilities will be the same as outlined above in subparagraph (c) of this subsection.

(e) When an interchange is constructed at an intersection of a state highway and county road, the ramps, structure and crossroad within the interchange area shall be maintained and reconstructed, if necessary, by the state. Illumination, if required, shall be constructed by the state and that portion located on state right of way maintained by the state or as otherwise agreed.

Traffic signals on state right of way, if required at ramp terminals, shall be constructed, operated and maintained by the state.

(f) Where it is necessary to relocate an existing county road, the state will construct the road and the county will maintain the road.

(g) If a county road or street is dead-ended, the state will construct a cul-de-sac to the county standards.

(h) When it is necessary for the state to construct service roads, landlock prevention roads or dead-end roads, which may be desirable in lieu of damages to property, the provisions of RCW 47.52.105 shall be the guide.

These roads shall be the state's responsibility unless by agreement in accordance with the procedures outlined in the policy statement, the county will accept these roads as county roads and if such an agreement is entered into, all dead-end roads shall have a cul-de-sac constructed to the county's standard.

(i) Upon completion of the construction of each rear-ranged county road, frontage road, access road, intersection or crossing for which an agreement has been entered into between the state and county, an inspection by the state and county road engineer shall be made to determine that all the requirements of the agreement have been fulfilled. Upon fulfillment of the agreement, the district engineer shall notify the county in writing and the county shall accept the road as a county road or assume the responsibilities as set forth in said agreement.

Within one year the state will turn over the right of way to the county for any construction accepted by the county as a county maintained road.

highways and city streets. (1) **Legal reference.** Section 61, chapter 220, Laws of 1949 provides in part as follows: ". . . ; and all such streets including curbs and gutters and street intersections and such bridges and wharves shall be constructed and maintained by the director from any state funds available therefor.

"The jurisdiction control and duty of the state and city and town with respect to said streets shall be as follows:

"(a) . . .

"(b) The city and town shall exercise full responsibility for and control over any such street beyond the curbs, and if no curb is installed beyond the portion used for highway purposes."

(2) **The problem.** The construction of partially and fully controlled limited access freeways or similarly designed state highways through cities and towns is becoming more frequent. The construction of cloverleaf and other types of interchanges makes it difficult to determine exactly which features of the interchange constitute the "street intersection" for which responsibility is established by law.

(3) **The policy.** After the access plan for any partial, or fully controlled limited access highway has been approved by a city or town, the state and city authorities shall negotiate an agreement establishing responsibility for construction and maintenance of the various features of each interchange. To illustrate the basic principles of these responsibilities and to serve as a guide in such negotiations, the attached sketches of typical intersections and interchanges are hereby made a part of this policy. The scope of this policy does not include the roadside areas enclosed in the loops or ramps of an interchange or the slopes of cuts and fills, responsibility for which is more clearly defined by statute.

WAC 468-18-080 Policy governing the application of federal aid secondary funds. (1) Two percent of the federal aid secondary funds allocated to the state of Washington shall be deducted for use for highway planning and research activities.

(2) The remaining federal aid secondary funds allocated to the state of Washington shall be divided between the department of transportation and the counties as follows:

(a) Eighty percent to the counties for projects on county roads which are federal aid secondary roads;

(b) Twenty percent to the department of transportation for projects on state highways which are federal aid secondary roads.

(3) The funds allocated to the counties shall further be allocated to the individual counties based upon the ratio that each county's current federal aid secondary road mileage bears to the total miles of federal aid secondary roads for all counties in the state.

(4) After an allocation of federal aid secondary funds shall have been allotted to an individual county for a period of thirty-six months and such funds have not been obligated by the approval of the project plans, specifications and estimate, the allocation shall be withdrawn and placed to the credit of all counties which, during the two preceding calendary years, shall not have had any federal aid secondary funds forfeited. The reallocation shall be made to each eligible county based upon the ratio that its current federal aid secondary road

mileage bears to the total miles of federal aid secondary roads of all the eligible counties. This provision shall be effective with respect to the allocation of federal aid secondary funds for the year 1976 and subsequent years.

(5) The distribution of federal aid secondary funds between the department of transportation and the counties and between the counties themselves as provided for in this section shall begin with the allocation of said funds to the state of Washington for federal fiscal year 1984.

(6) The department of transportation may advance federal aid secondary funds to a specific county project providing the advance will in no way affect, impair, jeopardize, or forestall the road program of any other county.

(7) Prior to advancing federal aid secondary funds to a county, the department shall receive a resolution from the county authorizing the department to withhold from the county's monthly motor vehicle fuel tax the amount advanced in monthly installments over a period not to exceed twenty-four months in the event the federal aid secondary program is discontinued.

(8) The department shall prepare guidelines in accord with the federal requirements for administration of the federal aid secondary program.

The secretary of transportation is also the "agency head" as that phrase is applied in chapter 82-12 WAC.

(2) Whenever real property or real property rights are acquired all interests in the real property or real property rights shall be discharged as authorized by law. If any assessing entity may in the course of its operation assess for the maintenance, operation, or any function of the assessing entity subsequent to acquisition, the present value of those subsequent assessments shall be determined by the parties and that amount paid in exchange for a deed releasing the real property or real property interests from all subsequent assessments by the assessing entity and an order entered in the records of the assessing entity to that same effect.

(3) Whenever any assessing district as defined and provided in chapter 79.44 RCW seeks to include any real property or real property interests of the department of transportation the department shall proceed as authorized by law. If any assessing district may assess further for the maintenance, operating, or any function of the assessing district, the present value of those subsequent assessments shall be determined by the parties and that amount paid in exchange for a deed releasing the real property or real property interests from all subsequent assessments by the assessing district and an order entered in the records of the assessing district to that same effect.

(4) Whenever the department of transportation holds any real property or real property interests which are subject to future assessments by an assessing entity the present value of those subsequent assessments shall be determined by the parties and that amount paid in exchange for a deed releasing the real property or real property interests from all subsequent assessment by the

assessing entity and an order entered in the records of the assessing district to that same effect.

(5) Whenever any assessing district as defined in chapter 73.44 RCW refuses to release future assessments by payment in advance, the assessments may be paid annually.

WAC 468-30-050 Policy relative to granting and maintaining road approaches to state highway system.

(1) Approaches granted by right of way negotiation shall include in the instrument a provision that the approach shall be maintained by the grantee outside the shoulder line of the highway. This shall obtain irrespective of whether the state constructs the approach or not.

(2) Approaches granted by permit shall continue to be maintained outside the highway shoulder line by the holder of the permit.

(3) Existing structures, which have been granted under permit but which may be reconstructed by the state with the reconstruction of the highway, shall be maintained by the property owner and provision for such maintenance shall be set forth in the new permit or right of way instrument providing for the approach reconstruction. This is applicable to approaches which have developed but which are not covered by permit or right of way negotiation.

(4) Existing approaches outside the shoulder of the highway which were constructed by the state under a provision of a right of way transaction without mention

of maintenance and which have previously been maintained by the state shall hereafter be maintained by the abutting property owner.

(5) Approaches to limited access highways shall be to frontage roads where provided and only to the main roadway where this is specifically intended under the plan showing access for the particular section within which the approach is located.

Other improvements may be rented to subsequent tenants on a month-to-month basis until the property is required by pending construction. In no event shall the property be rented to the original displacee beyond the initial ninety day period unless there are extenuating circumstances and prior written approval of the chief right of way agent.

(2) Leases and rental agreements in furtherance of the policy set forth in subsection (1) of this section and pursuant to authority contained in chapter 162, Laws of 1949, shall be negotiated by the land management branch of the department of transportation where directed by the secretary of transportation. Said division shall prepare all necessary documents to accomplish such leases and shall submit same to the secretary for action thereon as indicated in subsection (4) of this section.

(3) The rental rates are based on the following:

(a) The rental rate is economic rent as determined by either a market data report of rentals or a written determination by appraisal.

(b) For those rentals subject to excise tax under the provisions of chapter 82.29A RCW, the tax is payable in addition to the determined rental rate.

(c) The rental rate is evaluated as economic conditions require, but no more often than once per year.

(d) Where the acquired improvement is tenant occupied, the rental rate in effect at the time of acquisition shall continue for ninety days. Thereafter the rental rate shall be economic rent. Should the tenant be paying more than economic rent, the rent is to be immediately lowered to economic rent.

(e) The rent for the first month (pay period) is calculated and adjusted to the next closest first or fifteenth day. This adjusted rent and the last month's (pay period) rent are payable upon execution of the rental agreement.

(4) Authority to approve rental agreements:

(a) All rental agreements in which the rental rate equals or exceeds the "minimum standard rental rates"

of the applicable provisions of subsection (3) of this section may be approved by the secretary of transportation or his designee.

(b) The following described agreements (i) and (ii) will not be considered under the provisions of subsection (3) of this section and may be approved by the secretary of transportation.

(i) Interim possession agreements—Interim agreements will give possession to a prospective air space lessee during the period prior to the formalization and approval of an air space lease. The agreements will provide interim rental at a negotiated figure and will be terminable on thirty days' notice.

(ii) Mutual benefits possession agreements—Mutual benefits possession agreements will involve those properties where the benefits to the state will equal those derived by the lessee and will be terminable on thirty days' notice. The value of mutual benefit will be determined by the secretary or his designee.

(5) Leases and rental agreements shall be subject to termination on a maximum of sixty days' written notice, provided, that the secretary or his designee may approve time extensions in specific cases.

WAC 468-30-070 Procedure for transfer of abandoned state highways to counties. A public highway which is or has been a part of the route of a state highway and is no longer necessary as such may be certified to the county in which it is located in the following manner:

The state aid engineer shall notify the affected board of county commissioners and the county engineer of any certifications anticipated for the ensuing calendar year not later than August 1 of the previous year, so that the county may provide in its budget for the maintenance and/or reconstruction of roads which are transferred to it by the department of transportation in accordance with RCW 36.75.090.

(1) When a tentative date has been determined on which the transfer of the highway is to be made, the district engineer shall arrange for a joint maintenance inspection by representatives of the highway department and the county.

(2) The highway department shall be represented by the district state aid engineer and the district maintenance engineer or his designated representative.

(3) The county shall be represented by the county road engineer and his maintenance engineer, supervisor or designated representative.

(4) Any and all routine maintenance deficiencies which are noted at the time of this inspection shall be corrected by the district maintenance forces.

(5) Upon completion of any maintenance work deemed necessary, the district engineer shall by letter

inform the county engineer to the effect that all maintenance deficiencies noted during the inspection have been corrected.

(6) The county engineer shall by letter subsequently inform the district engineer that the road or highway to be transferred is either (a) in a condition acceptable to the county, or (b) in a condition not acceptable to the county, in which case the unacceptable conditions shall be enumerated in detail.

(7) In the event that the district engineer feels that additional maintenance work is required, he shall direct such work to be done and again follow the procedure outlined in subsection (5) of this section; and the county engineer shall then follow the procedure outlined in subsection (6) of this section.

(8) In the event that it becomes impossible for the district and the county to reach agreement, a full report of the initial inspection and the apparent points of disagreement shall be transmitted to the state aid engineer, who will then consult with the state maintenance engineer and the county engineer and provide the director with all significant information and with his own recommendations.

(9) The secretary of transportation will take final action on the transfer of the road and the county shall be provided with a copy of his decision two weeks before the certification is made.

(10) After the certification has been made, the state will provide the county with all available maps, conveyances, permits, franchises and other documents which may relate to that portion of the road or highway transferred.

Maintenance is described as being the preservation and upkeep of a highway, including all of its elements, in as nearly its original, or as constructed, or as subsequently improved, condition as possible. This includes traffic control devices and other safety control measures deemed necessary.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-30-070, filed 12/20/78. Formerly WAC 252-12-055.]

WAC 468-30-075 Procedure for transfer of abandoned state highways to cities and towns. A public highway which is or has been a part of the route of a state highway and is no longer necessary as such may be certified to the city or town in which it is located in the following manner:

The state aid engineer shall notify the affected legislative body and the city or town engineer of any certifications anticipated for the first half of July of the ensuing calendar year not later than August 1 of the previous year, so that the city or town may provide in its budget for the maintenance and/or reconstruction of roads which are transferred to it by the department of transportation in accordance with RCW 36.75.090 and 47.24.010.

(1) The department of transportation shall make such certifications between the first and fifteenth of July each year. A reasonable time prior to the certification of a highway, the district administrator shall arrange for a

joint maintenance inspection by representatives of the transportation department and the city or town.

(2) The transportation department shall be represented by the district state aid engineer and the district maintenance engineer or his designated representative.

(3) The city or town shall be represented by the city or town engineer and his maintenance engineer, supervisor or designated representative.

(4) Any and all routine maintenance deficiencies which are noted at the time of this inspection shall be corrected by the district maintenance forces or by contract.

(5) Upon completion of any maintenance work deemed necessary, the district administrator shall by letter inform the city or town engineer to the effect that all maintenance deficiencies noted during the inspection have been corrected.

(6) The city or town engineer shall by letter subsequently inform the district administrator that the road or highway to be transferred is either (a) in a condition acceptable to the city or town or (b) in a condition not acceptable to the city or town in which case the unacceptable conditions shall be enumerated in detail.

(7) In the event that the district administrator feels that additional maintenance work is required, he shall direct such work to be done and again follow the procedure outlined in subsection (5) of this section; and the city or town engineer shall then follow the procedure outlined in subsection (6) of this section.

(8) In the event that it becomes impossible for the district and the city or town to reach agreement, a full report of the initial inspection and the apparent points of disagreement shall be transmitted to the state aid engineer, who will then consult with the state maintenance engineer and the city or town engineer and provide the secretary with all significant information and with his own recommendations.

(9) The secretary of transportation will take final action on the transfer of the road and the city or town shall be provided with a copy of his decision two weeks before the certification is made.

(10) After the certification has been made, the state will provide the city or town with all available maps, conveyances, permits, franchises and other documents which may relate to that portion of highway transferred.

Maintenance is described as a program to preserve and repair a system of roadways together with its elements to ensure its designed or established structural life and operational expectancy. This includes traffic control devices and other safety control measures deemed necessary.

WAC 468-30-080 Policy and procedure for sales of personalty. Whenever the department of transportation shall have acquired any lands, except state granted lands, upon which are located any structures, timber or other thing of value attached to the land, same may be severed from the land and sold at public auction subject to the following guidelines:

(1) Such items of value may be approved for sale at public auction or for removal by demolition under contract procedures approved by the secretary of transportation.

(2) Authorized sales of personalty shall be made by the department of transportation acting through the secretary of transportation at public auction upon a date, place and hour to be set by the secretary.

(3) The authorization for sale shall include a minimum price at which any item or items may be sold.

(4) Notice of sale shall be given as follows:

(a) By publishing notice of the time and place of sale two successive times with an interval of one week between publications, in any daily or weekly newspaper of general circulation published in the county in which the sale is to take place. If there is no legal newspaper published in the county, then such notice shall be published in the legal newspaper published in this state nearest to the place of sale.

(b) The notice shall describe with reasonable particularity each item of property to be sold, shall state the location at which said property can be viewed, shall state the date, time and place at which the auction is to be held, and shall be signed by the secretary of transportation or such other person as he may designate.

(5) All items sold shall be removed from the right of way or premises of the department of transportation within a maximum period of sixty days following sale, provided, that the secretary of transportation may increase said maximum period when in his judgment it would not be practical to make such removal within sixty days.

(6) The secretary of transportation is authorized at his discretion to include as a condition of any sale a requirement that the purchaser provide a surety deposit guaranteeing satisfactory performance in removal of the item purchased and correction of all unsightly or hazardous conditions caused by such removal, and the secretary is further authorized to determine the amount of deposit to be required.

(7) If a minimum price shall have been set and the highest bid at the auction is less than such minimum, one of the following alternative procedures shall be pursued:

(a) When time permits, the building shall be readvertised for sale at a later date and this shall be announced to the bidders immediately.

(b) If the building cannot be readvertised due to the imminence of construction, the bidders shall be advised immediately of the minimum acceptable bid and that a sale will be made to the first responsible bidder offering the minimum bid plus the required deposit.

WAC 468-30-110 Nonhighway use of airspace on state highways. (1) Definitions:

(a) "Airspace" is that space located above, at or below the highway's established gradeline lying within the approved right of way limits.

(b) "Department" is the Washington state department of transportation.

(2) Any use of such space shall be subject to approval of the Federal Highway Administration.

(3) Any use of such space shall be subject to compliance with all applicable city, town or county zoning requirements.

(4) Any application to the department for the lease of such space shall describe in detail the use to be made of such space and the physical facilities to be installed and maintained on state right of way.

(5) The lessee shall be solely responsible and shall hold the state harmless for liability for any and all damage to persons or to public or private property that may result from or be caused by the use of such space or from the erection or maintenance of any structure or facility upon the highway right of way. The lessee shall be liable to the department for any moneys expended by it for the protection or repair of any state facility required as a result of any such use.

(6) The lessee shall be required to carry liability and property damage insurance in amounts required by the department.

(7) No use of such space shall be allowed which subjects the highway facility or the public to undue risk or impairs the use of the facility for highway purposes.

(8) Use of such space shall be covered by a properly executed airspace lease.

(9) Consideration for occupancy:

(a) Where the airspace can be developed and used as an entity the consideration shall be economic rent.

(b) Where the proposed use of the airspace is in conjunction with an abutting tract, rent shall be based on its contribution value to the abutting property but not less than economic rent.

(c) When the use of the property constitutes a highway purpose the rent may be offset in part or in whole with other valuable considerations as determined by the department.

(10) The granting of any use of such space shall be subject to the discretion of the department and upon such terms and conditions in addition to those stated herein as it shall deem proper.

(11) No assignment of any lease by the lessee shall be of any force and effect unless prior written approval of such assignment has been given by the department.

WAC 468-34-010 Applications. Applications for franchises and permits submitted to the Washington state department of transportation shall conform with the following requirements:

- (1) Applications shall be submitted upon forms available from the department.
- (2) Applications shall include a map or suitable sketch showing all existing roads within a reasonable distance on either side of the state highway and for at least one-half mile on either end of the beginning and end of the requested franchise location.
- (3) Applications shall indicate compliance with the standards as set forth in the POLICY ON ACCOMMODATION OF UTILITIES ON HIGHWAY RIGHTS OF WAY as contained in these rules and any amendments thereto.
- (4) The application shall discuss alternate possibilities, especially when a location on or across a limited access facility is considered necessary. Reasons for need to adhere to location as proposed must be adequately set forth in the application.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-010, filed 12/20/78. Formerly WAC 252-04-010.]

WAC 468-34-020 Costs. (1) The applicant shall pay the reasonable cost to the department for investigating, handling and granting the franchise or permit, including but not limited to fees of hearing officers and reporters, including basic overhead charges upon the application and for providing an inspector during construction and/or maintenance of the utility facility as follows:

For each new franchise	\$150.00
For renewal of franchise	\$ 75.00
For amendment of franchise	\$100.00
For assignment of franchise	\$ 20.00
For each permit	\$ 35.00

together with an additional charge in the amount of expenses, if any, actually incurred by the department in investigation of the application: *Provided*, That no charge shall be made for applications for franchise or permit where the applicant is the United States or any of its agencies, or a utility anticipating relocation from its private easement acquired or to be acquired by the department for construction or reconstruction of a state highway.

(2) An equitable portion of the added costs of design and construction of highway structures shall be charged to any utility company which is required to pay the costs of relocation of its facilities and/or to any utility company making new installations.

(3) Before any construction work is started, a surety bond in an amount required by the department, but not less than one thousand dollars, written by a surety company authorized to do business in the state of Washington, may be required by the department to insure completion of construction, including the restoration of surfacing, slopes, slope treatment, top soil, landscape treatment, drainage facilities and cleanup of right of way for a period ending not more than one year after date of completion, except the applicant shall be required to maintain an individual bond for a period to two years after date of completion where the utility facility disturbs the traveled lanes or usable shoulder. A blanket surety bond may be maintained covering multiple franchises or permits in lieu of individual bonds at the department's discretion. A blanket surety bond shall be in an amount of not less than ten thousand dollars.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-020, filed 12/20/78. Formerly WAC 252-04-020.]

WAC 468-34-030 Determination of need for franchise hearing. (1) Upon the filing of an application for franchise, the department shall determine whether the work involved with the franchise may:

- (a) During construction, significantly disrupt the flow of traffic or use of driveways or other facilities within the right-of-way; or
- (b) During or following construction, cause a significant and adverse effect upon the surrounding environment, in order to determine whether a hearing or hearing opportunity is required.

(2) If the department deems it to be in the public interest a hearing or hearing opportunity may be required

for any franchise application. A hearing or hearing opportunity will normally be required for a franchise which involves any of the following:

- (a) Overhead transmission lines in excess of 35 kV;
- (b) Facilities involving the installation of pipe larger than eighteen inches nominal diameter;
- (c) Conduits requiring an excavation wider than three feet;
- (d) Pipelines carrying transmittants which are flammable, corrosive, expansive, energized or unstable and are larger than four inches nominal diameter;
- (e) Pressurized carrier pipes larger than twelve inches nominal diameter;
- (f) Underground installations of any size that require excavation through landscaped areas which are authorized by permit and which are maintained by owners of abutting property.

(3) The department may dispense with holding a hearing where the planned facility has already been or is the subject of environmental land use or other hearings or where the applicant presents evidence of a direct contact with owners of abutting property.

(4) Those franchise applications which the department determines warrant a hearing or hearing opportunity shall be processed in accordance with WAC 468-34-040 through 468-34-090. All other franchise applications may be approved by the department without being processed in accordance with WAC 468-34-040 through 468-34-090, including franchises previously filed but not advertised.

WAC 468-34-050 Notice of filing. Upon the filing of application for franchise, the department shall cause notice thereof to be given in the county or counties in which any portion of the highway upon which the franchise applied for is located, at the expense of the applicant, by posting written or printed notice in a public place at the county seat of such county or counties and by publishing a like notice in two successive issues of a newspaper having a general circulation in such county or counties. The notice shall state the name of the applicant and a description of the state highway or part thereof over which the franchise application extends. The auditor of the respective county shall cause the notices to be

posted and published and shall file proof of posting and publishing with the department.

[Statutory Authority: 1977 ex.s. c 151, 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-050, filed 12/20/78. Formerly WAC 252-04-045.]

WAC 468-34-060 Protests. Any person whose interests would be adversely affected by the granting of a franchise may file protests thereto. No form of protest is prescribed, but such protests shall be in writing, mailed to the department of transportation, Olympia, Washington, and to the applicant at the address stated in the application for franchise, and shall briefly state the facts upon which such protest is based. No protest or amendment thereof shall be considered by the department unless received within fourteen days after the notice of filing has been posted and published.

[Statutory Authority: 1977 ex.s. c 151, 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-060, filed 12/20/78. Formerly WAC 252-04-050.]

WAC 468-34-070 Uncontested applications. If no protest to a franchise application is received within fourteen days after the notice of filing has been posted and published, the department may grant the franchise without further proceedings.

WAC 468-34-080 Procedure on protests. If a protest or protests to an application are filed with the department, the secretary or his designee shall, at the time for hearing such application, insofar as is practicable, state the issues raised by the protest or protests, take such other steps as it may deem necessary for complete hearing on such issues, and continue such hearing from time to time until the hearing is completed in accordance with these rules.

[Statutory Authority: 1977 ex.s. c 151, 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-080, filed 12/20/78. Formerly WAC 252-04-055.]

WAC 468-34-090 Hearing officers. The secretary may designate any qualified person as hearing officer with respect to hearings on any franchise application. Subject to later review and ruling by the secretary or his designee, such hearing officer may:

- (1) Administer oaths and affirmations, examine witnesses, and receive evidence;
- (2) Admit evidence which possesses probative value commonly accepted by reasonable, prudent men in the conduct of their affairs, giving effect to the rules of privilege recognized by law and excluding incompetent, irrelevant, immaterial and unduly repetitious evidence;
- (3) Rule on offers of proof and receive relevant evidence;
- (4) Regulate the course of the hearing;
- (5) Hold conferences for the settlement or simplification of the issues by consent of the parties;
- (6) Dispose of procedural requests or similar matters;

(7) Prepare the proposed order, including findings of fact and conclusions of law, disposing of such application and submit the same to the secretary or his designee for consideration.

WAC 468-34-110 Definition of terms. Unless otherwise stated, words and phrases used herein shall have the following meaning:

(1) Highway – A general term denoting a street, road or public way for purposes of vehicular travel, including the entire area within the right of way.

(2) Conventional highway – An arterial highway without access control.

(3) Limited access highway – A highway upon which the rights to ingress and egress, light, view and air are controlled by law.

(a) Full control of access – Means that the authority to control access is exercised to give preference to through traffic by providing access connections with selected public roads by prohibiting crossings or direct private driveway connections at grade.

(b) Partial control of access – Means that the authority to control access is exercised to give preference to through traffic to a degree that, in addition to access connections with selected public roads, there may be some crossings and some private driveway connections at grade.

(c) Freeway – A fully controlled limited access highway of four or more traffic lanes with the opposing traffic lanes separated by a median strip of arbitrary width.

(4) Frontage road – A local street or road auxiliary to an arterial highway for service to abutting property and adjacent areas and for control of access.

(5) Scenic route – A highway forming a part of the scenic and recreational highway system as set forth under chapter 47.39 RCW.

(6) Roadway prism – That portion of the highway right of way between back of ditch, bottom of ditch, back of curbs including slopes, shoulders, pavement and a median of less than sixteen feet in width.

(7) Roadway – The portion of a highway including shoulders, for vehicular use. A divided highway has two or more roadways.

(8) Median – The portion of a divided highway separating the traveled ways for traffic in opposite directions.

(9) Roadside – A general term denoting the area adjoining the outer edge of the roadway. Extensive areas between the roadways of a divided highway may also be considered roadside.

(10) Rest area – A roadside area with parking facilities separated from the roadway provided for motorists to stop and rest. It may include drinking water, toilets, tables and benches, telephones, information, and other facilities for travelers.

(11) Viewpoint – A roadside area provided for motorists to stop their vehicles beyond the shoulder, primarily for viewing the scenery in safety.

(12) Right of way – A general term denoting land, property, or interest therein, usually in a strip, acquired for or devoted to highway transportation purposes.

(13) Clear roadside policy – The policy employed by a highway authority to increase safety, improve traffic operation and enhance the appearance of highways by designing, constructing and maintaining highway roadsides as wide, flat, and rounded as practical and as free as practical from physical obstructions above the ground such as trees, drainage structures, massive sign supports, utility poles and other ground-mounted obstructions.

(14) Encroachment – Unauthorized use of highway right of way as for signs, fences, buildings, etc.

(15) Restoration – A general term denoting replacing, repairing or otherwise restoring the right of way to the same or equal conditions as before any change or construction thereon.

(16) Franchise – Occupancy and use document required for longitudinal occupancy of highway rights of way in accordance with chapter 47.44 RCW.

(17) Permit – Occupancy and use document required for an occupancy of the highway rights of way other than by franchise as provided in chapter 47.44 RCW.

(18) Private lines – Privately owned facilities which convey or transmit commodities as listed in WAC 468-34-100, but are devoted exclusively to the use of the owner.

(19) Roadway structure – The combination of sub-base, base course, and surface course placed on a sub-grade to support the traffic load and distribute it to the roadbed.

(20) Overcrossing – A grade separation where the subject highway passes over an intersecting highway or railroad.

(21) Undercrossing – A grade separation where the subject highway passes under an intersecting highway or railroad.

(22) Backfill – Replacement of soil around and over a pipe.

(23) Bedding – Organization of soil or fine gravel to support a pipe.

(24) Overfill – Backfill above a pipe.

(25) Sidefill – Backfill alongside a pipe.

(26) Carrier – Pipe directly enclosing a transmitted fluid (liquid or gas).

(27) Casing – A larger pipe enclosing a carrier.

(28) Sleeve – Short casing through pier or abutment of highway structure.

(29) Vent – Appurtenance to discharge gaseous contaminants from casings.

(30) Coating – Material applied to or wrapped around a pipe.

(31) Conduit or Duct – An enclosed tubular runway for protecting wires or cables.

(32) Cover – Depth of top of pipe below grade of roadway or ditch.

(33) Drain – Appurtenance to discharge accumulated liquid contaminants from casings or other enclosures.

(34) Encasement – Structural element surrounding a pipe.

(a) Jacket – Encasement by concrete poured around a pipe.

(b) Walled – Partially encased by concrete poured alongside the pipe.

(35) Gallery – An underpass for two or more pipelines.

(36) Grounded – Connected to earth or to some extended conducting body which serves as a ground instead of the earth.

(37) Manhole – An opening in an underground system which workmen or others may enter for the purpose of making installations, inspections, repairs, connections, and tests.

(38) Pipeline – A tubular product made as a production item for sale as such.

(39) Pressure – Relative internal pressure in psig (pounds per square inch gage).

(40) Slab, floating – Slab between but not contacting pipe and pavement.

(41) Trenched – Installed in a narrow open excavation.

(42) Untrenched – Installed without breaking ground or pavement surface, such as by jacking or boring.

(43) Utility service connection – A service connection from a utility's distribution or feeder line or main to the premises served.

(44) Traffic control – Those provisions necessary to safeguard the public during construction activities.

(45) Normal – Crossing at a right angle.

(46) Standard specifications for road and bridge construction – The compilation of standard requirements for road and bridge construction issued by the Washington state department of transportation.

(47) True line and grade – A line reasonably free from variation on both horizontal and vertical alignment.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-110, filed 12/20/78. Formerly WAC 252-04-075.]

WAC 468-34-120 Application of policy to various types of right of way. The applicable policy for the accommodation of utilities on various types of highways shall be in accordance with the following:

(1) Freeways – Accommodation of utilities shall be in accordance with "A Policy on the Accommodation of Utilities on Freeway Rights-of-Way" issued by the American Association of State Highway Officials (AASHO) 1969, and amendments thereto, and this policy.

(2) Limited access highways – Accommodation of utilities shall be the same as for freeways.

(3) Conventional highways – Rural – Accommodation of utilities shall be in accordance with this policy.

(4) Conventional highways – Cities and towns – Accommodation of utilities shall be in accordance with:

(a) Underground

(i) Water and sewer – the currently applicable "Standard Specifications for Municipal Public Works Construction," published by Washington State Chapter American Public Works Association.

(ii) All other facilities – Accommodation of utilities shall be in accordance with this policy.

(b) Overhead – Accommodation of utilities shall be in accordance with this policy.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-120, filed 12/20/78. Formerly WAC 252-04-085.]

WAC 468-34-130 Location. (1) Utility installations should be located to minimize need for later adjustment to accommodate future highway improvements and to permit access for servicing such lines with minimum interference to highway traffic.

(2) Longitudinal installations should be located on a uniform alignment and grade as near as practicable to the right of way line so as to provide a safe environment for traffic operation and preserve space for future highway improvements or other utility installations.

(3) Utility line crossings of the highway shall be normal to the highway center line to the extent feasible and practical. Crossings should be made on a true line and grade.

(4) The horizontal location shall be placed with relation to the centerline of the highway as approved by the department.

(5) The vertical location of underground utility lines shall be in accordance with the currently applicable design standard for underground utility encroachments. The vertical clearance of above ground facilities shall be consistent with the clearances as provided in WAC 468-34-290.

(6) In all cases, full consideration shall be given to aesthetics, sound engineering principles, and overall economic aspects.

(7) Utility installations that are needed for a highway purpose, such as for continuous highway lighting or to serve a weigh station, rest or recreational area, are to be located and designed in accordance with the requirements of this policy.

(8) The department may restrict the number of utility service connections, and require the placement of one or more distribution lines in lieu thereof.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-130, filed 12/20/78. Formerly WAC 252-04-095.]

WAC 468-34-140 Utility tunnels and bridges. The department should insure adequate study is made by the utility companies to anticipate their needs (present and future) for crossings and to determine if convergence of several crossings can be made to make it more feasible to use a utility tunnel or bridge.

In a combined tunnel or bridge, provision shall be made to isolate mutually hazardous transmittants such as fuels and electric energy by compartmentizing or by auxiliary encasement of incompatible carriers.

The utility tunnel or bridge shall comply in appearance, location, cover, earthwork and markers with the standards as set in the currently applicable Standard Specifications for Road and Bridge Construction.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-140, filed 12/20/78. Formerly WAC 252-04-105.]

WAC 468-34-150 Design. (1) The utility company shall be responsible for the design of the utility facility. The department shall review and approve the utility's plans with respect to location and the manner in which the utility facility is to be installed and measures to be taken to preserve safe and free flow of traffic, structural integrity of the roadway or highway structure, ease of highway maintenance, appearance of the highway and the integrity of the utility facility.

(2) Utility installations on, over or under the rights of way and utility attachments to highway structures shall as a minimum comply with the following standards and/or amendments thereto:

(a) Electric power and communication facilities shall conform with the currently applicable National Electric Safety Code and/or Washington State Safety Code.

(b) Water lines shall conform with the currently applicable specifications of the American Water Works Association including but not limited to:

Welded Steel Water Pipe	AWWAC201 & ASTM A 120 AWWAC203 AWWAC205
Asbestos Cement Pipe	AWWAC400
Reinforced Concrete Water Pipe	AWWAC300 AWWAC301 AWWAC302
Cast Iron Water Pipe	AWWAC106 AWWAC108 AWWAC111
Wrought Iron Water Pipe	ASTMA72

(c) Pressure pipeline shall conform with the currently applicable sections of Standard Code for Pressure Piping of the American National Standards Institute and applicable industry codes, including:

- (i) Power Piping, ANSI B 31.10
- (ii) Petroleum Refinery Piping, ANSI B 31.3
- (iii) Liquid Petroleum Transportation Piping Systems, ANSI B 31.4

(iv) CFR 49, Part 192, Transportation of Natural and Other Gas by Pipeline - Minimum Federal Safety Standards

(v) Liquid petroleum pipelines shall conform with the currently applicable recommended practice of the American Petroleum Institute for Pipeline Crossings Under Railroad and Highways. (API RP 1102)

(d) Sewer pipe shall conform with the currently applicable Standard Specifications for Road and Bridge Construction.

(e) Drainage pipe shall conform with the currently applicable Standard Specifications for Road and Bridge Construction.

(3) Ground mounted utility facilities shall be of a design compatible with the visual quality of the specific highway section being traversed.

(4) All utility installations on, over, or under highway right of way and attachment to highway structures shall be of durable material designed for long service life expectancy and relatively free from routine servicing and maintenance.

(5) On new installations or adjustment of existing utility lines, provision shall be made for known or planned expansion of the utility facilities, particularly those located underground or attached to structures. They shall be planned so as to minimize hazards and interference with highway traffic when additional overhead or underground lines are installed at some future date.

(6) Government or industry codes required by law or regulation shall be followed in addition to rules and regulations referred to herein. This shall include any highway design standards which the department shall deem necessary to provide adequate protection to the highway, its safe operation, appearance and maintenance.

WAC 468-34-160 Permits and franchises. Except as provided in WAC 468-34-180, a permit or franchise shall be required for occupancy of highway right of way by utility facilities, including private lines.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-160, filed 12/20/78. Formerly WAC 252-04-125.]

WAC 468-34-170 Permits and franchises--Contents. All permits or franchises shall:

(1) Incorporate all pertinent provisions of this policy as to location, construction, traffic protection, maintenance, access restriction, preservation of aesthetic qualities, and such special conditions as the department may deem appropriate.

(2) Generally describe the facilities to be installed as to size, type, nature and extent.

(3) Contain adequate exhibits, preferably state highway maps, depicting

(a) Existing or proposed location in relation to the highway.

(b) Existing or planned highway improvements.

- (c) Right of way.
- (d) Control of access and access points.
- (4) Contain a summarization of the effects the installation will have on the aesthetics of the highway right of way and visible natural features.
- (5) Specify the extent of liability and responsibilities associated with future adjustment of the utility facilities to accommodate highway improvements.
- (6) Specify the effect of noncompliance with the conditions thereof.

(7) Contain terms which shall commit the holder to a pledge that performance of routine cutting and trimming work will be accomplished in such a manner that the roadside appearance will not be disfigured. When major work is involved, or damage to roadside appearance may become significant, the holder shall secure the approval of the department in advance of the work.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-170, filed 12/20/78. Formerly WAC 252-04-135.]

WAC 468-34-180 Accommodation where prior right. Where the utility facilities are to be adjusted to accommodate highway construction and the utility has a prior property right in its location, the department and the utility may enter into a common use agreement providing for joint occupancy of right of way consistent with the requirements of each party.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-180, filed 12/20/78. Formerly WAC 252-04-145.]

WAC 468-34-190 Pipelines--Location and alignment. (1) For all crossings, the angle of crossing should be based on economic considerations of practical alternatives. The crossings should be as near normal to the highway centerlines as practical.

(2) Pipeline crossings should avoid deep cuts, footings of bridges and retaining walls, wet or rocky terrain or locations where highway drainage would be affected.

(3) Longitudinal installations shall parallel the highway and lie as near as practicable to the highway right of way line. Any longitudinal installation in the roadway, as defined in WAC 468-34-110(7), of a limited access highway shall be considered a deviation from this policy. Any request for such a deviation must demonstrate that:

(a) The installation will not adversely affect the design, construction, stability, structural integrity, traffic safety or operation of the highway.

(b) The installation, other than in the roadway, will create an undue hardship or financial burden by reason of terrain, geology, or environmental damage along the roadside.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-190, filed 12/20/78. Formerly WAC 252-04-155.]

WAC 468-34-200 Pipelines--Cover. (1) The grade of the top of pipe within the highway right of way shall comply with the applicable Design Standard for Underground Utility Encroachment.

(2) Where less than minimum cover is made necessary to avoid obstacles, the pipe should either be re-routed or protected with a casing or concrete slab acceptable to the department.

(3) Cover for pipelines carrying transmittants which are flammable, corrosive, expansive, energized, or unstable shall not be reduced below safety limits as specified in the appropriate industry standards and specifications.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-200, filed 12/20/78. Formerly WAC 252-04-165.]

WAC 468-34-210 Pipelines--Encasement. (1) Casings shall be required for the following conditions except as may be permitted under subsection (3) of this section.

(a) Pipeline crossings under completed freeways and other controlled access highways.

(b) Pipeline crossings where casing is required by appropriate industry code or special conditions.

(c) Pressurized carrier pipes and carriers of transmittants which are flammable, corrosive, expansive, energized, or unstable.

(d) Pipeline installations where local features, embankment materials, construction methods or other conditions indicate any possibility of damage to the protective coating during installation.

(2) Casings may be required for the following conditions.

(a) As an expediency in the insertion, removal, replacement or maintenance of carrier pipe crossings of freeways and other locations where it is necessary in order to avoid open trench construction.

(b) As protection for carrier pipe from external loads or shock, either during or after construction of the highway.

(c) As a means of conveying leaking fluids or gases away from the area directly beneath the traveled way to a point of venting at or near the right of way line or to a point of drainage in the highway ditch or a natural drainage way.

(d) Jacked or bored installations of coated carrier pipes, except where assurance is provided the department that there will be no damage to the protective coating.

(3) Casings may or may not be required for the following conditions.

(a) Pipelines relocated in advance of highway construction, including those conveying natural or other gas which meet the design, installation and cathodic protection provisions of the Minimum Federal Safety Standards, CFR 49, Part 192 may be constructed without encasement provided the department (and the pipeline officials) agree that the lines are and will remain structurally sound and operationally safe.

(b) Uncased crossings for local service connections carrying natural or other gas which conform to the design, installation, and cathodic protection provisions of the Minimum Federal Safety Standards, CFR 49, Part 192 may be permitted on two-lane highways at those locations where the department agrees that the embankment materials and installation methods are adequate

and that complete assurance is provided against damage to the protective coating of the pipe or to the roadway structure.

(c) Pipelines installed where open cutting is allowed.

(4) Casing pipes shall extend a minimum of six feet beyond the toe of fill slopes, or back of ditch line, or outside curb. The casing pipe need not be continuous on freeways with or without frontage roads; however, maintenance in the median shall not be required on a routine basis.

(5) Casing pipes shall be sealed at the ends.

(6) Casing pipes shall be designed to support the load of the highway and superimposed loads thereon and, as a minimum, shall equal the structural requirements for highway drainage facilities. Casings shall be composed of materials of sufficient durability to withstand any conditions to which they may be exposed.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-210, filed 12/20/78. Formerly WAC 252-04-175.]

WAC 468-34-220 Pipelines--Appurtenances. (1)

Vents shall be required for casings, tunnels and galleries enclosing carriers of fuel where required by CFR 49, Part 192, Minimum Federal Safety Standards. Vent standpipes shall be located and constructed so as not to interfere with maintenance of the highway nor to be concealed by vegetation; preferably they should stand by a fence or on the right of way line.

(2) Drains shall be required for casings, tunnels, or galleries enclosing carriers of liquid, liquefied gas or heavy gas. Drains may outfall into the roadway ditch or natural water course at locations approved by the department. The outfall shall not be used as a wasteway for purging the carrier unless specifically authorized by the department.

(3) Marker location and emergency information shall be conspicuously marked for all pipelines, using color if necessary to contrast with the environment. They should be provided at one end of a normal crossing, at both ends of an oblique crossing and at five hundred foot intervals along a longitudinal installation. Markers shall include pipeline identification and station; owner of the pipeline; and telephone number or other means of contact with local office. Markers may also include depth of cover, size, pressure and contents of carrier, and potential of ducted wires and cables.

(4) Manholes shall not be located in the pavement or shoulders of any access controlled highway. Manholes should be designed and located in such a manner that will cause the least interference to other utilities and future highway expansion.

(5) Automatic shut-off valves shall be installed in line at or near ends of structures, near unusual hazards, unless the hazardous segments can be isolated by other sectionalizing devices within a reasonable distance.

(6) Above-ground appurtenances shall be located to comply with the clear roadside policy.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-220, filed 12/20/78. Formerly WAC 252-04-185.]

(1986 Ed.)

WAC 468-34-230 Pipelines--Uncased carriers. (1) The carrier pipe shall conform to the material and design requirements of the Utility industry and government codes and specifications.

(2) The carrier pipe shall be designed to support the load of the highway plus superimposed loads thereon when the pipe is operated under all ranges of pressure from maximum internal to zero pressures.

(3) Suitable bridging, concrete slabs, or other appropriate measures as approved by the department shall be used to protect existing carrier pipes which by reason of shallow bury or location makes them vulnerable to damage from highway construction or maintenance operations.

(4) Existing carrier pipelines may remain in place without further protective measures if they are of adequate depth and do not conflict with highway construction or maintenance and provided the department (and the pipeline officials) agree that the lines are, and will remain, structurally sound and operationally safe.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-230, filed 12/20/78. Formerly WAC 252-04-195.]

WAC 468-34-240 Pipelines--Restrictions against varied use. (1) Pipeline installation requests shall specify the class of transmittant, the maximum working, test, or design pressures, and the design standards for the carrier.

(2) A change in the class of transmittant, or an increase in the maximum design pressure specified in the permit or franchise, shall require approval of the department. The request for the change shall specify the applicable codes to be used.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-240, filed 12/20/78. Formerly WAC 252-04-205.]

WAC 468-34-250 Pipelines--Installation. Installation or replacement of pipelines along or crossing highways shall ordinarily be controlled by end-product specifications. However, to insure safety of traffic and preservation of the earth structure supporting the pavement, any required construction shall be in accordance with the following controls:

(1) Trenched construction and backfill. The essential features for trench and backfill construction are:

(a) Restoration of the structural integrity of entrenched roadbed.

(b) Security of the pipe against deformation likely to cause leakage.

(c) Assurance against the trench becoming a drainage channel or against drainage being blocked by the backfill.

(2) Trenched construction - bedding and backfill.

(a) Trenches shall be cut to have vertical faces, where soil and depth conditions permit, with a maximum width of outside diameter of pipe plus two feet. Shoring shall comply with the department of labor and industries safety code for construction and/or as directed by the department.

[Title 468 WAC--p 35]

(b) Bedding shall be provided to a depth of six inches or half the diameter of the pipe, whichever is least. Bedding should consist of granular material free of lumps, clods, stones, and frozen material. Bedding shall be graded to a firm but yielding surface without abrupt change in bearing value. Unstable soils and rock ledges should be subexcavated from the bedding zone and replaced with suitable material or as directed by the department. The bottom of the trench should be prepared to provide the pipe with uniform bedding throughout the length of the installation.

(c) Backfill shall be placed in two stages:

(i) Sidefill to the level of top of pipe.

(ii) Overfill to former grade surface. Sidefill and overfill shall consist of granular material laid in six-inch layers, each consolidated by mechanical tamping and controlled addition of moisture, to a density of ninety-five percent as determined by AASHTO Method T-99. Consolidation by saturation or ponding is not permitted. Backfilling and methods of compaction should be adapted to achieve prompt restoration of traffic. Additional cutback of base and surfacing and transitioning of trench shoulders to minimize later development of sag in the grade of the pavement over the trench shall be as directed by the department.

(3) Untrenched construction shall be required on all pipeline crossings of limited access highways and:

(a) The width of untrenched construction shall extend a minimum of six feet outside the roadway prism.

(b) Pipelines installed under a highway without disturbing the surface shall be made using a technique approved by the department.

(c) The size of the opening shall not exceed five percent oversize in diameter. Backfill is required for pipes over twelve inches in diameter.

(d) Overbreaks, unused holes, or abandoned casings shall be backfilled as directed by the department.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-250, filed 12/20/78. Formerly WAC 252-04-215.]

WAC 468-34-260 Pipelines—Adjustment. (1) An existing pipeline should be relocated in plan and/or grade whenever the top of the pipe is less than the requirements of the currently applicable standard design plate for underground utility encroachments.

(2) An existing or relocated pipeline shall be encased or otherwise protected wherever such treatment normally would be required for a future pipeline at the site.

(3) An existing pipeline which would lack adequate cover for protection against vehicular live loads or highway construction operations may, in lieu of encasement, be protected by a floating slab.

(4) Notwithstanding reinforcement or protection otherwise provided, the highway construction contractor should be warned and made responsible for the security of each existing pipeline within the construction zone. Where there are unusual utility hazards and where heavy construction equipment will be needed, it should be arranged that the contractor provide an adequate

temporary protective cover of earth or bridge the utility if underground.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-260, filed 12/20/78. Formerly WAC 252-04-225.]

WAC 468-34-270 Installations on highway structures. Attachment of utility lines to a highway structure may be allowed where such attachment shall conform to sound engineering considerations for preserving the highway, its safe operation, maintenance and appearance. The attachment shall be in accordance with the following:

(1) Each proposed bridge attachment should be considered on its individual merits and separately designed so as to be compatible with the appearance of the structure.

(2) Bridge attachment of a utility should not be considered unless the structure in question is of a design that is adequate to support the additional load and to accommodate the utility facility without compromise of highway features, including reasonable ease of bridge maintenance.

(3) Utility positionings on a structure which would inhibit access to any structure part for bridge painting, repair or maintenance should not be allowed. Manholes for utility access shall not be allowed in the bridge deck on overcrossings.

(4) Attachment on a structure of a pipeline carrying a hazardous transmittant shall be avoided where practical.

(5) The utility attachment shall not effectively reduce the clearance of the structure where such clearance is critical.

(6) Generally, utility attachments should be beneath the structure's floor, between the girders or beams or within a cell and at an elevation above low superstructure steel or masonry. Attachment to the outside of the bridges should be avoided where there are reasonable alternatives.

(7) Utility mountings should be of a type which will not create noise resulting from vibration.

(8) The hole created in the bridge abutment shall be of the minimum size necessary to accommodate the utility line. The hole shall be sealed to prevent any leakage of water or backfill material.

(9) The utility line back of the bridge abutment should curve or angle out to align outside the roadbed area in as short a distance as is operationally practicable.

(10) Acceptable utility attachment methods are hangers and/or roller assemblies suspended from inserts in the underside of the bridge floor or from hanger rods clamped to the flange of some substructure member or as otherwise specified by the department.

(11) Utility construction shall conform to applicable codes, standards and specifications.

(12) The utility company shall be responsible for any restoration or repair of any portion of bridge or highway disturbed by the utility installation or use.

(13) Communication and electric power line attachments shall be suitably insulated, grounded, and carried

in protective conduit or pipe from point of exit from ground to reentry. The cable shall be carried to a man-hole located beyond the backwall of the structure. Carrier pipe and casing pipe shall be suitably insulated from electric power line attachments.

(14) WAC 468-34-210 shall apply to installations on structures.

[Statutory Authority: 1977 ex.s. c 151, 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-270, filed 12/20/78. Formerly WAC 252-04-235.]

WAC 468-34-280 Overhead power and communication lines--Type of construction. Longitudinal installations on the right of way should be single pole construction. Joint use single pole construction is generally desirable and should be used whenever feasible.

[Statutory Authority: 1977 ex.s. c 151, 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-280, filed 12/20/78. Formerly WAC 252-04-245.]

WAC 468-34-290 Vertical clearance. The vertical clearance for overhead power and communication lines above the highway and the lateral and vertical clearance from bridges shall conform with the National Electrical Safety Code and/or with the clearances as shown below, whichever is greater.

Type of Utility Line	Lines Crossing Roadways	Longitudinal
Communications	24'	20'
Communications joint usage with electrical	20'	20'
ELECTRICAL		
0 - 750 volts	24'	24'
751 - 15,000 volts	30'	27'
15,001 - 50,000 volts	32'	32'
50,001 volts & over	34'	32'

(1) The minimum height of highway crossing shall be measured from the high point of the roadway.

(2) The minimum height of longitudinal lines shall be measured from ground line.

(3) All clearances shall be at State Electrical Construction Code Temperature and loading standards, and comply with all other requirements of this code.

[Statutory Authority: 1977 ex.s. c 151, 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-290, filed 12/20/78. Formerly WAC 252-04-255.]

WAC 468-34-300 Overhead lines--Location. (1) As a minimum, pole lines should be located outside the clear roadside area for the highway section involved.

(2) Guy wires to ground anchors and stub poles should not be placed between a pole and the traveled way where they encroach on the clear roadside area.

(3) Where irregular shaped portions of the right of way extend beyond the normal right of way limits, variances in the location from the right of way line should

be allowed as necessary to maintain a reasonably uniform alignment for longitudinal overhead and underground installations.

(4) On and along conventional highways, poles and related facilities should be located as near as practicable to the right of way line.

[Statutory Authority: 1977 ex.s. c 151, 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-300, filed 12/20/78. Formerly WAC 252-04-265.]

WAC 468-34-310 Underground power and communication lines. (1) The general controls relative to pipe-lines shall apply to underground installation of power and communication lines.

(2) The general controls set forth in WAC 468-34-270 relative to Installations on Highway Structures shall be followed.

(3) The design of underground installations should reflect consideration of possible future highway and/or utility enlargement.

(4) Manholes shall be designed and located in such a manner that will cause the least interference to other utilities and future highway expansion.

(5) New underground utility installations may be permitted in scenic strips, overlooks, where they will not require extensive removal or alteration of trees visible to the highway user or impair the visual quality of the lands being traversed.

[Statutory Authority: 1977 ex.s. c 151, 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-310, filed 12/20/78. Formerly WAC 252-04-275.]

WAC 468-34-320 Conversion to underground or relocation of overhead lines--Responsibility. Consistent with existing statutes and the necessity for protecting roadside appearance and removal or relocation of existing aerial lines within certain areas, the following methods of sharing cost responsibility shall pertain under various circumstances.

(1) Where an aerial utility line exists under franchise and for aesthetic reasons the department desires undergrounding or aerial relocation during the life of the franchise to serve the highway purpose, the department will pay the cost of the new facility, plus cost of removal of the old plant, less a credit for depreciation and salvage on the replaced plant.

(2) For new franchises for new utility lines where none presently exist and where the department determines on the basis of scenic classification (WAC 468-34-330) that the facilities shall be placed underground, the entire cost shall be borne by the utility.

Where a franchise is to be amended or has been renewed for the first time after the effective date (August 20, 1974) of this policy revision and the department determines on the basis of scenic classification (WAC 468-34-330) that the facility should be placed underground or relocated aurally, the cost for such undergrounding or relocation shall be borne by the utility. Such undergrounding or relocation shall occur at the time of reconstruction of the line by the utility or at a

time determined by the utility within the renewal period, whichever occurs first.

(3) Within the limits of projects for highway construction where the utility occupies the right of way by right of franchise and where the department determines on the basis of scenic classification (WAC 468-34-330) that the facility should be placed underground or, based on design and/or location considerations the facility may be relocated aerially, the cost responsibilities shall be determined as follows:

(a) The utility shall be responsible for the full cost of that portion of the existing aerial facility that must be relocated within the physical limits of construction.

(b) The department will pay the cost of the new facility, plus the cost of removal of the old plant less a credit for depreciation and salvage on the replaced plant, for that portion of aerial line not physically affected by the highway construction.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-320, filed 12/20/78. Formerly WAC 252-04-280.]

WAC 468-34-330 Scenic enhancement. (1) Undergrounding requirements within scenic areas: In the interest of protection and preservation of roadside appearance and visual quality of scenic areas, the following requirements shall pertain to highway sections classified in accordance with the definitions set forth in subsection (3) of this section.

CLASS A and B:

Initial franchises and franchise amendments where aerial facilities are nonexistent: Installation shall be underground except as may be justified as special exceptions listed in subsection (2) of this section.

Initial franchises and franchise amendments where aerial facilities exist: An aerial facility may be allowed on existing poles with the franchise to expire on the date of the existing franchise for the aerial line. No major reconstruction of the existing pole line or construction of a new aerial facility will be allowed except as may be justified under subsection (2) of this section.

Franchise renewals of existing aerial facilities: Upon expiration of an existing franchise, one franchise renewal for a period of twenty-five years may be granted for existing aerial lines with a special provision included in the franchise requiring the utility to apply for an initial franchise, franchise amendment or franchise renewal for burial of the facility either at the time major reconstruction of the line, for that portion of line to be reconstructed, or prior to expiration of the first franchise renewal. Existing facilities may be allowed to remain aerial if justified under subsection (2) of this section.

In considering approval of aerial facilities as special exceptions under subsection (2) of this section, greater emphasis upon the justification of facilities within Class A route segments shall be given by the department as compared to those in Class B.

CLASS C and D:

Aerial installations within highway sections having Class C and D scenic classification are permitted.

CLASS AX and BX:

An aerial facility may be allowed if found acceptable to the department based on design and/or location which will not detract from scenic values typical of those defined in Classes A and B.

(2) Special exceptions: Special exceptions may be made where one or more of the following conditions exist:

Power lines of voltage in excess of 35 KV. Special design should be incorporated to minimize the visual impact of the facility.

Other utility locations are not available or are usually difficult and unreasonably costly, or are more undesirable from the standpoint of visual quality.

The placing of the utility underground is not technically feasible or is unreasonably costly.

The impact of the required undergrounding adversely affects the utility consumer rates or the long term economics of the utility.

(3) Classifications:

Class A — Superior scenic qualities: Unique settings of superior scenic quality, historic or cultural, interest that should be protected or preserved by special treatment for heritage of others. Panoramic views from the highway of ocean beaches, scenic valleys, lake frontage, mountain forests, rivers, etc.

Class B — High scenic value: Areas where valuable scenic and environmental amenities exist and are enjoyed generally by travelers and public and deserve serious consideration for preservation and protective measures.

Class C — Secondary scenic importance: Scenic characteristics are of marginal importance.

Class D — Industrial, heavily urbanized or deteriorated areas: Industrial areas, urban settings and blighted areas which expense for beautification measures is not appropriate.

Subclass X — Alternative for Class A and B: Areas where based on design alternatives, such as configurations, color and location, an aerial facility could be allowed without changing the landscape quality.

General criteria: Classifications are to be based on the scenic values of the view from the roadway including the roadway appearance attainable after ultimate improvements within the right of way. Sections are to be of sufficient length to sustain separate distinguishable area characteristics.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-330, filed 12/20/78. Formerly WAC 252-04-285.]

WAC 468-34-340 Miscellaneous. (1) Preservation, restoration and cleanup

(a) Disturbed areas — The size of the disturbed area shall be kept to a minimum. Restoration methods shall be in accordance with the specifications and/or special provisions of the permit or franchise. Unsatisfactory restoration work shall be promptly redone by the utility. If necessary, unsatisfactory restoration work may be accomplished by the department and billed to the utility company.

(b) Drainage - Care shall be taken in utility installations to avoid disturbing existing drainage facilities. Underground utility facilities should be backfilled with pervious material and outlets provided for entrapped water. Underdrains should be provided where necessary. No jetting or puddling shall be permitted under the roadway.

(c) Spraying, cutting and trimming of trees - The indiscriminate cutting of trees or disfiguring of any feature of scenic value shall not be permitted. The utility shall repair or replace in kind any tree or shrub removed or disfigured when such is not necessary for the utility installation.

(d) If chemical sprays are used to kill weeds and brush, they shall comply with currently applicable federal and state department of agriculture regulations and the following:

(i) A special permit issued by the department shall be required.

(ii) Brush and trees thirty inches or higher shall be close cut and treated with spray to kill the roots and stumps.

(iii) Brush shall be disposed of by chipping or burning.

(iv) Brush and weeds thirty inches or less in height may be treated with a chemical spray. After the brush and weeds have died, they shall be immediately removed to prevent a serious fire hazard.

(v) The utility shall be responsible for any drift of the spray that contacts vegetation on private property adjacent to the highway.

(vi) Ingredients that are toxic to livestock, game animals or fowls shall not be used.

(e) Refuse and debris shall be disposed of to the satisfaction of the department.

(2) Safety and convenience

(a) Traffic controls including detours for utility construction and maintenance shall conform with currently applicable "Manual on Uniform Traffic Control Devices for Streets and Highways." All construction and maintenance operations shall be planned to keep interference with traffic to an absolute minimum. On heavily traveled highways construction operations interfering with traffic shall not be allowed during periods of peak traffic flow. Work shall be planned so that closure of intersecting streets, road approaches or other access points is held to a minimum. Adequate provisions shall be made to safeguard any open excavation to include barricades, lights, flagmen, or other protective devices as may be necessary.

(b) All utility facilities shall be kept in good state of repair both structurally and from the standpoint of appearance. The permit or franchise shall specify the maintenance operations which are permitted and the required notification to the department before any work is accomplished. Vehicle parking and the storage of materials on through roadways or ramps shall not be allowed.

(c) If emergency repairs are required, such repairs shall be undertaken and notice given immediately and approval as to the manner of repair secured as soon as possible. The utility shall confine its operations as much

as possible to the nontraveled portion of the right of way and shall exercise caution to protect the traveling public during such repairs. Flagmen, warning lights, barricades, and signs shall be employed in accordance with currently applicable *Manual on Uniform Traffic Control Devices for Streets and Highways*, and *Manual for Emergency Traffic Control for Protection of Men and Equipment*.

[Statutory Authority: 1977 ex.s. c 151, 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-34-340, filed 12/20/78. Formerly WAC 252-04-295.]

WAC 468-38-020 Additional tonnage permits. A permit to carry weight in addition to that authorized by the licensed gross weight may be issued under some conditions:

(1) A single-unit truck or a truck combination must be licensed to 40,000 pounds or to 80,000 pounds respectively in order to qualify for an additional tonnage permit.

(2) The wheelbase of any group of axles must meet the requirements of the legal weight table in RCW 46-.44.041. No single axle shall exceed 20,000 pounds; no pair of tandem axles shall exceed 34,000 pounds.

(3) The weight limit of 600 pounds per inch width of tire may not be exceeded.

(4) The restrictions on highway loads required by emergency conditions pursuant to WAC 468-38-080 shall apply even though an operator has an additional tonnage permit.

[Statutory Authority: RCW 46.44.090. 85-22-002 (Order 50, Resolution No. 253), § 468-38-020, filed 10/24/85; 82-18-010 (Order 31, Resolution No. 156), § 468-38-020, filed 8/20/82. WAC 468-38-030 Issuance of additional tonnage permits. (1) All permits for annual additional tonnage are to be issued at the headquarters office of the department of transportation, Olympia, Washington. Permits for quarterly, monthly, or temporary additional tonnage may be issued in the department's permit offices or by agents of the department located throughout the state.

(2) The department shall periodically publish a map showing which highways may be traversed by vehicles using additional tonnage permits. These routes are subject to change or cancellation by the department if deterioration occurs.

(3) Permits will be issued only to the following types of vehicles: Three or more axle full trucks; three or more axle truck-tractors; three or more axle dromedary truck-tractors; three axle full trailers. Three axle full trailers will require a permit only when towed by a two axle full truck, or if the towing vehicle is not covered by an additional tonnage permit.

(4) Permits will not be issued to semi-trailers.

(5) The fees for additional tonnage permits shall be prorated under the following conditions and by the following method:

(a) Additional tonnage permits will be prorated only to firms or individuals listed by the department of licensing to be fleet operators and only when the name is indicated on the listing furnished by the department of licensing.

(b) All power units in a fleet that have been reported to the department of licensing as proportionally registered are eligible for proration.

(c) The total cost of additional tonnage requested by the applicant for all units within the fleet shall be computed as if those fees were not subject to prorate.

(d) The percentage of mileage operated in Washington, which is the percentage as reported for vehicle license proration, shall be multiplied by the amount in subparagraph (c) of this subsection to determine the amount to be paid to the department of transportation: *Provided, however,* That the minimum fee assessed for any permit shall not be less than five dollars.

(e) Additions to fleets may be issued additional tonnage permits and payment shall be determined by using the same method as described above: *Provided, however,* That no additional tonnage permits will be issued until

the vehicle or vehicles involved have been duly registered with the department of licensing as additions to the fleet.

(6) Quarterly or monthly additional tonnage permits may be purchased only when the applicant has purchased licensed tonnage on a quarterly or monthly basis.

(7) Temporary additional tonnage permits may be purchased when the applicant has licensed tonnage in effect for the period for which he is applying.

(8) Additional tonnage purchased on a quarterly or monthly basis may be prorated if the prorate percentage for Washington state is at least sixty percent. Temporary additional tonnage may not be prorated.

(9) If a permit to increase weight by means of a boost-a-load or similar device is requested, the applicant must produce written evidence from respective county and/or city authorities indicating approval to travel over county roads or city streets.

[Statutory Authority: RCW 46.44.090. 82-18-010 (Order 31, Resolution No. 156), § 468-38-030, filed 8/20/82. Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-38-030, filed 12/20/78. Formerly WAC 252-24-030.]

WAC 468-38-040 Special log tolerance transportation permits. (1) Special log tolerance transportation permits shall be issued only at the headquarters office of the department of transportation located in Olympia, Washington.

(2) A permit will be denied if the vehicle does not meet the axle distance requirements of RCW 46.44.047, i.e., the distance between the front axle and the last axle of the combination shall be at least 37 feet.

(3) Maximum gross weight of the combination shall not exceed 68,000 lbs. by more than 6800 lbs. gross.

(4) Maximum gross weight on tandem axles shall not exceed 33,600 lbs. on each set of tandem axles.

(5) Operators having special log tolerance transportation permits are subject to all posted road restrictions.

(6) Special log tolerance transportation permits may be transferred to the purchaser of a log truck or to another vehicle owned by the permittee. A fee of five dollars will be charged.

(7) Any approved route, previously granted, shall be subject to immediate cancellation if upon determination of the department of transportation the section of state highway involved is showing abnormal failure or overstress.

(8) The department shall periodically publish a map showing which highways may be traversed by vehicles using special log tolerance transportation permits. The department shall be guided in its determination by the ability of each section of highway to accommodate the increased loading.

(9) When county roads or city streets are used to reach state highways, a permit for the use of such county roads or city streets is to be obtained from the proper county or city authorities.

(10) The fee for special log tolerance transportation permits may not be prorated.

[Statutory Authority: RCW 46.44.090. 82-18-010 (Order 31, Resolution No. 156), § 468-38-040, filed 8/20/82. Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1,

WAC 468-38-050 Special permits for movement of overlegal size or weight loads. The department of transportation may issue permits for movement of overlegal size or weight loads when:

(1) Application has been made to the department and the applicant has shown that there is good cause for the move, and that the applicant is capable of making the move.

(2) The applicant has shown that the load cannot reasonably be dismantled or disassembled.

(3) The vehicle, combination, or load has been dismantled and made to conform to legal limitations where practical. Reductions shall be made even though the use of additional vehicles becomes necessary.

(4) The vehicle(s) and load have been thoroughly described and identified; the points of origin and destination and the route of travel have been stated and approved.

(5) The proposed move has been determined to be consistent with public safety.

(6) The permittee affirms that:

(a) The vehicles have been properly licensed to make the proposed move or carry the load described in accordance with the provisions of Washington law;

(b) The drivers are properly licensed to operate in Washington in the manner proposed.

(7) The permittee will comply with all applicable rules pertaining to the issuance of any special permit.

[Statutory Authority: RCW 46.44.090. 82-18-010 (Order 31, Resolution No. 156), § 468-38-050, filed 8/20/82. Formerly WAC 468-38-150. Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-38-050, filed 12/20/78. Formerly WAC 252-24-050.]

WAC 468-38-060 Liability of permittee. Permits are granted with the specific understanding that the permittee shall be responsible and liable for accidents, damage or injury to any person or property resulting from the operation of the vehicle covered by the permit upon public highways of the state. The permittee shall hold blameless and harmless and shall indemnify the state of Washington, department of transportation, its officers, agents and employees against any and all claims, demands, loss, injury, damage, actions and costs of actions whatsoever, which any of them may sustain by reason of unlawful acts, conduct or operations of the permittee in connection with the operations covered by the permit.

WAC 468-38-070 Maximums for special permits. (1) Overwidth: 14 feet on any two-lane highway; 20 feet on any multiple-lane highway where a physical barrier serving as a median divider separates the oncoming and opposing traffic lanes; 32 feet on any multiple lane undivided highway.

The regulations on movement of buildings are in WAC 468-38-360.

(2) **Overheight:** A load over 14 feet high must be moved by permit, but the permittee is to be governed by the clearance of overhead obstructions such as bridges, underpasses, wires, overhead signs and other objects. The issuance of a permit does not insure the route to be free of low overhead structures. It is the responsibility of the permittee to check the proposed route and detour when necessary. County or city road detours for this purpose require authorization from respective jurisdictions. Vehicles hauling empty apple bins may be issued permits to haul such bins up to 14 feet 10 inches high.

(3) **Overlength:** The permit will allow movement on routes on which the permittee can negotiate curves, interchanges, entrance and exit roadways and other obstacles. In all instances the general safety of the public is considered paramount.

(4) **Overweight:** 22,000 pounds on a single axle; 43,000 pounds on tandem axles. (RCW 46.44.091)

WAC 468-38-080 Emergency closure and load restrictions on state highways. (1) Pursuant to RCW 46.44.080, when the department of transportation determines that, because of emergency conditions, vehicles whose gross tire loads exceed those described in subsection (2) of this section and will damage a highway or will endanger other traffic using a highway, it shall without delay close that highway temporarily to all vehicles or to a designated class of vehicles. Notices shall be posted at each end of the closed portion of highway and at all intersecting state highways.

(2) The department shall impose load restrictions as needed by posting either of the following signs. The conditions existing at the time shall determine which schedule of emergency load restrictions will be imposed.

EMERGENCY LOAD RESTRICTIONS

(a) No allowance will be made for any second rear axle that is suspended from the frame of a vehicle independent of the regular driving axle, commonly known as a "rigid trail axle." Allowance will be made for single tires only on the front axle of any truck.

(b) The load distribution on any one axle of any vehicle shall be such that it will not load the tires on that axle in excess of the prescribed load listed above: *Provided*, That a truck, truck tractor, passenger bus or school bus having conventional 10:00 x 20 tires or 11:00 x 22.5 tires, or larger, may carry a maximum load of 10,000 pounds on the front axle over any state highway placed under emergency load restrictions.

(3) Permits may be issued by the department of transportation to allow the operation of school buses and motor trucks transporting perishable commodities or commodities necessary for the health and welfare of local residents on such state highways as may be closed, subject to specific weight and speed restrictions as may be deemed necessary by the department of transportation.

(4) This rule shall not supersede or modify any rule in force establishing load limitations on state highway bridges.

WAC 468-38-090 Loading restrictions and requirements. (1) The vehicle, combination or load must be reduced or disassembled to a practical minimum. Loads created by means of welding, bolting or tying will be construed to be reducible. Reductions shall be made even though the use of additional vehicles becomes necessary.

(2) Tracked vehicles must be loaded longitudinally upon the hauling unit.

(3) Oversized hauling units in a combination in which two trailing units exceed 68 feet or in which one trailing unit exceeds 56 feet in length, 14 feet in height, or 8 feet 6 inches in width will be authorized to be used under permit authority only when the article to be hauled cannot reasonably be dismantled or disassembled and the size of such article equals or exceeds outside dimensions of the hauling unit. Such oversize hauling units shall not

be used to haul objects which can readily be reduced or hauled within the limits of a legal vehicle or a combination of vehicles.

(4) A trailer more than 48 feet in length within a two-vehicle combination may operate by authority of a single trip permit, a thirty day permit, or an annual permit authorized by RCW 46.44.0941.

WAC 468-38-100 Escort car requirements. Escort cars are required:

(1) When vehicle, vehicles or load is over 10 feet in width, escort cars (both front and rear) are required on a two-lane highway.

(2) When vehicle, vehicles or load is over 14 feet wide, one escort car in rear of movement is required on multiple-lane highways.

(3) When vehicle, vehicles or load is over 20 feet wide, escort cars in both front and rear of movement are required when the highway is a multiple-lane, undivided highway.

(4) When overall length of load, including vehicles, exceeds 100 feet or when rear overhang of load measured from the last axle exceeds one-third of the total length, one escort car is required on two-lane highways. The permit may authorize a riding flagperson in lieu of an escort car.

(5) When overall length of load, including vehicles, exceeds 140 feet, one rear escort car is required on multiple-lane highways.

(6) When in the opinion of the department of transportation, escort cars are necessary to protect the traveling public, for any overdimension and/or overweight move either across, upon, or along a highway.

WAC 468-38-110 Type of escort cars. (1) Escort cars must be furnished by the permittee. They may be a passenger car or a two-axle truck.

(2) Escort cars will be of such design as to afford the driver clear and unobstructed vision both front and rear. Escort cars will be in safe operational condition and properly licensed.

(3) Escort car operators must be experienced in the operation of escort vehicles, and no unnecessary passengers shall be permitted.

Pilot escort cars will travel at a distance of approximately 800-1,500 feet in front of and to the rear of the load. This distance shall be reduced in urban areas, at major intersections, and at structures less than 28 feet curb-to-curb width.

In hazardous conditions, the pilot car driver will act as a flagperson for traffic control and will signal by

hand or by radio to the towing vehicle driver when he can proceed.

(4) The driver of the rear escort car will act as flagperson when hazardous conditions exist, either in advising the driver of the tow vehicle as to clearance in turning movements or of accumulations of overtaking traffic.

As required, the rear escort car will travel far enough behind the load to provide adequate warning for overtaking vehicles and safe space between the rear escort car and the trailing unit for passing vehicles. All escort cars shall carry a minimum of three approved emergency fuseses and red flags.

Pilot car operators shall be properly licensed to operate the vehicle.

(5) When uniformed off-duty law enforcement officers act as escorts, using official police cars or motorcycles, the preceding requirements shall not be applicable.

WAC 468-38-120 Oversize mobile home transport regulations. (1) The purpose of this section is to supplement the provisions of chapter 468-38 WAC as they relate to the movement of mobile homes. Where conflicts with other sections of this chapter occur, the following rules apply.

(2) Definitions:

(a) "Mobile home" means all trailers of the semi-trailer type with hitch ball coupler designed as structures for human habitation which may have been subsequently adapted to other uses, which are capable of being towed upon the public highways and are more than thirty-six feet in length and more than eight and one-half feet in width.

(b) "Modular homes and sectional buildings" means any factory-built housing designed for human habitation which does not contain a permanent frame and must be mounted on a permanent foundation. Modular homes or sectional buildings with their own attached running gear which can be towed are considered to be mobile homes for purposes of this regulation. Modular homes or sectional buildings moved on legally registered trailers are subject to the provisions of chapter 46.44 RCW and the provisions of this chapter of the Washington Administrative Code regulating the movement of overlegal loads.

(c) Oversize permits may be issued to transporters, dealers or owners who shall assume full responsibility while operating under a permit. Operators of tow vehicles and others assisting in the transport must function as agents or employees of the permittee.

(d) A "unit" is a complete or irreducible part of an oversize mobile home, together with its tow vehicle.

(3) Oversize limits: The following regulations apply to mobile homes of semi-trailer design whose width exceeds eight and one-half feet but does not exceed fourteen feet and whose length exceeds thirty-six feet but in

combination with a tow vehicle does not exceed eighty-five feet.

(4) Oversize mobile home permits may be issued as follows:

(a) Annual permits may be issued only to permittees who are qualified as dealers or manufacturers as provided in chapter 46.70 RCW or to transporters licensed as provided in chapter 46.76 RCW.

Annual permits shall apply only to transport of mobile homes fourteen feet or less in height, above level ground, while being transported.

(b) Monthly permits may be issued to dealers, manufacturers, and transporters under the same conditions as annual permits except that fourteen foot height limitations may be waived.

(c) Single trip permits may be issued to dealers, transporters and owners for a specific combination of tow vehicle and mobile home to travel from a point of origin to a prescribed destination.

(5) The permittee must have insurance in effect while operating under the permit in the minimum amounts of one hundred thousand dollars - three hundred thousand dollars public liability and fifty thousand dollars property damage. Pilot car operators shall meet the insurance requirements of RCW 46.44.180.

(6) If an accident occurs while transporting a mobile home under permit, the permittee shall immediately notify the nearest state patrol office if the damage is greater than two hundred and fifty dollars to the mobile home or greater than one hundred dollars to other vehicles or structures. Permission to continue the movement must be obtained from the state patrol.

(7) Dealers selling twelve to fourteen foot wide mobile homes must advise the prospective purchaser in writing that not all state highways are approved for the transport of twelve to fourteen foot wide mobile homes.

(8) Permits issued in accordance with the Uniform Mobile and Modular Home Transportation Regulations of WASHTO will be subject to those regulations and will be honored by the state of Washington if issued by other states.

(9) Mobile homes:

(a) Overall dimensions shall not exceed those stated in the permit except for minor protrusions not to exceed two inches, such as door and window hardware. Eaves will be included in the measurement of maximum width. All dimensions shall be reduced to the practical minimum. Mobile homes having a single eave overhang along their length will be transported to allow for safe passing distances.

(b) The complete system of the mobile home, including running gear assembly, shall comply with the rules and regulations adopted by the United States Department of Housing and Urban Development (24 CFR 280 (1976) and as thereafter amended). Tires shall comply with applicable Federal Motor Carrier Safety Regulations, Title 49, chapter 111. Those mobile homes not certified as qualifying to the minimum H.U.D. specifications shall have brakes on at least two axles and on four wheels. Units of sixty feet or more in length shall have at least three full axles, except that twelve-foot

wide mobile homes manufactured prior to November 1, 1970, may be moved with a minimum of two axles. The brakes shall be under the control of the driver from the cab of the towing vehicle, and shall be adequate to control the mobile home and its load. They shall be so designed and connected that they shall automatically apply in case of accidental breakaway from the towing vehicle. A wet-cell or approved battery with a full charged rating of twelve volts will be installed in the mobile home to actuate electric brakes in the event of a breakaway. The minimum track width between two wheels on the same axle shall be eight feet. Track width shall be measured from the outer edges of the road bearing tread of tires on a single axle. Tires shall have no signs of separation or excessive aging and shall be inflated to the maximum recommended tire pressure and have tread depth no less than 3/32nd inch in any part of tire contacting the road. Recapped or retreaded tires are not allowed. Minimum combined load rating of mobile home tires must be in excess of their in-transit load. Axles and wheels must be properly aligned to minimize wear and overheating of tires.

(c) The open side of half sections of mobile homes shall be covered in such a way as to prevent billowing of the covering material.

(d) Furnishings or loose objects within the mobile home shall be secured in positions to achieve proper weight and balance.

(10) Tow vehicles:

(a) Tow vehicles shall comply with the following minimum requirements:

Mobile Home Width to be Towed	Drive Axle Tire Width	Drive Axle Tire Rating	Gross Curb Weight	(1) Weight	Rear Axle Rating
Over 8 1/2' to 10'	7.00"	6 ply	(2)	6,000#	(2)
Over 10' to 12'	8.00"	8 ply	35,000(3)	8,000#	15,000#
Over 12' to 14'	8.25"	10 ply	35,000#	9,000#	15,000#

(1) Includes fuel and accessories prior to hook-up with mobile home.

(2) Not required.

(3) May be waived for older vehicles.

(b) Conventional or cab-forward configuration shall have a minimum wheelbase of one hundred twenty inches. Cab-over engine tow vehicles shall have a minimum wheelbase of eighty-nine inches. Tow vehicles shall have a minimum 4-speed transmission. Power shall be sufficient to meet the requirements listed.

(c) Electrical brake controls, wiring and connections to mobile home brake systems will be capable of producing rated voltage and amperage at the mobile home brake magnets in accordance with the mobile home brake manufacturer's specifications.

(11) Signs and flags: In addition to the requirements of WAC 468-38-190, the OVERSIZE LOAD sign will be attached horizontally on the rear of the trailer home with the bottom edge between five and seven feet above the road surface. Sign material shall be impervious to moisture, clean and mounted with adequate supporting anchorage to provide legibility at all times.

(12) Lights: In addition to provisions of WAC 468-38-170, six-inch diameter flashing amber lights with a minimum of thirty-five candle power shall be mounted

on the upper outer edges of the rear of the trailing unit. They shall be operated with a flashing cycle of sixty to one hundred twenty times per minute during transit. Wiring and connections shall be in good working order.

(13) Travel speeds for mobile homes shall be as set forth in WAC 468-38-340.

(14) Mobile homes traveling in rural areas shall maintain adequate spacing of at least one-half mile between any two mobile home units. All units shall maintain a minimum distance of from four hundred to five hundred feet behind any truck, truck-tractor or trailer which could impair the visibility of an overtaking vehicle.

(15) The mobile home unit shall be operated in the right lane except when passing. On two-lane highways, units shall not pass other vehicles except when required to pass a vehicle being operated at a speed so slow as to hinder the safe flow of traffic.

(16)(a) A decal issued by the county treasurer shall be displayed on any mobile or modular home being transported on public highways in this state. The decal is not required if one of the following conditions is met:

- (i) When a mobile home is to enter the state;
- (ii) When a mobile home is being moved from the manufacturer or distributor to a retail sales outlet;
- (iii) When a mobile home is being moved from the manufacturer or distributor to a purchaser's designated location; or

(iv) When a mobile home is being moved between retail sales outlets.

(b) The county treasurer's decal shall be displayed on the rear of the mobile home while in transport. It shall be issued at the same time as the tax certificate for mobile home movement. If the tax certification is for a double-wide mobile home, two mobile home movement decals shall be issued.

(c) The decal shall meet the following requirements:

(i) It shall be at least eight and one-half inches square.

(ii) It shall be printed on Appleton Radiant Florescent Bristol (weight .010) or paper of comparable quality.

(iii) It shall be of fluorescent orange color.

(iv) It shall show the make, model and serial number of the mobile home, the date issued, the name of the transporter, the transporter's WUTC permit number if required, the department of transportation special motor vehicle permit number, and the name of the county issuing the decal.

(v) It shall display in readily legible script the expiration date of the decal, which shall be not more than fifteen days after the date the decal is issued.

(d) Mobile home movement decals may not be transferred.

WAC 468-38-230 Days on which permit movements are prohibited. Oversize movements are prohibited on Fridays after 2:00 p.m. if width is in excess of 10 feet; all other overlegal movements prohibited after 4:00 p.m. Fridays and after 12:00 noon on Sundays. Overlegal movements are prohibited on the holidays of New Year's Day, Memorial Day, Independence Day, Labor Day,

Thanksgiving Day, Christmas Day, and during the afternoon of the day preceding said holidays. Should any of the holidays fall on a Saturday or Sunday, the preceding Friday or the following Monday shall be considered such holiday.

Movements may be made on holidays that are not universally observed, provided they do not conflict with the policy for Fridays and Sundays, e.g., Lincoln's Birthday, Washington's Birthday, Columbus Day, Veterans' Day and General Election Day.

WAC 468-38-235 Commuter traffic restrictions. Movement by special permit will be prohibited on urban sections of state highways in the vicinity of cities having a population of more than 15,000 and other sections of state highways having excessive volumes during the morning and evening commuting hours. The department shall prescribe specific hours and regulations for oversize movements in and adjacent to Seattle, Tacoma, Spokane, Everett, Vancouver and other areas as deemed necessary. Movement of empty equipment trailers up to ten feet wide may be allowed during such hours on a trip to pick up or from delivering over-wide loads.

WAC 468-38-250 Days on which permits not issued. All offices of the department authorized to issue permits for the movement of vehicles or loads of excess size or weight are closed on Saturdays, Sundays and legal holidays. Consequently, permits will not be issued on these days. Applicants are required to arrange moving schedules and apply for permits sufficiently in advance of the moving dates to allow for this contingency.

WAC 468-38-260 Night-time movements. Special permits will authorize overlegal movements only during daytime hours under normal atmospheric conditions, except that movements up to 10 feet wide may be made by

permit at night on highways whose lanes of travel are at least 12 feet wide. No movements shall be made when visibility is reduced to less than 1,000 feet or when hazardous roadway conditions exist. Daytime means from one-half hour before sunrise to one-half hour after sunset. Night-time means any other hour. It shall be the responsibility of the permittee to discontinue movement and remove the unit from the highway when any of the above conditions exist which could create an unsafe movement.

WAC 468-38-270 Construction equipment. Pursuant to RCW 46.44.091(3), permits may be issued to move equipment on approved highways whose single axle weight is not more than 45,000 pounds if operating on single pneumatic tires having a rim width of 20 inches or more and a rim diameter of 24 inches or more. If the vehicle has dual pneumatic tires, the rim width shall be at least 16 inches and the rim diameter shall be at least 24 inches.

WAC 468-38-280 Special equipment. Special equipment employing axle groupings other than the conventional single or tandem axle must first be approved by the department before permits will be granted authorizing the unit to operate on state highways.

A retractable axle carrying weight allowed under RCW 46.44.041 shall have a manufacturers rating of at least 10,000 pounds, shall be self-steering, and shall have the capacity to be activated only from outside the driver's compartment: *Provided*, The requirement that controls be activated only from outside the driver's compartment shall not apply to existing trucks, presently equipped with hydraulically loaded lift axles which presently can be activated inside the driver's compartment.

WAC 468-38-290 Farm implements. (1) Farm implement means any device that directly affects the production of agricultural products. For purposes of this section, it must weigh less than forty-five thousand pounds. It must move on pneumatic tires when on public highways and must be less than twenty feet wide.

Spray rigs including fertilizer or chemical applicator rigs or equipment auxiliary to any of these rigs are farm implements.

(2) Permits: Farm implements less than fourteen feet wide do not require a special permit for movement on

state highways other than fully controlled limited access highways.

A quarterly or annual permit to move farm implements may be purchased by a farmer or by a person engaged in the business of selling or maintaining farm implements. Such a permit or copy will allow the person or company identified on the permit to draw, drive, or haul any farm implement on state highways.

(3) Movements of oversize farm implements are subject to the following regulations:

(a) An unescorted farm implement shall travel at least five hundred feet behind other vehicles so as to allow other drivers to pass.

(b) If five or more vehicles line up behind a farm implement, the operator of the farm implement shall pull off the road at the first point wide enough to allow traffic to pass safely.

(c) Oversize farm implements may be moved only during daylight hours. Such movements are prohibited at the times and on those days listed in WAC 468-38-230.

The department may permit movements outside daylight hours during an emergent harvest season to a company or farmer who requests and receives permission in writing. Pilot cars are required for such movements as prescribed in subsection (4)(c) of this section.

(d) Convoying with pilot cars may be used to move farm implements. Two-way radio equipment shall be provided to the pilot cars.

(e) Lights: Requirements for hazard warning lights visible from one thousand feet, clearance lights, reflectors, and other lights shall be as prescribed in RCW 46.37.160.

(4) Flags, signs, and escorts are required for the movement of farm implements as follows:

(a) Flags: If the farm implement is over eight and one-half feet wide, it must display red flags at least twelve inches square so as to wave freely on all four corners of the vehicle and at the extreme ends of all protrusions, projections, or overhangs.

(b) Signs: If the farm implement is over eight and one-half feet wide, **OVERSIZE LOAD** signs visible to oncoming and overtaking traffic must be displayed. These signs must meet the requirements of WAC 468-38-190. A farm implement preceded and followed by pilot cars is not required to display such signs.

(c) Escort cars: On two-lane state highways, escort cars must precede and follow if the farm implement is over twelve and one-half feet wide. Vehicles or loads whose width is between ten and twelve and one-half feet are exempt from having escort cars only when operating within fifty miles of the business owning the equipment.

On multiple-lane state highways, one escort car in the rear is required if vehicle or load is more than fourteen feet wide.

Other requirements for escort cars and their operation are prescribed by WAC 468-38-110.

When approval to use a flagperson instead of an escort vehicle is given, the permit shall specifically state that exemption.

(d) Posting a route may be used in lieu of escort cars if the route to be traveled is less than two miles. Signs reading **OVERSIZE VEHICLE MOVING AHEAD** on a square at least three feet on each side shall be placed at points before the oversize farm implement enters or leaves the highway and at any entry points along the way. These signs must be removed immediately after the oversize movement has been completed.

WAC 468-38-300 Drawbar--Towlines. The drawbar or other connection between vehicles in combination shall be of sufficient strength to hold the weight of the towed vehicle on any grade where operated. No trailer shall whip, weave, or oscillate or fail to follow substantially in the course of the towing vehicle. When a disabled vehicle is being towed by means of a bar, chain rope, cable or similar means and the distance between the towed vehicle and the towing vehicle exceeds 15 feet, there shall be fastened on such connection in approximately the center thereof a white flag or cloth not less than 12 inches square.

WAC 468-38-320 Enforcement officer may restrict movements. When movements by permit are being made, and adverse weather conditions arise, an enforcement officer, at his discretion, may require the driver of the vehicle or combination to pull off the highway. He may direct or escort a vehicle to a place of safety where it may be parked until weather conditions abate and the movement can be resumed under safe operating conditions. The Washington state patrol may determine that such weather conditions exist that certain classes of vehicle may not traverse the highway until those conditions abate.

WAC 468-38-340 Speed limits. (1) Unless otherwise stated, maximum speeds for vehicles, combination of vehicles, or vehicles and loads being operated under permit shall be as posted for trucks.

(2) When travel on the roadway shoulder is required on a two-lane highway to allow overtaking traffic to pass, the speed will not exceed 25 miles per hour.

(3) The speed limit contained in a permit is listed as one of the conditions upon which the permit has been issued. This stated speed limit shall not be exceeded, but if a lower limit is posted on any highway, it shall take precedence. Violation of the speed limit contained in the permit will render the permit null and void.

(4) Speed limits shall be as follows:

(a) On two-lane highways in rural areas, 45 miles per hour.

(b) On multiple-lane highways (for all moves including 12-foot width), as posted.

(c) On multiple-lane highways (for moves over 12-foot width), 50 miles per hour.

WAC 468-38-360 Buildings. (1) Width includes all eaves, porches, or other parts attached during movement.

(2) Movement of a high building will only be permitted if compatible with the structures on the route and the overhead wires, signs and traffic signals. In any movement of a building that requires dropping of any overhead service wire, it is the responsibility of the mover to make all arrangements with the power and telephone companies involved. If the move would require moving of overhead signs or signals, clearance must be obtained from the district administrator before the permit is granted.

(3) The district administrator shall determine whether the size of a building is such as to allow it to be moved by permit. He shall analyze the local traffic patterns and space to make that determination.

(4) Pilot cars will be used when required by the provisions of WAC 468-38-100.

(5) The maximum speed shall not exceed 25 miles per hour.

(6) No permit will be granted for dollies equipped with hard rubber or solid cushion rubber tires.

(7) Movement of buildings over 14 feet wide on two-lane state highways may be permitted under the following conditions:

(a) Controlled vehicular traffic shall be maintained as necessary at all times. The maximum traffic delay shall be five minutes, as estimated by the designated department employee.

(b) The maximum distance of the movement shall not exceed five miles. Additional contiguous permits shall not be issued to exceed the five mile limit. The department may, however, approve the movement for a distance greater than five miles if it determines that a hardship would otherwise result.

(c) Prior to issuing a permit, a qualified department of transportation employee shall make a visual inspection of the building and route involved determining that the conditions listed in this section shall be met and that structures or overhead obstructions may be cleared or moved in order to maintain a constant and uninterrupted movement.

(d) Special escort and other precautions may be imposed to assure movement is made under the safest possible conditions, and the Washington state patrol shall be advised when and where the movement is to be made.

WAC 468-38-370 Triple saddlemounts. (1) Definition: A combination of four vehicles used in a drive-away-tow-away operation with three vehicles in saddlemount position with the towing vehicle.

(2) Triple saddlemounts may be issued an annual permit to move on the state highway system in combinations up to 75 feet in length.

(3) Vehicles operating in triple saddlemount combinations will meet specifications of the USDOT Federal Motor Carrier Regulations, parts 393.40-393.52 and 393.71.

(4) In triple saddlemount combinations, no towed vehicle will be permitted in lieu of saddlemount.

(5) Subject to limitations of RCW 46.44.041 a full mounted vehicle may be carried on the rear-most towed vehicle only.

WAC 468-38-390 Winter road restrictions. During periods when "emergency load restrictions" or "severe emergency load restrictions" are in effect, only vehicles

equipped with tires required by WAC 468-38-080 may operate under permit. Movement by permit of units whether driven, towed or hauled is prohibited in areas where any of the following signs are displayed: "Approved snow tires recommended," "approved snow tires required," or "tire chains required."

Special permits for movements over mountain passes (Snoqualmie, Stevens, Sherman, Blewett, White and Satus) will not be valid during periods when snow is falling to a degree that visibility is limited to less than 1,000 feet; immediately following a severe storm when snow removal equipment is operating; when fog or rain limits visibility to less than 1,000 feet; or when compact snow and ice conditions require the use of chains. If hazardous conditions are encountered after a move is undertaken, it shall be the responsibility of the permittee to remove the oversize load from the highway, and he shall not proceed until conditions have abated and he has obtained clearance from the nearest department of transportation office or the Washington state patrol.

The secretary of transportation may issue special permits for department vehicles used for snow removal or the sanding of highways during emergency winter conditions. Such permits shall also be valid for vehicles in transit to or from the work site. Limitations on movement during hours of the day or days of the week may be waived. Sign requirements may be waived if weather conditions render such signs ineffectual. Movements at night may be made only by department vehicles whose lights meet the standards for emergency maintenance vehicles established by the commission on equipment.

The maximum gross weights of vehicles on SR 410 from the north boundary of Mount Rainier National Park to the east boundary at Chinook Pass, and on SR 123 from its junction with SR 410 to the south boundary of the park shall be as follows:

(1) No vehicle or trailer having a gross weight in excess of 5,000 pounds is permitted unless its use is in connection with the operation of the park or park concessioners holding contracts with the secretary of the interior.

(2) Buses having a gross weight in excess of 5,000 pounds may make regular or special runs provided authority is obtained from the park superintendent or his representative.

(3) Trucks and/or trailers having a gross weight in excess of 5,000 pounds per vehicle unit may be allowed:

(a) If used to haul pack or saddle stock or recreational supplies or equipment for use within the park;

(b) If used to haul materials to or from a mine situated in the park; or

(c) If used to carry stock used or grazed in the immediate vicinity of these highways.

WAC 468-46-010 Engineering and traffic investigation of request for transit vehicle stop zone. Upon receipt of a request from a public transit authority for approval of a transit vehicle stop zone outside of any incorporated city or town, the department of transportation shall conduct an engineering and traffic investigation in an attempt to find a suitable location at which transit vehicles may stop wholly off the roadway for the purpose of receiving or discharging passengers.

WAC 468-46-020 Secretary of transportation or designee to approve transit vehicle stop zones. Should such a location not be found within a reasonable or practical distance suitable to the transit authority needs, and the public convenience requires that transit vehicles temporarily stop upon the roadway for the purpose of receiving or discharging passengers, the secretary of transportation or any assistant secretary or district engineer to whom the secretary has delegated the authority, may approve a transit vehicle stop zone at the most suitable location available having adequate sight distance based upon engineering judgment, with stopping sight distance as a minimum. The secretary of transportation may approve transit vehicle stop zones at locations not meeting the above requirements where the secretary deems the circumstances warrant such exceptions.

WAC 468-54-010 Definitions. As used in these rules:

(1) "Fully controlled limited access highway" is a highway where the right of owner or occupants of abutting land or other persons to access, light, air or view in connection with the highway is controlled to give preference to through traffic by providing access connections with selected public roads only, and by prohibiting crossings or direct private driveway connections at grade.

(2) "Partially controlled limited access highway" is a highway where the right of owner or occupants of abutting land or other persons to access, light, air or view in connection with the highway is controlled to give preference to through traffic to a degree that, in addition to access connections with selected public roads, there may be some crossings and some private driveway connections at grade. Commercial approaches to partially controlled limited access highways are allowed only to frontage roads or by means of public road intersections. A partially controlled limited access highway may be designed to provide for separation of a part or all road crossings and the elimination of a part or all direct private driveway connections under a stage plan of future construction.

(3) "Modified controlled limited access highway" is a highway where the right of owner or occupants of abutting land or other persons to access, light, air, or view in connection with the highway is controlled to give preference to through traffic to such a degree that most approaches, including commercial approaches, existing and in use at the time of the establishment, may be allowed.

(4) "An expressway limited access highway" is a partially controlled limited access highway of four or more traffic lanes with the opposing lanes of travel separated by a median strip of arbitrary width.

(5) "A freeway limited access highway" is a fully controlled limited access highway of four or more traffic lanes with the opposing traffic lanes separated by a median strip of arbitrary width.

(6) "Party" is any person, county, city or town who is entitled to notice of a limited access hearing and who has entered a written appearance at the hearing.

[Statutory Authority: RCW 47.52.020, 79-08-059 (Order 32), § 468-54-010, filed 7/23/79. Statutory Authority: 1977 ex.s. c 151, 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-54-010, filed 12/20/78. Formerly WAC 252-06-010.]

WAC 468-54-020 Establishment of limited access facilities--Initiation. Proceedings to establish a limited access facility may be initiated by interested persons owning property in the vicinity of the proposed facility or by the department of transportation. If the secretary of transportation ascertains that there is merit in the proposal, he will prepare an order designating the portion of the highway, road or street where the limited access highway may be established. The administrator of the transportation commission shall by order fix the date and place where the proposal may be heard.

[Statutory Authority: RCW 47.52.133, 47.52.145, 47.52.210 and chapter 95, Laws of 1981, 81-19-088 (Order 27, Resolution No. 123), § 468-54-020, filed 9/17/81. WAC 468-54-040 Notice of hearing. Notice of the proposal to establish a limited highway facility shall be given to the owners of property abutting the section of any existing highway being established as a limited access facility, as indicated in the tax rolls of the county and to the county and/or city or town in which the facility is proposed to be established. The notice shall be by United States mail setting forth a time and place for the hearing to be held not less than fifteen days after mailing the notice. Notice of such hearing shall also be published not less than fifteen days prior to the hearing in one or more newspapers of general circulation within such county, city or town. Such notice shall indicate a suitable location where plans for such proposal may be inspected. Notice given as herein provided shall be deemed sufficient as to any owner or reputed owner or any unknown owner or owner who cannot be located and to the county, city or town. A single hearing may be held for a proposed facility which is located in more than one county, city or town, provided that notice is given to each county, city or town.

[Statutory Authority: RCW 47.52.020, 79-08-059 (Order 32), § 468-54-040, filed 7/23/79. Statutory Authority: 1977 ex.s. c 151, 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-54-040, filed 12/20/78. Formerly WAC 252-06-050.]

WAC 468-54-050 Conduct of hearing. At such hearing a member of the transportation commission shall preside, or the commission may designate some suitable person to preside as examiner. The hearing may, at the option of the commission, be conducted in accordance with federal laws and regulations governing highway design public hearings. The department shall introduce by competent evidence a summary of the proposal for the establishment of a limited access facility and any evidence that supports the adoption of the plan as being in the public interest. At the conclusion of the

evidence presented by the department, evidence and statements or counterproposals bearing upon the reasonableness of the proposal may be introduced. Such evidence must be material to the issues before the commission and shall be presented in an orderly manner. Any such evidence and statements or counterproposals shall receive reasonable consideration by the commission before any proposal is adopted.

[Statutory Authority: RCW 47.52.133, 47.52.145, 47.52.210 and chapter 95, Laws of 1981, 81-19-088 (Order 27, Resolution No. 123), § 468-54-050, filed 9/17/81. Order 1, Resolution No. 13), § 468-54-050, filed 12/20/78. Formerly WAC 252-06-060.]

WAC 468-54-065 Hearing officer. The commission may designate any suitable person as examiner with respect to hearings on any limited access proposal. Subject to later review and ruling by the commission, such examiner may:

- (1) Examine witnesses, and receive evidence;
- (2) Admit evidence which possesses probative value commonly accepted by reasonable, prudent men in the conduct of their affairs, giving effect to the rules of privilege recognized by law and excluding incompetent, irrelevant, immaterial and unduly repetitious evidence;
- (3) Rule on offers of proof and receive relevant evidence;
- (4) Regulate the course of the hearing;
- (5) Hold conferences for the settlement or simplification of the issues by consent of the parties;
- (6) Dispose of procedural requests or similar matters;
- (7) Accept statements as to the reasonableness of the proposal; and
- (8) Establish time limits for speakers, when necessary to assure that all persons attending will have an opportunity to present relevant and material statements without undue repetition.

[Statutory Authority: RCW 47.52.133, 47.52.145, 47.52.210 and chapter 95, Laws of 1981, 81-19-088 (Order 27, Resolution No. 123), § 468-54-065, filed 9/17/81. WAC 468-54-070 Hearing--Findings or order--Finality. At the conclusion of such hearing the commission shall consider the evidence taken at such hearing and shall make specific findings in the case of each proposal or counterproposal and shall adopt a plan with such modifications, if any, it deems proper and necessary. The commission may order the adoption of any proposal or counterproposal in its entirety or in part, or may modify or reject any such proposal or counterproposal. Its findings or order shall be in writing and copies thereof shall be served by United States mail upon all persons having entered a written appearance at such hearing and upon the county commissioners of the county affected and/or the mayor of the city or town affected. The commission shall also cause a resume of such plan to be published once each week for two weeks

in one or more newspapers of general circulation within such county, city or town beginning not less than ten days after the mailing of such findings and order. Such determination by the commission shall become final within thirty days after such mailing unless a review is taken as by statute provided. In case of an appeal by any party the order shall be final as to all parties not appealing.

WAC 468-58-010 Definitions. The following definitions shall designate limited access highways and shall indicate the control of access to be exercised by each:

(1) "Fully controlled limited access highway" is a highway where the right of owner or occupants of abutting land or other persons to access, light, air, or view in connection with the highway is controlled to give preference to through traffic by providing access connections with selected public roads only, and by prohibiting crossings or direct private driveway connections at grade.

(2) "Partially controlled limited access highway" is a highway where the right of owner or occupants of abutting land or other persons to access, light, air, or view in connection with the highway is controlled to give preference to through traffic to a degree that, in addition to access connections with selected public roads, there may be some crossings and some private driveway connections at grade. Commercial approaches to partially controlled limited access highways are allowed only to frontage roads or by means of public road intersections. A partially controlled limited access highway may be designed to provide for separation of a part or all road crossings and the elimination of a part or all direct private driveway connections under a stage plan of future construction.

(3) "Modified controlled limited access highway" is a highway where the right of owner or occupants of abutting land or other persons to access, light, air, or view in connection with the highway is controlled to give preference to through traffic to such a degree that most approaches, including commercial approaches, existing and in use at the time of the establishment, may be allowed.

(4) "An expressway limited access highway" is a partially controlled limited access highway of four or more traffic lanes with the opposing lanes of travel separated by a median strip of arbitrary width.

(5) "A freeway limited access highway" is a fully controlled limited access highway of four or more traffic lanes with the opposing traffic lanes separated by a median strip of arbitrary width.

WAC 468-58-020 Revision to limited access highway facilities. Subject to the requirements for public hearings, the transportation commission may adopt revisions to duly established limited access highway facilities, or may delegate authority for such revisions to the secretary of transportation. The secretary, at his discretion, may further delegate such authority.

[Statutory Authority: RCW 47.52.133, 47.52.145, 47.52.210 and chapter 95, Laws of 1981. 81-19-088 (Order 27, Resolution No. 123), § 468-58-020, filed 9/17/81. WAC 468-58-030 Limited access highways—Policies on commercial approaches, common carrier and school bus stops, mail box locations and pedestrian crossings. (1) **Fully controlled limited access highways:**

(a) No commercial approaches shall be permitted direct access to main roadway but only to frontage roads when these are provided in the access plan or to the crossroads of interchanges outside the limits of full access control.

(b) No common carrier bus stops other than required by law shall be permitted except at locations provided by the state on the interchanges or, in exceptional cases, along the main roadway where pedestrian separation is available.

(c) School bus stops shall not be permitted except as in subparagraph (b) of this subsection.

(d) No mail boxes shall be permitted except on frontage roads.

(e) Pedestrian crossings shall not be permitted at grade.

(2) Partially controlled limited access highways:

(a) No commercial approaches shall be permitted except on frontage roads provided in the access plan or at intersections.

(b) Bus stops for both common carriers and school buses shall not be permitted other than as required by law on either two or four lane highways, except as follows:

(i) At locations of intersections, with necessary lanes to be constructed by the state;

(ii) Where shoulder widening has been provided for mail delivery service;

(iii) For a designated school bus loading zone on the traveled lane or adjacent thereto which has been approved by the department of transportation.

(c) Pedestrian grade crossings will be permitted only where a grade crossing is provided, except that pedestrian crossings will be permitted on two lane highways at mail box locations or at points designated for school children to cross as provided in subparagraph (d) of this subsection.

(d) Pedestrian crossings are prohibited in the immediate vicinity of school bus loading zones which are located adjacent to the traveled way. Pedestrian crossings may be permitted:

(i) On two lane highways not less than one hundred feet from a school bus loading zone adjacent to the traveled lane, if school district and department of transportation personnel determine that stopping in the traveled lane is hazardous.

(ii) On two lane highways at the school bus when stopped on the traveled lane to load or unload passengers and the proper sign and signal lights displayed.

(e) School bus loading zones on partially controlled access highways shall be posted with school bus loading zone signs, in accordance with the latest edition of the Manual on Uniform Traffic Control Devices.

(f) The list of designated school bus loading zones approved by the department of transportation will be kept on file and maintained by the headquarters traffic engineer.

(g) Mail boxes shall be located on frontage roads or at intersections, with the following exceptions for properties which are served by Type A or B approaches:

(i) Mail boxes for Type A or B approaches on a four lane highway shall be located only on the side of the highway on which the approach is provided;

(ii) Mail boxes for Type A or B approaches on a two lane highway shall all be located on that side of the highway which is on the right in the direction of the mail delivery.

(3) Modified control limited access highways:

(a) Commercial approaches to modified controlled limited access highways may be permitted only where and in the manner specifically authorized at the time the plan is established and access rights are obtained.

(b) Bus stops and pedestrian crossings may be permitted as follows:

(i) In rural areas, bus stops and pedestrian crossings shall be subject to the same restrictions as on partial controlled limited access highways.

(ii) In urban areas bus stops for both commercial carriers and school buses may be permitted without restrictions other than those required by law.

(c) Mail boxes may be located adjacent to or opposite all authorized approaches as follows:

(i) Mail boxes on a four-lane highway shall be located only on the side of the highway on which the approach is provided.

(ii) Mail boxes on a two-lane highway shall all be located on that side of the highway which is on the right in the direction of the mail delivery.

WAC 468-58-050 Prohibition of nonmotorized traffic on fully controlled limited access highways. (1)

All nonmotorized traffic shall be prohibited on state highways which have been established and constructed as fully controlled limited access facilities, and signs giving notice of such prohibition shall be posted upon all such highways.

(2) This prohibition of nonmotorized traffic on fully controlled limited access highways shall not apply to:

(a) Pedestrian overcrossings and undercrossings or other facilities provided specifically for the use of such traffic.

(b) Bicycles utilizing the right-hand shoulders; except where the secretary of transportation or his designee has prohibited such use. Signs giving notice of such prohibition shall be posted for those sections where such usage is prohibited.

[Statutory Authority: RCW 47.52.025 and 46.61.160. 82-01-029 (Order 70), § 468-58-050, filed 12/14/81. Statutory Authority: RCW 47.36.050. 80-05-027 (Order 53), § 468-58-050, filed 4/15/80. WAC 468-58-060 Regulations for bicyclists traveling in a group or caravan on partially controlled limited access highways. (1) Riding single file on the usable shoulder is encouraged.

(2) Care and caution as well as compliance with rules of the road and traffic control devices – signs, signals and markings shall be exercised by bicycle operators when traveling upon state highways.

(3) No person operating a bicycle shall stop on a bridge or other structure, except on a sidewalk or other area not less than three feet wide separated from the traveled roadway by a painted stripe or a physical barrier.

(4) When traveling in a large group, caravan or expedition, the size of travel units shall be limited to a maximum of six bicyclists per unit.

(5) The maximum number of units in a group, caravan or expedition shall not exceed twenty-five.

(6) Travel units of bicyclists shall maintain a minimum spacing between travel units of 500 feet to provide passing opportunities for motor vehicle operators.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-58-060, filed 12/20/78. Formerly WAC 252-20-060.]

WAC 468-58-070 Stalled or disabled vehicles as a danger to safety—Removal. The parking of a stalled or disabled vehicle within the right of way of a limited access facility for periods in excess of twenty-four hours is deemed to be an occurrence which is dangerous to those using the highway or will unduly interfere with the free movement of traffic thereon. Such stalled or disabled vehicles shall thereafter be removed from such facilities and impounded and held until towing charges have been paid by the owner thereof.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-58-070, filed 12/20/78. Formerly WAC 252-20-045.]

WAC 468-58-080 Guides for control of access on crossroads and interchange ramps. (1) Fully controlled highways, including interstate.

(a) There shall be no connections to abutting property or local service or frontage roads within the full length of any "off" or "on" interchange ramp from a fully controlled limited access highway. Such ramp shall be considered to terminate at its intersection with the local road which undercrosses or overcrosses the limited access facility, provided that in urban areas "off" and "on" ramps may be terminated at local streets other than crossroads where necessary to service existing local traffic.

(b) There shall be no direct connections from the limited access facility in rural areas to local service or frontage roads except through interchanges.

(c) In both urban and rural areas access control on a fully controlled highway shall be established along the crossroad at an interchange for a minimum distance of three hundred feet beyond the centerline of the ramp or terminus of transition taper. If a frontage road or local road is located in a generally parallel position within

three hundred fifty feet of a ramp, access control should be established along the crossroad and in addition for a minimum distance of one hundred thirty feet in all directions from the center of the intersection of the parallel road and crossroad.

(d) Full control of access should be provided along the crossroad from the centerline of a ramp or terminus of a transition taper for a minimum distance of three hundred feet. Upon determination by the department, full control of access may be provided for the first one hundred thirty feet from the centerline of the ramp or terminus of a transition taper and partial control or modified control of access may be provided for the remainder of the distance to the frontage road or local road for a total minimum distance for the two types of control of three hundred feet. Type A, B, C, D and E road approaches, as defined hereafter under subsection (3) of this section, "general," may be permitted on that portion of the crossroad on which partial or modified control of access is established.

(2) Partially controlled highways.

(a) There shall be no connections to abutting property or local service or frontage roads within the full length of any "off" or "on" interchange ramp from a partially controlled limited access highway. Such ramp shall be considered to terminate at its intersection with the local road which undercrosses or overcrosses the limited access facility, provided that in urban areas "off" and "on" ramps may be terminated at local streets other than crossroads where necessary to service existing local traffic.

(b) In both urban and rural areas access control on a partially controlled highway shall be established along the crossroad at an interchange for a minimum distance of three hundred feet beyond the centerline of the ramp or terminus of transition taper. If a frontage road or local road is located in a generally parallel position within three hundred fifty feet of a ramp, access control may be established along the crossroad and in addition for a minimum distance of one hundred thirty feet in all directions from the center of the intersection of the parallel road and crossroad.

(c) Access control limits at the crossroads on a partially controlled highway should be established along the crossroad at a grade intersection for a minimum distance of three hundred feet from the centerline of the nearest directional roadway. If a parallel road is located within three hundred fifty feet of said grade intersection, access control should be established along the crossroad and in addition for a minimum distance of one hundred thirty feet in all directions from the center of the intersection of the parallel road and crossroad. Type D and E approaches may be permitted closer than one hundred thirty feet from the center of the intersection only when they already exist and cannot reasonably be relocated.

(d) Access control limits at intersections on modified control highways should be established along the crossroad for a minimum distance of one hundred thirty feet from the centerline of a two-lane highway or for a minimum of one hundred fifty feet from centerline of a four-lane highway. Type D and E approaches should be

allowed within this area only when no reasonable alternative is available.

(3) General.

(a) Access control may be increased or decreased beyond or under the minimum requirements to fit local conditions if so determined by the department.

(b) Type A, B, C, D and E approaches are defined as follows:

(i) Type A approach. Type A approach is an off and on approach in legal manner, not to exceed fourteen feet in width, for sole purpose of serving a single family residence. It may be reserved by abutting owner for specified use at a point satisfactory to the state at or between designated highway stations.

(ii) Type B approach. Type B approach is an off and on approach in legal manner, not to exceed twenty feet in width, for use necessary to the normal operation of a farm, but not for retail marketing. It may be reserved by abutting owner for specified use at a point satisfactory to the state at or between designated highway stations.

(iii) Type C approach. Type C approach is an off and on approach in legal manner, for special purpose and width to be agreed upon. It may be specified at a point satisfactory to the state at or between designated highway stations.

(iv) Type D approach is an off and on approach in a legal manner not to exceed fifty feet in width for use necessary to the normal operation of a commercial establishment. It may be specified at a point satisfactory to the state at or between designated highway stations. Under no circumstances will a change in location or width of this approach be permitted unless approved by the secretary. Noncompliance or violation of these conditions will result in the immediate closure of the approach.

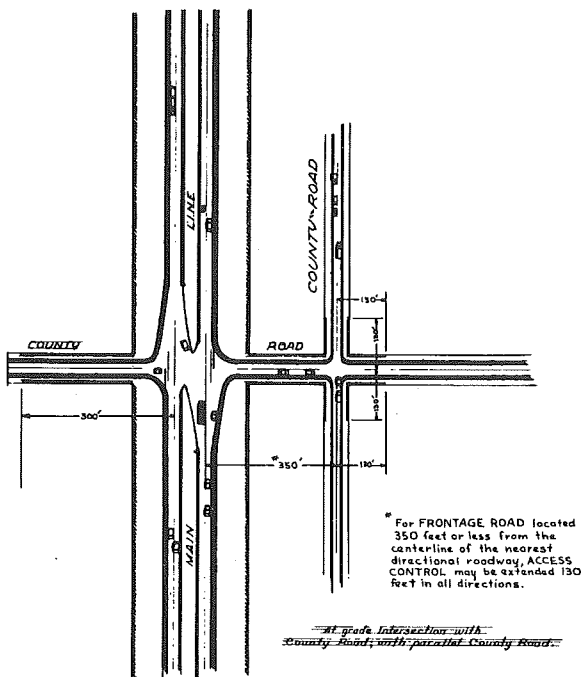

(v) Type E approach is a separated off and on approach in a legal manner, with each opening not exceeding thirty feet in width, for use necessary to the normal operations of a commercial establishment. It may be specified at a point satisfactory to the state at or between designated highway stations. Under no circumstances will a change in location or width of this approach be permitted unless approved by the secretary. Noncompliance or violation of these conditions will result in immediate closure of the approach.

(c) Commercial approaches shall not be permitted within the limits of access control except where modified access control has been approved by the department.

(d) All access control shall be measured from the centerline of the ramps, crossroads or parallel roads or from the terminus of transition tapers. On multiple lane

facilities measurement shall be from the centerline of the nearest directional roadway.

WAC 468-58-090 Guides for application of access control of state highways. (1) Fully controlled limited access highways:

- (a) All interstate highways shall require full access control.
- (b) All principal arterial highways requiring four or more through traffic lanes within a twenty-year design period, shall require full control of access, unless approved for partial or modified access control on existing highways by the secretary of transportation or his designee.

(2) Partially controlled limited access highways:

- (a) Principal arterial highways requiring two through traffic lanes where the estimated traffic volumes exceed three thousand average daily traffic within a twenty-year design period shall require partial control of access, unless approved for modified access control on existing highways by the secretary of transportation or his designee.
- (b) Rural minor arterial highways on both new and existing location and urban minor arterial highways on new location, requiring four or more through traffic lanes within a twenty-year design period, or requiring only two through traffic lanes where the estimated traffic volumes exceed three thousand average daily traffic within a twenty-year design period, shall require partial control of access; however, modified access control may be applied on existing location when approved by the secretary of transportation or his designee.
- (c) Collector highways on new location requiring four or more through traffic lanes in a twenty-year design period shall require partial control of access.

(d) Other rural minor arterial highways with only two lanes may be considered for partial or modified control of access if the control can be acquired at a reasonable cost; if the route connects two highways of a higher classification; if the potential land development would result in numerous individual approaches such as may be encountered in a recreational area; or if the highway traverses publicly owned lands where access control seems desirable.

(e) Partial access control will not normally be used in urban areas, or inside corporate limits on existing principal arterial or minor arterial highways where traffic volumes are less than seven hundred design hour volume if required levels of urban service, including operating speeds, can be maintained for the estimated traffic under existing and estimated future conditions, including traffic engineering operational improvements. If not, the route should be relocated or reconstructed in accordance with the modified or partial access control standards.

(f) Existing collector highways will normally be considered for access control only where all of the following conditions apply:

- (i) The highway serves an area which is not directly served by a higher class of highway.
- (ii) Existing or planned development will result in traffic volumes significantly higher than the warrants for access control on minor arterials.
- (iii) Partial or modified access control may be established without a major impact on development of abutting properties within the constraints of zoning established at the time access control is proposed.

(g) Termini of access control sections should be at apparent logical points of design change.

(3) Modified access control - Access control on existing highways:

- (a) Modified access control may be established on existing highways. The degree of control applied will be such that most approaches, including commercial approaches, existing and in use at the time of the establishment, may be allowed. Commercial approaches for future development may also be considered in order to avoid economic land locking. No commercial approaches will be allowed other than those included in the plan at the time access control is established and access rights are acquired.
- (b) Selection of facilities on which modified access control will be applied, will be based upon a design analysis considering but not limited to traffic volumes, level of service, route continuity, population density, local land use planning predicted growth rate established by the planning agency having jurisdiction, economic analysis, and safety. A comparison of these factors based on modified access control versus full or partial control shall be the basis of the decision by the secretary of transportation or his designee to establish modified access control on a section or sections of highway.

(c) Where modified access control is to be established on existing highways, commercial areas may be excepted from control when all or most of the abutting property is developed to the extent that few, if any, additional road approaches would be required with full development of

the area. Such exceptions will not normally extend to corporate limits or to urban area boundaries.

Nothing in this policy should be construed to prevent short sections of full, partial, or modified control of access where unusual topographic, land use, or traffic conditions exist. Special design problems should be dealt with on the basis of sound engineering-economic principles.

Because specific warrants cannot be logically or economically applied in every circumstance, exceptions may be considered upon presentation to the secretary of transportation or his designee of justification for reasonable deviation from this policy.

WAC 468-58-100 Guides for the application of modified access control on existing state highways. (1) Definitive standards for road approaches on modified access controlled highways shall be as follows:

(a) The type of approach for each parcel shall be commensurate with the present and potential land use and be based on appraisals which consider the following:

- (i) Local comprehensive plans, zoning and land use ordinances.
- (ii) Property covenants and/or agreements.
- (iii) City or county ordinances.
- (iv) The highest and best use of the property.
- (v) Highest use and best use of adjoining lands.
- (vi) Change in use by merger of adjoining ownerships.
- (vii) All other factors bearing upon proper land use of the parcel.

(b) The type of approaches* to be considered are:

- (i) Type A (residential).
- (ii) Type B (farm).
- (iii) Type C (special use).
- (iv) Type D (commercial single 50 feet width).
- (v) Type E (commercial double 30 feet width).

(c) Once established, the type, size and location of the approach may be modified by the secretary of transportation or his designee.

(d) When Type D or E approaches have been established, interim use of Type A or B approaches will be allowed.

(2) Design. The number and location of approaches on a modified access control highway shall be carefully planned to provide a safe highway compatible with present and potential land use. The following will be applied:

(a) Parcels which have access to another public road or street as well as frontage on the highway will not normally be allowed direct access to the highway.

(b) Approaches located in areas where sight limitations create undue hazard shall be relocated or closed.

(c) The number of access openings shall be held to a minimum. Access openings are limited to one approach for each parcel of land with the exception of extensive frontages where one approach is unreasonable or for

Type E approaches which feature separate off and on approaches.

(d) Joint use of access approaches shall be considered, where feasible.

(e) New approaches will be considered at the time of plan adoption to prevent a physical "landlock" by reason of access taking.

(f) Existing access points not meeting the test of these rules as described in this section, will be closed.

------------	--

WAC 468-66-010 Definitions. The following terms when used in these regulations shall have the following meanings:

(1) "Abandoned." A sign for which neither sign owner nor land owner claim any responsibility.

(2) "Act" shall mean the Highway Advertising Act of 1961, as amended and embodied in chapter 47.42 RCW.

(3) "Centerline of the highway" means a line equidistant from the edges of the median separating the main-traveled ways of a divided highway, or the centerline of the main-traveled way of a nondivided highway.

(4) "Commercial and industrial areas" means any area zoned commercial or industrial by a county or municipal code, or if unzoned by a county or municipal code, that area occupied by three or more separate and distinct commercial and/or industrial activities within a space of five hundred feet and the area within five hundred feet of such activities on both sides of the highway.

The area shall be measured from the outer edges of the regularly used buildings, parking lots, storage or processing areas of the commercial or industrial activity and not from the property lines of the parcels upon which such activities are located. Measurements shall be along or parallel to the edge of the main-traveled way of the highway. The following shall not be considered commercial or industrial activities:

(a) Agricultural, forestry, grazing, farming, and related activities, including, but not limited to, wayside fresh produce stands;

(b) Transient or temporary activities;

(c) Railroad tracks and minor sidings;

(d) Signs;

(e) Activities more than six hundred and sixty feet from the nearest edge of the right of way;

(f) Activities conducted in a building principally used as a residence.

Should any commercial or industrial activity, which has been used in defining or delineating an unzoned area, cease to operate for a period of six continuous months, any signs located within the former unzoned area shall become nonconforming and shall not be maintained by any person after May 10, 1974.

(5) "Commission" means the Washington state transportation commission.

(6) Discontinued. A sign shall be considered discontinued if, after receiving notice of absence of advertising content for three months, the permit holder fails to put advertising content on the sign within three months of the notice.

(7) "Entrance roadway" means any public road or turning roadway including acceleration lanes, by which traffic may enter the main-traveled way of a controlled access highway from the general road system within the state, including rest areas, view points, and sites used by the general public, irrespective of whether traffic may also leave the main-traveled way by such road or turning roadway.

(8) "Erect" means to construct, build, raise, assemble, place, affix, attach, create, paint, draw, or in any other way bring into being or establish.

(9) "Exit roadway" means any public road or turning roadway including deceleration lanes, by which traffic may leave the main-traveled way of a controlled access highway to reach the general road system within the state, including rest areas, view points, and sites used by the general public, irrespective of whether traffic may also enter the main-traveled way by such road or turning roadway.

(10) "Interstate system" means any state highway which is or does become part of the national system of interstate and defense highways as described in section 103(d) of Title 23, United States Code.

(11) "Legible" means capable of being read without visual aid by a person of normal visual acuity.

(12) "Maintain" means to allow to exist. A sign loses its right to remain as a nonconforming sign if its size is increased more than fifteen percent over its size on the effective date of the Scenic Vistas Act on May 10, 1971,

or the effective date of control of a given route, whichever is applicable.

(13) "Main-traveled way" means the traveled way of a highway on which through traffic is carried. In the case of a divided highway, the traveled way of each of the separated roadways for traffic in opposite directions is a main-traveled way. It does not include such facilities as frontage roads, turning roadways, entrance roadways, exit roadways, or parking areas.

(14) "Person" means this state or any public or private corporation, firm, partnership, association, as well as any individual, or individuals.

(15) "Primary system" means any state highway which is or does become part of the federal-aid primary system as described in section 103(b) of Title 23, United States Code.

(16) "Scenic system" means:

(a) Any state highway within any public park, federal forest area, public beach, public recreation area, or national monument;

(b) Any state highway or portion thereof outside the boundaries of any incorporated city or town designated by the legislature as a part of the scenic system; or

(c) Any state highway or portion thereof, outside the boundaries of any incorporated city or town, designated by the legislature as a part of the scenic and recreational highway system except for the sections of highways specifically excluded in section 2, chapter 62, Laws of 1971 ex. sess.

(17) "Sign" means any outdoor sign, display, device, figure, painting, drawing, message, placard, poster, billboard, or other thing which is designed, intended or used to advertise or inform, any part of the advertising or informative contents of which is visible from any place on the main-traveled way of the interstate system or other state highway.

(18) "Trade name" shall include brand name, trademark, distinctive symbol, or other similar device or thing used to identify particular products or services.

(19) "Traveled way" means the portion of a roadway for the movement of vehicles, exclusive of shoulders.

(20) "Turning roadway" means a connecting roadway for traffic turning between two intersection legs of an interchange.

(21) "Visible" means capable of being seen (whether or not legible) without visual aid by a person of normal visual acuity.

(22) "Electronic sign" means an outdoor advertising sign, display, or device whose message may be changed by electrical or electronic process, and includes the device known as the electronically changeable message center for advertising on-premise activities (WAC 468-66-070).

(23) "Public service information" means a message on an electronic sign which provides the time, date, temperature, weather, or similar information.

(24) "Temporary agricultural directional sign" means a sign on private property adjacent to state highway right of way to provide directional information to places

of business offering for sale seasonal agricultural products harvested or produced on the property where the sale is taking place.

WAC 468-66-020 Restrictions on signs. Except as permitted by the act and these regulations, no person shall erect or maintain a sign which is visible from the main-traveled way of the interstate system, the primary system, or the scenic system. In case a highway or a section of highway is both a part of the primary system and the scenic system, only those signs permitted along the scenic system shall be erected or maintained.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-66-020, filed 12/20/78. Formerly WAC 252-40-015.]

WAC 468-66-030 General provisions. Notwithstanding any other provision of the act or these regulations, no signs visible from the main-traveled way of the interstate system, primary system, or scenic system which have any of the following characteristics shall be erected or maintained:

(1) Signs advertising activities that are illegal under state or federal laws or regulations in effect at the location of such signs or at the location of such activities.

(2) Illegal, destroyed, abandoned, discontinued or obsolete signs.

(3) Signs that are not clean and in good repair.

(4) Signs that are not securely affixed to a substantial structure.

(5) Signs which attempt or appear to attempt to direct the movement of traffic or which interfere with, imitate or resemble any official traffic sign, signal or device.

(6) Signs which prevent the driver of a vehicle from having a clear and unobstructed view of official signs and approaching or merging traffic.

(7) Signs which contain, include, or are illuminated by any flashing, intermittent, or moving light or lights (except those signs giving public service information).

(8) Signs which use any lighting in any way unless it is so effectively shielded as to prevent beams or rays of light from being directed at any portion of the traveled ways of the highway or is of such low intensity or brilliance as not to cause glare or to impair the vision of the driver of any motor vehicle, or to otherwise interfere with any driver's operation of a motor vehicle.

(9) Signs which move or have any animated or moving parts (except revolving signs giving public service information).

(10) Signs which are erected or maintained upon trees or painted or drawn upon rocks or other natural features.

(11) Signs which exceed twenty feet in length, width or height, or one hundred fifty square feet in area, including border and trim but excluding supports, except:

(a) Larger signs as permitted within commercial and industrial areas adjacent to the primary system pursuant to RCW 47.42.062; and

(b) Type 3 signs not more than fifty feet from the advertised activity; and

(c) Type 8 signs shall not exceed thirty-two square feet in area, unless they qualify as Type 3 (on-premise) signs.

(12) Electronic signs may be used only to advertise activities conducted or goods and services available on the property on which the signs are located or to present public service information.

(a) Advertising messages may contain words, phrases, sentences, symbols, trade-marks, and logos. A single message or a segment of a message must have a display time of at least two seconds including the time to move onto the sign board, with all segments of the total message to be displayed within ten seconds. A message consisting of only one segment may remain on the sign board as long as desired.

(b) Electronic signs requiring more than four seconds to change from one single message display to another shall be turned off during the change interval.

(c) Displays traveling horizontally across the sign board must move between sixteen and thirty-two light columns per second. Displays can scroll onto the sign board but must hold for two seconds including scrolling.

(d) Sign displays shall not include any art animations or graphics that portray motion, except for movement of graphics onto or off of the sign board as previously described.

(e) No electronic sign lamp may be illuminated to a degree of brightness that is greater than necessary for adequate visibility. Signs found to be too bright shall be adjusted in accordance with the instructions of the department.

(f) As on-premise signs, electronic signs are subject to the provisions of RCW 47.42.045 and 47.42.062.

WAC 468-66-050 Classification of signs. Signs shall be classified as follows:

(1) Type 1—Directional or other official signs or notices.

(a) Signs and notices erected and maintained by public offices or public agencies within their territorial or zoning jurisdiction and pursuant to and in accordance with direction or authorization contained in federal, state, or local law for the purposes of carrying out an official duty or responsibility. Historical markers authorized by state law and erected by state or local government agencies or nonprofit historical societies may be considered official signs.

(b) Service club and religious notices, whose message shall contain only the name of a nonprofit service club or religious organization, its address and the time of its meeting or service.

(2) Type 2—For sale or lease sign. A sign not prohibited by state law which is consistent with the applicable provisions of these regulations and which advertises the sale or lease only of the parcel of real property upon which the sign is located. The name of the owner of the property offered for sale or lease or the owner's agent shall not be displayed more conspicuously than the words "for sale" or "for lease." Not more than one such sign advertising the sale or lease of a parcel of property shall be permitted in such manner as to be visible to traffic proceeding in any one direction on an interstate system, primary system or scenic system highway.

(3) Type 3—On-premise sign. A sign advertising an activity conducted on the property on which the sign is located. Not more than one such sign, visible to traffic proceeding in any one direction on an interstate system, primary system, or scenic system highway may be permitted more than fifty feet from the advertised activity.

Signs reading "future site of" or similar wording will be allowed as an on-premise sign without any activity being apparent on the site for one year from date of installation provided the following conditions have been met:

(a) The department of transportation has received a letter of notification of intent from the owner of the proposed advertised activity.

(b) The sign shall not inform of activities conducted elsewhere.

(c) The maximum size of a future site sign shall not be greater than one hundred fifty square feet.

The sign must be removed at the end of the one year time period if the advertised activity has not become operational.

(4) Type 4—Signs within twelve air miles of advertised activities. Signs not prohibited by state law which are consistent with the applicable provisions of these regulations and which advertise activities conducted within twelve air miles of such signs.

(5) Type 5—Signs in the specific interest of the traveling public. Signs authorized to be erected or maintained by state law which are consistent with these regulations and which are designed to give information in the specific interest of the traveling public.

(6) Type 6—Signs lawfully in existence on October 22, 1965, determined by the department of transportation, subject to the approval of the United States Secretary of Transportation, to be landmark signs, including signs on farm structures or natural surfaces, of historic or artistic significance the preservation of which would be consistent with the purposes of chapter 47.42 RCW.

(7) Type 7—Public service signs located on school bus stop shelters, which:

(a) Identify the donor, sponsor or contributor of said shelters;

(b) Contain safety slogans or messages which do not pertain to the donor and occupy not less than sixty percent of the area of the signs. In addition to this area

limitation the donor identification portion of the sign may not appear more prominently than the safety slogan message;

(c) Contain no other message;

(d) Are located on school bus shelters which are authorized or approved by city, county, or state law, regulation or ordinance, off the state highway right of way. School bus shelters shall not exceed 10 feet in length, 10 feet in width or 8 feet in height and shall be constructed with the upper 4 feet of the sides perpendicular to the roadway being occupied by the sign. The remainder is to be constructed of a see through nature. No school bus shelter shall be located along fully controlled access highways as specifically referenced in WAC 468-58-030;

(e) Do not exceed 32 square feet in area. Not more than one sign on each shelter may face in any one direction. The sign shall not protrude above the roof line or beyond the sides of the shelter;

(f) Signs erected pursuant to a permit issued by the department of transportation as provided in RCW 47.42.120 and 47.42.130 and the regulations issued thereunder. A permit shall be required for each individual sign face.

(8) Type 8—Temporary agricultural directional signs, with the following restrictions:

(a) Signs shall be posted only during the period of time the seasonal agricultural product is being sold;

(b) Signs shall not be placed adjacent to the interstate highway system unless the sign qualifies as an on-premise (Type 3) sign;

(c) Signs shall not be placed within an incorporated city or town, but may be placed in unzoned areas and areas zoned for agricultural, commercial, and industrial activities;

(d) Premises on which the seasonal agricultural products are sold must be within fifteen miles of the state highway, and necessary supplemental signing on local roads must be provided before the installation of the signs on the state highway;

(e) Signs must be located so as not to restrict sight distances on approaches to intersections, or restrict the visibility of other authorized signs;

(f) The minimum spacing between sign structures shall be three hundred feet. For the purposes of this subsection, a back-to-back sign and a V-type sign shall be considered one sign structure (spacing is independent of off-premise (Type 4) signs).

WAC 468-66-060 Signs along scenic, primary, and interstate systems. Signs of Types 4 and 5 shall not be erected or maintained within view of the main-traveled way of the scenic or primary system. Signs visible from the main-traveled way of the primary system within commercial and industrial areas shall be permitted as provided in WAC 468-66-110. Only signs of Types 1, 2,

3, 4 and 5 shall be erected or maintained within view of the main-traveled way of the interstate system to the extent and in the manner permitted by WAC 468-66-080, 468-66-090, and 468-66-100: *Provided*, That after May 10, 1974, no Type 4 or Type 5 signs shall be maintained within view of the main-traveled way of the interstate system outside of commercial and industrial areas. Signs of Types 7 and 8 may be erected or maintained within view of the primary and scenic highway systems to the extent and manner permitted by WAC 468-66-050.

[Statutory Authority: Chapter 47.42 RCW. 85-17-012 (Order 96), § 468-66-060, filed 8/12/85. Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-66-060, filed 12/20/78. Formerly WAC 252-40-050.]

WAC 468-66-070 On-premise signs (Type 3). (1) Not more than one Type 3 sign visible to traffic proceeding in any one direction on an interstate system, primary system outside an incorporated city or town or commercial or industrial area, or scenic system highway may be permitted more than fifty feet from the advertised activity.

(2) For the purpose of measuring from the "advertised activity" the distance shall be measured from that building, storage, or other structure or processing area, which is the most regularly used and essential to the conduct of the activity. For signs advertising shopping centers, malls and business combinations, a combined parking area may be considered as part of that activity for purposes of allowing a single individual on-premise sign; in the event that a shopping center, mall or business combination does erect a single individual on-premise sign as permitted herein, such sign may identify each of the individual businesses conducted upon the premises, and may include a single display area such as a manually changeable copy panel, reader board or electronically changeable message center for advertising on-premise activities. Individual business signs in such a center, mall or combination area are not permissible more than fifty feet from the individual activity.

(3) A Type 3 sign permitted more than fifty feet from the advertised activity pursuant to subsection (1) of this section shall not be erected or maintained a greater distance from the advertised activity than one of the following options selected by the owner of the business being advertised:

(a) One hundred fifty feet measured along the edge of the protected highway from the edge of the main entrance to the activity advertised (when applicable);

(b) One hundred fifty feet from any outside wall of the main building of the advertised activity; or

(c) Fifty feet from any outside edge of a regularly used parking lot maintained by and contiguous to the advertised activity.

(4) One Type 3 sign in each direction, not exceeding fifty square feet in area bearing only the name and a directional message, indicating the location of a business, farm, ranch or orchard may be allowed on such premises that were in existence on June 25, 1976, provided that the following conditions exist:

(a) No other Type 3 signs legible from the main traveled lanes of the highway are maintained.

(b) The sign is located on property abutting the highway where ownership or unrestricted lease is contiguous to and includes the advertised activity and not on a strip or parcel of land deemed by the department of transportation to be acquired for the sole purpose of outdoor advertising.

WAC 468-66-080 Number of signs and spacing requirements along interstate system. No Type 4 or Type 5 signs which are visible from the main-traveled way of the interstate system shall be erected or maintained in any manner inconsistent with the following:

(1) In advance of an intersection of the main-traveled way of the interstate highway and an exit roadway, such signs visible to interstate system traffic approaching such intersection may not be permitted to exceed the following number:

Distance from intersection	Number of signs
0-2 miles	0
2-5 miles	6
More than 5 miles	Average of one sign per mile

The specified distances shall be measured to the nearest point of the intersection of the traveled way of the exit roadway and the main-traveled way of the interstate highway.

(2) Subject to the other provisions of this section, not more than two such signs may be permitted within any mile distance measured from any point, and no such signs may be permitted to be less than one thousand feet apart.

(3) Such signs may not be permitted adjacent to any interstate highway right of way upon any part of the width of which is constructed an entrance or exit roadway.

(4) Such signs visible to interstate highway traffic which is approaching or has passed an entrance roadway may not be permitted for one thousand feet beyond the furthest point of the intersection between the traveled way of such entrance roadway and the main-traveled way of the interstate highway.

(5) Not more than one such sign advertising activities being conducted as a single enterprise or giving information about a single place may be permitted to be erected or maintained in such manner as to be visible to traffic moving in any one direction on any one interstate highway.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-66-080, filed 12/20/78. Formerly WAC 252-40-070.]

WAC 468-66-090 Preference of applicants for Type 4, Type 5, and Type 8 sites. Applications for available

Type 4, Type 5, and Type 8 sign sites, where the number of applications shall exceed the available sites, shall be awarded upon the following preferential basis:

(1) Agencies of the state of Washington in order of their applications.

(2) Counties or incorporated cities in the order of their applications.

(3) Federal agencies in the order of their applications.

(4) All other applicants in the order of their applications, giving preference, however, to the holder of an existing permit for renewal thereof. All applications received during the department's normal office hours during the same day shall be construed as having been received simultaneously. In the case of a tie between applicants, and upon notification thereof by the department, the department shall determine by lot which shall receive the permit.

WAC 468-66-100 Advertising copy. (1) A Type 4 sign that displays any trade name which refers to or identifies any service rendered or product sold, used or otherwise handled more than twelve air miles from such sign may not be permitted unless the name of the advertised activity which is within twelve air miles of such sign is displayed as conspicuously as such trade name.

(2) In Type 5 signs, only information about public places operated by federal, state or local governments, natural phenomena, historic sites, areas of natural scenic beauty or naturally suited for outdoor recreation, and places for camping, lodging, eating and vehicle service and repair is deemed to be in the specific interest of the traveled public. For the purposes of the act and these regulations, a trade name is deemed to be information in the specific interest of the traveling public only if it identifies or characterizes such a place or identifies vehicle service, equipment, parts, accessories, fuels, oils or lubricants being offered for sale at such a place. Signs displaying any other trade name may not be permitted under Type 5.

(3) Notwithstanding the provisions of subsection (1) of this section, Type 4 signs which also qualify as Type 5 signs may display trade names in accordance with the provisions of subsection (2) of this section.

(4) A Type 8 sign shall contain the business name, product(s) for sale, and travel direction and distance to the nearest mile from the intersection with the state highway to the business activity. The materials and workmanship in fabricating and installing the signs should have a professional appearance.

WAC 468-66-110 Signs within commercial and industrial areas of primary system. Signs visible from the

main-traveled way of the primary system within commercial and industrial areas whose size and spacing are consistent with the customary use of property for the effective display of outdoor advertising as set forth in this section may be erected and maintained: *Provided*, That nothing in this section shall restrict Type 3 signs located along any portion of the primary system within an incorporated city or town or within any commercial or industrial area.

(1) Size of signs:

(a) The maximum area for any one sign shall be six hundred seventy-two square feet with a maximum height of twenty-five feet and maximum length of fifty feet inclusive of any border and trim but excluding the base or apron, supports and other structural members: *Provided*, That cut-outs and extensions may add up to twenty percent of additional sign area.

(b) For the purposes of this subsection, double-faced, back-to-back or V-type signs shall be considered as two signs.

(c) Signs which exceed three hundred twenty-five square feet in area may not be double-faced (abutting and facing the same direction).

(2) Spacing of signs:

(a) Signs may not be located in such a manner as to obscure, or otherwise physically interfere with the effectiveness of an official traffic sign, signal, or device, obstruct or physically interfere with the driver's view of approaching, merging, or intersecting traffic.

(b) On limited access highways established pursuant to chapter 47.52 RCW no two sign structures shall be spaced less than one thousand feet apart, and no sign may be located within three thousand feet of the center of an interchange, a safety rest area or information center, or within one thousand feet of an intersection at grade. Double-faced signs shall be prohibited. Not more than a total of five sign structures shall be permitted on both sides of the highway per mile.

(c) On noncontrolled access highways inside the boundaries of incorporated cities and towns not more than a total of four sign structures on both sides of the highway within a space of six hundred sixty feet shall be permitted with a minimum of one hundred feet between sign structures. In no event, however shall more than four sign structures be permitted between platted intersecting streets or highways. On noncontrolled access highways outside the boundaries of incorporated cities and towns minimum spacing between sign structures on each side of the highway shall be five hundred feet.

(d) For the purposes of this subsection, a back-to-back sign and a V-type sign shall be considered one sign structure.

(e) Official signs, and signs advertising activities conducted on the property on which they are located (Type 2 and Type 3 signs) shall not be considered in determining compliance with the above spacing requirements. The minimum space between structures shall be measured along the nearest edge of the pavement between points directly opposite the signs along each side of the highway and shall apply to signs located on the same side of the highway.

WAC 468-66-120 Signs erected prior to June 1, 1971 in commercial and industrial areas along the primary system. Signs lawfully erected and maintained which are visible from the main-traveled way of the primary system within commercial and industrial areas on June 1, 1971 shall be permitted to remain and be maintained. Such signs, however, shall be included in the determination of spacing requirements for additional signs as permitted by WAC 468-66-110.

WAC 468-66-130 Signs to be removed. No sign visible from the main-traveled way of the interstate system, the primary system, or the scenic system which was there lawfully maintained immediately prior to May 10, 1971 but which does not comply with the provisions of the act and these regulations, shall be maintained by any person:

(1) After May 10, 1974; or

(2) With respect to any highway hereafter designated by the legislature as a part of the scenic system, after three years from the effective date of the designation.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-66-130, filed 12/20/78. Formerly WAC 252-40-098.]

WAC 468-66-140 Permits. (1) No signs except Type 1, Type 2, or Type 3 signs shall be erected or maintained adjacent to interstate system, primary system, or scenic system highways without a permit issued by the department of transportation. Permits for erection and maintenance of signs adjacent to the interstate system, primary system, or scenic system will be issued by the department of transportation in accordance with these rules and regulations.

(2) Applications for permits (except for Type 8 signs) will be accepted only at the Department of Transportation Headquarters Office, Olympia, Washington. Applications transmitted by mail shall be effective from date of receipt rather than of mailing.

(3) Application forms shall contain:

(a) The name and address of the owner of the sign;

(b) A statement and the signature of the owner or occupant of the land on which the sign is to be erected or maintained indicating that he has consented thereto;

(c) A statement of the precise location where the sign is to be erected or maintained;

(d) A statement of the proposed size and shape of the sign. An application for a Type 5 sign to be erected along the interstate system shall contain a description of the copy to be placed on the sign;

(e) Such other information as may be required by the department;

(f) For Type 8 signs, application forms must be submitted to the appropriate department of transportation

district office and submittals must include, in addition to (a) through (e) of this subsection, an exact description of the location of the temporary agricultural business activity, a description of the proposed sign copy, identification of the products sold and expected weeks/months of sales assigned tax number, and a certification that the products being sold were harvested or produced on the property where the sale is taking place. After approval of the application by the transportation district office, the sign may be erected at the beginning of the sale season and must be removed at the end of the sale season. Approved applications shall be valid for five consecutive years from the date of application approval. A new application must be submitted and approved prior to erection of a sign at a location where the five-year validation has expired.

For any Type 8 sign not in compliance with these regulations, the department of transportation shall request the attorney general on its behalf to institute legal proceedings to cause such sign to be removed as an illegal sign without payment of compensation.

Subsections (5) through (10) of this section do not apply to Type 8 signs.

(4) Applications shall be accompanied by a fee of ten dollars for each sign.

(5) Permits shall be for the calendar year and shall be renewed annually upon payment of said fee for the new year without the filing of a new application except as provided in WAC 468-66-090. Fees shall not be prorated for fractions of the year. Any moneys paid to the department of transportation for a sign permit shall be credited first to the payment of any annual permit or renewal fee for such sign due for any prior year. The department shall not accept payment for the current year renewal fee until all due and unpaid permit and renewal fees for prior years have been paid.

(6) Prior to December 1 of each year the department of transportation shall notify in writing the owner of every sign for which a permit is required under RCW 47.42.120 and this rule but for which no sign permit was obtained or renewed for the then current calendar year, that all unpaid permit and renewal fees for such sign and the renewal fee for such sign due in the calendar year to commence on the following January 1 shall be due and payable not later than the following February 1. The notice shall further state that if all such fees have not been paid by February 1, legal proceedings will be instituted to cause removal of such sign as an illegally maintained sign.

(7) Following the notice specified in subsection (6) of this section, if all due and unpaid permit and renewal fees are not received for any sign for which a permit is required by the date specified, the department of transportation shall request the attorney general on its behalf to institute legal proceedings to cause such sign to be removed as an illegal sign without the payment of compensation therefor.

(8) Changes in size, shape, or position of a permitted sign shall be reported to the department of transportation at Olympia at least ten days before a change is to be made. In the case of Type 5 signs permitted along the

interstate system, changes in copy shall be reported to the department at Olympia at least ten days before a change is to be made.

(9) Assignment of permits in good standing shall be effective only upon receipt of assignment by the department of transportation.

(10) Every permit issued by the department shall be assigned a separate identification number, and it shall be the duty of each permittee to fasten to each sign a weatherproof label, not larger than six square inches, which shall be furnished by the department and on which shall be plainly visible the said permit number. The permittee shall also place his name in a conspicuous position on the front or back of each sign.

(11) A permit issued under these rules does not relieve the permittee from the duty to comply with all local rules, regulations, and ordinances pertaining to signs and sign structures.

WAC 468-66-150 Penalties. (1) After hearing, as required by chapter 34.04 RCW (Administrative Procedure Act) and the rules and regulations of the department of transportation adopted pursuant thereto, any permit may be revoked without refund by the department for any of the following reasons:

(a) For the making of any false or misleading statements in the application for any permit, whether or not the same is material to or relied upon by the department in the issuance of such permit when such false or misleading statement or information shall remain uncorrected after the expiration of thirty days following written notification thereof.

(b) For allowing or suffering any sign to remain in a condition of disrepair or unreasonable state of repair after the expiration of thirty days following written notification thereof.

(c) For maintaining any sign, for which a permit has been issued, in violation of any provision of the act or these regulations after the expiration of thirty days following written notification thereof.

(d) For any convictions of a violation of the act or any of these regulations, any permit held by the convicted person may be revoked whether or not such violation is related to the sign for which the permit is revoked.

(e) For maintaining a discontinued sign as defined in WAC 468-66-010(6), or for not erecting a sign structure with advertising on a permitted site within six months of the date of permit issue. A notice of failure to erect the sign structure will be sent after three months, and the sign must be erected within three months of the notice.

(2) Notice whenever required herein shall be given to the person entitled thereto by registered mail at the last known address of such person which shall be such address as may be on file with the department, if any, otherwise the last address of such person shown by the

tax records of the county in which the real property upon which the sign in question is maintained.

(3) Computation of time when dependent upon giving of notice shall relate to the day of mailing such notice rather than the day of receipt.

WAC 468-70-010 General. (1) These rules and regulations implement, and are prescribed by, chapter

80, Laws of 1974 ex. sess. (43rd Leg., 3rd ex. sess.) and chapter 47.42 RCW.

(2) The regulations provide for the installation of motorist information signs which will inform the motoring public of tourist services conveniently accessible from interstate, primary and scenic highways within the state.

[Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-70-010, filed 12/20/78. Formerly WAC 252-42-005.]

WAC 468-70-020 Definitions. (1) When used in these regulations the terms: Sign, business sign, commercial and industrial areas, commission, interstate system, primary system, scenic system, and specific information panel shall have the same meaning as set forth in the act.

(2) When used in these regulations the term:

(a) "Act" shall mean the Highway Advertising Control Act of 1961 as amended by chapter 80, Laws of 1974 ex. sess. (43rd Leg., 3rd ex. sess.) and chapter 47.42 RCW.

(b) "Conventional road" shall mean a primary or scenic highway which is not an expressway or freeway.

(c) "Department" shall mean the Washington state department of transportation.

(d) "Expressway" shall mean a divided arterial highway for through traffic with partial control of access and grade separations at most major intersections.

(e) "Freeway" shall mean an expressway with full control of access, and grade separations over the entire length of the numbered highway route.

(f) "Motorist service activity" shall mean a business furnishing gas, food, lodging, camping and/or related tourist services.

(g) "Owner" shall mean a person who owns or operates a motorist service activity and who has authority to enter into and be bound by agreements relevant to matters covered by these regulations.

(h) "Supplemental directional panel" shall mean a motorist informational panel located on, opposite, or at the terminus of an exit ramp bearing business sign for a qualified motorist service activity and directional information.

(i) "Trade name" shall mean any brand name, trade mark, distinctive symbol or other similar device or thing used to identify a particular motorist service.

(j) "Urban area" shall mean an area including and adjacent to a municipality or other place of five thousand or more population as shown by the latest available federal census.

(k) "Qualified tourist-oriented business" means any lawful cultural, historical, recreational, educational, or entertaining activity or a unique or unusual commercial or nonprofit activity, the major portion of whose income or visitors are derived during its normal business season from motorists not residing in the immediate area of the activity.

(l) "Tourist-oriented directional (TOD) sign" means a sign on a specific information panel on the state highway system to provide directional information to a qualified tourist-oriented business, service, or activity.

[Statutory Authority: Chapter 47.42 RCW. 86-08-023 (Order 103), § 468-70-020, filed 3/25/86; 85-17-012 (Order 96), § 468-70-020, filed 8/12/85. Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), § 468-70-020, filed 12/20/78. Formerly WAC 252-42-010.]

WAC 468-70-030 Location of panels and signs. (1) Specific information panels will be provided on interchange approaches and in advance of intersections. Where a qualified type of motorist activity is not present, a panel will not be erected. Generally, these panels should be located near the right of way line and readable from the main traveled way. Normally, the panels will be erected as follows:

(a) For freeways and interchanges on expressways the panels shall be erected between the previous interchange and at least eight hundred feet in advance of the exit direction sign at the interchange from which the services are available. There shall be at least eight hundred feet spacing between the panels, and there will be one panel each for GAS, FOOD, LODGING, and CAMPING/RECREATION except as provided in (c) of this subsection.

(b) For conventional roads the panels shall be erected between the previous intersection and at least three hundred feet in advance of the intersection from which the services are available, signing should not be provided to any service visible at least three hundred feet along the mainline prior to the intersection or driveway approach serving the business. There will be one panel each for GAS, FOOD, LODGING, and CAMPING/RECREATION, except as provided in (c) of this subsection.

(c) At remote rural interchanges and on conventional road intersections, not more than two types of business activities may be combined on one panel. No more than two logos per activity may be displayed. Ramp panels to direct motorists to the right or to the left may display more than one type of business activity. No other mixed panels may be used.

(2) Information for specific information panels on expressways/freeways will be repeated on the supplemental directional panels located along the interchange ramps or at the ramp terminal where the services are not visible from the ramp.

(3) One tourist-oriented directional (TOD) sign panel may be placed in advance of the GAS, FOOD, LODGING, and CAMPING/RECREATION specific information panels. Spacing shall be the same as for the specific information panels. For interchanges supplemental TOD sign assemblies will be repeated along the ramps or at ramp terminals where the activities are not visible from the ramp. TOD sign panels are not allowed in lieu of the GAS, FOOD, LODGING, and CAMPING/RECREATION specific information panels, or along interstate highways.

(4) The spacing between sign panels, and between sign panels and official traffic control signs shall be in accordance with the *Manual on Uniform Traffic Control Devices*. Where there is insufficient spacing for both official traffic control signs and specific information/TOD sign panels, the official traffic control signs only shall be installed.

WAC 468-70-040 Interchange and intersection selection for specific information panels. (1) On an *interstate, primary, or scenic highway* the interchange or intersection must:

(a) For interchanges consist of both an exit and entrance ramp: *Provided*, That where an entrance ramp is not present an interchange will qualify if an entrance ramp is reasonably and conveniently located, in the determination of the department, so as to permit a motorist to proceed without undue indirection or use of poor connecting roads.

(b) For intersections provide a reasonable and convenient route, in the determination of the department, so as to permit a motorist to proceed without undue indirection or use of poor connecting roads.

(2) Specific information, and TOD (allowed on noninterstate highways only), sign panels may be erected at locations within the corporate limits of cities and towns and areas zoned for commercial and industrial uses where there is sufficient distance between interchanges or intersections to erect the signs in accordance with WAC 468-70-030(1). Where there is insufficient space available to install the array of GAS, FOOD, LODGING, CAMPING/RECREATION and TOD panels, panels are normally provided in that order of priority, except that district administrators may negotiate a revised priority at interchange/intersection locations with local officials. If there is no business interest in signing for any one activity at a location, and space allows, the next lower priority activity can be signed.

(3) Signing will be provided from the nearest interchange or intersection from the nearest freeway/expressway or from a conventional highway to the activity. Signing will not be provided from a freeway or expressway to another freeway or expressway.

WAC 468-70-050 Business eligibility. (1) To be eligible for placement of a business sign on a specific information panel a motorist activity must conform to the following standards:

(a) Gas activity:

(i) Provide vehicle services including fuel, oil, lubrication, tire repair and water; and

(ii) Be in continuous operation at least sixteen hours a day, seven days a week; and

(iii) Provide restroom facilities, drinking water and a telephone access;

(iv) Specific information panels may be installed and existing signing will not be removed when the service facility is closed for a short period of time or when its hours of operation have been reduced as a result of a shortage of gasoline;

(v) Facilities not meeting the requirements of (i) of this subsection but have at least gas, oil, and water may qualify for signing provided that other facilities meeting the requirements of (i) of this subsection are available within the distances from the interchange as specified in subsection (3)(a) of this section.

(b) Food activity:

(i) Be licensed or approved by the county health office; and

(ii) Be in continuous operation for a minimum of twelve hours a day to serve three meals a day, breakfast, lunch, and dinner seven days a week; and

(iii) Have seats for a minimum of twenty patrons and/or parking and drive-in facilities for a minimum of ten vehicles; and

(iv) Provide telephone and restroom facilities.

(c) Lodging activity:

(i) Be licensed or approved by the Washington department of social and health services; and

(ii) Provide adequate sleeping and bathroom accommodations available without reservations for rental on a daily basis; and

(iii) Provide public telephone facilities.

(d) Camping activity (applicable only for activities on fully controlled limited access highways):

(i) Be licensed or approved by the Washington department of social and health services or county health office;

(ii) Consist of at least twenty camping spaces, at least fifty percent of which will accommodate tents, and have adequate parking, modern sanitary and drinking water facilities for such spaces; and

(iii) Have an attendant on duty to manage and maintain the facility twenty-four hours a day while in operation.

(e) Recreation activity (applicable only for activity on scenic system or primary system highways with partial access control or no access control):

(i) Consist of activities and sports of interest to family groups and the public generally in which people participate for purposes of active physical exercise, collective amusement or enjoyment of nature; e.g., hiking, golfing, skiing, boating, swimming, picnicking, camping, fishing, tennis, horseback riding, ice skating and gun clubs; and

(ii) Be licensed or approved by the state or local agency regulating the particular type of business; and

(iii) When the recreational activity is a campground, it must meet the criteria specified in WAC 468-70-050 (1)(d)(i) thru (iii).

(f) Tourist-oriented business activity (not applicable for activities on interstate highways):

(i) A natural, recreational, historical, cultural, educational, or entertainment activity, or a unique or unusual commercial or nonprofit activity, the major portion of whose income or visitors are derived during its normal business seasons from motorists not residing in the immediate area of the activity.

(ii) Activities must be open to the motoring public without appointment, at least eight hours a day, five days a week including Saturday and/or Sunday.

(2) Distances prescribed herein will be measured from the center of the interchange or intersection along the centerline of the most direct public road to the facility access.

(3) The maximum distance that GAS, FOOD, LODGING, CAMPING or RECREATIONAL activities can be located on either side of an interchange or intersection to qualify for a business sign shall be as follows:

(a) From an interchange on a fully controlled limited access highway, GAS, FOOD and LODGING activities shall be located within three miles in either direction. CAMPING activities shall be located within five miles in either direction;

(b) From an interchange or intersection on a highway with partial access control or no access control, GAS, FOOD, LODGING, or CAMPING activities shall be located within five miles in either direction.

(c) Where there are fewer than the maximum number, as specified in WAC 468-70-060, of eligible services within the distance limits prescribed in subsection (3)(a) and (b) of this section, the distance limits may be increased in three-mile increments up to a maximum of fifteen miles to complete the balance of allowable signs.

(d) From an interchange or intersection on a highway with partial access control or no access control, RECREATIONAL activities shall be located within ten miles in either direction. If within such ten mile limit there are fewer than the maximum number, as specified in WAC 468-70-060, of RECREATIONAL activities available, then activities of such type located within a fifteen mile limit shall qualify.

(e) Qualified tourist-oriented business must be located within fifteen miles of the state highway.

(f) Specific information panels or tourist-oriented directional panels will not be provided until the required supplemental panels, if needed, are installed by local agencies.

(g) Within cities and towns having a population greater than fifteen thousand, the department of transportation shall obtain concurrence from the municipality of locations for installing panels, and may have the municipality install the panels.

(4) A GAS, FOOD, LODGING, CAMPING/RECREATIONAL, or TOURIST-ORIENTED activity visible from the mainline at least three hundred feet prior to an intersection shall not qualify for a business sign on such highway.

(5) To be eligible for business sign placement or supplemental direction panel the activity must be eligible for specific information panel placement.

(6) When an activity qualifies for business sign placement on more than one type of information panel, placement will be made on that type of panel which, as determined by the department, best describes the main product or service.

(7) When appropriate, the department may require an applicant activity to file written assurances that adequate follow-through signing, as specified by the department, will be erected and maintained.

(8) Where operations are seasonal, business signs for each specific location shall be removed or covered during the appropriate period as determined by the department.

WAC 468-70-060 Signing details. (1) Specifications. All specific information panels, supplemental directional panels, and business signs shall be constructed in accordance with the Washington state standard specifications, standard plans and amendments thereto. All business signs shall be constructed of a single piece of 0.063 inch thick aluminum. All panels and business signs shall be fully reflectorized to show the same shape and color both by day and night.

(2) Color of panels and signs:

(a) The background color for GAS, FOOD, LODGING, CAMPING and TOD specific information panels and supplemental directional panels shall be blue. The background color for RECREATION specific information panels and supplemental directional panels shall be brown. The border and lettering on all such signs shall be white.

(b) The background color and letter color for business signs manufactured by the department shall be standard highway sign sheeting and inks which are available in white (silver), blue, black, yellow, red, orange, green, and brown. A description of business signs which the department will manufacture is provided in WAC 468-70-070 (8)(b).

(3) Composition of specific information panels:

(a) For interchanges, the maximum number of business signs which may be displayed on a specific information panel are six for gas and four each for food, lodging, camping/recreation and TOD activities. For intersections, all are limited to four business signs.

(b) Sign panel fabrication layouts, and business sign sizes, are provided in the Appendices of the Scenic Vistas Act Booklet published by the Washington state department of transportation.

(i) The panel size shall be sufficient to accommodate the various sizes of business signs and directional information.

(ii) For qualifying businesses located more than one mile from an intersection the business sign shall show the mileage to the business to the nearest mile. For interchanges the mileage will be shown on the supplemental directional panel business signs installed along the interchange ramp or at the ramp terminal.

WAC 468-70-070 Permits and procedure. (1) No business signs will be installed on information panels prior to issuance of a permit by the department. Permits will be issued by the department in accordance with these rules and regulations.

(2) Permit applications will be accepted at the appropriate department of transportation district office in care of the district administrator. Applications transmitted by mail shall be effective from date of receipt rather than of mailing.

(3) One permit application will be for all the signing that the applicant will qualify for at a single interchange or intersection.

(4) Application, forms for which may be obtained from the department, shall contain the following information:

(a) Name and address of the owner of the business to be advertised.

(b) The highway for which the applicant seeks signing.

(c) A description of the interchange or intersection for which the business sign is to be installed.

(d) A statement of location including exact travel distance from the interchange or intersection and precise roads used for access.

(e) An agreement to limit the height of any on-premise sign to no greater than 15 feet higher than the roof of the main building, for businesses located within one mile of an interchange or intersection.

(f) Such other information as may be required by the department.

(5) Each permit application will include a sketch, drawing or picture of the message to be placed on the business signs. The department shall have final approval of the design of the business sign and may modify such submissions to achieve uniformity.

(6) A standard application processing fee of seventy-five dollars will accompany each application. Such fee will be returned if an application is denied or if after approval the activity is not signed for reasons caused by the department.

(7) Any party aggrieved by an application determination of the department shall be accorded hearing rights before the secretary of transportation or his designee pursuant to chapter 34.04 RCW.

(8) Fabrication and installation of business signs:

(a) Once an application is approved, the department will request the business to provide the signs for installation. Such signs shall be built to the department's specifications prescribed by WAC 468-70-060, and after installation the business shall be billed for the installation cost as prescribed in WAC 468-70-080.

(b) When requested by a business, the department will manufacture business signs composed of standard solid color background with standard die cut or silk screened highway sign letters used for messages. The department does not manufacture business signs having nonstandard colors, nonstandard letters, or pictorial business symbols or trademarks. The manufacturing and installation fees for signs manufactured by the department are prescribed in WAC 468-70-080.

(9) Business sign annual permit, maintenance, and replacement:

(a) For a business which provides its own signs to the department, an annual permit fee of ten dollars shall be charged.

Maintenance replacement signs shall be provided by the business, when requested by the department to replace weather worn signs. After installation the business will be billed for the installation cost as prescribed in WAC 468-70-080.

(b) For signs manufactured and maintained by the department, an annual maintenance fee shall be paid, as prescribed in WAC 468-70-080, for each business sign.

(c) Annual permit renewal and maintenance fees shall be paid by February 1 of the calendar year it is due. These fees will not be prorated for fractions of the year in the event of business sign removal or coverage. Failure to pay the annual fee by February 1 of the year due will cause the permit to expire and the business signs will be removed from the back panels.

(10) In the event of change of ownership or operation, assignment of permits in good standing shall be effective only upon receipt of assignment by the department.

(11) Revocation and expiration:

(a) After hearing before the secretary of transportation or his designee, as required by chapter 34.04 RCW (Administrative Procedure Act) and the rules and regulations of the department adopted pursuant thereto, any permit may be revoked by the secretary or the secretary's designee who has conducted the hearing for any of the following reasons:

(i) For the making of any false or misleading statements in the application for any permit, whether or not the same is material to or relied upon by the department in the issuance of such permit when such false or misleading statement or information shall remain uncorrected after the expiration of thirty days following written notification thereof.

(ii) For allowing or suffering any on-premise sign to remain that does exceed the height requirements set forth in the act or these regulations.

(iii) For failure to provide the services and/or facilities required by WAC 468-70-050 and 468-70-070 of these regulations.

(b) If a permit is revoked or is allowed to expire, a new application may be accepted by the department and the application must meet the requirements of any other new application.

WAC 468-70-085 Maintenance replacement of pictorial business signs manufactured by the department prior to January 1, 1987. (1) For business signs composed of nonstandard colors, nonstandard letters, or pictorial symbols or trademarks which were manufactured by the department prior to January 1, 1987, the department will manufacture and install only the first maintenance replacement of these signs that is required after January 1, 1987. Up to the time of replacement, the annual maintenance fee charged for each sign shall be:

(a) Interstate, primary, and scenic free-ways and expressways.

(i) "GAS, FOOD, LODGING, CAMPING/RECREATION, or TOD" pictorial business sign on a specific information panel \$95.00

(ii) "GAS, FOOD, LODGING, CAMPING/RECREATION, or TOD" pictorial business sign on a supplemental direction panel \$30.00

(b) Primary or scenic highways that are conventional roads. "GAS, FOOD, LODGING, RECREATION, or TOD" pictorial business sign on a specific information panel \$50.00

After this one maintenance replacement by the department, the business owner will be responsible for subsequent maintenance replacement and the annual permit renewal fees and maintenance and replacement procedures for business-supplied signs, prescribed in WAC 468-70-070(9), will be followed.

(2) Businesses utilizing business signs composed of nonstandard colors, nonstandard letters, or pictorial symbols or trademarks which were manufactured by the department prior to January 1, 1987, may choose to provide their own maintenance replacement signs in accordance with the procedures in WAC 468-70-070(9) in lieu of the procedures described in subsection (1) of this section. The department shall notify each business of this choice by certified mail. The businesses shall be provided thirty days to respond. If no response is received, the annual maintenance fee procedure will continue; however, the business may choose, in writing at a later date, to stop paying the maintenance fee and provide their own replacement signs. The department will not refund previously paid maintenance fees to businesses choosing the option of providing their own replacement signs.

JUNKYARDS ADJACENT TO HIGHWAYS**

WAC

468-74-010 Definition of "unzoned industrial areas."

WAC 468-74-010 Definition of "unzoned industrial areas." In the administration of chapter 47.41 RCW, relating to the regulation and control of junkyards adjacent to highways, the term "unzoned industrial areas" shall be interpreted to mean those areas not zoned by county or municipal code, occupied by three or more separate and distinct industrial activities within a space of five hundred feet and the area within five hundred feet of such activities on both sides of the highway. The area shall be measured from the outer edges of the regularly used buildings, parking lots, storage or processing areas of the industrial activity and not from the property lines of the parcels upon which such activities are located. Measurements shall be along or parallel to the edge of the main traveled way of the highway. The following shall not be considered industrial activities:

- (1) Agricultural, forestry, grazing, farming and related activities, including, but not limited to, wayside fresh produce stands;
- (2) Transient or temporary activities;
- (3) Railroad tracks and minor sidings;
- (4) Signs;
- (5) Activities more than three hundred feet from the nearest edge of the right of way;
- (6) Activities conducted in a building principally used as a residence;
- (7) Activities not visible from the traffic lanes of the main traveled way;
- (8) Junkyards, as defined in section 136, Title 23, United States Code.

WAC 468-82-010 General purpose and applicability. (1) Purpose: These regulations are to assist local public agencies not located within standard metropolitan statistical area counties in applying for funds for studies relating to public transportation. These studies are intended to assist these local public agencies in meeting United States Urban Mass Transportation Administration planning requirements for further federal public transportation assistance and in assessing their own needs for public transportation.

(2) Applicability: These regulations apply to all cities, towns, counties, regional councils of government authorized to conduct planning studies pursuant to RCW 35.63.070, 35A.63.040, 36.70.060, or chapter 39.34 RCW, all metropolitan municipal corporations created pursuant to chapter 35.58 RCW and authorized to perform the function of metropolitan public transportation, all county transportation authorities created pursuant to chapter 36.57 RCW, all public transportation benefit areas created pursuant to chapter 36.57A RCW, and all Indian tribes recognized by the United States government, not located within standard metropolitan statistical area counties.

[Statutory Authority: RCW 47.01.101. 80-01-079 (Order 44), § 468-82-010, filed 12/26/79.]

WAC 468-82-015 Definitions. (1) "Department" means the Washington state department of transportation.

(2) "Local public agency" means any city, town, or county not associated with a county transportation authority created pursuant to chapter 36.57 RCW, public transportation benefit area created pursuant to chapter 36.57A RCW, or metropolitan municipal corporation created pursuant to chapter 35.58 RCW performing the function of metropolitan public transportation, any metropolitan municipal corporation created pursuant to chapter 35.58 RCW authorized to perform the function of metropolitan public transportation, any county transportation authority created pursuant to chapter 36.57 RCW, any public transportation benefit area created pursuant to chapter 36.57A RCW, any regional councils of government authorized to conduct planning studies pursuant to RCW 35.63.070, 35A.63.040, 36.70.060, or chapter 39.34 RCW, or any Indian tribe recognized by the United States government, not located within a standard metropolitan statistical area county.

(3) "Public transportation services" means scheduled or demand response services by any type of vehicle on land or water to transport any or all classes of people, using either contracted private or public equipment and/or the local public agency's own equipment.

(4) "Standard metropolitan statistical area county" means any county area so designated by the United States Bureau of Census, and, as a minimum, shall include the following counties: King; Pierce; Spokane; Snohomish; Yakima; Clark; Benton; and Franklin.

(5) "Technical study grant" means an obligation of UMTA funds by the agency to a local public agency for planning of public transportation services.

(6) "UMTA" means the Urban Mass Transportation Administration of the United States Department of Transportation.

[Statutory Authority: RCW 47.01.101. 80-01-079 (Order 44), § 468-82-015, filed 12/26/79.]

WAC 468-82-110 Application for technical study grant. (1) Eligible applicants: Any local public agency is eligible to receive a technical study grant from the department upon submission to the department of an application containing the information specified in subsection (2) of this section.

(2) Contents of application: No particular form is hereby specified for any application for a technical study grant. The application for such grant, however, shall be addressed to the department, signed by the chief executive officer of the local public agency, and include the following information and related materials:

(a) A brief description of the scope of work for which such grant would be used; and

(b) An indication of the dollar amount of the grant for which the application is being made, including a twenty percent matching share of local funds or in-kind services.

(3) Application period. The department shall accept applications received only during the month of March of each year; the last date for receipt of applications shall be March 31 of each year. During the month of January of each year, the department shall "remind" local public agencies of the application period using the Association of Washington Cities and the Washington Association of Counties newsletters and the A-95 Project Notification Process, as available. In the event the agency is notified by UMTA that funds for technical study grants are not forthcoming, the department shall cancel the application period in the same manner in which it would "remind" local public agencies.

[Statutory Authority: RCW 47.01.101. 80-01-079 (Order 44), § 468-82-110, filed 12/26/79.]

WAC 468-82-120 Department response to application. Upon receipt of an application for a technical study grant, the department shall:

(1) Determine whether or not the applicant is eligible to receive a technical study grant pursuant to WAC 468-82-110(1). In the event an applicant is ineligible,

the applicant shall be notified immediately. Further department processing of the application shall be terminated.

(2) Review the application pursuant to the criteria established in WAC 468-82-200. In the event the department determines that the scope of work supplied by the applicant pursuant to WAC 468-82-110 (2)(a) does not sufficiently meet the purposes of WAC 468-82-010(1), the department may suggest, or ask the applicant to re-submit, a revised scope of work pursuant to WAC 468-82-110 (2)(a). Further department processing of the application shall be terminated in the event such revised scope of work is not received by April 15 of the year of application. The department shall consider only one such revised scope of work.

(3) Evaluate the application's cost information provided for in WAC 468-82-110 (2)(b). Such evaluation shall be made based upon the department's experience in providing similar grants. The intent of such evaluation shall be to establish or verify a grant dollar amount which shall be commensurate to the work proposed to be undertaken by the applicant.

(4) Prioritize all applications based upon the criteria established in WAC 468-82-200. Only applications being processed on April 15 of the year of application shall be prioritized.

(5) Recommend to UMTA that those applications receiving highest priorities as determined pursuant to subsection (4) of this section be funded. Applications shall be recommended in decreasing order of such priorities until the entire UMTA technical studies grant allotment to the department for grants to local public agencies is allocated. All applicants shall be notified of either their applications recommendation or rejection by June 1 of the year of application.

[Statutory Authority: RCW 47.01.101. 80-01-079 (Order 44), § 468-82-120, filed 12/26/79.]

WAC 468-82-200 Application prioritization criteria. The department shall give first consideration to applications from local public agencies authorized to carry out physical projects and shall use the following criteria in prioritizing application from local public agencies for technical study grants:

(1) Transit development programs. The department shall give highest priority to applications designed to culminate in a transit development program for submittal to UMTA. Such transit development program shall consider a program period of five years and shall contain elements necessary to satisfy UMTA certification requirements.

(2) Special studies. The department shall give second highest priority to applications seeking to plan for special projects such as: Elderly and/or handicapped persons transportation and preliminary engineering for building construction.

(3) Feasibility studies. The department shall give third priority to applications seeking to test the feasibility of a need for new public transportation services.

[Title 468 WAC—p 72]

(4) Updates. The department shall give last priority to applications seeking to update transit development programs within three years of the program's having been prepared through a technical study grant.

WAC 468-84-010 General purpose and applicability. (1) Purpose. These regulations are to assist municipalities in determining the extent of residents' needs for public transportation and feasible, viable and suitable means of serving the needs through studies. The studies are intended to lead to informed decisions by municipal legislative bodies relating to their undertaking public transportation activities.

(2) Applicability. These regulations apply to all cities, towns, and counties not associated with county transportation authorities created pursuant to chapter 36.57 RCW, public transportation benefit areas created pursuant to chapter 36.57A RCW, or metropolitan municipal corporations created pursuant to chapter 35.58 RCW performing the function of metropolitan public transportation, all metropolitan municipal corporations created pursuant to chapter 35.58 RCW and authorized to perform the function of metropolitan public transportation, all county transportation authorities created pursuant to chapter 36.57 RCW, and all public transportation benefit areas created pursuant to chapter 36.57A RCW, which have not received an advanced financial support payment to develop a plan pursuant to RCW 36.57A.150.

[Statutory Authority: RCW 35.58.2712 and 1979 c 59. 79-12-036 (Order 39), § 468-84-010, filed 11/20/79.]

WAC 468-84-015 Definitions. (1) "Department" means the Washington state department of transportation.

(2) "Enrollment" means the number of pupils enrolled in a school district in October of the most recent year according to the management information services section of the office of public instruction.

(3) "Land area" means the territory, measured to the nearest tenth of a square mile, located within the corporate boundaries of the applicant municipality.

(4) "Municipality" means any city, town or county not associated with a county transportation authority created pursuant to chapter 36.57 RCW, public transportation benefit area created pursuant to chapter 36.57A RCW, or a municipal corporation created pursuant to chapter 35.58 RCW performing the function of metropolitan public transportation, any metropolitan municipal corporation created pursuant to chapter 35.58 RCW authorized to perform the function of metropolitan public transportation, any county transportation authority created pursuant to chapter 36.57 RCW, or any public transportation benefit area created pursuant to chapter 36.57A RCW, which has not received an advanced financial support payment to develop a plan pursuant to RCW 36.57A.150.

(5) "Population" means the number of residents as shown by the figures released for the most recent official state, federal, or county census, or population determination made by the office of financial management.

(6) "Public transportation services" means scheduled or demand-response service by any type of vehicle on land or water to transport any or all classes of people using either contracted private or public equipment and/or the municipality's own equipment.

(7) "Pupil transportation system" means the service to transport pupils attending kindergarten through twelfth grades in public common schools using either contracted private or public vehicles and/or a school district's own vehicles.

[Statutory Authority: RCW 35.58.2712 and 1979 c 59. 79-12-036 (Order 39), § 468-84-015, filed 11/20/79.]

from the department upon submission to the department of an application containing the information specified in subsection (2) of this section.

(2) Contents of application. No particular form is hereby specified for an application for an advanced financial support payment or a grant. The application for such payment or grant, however, must be addressed to the department, signed by the chief executive officer of the municipality, and include the following information and related materials:

(a) A copy of a minute entry or resolution of the municipality authorizing or directing that body, or a designated individual acting for that body, to apply for such payment or grant;

(b) The names of all school districts wholly or partly within the municipality and the school districts to be included in the study;

(c) A letter from each school district to be included in the study indicating knowledge of and support of the application;

(d) A school district board may pass a resolution indicating its unwillingness to cooperate in the study. The resolution must set forth the reasons for this unwillingness. A copy of any such resolution must be included with the application;

(e) A proposed budget indicating, at a minimum, the following information:

(i) Proposed expenditures by the following objects: Salaries and wages, personal services contracts, goods and services, travel, equipment, employee benefits, and capital outlays;

(ii) Budget period and anticipated period of planning project, if different.

[Statutory Authority: RCW 35.58.2712 and 1979 c 59. 79-12-036 (Order 39), § 468-84-110, filed 11/20/79.]

WAC 468-84-120 Department response to application. The department shall respond to applications on a "first-come, first-served" basis so that state biennial budget constraints can be observed. Therefore, upon receipt on an application for an advanced financial support payment or a grant, the department shall:

(1) Determine whether or not the application contains or includes all of the information or material required by WAC 468-84-110(2). In the event an application is incomplete, the applicant shall be notified within seven days of receipt of such application by the department, of the application's deficiencies and that further department processing of the application is being suspended until the department receives a properly completed application;

(2) Determine the most recent official office of financial management population of the applicant;

(3) Allocate one thousand five hundred dollars plus the product of one dollar times the sum of two-tenths

[Title 468 WAC—p 73]

the applicant's population and the applicant's nonfederally owned land area for distribution to the applicant. Under no circumstances will the amount allocated exceed the sum of fifty thousand dollars per applicant;

(4) Allocate the appropriate sum for each school district indicated in the completed application as supporting the study based upon the following scale:

(a) More than 5,000 pupil enrollment school district:

(i) First or largest district, seven thousand dollars;

(ii) Each additional district, five thousand dollars;

(b) 1,000-4,999 pupil enrollment school district:

(i) First or largest district, if none over 5,000 enrollment, five thousand dollars;

(ii) Each additional district, three thousand five hundred dollars;

(c) Less than 1,000 pupil enrollment school district, each district, one thousand dollars.

(5) Combine the sums from subsections (3) and (4) of this section for an advance financial support payment, or allocate the sum from subsection (4) of this section for a grant to an eligible municipality as specified in WAC 468-84-110(1); and

(6) Inform the pupil transportation office of the superintendent of public instruction of the department response to the applicant.

[Statutory Authority: RCW 35.58.2712 and 1979 c 59. 79-12-036 (Order 39), § 468-84-120, filed 11/20/79.]

WAC 468-84-130 Conditions of advanced financial support payments. (1) Payment constitutes a loan. Funds received by municipalities as advanced financial support payments constitute loans. Such a loan shall be repaid to the department by the recipient thereof not later than two years after the date such recipient received the advanced financial support payment. Repayment shall not be necessary in the event the study is completed within one year after the date such advanced payment was received; within six months of its receipt of the study and its recommendations, the municipal legislative authority passes a resolution adopting or rejecting all or part of the study; a copy of the resolution is transmitted to the department within one week of its adoption; and if the municipal legislative authority or the voters in such municipality do not elect to levy and collect taxes to support public transportation within two years after the date such advanced financial support payment was received.

(2) Obligation to perform a feasibility study. Following receipt of the advanced financial support payment, the municipality shall undertake and complete a feasibility study that meets the specifications contained in WAC 468-84-200 through 468-84-260, as well as specifications adopted by the department subsequent to receipt of such payment by a recipient.

[Statutory Authority: RCW 35.58.2712 and 1979 c 59. 79-12-036 (Order 39), § 468-84-130, filed 11/20/79.]

WAC 468-84-135 Conditions of grants. All grants shall be reimbursable for the work the municipality undertakes in completing the feasibility study element

specified in WAC 468-84-260. No funds shall be reimbursed to the municipality until the municipality submits five copies of its final report to the department pursuant to WAC 468-84-300.

[Statutory Authority: RCW 35.58.2712 and 1979 c 59. 79-12-036 (Order 39), § 468-84-135, filed 11/20/79.]

WAC 468-84-200 Required elements of feasibility study. A feasibility study prepared pursuant to RCW 35.58.2712; and WAC 468-84-130(2) shall, as a minimum, contain the elements described in WAC 468-84-210 through 468-84-260. Based upon the elements described in WAC 468-84-210 through 468-84-260, the study shall reach definite conclusions regarding the feasibility, viability and suitability of public transportation services. A conclusion that public transportation services are not feasible, viable or suitable is acceptable if supported by the study.

[Statutory Authority: RCW 35.58.2712 and 1979 c 59. 79-12-036 (Order 39), § 468-84-200, filed 11/20/79.]

WAC 468-84-210 Geographical extent. The feasibility study shall encompass the transportation needs of the population of the recipient municipality.

[Statutory Authority: RCW 35.58.2712 and 1979 c 59. 79-12-036 (Order 39), § 468-84-210, filed 11/20/79.]

WAC 468-84-220 Identification of related transportation operations. (1) The feasibility study shall identify any existing public or private transportation operations and affiliated facilities within the recipient municipality and the area within fifteen road miles of the recipient municipality's corporate boundary within the state of Washington; such identified operations shall include, at a minimum, the following:

(a) Taxicab or jitney service;

(b) Auto transportation companies holding and operating pursuant to certificates of public convenience and necessity from the Washington utilities and transportation commission;

(c) Municipally operated public transit service;

(d) School pupil transportation; and

(e) Specialized transportation service for elderly, handicapped, or otherwise disadvantaged persons.

(2) The feasibility study shall identify the numbers of persons transported annually by, the individual passenger tariff schedules of and the fixed routes used by the operations cited in WAC 468-84-220(1).

[Statutory Authority: RCW 35.58.2712 and 1979 c 59. 79-12-036 (Order 39), § 468-84-220, filed 11/20/79.]

WAC 468-84-230 Estimation of need. (1) The feasibility study shall estimate the number of persons who would use public transportation service, if one were available for use within the municipality. In estimating this number, the municipality shall use the questionnaire technique, soliciting opinions and information from at least five percent of the municipality's residents and businesses.

(2) The feasibility study shall identify the most likely places of trip origin and destinations, including employment centers, employing more than fifty persons, governmental facilities and shopping centers with five or more commercial establishments.

(3) The feasibility study shall suggest a number of means to provide public transportation service and recommend the most feasible, viable and suitable, if any.

[Statutory Authority: RCW 35.58.2712 and 1979 c 59. 79-12-036 (Order 39), § 468-84-230, filed 11/20/79.]

WAC 468-84-240 Alternative management schemes. The feasibility study shall detail at least two alternative organizational management schemes for operating a public transportation service. Such schemes shall consider alternative municipal organizations authorized by state law, and examine possible contractual relationships and/or municipal managerial organizational charts.

[Statutory Authority: RCW 35.58.2712 and 1979 c 59. 79-12-036 (Order 39), § 468-84-240, filed 11/20/79.]

WAC 468-84-250 Alternative funding sources. The feasibility study shall identify alternative federal, state and local funding sources for subsidizing public transportation services.

[Statutory Authority: RCW 35.58.2712 and 1979 c 59. 79-12-036 (Order 39), § 468-84-250, filed 11/20/79.]

WAC 468-84-260 Consideration of school district pupil transportation. The feasibility study shall consider consolidating, coordinating with or cooperating with all or any portion of the pupil transportation systems of each of the school districts specified in WAC 468-84-110 (b) and (c) with public transportation services. The study shall reach definite findings regarding the feasibility, viability and suitability of any consolidation, coordination, or cooperation. Any services, deemed feasible, viable and suitable, shall comply with all provisions of the National Highway Traffic Safety Administration highway safety program Standard 17 (317), "Pupil Transportation Safety." The findings shall be identified in a preliminary report and submitted to each school district included in the study and the department for review and comment. A school district shall make its comments on each finding within one month after its receipt of the preliminary report. The final report for the feasibility study shall include the comments from the school districts and how the comments are incorporated into the final report's findings.

[Statutory Authority: RCW 35.58.2712 and 1979 c 59. 79-12-036 (Order 39), § 468-84-260, filed 11/20/79.]

WAC 468-84-300 Submission of feasibility study to department. Any municipality receiving an advance financial support payment shall assemble all of the material prepared by it pursuant to WAC 468-84-200 into a single written study report and transmit two copies of the study report to the department and to its legislative body within thirteen months of the municipality's receipt of the advanced financial support payment.

Any municipality receiving a grant pursuant to WAC 468-84-135 shall transmit five copies of the final study report prepared by it pursuant to WAC 468-84-260 to the department and to its legislative body within thirteen months of the municipality's signing of the feasibility study agreement with the department.

[Statutory Authority: RCW 35.58.2712 and 1979 c 59. 79-12-036 (Order 39), § 468-84-300, filed 11/20/79.]

WAC 468-84-310 Submission of municipal resolution to department. Any municipality receiving either an advance financial support payment or a grant shall transmit a copy of its legislative resolution adopting or rejecting all or part of the study report to the department within eighteen months and seven days of its receipt of the advanced support payment.

[Statutory Authority: RCW 35.58.2712 and 1979 c 59. 79-12-036 (Order 39), § 468-84-310, filed 11/20/79.]

WAC 468-84-320 Submission of municipal ordinance levying and collecting taxes to department. In the event any municipality receiving an advance financial support payment elects to levy and collect any tax to support public transportation, it shall transmit a copy of its ordinance implementing such tax to the department within one week of its adoption by the municipal legislative body.

[Statutory Authority: RCW 35.58.2712 and 1979 c 59. 79-12-036 (Order 39), § 468-84-320, filed 11/20/79.]

WAC 468-85-010 General purpose and applicability. (1) Purpose: These regulations are to assist county transportation authorities and public transportation benefit areas in the development of comprehensive transit plans consistent with chapter 36.57A RCW and local

developmental goals. The comprehensive transit plans are intended to lead to the development and management of regional public transit systems which are energy-efficient, provide viable transportation alternatives, offer availability to all elements of the public, and are responsive to the public need.

(2) **Applicability:** These regulations apply only to county transportation authorities created pursuant to chapter 36.57 RCW and to public transportation benefit areas created pursuant to chapter 36.57A RCW.

[Statutory Authority: RCW 36.57A.150. 80-01-029 (Order 42), § 468-85-010, filed 12/17/79.]

WAC 468-85-015 Definitions. (1) "Department" means the Washington state department of transportation.

(2) "Comprehensive transit plan" means the official document required of every county transportation authority pursuant to RCW 36.57.070 and of every public transportation benefit area pursuant to RCW 36.57A.060.

(3) "County transportation authority" means an entity created pursuant to chapter 36.57 RCW.

(4) "Population" means the number of residents as shown by the figures released for the most recent official state, federal, or county census, or population determination made by the office of financial management.

(5) "Public transportation benefit area" means an entity created pursuant to chapter 36.57A RCW.

[Statutory Authority: RCW 36.57A.150. 80-01-029 (Order 42), § 468-85-015, filed 12/17/79.]

WAC 468-85-110 Application for advanced financial support payment. (1) **Eligible applicants:** Any county transportation authority established pursuant to chapter 36.57 RCW and any public transportation benefit area established pursuant to chapter 36.57A RCW is eligible to receive a one-time advanced financial support payment from the department upon submission to the department of an application containing the information specified in subsection (2) of this section.

(2) **Contents of application:** No particular form is hereby specified for an application for an advanced financial support payment. The application for such payment, however, must be addressed to the department, signed by the chief executive officer of the applicant, and include the following information and related materials:

(a) A copy of a minute entry or resolution of the applicant authorizing or directing that body, or a designated individual acting for that body, to apply for such payment;

(b) In the event the applicant is a public transportation benefit area, a map indicating the precise boundaries of any unincorporated areas within the public transportation benefit area;

(c) An estimate of the population of the applicant;

(d) A proposed budget indicating proposed expenditures by the following objects: Salaries and wages, personal services contracts, goods and services, travel, equipment, employee benefits, and capital outlays; and

(e) A description of the methods anticipated to be used to secure citizen participation in the comprehensive transit planning process; such methods must ensure a reasonable opportunity is provided for input to be made by racial and ethnic minorities, low-income, elderly and handicapped individuals.

[Statutory Authority: RCW 36.57A.150. 80-01-029 (Order 42), § 468-85-110, filed 12/17/79.]

WAC 468-85-120 Department response to application. The department shall respond to applications on a "first-come, first-served" basis. Therefore, upon receipt of an application for an advanced financial support payment, the department shall:

(1) **Determination of completeness:** Determine whether or not the application contains or includes all of the information or material required by WAC 468-85-110(2). In the event an application is incomplete, the applicant shall be notified within seven days of receipt of such application by the department, of the application's deficiencies and that further department processing of the application is being suspended until the department receives a properly completed application;

(2) **Determination of population:** Request the office of financial management to determine the population of the applicant. Where the sum of the populations of the incorporated areas within the applicant's jurisdiction exceeds fifty thousand people, according to the most recently published estimate of the office of financial management, such request will not be made; the department shall, instead, proceed to allocate the maximum amount allowable to said applicant; and

(3) **Allocation of funds:** Allocate for distribution to the applicant as an advanced financial support payment the product of one dollar times the applicant's population as determined by the office of financial management or the department. Under no circumstances will the amount allocated exceed the sum of fifty thousand dollars per applicant.

[Statutory Authority: RCW 36.57A.150. 80-01-029 (Order 42), § 468-85-120, filed 12/17/79.]

WAC 468-85-130 Conditions of advanced financial support payments. (1) **Payment constitutes a loan:** Funds received by county transportation authorities or public transportation benefit areas as advanced financial support payments constitute loans. Such a loan shall be repaid to the department by the recipient thereof not later than two years after the date such recipient received the advanced financial support payment. Repayment shall be waived in the event the voters in the appropriate county or public transportation benefit area fail to elect to levy and collect taxes authorized under chapters 35.95 or 82.14 RCW within two years after the date such advanced financial support payment was received.

(2) **Obligation to develop a comprehensive transit plan:** Following receipt of the advanced financial support payment, the county transportation authority or public transportation benefit area shall undertake and complete the development of a comprehensive transit plan that meets the specifications contained in WAC 468-85-200

through 468-85-290, as well as specifications adopted by the department subsequent to receipt of such payment by a recipient. In the development of such plan, a county transportation authority and public transportation benefit area shall ensure a reasonable opportunity for the receipt of citizens input and participation in the planning process is provided to racial and ethnic minorities; low-income, elderly, and handicapped individuals.

(3) Payment may constitute matching contribution: Any payment received pursuant to this chapter may be used as all or any portion of a matching contribution required for the receipt of federal funds, provided federal law and applicable regulations allow such payment as a matching contribution, and provided, further, such federal funds are used to assist the recipient in the development of a comprehensive transit plan.

(4) Notice of election: The chief executive officer of a recipient of an advanced financial support payment or his/her designee shall inform the department of the date(s) chosen for a popular election(s) on taxation authorized by chapter 35.95 or 82.14 RCW to finance public transportation in the recipient's jurisdiction, in advance of such election(s).

(5) Required election: An election to determine whether or not taxes authorized by chapter 35.95 or 82.14 RCW will be levied and collected in the county or public transportation benefit area must be held within two years of the receipt of an advanced financial support payment.

(6) Notice of election results: The chief executive officer of a recipient of an advanced financial support payment or his/her designee shall inform the department of the election(s) results within ten days of the official certification.

[Statutory Authority: RCW 36.57A.150. 80-01-029 (Order 42), § 468-85-130, filed 12/17/79.]

WAC 468-85-200 Required elements of comprehensive transit plan. A comprehensive transit plan prepared pursuant to RCW 36.57.070, 36.57A.060 and WAC 468-85-130(2) shall contain the elements described in WAC 468-85-210 through 468-85-290.

[Statutory Authority: RCW 36.57A.150. 80-01-029 (Order 42), § 468-85-200, filed 12/17/79.]

WAC 468-85-210 Capital improvements element. The capital improvements element of the comprehensive transit plan shall identify anticipated capital improvements including the number, types, and passenger seating capacities of in-revenue-service vehicles, nonrevenue equipment; and the number and types of any proposed terminals, stations, shelters, parking facilities for potential system users, and garage and related vehicle maintenance facilities. *Sites* for fixed facilities need not be identified. Capital improvements shall be identified for the first five years of operation; the priorities and phasing of the acquisition of such improvements shall also be identified.

[Statutory Authority: RCW 36.57A.150. 80-01-029 (Order 42), § 468-85-210, filed 12/17/79.]

(1986 Ed.)

WAC 468-85-220 Level of service element. The level of service element of the comprehensive transit plan shall contain the following information:

- (1) User characteristics;
- (2) Trip characteristics;
- (3) Where scheduled service is anticipated in the plan, the frequency that in-revenue-service vehicles would pass selected points along proposed routes; and where a demand-responsive service is anticipated in the plan, the frequency that in-revenue-service vehicles would serve selected neighborhoods;
- (4) The days and hours of service operations;
- (5) The proposed means of facilitating public use of the proposed system; such means should include consideration of the following:
 - (a) Shelters or benches;
 - (b) Signing for loading and unloading locations;
 - (c) Public timetables, where scheduled service is proposed;
 - (d) Telephone information;
 - (e) Advertisements in news media; and
 - (f) Measures to review, update, and make available public information about the frequency of service and transit routes;
- (6) The location within the proposed transit service area of the following items: Employment centers, employing more than fifty persons; governmental facilities; and shopping centers with five or more shopping opportunities; and
- (7) Vehicle fuel consumption rated per mile traveled by type of vehicle.

[Statutory Authority: RCW 36.57A.150. 80-01-029 (Order 42), § 468-85-220, filed 12/17/79.]

WAC 468-85-230 System funding for initial year of operation element. The comprehensive transit plan element dealing with system funding for the initial year of operation shall include, but need not be limited to, the following information:

- (1) An itemized statement of the estimated costs of setting up and operating the recommended public transit system during the first twelve months of operation; such statement shall include, but not be limited to, separate cost estimates for the following items:
 - (a) Vehicles and optional features, by type of vehicle;
 - (b) External passenger-related facilities such as shelters, benches, signing, and parking facilities;
 - (c) Garage, and vehicle maintenance facilities and equipment;
 - (d) Marketing;
 - (e) Administration; and
 - (f) Maintenance and operations.
- (2) Passenger fare levels, estimated public patronage, and estimated fare box revenue;
- (3) The amount of federal assistance separated by operations and capital purposes;
- (4) The amount of long term debt for the purchase of facilities and equipment;
- (5) Whether any of the following sources of local public transit subsidy are anticipated to assist in the funding of the proposed system:

[Title 468 WAC—p 77]

(a) Household tax authorized by chapter 35.95 RCW;
 (b) Business and occupation tax authorized by chapter 35.95 RCW; or

(c) The .1%, .2%, or .3% sales and use tax in lieu of the household tax and business and occupation tax referenced immediately above; together with the rate(s) for any levied tax identified above and the estimated revenues from any such sources anticipated to be collected; (Assumptions made in order to estimate such revenues should be identified.)

(6) The amount of any state matching funds assumed. (Such amount shall equal the sum of either one state dollar for each local dollar anticipated to be collected, as identified in WAC 468-85-230(5), or the amount of the motor vehicle excise tax mass transit levy authorized under RCW 35.58.272 through 35.58.279, whichever is less; minus the amount advanced by the department to a county transportation authority or public transportation benefit area for the development of a comprehensive transit plan pursuant to this chapter.)

[Statutory Authority: RCW 36.57A.150. 80-01-029 (Order 42), § 468-85-230, filed 12/17/79.]

WAC 468-85-240 System of funding for the second through fifth years of operation element. The comprehensive transit plan element regarding system funding for the second through fifth years of operation shall contain the following information for each of those years:

(1) The estimated capital, maintenance, and operating costs of each aspect of the proposed public transit system identified as required in WAC 468-85-230(1) for the first year of operation and an identification of the proposed service life of all equipment acquired or proposed to be acquired; and

(2) The proposed sources of revenue and amounts of revenue, loans, and federal and state assistance to be used to offset such costs.

[Statutory Authority: RCW 36.57A.150. 80-01-029 (Order 42), § 468-85-240, filed 12/17/79.]

WAC 468-85-250 Relation to nearby transit operations element. The comprehensive transit plan element regarding the proposed system's relation to nearby transit operations shall contain the following information:

(1) An identification of any existing public or private transit operations and affiliated facilities serving any area within the jurisdiction of the county transportation authority, public transportation benefit area, or within three road miles of either; such identified operations shall include, at a minimum, the following:

(a) Taxicab or jitney service;

(b) Auto transportation companies holding and operating pursuant to certificates of public convenience and necessity from the Washington utilities and transportation commission;

(c) Scheduled air passenger service;

(d) Rail passenger service;

(e) Municipally operated public transit service;

(f) School pupil transportation; and

(g) Specialized transportation service for elderly, handicapped, or low income persons;

(2) An explanation of how the proposed public transit service would integrate with and affect the use of services identified in WAC 468-85-250(1); and

(3) The location and description of any streets and roads channelizations or other special identification for public transit use.

[Statutory Authority: RCW 36.57A.150. 80-01-029 (Order 42), § 468-85-250, filed 12/17/79.]

WAC 468-85-260 Prospects for geographic expansion of service area element. The comprehensive transit plan of a public transportation benefit area shall include as a separate element consideration of the prospective enlargement of the transit service area (including areas located in adjacent counties) as well as consolidation of transit operations of the public transportation benefit area with municipal public transit systems.

[Statutory Authority: RCW 36.57A.150. 80-01-029 (Order 42), § 468-85-260, filed 12/17/79.]

WAC 468-85-270 Minorities, elderly, handicapped and low-income persons transportation service element. The comprehensive transit plan shall include as a separate element an explanation of how the proposed public transit system will be made both accessible and available to elderly, handicapped people located within the transit service area, racial and ethnic minorities, and low-income people located within the transit service area. This element should meet current federal requirements if any funding is assumed in WAC 468-85-230(3).

[Statutory Authority: RCW 36.57A.150. 80-01-029 (Order 42), § 468-85-270, filed 12/17/79.]

WAC 468-85-280 Citizen participation element. The comprehensive transit plan citizen participation element shall identify how citizens shall be consulted by the county transportation authority or public transportation benefit area. County transportation authorities and public transportation benefit areas shall ensure that they receive citizens' input on a continuing basis.

[Statutory Authority: RCW 36.57A.150. 80-01-029 (Order 42), § 468-85-280, filed 12/17/79.]

WAC 468-85-290 Coordinated planning element. The comprehensive transit plan coordinated planning element shall include the following information:

(1) Comments on the comprehensive transit plan's compatibility with the adopted goals, objectives and policies for development by every unit of general purpose local government that is a member of or participant in the activities of governments of a county transportation authority or public transportation benefit area as well as every area-wide comprehensive planning organization that is located in whole or in part within the jurisdiction of that transit service planning entity.

(2) A commitment in writing by the officials of the county transportation authority or public transportation benefit area that a copy of the comprehensive transit plan and any updated portions thereof shall be supplied

within thirty days of the official adoption thereof to the chief executives of every unit of general purpose local government located in whole or in part within the jurisdiction of that planning entity; every area-wide comprehensive planning organization, and engineering or public works department of any unit of general purpose local government, located in whole or in part within the jurisdiction of that planning entity; the department; and the district administrator and public transportation an planning engineer of the department.

[Statutory Authority: RCW 36.57A.150. 80-01-029 (Order 42), § 468-85-290, filed 12/17/79.]

WAC 468-85-300 Submission of comprehensive transit plans to agency. A county transportation authority or public transportation benefit area shall assemble into a single written document all of the elements prepared by it pursuant to WAC 468-85-200 and transmit such document to the department.

[Statutory Authority: RCW 36.57A.150. 80-01-029 (Order 42), § 468-85-300, filed 12/17/79.]

WAC 468-85-310 Review of comprehensive transit plan of public transportation benefit area. (1) Within sixty days of the receipt thereof, the department shall review any comprehensive transit plan submitted by a public transportation benefit area. The department shall determine whether or not such comprehensive transit plan can be "approved" on the basis of the following standards:

(a) The capital improvement program and anticipated upgrading costs are offset by the proposed system funding;

(b) The comprehensive transit plan as submitted contains all of the elements required by WAC 468-85-200;

(c) Such plan is consistent with the public transportation coordination criteria adopted pursuant to the Urban Mass Transportation Act of 1964, as amended.

(2) In the event such plan is approved, the department shall certify to the state treasurer that a public transportation benefit area that submitted a reviewed and approved plan is eligible to receive the motor vehicle excise tax proceeds authorized pursuant to RCW 35.58-.273, as now or hereafter amended, in the manner prescribed by chapter 82.44 RCW, as now or hereafter amended.

(3) In the event a comprehensive transit plan is disapproved and a public transportation benefit area is determined to be ineligible to receive such motor vehicle tax proceeds, the department shall provide written notice to such entity within thirty days as to the reasons for the plan disapproval and the entity's ineligibility, together with notice that such public transportation benefit area may resubmit a corrected plan at any time.

[Statutory Authority: RCW 36.57A.150. 80-01-029 (Order 42), § 468-85-310, filed 12/17/79.]

Amendments to *Uniform Traffic Control Devices for Streets and Highways* 1978 edition (MUTCD). [Statutory Authority: RCW 47.36.030. 81-07-047 (Order 59), chapter 468-95 WAC, filed 3/16/81. Statutory Authority: Chapter 47.36 RCW. 80-04-045 (Order 51), chapter 468-95 WAC, filed 3/21/80. Statutory Authority: 1977 ex.s. c 151. 79-01-033 (DOT Order 10 and Comm. Order 1, Resolution No. 13), Amends MUTCD, Volumes I through VIII, filed 12/20/78. Formerly chapter 252-990 WAC.] Amendments to MUTCD were repealed by 85-01-056 (Order 93), filed 12/17/84. Statutory Authority: RCW 47.36-.030. Later promulgation of amendments to MUTCD (1978 edition), see Revision No. 2, WAC 468-95-010 through 468-95-090, as filed in 85-01-056 (Order 93).

WAC 468-95-010 General. The *Manual on Uniform Traffic Control Devices for Streets and Highways* 1978 edition (MUTCD), approved by the Federal Highway Administrator as the national standard for all highways open to public travel; published by the U.S. Department of Transportation, Federal Highway Administration, was duly adopted by Administrative Order No. 51 of the Secretary of Transportation dated March 17, 1980. Revision No. 1 of the 1978 edition was duly adopted by Administrative Order No. 59 of the Secretary of Transportation dated March 16, 1981. Revision No. 2 of the 1978 edition was duly adopted by Administrative Order No. 93 of the Secretary of Transportation dated 12/17/84. Revision No. 3 of the 1978 edition was duly adopted by Administrative Order 98 of the Secretary of Transportation dated 11/18/85. The manual includes in part many illustrations, some of which depend on color for proper interpretation. The reviser has deemed it inexpedient to convert these regulations and illustrations to the prescribed form and style of WAC and therefore excludes them from publication. Copies of the MUTCD, incorporating Revision No. 1, Revision No. 2, and Revision No. 3 may be obtained from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. The document is available for public inspection at the headquarters office and all district offices of the Washington state department of transportation. Further, each city, town, and county engineering office in the state will have a copy of the MUTCD with revisions in its possession.

[Statutory Authority: RCW 47.36.030. 85-23-041 (Order 98), § 468-95-010, filed 11/18/85; 85-01-056 (Order 93), § 468-95-010, filed 12/17/84.]

WAC 468-95-020 Parking for the disabled in urban areas. Pursuant to RCW 46.61.581 the following modifications to the MUTCD are established:

(1) A paragraph is added to MUTCD Section 2B-31, Urban Parking and Stopping Signs (R7 series). "A parking space or stall for a physically disabled person shall be indicated by a vertical sign with the international symbol of access described under RCW 70.92.120 and the notice "State Disabled Parking Permit Required." "

(2) A paragraph is added to MUTCD Section 2B-32, Placement of Urban Parking Signs. "Signs indicating a parking space or stall for a physically disabled person shall be installed between forty-eight and sixty inches off the ground."

(3) A paragraph is added to MUTCD Section 3B-16, Parking Space Markings. "A parking space or stall for a physically disabled person shall be indicated by a painted white line, at least six inches in width, on the improved surface delineating the perimeter of the parking space or stall."

A compliance date of March 8, 1986, is also established by RCW 46.61.581.

[Statutory Authority: RCW 47.36.030. 85-01-056 (Order 93), § 468-95-020, filed 12/17/84.]

WAC 468-95-030 No passing zone markings. The first paragraph of MUTCD Section 3B-3, is amended to read as follows:

Where center lines are installed, no-passing zone markings shall be established at vertical curves on two- and three-lane highways where an engineering study indicates passing must be prohibited because of inadequate sight distances or other special conditions.

Effective December 31, 1982, where center lines are installed, no-passing zone markings shall be established at horizontal curves on two- and three-lane highways where an engineering study indicates passing must be prohibited because of inadequate sight distances or other special conditions except: Along highway sections of almost continuous horizontal curvatures such as in mountainous terrain no-passing zone markings shall not be established at horizontal curves. Such highway sections would otherwise require almost continuous no-passing zone markings which could restrict motorists from exercising judgment that it is safe to pass a slow moving vehicle and still be in compliance with chapter 46.61 RCW.

[Statutory Authority: RCW 47.36.030. 85-01-056 (Order 93), § 468-95-030, filed 12/17/84.]

WAC 468-95-040 Meaning of signal indications. Pursuant to RCW 46.61.055, the first sentence of paragraph 3, Item (c), of MUTCD Section 4B-5, is amended to read as follows:

Except when a sign is in place prohibiting a turn, vehicular traffic facing any steady red signal may cautiously enter the intersection to turn right, or to turn left

from a one-way or two-way street into a one-way street, after stopping as required by (a) and (b) above.

[Statutory Authority: RCW 47.36.030. 85-01-056 (Order 93), § 468-95-040, filed 12/17/84.]

WAC 468-95-050 Meaning of lane-use control indications. Pursuant to RCW 46.61.072, paragraph 2 of MUTCD Section 4E-9, is amended to read as follows:

A steady YELLOW X or a flashing RED X means that a driver should prepare to vacate, in a safe manner, the lane over which the signal is located because a lane control change is being made, and to avoid occupying that lane when a steady RED X is displayed.

[Statutory Authority: RCW 47.36.030. 85-01-056 (Order 93), § 468-95-050, filed 12/17/84.]

WAC 468-95-060 When children are present. The following supplemental paragraph is hereby added to section 7B-12, "School Speed Limit Signs (S4-1, S4-2, S4-3, S4-4)," of the MUTCD:

The supplemental or lower panel of a "SCHOOL SPEED LIMIT 20" sign which reads "WHEN CHILDREN ARE PRESENT" shall indicate to the motorist that the 20 mile per hour school speed limit is in force under the following conditions:

(1) School children are occupying or walking within the marked crosswalk.

(2) School children are waiting at the curb or on the shoulder of the roadway and are about to cross the roadway by way of the marked crosswalk.

(3) School children are present or walking along the roadway, either on the adjacent sidewalk or, in the absence of sidewalks, on the shoulder within the posted school speed limit zone which extends 300 feet in either direction from the marked crosswalk.

[Statutory Authority: RCW 47.36.030. 85-01-056 (Order 93), § 468-95-060, filed 12/17/84.]

WAC 468-95-070 Meaning of signal indications. Pursuant to RCW 46.61.055, the first sentence of paragraph 3 applicable only to CIRCULAR RED OR RED ARROW, of MUTCD Section 7D-5, is amended to read as follows:

Except when a sign is in place prohibiting a turn, vehicular traffic facing any steady red signal may cautiously enter the intersection to turn right, or to turn left from a one-way or two-way street into a one-way street, after stopping as required by (1) and (2) above.

[Statutory Authority: RCW 47.36.030. 85-01-056 (Order 93), § 468-95-070, filed 12/17/84.]

WAC 468-95-080 Functions. Pursuant to RCW 47.36.050 and 47.36.080, paragraph 2 of MUTCD Section 8A-1, is amended to read as follows:

With due regard for safety and for the integrity of operations by highway and railroad users, the highway agency and the railroad company are entitled to jointly occupy the right of way in the conduct of their assigned duties. This requires joint responsibility in the traffic control function between the public agency and the railroad.

[Statutory Authority: RCW 47.36.030, 85-01-056 (Order 93), § 468-95-080, filed 12/17/84.]

WAC 468-95-090 County road signing. Pursuant to RCW 36.75.300, there is added to the MUTCD, the following regulation pertaining to signing of county roads:

The legislative authority of each county may by resolution classify and designate portions of the county roads as primitive roads where the designated road portion:

- (1) Is not classified as part of the county primary road system, as provided for in RCW 36.86.070;
- (2) Has a gravel or earth driving surface; and
- (3) Has an average annual daily traffic of one hundred or fewer vehicles.

Any road designated as a primitive road shall be marked with a "PRIMITIVE ROAD" sign at all places where the primitive road portion begins or connects with a highway other than a primitive road.

A sign with the caption "CAUTION - NO WARNING SIGNS" may be installed on the same post with the "PRIMITIVE ROAD" sign, and may be individually erected at intermediate points along the road section if conditions warrant. In addition, a sign with the caption "NEXT.....MILES" may be installed on the same post below the "CAUTION - NO WARNING SIGNS" sign.

The designs of the "PRIMITIVE ROAD, CAUTION - NO WARNING SIGNS, and NEXT.....MILES" signs are available for public inspection at the headquarters office and all district offices of the Washington state department of transportation.

[Statutory Authority: RCW 47.36.030, 85-01-056 (Order 93), § 468-95-090, filed 12/17/84.]

*These routes operate on one-way only toll collection system.

**Half Fare

Senior Citizens - Passengers and driver, age 65 and over, with proper identification establishing proof of age, may travel at half-fare tolls on any route.

Includes passengers in vehicles licensed as stages and buses unless travelling under annual permit.

NOTE: Half-fare privilege does not include vehicle.

Children - Children under five years of age will be carried free when accompanied by parent or guardian. Children five through eleven years of age will be charged half-fare. Children twelve years of age will be charged full-fare.

Handicapped - Any individual who, by reason of illness, injury, congenital malfunction, or other incapacity or disability is unable without special facilities or special planning or design to utilize ferry system services, may travel at half-fare tolls on any route upon presentation of a WSF handicapped travel permit at time of travel. In addition, those handicapped persons who require attendant care while traveling on the ferries, and are so certified by their physician, may obtain an endorsement on their WSF handicapped travel permit and such endorsement shall allow the attendant to also travel at half fare.

NOTE: Half-fare privilege does not include vehicle.

***School commutation tickets - Tickets are for the exclusive use of bona fide students under twenty-one years of age attending grade, junior high, and high schools. Student shall be required to present credentials at time of purchase. A letter indicating school attendance signed by school principal or authorized representative shall be considered proper credentials. Tickets are valid for transportation on school days only.

****A combination ferry/bus public transit passenger monthly reusable ticket rate may be available for a particular route in conjunction with a public transit operating authority whenever it is determined by the transportation commission that said ticket is a necessary element of a transit operating plan designed to eliminate the necessity for assigning an additional ferry to such particular route; and that the resulting savings in ferry system operating and amortized capital costs exceed the total revenue lost as a result of this reduced rate as projected during the period of time during which such transit operating plan is projected to eliminate the need for an additional ferry. The equivalent ferry fare per ride with this special rate shall be one-half the equivalent fare per ride with the standard commutation book, and shall assume 40 one-way trips per month. The total cost of the ticket shall be the cost of the ferry portion, calculated as described above plus the cost of the bus portion as determined by the public transit operating authority, subject to the approval of the secretary of transportation. The ticket shall be valid only for passengers on board a bus; or for walk-on passengers on those routes which have connecting bus service as part of the transit operating plan. The assigning of an additional ferry to such particular route

may be cause for removal of the special rate. If the conditions of eliminating the assignment of an additional ferry or realizing sufficient resulting savings cannot be met, the ticket may be sold for any route authorized by the secretary of transportation, at the full ferry commutation fare per ride based on forty one-way trips per month plus the cost of the bus portion.

****On the Fauntleroy-Vashon route, a combination ferry/bus public transit monthly reusable ticket rate shall apply.

*****Commutation tickets shall be valid only for 90-days from date of purchase after which time the tickets shall not be accepted for passage. Washington state ferries shall enter into agreements with banks to sell commutation tickets.

*****Inter-island passenger fares included in Anacortes tolls.

*****Passenger only vessel - A \$.30 express charge will be applied to all appropriate passenger tolls (\$.15 half fare) for passengers riding the passenger only vessel. This fare will be collected at both destinations.

PROMOTIONAL TOLLS

A promotional rate may be established at the discretion of the secretary of transportation for a specific discount (not to exceed 50 percent of full fare) and effective only at designated times on designated routes (not to exceed 100 days per year on any one route).

[Statutory Authority: RCW 47.60.290, 47.60.300 and 47.60.326. 86-24-009 (Order 59, Resolution No. 287), § 468-300-010, filed 11/21/86. **Vanpools - A commuter vanpool which carries seven or more persons on a regular and expense-sharing basis for the purpose of travel to or from work or school and which is certified as such by a local organization approved by the Washington state ferry system, may purchase for a \$10 fee, a permit valid for a three-month period on Mondays through Fridays only and valid only during the hours shown on the permit. The permit for commuter pool agency vanpools shall be valid for one year. These hours are selectable by the purchaser but shall designate two periods of use each day not to exceed two hours per period. The permit so purchased shall allow passage of the vehicle only during the valid periods. All riders in the van, including the driver, shall pay the applicable passenger fare. Except that the minimum total paid for all riders in the van shall not be less than the amount equal to seven times the applicable passenger fare.

***Commutation tickets shall be valid only for 90-days from date of purchase after which time the ticket shall not be accepted for passage. Washington state ferries shall enter into agreements with banks to sell commutation tickets.

****Tolls collected westbound only.

SUMMER SURCHARGE

A 20% surcharge shall be applied during the summer schedule period (beginning the third Sunday in June and ending the third Saturday in September) to regular, noncommutation auto and oversized vehicle rates only.

PENALTY CHARGES

Owner of vehicle without driver will be assessed a \$50.00 penalty charge.

Overhang on passenger vehicles will be assessed a penalty charge of 10¢ per lineal foot of overhang in addition to regular applicable tolls, except that no charge for overhang will be assessed when overall length of vehicle and overhang is less than twenty feet. A fraction of a foot of overhang in excess of six inches will be counted as one foot in assessment of charge for overhang.

SPECIAL SCHOOL RATE

School groups when traveling in authorized school vehicles for institution-sponsored activities shall be assessed a flat fee of \$1.00 per vehicles load of students and/or advisors and staff. The flat fee shall be in addition to regular vehicle and drive toll. Private vehicles need letter of authorization.

NOTE: Special school rate is \$2.00 on routes where one-way only toll systems are in effect. Special student Rate not available on Anacortes-Sidney, B.C. route beginning the third Sunday in June and ending the third Saturday in September due to limited space.

WAC 468-300-100 Leases of facilities and facility space. (1) It is hereby declared to be the policy of the department to lease toll and ferry facilities and toll and ferry facility space in excess of current needs where feasible and where such lease will not interfere with the normal functioning or the primary operation of the toll or ferry facility. Such leasing should promote maximum use of the toll or ferry facility and constitute a benefit to the taxpayers of the state.

(2) The department is hereby authorized to lease toll or ferry facility property, and food, drink, amusement machine, and similar concessions for periods of up to five years, (except for the Seattle ferry terminal facilities which may be leased for periods of up to ten years) upon public advertisement for bids as follows:

(a) A call for bids shall be published once a week for at least two consecutive weeks preceding the day set for receiving and opening of bids, in not less than two newspapers, both of general circulation in the state.

In the event that the estimated fair market rental value per year of any lease is less than \$5,000, then the call for bids need be published only in one paper of general circulation in the county where the lease is located.

The final publication shall be at least two days prior to the day set for receiving and opening of bids. The call for bids shall state the time, place and date for receiving and opening bids, give a brief description of the facilities or space to be rented, and contain such special provisions or limitations and specifications as may be necessary to comply with applicable statutes and the policy described above.

(b) Award shall be made to the responsive responsible bidder whose proposal is most advantageous to the state. Factors to be considered in making the award shall include, but not be limited to: (i) The monetary return to the state; (ii) the safety and comfort of the traveling public; (iii) the stability and reliability of the proposed operation; and (iv) the acceptability of the proposed operation with ferry system operational requirements.

WAC 468-300-700 Preferential loading. In order to protect public health, safety and commerce; to encourage more efficient use of the ferry system; and to reduce dependency on the single occupant private automobiles:

(1) Preferential loading privileges on vessels operated by Washington state ferries exempting vehicles from the standard first-come first-serve rule shall be granted, in the order set forth below, to:

(a) Emergency vehicles actually involved in emergency operations;

(b) Vehicles transporting persons with severe illnesses or severe disabilities such that the delay in loading which would otherwise result would cause health risks, undue strain or undue discomfort to those persons;

(c) Public transportation and/or pupil transportation vehicles owned or operated by public or private transportation operators providing transit or charter service under a certificate of public convenience and necessity issued by the utilities and transportation commission of the state of Washington or owned and operated by a local school district or private school system;

(d) Commuter vanpools which are certified in the manner set forth in WAC 468-300-020;

(e) Commuter car pools which shall consist of a minimum number of persons as determined by ferry system management: *Provided*, That such minimum number shall in no case be less than three, and provided further that a formal registration system may be required as determined by ferry system management;

(f) Commercial vehicles traveling on routes where Washington state ferries is the only major access for landbased traffic, provided that the vehicles are carrying wholesale perishable article(s) of commerce to be bought or sold in commercial activity or to be used in the production of other such articles.

(2) Such preferential loading privileges shall be subject to the following conditions:

(a) Privileges shall be granted only where physical facilities are deemed by ferry system management to be adequate to achieve an efficient operation;

(b) Documentation outlining details of travel will be required in advance from all agencies, companies, or individuals requesting such privileges;

(c) Privileges may be limited to specified time periods as determined by ferry system management;

(d) Privileges may require a minimum frequency of travel, as determined by ferry system management.

WAC 468-310-010 General requirements. Contractors desiring to offer bids for the performance of contracts for the construction, improvement or repair of a ferry, ferry terminal, or other facility operated by the Washington state ferries or for the repair, overhaul, or the dry-docking of any ferry operated by Washington state ferries must first be prequalified by the Washington state department of transportation (hereinafter "department") and shall file a standard prequalification questionnaire and financial statement (hereinafter "prequalification questionnaire") using forms furnished by the department. The prequalification questionnaire shall include a report of the financial ability of the contractor, its organization, key personnel, equipment and plant facilities, and experience. Complete answers to all questions and the furnishing of all information as indicated by column headings or otherwise throughout the prequalification questionnaire are an essential part of compliance with these rules. A prequalification questionnaire from a contractor not previously prequalified under these rules, who desires to bid on a project must be received no later than 15 calendar days prior to the bid opening (or such other time as the department may specify with respect to any project) in order to receive consideration for that bid opening. The contractor shall authorize the department to obtain all information which it may deem pertinent with respect to the contractor's financial worth, assets and liabilities, and the adequacy of its performance of contracts performed by the contractor in whole or in part within the preceding three years. The department shall issue a certificate of prequalification to any contractor found to possess the qualifications prescribed.

Prequalification may be established in any calendar quarter and is renewable annually. The information submitted in the prequalification questionnaire will be used to establish the first prequalification, classification and maximum capacity ratings of the contractor for its current fiscal year or remaining portion thereof plus one additional calendar quarter. Thereafter prequalification will be renewed and when appropriate, modified in the first quarter of the contractor's fiscal year for the balance of the fiscal year plus one calendar quarter.

The department shall not make available for public inspection and copying financial information supplied by or on behalf of the contractor for the purpose of qualifying to submit a bid or proposal as provided herein. The foregoing restriction shall not, however, prohibit the department from giving such information in evidence or in pretrial discovery in any court action or administrative hearing involving the department and the contractor.

The department may at any time during which the certificate of prequalification is in effect demand a new prequalification questionnaire and if the same is not provided within sixty days of the date of request, the certificate of prequalification held by the contractor will be considered forfeited and the contractor will not be permitted to bid on contracts let by the department for those classes of ferry system construction or repair enumerated in subsection (8) of section 5 until such a new statement has been received by the department.

If at any time during the valid period of the certificate of prequalification the latest prequalification questionnaire on record with the department ceases to represent fairly and substantially the financial position or the equipment and plant facilities of the contractor to whom the certificate was issued, it shall be the responsibility of that contractor to so notify the department and to refrain from further bidding on ferry system construction or repair contracts until his prequalification has been confirmed or revised. Failure to give such notice will constitute a violation of these rules.

The department reserves the right to require a personal interview with any contractor when considering his qualifications.

[Statutory Authority: 1983 c 133, 83-19-014 (Order 84), § 468-310-010, filed 9/12/83.]

WAC 468-310-020 Contents of standard prequalification questionnaire and financial statement. The standard prequalification questionnaire and financial statement shall be prepared in duplicate. The original shall be transmitted to the assistant secretary for marine transportation and a copy shall be retained by the contractor applicant. The contractor shall provide the following information:

(1) The name, address, phone number, contractor registration number and type of organization (corporation, copartnership, individual, etc.) of the contractor seeking prequalification.

(2) The contract size in dollars and the class or classes of work for which the contractor seeks prequalification (such as vessel dry-docking and hull repairs, vessel electrical repairs, etc.) as enumerated in subsection (8) of WAC 468-310-050.

(3) Ownership of the contractor and if a corporation, the name of the parent corporation (if any) and any affiliated companies or subsidiaries.

(4) An accurate and complete record of the 15 largest contracts in excess of \$10,000 performed by the contractor in whole or in part within the preceding three years both in Washington and elsewhere, including subcontracts, giving the contract amount, the date completed, the class of work, the name, address and phone

number of the owner/agency representative, and any liquidated damages assessed against the contractor by an owner arising out of the performance of the contract.

(5) The principal officers and key employees showing the number of years each engaged in the class or classes of work for which the contractor seeks prequalification. The department may require resumes of the principal officers and key employees of any contractor seeking prequalification certification for work in excess of \$1,000,000.

(6) A contractor applying for prequalification certification to perform work in excess of \$1,000,000 shall provide, in addition to the financial data required by the questionnaire, a copy of its financial statement for its last fiscal year as audited by an independent certified public accountant which shall include comparative balance sheets and income statements, a statement of retained earnings, supporting schedules and notes attached thereto, and the opinion of the independent auditor. The financial statement shall not be more than 12 months old when submitted. Any wholly owned subsidiary corporation may file the latest consolidated financial statement of its parent corporation in lieu of a financial statement prepared solely for such subsidiary providing the financial statement otherwise meets the requirements of the preceding two sentences. If a consolidated financial statement is filed on behalf of a subsidiary corporation, a bid of the subsidiary corporation will be considered only if there is on file with the department a letter from the parent corporation guaranteeing performance by the subsidiary corporation of its contract with the department of transportation in an amount at least equal to the amount of the bid. A letter of guarantee by a parent corporation may cover a specific contract bid by its subsidiary or all contracts bid by its subsidiary within a stated period of time. A contractor requesting prequalification certification to perform work in excess of \$2,000,000 shall submit copies of its audited annual statements for the previous three years.

(7) A list of all major items of equipment to be used in those classes of work for which prequalification certification is requested including the original cost, age, location and condition of such equipment. The schedule shall show whether the equipment is owned, leased or rented. All major items of useful equipment should be listed even though fully depreciated but no obsolete or useless equipment should be included. In the event the contractor seeks prequalification certification to perform work on ferry vessels, the schedule shall also describe plant facilities of the contractor including shipyards, dry docks, repair facilities and other plant facilities.

(8) Such other information as may be required by the prequalification questionnaire.

[Statutory Authority: 1983 c 133, 83-19-014 (Order 84), § 468-310-020, filed 9/12/83.]

WAC 468-310-030 Criteria for determining an unsatisfactory record of performing previous contracts. The department may refuse to prequalify a contractor which it determines has an unsatisfactory record of performing previous contracts. In making such a determination the

department shall consider the record of the contractor in performing any contract in excess of \$10,000 in value performed in whole or in part within the preceding three years in accordance with the following criteria, to wit, whether or not the contractor has with respect to such contract:

- (1) Furnished records, including but not limited to drawings, plans, manuals, and financial records as required by the contract;
- (2) Submitted all drawings and plans to the department for review and approval as required by the contract;
- (3) Fulfilled the requirements of any contractual guarantee or warranty;
- (4) Diligently pursued execution and completion of work or delivery of vessels in accordance with contractual time schedules as modified by extensions of time by the owner;
- (5) Cooperated with the owner in the performance of the contract including providing the owner access to the work for inspection and providing the owner timely notices of tests and trials as required by the contract;
- (6) Performed the contract in a workmanlike manner with adequate quality assurance;
- (7) Otherwise completed the contract in compliance with contract plans and specifications.

[Statutory Authority: 1983 c 133, 83-19-014 (Order 84), § 468-310-030, filed 9/12/83.]

WAC 468-310-040 Criteria for determining an unsatisfactory record of integrity. The department may refuse to prequalify a contractor which it determines has an unsatisfactory record of integrity in the performance of previous contracts or in connection with prequalification or bidding. In making such a determination, the department may consider any of the following as evidence of a lack of integrity:

- (1) Conviction of violating a federal or state antitrust law by bidrigging, collusion, or restraint of competition between bidders, or conviction of violating any other bid-related or contract-related federal or state law. Conviction of a contractor's principal officers and agents of any such offenses will be imputed to the contractor;
- (2) Willful concealment of any deficiency in the performance of a prior contract;
- (3) Falsification of information or submission of deceptive or fraudulent statements in connection with prequalification, bidding, or performance of a contract;
- (4) Debarment of the contractor by a federal or state agency or by a municipal corporation unless the period of the debarment has terminated;
- (5) Default on a previous contract.

[Statutory Authority: 1983 c 133, 83-19-014 (Order 84), § 468-310-040, filed 9/12/83.]

WAC 468-310-050 Classification and capacity rating. (1) Each contractor seeking prequalification under these rules will be classified for one or more of the classes of work listed in subsection 8 of this section and will be given a maximum capacity rating in accordance with its financial ability, the adequacy of its equipment

and plant facilities to perform the class or classes of work for which it has sought prequalification, the extent of the contractor's experience in performing contracts of the class or classes for which prequalification is sought, and the adequacy of the experience and capability of the contractor's officers and key employees in performing contracts of the class or classes for which prequalification is sought. The maximum capacity rating will limit the quantity of uncompleted work which the contractor shall have under contract at any one time either as a prime contractor or a subcontractor.

(2) The maximum capacity rating for a contractor applying for a rating in excess of \$1,000,000 will be ten times the contractor's net worth as determined from the contractor's financial statement. The maximum capacity rating for a contractor applying for a rating in excess of \$50,000 and up to and including \$1,000,000 will be ten times the contractor's net worth as set forth in the standard prequalification questionnaire and financial statement. A properly executed letter of credit from an acceptable financial institution may be considered as an asset increasing the contractor's maximum capacity rating by the amount of the credit, but without the use of a multiplier. The maximum capacity rating for a contractor not submitting an audited financial statement as provided in subsection (6) of WAC 468-310-020 will be \$1,000,000: *Provided*, That in all cases the contractor's maximum capacity rating may be reduced to an amount considered by the department to be within the contractor's actual capacity based upon its organization, personnel, equipment and plant, and experience.

(3) Consideration will be given to raising, by an amount not to exceed 50 per cent, the maximum capacity rating of a contractor who qualifies with respect to actual capacity based upon organization, personnel, equipment and plant facilities, and experience, upon receipt of evidence of a current bonding capacity of such additional amount with a corporate surety. Such evidence shall be in the form of a letter of commitment executed by an officer of the surety who is authorized to bind the surety. Notwithstanding the provisions of this subsection, the maximum capacity rating for a contractor not submitting an audited financial statement as provided in subsection (6) of WAC 468-310-020 will be \$1,000,000.

(4) The certificate of prequalification issued by the department will establish a contractor's maximum capacity rating which will be subject to reduction by the total value of its current uncompleted work regardless of its location and with whom it may be contracted to determine the contractor's bidding capacity at the particular time. This bidding capacity shall be called "current capacity."

(5) In determining the current capacity of a contractor, the deduction for uncompleted work will include work subcontracted from others and the contractor will be given a credit for work sublet to others.

(6) In order that the department may have the necessary information to determine a contractor's current capacity, the contractor shall submit to the department for each contract for which it intends to submit a bid (at the

time it requests a bid or proposal form) a certificate of the contractor's current capacity which will be prepared by it and executed under oath and which will be accompanied and supported by a status of contracts on hand report. In making this certification, the contractor certifies that its current capacity is sufficient to cover the amount of any single contract for which it has submitted a bid.

(7) Notwithstanding the provisions of this section, a contractor will be allowed to submit a bid for an amount up to \$50,000 on a class or classes of work for which it is prequalified without regard to any financial maximum capacity rating or financial current capacity rating: *Provided*, That the contractor's current capacity may be reduced to an amount considered by the department to be within the contractor's actual capacity based upon its organization, personnel, equipment and plant facilities, and experience.

(8)(a) Construction, repair and maintenance work on ferry vessels and main ferry terminal buildings for which prequalification certification under these rules may be granted are classified as follows:

- Class 1 Vessel construction and renovation;
- Class 2 Dry-docking and hull repairs;
- Class 3 Vessel metal fabrication repairs;
- Class 4 Vessel electrical repairs;
- Class 5 Vessel miscellaneous repairs;
- Class 6 New terminal building construction and terminal building major reconstruction and remodeling;
- Class 7 Terminal building renovation and repairs;
- Class 8 Painting (terminal buildings only);
- Class 9 Roofing (terminal buildings only);
- Class 10 Terminal buildings - miscellaneous.

(b) A contractor currently prequalified under RCW 47.28.070 to perform those classes of work required in the construction, improvement and repair of ferry terminal facilities (other than main terminal buildings) will initially be deemed prequalified under these rules to perform such classes of work with the same capacity rating as approved by the department for highway related work.

[Statutory Authority: 1983 c 133. 83-19-014 (Order 84), § 468-310-050, filed 9/12/83.]

WAC 468-310-060 Review of restrictions in prequalification certificate. Any contractor dissatisfied with restrictions on the dollar amount or class of work approved in its prequalification certificate may file a complaint with the assistant secretary for marine transportation together with supporting documentation. The assistant secretary or his designee shall review any such complaint and any data furnished by the contractor and may affirm or modify such restrictions in the prequalification certificate.

[Statutory Authority: 1983 c 133. 83-19-014 (Order 84), § 468-310-060, filed 9/12/83.]

WAC 468-310-070 Joint ventures. The department recognizes two distinct types of joint ventures for prequalification, classified as follows:

[Title 468 WAC—p 92]

(1) Individual project joint venture: An association of two or more prequalified firms formed for the specific purpose of submitting a joint bid on a particular project. The bid of an individual project joint venture will be accepted provided all members of the joint venture are currently prequalified. At least 15 days prior to the date set for opening bids, the members of the joint venture must execute and file with the department, for its approval, a standard form of "individual project statement of joint venture" setting forth the name of the joint venture, the members of the joint venture, the title of the improvement and the names of those authorized to bind the joint venture. (Corporate minutes authorizing the joint venture must accompany the joint venture request for prequalification.)

(2) Continuing joint venture: An association of two or more firms formed for the purpose of submitting joint bids on projects to be let over a period of time. The bids of continuing joint ventures will be accepted if prequalification has been satisfactorily established by the following methods: A standard questionnaire and financial statement combining the assets and liabilities of all members of the venture shall be submitted in the name of the joint venture, together with a photostatic or certified copy of the joint venture agreement. Such agreement shall contain a provision which will unequivocally bind the parties, jointly and severally, to any joint venture contract entered into thereunder. It shall also specify the name under which the joint venture will operate and the names of those authorized to sign proposals, bonds, contracts, estimates and other documents and/or instruments in connection with the department's contracts. Corporate minutes authorizing the joint venture must accompany the joint venture request for prequalification. The department may require such further documentation as it may deem necessary. A continuing joint venture agreement will be executed as follows: An individual member of the joint venture shall sign in his individual capacity showing the name of the firm under which he is doing business. All partners both general and limited of a copartnership shall sign under the name of the copartnership. An authorized officer shall sign on behalf of a corporation with the corporate seal affixed. A certified copy of the resolution of the board of directors adopting the joint venture and authorizing the officer to enter into a joint venture agreement on behalf of the corporation shall accompany the agreement.

[Statutory Authority: 1983 c 133. 83-19-014 (Order 84), § 468-310-070, filed 9/12/83.]

WAC 468-310-080 Nonrenewal and revocation of prequalification certificate. The department may refuse to renew a contractor's prequalification certificate, or may revoke a contractor's prequalification certificate in accordance with the criteria contained in WAC 468-310-030 and 468-310-040. In denying or revoking a contractor's prequalification certificate under this section or under WAC 468-310-030 or 468-310-040, the department shall specify the period of disqualification which shall not exceed three years. At the end of such

period, the contractor may again apply for prequalification as provided in these rules.

[Statutory Authority: 1983 c 133. 83-19-014 (Order 84), § 468-310-080, filed 9/12/83.]

WAC 468-310-090 Notification and opportunity for a hearing. Notification of the department's intent to (1) refuse to prequalify a contractor, (2) refuse to renew a contractor's prequalification certificate, or (3) revoke a contractor's prequalification certificate will be made in writing and will be served upon the contractor by mail, properly addressed with postage prepaid. The intended action set forth in the written notification shall become final unless the contractor serves on the assistant secretary for marine transportation, a written request for a hearing thereon within 10 days after receipt of the notification. Upon receipt of such a request, the department shall afford the contractor a hearing in accordance with chapter 34.04 RCW relating to contested cases.

[Statutory Authority: 1983 c 133. 83-19-014 (Order 84), § 468-310-090, filed 9/12/83.]

WAC 468-310-100 Delegation of authority. The assistant secretary for marine transportation is delegated authority to administer the provisions of chapter 133, Laws of 1981 and chapter 468-310 WAC. The assistant secretary for marine transportation is delegated authority to exercise all powers vested in the secretary of transportation by WAC 468-10-234 relating to the adoption of a final order granting, denying or revoking a prequalification certificate pursuant to chapter 133, Laws of 1983. The assistant secretary for marine transportation may further subdelegate authority to exercise all powers vested in the secretary of transportation by WAC 468-10-234. A person to whom such authority is subdelegated shall be deemed to be the designee of the secretary of transportation as that term is used in WAC 468-10-234.

[Statutory Authority: 1983 c 133. 83-19-014 (Order 84), § 468-310-100, filed 9/12/83.]
