WAC 352-32-030 Camping. (1) Camping facilities of the state parks within the Washington state parks and recreation commission system are designed and administered specifically to provide recreational opportunities for park visitors. Use of park facilities for purposes which are of a nonrecreational nature, such as long-term residency at park facilities, obstructs opportunities for recreational use, and is inconsistent with the purposes for which those facilities were designed.

No person or camping unit may use any state park facility for residence purposes, as defined (WAC 352-32-010(16)).

(2) No person shall camp in any state park area except in areas specifically designated and/or marked for that purpose or as directed by a ranger.

(3) Occupants shall vacate camping facilities by removing their personal property therefrom prior to 3:00 p.m., (or other appropriate, established time in parks where camping is reserved) if the applicable camping fee has not been paid or if the time limit for occupancy of the campsite has expired or the site is reserved by another party. Remaining in a campsite beyond the established checkout time shall subject the occupant to the payment of an additional camping fee.

(4) Use of utility campsites by tent campers shall be subject to payment of the utility campsite fee except when otherwise specified by a ranger.

(5) A campsite is considered occupied when it is being used for purposes of camping by a person or persons who have paid the camping fee within the applicable time limits or when it has been reserved through the appropriate procedures of the reservation system. No person shall take or attempt to take possession of a campsite when it is being occupied by another party, or when informed by a ranger that such site is occupied, or when the site is posted with a "reserved" sign. In the case of a reserved site, a person holding a valid reservation for that specific site may occupy it according to the rules relating to the reservation system for that park. In order to afford the public the greatest possible use of the state park system on a fair and equal basis, campsites in those parks not on the state park reservation system will be available on a first-come, first-serve basis. No person shall hold or attempt to hold campsite(s), for another camping unit for present or future camping dates, except as prescribed for multiple campsites. Any site occupied by a camping unit must be actively utilized for camping purposes.

(6) One person may register for one or more sites within a multiple campsite by paying the multiple campsite fee (WAC 352-32-250(6)). Registration preference will be given to multiple camping units who want to use multiple sites. An individual may register and hold a multiple campsite for occupancy on the same day by other camping units. Multiple campsites in designated reservation parks are reservable under the reservation system.

(7) In order to afford the general public the greatest possible use of the state park system, on a fair and equal basis, and to prevent residential use, continuous occupancy of facilities by the same camping unit shall be limited to ten consecutive nights in one park, after which the camping unit must vacate the site for three consecutive nights, May 1 through September 30, not to exceed twenty days in a thirty-day time period; and fifteen consecutive nights in one park, after which the camping unit must vacate the site for three consecutive nights, October 1 through April 30, not to exceed thirty days in a sixty-day time period. This limitation shall not apply to those individuals who meet the qualifications of WAC 352-32-280 and 352-32-285.

(8) Only one camping unit with a maximum of eight people shall be permitted at a campsite, unless otherwise authorized by a ranger. The number of vehicles occupying a campsite shall be limited to one car or one recreational vehicle: *Provided*, That one additional vehicle without built-in sleeping accommodations may occupy a designated campsite when in the judgment of a ranger the constructed facilities so warrant. The number of tents allowed at each campsite shall be limited to the number that will fit on the designated or developed tent pad as determined by a ranger.

(9) Persons traveling by bicycles, motor bikes or other similar modes of transportation and utilizing campsites

shall be limited to eight persons per site, provided no more than four motorcycles shall occupy a campsite.

(10) All persons camping in organized groups shall use designated group camp areas unless otherwise directed by a ranger and shall pay the applicable group camping fee.

A group can be any formalized group or an organized collection of families wishing to camp together.

Group camping areas may be reserved in advance through contact with the local ranger. Any group must have a leader who has reached the age of majority who will be required to read and sign a "Group use permit and regulation form."

(11) Emergency camping areas set aside in certain state parks may be used only when all designated campsites are full but may not be used prior to 9:00 p.m. Persons using emergency areas must pay the standard campsite fee and must vacate the site by 8:00 the following morning.

[Statutory Authority: RCW 43.51.040 and 43.51.060. 87-08-008 (Order 100), § 352-32-030, filed 3/23/87, effective 5/15/87; 86-06-020 (Order 91), § 352-32-030, filed 2/25/86; 83-09-031 (Resolution No. 67), § 352-32-030, filed 4/15/83; 82-09-035 (Order 60), § 352-32-030, filed 4/14/82; 81-09-034 (Order 50), § 352-32-030, filed 4/14/81; 80-05-007 (Order 45), § 352-32-030, filed 4/4/80. (2) The period during which campsites may be reserved is from the Friday before Memorial Day through Labor Day.

(3) Reservation requests can only be made for camping dates within the current calendar year.

(4) Requests for reservations may be made in writing and must be postmarked a minimum of fourteen days in advance of the first camping night requested. Written reservation requests postmarked on or after January 1 will be accepted; reservation requests postmarked prior to January 1 will be returned. Accepted reservation requests will be processed in order of arrival up to fourteen days in advance of Labor Day.

(5) Reservations may be made in person on or after April 1 at the park where camping is to occur.

(6) There will be a \$4.00 nonrefundable fee charged for each reservation made at each park, in addition to the standard campsite fee, regardless of the number of days reserved. Payment of the nonrefundable reservation fee and first night's camping fee must accompany the reservation request.

(7) Recreation, camping and reservation information may be obtained by calling the campsite information center on the toll-free telephone number established for that purpose. No reservation may be made by telephone.

(8) No individual may reserve a campsite in more than one state park, for one or more of the same days.

(9) Reservations for a specific campsite within a park will not be guaranteed.

(10) Campsites which have not been reserved may be used on a first-come-first-served basis without paying a reservation fee, if the site is occupied immediately.

(11) A raincheck will be issued for the camping fee paid for any confirmed reservation which is not used, provided a cancellation request is made by calling the campsite information center or the park in which the site is reserved, no less than twenty-four hours in advance of the first day of the reservation, or in writing to the park, postmarked seven days in advance of the first day of the reservation. Rainchecks will be valid for one year from the date of issue, and may be used toward camping fees in any state park, or may accompany a subsequent reservation request in lieu of payment for the first night's camping fee.

(12) Campers will be declared no-show and forfeit their reservation as well as the reservation fee and the first night's camping fee if they have not cancelled or if the reservation is not claimed by 9:00 p.m. After this time, the site may be reassigned, unless late arrival arrangements are made with the park by telephone between the hours of 7:00 p.m. and 9:00 p.m. on the day of arrival.

(2) An application for such a permit may be submitted on such forms as may be provided by the commission, or in any written form so long as the permit application sets forth the following:

(a) Name, address and phone number of the applicant;

(b) Date, time, duration, nature and place of the proposed event, including a description or schedule of events and activities;

(c) Estimate of the number of persons expected to attend including the basis for the estimate;

(d) Special equipment, including temporary structures such as speakers' stands, platforms, lecterns, chairs, benches or the like, and any sound amplification equipment to be used in connection with the event;

(f) Crowd control to be provided by the event sponsor;

(g) Designation of a responsible contact individual with whom park officials may coordinate event activities, plans and preparations.

(3) The equipment and facilities referenced in subsection (2)(d) and (e), of this section, are to be provided by the event sponsor, unless other mutually satisfactory arrangements are made to use locally available commission owned equipment and facilities.

(4) The applicant must supply satisfactory evidence of arrangements for such equipment, facilities, and crowd control.

(5) The applicant must submit a completed environmental checklist along with the application. Environmental checklists are available at libraries, city planning offices, state parks, and similar outlets. Upon request, the agency will assist the applicant in completing the environmental checklist.

(6) It is recommended that permit applications be submitted at least fifteen days in advance of the proposed event so that the information supplied in the application may be verified and so that the agency can notify and coordinate action with officials of other jurisdictions and agencies responsible for health, safety and welfare.

(7) The permit application must be submitted along with a ten-dollar nonrefundable permit fee to the director of the Washington State Parks and Recreation Commission, 7150 Cleanwater Lane, Olympia, Washington 98504. (8) All permit applications shall be deemed granted if not denied or otherwise conditioned or limited as herein specified, and the applicant advised of such action by written notification mailed, first-class postage prepaid, within ten days of receipt of the application. The granting of this permit does not exempt the applicant from complying with other state, county or local permit requirements nor does it excuse compliance with the State Environmental Policy Act, where applicable. A threshold determination will be made by the agency to determine potential environmental impact. Applicants should be aware that timelines may exist under the state Environmental Policy Act and implementing regulations which are independent of this permit requirement.

(9) All permit denials will be in writing, will contain a statement of the specific reasons for the denial, and will advise the applicants of the right to request judicial review of the denial as provided in subsection (11) of this section.

(10) A permit issued by the director may contain such conditions as are reasonably consistent with protection and use of the park area for the purposes for which it is

maintained. It may also contain reasonable limitations on the time and area within which the event is permitted.

(11) Applicants whose permit application is denied may in writing request that the commission seek judicial review of the denial, in which event the commission shall timely seek a declaratory judgment pursuant to the Uniform Declaratory Judgment Act, chapter 7.24 RCW, and Superior Court Rule 57, in the superior court for Thurston County.
