The notice shall state the time and place for taking the deposition, the name and address of each person to be examined, if known, and if the name is not known a general description sufficient to identify him or the particular class or group to which he belongs. On motion of a party upon whom the notice is served, the hearing officer or board may for cause shown, enlarge or shorten the time. If the parties so stipulate in writing, depositions may be taken before any person, at any time or place, upon any notice, and in any manner and when so taken may be used as other depositions.

[Order II, § 446-08-260, filed 11/22/74.]

WAC 446-08-270 Protection of parties and deponents. After notice is served for taking a deposition, upon its own motion or upon motion reasonably made by any party or by the person to be examined and upon notice and for good cause shown, the hearing officer or board may make an order that the deposition shall not be taken, or that it may be taken only at some designated place other than that stated in the notice, or that it may be taken only on written interrogatories, or that certain

matters shall not be inquired into, or that the scope of the examination shall be limited to certain matters, or that the examination shall be held with no one present except the parties to the action and their officers or counsel, or that after being sealed, the deposition shall be opened only by order of the hearing officer or board or that business secrets or secret processes, developments, or research need not be disclosed or that the parties shall simultaneously file specified documents, or information enclosed in sealed envelopes to be opened as directed by the hearing officer or board or the hearing officer or board may make any other order which justice requires to protect the party or witness from annoyance, embarrassment or oppression. At any time during the taking of the deposition, on motion of any party or of the deponent and upon a showing that the examination is being conducted in bad faith or in such a manner as unreasonably to annoy, embarrass, or oppress the deponent or party, the hearing officer or board may order the officer conducting the examination to cease forthwith from taking the deposition as above provided. If the order made terminates the examination, it shall be resumed thereafter only upon the order of the hearing officer or board. Upon demand of the objecting party or deponent, the taking of the deposition shall be suspended for the time necessary to make a motion for an order.

[Order II, § 446-08-270, filed 11/22/74.]

WAC 446-08-280 Oral examination and cross-examination. Examination and cross-examination shall proceed as at an oral hearing. In lieu of participating in the oral examination, any party served with notice of taking a deposition may transmit written cross interrogatories to the deposing officer who, without first disclosing them to any person, and after the direct testimony is complete, shall propound them seriatim to the deponent and record or cause the answers to be recorded verbatim.

[Order II, § 446-08-280, filed 11/22/74.]

WAC 446-08-290 Recordation. The officer before whom the deposition is to be taken shall put the witness on oath and shall personally or by someone acting under his direction and in his presence, record the testimony by typewriter directly or by transcription from stenographic notes, tape or record recorders, which record shall separately and consecutively number each interrogatory. Objections to the notice, qualifications of the officer taking the deposition, or to the manner of taking it, or to the evidence presented or to the conduct of the deposing officer, or of any party, shall be noted by the officer upon the deposition. All objections by any party not so made are waived.

WAC 446-08-300 Signing attestation and return. (1) When the testimony is fully transcribed, the deposition shall be submitted to the witness for examination and shall be read to or by him. Unless such examination

and reading are waived by the witness and by the parties. Any changes in form or substance which the witness desires to make shall be entered upon the deposition by the officer with a statement of the reasons given by the witness for making them. The deposition shall then be signed by the witness, unless the parties by stipulation waive the signing or the witness is ill or cannot be found or refuses to sign. If the deposition is not signed by the witness, the officer shall sign it and state on the record the fact of the waiver or of the illness or absence of the witness or the fact of the refusal to sign together with the reason, if any, given therefor; and the deposition may then be used as fully as though signed, unless on a motion to suppress, the hearing officer or board holds that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

(2) The officer shall certify on the deposition that the witness was duly sworn by him and that the deposition is a true record of the testimony given by the witness. He shall then securely seal the deposition in an envelope endorsed with the title of the proceeding and marked "Deposition of (here insert name of witness)" and shall promptly send it by registered or certified mail to the hearing officer or board for filing. The party taking the deposition shall give prompt notice of its filing to all other parties. Upon payment of reasonable charges therefore, the officer shall furnish a copy of the deposition to any party or to the deponent.

[Order II, § 446-08-300, filed 11/22/74.]

WAC 446-08-310 Use and effect. Subject to rulings by the hearing officer or board upon objections, a deposition taken and filed as provided in this rule will not become a part of the record in the proceeding until received in evidence by the hearing officer upon his own motion or the motion of any party. Except by agreement of the parties or ruling of the hearing officer or board, a deposition will be received only in its entirety. A party does not make a party, or the privy of a party, or any hostile witness his witness by taking his deposition. Any party may rebut any relevant evidence contained in a deposition whether introduced by him or any other party.

[Order II, § 446-08-310, filed 11/22/74.]

WAC 446-08-320 Fees of officers and deponents. Deponents whose depositions are taken and the officers taking the same shall be entitled to the same fees as are paid for like services in the superior courts of the state of Washington, which fees shall be paid by the party at whose instance the depositions are taken.

[Order II, § 446-08-320, filed 11/22/74.]

WAC 446-08-330 Depositions upon interrogatories--Submission of interrogatories. Where the deposition is taken upon written interrogatories, the party offering the testimony shall separately and consecutively number each interrogatory and file and serve them with a notice stating the name and address of the person who is to answer them and the name or descriptive title and

address of the officer before whom they are to be taken. Within ten days thereafter a party so served may serve cross-interrogatories upon the party proposing to take the deposition. Within five days thereafter, the latter may serve redirect interrogatories upon the party who served cross-interrogatories.

[Order II, § 446-08-330, filed 11/22/74.]

WAC 446-08-340 Interrogation. Where the interrogatories are forwarded to an officer authorized to administer oaths as provided in WAC 446-08-250, the officer taking the same after duly swearing the deponent shall read to him seriatim, one interrogatory at a time and cause the same and the answer thereto to be recorded before the succeeding interrogatory is asked. No one except the deponent, the officer and the court reporter or stenographer recording and transcribing it shall be present during the interrogation.

[Order II, § 446-08-340, filed 11/22/74.]

WAC 446-08-350 Attestation and return. The officer before whom interrogatories are verified or answered shall (1) certify under his official signature and seal that the deponent was duly sworn by him, that the interrogatories and answers are a true record of the deponent's testimony, that no one except deponent, the officer and the stenographer were present during the taking, and that neither he nor the stenographer, to his knowledge, is a party, privy to a party, or interested in the event of the proceedings, and (2) promptly send by registered or certified mail the original copy of the deposition and exhibits with his attestation to the agency, or its designated hearing officer, one copy to the counsel who submitted the interrogatories and another copy to the deponent.

[Order II, § 446-08-350, filed 11/22/74.]

WAC 446-08-360 Provisions of deposition rule. In all other respects, depositions upon interrogatories shall be governed by the previous deposition rule.

(6) **Statement.** Where an initial or final decision of the hearing officer or board rests in whole or in part upon official notice of a material fact, such fact shall be clearly and precisely stated in such decision. In determining whether to take official notice of material facts, the hearing officer or board may consult any source of pertinent information, whether or not furnished as it may be, by any party and whether or not admissible under the rules of evidence;

(7) **Controversion.** Any party may controvert a request or a suggestion that official notice of a material fact be taken at the time the same is made if it be made orally, or by a pleading reply or brief in response to the pleading or brief or notice in which the same is made or suggested. If any decision is stated to rest in whole or in part upon official notice of a material fact which the parties have not had a prior opportunity to controvert, any party may controvert such fact by appropriate exceptions if such notice be taken in an initial or intermediate decision or by a petition for reconsideration if notice of such fact be taken in a final report. Such controversion shall concisely and clearly set forth the sources, authority and other data relied upon to show the existence or nonexistence of the material fact assumed or denied in the decision;

WAC 446-20-010 General applicability. The regulations in this chapter shall apply to state and local criminal justice agencies in the state of Washington that collect and maintain or disseminate criminal history record information. The regulations shall also apply to criminal justice or other agencies outside the jurisdiction of the state of Washington for the purpose of the dissemination of criminal history record information to other agencies by state of Washington criminal justice agencies. The provisions of chapter 10.97 RCW do not generally apply to the courts and court record keeping agencies. The courts and court record keeping agencies have the right to request and receive criminal history record information from criminal justice agencies. The regulations are intended to cover all criminal justice records systems that contain criminal history record information, whether the systems are manual or automated. Chapter 10.97 RCW defines the rights and privileges relating to criminal history record information and should not be interpreted to redefine or amend rights or

privileges relevant to any other kinds of records or information.

[Statutory Authority: RCW 10.97.080 and 10.97.090. 80-08-057 (Order 80-2), § 446-20-010, filed 7/1/80.]

[Statutory Authority: RCW 43.43.838 and 1987 c 486 § 5. 88-07-066 (Order 88-03-A), § 446-20-020, filed 3/17/88. Statutory Authority: RCW 10.97.080 and 10.97.090. 80-08-057 (Order 80-2), § 446-20-020, filed 7/1/80.]

WAC 446-20-030 Convictions under appeal or review. A conviction followed by an appeal or other court review may be treated as conviction information or as information pertaining to an incident for which a subject is currently being processed by the criminal justice system until such time as the conviction is reversed, vacated, or otherwise overturned by a court; but, notations of pending appeals or other court review shall be included as a part of a person's criminal record if the agency disseminating the record has received written confirmation of such proceedings from the court.

(4) Visual examination only shall be permitted of such information unless the individual asserts his belief that criminal history record information concerning him is inaccurate, or incomplete; and unless he requests correction or completion of the information on a form furnished by the criminal justice agency, or requests expungement pursuant to RCW 10.97.060. Retention or reproduction of nonconviction data is authorized only when it is the subject of challenge.

[Statutory Authority: RCW 10.97.080 and 10.97.090. 80-08-057 (Order 80-2), § 446-20-130, filed 7/1/80.]

WAC 446-20-140 Challenge--Agency to make determination. The agency which initiated the criminal history record information being challenged shall:

(1) The originating agency must send information correcting the previously incorrect information to all agencies and persons to which the previously incorrect information was disseminated by the originating agency. This obligation shall be limited to disseminations made within one year of the date on which the challenge was initiated.

(2) Any criminal justice agency maintaining criminal history record information within the state shall adopt a procedure which, when significant information in a criminal history record maintained on an individual is determined to be inaccurate, leads to the dissemination of corrected information to every agency and person(s) to which the prior erroneous information was disseminated within the preceding one year.

[Statutory Authority: RCW 10.97.080 and 10.97.090. 80-08-057 (Order 80-2), § 446-20-150, filed 7/1/80.]

WAC 446-20-170 Secondary dissemination. (1) Criminal justice agencies that receive state rap sheets from the identification section of the Washington state patrol may disseminate them further, "but only to the same extent to which the identification section itself would be authorized to make a dissemination in the first instance." Nonconviction data based on an incident that arose in the jurisdiction of that agency about to make the dissemination is not subject to this restriction, if the agency is otherwise authorized to disseminate such information.

(2) Noncriminal justice agencies certified to receive criminal history record information from whatever source may use it only for the specific purpose for which the agency is certified and shall not disseminate it further.

(3) Use of criminal history record information contrary to chapter 10.97 RCW or chapter 446-20 WAC may result in suspension or cancellation of certification.

[Statutory Authority: RCW 10.97.080 and 10.97.090. 80-08-057 (Order 80-2), § 446-20-170, filed 7/1/80.]

WAC 446-20-180 Dissemination pursuant to contract for services. (1) Criminal history record information which includes nonconviction data may be disseminated pursuant to a contract to provide services, as set forth in RCW 10.97.050(5). The contract must contain provisions giving notice to the individual or agency to which the information is to be disseminated that the use of such information is subject to the provisions of chapter 10.97 RCW and these regulations, and federal statutes and regulations, which shall be cited with express reference to the penalties provided for a violation thereof.

(2) When a criminal justice agency uses an information system containing criminal history record information that is controlled and managed by a noncriminal justice agency, the noncriminal justice agency may disseminate criminal history record information only as authorized by the criminal justice agency. Authorization shall be established in a contract between the criminal justice agency and the noncriminal justice agency providing the management service or support. Any criminal justice agency entering a contract with a noncriminal justice agency shall require that the noncriminal justice

agency and personnel who utilize criminal history record information, meet the same physical security and personnel standards as set forth by the Washington state patrol under RCW 10.97.090.

All programs, tapes, source documents, listings, and other developmental or related data processing information containing or permitting any person to gain access to criminal history record information, and all personnel involved in the development, maintenance, or operation of an automated information system containing criminal history record information, are subject to the requirements of RCW 10.97.050(5) and these regulations. A statement to this effect shall be included in the contract.

The contract for support services shall be substantially similar to that set forth in WAC 446-20-440.

[Statutory Authority: RCW 10.97.080 and 10.97.090. 80-08-057 (Order 80-2), § 446-20-180, filed 7/1/80.]

WAC 446-20-190 Dissemination--Research purposes. WAC 446-20-200 Disclosure to assist victim. A criminal justice agency may, but need not, disclose investigative information to "persons who have suffered physical loss, property damage, or injury compensable through civil action" as contemplated by RCW 10.97.070. Disclosure may be made to the apparent victim; an attorney, parent or guardian acting for the victim or an executor or administrator of an estate of a decedent victim; an authorized agent of the victim; another law enforcement or criminal justice agency making inquiry on behalf of the victim; and/or, upon an appropriate showing, an indemnitor, assignee, insurer, or subrogee of the victim. Written capacity to act on behalf of the victim may be required by the agency. Investigative information which ". . . may be of assistance to the victim in obtaining civil redress" may include but is not limited to:

(1) The name, address, and other location information about a suspect, witness, and in the event of a juvenile, the suspect's parent or guardian;

(2) Copies of the incident report; and in person review of documents, photographs, statements, and other materials collected in the course of an investigation;

(3) The location of, and identity of receivers and custodians of stolen property and of property recovered as lost and found property;

(4) The progress of proceedings arising from the incident and the disposition of any prosecution or other action.

An agency making a disclosure is not expected to evaluate the merits of a victim's claim for civil relief. Disclosure merely indicates the information has been received and the agency reasonably believes the information may be useful to the recipient in seeking civil

redress. Disclosure does not constitute an opinion or comment upon the existence or merits of a claim and it does *not* vouch for the accuracy or completeness of the information.

Disclosures made to victims under the authority of RCW 10.97.070 shall be considered in conjunction with RCW 42.17.310, The Public Disclosure Act (exemptions), chapter 46.52 RCW (Confidentiality of accident reports and statements), civil and criminal court rules governing discovery and other state and federal laws.

Criminal justice agencies are advised to consult with their own legal counsel in implementing the dissemination authorization of RCW 10.97.070.

[Statutory Authority: RCW 10.97.080 and 10.97.090. 80-08-057 (Order 80-2), § 446-20-200, filed 7/1/80.]

WAC 446-20-210 Protection from accidental loss or injury. Criminal justice agencies (hereinafter, agency(s)) and noncriminal justice contractors, (hereinafter, contractor(s)) which collect, retrieve, and/or store and disseminate criminal history record information in manual and automated systems, shall institute procedures for the protection of criminal history record information from environmental hazards, including fire, flood, power failure, or other natural or man-made disasters, or in accordance with local fire, safety, and building codes.

[Statutory Authority: RCW 10.97.080 and 10.97.090. 80-08-057 (Order 80-2), § 446-20-210, filed 7/1/80.]

WAC 446-20-220 Protection against unauthorized access. Criminal history record systems, whether dedicated to criminal justice purposes, or shared, will be designed and operated in accordance with procedures which will assure that:

(1) Access to criminal history record information facilities and system operating areas (whether for computerized or manual systems) and the content of data files and systems documentation, will be restricted to authorized personnel. These procedures may include use of guards, keys, badges, passwords, sign-in logs, or similar safeguards.

(3) The hearing officer, after having heard all pertinent evidence submitted to him, shall make written findings of fact based on the evidence and written conclusions based on his findings and applicable law in accordance with WAC 446-08-410. The findings and conclusions of the hearing officer shall be served on all parties to the hearing within fifteen days of the close of the hearing. If a decision adverse to an interested party is made, no disposition shall be made of the property until after thirty days following service of the hearing officer's decision, or until expiration of any stay of disposition granted by the hearing officer or court of competent jurisdiction, whichever date comes last.

(4) Upon application to the hearing officer by any interested party aggrieved by the decision for a stay of disposition in any matter in which an appeal has been filed, the hearing officer shall stay his order of disposition pending the outcome of the appeal to a court of competent jurisdiction.

(3) A private carrier may require any person who presents a license or certificate as equivalent to the road test to take a road test or any other test of his driving skill as a condition to his employment as a driver.

[Statutory Authority: RCW 46.73.010 and 46.73.020. 86-08-067 (Order 446-86-1), § 446-55-130, filed 4/1/86.]

(4) Prior to, and during, the examination, the person who takes it shall be permitted to examine and consult a copy of the Federal Motor Carrier Safety Regulations, chapter III, subchapter B, parts 390 through 397, in addition to any other material explaining the provisions of those regulations that the private carrier may provide. However, a person who is being examined with a view to employment as the driver of a motor vehicle which will not transport hazardous materials of a type or quantity that requires the vehicle to be marked

or placarded in accordance with part number 177.823 of the Code of Federal Regulations need not answer questions 58 through 66, inclusive. The questions given during the examination must be the same questions as those in WAC 446-55-150.

(6) After the examinee completes the examination, the person who administered it shall advise him of the correct answers to any questions he failed to answer correctly. The private carrier may also provide the examinee with such additional instruction in the pertinent regulations as appears to be warranted on the basis of his performance on the examination.

WAC 446-55-150 Examination format. The following examination format and answer key shall be utilized for written testing as provided by WAC 446-55-140.

All of the questions contained herein are based on the United States Department of Transportation's Federal Motor Carrier Safety Regulations. Applicants for the position of private carrier driver are required to take the examination.

Each question has four answers but only one is right. Your job is to read all of the answers and then to pick the one answer you believe is right. Mark an "X" in the space next to the answer you choose. Do not pick more than one answer for each question.

Here is a sample question to show you what is to be done:

The Federal Motor Carrier Safety Regulations were written for:

1. () vehicle makers.
2. () drivers only.
3. () carriers only.
4. () drivers and carriers.

The right answer is number 4, "drivers and carriers," so you would mark an "X" in the space next to answer number 4.

Finally, be sure to answer every question and do not skip any pages. Keep in mind that most of the regulations covered here apply to commercial bus and truck drivers and are different from what is required of passenger car drivers. Again, pick only one answer for each question. There is no time limit on the examination, but try to work as fast as you can.

1. Section 390.32 A motor carrier who is also a driver (owner-operator):

1. () is not covered by the safety regulations.
2. () must obey only those parts of the regulations which cover drivers.

(2) A licensed optometrist may perform so much of the medical examination as pertains to visual acuity, field of vision, and the ability to recognize colors as specified in WAC 446-55-170 (2)(j).

(3) The medical examination shall be performed, and its results shall be recorded, substantially in accordance with the following instructions and examination form:

INSTRUCTIONS FOR PERFORMING AND RECORDING PHYSICAL EXAMINATIONS

The examining physician should review these instructions before performing the physical examination. Answer each question yes or no where appropriate.

The examining physician should be aware of the rigorous physical demands and mental and emotional responsibilities placed on the driver of a private motor vehicle. In the interest of public safety the examining physician is required to certify that the driver does not have any physical, mental, or organic defect of such a nature as to affect the driver's ability to operate safely a private motor vehicle.

General information. The purpose of this history and physical examination is to detect the presence of physical, mental, or organic defects of such a character and

extent as to affect the applicant's ability to operate a motor vehicle safely. The examination should be made carefully and at least as complete as indicated by the attached form. History of certain defects may be cause for rejection or indicate the need for making certain laboratory tests or a further, and more stringent, examination. Defects may be recorded which do not, because of their character or degree, indicate that certification of physical fitness should be denied. However, these defects should be discussed with the applicant and he should be advised to take the necessary steps to insure correction, particularly of those which, if neglected, might lead to a condition likely to affect his ability to drive safely.

General appearance and development. Note marked overweight. Note any posture defect, perceptible limp, tremor, or other defects that might be caused by alcoholism, thyroid intoxication, or other illnesses.

Head—eyes. When other than the Snellen chart is used, the results of such test must be expressed in values comparable to the standard Snellen test. If the applicant wears corrective lenses, these should be worn while applicant's visual acuity is being tested. If appropriate, indicate on the Medical Examiner's Certificate by checking the box, "Qualified only when wearing corrective lenses." In recording distance vision use 20 feet as normal. Report all vision as a fraction with 20 as numerator and the smallest type read at 20 feet as denominator. Note ptosis, discharge, visual fields, ocular muscle imbalance, color blindness, corneal scar, exophthalmos, or strabismus, uncorrected by corrective lenses. If the driver habitually wears contact lenses, or intends to do so while driving, there should be sufficient evidence to indicate that he has good tolerance and is well adapted to their use. The use of contact lenses should be noted on the record.

Ears. Note evidence of mastoid or middle ear disease, discharge, symptoms of aural vertigo, or Meniere's Syndrome. When recording hearing, record distance from patient at which a forced whispered voice can first be heard. If audiometer is used to test hearing, record decibel loss at 500 Hz, 1,000 Hz, and 2,000 Hz.

Throat. Note evidence of disease, irremediable deformities of the throat likely to interfere with eating or breathing, or any laryngeal condition which could interfere with the safe operation of a motor vehicle.

Thorax—heart. Stethoscopic examination is required. Note murmurs and arrhythmias, and any past or present history of cardiovascular disease, of a variety known to be accompanied by syncope, dyspnea, collapse, enlarged heart, or congestive heart failures. Electrocardiogram is required when findings so indicate.

Blood pressure. Record with either spring or mercury column type of sphygmomanometer. If the blood pressure is consistently above 160/90 mm. Hg., further tests may be necessary to determine whether the driver is qualified to operate a motor vehicle.

Lungs. If any lung disease is detected, state whether active or arrested; if arrested, your opinion as to how long it has been quiescent.

Gastrointestinal system. Note any diseases of the gastrointestinal system.

Abdomen. Note wounds, injuries, scars, or weakness of muscles of abdominal walls sufficient to interfere with normal function. Any hernia should be noted if present. State how long and if adequately contained by truss.

Abnormal masses. If present, note location, if tender, and whether or not applicant knows how long they have been present. If the diagnosis suggests that the condition might interfere with the control and safe operation of a motor vehicle, more stringent tests must be made before the applicant can be certified.

Tenderness. When noted, state where most pronounced, and suspected cause. If the diagnosis suggests that the condition might interfere with the control and safe operation of a motor vehicle, more stringent tests must be made before the applicant can be certified.

Genito—urinary. Urinalysis is required. Acute infections of the genito—urinary tract, as defined by local and state public health laws, indications from urinalysis of uncontrolled diabetes, symptomatic albumin—urea in the urine, or other findings indicative of health conditions likely to interfere with the control and safe operation of a motor vehicle, will disqualify an applicant from operating a motor vehicle.

Neurological. If positive Romberg is reported, indicate degrees of impairment. Pupillary reflexes should be reported for both light and accommodation. Knee jerks are to be reported absent only when not obtainable upon reinforcement and as increased when foot is actually lifted from the floor following a light blow on the patella, sensory vibratory and positional abnormalities should be noted.

Extremities. Carefully examine upper and lower extremities. Record the loss of impairment of a leg, foot, toe, arm, hand, or fingers. Note any and all deformities, the presence of atrophy, semiparalysis or paralysis, or varicose veins. If a hand or finger deformity exists, determine whether sufficient grasp is present to enable the driver to secure and maintain a grip on the steering wheel. If a leg deformity exists, determine whether sufficient mobility and strength exist to enable the driver to operate pedals properly. Particular attention should be given to and a record should be made of, any impairment or structural defect which may interfere with the driver's ability to operate a motor vehicle safely.

Spine. Note deformities, limitation of motion, or any history of pain, injuries, or disease, past or presently experienced in the cervical or lumbar spine region. If findings so dictate, radiologic and other examinations should be used to diagnose congenital or acquired defects; or spondylolisthesis and scoliosis.

Recto—genital studies. Diseases or conditions causing discomfort should be evaluated carefully to determine the extent to which the condition might be handicapping while lifting, pulling, or during periods of prolonged driving that might be necessary as part of the driver's duties.

Laboratory and other special findings. Urinalysis is required, as well as such other tests as the medical history or findings upon physical examination may indicate are necessary. A serological test is required if the applicant has a history of luetic infection or present physical

findings indicate the possibility of latent syphilis. Other studies deemed advisable may be ordered by the examining physician.

Diabetes. If mild diabetes is noted at the time of examination and it is stabilized by use of a hypoglycemic drug and a diet that can be obtained while the driver is on duty, it should not be considered disqualifying. However, the driver must remain under adequate medical supervision.

The physician must date and sign his findings upon completion of the examination.

The rules contained in this section are promulgated as a result of the authority granted the Washington state patrol by RCW 43.43.340 as amended by chapter 365, Laws of 1985. These laws provide that the Washington state patrol shall adopt rules consistent with the provisions of the chapter regarding the procedures to be followed in complying with affirmative action measures in promotion of Washington state patrol officers to the ranks of RCW sergeant and lieutenant. It further requires the development and implementation of state patrol affirmative action goals and timetables in this regard and that the patrol monitor and report the progress made in attaining the goals and timetables as outlined.

Goals shall be established from the state patrol's qualified available work force for RCW sergeants and lieutenants. Timetables for achieving these goals will be calculated by measuring turnover rate, new positions, and other relevant factors.

WAC 446-70-080 RCW 43.43.340 supplemental (plus 3) referrals. For each sergeant or lieutenant vacancy to be filled by promotion, the affirmative action plan will be reviewed. When it is determined under the approved formula established in the patrol's affirmative action plan that a protected group is underutilized, names of qualified protected group members will be referred to the chief for promotional consideration in accord with the plus 3 provision of RCW 43.43.340. Referrals shall be by:

(1) The top five names on the eligibility list will be referred regardless of their membership in a protected group.

(2) Only those protected group members who have qualified and have been placed on the eligibility promotional register for either RCW sergeant or lieutenant shall be considered for inclusion in the plus 3 referral.

(3) As promotional opportunities occur, the protected group which is most underutilized in the particular rank shall be determined and members of this group shall be first to be considered for inclusion in the plus 3 referral.

(4) If there is no sufficient number of members of the most underutilized protected group on the eligibility list to refer three members thereof for promotional consideration in accord with the plus 3 referral, members of the next most underutilized group may be referred, and so on until three names have been obtained to fulfill the requirements of the plus 3 referrals.

(5) All persons of each group included in the plus 3 referral shall be chosen from the eligibility list in the rank order in which they appear on the register.

(6) In accordance with the plus 3 process, under no circumstances will more than three protected group members along with the top five names on the register be referred for any one promotional vacancy.

(7) The same person or persons may be referred under plus 3 for more than one vacancy.

(8) All officers selected for promotion must pass a medical examination and be certified as to physical fitness to perform the duties of the advanced position.
