WAC 232-12-025 Hunts authorized pursuant to RCW 77.12.240. Anyone participating in a director-authorized hunt must conduct themselves in accordance with the following rules:

(1) Black bear

(a) No dogs are permitted out of the vehicle, including on a strikeboard, outside of the designated hunting area. If the bear is started inside a permit area, it may be pursued and killed outside the permit boundaries.

(b) When a bear is taken, the permittee shall skin the entire bear, including head, leaving claws attached, and deliver the hide, together with the first tooth behind the canine tooth on the lower jaw to the regional office. All bear hides taken pursuant to a black bear damage permit shall be disposed of as prescribed in RCW 77.12.240.

(c) Within 5 days after expiration of a black bear permit, the permittee shall return to the respective region a bear hunting report and the windshield identification cards. Failure to comply with this provision shall constitute ineligibility for the next year's black bear damage permit drawings.

(d) The permittee shall abide by all conditions as set forth on the black bear damage permit. Failure to comply with these hunting conditions shall constitute a violation of RCW 77.16.020(1) (Hunting bear during closed season).

(2) Deer and elk.

(a) Only persons with a damage permit are allowed to hunt and take one deer or one elk as designated on their damage control permit.

(b) If a hunter takes an animal of the same species during an earlier hunt, that person will be ineligible for a damage hunt permit.

(c) Deer and elk damage control hunts will be antlerless only unless specified either sex on the damage permit.

(d) The April 1 to June 30 time period will be excluded from damage control hunts.

(e) Permittees may hunt only within the prescribed area and season dates as specified on their permit. If a deer or elk is wounded inside the damage hunt area, it may be pursued and taken outside permit boundaries.

(f) Within five days after expiration of a deer or elk permit, the permittee shall return to the respective region a deer/elk hunting report. If an animal is taken, the permittee shall skin the entire animal and deliver the hide together with an incisor tooth to a regional game department office. All deer or elk hides taken pursuant to a damage permit shall be disposed of as prescribed in RCW 77.12.240. Failure to comply with this provision shall constitute ineligibility for the next year's damage permit drawings.

WAC 232-12-027 Game farm license provisions. It is unlawful to operate a game farm except under the following provisions:

(1) Game farms licensed prior to July 1, 1981, may continue to possess, propagate, sell and transfer wildlife they lawfully possess on July 1, 1981, by virtue of their license or permit issued by the department. Transfers of wildlife other than those species listed under 2(a), (b), or (c) are restricted to licensed game farms authorized by written permit to possess said wildlife.

(2) Game farms licensed after July 1, 1981, may purchase, possess, propagate, sell or transfer the following wildlife:

(a) Game animals - bullfrog, *Rana catesbeiana*

(b) Fur-bearing animals - muskrat, *Ondatra zibethicus* and beaver, *Castor canadensis*

(c) Game birds - pheasant, of the genus *Phasianus* and *Syrnaticus reevesi*; wild turkeys of the species *Meleagris gallopavo*; Hungarian partridge of the genus *Perdix*; chukar partridge of the genus *Alectoris*; quail, of the genus *Lophorhynchus*, *Colinus*, and *Oreortyx*; waterfowl of the family *Anatidae*, and tinamou of the genus *Nothoprocta*

(3) Application for a game farm license shall be made on a form provided by the department.

(4) The director may issue a license, if after investigation, the applicant meets the requirements of subsection (1) or (2) above and complies with the following criteria:

(a) The applicant is the owner or tenant of or has a possessory interest in the lands, waters, and riparian rights shown in the application.

(b) The rearing and holding facilities are adequate and structurally sound to prevent the egress of game farm wildlife.

(c) Operating conditions are clean and humane.

(d) No hazards to state wildlife exist from the operation.

(e) The license covers only the immediate premises and areas described on the application where game birds or game animals will be held.

(f) Such other restrictions as the director may require.

(5) Holders of a game farm license must make annual reports on the last day of January to the director on forms to be furnished by the department.

(6) A game farm license is not required for captive-bred mink, *Mustela vison*, and captive-bred silver fox, *Vulpes fulva*, lawfully acquired from a licensed breeder or fur farm and held for fur farming purposes.

WAC 232-12-037 Shooting preserves--Licensing--Permits--Operations. A game farm licensed under the provisions of chapter 77.12 RCW may function as a private shooting preserve and dispose of game birds produced or acquired by releasing them on the designated preserve for hunting. The permittee must abide by the following rules:

(1) Each person desiring to operate a private shooting preserve must make application to the department on forms supplied by the department.

(2) The department shall investigate the property described in the application and determine the number of wild game birds produced annually on the proposed shooting preserve area.

(3) Private shooting preserves must contain a minimum of one hundred acres to a maximum of one thousand acres in a contiguous block. The land must be owned or leased by the applicant for a minimum of five years, and cannot contain lakes or ponds in excess of two acres of surface water or be within one-half mile of bodies of water in excess of two acres.

(4) Shooting preserves may not be located on land having a projected fall population of wild upland game birds in excess of twenty birds per one hundred acres.

(5) Shooting preserves may not be located within one mile of a public hunting area owned or controlled by the department, except lands controlled by year-to-year agreement.

(6) The boundary of shooting preserves must be posted by the permittee with signs approved by the director in such manner as he may direct.

(7) The permittee shall release not less than one game bird per acre, annually.

(8) Game birds taken from a private shooting preserve must be marked and accompanied by an invoice showing the permittee's name, address, date of sale, number and species sold and the name and address of the hunter. Said invoice shall be retained by the hunter during the time such species are in his possession.

(9) During September or October each year, the permittee must deliver to the department the number of live game birds determined under subsection (2) or pay the department the fair market value for the specified number of game birds sixteen weeks of age. Game birds delivered to the department must be sixteen weeks of age, fully feathered and in sound and healthy condition as determined by the department.

WAC 232-12-064 Live wildlife. Taking from the wild, importation, possession, holding in captivity.

(1) It is unlawful to take live wild animals, wild birds, or game fish from the wild without a permit provided for by rule of the commission.

(2) It is unlawful to import into the state or to hold live wildlife which were taken, held, possessed or transported contrary to federal or state law, local ordinance or commission rule. Live wild animals, wild birds or game fish shall not be brought into the state without first presenting veterinarian or fish pathologist certification to the department that the wildlife is disease free and that the area from which acquired has no history of wildlife disease which may pose a risk to wildlife in this state. Proof of lawful importation must be produced for inspection on request of a department employee.

(3) It is unlawful to possess or hold in captivity live wild animals, wild birds, or game fish unless lawfully acquired. Proof of lawful acquisition must be produced for inspection on request of a department employee. Such proof shall contain: (1) Species; (2) age and sex of animal; (3) origin of animal; (4) name of receiving party; (5) source—name and address; (6) invoice/state-ment date; and (7) documentation of prior transfers.

(4) Wildlife held in captivity which becomes diseased must immediately be placed under the professional care of a licensed veterinarian or certified fish pathologist, and such incident reported immediately to the department by the owner. If diseased wildlife present a threat to the wildlife of the state, the director may order such actions as necessary, including quarantine or destruction of stock, sterilization of enclosures and facilities, cessation of activities and disposal of the wildlife in a manner satisfactory to the department.

(5) Live wild animals, wild birds or game fish held in captivity or their progeny or parts thereof may not be sold or otherwise commercialized on except as provided by rule of the commission.

(6) No wildlife shall be released from captivity except as provided in WAC 232-12-271, except that it is lawful to return to the waters from which caught, game fish caught and subsequently kept alive on stringers, in live wells or other containers while fishing. The release of fish into any waters of the state, including private, natural or man-made ponds requires a fish planting permit.

(7) All live wildlife possessed or held in captivity, and the area where held, must be open to inspection by department personnel at reasonable times.

WAC 232-12-083 Emergency rule criteria. (1) The director may close or shorten a season pursuant to RCW 77.12.150 only:

- (a) By emergency rule, and
- (b) When the director determines from biological data or climatic conditions which were unforeseen by the commission when the season was established, that the population of game fish, game animals, or game birds is in jeopardy with established seasons, and
- (c) When the delay necessary to have the issue determined by emergency action of the commission presents a real and immediate threat to wildlife.

(2) Any emergency rule issued by the director pursuant to this rule shall state:

- (a) The time and date when it shall be effective, and
- (b) The time and date when it shall terminate, and
- (c) The justification for its issuance.

(3) If the director has taken emergency action pursuant to this rule, he/she shall, upon determination that the threat to wildlife has abated, thereafter reopen the season limited to the time period originally set by the commission, and reestablish bag limits as originally set by the commission.

(4) Whenever the director takes action to close, shorten, or reopen a season pursuant to (1) or (3) above, he/she shall first take all reasonable steps to notify commission members the action contemplated.

WAC 232-12-121 Reporting requirements for capture, importation, exportation, transfer, or other disposal of raptors. (1) It is unlawful to possess a raptor under the authority of a falconry permit unless the permittee has submitted a United States Fish and Wildlife Service form 3-186A (Migratory bird acquisition/disposition report), completed in accordance with instructions on

the form, to the department within five calendar days of initial possession.

(2) It is unlawful for a falconry permittee to capture, transfer, import, export, or otherwise dispose of raptors unless such permittee submits a United States Fish and Wildlife Service form 3-186A (Migratory bird acquisition/disposition report), completed in accordance with the instructions on the form, to the department within five calendar days of any such transaction.

(3) A raptor possessed under the authority of a falconry permit may be temporarily held by another permittee, holding a general or masters permit, for maintenance and care for a period not to exceed thirty days. The raptor must be accompanied at all times by a properly completed United States Fish and Wildlife Service form 3-186A (Migratory bird acquisition/disposition report) designating the person caring for the raptor as the possessor of record and by a signed, dated statement from the permittee authorizing the temporary possession.

(4) A person shall report to the department, the loss, death, or release of their raptor within five days of each loss, death or release. The carcass of any dead raptors shall be delivered to the nearest department office, unless authorized by the department to be retained by falconry permittee.

(5) It is unlawful for a falconry permittee to capture or take from the wild, any raptor species listed on Washington state falconry permit unless such permittee submits a department of wildlife "Raptor capture report form," completed in accordance with the instructions on the form, to the department within five calendar days of any such capture or take.

WAC 232-12-181 Livestock grazing on department of wildlife lands. All persons wishing to apply for a grazing lease should contact the Washington Department of Wildlife, 600 North Capitol Way, Olympia, Washington 98504.

(1) The director is authorized to enter into grazing leases when the director determines that a grazing lease will benefit wildlife management programs and will be in the public interest. Except for temporary permits, each grazing lease shall first be submitted to the commission, which may review the lease to determine whether it will benefit wildlife or improve public hunting, fishing or recreation without adverse impact on wildlife. If, within 30 days, the commission has not disapproved the lease, the director shall be deemed authorized to enter into that lease.

(2) The director shall advertise and sell a license to use department lands for grazing at public auction to the highest bidder. The director is authorized to reject any and all bids if it is determined to be in the best interest of the department to do so. The director may negotiate a grazing lease without using the public auction process only when the director determines that benefits to wildlife would be equal to or greater than the cash or monetary payments foregone.

(3) The term of each grazing lease shall be no greater than five years. When an existing lease expires or is about to expire, and the director wishes to continue to permit grazing on the subject parcel, then a modified public auction process shall be used. A minimum bid based on market value shall be established prior to the

public auction. The last previous or the existing lessee shall be provided the option of meeting the highest bid made at public auction. The director may grant a term longer than five years only with the prior approval of the commission. The director may permit exceptions to the public auction process only when the director determines that benefits to wildlife would be equal to or greater than the cash or monetary payment foregone.

(4) A temporary permit may be granted by the director to satisfy an immediate, short-term need where benefits to wildlife management programs and the public interest can be demonstrated. The term of a temporary permit shall not exceed two weeks and no fee need be charged.

(5) The director may approve a grazing lease where a grazing management plan which includes objectives and site characteristics, pasture rotation schedule, on-off dates, number of AUM's, and a monitoring plan has been developed by the agency. The director shall inspect the site of a grazing lease no less than two times each year. The director shall retain the right to alter provisions of the plan to reduce acreage available or the number of animals using the area when such change is, in the judgment of the director, required to benefit fish or wildlife management, public hunting and fishing, or other recreational uses. The director may not enter into any grazing lease not accompanied by a grazing management plan unless the commission has approved it.

(6) The director may cancel a lease (1) for noncompliance with the terms and conditions of the lease, or (2) if the area described in the lease is included in a land use plan determined by the agency to be a higher and better use, or (3) if the property is sold or conveyed, or (4) if damage to wildlife or wildlife habitat occurs.

(7) All lands covered by any agreement shall at all times be open to public hunting, fishing and other wildlife recreational uses unless such lands have been closed by action of the commission or emergency order of the director.

WAC 232-12-194 Procedure--Petitions for reissuance of hunting license--Time period for petition--Juvenile applicants. (1) A petition for reissuance of a license revoked under the terms of RCW 77.21.020 or 77.21.030 generally will not be considered by the commission until passage of at least one year from the date the license privilege was revoked.

(2) An applicant for reissuance of a license who is under the age of eighteen years shall be accompanied by a parent, family member over the age of eighteen years, or legal guardian in any appearance before the commission for purposes of requesting reissuance of a hunting license.

(3) Reissuance hearings for a person under the age of fourteen years shall be conducted by the commission in executive session.

(4) Upon motion of an applicant or a commission member, reissuance hearing for persons over the age of fourteen years may be conducted by the commission in executive session.

(5) Applications for reissuance of a license shall be made in writing and filed with the director. The application shall state the relief sought and grounds therefor. As soon as practicable, the director shall note the application for hearing at a regularly scheduled meeting of the commission, and give reasonable notice to the applicant by mail of the date, time and place of hearing.

WAC 232-12-197 Procedures to review administrative license decisions. The following procedure applies to all administrative decisions of the department which suspend, revoke, cancel, condition, refuse to issue or renew, or otherwise which adversely affect any license, permit, or administrative approval issued by the department. However, the procedures here do not apply to petitions for reissuance of hunting licenses revoked pursuant to RCW 77.21.020 or 77.21.030. Suspensions of licenses by the director pursuant to RCW 77.21.020 and 77.21.030 are covered by subsection (7) of this section.

(1) Any license, permit of administrative approval issued by the department may be suspended, revoked, cancelled, conditioned, or its issuance or reissuance denied, for cause. Cause is a general term, necessarily discretionary. The following typically may result in adverse administrative action: Failure to submit full, complete, or timely information required by law; failure to submit a timely or complete application for license renewal; violation of the terms or conditions of a license or permit; violations of game laws or rules or regulations or violation of a particularly crucial or important requirement of law; failure to qualify under the requirements for issuance of a license or permit; failure to give evidence of a continued ability to comply with license terms and conditions or agency rules and regulations; violations of RCW 77.21.020 and 77.21.030.

(2) Any person who, upon proper application, is denied a requested license or permit, refused reissuance of a requested license or permit or contests a condition placed in a granted license, permit or administrative approval, or who has a license, permit or administrative approval suspended, revoked, or cancelled is entitled to an opportunity for a hearing contesting the administrative action, pursuant to the Administrative Procedure Act, chapter 34.04 RCW. No administrative action towards an existing or continuing license shall be final without first affording at least twenty days notice of the agency's action and affording an opportunity for a hearing prior to the effective date of the action. To obtain a hearing, a written request must be filed with the director within ten days of receipt of the contested administrative decision. The request for hearing shall clearly state the relief sought and the grounds therefor.

(3) Upon receipt of the written request for administrative hearing, the director may appoint a hearing examiner to conduct further proceedings, including setting a time and place for hearing. Generally, the provisions of the uniform procedures rules, chapter 1-08 WAC, will apply to the hearing, unless here modified or modified by agreement of the parties.

(4) A hearing examiner will take evidence and otherwise conduct a hearing. Upon receipt of all proof and argument, written findings of fact, conclusions of law and proposed order will be issued by the examiner, with copies mailed to each party and attorney of record, if any.

(5) Within ten days of receipt of findings of fact, conclusions of law and the examiner's proposed order, an aggrieved party may file with the director exceptions to the order and written argument in support of the exceptions. Replies to the exceptions, if any, shall be filed within ten days of receipt of the exceptions. The director will personally consider the record submitted and issue a final decision in writing, which shall be served by mail on all parties and attorneys of record, if any. The director's decision is a final decision for purposes of appeal to the superior court pursuant to RCW 34.04.130.

(6) There are no special rules of appearance before the department, except those specified in the Executive Conflict of Interest Act, chapter 42.18 RCW, and chapter 1-08 WAC.

(7) The department may take immediate administrative action, without affording an opportunity to prior hearing, in those instances constituting an emergency as further described in RCW 34.04.170(2). Additionally, pursuant to RCW 77.21.020 and 77.21.030, the director will immediately suspend hunting privileges upon receipt of information showing a hunting violation or accident. The occurrence of a violation or accident may be contested by the license holder. If uncontested, the director's suspension will result in revocation of the license, subject to the right to request reissuance, as specified in WAC 232-12-194.

WAC 232-12-207 Petitions--Consideration by commission. A petition requesting the promulgation, amendment or repeal of any rule, regulation or order of the commission may be made in writing to the director and shall state that the same is made pursuant to this regulation. Such petition shall set forth the proposed rule in full or the existing rule with amendment, as the case may be, and shall include a statement of all reasons why said rule should be adopted, amended or repealed.

All petitions shall be considered by the director who may in his discretion note the petition for consideration at a regular meeting of the commission. The director shall notify the petitioning party of the disposition of the petition within a reasonable time.

WAC 232-12-221 Petitions--Form--Scheduling--Ruling. Petitioners for declaratory rulings by the commission shall set forth the rule or statute brought into issue by the petition, the facts relied upon by the applicant, the prayer of the petitioner and shall generally conform to the form of complaints at law.

The petition shall be submitted to the director who may in his discretion place the petition on the agenda of the commission at one of its regular meetings and shall give reasonable notice to the petitioner of the time and place for hearing by the commission. Petitioner may appear and present argument to the commission at any such hearing.

[Title 232 WAC—p 24]

The commission after hearing, shall issue a binding declaratory rule, a nonbinding declaratory rule or notify the petitioner that no declaratory rule is to be issued.

The director shall notify the petitioner of action taken with reference to the petition.

WAC 232-12-227 Hunter education training program requirements. (1) The director may designate a state coordinator for the purpose of administering the hunter education program. The state coordinator shall be responsible for the certification of volunteer instructors and the development of instructional materials, training aids, operating policies and procedures necessary to comply with the provisions of this section and RCW 77.32.155.

(2) It is unlawful for any person under the age of eighteen to obtain a hunting license in the state of Washington without having completed a department-approved course involving at least ten hours of instruction in conservation, safety and sportsmanship.

(3) Upon satisfactory completion of these requirements, each student shall be issued a certificate of accreditation signed by an authorized instructor or the state coordinator.

(4) It is unlawful for a license dealer to issue a hunting license for a person under eighteen years of age unless a hunter education certificate or a Washington hunting license for the preceding year containing the hunter education certificate number issued to said person is presented at the time of purchase.

WAC 232-12-241 Requirements of license dealers.

(1) The director may deputize persons, firms or corporations as license dealers in such numbers as deemed necessary, for the purpose of issuing licenses, permits, tags, stamps, and punchcards.

(2) License dealers shall remit all moneys collected from the sale of licenses, permits, tags, stamps[,] and punchcards by the 10th day of the following month in which the licenses are sold.

(3) License dealers must issue licenses, permits, tags, stamps[,] and punchcards in accordance with instructions provided by the department in the license dealer['s] manual.

(4) All records held pursuant to the statutes and regulations dealing with license dealers must be open to inspection by a wildlife agent or department designee at reasonable times.

(5) License dealers may charge an agent fee of \$1.00 for the issuance of each license document and \$.50 for the issuance of each tag, permit, special hunting permit application, and the state migratory waterfowl stamp.

WAC 232-12-271 Criteria for planting aquatic plants and releasing wildlife. (1) Release by persons other than the director. It is unlawful for persons other than the director to plant aquatic plants or release any species, subspecies, or hybrids of animals which do not already exist in the wild in Washington. If such species, subspecies, or hybrid does already exist in the wild in Washington, it may be released within its established range by persons other than the director, but only after obtaining a permit from the director.

(a) Application for a permit must be made on a form provided by the department. It must be submitted at least thirty days prior to acquisition of the wildlife or aquatic plants intended for release or planting, and must provide all information indicated.

(b) Permits will only be issued if the director determines there will be no adverse impact on the wildlife or wildlife habitat of the state.

(c) Each permit shall require that at least thirty days prior to planting or release of wildlife or aquatic plants they must be made available for inspection by the director. It shall be the responsibility of the applicant to show that the wildlife will not pose a disease threat. If the director is not satisfied that the wildlife or aquatic plants do not pose a disease threat, they shall not be released or planted in the state. Director approval for release or planting may be withdrawn for cause.

(d) Each permit shall require that an applicant intending to release wildlife in the state shall report immediately to the director the outbreak of any disease among the wildlife intended to be released. If the director determines that such outbreak presents a threat to the wildlife of the state, the director may immediately order such action as necessary including quarantine or destruction of stock, sterilization of enclosures and facilities, cessation of activities, and disposal of wildlife in a manner satisfactory to the director.

(e) Each permit shall require that wildlife to be released shall not be branded, tattooed, tagged, fin clipped or otherwise marked for identification without approval of the director.

(2) Release by the director. The director may plant aquatic plants or release animal species, subspecies, or hybrids which have been planted or released previously in Washington if they do not pose a disease threat and if planting or release will not cause adverse impact on the wildlife or wildlife habitat of the state. Before releasing any species, subspecies, or hybrid of animal not already existing in the wild in Washington, the director shall report to the commission on the planned release, stating the basis for determining that the planned release fulfills

the criteria set forth herein. The director may release nonnative species, subspecies, or hybrids not previously released in Washington only if the director in his or her sole discretion has determined that:

(a) There is no reasonable expectation of adverse impact on the wildlife or wildlife habitat of the state and there is an adequate plan for evaluating such impact following the release;

(b) The commission has classified the species, subspecies, or hybrids to be released pursuant to RCW 77.12.020;

(c) Suitable habitat is available;

(d) The nonnative species, subspecies, or hybrids to be released are free of exotic pathogens;

(e) The release serves the public interest.

WAC 232-12-275 Wildlife rehabilitation permits.

(1) It is unlawful to possess wildlife for the purpose of rehabilitation without first obtaining a current, valid Washington state "wildlife rehabilitation permit."

(2) A wildlife rehabilitation permit, valid for the time specified on the permit, may be issued to a person to treat or care for injured, diseased, or abandoned wildlife for the purpose of successful release to the wild.

(3) The director may issue and condition a wildlife rehabilitation permit if the applicant complies with the following:

(a) The applicant is either a licensed veterinarian or can demonstrate 6 months of experience in wildlife rehabilitation, which must include 3 months during the spring or summer. The director may consider education in wildlife rehabilitation as a substitute for experience.

(b) The applicant must successfully complete a wildlife rehabilitator's examination(s) as prescribed by the director.

(c) Applicants who are not licensed veterinarians must provide to the department a letter signed by a person willing to act as principal veterinarian.

(d) The wildlife rehabilitation facility must meet the wildlife rehabilitation care standards and wildlife rehabilitation facility standards as prescribed by the director. Wildlife rehabilitation facilities permitted by the director prior to May 15, 1988 must meet the wildlife rehabilitation facility standards prescribed by the director or have a director approved plan for implementation on or before January 1, 1989.

(4) It is unlawful to hold wildlife for longer than 180 days except as authorized by the director.

(5) It is unlawful to publicly display wildlife while it is undergoing rehabilitation.

(6) It is unlawful to retain wildlife for the purpose of orphan-imprinting or to retain feathers of protected or endangered wildlife for the purpose of "imping," except as provided by written permission from the director.

(7) It is unlawful for wildlife being held for rehabilitation to be used for propagation.

(8) A wildlife rehabilitator may receive from the department and possess at the wildlife rehabilitation facility dead wildlife for the purpose of feeding wildlife being rehabilitated.

(9) The holder of a wildlife rehabilitation permit must submit to the department no later than January 31 of each year an annual report providing information as required by the director. The department will provide wildlife rehabilitators with a wildlife rehabilitation ledger which may also be submitted as the annual report.

(10) It is unlawful for a wildlife rehabilitation permit holder to fail to enter required information in the wildlife rehabilitation ledger within 24 hours of the day wildlife is received and on the day of all subsequent activities as required in the ledger.

(11) All permits and records held pursuant to statutes and rules dealing with wildlife rehabilitation will be kept on file at the wildlife rehabilitation facility. These records will be maintained on a calendar year basis and will be retained for a period of five years. A copy of the valid wildlife rehabilitation permit must be in the possession of any person possessing or transporting wildlife for the wildlife rehabilitation facility.

(12) Wildlife agents may inspect at reasonable times and in a reasonable manner the wildlife, permits, records, and wildlife rehabilitation facility of any wildlife rehabilitator.

(13) It is unlawful for a permittee to fail to comply with the conditions of a wildlife rehabilitation permit.

(14) For the purposes of this rule, the following definitions apply:

(a) "Wildlife rehabilitation" means the care and treatment of injured, diseased, or abandoned wildlife, including but not limited to capture, transporting, veterinary treatment, feeding, housing, exercise therapy, and any other treatment or training necessary for release back to the wild.

(b) "Wildlife rehabilitation facility" means the authorized site(s) as shown on the wildlife rehabilitation permit where the treatment and rehabilitation takes place.

(c) "Wildlife rehabilitator" means a person who cares for or treats injured, diseased, or abandoned wildlife for the purpose of releasing said wildlife to the wild.

(d) "Wildlife rehabilitation permit" means a permit issued by the director that authorizes a person to possess for treatment or care, injured, diseased, or abandoned wildlife for the purpose of successful release to the wild.

(e) "Principal veterinarian" means a licensed veterinarian who provides in writing their willingness to assist the rehabilitator in the medical treatment of injured, diseased, or abandoned wildlife.

(f) "Public display" means to place or locate wildlife so that it may be viewed by the public.

(g) "Imping" means a method of repairing broken feathers.

(h) "Orphan-imprinting" means to use nonreleasable adult wildlife for the purpose of feeding, socializing, and teaching appropriate behavior to young of the same species.

[Statutory Authority: RCW 77.12.030 and 77.12.040. 88-09-036 (Order 308), § 232-12-275, filed 4/15/88.]

WAC 232-12-276 Scientific permits. (1) It is unlawful to collect wildlife or their nests and eggs for the purpose of research or display without first obtaining a Washington state scientific permit.

(2) A scientific permit, valid for the time specified on the permit, may be issued to a person to collect wildlife or their nests and eggs for the purpose of research or display.

(3) The director may issue and place conditions upon the exercise of a scientific permit if the applicant complies with the following:

(a) The applicant will submit a completed application providing specific information required by the director.

(b) The applicant will submit a study plan which includes specific project objectives and justification for collection; target species and number to be collected; method(s) of collection; location(s) of collection; and proposed final disposition of collection.

(c) The applicant will demonstrate their qualifications for conducting the collection and the research or display of wildlife as requested in the application.

(d) The applicant will demonstrate access to adequate facilities and competence necessary to care for live wildlife to be collected for research or display.

(4) Scientific permits will not be granted if, in the opinion of the director, the collection conflicts with existing collection, research or management activities.

(5) A copy of the valid scientific permit must be in the possession of any person exercising the privileges authorized by the permit. Subpermittees will be identified in a manner prescribed by the director.

(6) It is unlawful for a scientific permit holder to fail to keep accurate records showing information as required by the director. These records shall be maintained on a calendar year basis and shall be retained for a period of five years.

(7) It is unlawful for the holder of a scientific permit to fail to submit to the department an annual report providing information as required by the director no later than January 31 of the year following issuance of a scientific permit.

(8) Scientific permit holders collecting wildlife or their nests or eggs for the purpose of research must submit to the department a copy of the final report. Interim reports may be required.

(9) Wildlife agents may inspect at reasonable times and in a reasonable manner the wildlife, nests, eggs, permits, records, and facilities of a scientific permit holder.

(10) It is unlawful for live wildlife collected directly from the wild to be displayed except by publicly owned zoos and aquariums. Live nonreleasable wildlife acquired under a wildlife rehabilitation permit may be used for wildlife education programs under conditions prescribed by the director.

(11) It is unlawful to fail to comply with the conditions of a scientific permit.

(12) For the purposes of this rule, the following definitions apply:

(a) "Collect" means to take control of or attempt to take control of wildlife or their nests and eggs.

(b) "Display" means to place or locate wildlife so that public viewing is encouraged or allowed.

[Statutory Authority: RCW 77.32.010 (2)(b) and 77.32.240. 88-05-031 (Order 304), § 232-12-276, filed 2/12/88.]

WAC 232-12-277 Taxidermy and furdealing records. (1) It is unlawful for a licensed taxidermist or furdealer upon receiving wildlife for mounting, tanning, storage or processing to fail to record the owner's name and address, date received, and other information as required by the department, in a ledger supplied by the department. Such record must be maintained for a minimum of two years or as long as the wildlife is retained by the taxidermist or furdealer.

(2) All records and wildlife held pursuant to the statutes or regulations dealing with taxidermy or furdealing must be open to inspection by a wildlife agent at reasonable times.

WAC 232-12-284 Bighorn sheep--Branding requirements. (1) For the purpose of this regulation, horns shall be defined as the permanent, paired, hollow sheath of bighorn sheep attached to the bony core and skull.

(2) It is unlawful for a person who kills or possesses a bighorn sheep taken in Washington to fail, within ten days after acquisition, to present the horns for inspection and branding at a game department regional office. A department employee shall permanently brand an identification number on one of the horns.

(3) It is unlawful for any person to possess the horns of a bighorn sheep taken in Washington without a number so branded.

(4) It is unlawful for any person who transfers ownership or possession of the horns of a bighorn sheep to which an identification number has been branded to fail to give written notice of the transfer to the department within ten days after the transfer.

WAC 232-12-292 Bald eagle protection rules

PURPOSE

1.1 The purpose of these rules is to protect the habitat and thereby increase and maintain the population of the bald eagle so that the species no longer is classified as threatened or endangered in Washington state. The "delisting" of the bald eagle for Washington state is a realistic goal which can best be accomplished by promoting cooperative efforts to manage for site-specific eagle habitat needs through a process which is sensitive to the site-specific landowner goals as well. The following rules are designed to promote such cooperative management.

AUTHORITY

2.1 These rules are promulgated pursuant to RCW 77.12.655.

DEFINITIONS

3.1 "Communal roost site" means all of the physical features surrounding trees used for night roosting that are important to the suitability of the roost for eagle use. These features include flight corridors, sources of disturbance, trees in which eagles spend the night, trees used for perching during arrival or departure and other trees or physical features, such as hills, ridges, or cliffs that provide wind protection.

3.2 "Cultural activities" means activities conducted to foster the growth of agricultural plants and animals.

3.3 "Delist" means to remove a species from the state special species list by action of the game commission or from the federal endangered species list by action of the secretary of the interior.

3.4 "Department" means department of game.

3.5 "Endangered" means a species which is seriously threatened with extirpation throughout all or a significant portion of its range within Washington.

3.6 "Government entities" means all agencies of federal, state and local governments.

3.7 "Landowner" means any individual, private, partnership, nonprofit, municipal, corporate, city, county, or state agency or entity which exercises control over a bald eagle habitat whether such control is based on legal or equitable title, or which manages or holds in trust land in Washington state.

3.8 "Nest tree" means any tree that contains a bald eagle nest or has contained a nest.

3.9 "Nest site" means all of the physical features surrounding bald eagle nests that are important to normal breeding behavior. These features include alternate and potential nest trees, perch trees, vegetative screening, foraging area, frequently used flight paths, and sources of disturbance.

- 3.10 "Perch tree" means a tree that is consistently used by eagles. It is often close to a nest or feeding site and is used for resting, hunting, consumption of prey, mating display and as a sentry post to defend the nest.
- 3.11 "Predicides" means chemicals used to kill or control problem wildlife.
- 3.12 "Region" means an ecological/geographic area that forms a unit with respect to eagles, e.g., Hood Canal, lower Columbia River, outer coast and south Puget Sound.
- 3.13 "Site management plan" means a legal agreement between the department and the landowner for management of a bald eagle nest or roost site.
- 3.14 "Threatened" means a species that could become endangered within Washington without active management or removal of threats.

APPLICABILITY AND OPERATION

- 4.1 The department of game shall make available to other governmental entities, interest groups, landowners and individuals information regarding the location and use pattern of eagle nests and communal roosts.
- 4.2 The department of game shall itself and through cooperative efforts (such as memoranda of understandings) work with other government agencies and organizations to improve the data base for nest and roost site activity and productivity. The department regularly shall confer with other governmental entities to improve the preliminary nest site management information and its accessibility and useability.
- 4.3 The department's goal shall be to identify, catalog and prioritize eagle nesting or roost sites. The department shall facilitate landowner notification that nesting or roost sites exist on their property and work with landowners to develop a nesting or roost site description.
- 4.4 When a proposed land-use activity involves land containing or adjacent to an eagle nest or communal roost, the permitting agency shall immediately notify the department of game of the permit application.
- 4.5 When the department determines that a proposed activity would adversely impact eagle habitat, a department representative shall meet on-site with the landowner and, where applicable, a representative of the permitting agency to discuss management options for the protection of eagle habitat. The purpose of these discussions shall be to reach agreement on a site management plan for bald eagle habitat protection.
- 4.6 It is recognized that normal on-going agricultural activities of land preparation, cultivating, planting, harvesting, other cultural activities, grazing and animal-rearing activities in existing facilities do not have significant adverse consequences for eagles and therefore do not require a site management plan. New building construction, conversion of lands from agriculture to other uses, application of predicides and aerial pesticide spraying, may, following a conference with the department of game, be subject to the site management planning process described in these rules.
- 4.7 Emergency situations, such as insect infestation of crops, requires immediate action on the site management plan or special permission to address the impending crisis by the department of game.

SITE MANAGEMENT PLAN FOR BALD EAGLE HABITAT PROTECTION

- 5.1 The purpose of the site management plan is to provide for the protection of specific bald eagle habitat in such a way as to recognize the special characteristics of the site and the landowner's property rights, goals and pertinent options. To this end, every land owner shall have fair access to the process including available incentives and benefits. Any relevant factor shall be considered, including, but not limited to, the following:
- 5.1.1 The status of the eagle population in the region.
- 5.1.2 The useful life of the nest or roost trees and condition of the surrounding forest; the topography; accessibility and visibility; and existing and alternative flight paths, perch trees, snags and potential alternative nest and roost trees.
- 5.1.3 Eagle behavior and historical use patterns, available food sources, and vulnerability to disturbance.
- 5.1.4 The surrounding land-use conditions, including degree of development and human use.
- 5.1.5 Land ownership, landowner ability to manage, and flexibility of available landowner options.
- 5.1.6 Appropriate and acceptable incentive mechanisms such as conservation easements, transfer or purchase of development rights, leases, mutual covenants, or land trade or purchase.
- 5.1.7 Published recommendations for eagle habitat protection of other government entities such as the U.S. Fish and Wildlife Service.
- 5.2 The site management plan shall provide for
- 5.2.1 Tailoring the timing, duration or physical extent of activities to minimize disturbance to the existing eagle habitat and, where appropriate, identifying and taking steps to encourage and create alternative eagle habitat; and

5.2.2 Establishing a periodic review of the plan to monitor whether:

- a) The plan requires amendment in response to changing eagle and landowner circumstances
- b) The terms of the plan comply with applicable laws and regulations,
- c) The parties to the plan are complying with its terms.

5.3 The site management plan may also provide for implementing landowner incentive and compensation mechanisms through which the existing eagle habitat can be maintained or enhanced.

GUIDELINES FOR ACQUISITION OF BALD EAGLE HABITAT

6.1 Real property interests may be acquired and agreements entered into which could enhance protection of bald eagle habitat. These include fee simple acquisition, land trades, conservation easements, transfer or purchase of development rights, leases, and mutual covenants. Acquisition shall be dependent upon having a willing seller and a willing buyer. Whatever interest or method of protection is preferable will depend on the particular use and ownership characteristics of a site. In discussing conservation objectives with private or public landowners, the Department shall explore with the landowner the variety of protection methods which may be appropriate and available.

6.2 The following criteria and priorities shall be considered by the department when it is contemplating acquiring an interest in a bald eagle habitat.

6.2.1 Site considerations:

- a) Relative ecological quality, as compared to similar habitats
- b) Ecological viability—the ability of the habitat and eagle use to persist over time
- c) Defensibility—the existence of site conditions adequate to protect the eagle habitat from unnatural encroachments
- d) Manageability—the ability to manage the site to maintain suitable eagle habitat
- e) Proximity to food source
- f) Proximity to other protected eagle habitat
- g) Proximity to department land or other public land
- h) Eagle population density and history of eagle use in the area

- i) The natural diversity of native species, plant communities, aquatic types, and geologic features on the site.

6.2.2 Other considerations

- a) Ownership
- b) Degree of threat
- c) Availability of funding
- d) Existence of willing donor or seller and prior agency interest
- e) Cost

In general, priority shall be given to the most threatened high quality eagle habitats with associated natural values which require the least management.

RESOLUTION OF SITE MANAGEMENT PLAN DISPUTES

7.1 The department, the landowner and the permitting agency shall work to develop a mutually agreeable site management plan within 30 days of the original notice to the department of game. This plan shall become a part of the application for a permit.

7.2 Should agreement not be reached, the landowner may refer the site management plan to the bald eagle oversight committee (paragraph 8). The committee shall have 30 days from the date contacted to bring about agreement among the department, the landowner, and the permitting agency. The committee may use conciliation, mediation and factfinding, or any other method they deem appropriate to bring about a mutually acceptable resolution of the issues.

7.3 If the landowner chooses not to use the services of the bald eagle oversight committee or if resolution is not reached, the department of game shall within 15 days provide a site management plan to the landowner and permitting agency.

7.4 The landowner may initiate a formal appeal of the department of game's decision. Formal appeal procedures appear in WAC 232-12-197.

BALD EAGLE OVERSIGHT COMMITTEE

8.1 The director of the department of game shall appoint a five-member bald eagle oversight committee with two members representing landowner interests, two members representing wildlife interests and one nonvoting member from the department of game. Members are appointed for three year terms, with the initial terms for one, two or three years so that committee appointments will be staggered over time. The committee shall meet at least quarterly, and as needed, to accomplish the following:

- 8.1.1 Monitor the progress of cooperative bald eagle management processes under these regulations and make recommendations to

the department and other interested parties to improve the effectiveness of these processes.

8.1.2 Undertake resolution of site management plan disputes under paragraph 7.2 above.

8.1.3 Coordinate joint efforts on Washington bald eagle protection.

8.2 The members of the committee shall not receive compensation but shall be reimbursed under RCW 43.03.050 and 43.03.060 for travel expenses incurred while attending official meetings of the committee.

AUTOMATIC REVIEW PROCESSES

9.1 The bald eagle oversight committee will report to the department of game annually regarding its activities under paragraph 8.1. The department of game will conduct an initial review of the bald eagle regulatory process after 3 years which will include a public hearing, and then every five years thereafter.

PENALTIES

10.1 Failure to comply with the processes set forth in these rules or with the provisions of a site management plan constitutes a misdemeanor as set forth in RCW 77.21.010.

[Statutory Authority: RCW 77.12.655, 86-21-010 (Order 283), § 232-12-292, filed 10/3/86.]

WAC 232-12-297 Endangered, threatened, and sensitive wildlife species classification.

PURPOSE

1.1 The purpose of this rule is to identify and classify native wildlife species that have need of protection and/or management to ensure their survival as free-ranging populations in Washington and to define the process by which listing, management, recovery, and delisting of a species can be achieved. These rules are established to ensure that consistent procedures and criteria are followed when classifying wildlife as endangered, or the protected wildlife subcategories threatened or sensitive.

DEFINITIONS

For purposes of this rule, the following definitions apply:

2.1 "Classify" and all derivatives means to list or delist wildlife species to or from endangered, or to or from the protected wildlife subcategories threatened or sensitive.

2.2 "List" and all derivatives means to change the classification status of a wildlife species to endangered, threatened, or sensitive.

2.3 "Delist" and its derivatives means to change the classification of endangered, threatened, or sensitive species to a classification other than endangered, threatened, or sensitive.

2.4 "Endangered" means any wildlife species native to the state of Washington that is seriously threatened with extinction throughout all or a significant portion of its range within the state.

2.5 "Threatened" means any wildlife species native to the state of Washington that is likely to become an endangered species within the foreseeable future throughout a significant portion of its range within the state without cooperative management or removal of threats.

2.6 "Sensitive" means any wildlife species native to the state of Washington that is vulnerable or declining and is likely to become endangered or threatened in a significant portion of its range within the state without cooperative management or removal of threats.

2.7 "Species" means any group of animals classified as a species or subspecies as commonly accepted by the scientific community.

2.8 "Native" means any wildlife species naturally occurring in Washington for purposes of breeding, resting, or foraging, excluding introduced species not found historically in this state.

2.9 "Significant portion of its range" means that portion of a species' range likely to be essential to the long term survival of the population in Washington.

LISTING CRITERIA

3.1 The commission shall list a wildlife species as endangered, threatened, or sensitive solely on the basis of the biological status of the species being considered, based on the preponderance of scientific data available, except as noted in section 3.4.

3.2 If a species is listed as endangered or threatened under the federal Endangered Species Act, the agency will recommend to the commission that it be listed as endangered or threatened as specified in section 9.1. If listed, the agency will proceed with development of a recovery plan pursuant to section 11.1.

3.3 Species may be listed as endangered, threatened, or sensitive only when populations are in danger of failing, declining, or are vulnerable, due to factors including but not restricted to limited numbers, disease, predation, exploitation, or habitat loss or change, pursuant to section 7.1.

3.4 Where a species of the class Insecta, based on substantial evidence, is determined to present an unreasonable risk to public health, the commission may make the determination that the species need not be listed as endangered, threatened, or sensitive.

DELISTING CRITERIA

4.1 The commission shall delist a wildlife species from endangered, threatened, or sensitive solely on the basis of the biological status of the species being

considered, based on the preponderance of scientific data available.

- 4.2 A species may be delisted from endangered, threatened, or sensitive only when populations are no longer in danger of failing, declining, are no longer vulnerable, pursuant to section 3.3, or meet recovery plan goals, and when it no longer meets the definitions in sections 2.4, 2.5, or 2.6.

INITIATION OF LISTING PROCESS

- 5.1 Any one of the following events may initiate the listing process.
- 5.1.1 The agency determines that a species population may be in danger of failing, declining, or vulnerable, pursuant to section 3.3.
- 5.1.2 A petition is received at the agency from an interested person. The petition should be addressed to the director. It should set forth specific evidence and scientific data which shows that the species may be failing, declining, or vulnerable, pursuant to section 3.3. Within 60 days, the agency shall either deny the petition, stating the reasons, or initiate the classification process.
- 5.1.3 An emergency, as defined by the Administrative Procedure Act, chapter 34.05 RCW. The listing of any species previously classified under emergency rule shall be governed by the provisions of this section.
- 5.1.4 The commission requests the agency review a species of concern.
- 5.2 Upon initiation of the listing process the agency shall publish a public notice in the Washington Register, and notify those parties who have expressed their interest to the department, announcing the initiation of the classification process and calling for scientific information relevant to the species status report under consideration pursuant to section 7.1.

INITIATION OF DELISTING PROCESS

- 6.1 Any one of the following events may initiate the delisting process:
- 6.1.1 The agency determines that a species population may no longer be in danger of failing, declining, or vulnerable, pursuant to section 3.3.
- 6.1.2 The agency receives a petition from an interested person. The petition should be addressed to the director. It should set forth specific evidence and scientific data which shows that the species may no longer be failing, declining, or vulnerable, pursuant to section 3.3. Within 60 days, the agency shall either deny the petition, stating the reasons, or initiate the delisting process.

- 6.1.3 The commission requests the agency review a species of concern.

- 6.2 Upon initiation of the delisting process the agency shall publish a public notice in the Washington Register, and notify those parties who have expressed their interest to the department, announcing the initiation of the delisting process and calling for scientific information relevant to the species status report under consideration pursuant to section 7.1.

SPECIES STATUS REVIEW AND AGENCY RECOMMENDATIONS

- 7.1 Except in an emergency under 5.1.3 above, prior to making a classification recommendation to the commission, the Agency shall prepare a preliminary species status report. The report will include a review of information relevant to the species' status in Washington and address factors affecting its status, including those given under section 3.3. The status report shall be reviewed by the public and scientific community. The status report will include, but not be limited to an analysis of:
- 7.1.1 Historic, current, and future species population trends
- 7.1.2 Natural history, including ecological relationships (e.g. food habits, home range, habitat selection patterns).
- 7.1.3 Historic and current habitat trends.
- 7.1.4 Population demographics (e.g. survival and mortality rates, reproductive success) and their relationship to long term sustainability.
- 7.1.5 Historic and current species management activities.
- 7.2 Except in an emergency under 5.1.3 above, the agency shall prepare recommendations for species classification, based upon scientific data contained in the status report. Documents shall be prepared to determine the environmental consequences of adopting the recommendations pursuant to requirements of the State Environmental Policy Act (SEPA).
- 7.3 For the purpose of delisting, the status report will include a review of recovery plan goals.

PUBLIC REVIEW

- 8.1 Except in an emergency under 5.1.3 above, prior to making a recommendation to the commission, the agency shall provide an opportunity for interested parties to submit new scientific data relevant to the status report, classification recommendation, and any SEPA findings.
- 8.1.1 The agency shall allow at least 90 days for public comment.

- 8.1.2 The agency will hold at least one public meeting in each of its administrative regions during the public review period.

FINAL RECOMMENDATIONS AND COMMISSION ACTION

- 9.1 After the close of the public comment period, the agency shall complete a final status report and classification recommendation. SEPA documents will be prepared, as necessary, for the final agency recommendation for classification. The classification recommendation will be presented to the commission for action. The final species status report, agency classification recommendation, and SEPA documents will be made available to the public at least 30 days prior to the commission meeting.
- 9.2 Notice of the proposed commission action will be published at least 30 days prior to the commission meeting.

PERIODIC SPECIES STATUS REVIEW

- 10.1 The agency shall conduct a review of each endangered, threatened, or sensitive wildlife species at least every five years after the date of its listing. This review shall include an update of the species status report to determine whether the status of the species warrants its current listing status or deserves reclassification.
- 10.1.1 The agency shall notify any parties who have expressed their interest to the department of the periodic status review. This notice shall occur at least one year prior to end of the five year period required by section 10.1.
- 10.2 The status of all delisted species shall be reviewed at least once, five years following the date of delisting.
- 10.3 The department shall evaluate the necessity of changing the classification of the species being reviewed. The agency shall report its findings to the commission at a commission meeting. The agency shall notify the public of its findings at least 30 days prior to presenting the findings to the commission.
- 10.3.1 If the agency determines that new information suggests that classification of a species should be changed from its present state, the agency shall initiate classification procedures provided for in these rules starting with section 5.1.
- 10.3.2 If the agency determines that conditions have not changed significantly and that the classification of the species should remain unchanged, the agency shall recommend to the commission that the species being reviewed shall retain its present classification status.

- 10.4 Nothing in these rules shall be construed to automatically delist a species without formal commission action.

RECOVERY AND MANAGEMENT OF LISTED SPECIES

- 11.1 The agency shall write a recovery plan for species listed as endangered or threatened. The agency will write a management plan for species listed as sensitive. Recovery and management plans shall address the listing criteria described in sections 3.1 and 3.3, and shall include, but are not limited to:
- 11.1.1 Target population objectives
- 11.1.2 Criteria for reclassification
- 11.1.3 An implementation plan for reaching population objectives which will promote cooperative management and be sensitive to landowner needs and property rights. The plan will specify resources needed from and impacts to the Department, other agencies (including federal, state, and local), tribes, landowners, and other interest groups. The plan shall consider various approaches to meeting recovery objectives including, but not limited to regulation, mitigation, acquisition, incentive, and compensation mechanisms.
- 11.1.4 Public education needs
- 11.1.5 A species monitoring plan, which requires periodic review to allow the incorporation of new information into the status report.
- 11.2 Preparation of recovery and management plans will be initiated by the agency within one year after the date of listing.
- 11.2.1 Recovery and management plans for species listed prior to 1990 or during the five years following the adoption of these rules shall be completed within 5 years after the date of listing or adoption of these rules, whichever comes later. Development of recovery plans for endangered species will receive higher priority than threatened or sensitive species.
- 11.2.2 Recovery and management plans for species listed after five years following the adoption of these rules shall be completed within three years after the date of listing.
- 11.2.3 The agency will publish a notice in the Washington Register and notify any parties who have expressed interest to the department interested parties of the initiation of recovery plan development.
- 11.2.4 If the deadlines defined in sections 11.2.1 and 11.2.2 are not met the department shall notify the public and report the reasons for missing the deadline and the strategy for completing the plan at a

commission meeting. The intent of this section is to recognize current department personnel resources are limiting and that development of recovery plans for some of the species may require significant involvement by interests outside of the department, and therefore take longer to complete.

- 11.3 The agency shall provide an opportunity for interested public to comment on the recovery plan and any SEPA documents.

CLASSIFICATION PROCEDURES REVIEW

- 12.1 The agency and an ad hoc public group with members representing a broad spectrum of interests, shall meet as needed to accomplish the following:

12.1.1 Monitor the progress of the development of recovery and management plans and status reviews, highlight problems, and make recommendations to the department and other interested parties to improve the effectiveness of these processes.

12.1.2 Review these classification procedures six years after the adoption of these rules and report its findings to the commission.

AUTHORITY

- 13.1 The commission has the authority to classify wildlife as endangered under RCW 77.12.020. Species classified as endangered are listed under WAC 232-12-014, as amended.

- 13.2 Threatened and sensitive species shall be classified as subcategories of protected wildlife. The commission has the authority to classify wildlife as protected under RCW 77.12.020. Species classified as protected are listed under WAC 232-12-011, as amended.

[Statutory Authority: RCW 77.12.020. 90-11-066 (Order 442), § 232-12-297, filed 5/15/90, effective 6/15/90.]

WAC 232-12-618 1990-92 Washington game fish regulations.

[Statutory Authority: RCW 77.12.040. 90-01-067 (Order 413), § 232-12-618, filed 12/18/89, effective 1/18/90.]

Reviser's note: The text and accompanying pamphlet comprising the 1990-92 Washington game fish regulations adopted by the department of wildlife have been omitted from publication in the Washington Administrative Code under the authority of RCW 34.05.210(4) as being unduly cumbersome to publish. Copies of the rules may be obtained from the main office of the Department of Wildlife, 600 Capitol Way North, Olympia, Washington 98501-1091, and are available in pamphlet form from the department, its six regional offices, and at numerous drug and sporting goods stores throughout the state.

WAC 232-12-800 Purpose. The purpose of this chapter shall be to insure compliance by the department of game with the provisions of chapter 1, Laws of 1973 (Initiative 276), Disclosure—Campaign finances—Lobbying—Records; and in particular with sections 25-32 of that act, dealing with public records.

[Order 42, § 232-12-800, filed 7/19/73.]

WAC 232-12-807 Operations and procedures. The department of game is a public service agency whose statutory responsibility is to preserve, protect, and perpetuate all forms of wildlife in the state of Washington and to serve the public by providing the maximum amount of wildlife-oriented recreation consistent with sound biological management.

The state game commission consists of six members appointed by the governor. They serve a term of six years each. Terms are arranged so that appointments of two members expire every two years. By law, three commissioners are appointed from eastern Washington and three from western Washington. The game commission establishes regulations, sets overall policies to guide the department, and appoints the director of game. The director is responsible for all activities of the department of game and reports directly to the game commission.

Organization of the department of game is one of decentralized management. A deputy director and two assistant directors aid in the operation and administration of the department. The Olympia staff consists of seven division administrators who head up areas of program planning and coordination. Completing the staff is a planning section and a special assistant to the director for federal affairs.

The fisheries management division is responsible for research, program development, planning and coordination of management for all fish classified as game fish.

The wildlife management division is responsible for research, planning, program development, and coordination of management for all wildlife in the state other than fish. Major activities of this division relate to big game species, a variety of small game including birds, nonhunted wildlife, and management of wildlife areas.

The habitat management division is responsible for research, planning, program development and coordination for protection, restoration, and enhancement of wildlife and fish habitat areas through the use of environmental laws and public education. A major portion of this program is related to cooperative contractual agreements with other land managers and private landholders.

The enforcement division is responsible for planning, program development, and coordination of enforcement and wildlife control activities.

The engineering and lands division is responsible for engineering and design, construction, maintenance, surveying, land acquisition, and property management services. The division also prepares and implements the department's capital budget.

The management services division has responsibility for the budget development, accounting, federal aid coordination, payroll, printing, mailing, purchasing, vendor payments, warehouse services, safety, maintenance of archives, department's license management, and data processing.

The information and education division is responsible for planning and program development of the hunter education and safety training, project WILD for school children, various publications, trapper training, interpretive displays, newsletters, news releases, and radio and television public service announcements.

The department of game has six administrative regions in the state; three on the eastside, three on the westside. Each region is administered by a regional supervisor who is responsible for all department programs within his assigned region. They are assisted by program managers for the key areas of enforcement, habitat, wildlife, and fisheries. Program implementation is carried out primarily by field agents and biological or production staff.

The game commission, through the public meeting process, establishes all rules and regulations that govern departmental activities. This includes establishment of hunting and fishing seasons; approval of land acquisitions or exchanges; coordination with other federal, state, county, or city programs; and adjudication of requests for license reinstatements when individual privileges have been revoked in accordance with RCW's.

The game commission holds four statutory meetings each year in January, April, July, and October, and other special meetings as necessary to conduct its business.

[Statutory Authority: RCW 77.12.040. 86-03-053 (Order 266), § 232-12-807, filed 1/15/86.]

WAC 232-12-809 Definition of Eastern and Western Washington. For purposes of all rules of the commission, Eastern and Western Washington are defined as:

Eastern Washington – all lands lying east of the Cascade Crest Trail and east of the Big White Salmon River in Klickitat County.

Western Washington – all lands lying west of the Cascade Crest Trail and west of and including the Big White Salmon River in Klickitat County.

[Statutory Authority: RCW 77.12.040. 86-09-024 (Order 271), § 232-12-809, filed 4/10/86; 82-11-099 (Order 184), § 232-12-809, filed 5/19/82.]

WAC 232-12-810 Public records officer. The department public records are in charge of a public records officer designated by the director. The person so designated is located in the Administrative Office of the Department, 600 No. Capitol Way, Olympia, Washington. The public records officer is responsible for the following: The implementation of the department's rules and regulations regarding release of public records, regarding the administration or enforcement of chapter 1, Laws of 1973 and these rules, coordinating the staff of the department in this regard, and generally insuring compliance by the staff with the public records and disclosure requirements of chapter 1, Laws of 1973.

[Statutory Authority: RCW 77.12.040. 81-22-002 (Order 174), § 232-12-810, filed 10/22/81; Order 42, § 232-12-810, filed 7/19/73.]

WAC 232-12-813 Copying. No fee shall be charged for the inspection of public records. The department shall charge a fee of twenty-five cents per page for providing copies of public records, and two dollars for certification if requested.

[Statutory Authority: RCW 77.12.040. 82-04-034 (Order 177), § 232-12-813, filed 1/28/82.]

WAC 232-12-814 Requests for public records. In accordance with requirements of chapter 1, Laws of 1973 that agencies prevent unreasonable invasions of privacy, protect public records from damage or disorganization, and prevent excessive interference with essential functions of the agency, public records may be inspected or copied or copies of such records may be obtained, by members of the public, upon compliance with the following procedures:

(1) A request shall be made in writing addressed to attention of the department of game public records officer. The request shall include the following information:

- (a) The name of the person requesting the record[;]
- (b) The calendar date on which the request was made;
- (c) The nature of the request; and an appropriate description of the record requested.

(2) In all cases in which a member of the public is making a request, it is the obligation of the public records officer or staff member to whom [a] request is made to assist the member of the public in appropriately identifying the public record requested.

(3) No public record shall be allowed to be removed from a department office by anyone other than an officially authorized person.

[Statutory Authority: RCW 77.12.040. 81-22-002 (Order 174), § 232-12-814, filed 10/22/81; Order 42, § 232-12-814, filed 7/19/73.]

Reviser's note: RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules, and deems ineffectual changes not filed by the agency in this manner. The bracketed material in the above section does not appear to conform to the statutory requirement.

WAC 232-12-820 Review of denials of public records requests. (1) A person who objects to the denial of a request for a public record may petition for prompt review of such decision by tendering a written request for review. The written request shall specifically refer to the written statement by the public records officer or other staff member which constituted or accompanied the denial.

(2) Upon receiving a written request for review of a decision denying a public record, the public records officer or other staff member denying the request shall immediately refer it to the director. The director shall consider the matter and within two business days either affirm or reverse such denial.

[Statutory Authority: RCW 77.12.040, 81-22-002 (Order 174), § 232-12-820, filed 10/22/81; Order 42, § 232-12-820, filed 7/19/73.]

WAC 232-12-824 Records index. The department of game, pursuant to RCW 42.17.260(3) amended at [by] chapter 294, Laws of 1975 1st ex. sess., hereby formally declares that to fully maintain the RCW 42.17.260(2) proscribed [prescribed] current index would unduly burden the agency's operations. No central or routing file currently exists.

The agency does fully maintain an index describing administrative staff manuals and instructions to staff which affect a member of the public. The index includes:

(1) Statements of policy and interpretations of policy which have been adopted by the agency

(2) Planning policies and goals and interim and final decisions

(3) Factual staff reports and studies, factual consultant reports and studies, scientific reports and studies, and other factual information derived from test studies, reports and surveys

(4) Correspondence and materials referred to therein by or with the agency relating to regulatory, supervisory or enforcement responsibilities of the agency whereby the agency determines or opines upon or is asked to opine upon the rights of the state, the public, and private parties.

[Statutory Authority: RCW 77.12.040, 81-22-002 (Order 174), § 232-12-824, filed 10/22/81; Order 81, § 232-12-824, filed 5/26/76; Order 42, § 232-12-824, filed 7/19/73.]

WAC 232-12-827 Hunting of game animals by persons of disability. (1) Preamble. This regulation is intended to carry out the legislative policy of maximizing handicapped persons' access to recreational opportunity as codified in RCW 77.12.010. This regulation is intended to enhance the health, safety, and welfare of the general public and not that of any particular person or group of persons.

(2) Definitions. Terms used in this regulation are defined as follows:

[Title 232 WAC—p 36]

(a) A "person of disability" is a permanently disabled person who is unable to be mobile without the assistance of a wheelchair or crutches. This definition is intended to include but not be limited to those disabled persons with lower extremity impairment such as paraplegics and amputees.

(b) A "disabled hunter" is a person who possesses a disabled hunter permit issued by the director as well as all other required licenses, tags, and permits.

(c) A "nondisabled companion" is a licensed hunter accompanying a disabled hunter for the purpose of assisting in retrieval, killing of game wounded by a disabled hunter, and tagging of game killed by a disabled hunter.

(3) Disabled hunter permit. The director may issue a disabled hunter permit to any person of disability who applies to the department and presents such evidence as the director may accept showing that the applicant is a person of disability.

(4) Permitted and prohibited activities.

(a) Shooting from an off-road vehicle. A disabled hunter may not possess a loaded firearm or discharge a firearm from within or upon a motor vehicle. A disabled hunter may not discharge a firearm upon, across, or along a public highway.

(b) Killing of game wounded by persons of disability. A nondisabled companion may accompany a disabled hunter and kill any game animal wounded by the disabled hunter. The companion must immediately notch and attach the disabled hunter's tag to the carcass of the animal. A nondisabled companion shall not possess a loaded gun in, or shoot from, a motor vehicle or off-road vehicle.

(c) Tagging game killed by a disabled hunter. A nondisabled companion may cut, notch, and affix tags to game animals killed by a disabled hunter.

(d) Retrieving game. A nondisabled companion may retrieve or assist in retrieving a game animal which has been either killed by a disabled hunter or wounded by a disabled hunter and killed by a nondisabled companion.

(e) Game killed, tagged, or retrieved by a nondisabled companion who is accompanying a disabled hunter shall count against the disabled hunter's bag limit and shall not count against the nondisabled companion's bag limit.

(f) This regulation shall terminate and cease to be effective at 11:59 p.m. on March 31, 1989.

[Statutory Authority: RCW 77.12.010 and 77.12.040, 88-17-029 (Order 316), § 232-12-827, filed 8/12/88; 88-11-051 (Order 309), § 232-12-827, filed 5/16/88.]

WAC 232-12-829 Hunting of game animals by persons of disability. (1) Preamble. This regulation is intended to carry out the legislative policy of maximizing handicapped persons' access to recreational opportunity as codified in RCW 77.12.010. This regulation is intended to enhance the health, safety, and welfare of the general public and not that of any particular person or group of persons.

(2) Definitions. Terms used in this regulation are defined as follows:

(a) A "person of disability" is a permanently disabled person who is not ambulatory without the assistance of a wheelchair, crutches, or similar devices. This definition is intended to include but not be limited to those disabled persons with lower extremity impairment such as paraplegics and amputees.

(b) A "disabled hunter" is a person who possesses a disabled hunter permit issued by the director as well as all other required licenses, tags, and permits.

(c) A "nondisabled hunter" is a licensed hunter accompanying a disabled hunter for the purpose of assisting in retrieval, killing of game wounded by a disabled hunter, and tagging of game killed by a disabled hunter.

(3) Disabled hunter permit. The director may issue a disabled hunter permit to any person of disability who applies to the department and presents such evidence as the director may accept showing that the applicant is a person of disability.

(4) Permitted and prohibited activities.

(a) Shooting from an off-road vehicle. A nondisabled hunter may not possess a loaded firearm or discharge a firearm from within or upon a motor vehicle. A disabled or nondisabled hunter may not discharge a firearm upon, across, or along a public highway.

(b) Killing of game wounded by persons of disability. A nondisabled hunter may accompany a disabled hunter and kill any game animal wounded by the disabled hunter. The nondisabled hunter must immediately notch and attach the disabled hunter's tag to the carcass of the animal. A nondisabled hunter shall not possess a loaded gun in, or shoot from, a motor vehicle or off-road vehicle.

(c) Tagging game killed by a disabled hunter. A nondisabled hunter may cut, notch, and affix tags to game animals killed by a disabled hunter.

(d) Retrieving game. A nondisabled hunter may retrieve or assist in retrieving a game animal which has been either killed by a disabled hunter or wounded by a disabled hunter and killed by a nondisabled companion.

(e) Game killed, tagged, or retrieved by a nondisabled hunter who is accompanying a disabled hunter shall count against the disabled hunter's bag limit and shall not count against the nondisabled companion's bag limit.

(f) Each disabled hunter shall be provided, in addition to the disabled hunter permit, identifying signs which shall be displayed upon any motor vehicle from which they may be hunting.

(g) A disabled hunter may carry or convey a loaded weapon in or upon, and hunt from a motor vehicle, a nonhighway vehicle or snowmobile, provided such vehicle is stopped, the motor is turned off and it is not on or beside the maintained portion of a public road.

[Statutory Authority: RCW 77.12.010 and 77.12.040. 89-11-073 (Order 396), § 232-12-829, filed 5/19/89, effective 7/23/89.]

STATE HYDRAULIC CODE GUIDELINES

WAC

232-14-010 Hydraulic Code guidelines.

(1990 Ed.)

WAC 232-14-010 Hydraulic Code guidelines. The State Hydraulic Code, RCW 75.20.100, 75.20.103, 75.20.106, 75.20.130, and 75.20.140, is jointly administered by the department of fisheries and department of game, by law separate agencies. That code requires that prior to construction or other work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state, that written approval be obtained from the director of the department of fisheries or department of game. Rules establishing procedures for obtaining a hydraulic project approval and explaining criteria, policies and procedures typically utilized by the department of fisheries and department of game in administering the Hydraulic Code have been jointly promulgated by the two agencies. The body of the regulations is codified as WAC 220-110-010 *et seq.*, which can be found under rules and regulations codified for the department of fisheries. Those rules, chapter 220-110 WAC, as last amended by the department of fisheries Order 87-48, are here adopted by reference and also made a part of Title 232 WAC.

WAC 232-19-015 Policy. (1) The policies and goals set forth in SEPA are supplementary to existing agency authority.

(2) The department of game shall to the fullest extent possible:

(a) Interpret and administer the policies, regulations, and laws of the state of Washington in accordance with the policies set forth in SEPA and these rules.

(b) Find ways to make the SEPA process more useful to decisionmakers and the public; promote certainty regarding the requirements of the act; reduce paperwork and the accumulation of extraneous background data; and emphasize important environmental impacts and alternatives.

(c) Prepare environmental documents that are concise, clear, and to the point, and are supported by evidence

that the necessary environmental analyses have been made.

(d) Initiate the SEPA process early in conjunction with other agency operations to avoid delay and duplication.

(e) Integrate the requirements of SEPA with existing agency planning and licensing procedures and practices, so that such procedures run concurrently rather than consecutively.

(f) Encourage public involvement in decisions that significantly affect environmental quality.

(g) Identify, evaluate, and require or implement, where required by the act and these rules, reasonable alternatives that would mitigate adverse effects of proposed actions on the environment.

[Statutory Authority: RCW 43.21C.120 and WAC 197-11-904. 84-20-012 (Order 238), § 232-19-015, filed 9/24/84.]

[Statutory Authority: RCW 43.21C.120 and WAC 197-11-904. 84-20-012 (Order 238), § 232-19-020, filed 9/24/84.]

(1990 Ed.)

WAC 232-19-030 Purpose. This chapter implements the state-wide rules in chapter 197-11 WAC as they apply to the department of game.

[Statutory Authority: RCW 43.21C.120 and WAC 197-11-904. 84-20-012 (Order 238), § 232-19-030, filed 9/24/84.]

WAC 232-19-040 Additional definitions. The following terms shall have the listed meanings:

(1) "Department" means department of game unless otherwise indicated.

(2) "Commission" means the game commission unless otherwise indicated.

[Statutory Authority: RCW 43.21C.120 and WAC 197-11-904. 84-20-012 (Order 238), § 232-19-040, filed 9/24/84.]

WAC 232-19-050 Designation of responsible official. Within the department of game the ultimate responsible official is the director. The responsible official for a specific proposal shall be the supervisor of the environmental affairs program or his/her designee.

[Statutory Authority: RCW 43.21C.120 and WAC 197-11-904. 84-20-012 (Order 238), § 232-19-050, filed 9/24/84.]

WAC 232-19-055 SEPA public information center. The department designates the Olympia office of habitat management division as its SEPA public information center. The mailing address is: Department of Game, Habitat Management Division, 600 North Capitol Way, Olympia, Washington 98504.

[Statutory Authority: RCW 43.21C.120 and WAC 197-11-904. 84-20-012 (Order 238), § 232-19-055, filed 9/24/84.]

WAC 232-19-060 EIS preparation. (1) Preparation of draft and final EISs and SEISs is the responsibility of the department's environmental affairs program. The responsible official shall be satisfied that all EISs and SEISs issued by the department are in compliance with these rules and chapter 197-11 WAC.

(2) Any draft or final EIS or SEIS shall be prepared by the department, the applicant, or by a consultant mutually agreed upon by the department and applicant.

(3) Whenever someone other than the department prepares a draft or final EIS or SEIS, the responsible official shall:

(a) Coordinate scoping to insure that the individual preparing the document receives all substantive information submitted by any agency or person.

(b) Direct the areas of research and study to be undertaken and the content and organization of the document.

(c) Assist in obtaining information on file with another agency that is needed by the person preparing the document.

(d) Allow the person preparing the document access to department records relating to the document (under chapter 42.17 RCW, public disclosure and public records law).

(4) The responsible official may not require more information of a private applicant than allowed by these rules.

[Title 232 WAC—p 45]

(5) Nothing herein shall be construed to prohibit the department from charging any fee of an applicant which the department is otherwise authorized to charge (see WAC 197-11-914). A performance bond in an amount specified by the department may be required of the applicant to insure payment of department expenses in preparing in whole, or part, a draft or final EIS or SEIS.

[Statutory Authority: RCW 43.21C.120 and WAC 197-11-904. 84-20-012 (Order 238), § 232-19-060, filed 9/24/84.]

WAC 232-19-070 Environmentally sensitive areas. During threshold determination and in determining whether a proposal is exempt from SEPA, the department shall give all due consideration to "environmentally sensitive area" designations made by local governments under WAC 197-11-908.

[Statutory Authority: RCW 43.21C.120 and WAC 197-11-904. 84-20-012 (Order 238), § 232-19-070, filed 9/24/84.]

WAC 232-19-080 Threshold levels adopted by local governments. During threshold determination and in determining whether a proposal is exempt from SEPA, the department shall respect threshold levels adopted by local governments under WAC 197-11-800.

[Statutory Authority: RCW 43.21C.120 and WAC 197-11-904. 84-20-012 (Order 238), § 232-19-080, filed 9/24/84.]

WAC 232-19-090 Coordination of combined state-federal action. When the department considers actions which also involve federal actions, it shall coordinate the two governmental processes so that only one EIS, or other environmental document, need be prepared for that proposal.

[Statutory Authority: RCW 43.21C.120 and WAC 197-11-904. 84-20-012 (Order 238), § 232-19-090, filed 9/24/84.]

WAC 232-19-100 Public notice requirements. (1) When these rules require notice of environmental document preparation or availability, as a lead agency the department shall give public notice by using at least one of the following methods:

- (a) Posting the property, for site-specific proposals;
 - (b) Publishing notice in a newspaper of general circulation in the county, city, or general area where the proposal is located;
 - (c) Notifying public or private groups which have expressed interest in a certain proposal or in the type of proposal being considered;
 - (d) Notifying the news media; and/or
 - (e) Publishing notice in the department's newsletters.
- (2) Whenever possible, the department shall integrate these public notice requirements with existing notice procedures for any department or commission permits or approvals required for the proposal.
- (3) The department may require an applicant to complete the public notice requirements for the applicant's proposal at his or her expense.

[Statutory Authority: RCW 43.21C.120 and WAC 197-11-904. 84-20-012 (Order 238), § 232-19-100, filed 9/24/84.]

WAC 232-19-110 Notice/statute of limitations. (1) The department, applicant for, or proponent of an action may publish a notice of action pursuant to RCW 43.21C.080.

(2) The form of the notice shall be substantially in the form provided in WAC 197-11-990. The notice shall be published by the department, applicant, or proponent pursuant to RCW 43.21C.080.

[Statutory Authority: RCW 43.21C.120 and WAC 197-11-904. 84-20-012 (Order 238), § 232-19-110, filed 9/24/84.]

WAC 232-19-120 Policies and procedures for conditioning or denying permits or other approvals. (1) The policies and goals in this section are supplementary to existing authorities of the department.

(2) It is the policy of the department to avoid or mitigate adverse environmental impacts which may result from the department's decisions.

(3) The department shall use all practical means, consistent with other essential considerations of state policy, to improve and coordinate plans, functions, programs, and resources to the end that the state and its citizens may:

(a) Fulfill the responsibilities of each generation as trustee of the environment for succeeding generations;

(b) Assure for all people of Washington safe, healthful, productive, and aesthetically and culturally pleasing surroundings;

(c) Attain the widest range of beneficial uses of the environment without degradation, risk to health or safety, or other undesirable and unintended consequences;

(d) Preserve important historic, cultural, and natural aspects of our national heritage;

(e) Maintain, wherever possible, an environment which supports diversity and variety of individual choice;

(f) Achieve a balance between population and resource use which will permit high standards of living and a wide sharing of life's amenities; and

(g) Enhance the quality of renewable resources and approach the maximum attainable recycling of depletable resources.

(4) The department recognizes that each person has a fundamental and inalienable right to a healthful environment and that each person has a responsibility to contribute to the preservation and enhancement of the environment.

(5) The department shall ensure that presently unquantified environmental amenities and values will be given appropriate consideration in decision making along with economic and technical considerations.

(6)(a) When the environmental document for a proposal shows it will cause specific adverse impacts, the responsible official shall consider whether:

(i) The environmental document identified mitigation measures that are reasonable and capable of being accomplished;

(ii) Other local, state, or federal requirements and enforcement would mitigate the significant adverse environmental impacts; and

(iii) Reasonable mitigation measures are sufficient to mitigate the significant adverse impacts.

(b) The responsible official may:

(i) Condition the approval for a proposal if mitigation measures are reasonable and capable of being accomplished and the proposal is inconsistent with the policies in this section; or

(ii) Deny the permit or approval for a proposal if reasonable mitigation measures are insufficient to mitigate significant adverse environmental impacts and the proposal is inconsistent with the policies in this section.

(c) The procedures in WAC 197-11-660 must also be followed when conditioning or denying permits or other approvals.

[Statutory Authority: RCW 43.21C.120 and WAC 197-11-904. 84-20-012 (Order 238), § 232-19-120, filed 9/24/84.]

WAC 232-19-130 Informal appeal. Any person who, upon proper application, is denied a permit or approval or contests a condition placed in a permit or approval granted under these rules, may contact the responsible official to discuss the denial or conditions. If the result of this contact with the responsible official does not satisfy the applicant, then that person may contact the responsible official's supervisors up through the chain of command to the director of the department. If the applicant is not satisfied by the results of this informal appeal process, then that person may make a formal appeal. The department encourages the applicant to exhaust this informal appeal process prior to initiating a formal appeal.

[Statutory Authority: RCW 43.21C.120 and WAC 197-11-904. 84-20-012 (Order 238), § 232-19-130, filed 9/24/84.]

WAC 232-19-140 Formal administrative appeal. Any person who, upon proper application, is denied a permit or approval or contests a condition placed in a permit or approval granted under these rules, or a final threshold determination or final EIS, is entitled to an opportunity for hearing, pursuant to the Administrative Procedure Act, chapter 34.04 RCW. To obtain a hearing a written request must be filed with the department. The mailing address is: Department of Game, Habitat Management Division, 600 North Capitol Way, Olympia, WA 98504. Requests must be filed within thirty days of the department's decision. An administrative law judge will be used to hear all evidence. The record in the hearing shall include those items set forth in RCW 34.04.090(5). The record, including a transcript of the oral proceedings, shall be submitted to the director for final decision pursuant to RCW 34.04.110. All final decisions are appealable as provided by the Administrative Procedure Act, chapter 34.04 RCW. Administrative law judges will be provided by the office of administrative hearings. For additional information, reference should be made to WAC 197-11-680 (3)(a) through (c).

[Statutory Authority: RCW 43.21C.120 and WAC 197-11-904. 84-20-012 (Order 238), § 232-19-140, filed 9/24/84.]

(1990 Ed.)

WAC 232-19-180 Severability. If any provision of this chapter or its application to any person or circumstance is held invalid, the remainder of this chapter, or the application of the provision to other persons or circumstances, shall not be affected.

[Statutory Authority: RCW 43.21C.120 and WAC 197-11-904. 84-20-012 (Order 238), § 232-19-180, filed 9/24/84.]

Reviser's note: The text of the gold and fish rules adopted by the department of game has been omitted from publication in the Washington Administrative Code under the authority of RCW 34.05.210(4) as being unduly cumbersome to publish. Copies of the rules may be obtained from the main office of the Department of Game, 600 North Capitol Way, Olympia, Washington 98504, and are available in pamphlet form from the department, its six regional offices, and at numerous drug and sporting goods stores throughout the state.

TEMPORARY REGULATIONS

WAC

232-24-120 Temporary regulation.

Reviser's note: Rules on game and game fish open and closed areas and seasons and bag and catch limits are ordinarily adopted by the game commission on an emergency basis as temporary rules and filed with code reviser's office. Such rules are also printed in pamphlet form and are made available to the public at all places where hunting and fishing licenses are sold. Because of the transitory nature of these rules and the wide distribution of them, such rules are omitted from the Washington Administrative Code by authority of RCW 34.05.210(4). Copies of the pamphlets may also be obtained by writing to the Department of Game, 600 N. Capitol Way, Olympia. The original orders may be inspected in the office of the Code Reviser, Legislative Building, Olympia 98504.

Published each season in pamphlet form are:

1. Hunting seasons and game bag limits.
2. Upland and migratory game bird hunting seasons and bag limits.
3. Game management unit descriptions.
4. Mountain goat hunting season and application instructions.
5. Game fish seasons and catch limits.
6. Dove and pigeon hunting season.
7. Mountain goat and mountain sheep hunting seasons.
8. Hunting and trapping seasons.
9. Fishing seasons and regulations (published in game commission regulation pamphlet).
10. Mourning dove and band-tailed pigeon seasons.
11. Trapping seasons and regulations.
12. Bobcat hunting season.

13. Black bear, cougar, bobcat, raccoon, rockchuck and blacktail jackrabbit.

14. Spring and summer hunting seasons.

WAC 232-28-219 Firearm restriction areas and 1990-1991 deer hunting seasons.

HUNTING FIREARM RESTRICTION AREAS

In firearm restriction areas, centerfire and rimfire rifles are not legal for hunting during any time of the year. Hunters may hunt only during the season allowed by their tag. Archery tag holders may hunt during archery seasons with archery equipment. Muzzleloaders may hunt during muzzleloader seasons with muzzleloader equipment. Modern firearm tag holders may hunt during modern firearm seasons with bows and arrows, muzzleloader or shotguns firing slugs or legal buckshot. Shotguns are not legal for hunting elk.

Note: Other firearm restrictions may be imposed by local ordinances not known to the Department of Wildlife and for specific elk seasons.

DEER

General information

Bag limit: One deer per hunter during the 1990 hunting season.

Hunting method: Hunters must select one of the hunting methods (modern firearm, archery, or muzzleloader).

Buck deer seasons: Open only to the taking of male deer with visible antlers (buck fawns illegal).

Definition: Visible antler is a horn-like growth projecting above the hairline.

Branched antler restriction GMUs: APPLIES TO ALL HUNTERS DURING ANY OPEN SEASON! Buck deer taken in these GMUs must meet minimum antler point requirements. Minimum antler point requirements are antler points on one side only. (Only one antler has to meet the antler point requirement.) Antler points include eye guards but all antler points must be at least one inch long. The following GMUs have 2 or 3 point minimum requirements on buck deer taken.

2 Point GMUs: 433, 478, 558, 574, 576, 584, 586, 588, 636, 681, and GMU 485 (by permit only).

3 Point GMUs: 103, 203, 231, 306, 450, and 455.

3 Point restriction for mule deer in the following GMUs: 127, 130, 133, 136, 139, 142, 145, 148, 151, 154, 160, 161, 163, 166, 169, 172, 175, 178, 181, 184, and 185.

Modern firearm deer seasons

License required: Hunting license for the current calendar year.

Tag required: Deer hunter must have a current, valid, unaltered, unnotched modern firearm deer tag on his/her person.

Hunting method: Modern firearm deer tag hunters may use rifle, handgun, shotgun, bow or muzzleloader, but only during modern firearm seasons. Archery and muzzleloader equipment must meet regulations on pages 5 and 6.

Season overlap: Early archery deer and early muzzleloader deer hunters hunt in common with modern firearm hunters in the high buck hunt (GMUs 203, 301, 302, 450, 455, and Deer Areas 010 and 060). Modern firearm deer permit holders in GMUs 100, 103, 105, 108, 111, 118, 121, and 124 overlap part of the early archery deer hunt. Deer hunts in GMUs 564 and 625 are open to all hunters but firearm restrictions apply. Modern firearm deer permit hunters in GMU 119 overlaps the early muzzleloader deer hunt.

High buck hunt

Tag required: Deer hunter must have a current, valid, unaltered, unnotched modern firearm deer tag on his/her person.

Archery deer seasons

License required: Hunting license.

Tag required: Deer hunter must have a current valid, unaltered, unnotched archery deer tag on his/her person.

Special notes: Archery tag holders can only hunt with archery equipment during archery seasons. In addition, grouse, raccoon, bobcat and rabbits may be taken during archery deer seasons with archery equipment. Archers

may not kill bobcat or raccoon with use of hounds during early archery deer seasons.

Season overlap: Early archery deer seasons overlap the modern firearm high buck hunt in GMUs 203, 301, 302, 450 455 and Deer Areas 010 and 060. Early archery deer seasons also overlap modern firearm, permit hunts in GMUs 100, 103, 105, 108, 111, 118, 121, and 124. Modern firearm permit hunts for 3-point and larger bull elk overlap with early archery deer seasons in GMUs 514, 516, 560, 602 and 638. Early archery deer seasons overlap the muzzleloader damage control elk hunt in ML Area 910 (Cle Elum). Late archery deer seasons overlap the late muzzleloader elk hunt in GMU 484 (Puyallup). Deer hunts in GMUs 564 and 625 are open to all hunters but firearm restrictions apply. In addition, grouse and bear seasons may be open concurrent with archery seasons.

Branched antler GMUs: If GMU is under a branched antler restriction, the hunter may take an antlerless deer or branched antler buck meeting minimum antler requirement.

Muzzleloader deer seasons

Tag required: Deer hunter must have a current, valid, unaltered, unnotched muzzleloader deer tag on his/her person.

Hunting method: Muzzleloader meeting requirements. (See muzzleloader regulations on page 5 and 6.)

Special notes: Muzzleloader tag holders can only hunt during muzzleloader seasons and must hunt with muzzleloader equipment. In addition, muzzleloaders can hunt grouse, raccoon, bobcat, and rabbits during any muzzleloader deer season with a muzzleloader. Muzzleloaders may not kill bobcat or raccoon with use of hounds during early muzzleloader deer seasons. Muzzleloader deer tag holders may apply for all either sex, antlerless only, and branched antler deer special hunting permits.

Season overlap: Modern firearm deer hunters hunt in common with muzzleloader and archery deer hunters in the high buck hunt (GMUs 203, 301, 302, 450, and Deer Areas 010, 040 and 060). The early muzzleloader deer hunt in GMU 119 overlaps the modern firearm permit season.

WAC 232-28-220 1990-91 Elk hunting seasons.

ELK SEASONS

General information

Bag limit: One elk per hunter during the 1990 hunting season.

Hunting method: Elk hunters must select one of the hunting methods (modern firearm, archery, or muzzleloader).

Tag required: Elk hunters must choose one of the four elk areas (Blue Mountains, Yakima, Colockum or Western Washington) to hunt in and buy the appropriate tag for that area. Elk tag areas are shown on map to the right.

Bull elk seasons: Open only to the taking of male elk with visible antlers (bull calves are illegal).

Definitions: Visible antler is defined as a horn-like growth projecting above the hairline. Antler restrictions apply to all hunters during any open season.

Spike bull restriction GMUs: Bull elk taken in these GMUs must have at least one antler that is a spike above the ears.

Spike only GMUs: 145-185.

Branched antler restriction GMUs: Bull elk taken in these GMUs must meet minimum antler point requirements. Minimum antler point requirements are antler points on one side only. Antler points include eye guards but all antler points must be at least one inch long. The following GMUs have 3 point minimum requirements on bull elk taken.

3 point GMUs: 157, 418, 460, 466, 472, 478, 485, 490, 506, 524, 530, 556, 558, 572, 601, 602, 607, 621, 636, 638, 639, and 681.

Special permits: Only modern firearm late season elk tag holders along with muzzleloader tag holders may apply to be drawn in special elk permit seasons. Hunters drawn for a special permit may hunt only with a weapon in compliance with their tag. See page 15 for special permit season explanation. Elk hunters in the Colockum please see SPECIAL CLOSURE NOTICE 7 and 8 on page 21.

Modern firearm elk seasons

Modern firearm elk hunters have early and late hunts in all elk areas. Those who choose the early tag have the first opportunity to hunt bulls, but only those who choose the late tag are able to apply for special elk permits listed on pages 17 and 18.

License required: Hunting license for the current calendar year.

Tag required: Elk hunter must have a current, valid, unaltered, unnotched modern firearm elk tag as listed below on his/her person.

Hunting method: May use rifle, bow or muzzleloader, but only during modern firearm seasons. Hunters selecting the late modern firearm elk tag may apply for special hunt permit seasons outlined on page 15 if eligible.

General bull elk seasons

Legal elk: Male elk with visible antlers are legal throughout the state except in GMUs 145-185 only spike bulls are legal and in branched-antler areas branched antler restrictions apply. See branched antler GMUs listed above and definitions of branched and spike bull elk.

Archery elk seasons

License required: Hunting license for the current calendar year.

Tag required: Elk hunter must have a current, valid, unaltered, unnotched archery elk tag on his/her person.

Hunting method: Bow and arrow meeting requirements.

Special notes: Archery tag holders can only hunt during archery seasons. Grouse, raccoon, bobcat and rabbits may be taken during archery elk seasons with archery equipment. Archers may not kill bobcat or raccoon with use of hounds during early archery elk seasons.

Season overlap: In addition to grouse and bear, archery elk seasons overlap modern firearm deer permit hunts in GMUs 100, 103, 105, 108, 111, 118, 121 and 124. Early archery elk seasons overlap modern firearm permit hunts for 3-point or larger bull elk in GMUs 514, 516, 560, and 638. Early archery elk seasons overlap the muzzleloader damage control hunt in ML 910 (part of GMUs 335, 336). Early archery elk seasons overlap the permit hunt for Reecer Elk Area in GMU 328. Late archery elk seasons overlap the late muzzleloader elk

hunt in GMU 484 and ML 910 (part of GMUs 335, 336). The late archery elk season in GMU 328 overlaps with the modern firearm permit hunt in the Caribou Elk Area in GMU 328.

Branched antler GMUs: Antler restrictions apply in some GMUs. See branched antler restriction GMUs. During either sex seasons in branched antler GMUs, hunters may take antlerless elk or branched antler bull meeting minimum antler requirements.

Early archery elk seasons

Tag required: Elk hunter must have a current, valid, unaltered, unnotched archery elk tag on his/her person for the area hunted: Blue Mountain (BA), Colockum (CA), Yakima (YA), or Western Washington (WA).

Teeth submittal

Special permit hunters may be asked to submit incisor teeth from deer or elk for age determination. Unlike past years, however, only some permit hunters sent a special request are asked to submit incisor teeth from their harvested animal. General tag holders are not asked to submit incisor teeth of deer or elk.

[Statutory Authority: RCW 77.12.020 and 77.04.055. 90-13-045 (Order 444), § 232-28-220, filed 6/15/90, effective 7/16/90.]

WAC 232-28-221 1990-91 Special deer and elk permit seasons.

NOTE: Hunt numbers and GMU numbers are not the same.

The wildlife commission establishes special permit seasons for deer and elk.

A permit gives a hunter additional opportunity but it does not give him/her an extra deer or elk.

To apply for special deer permit: You must have a valid 1990 Washington hunting license and a modern firearm or muzzleloader deer tag. You may submit one (only one) special deer permit application for 1990.

To apply for special elk permit: You must have a valid 1990 Washington hunting license and a valid late modern firearm or muzzleloader elk tag. You may submit one (only one) special permit application for elk. You may not submit an elk permit application if you were drawn for any elk permit during 1988 or 1989. Permit hunters may hunt only with a weapon in compliance with their tag.

Where to get application: Applications for special hunting season deer or elk permits may be bought at all game license dealerships.

Application deadline: To qualify for the drawing all applications must be postmarked no later than August 2, 1990 or received no later than 5:00 p.m. on August 2, 1990 at the department of wildlife headquarters in Olympia or at any of the regional Department of Wildlife offices.

Cost: Single applications (one person) cost \$2.00. Partnership applications (two persons) cost \$4.00. Partnership applications will be accepted for both deer and elk.

- Permits will be drawn by random computer selection.
- Please do not call department of wildlife offices to find out if your application was drawn. All hunters who sent in an application will receive notice in the mail by September 15.
- There are no refunds or exchanges for deer or elk tags for persons applying for special permits.

Special hunting season permits

You MUST have a valid hunting license and tag to apply for any special hunting season set by the wildlife commission. (Does not include hunts listed in the pamphlet as open to all hunters.)

Waiting period: Anyone receiving a special hunting season permit may not apply for another such permit again for:

- Mountain goat - next five years:
- Elk - next two years:
- Moose - lifetime:
- Mountain sheep - a) unsuccessful in harvesting a sheep - five years; b) successful in harvesting a sheep - lifetime.

SPECIAL DEER PERMIT HUNTING SEASONS (Open to permit holders only)

Hunters must purchase a hunting license and deer tag prior to purchase of a permit application. Only modern firearm deer tag holders and muzzleloader deer tag holders may apply for the following permit hunts.

Use the FOUR DIGIT HUNT NUMBER on your application.

Special elk hunting seasons
(Open to permit holders only)

Hunters must purchase a hunting license and elk tag prior to purchase of a permit application. Permit hunters may hunt only with a weapon in compliance with their tag. Applicants must have purchased the proper area tag for these hunts (see elk tag prefix required to apply for each hunt). Hunters drawing a permit for a hunt after the first of the year can use their 1990 license and tag during the hunt.

Use the FOUR DIGIT HUNT NUMBER on your application.

- 2) Western Washington - Cottontail rabbit and snowshoe hare hunting hours are 8:00 a.m. to 4:00 p.m. during the pheasant season on designated pheasant release sites.
- 3) Before September 1 and after January 31 during their respective seasons, the lawful hunting hours

for all game animals and game birds shall be one-half hour before sunrise to sunset.

- 4) Bobcat and raccoon are exempt from hunting hour restrictions during established bobcat and raccoon seasons except when that area is open to modern firearm hunting of deer and elk, hunting hours shall be one-half hour before sunrise to sunset.
- 5) Hunting hours for falconry seasons are exempt from these hunting hours except on designated pheasant release sites.

** Opening Day - In eastern Washington, upland bird and waterfowl seasons open at noon. In western Washington, upland bird and waterfowl seasons open at 8:00 a.m.

SPECIAL CLOSURE NOTICE

It is unlawful to hunt wild animals and wild birds as provided in the following closures:

(1) Little Pend Oreille Wildlife Area: The southern part of the Little Pend Oreille Wildlife Area in Stevens County is closed to hunting and discharge of firearms except during the period of October 1 through December 31. This closure is south of a boundary beginning at the west project boundary in Section 3, Township 34N, R 40 EWM, thence easterly along road 1.0 to the intersection with road 2.0 in Section 2, thence easterly along Road 2.0 to the easterly boundary in Section 8, Township 34N, R 42 EWM.

The Little Pend Oreille Wildlife Area north of the preceding boundary is open to all legally established hunting seasons during September and October.

(2) Parker Lake: All lands south of Ruby Creek Road (USFS #2489), north of Tacoma Creek Road (USFS #2389) and west of Bonneville Power Administration power lines are designated as "CLOSED AREA" to the hunting of wild animals and wild birds except during the period Aug. 1-Sept. 30, 1990. The above closures were established to provide a protected area for the Air Force Military Survival Training Program.

(3) Cathlamet: Those lands between State Highway No. 4 and the Columbia River between Cathlamet and Skamokawa, and all of Puget Island in Wahkiakum County; closed to all deer hunting. This closure is established to protect the endangered Columbia whitetail deer.

(4) Clark, Cowlitz, Pacific, and Wahkiakum counties are closed to Columbia whitetail deer hunting.

(5) Willapa National Wildlife Refuge: Except for Bow Area No. 802 (Long Island), Willapa NWR is closed to all big game hunting. Consult refuge manager for other special regulations, HC 01, Box 910, Ilwaco, Washington 98624-9707, or telephone (206) 484-3482.

(6) Walla Walla Mill Creek Watershed (GMU 157): All lands in the Mill Creek Watershed are designated as a "CLOSED AREA" to the hunting of all wild animals and wild birds except for holders of special controlled elk permits during the established open season. This area is closed to motorized vehicles. Terrain is extremely steep and rugged. Entry is allowed only by Forest Service permit and only for duration of the hunt.

(7) Colockum elk hunting restrictions: No entry in GMUs 330 (West Bar) except permit holders, October 21-23. Closed to entry (no trespassing) October 24-November 9.

(8) Colockum horse restrictions: GMU 330 (West Bar) - It is unlawful to ride horses, mules, or other livestock during any open elk seasons in GMU 330, *Provided*, however, that livestock may be used for transporting

camp gear and elk carcasses. GMU 329 (Quilomene) - It is unlawful to allow a horse to enter the Brush and Cape Horn agricultural fields prior to 9 a.m. from Oct. 21 to Nov. 2, 1990.

(9) Columbia River and all the islands in the river between Vernita Bridge (Highway 24) downstream to the old Hanford townsite powerline crossing (wooden towers) in Section 24, T 13 N, R 27 E, is designated as a "CLOSED AREA" to the hunting of wild animals and wild birds.

(10) Green River (GMU 485): Except for special controlled permit hunts, all lands within GMU 485 are designated as a "CLOSED AREA" to the hunting of big game throughout the year. During the general westside elk season and general and late deer seasons, all lands within GMU 485 are also designated as a "CLOSED AREA" to the hunting of all wild animals and wild birds. The city of Tacoma enforces trespass within GMU 485 on lands owned or controlled by the city during all times of the year.

(11) McNeil Island: McNeil Island (part of GMU 480) is closed to the hunting of all wild animals and wild birds year around.

(12) Westport: Closed to hunting of all big game animals on that part of Westport Peninsula lying north of S.R. No. 105 from the west end of the Elk River Bridge and the Schafer Island Road to the ocean beach.

(13) Baleville: Closed to hunting of all big game animals on those lands between Highway 105 and the Willapa River west of Raymond.

HOUND HUNTING DURING DEER AND ELK HUNTING SEASONS

It is unlawful to hunt at night during any modern firearm deer or elk season.

If hunters apply on a partnership application, the fee for both hunters must be submitted with the application card. If a partnership application is drawn, both hunters will receive a permit and both hunters can take an animal. If the check does not clear or if no check or money order is received, the application will be eliminated from the drawing. Applications for cougar and lynx require a two dollar application fee. The same person may apply for sheep, goat, moose, cougar and lynx permits provided they are eligible as specified below.

Application deadline: Applications must be postmarked no later than July 5, 1990, or received not later than 5:00 p.m., July 5, 1990, at the Washington Department of Wildlife, 600 Capitol Way N, Olympia, WA 98501-1091, or any Department of Wildlife Regional Office.

Computer drawing: Drawings for goat, bighorn sheep, moose, cougar and lynx will be done by computer selection. All applicants will be notified by August 10, 1990.

Sheep hunter orientation: Each hunter who draws a bighorn sheep permit must attend an orientation session before receiving a permit. Permit holders will be notified of Hunter Orientation locations and dates.

Disqualification: Anyone who submits more than one application for each species will be disqualified for drawings for that species.

Incomplete applications: To be eligible for the permit drawing, applications must contain unit number and name, date of birth, hunting license number, complete name and address including zip code.

Permit hunting report: A hunting report will be sent to each permittee. This report must be returned to the department of wildlife within ten days after the close of the hunting season.

Cougar skull, pelt, and tooth requirement: Successful cougar permittees must present the unfrozen pelt and skull of cougar to a state wildlife agent for tagging and tooth extraction within five days of kill.

WAC 232-32-010 Purpose. The purpose of this chapter shall be to ensure compliance by the department of game with the provisions of chapter 72, Laws of 1984 (Title 75 RCW).

[Statutory Authority: 1984 c 72, 84-18-065 (Order 237), § 232-32-010, filed 9/5/84.]

WAC 232-32-020 Definitions. (1) "Volunteer group" means any person or group of persons interested in or party to an agreement with the department of game relating to a cooperative wildlife project.

(2) "Cooperative wildlife project" means a project conducted by a volunteer group that will benefit the game fish, game bird, game animal, or nongame wildlife resources of the state and for which the benefits of the project, including wildlife reared and released, are available to all citizens of the state.

[Statutory Authority: 1984 c 72, 84-18-065 (Order 237), § 232-32-020, filed 9/5/84.]

WAC 232-32-030 Information required from volunteer groups. The following information should be furnished by volunteer groups when applying for a cooperative wildlife project.

[Title 232 WAC—p 112]

(1) Date of application.

(2) Name of volunteer group or person proposing cooperative project. If a group, give the name, address, and telephone number of one person in that group who will serve as contact person and project leader.

(3) General description of proposed project, including title, project objectives (how the proposed project will benefit the wildlife resource), methods for achieving objectives, and criteria for measuring achievement of objectives.

(4) Location and physical size of project, as specific as possible, including county, legal description, street address (if applicable), property ownership, township, range, section, and acreage.

(5) Estimated beginning and ending date of project.

(6) Estimated cost of project in terms of money and man-days for required materials and labor. Include estimate of supervision or assistance that will be required of department of game personnel.

(7) If the project is to plant or rear fish or wildlife, the following additional information should be developed, unless exempted by the department: (a) Species to be produced; (b) proposed source of eggs, broodstock, or juveniles; including how these would be obtained, used, and transferred to and from the project; (c) type of incubation or rearing facilities available; (d) qualitative and quantitative information about water to be used for the project, including volume (high and low flows), temperature, acidity, alkalinity, dissolved oxygen, dissolved solids (for fish projects); (e) number and size(s) of fish, wildlife, or eggs proposed to be incubated, reared, or released, as well as the timing of all phases of these activities; (f) proposed release sites; (g) statement about the volunteer groups' knowledge of culture and pathology of the species proposed to be produced; and (h) availability of professional or technical expertise; i.e., local veterinarian, hatchery nearby, etc.

(8) A list of permits or agreements (other than those needed to raise or release game birds and game fish) needed to accomplish the proposed project, if known; included here would be cooperative landowner agreements, water rights, hydraulic project approval (HPA), building permit, shorelines permit, zoning variance, etc.

[Statutory Authority: 1984 c 72, 84-18-065 (Order 237), § 232-32-030, filed 9/5/84.]

WAC 232-32-040 Review and selection process. The following steps are included in the process of reviewing and selecting cooperative wildlife projects:

(1) Applications will be made available to anyone interested in conducting a cooperative project. Application forms will be available at any time at the Olympia headquarters and all regional offices of the department of wildlife.

(2) Applications for projects may be submitted at any time.

(3) The department will send each applicant, within 45 days of receipt of each application, a written acknowledgement of the receipt of the application and give the applicant a date when notification of acceptance or rejection of the proposal can be expected. The written

acknowledgement will also provide the department's selection criteria and a general description of the review and selection process. Final decisions and notification of acceptance or rejection of proposals where funding is requested will be made only after the biennial budget is passed by the legislature and signed by the governor.

(4) The department will determine when a proposed project might affect the management programs of federal, other state, and local agencies and of treaty Indian tribes and will make contact with these entities, when the department determines it is appropriate to do so, during the review and selection process. If the department determines that ongoing coordination between a volunteer group and another agency or tribe would be appropriate, it may be required as a condition of the permit, when issued.

(5) Each approved agreement will include the following, when determined by the department to be necessary or appropriate: (a) Permit for release of fish or wildlife; (b) procedures for applying for a hydraulic project approval (HPA), and (c) description of methods that will be used to provide the volunteer group with fish, bird, or animal food or other available supplies.

[Statutory Authority: RCW 75.52.050, 88-17-030 (Order 317), § 232-32-040, filed 8/12/88. Statutory Authority: 1984 c 72, 84-18-065 (Order 237), § 232-32-040, filed 9/5/84.]

WAC 232-32-050 Criteria used in selecting cooperative wildlife projects. The following criteria will be considered by the department in ranking project proposals for funding. These criteria are not rigid but are intended to guide the department in selecting projects that are feasible, cost effective, and complementary with other department programs.

(1) Game commission policy: The game commission policies, adopted in 1980, as amended, will be used, along with other criteria, to rank project proposals. Policies include the following: (a) The first management priority will be to establish and perpetuate the highest quality wildlife habitat, with the second priority being to provide recreation opportunity in the form of hunting, fishing, and wildlife enjoyment; and (b) within habitat capabilities, wildlife will be managed according to the following priorities: Natural reproduction rather than stocking; native species of wildlife; and species which provide the most recreational opportunities for hunting, fishing, and wildlife viewing.

(2) Program goals, objectives, and priorities: Project proposals will be ranked according to their adherence to program goals, objectives, and priorities, as outlined in department species plans and regional operational plans. When production or rearing projects are considered, potential conflicts or competition with other species of fish and wildlife, including food fish and shellfish, will be considered.

(3) Costs versus benefits: Project proposals will be evaluated and ranked according to expected ratio of costs to public benefits. Costs will include both money and man-days; benefits may include direct benefits to wildlife or habitat and benefits to the public in terms of

recreational opportunities or increased knowledge about wildlife.

(4) Educational value. Consideration will be given to a project's value in educating and informing the public about the life history and needs of wildlife.

(5) Capabilities of volunteer groups. When considering the renewal or refunding of projects, the relative success of that project and the overall capability of a particular volunteer group in managing cooperative projects and producing results will be considered; this will include the amount of department supervision or assistance required to accomplish the project.

[Statutory Authority: 1984 c 72, 84-18-065 (Order 237), § 232-32-050, filed 9/5/84.]

WAC 232-32-060 Procedures for revocation of a cooperative wildlife project. The following criteria and procedures will be followed when the department considers revocation or actually revokes a cooperative wildlife project:

(1) The department may revoke a cooperative project agreement for the following reasons: (a) A violation of agreement provisions; (b) unavailability of adequate biological or financial resources to continue participation by the department; and (c) the development of unacceptable biological or resource management conflicts.

(2) When the department decides that a cooperative project is in danger of being revoked, a certified letter will be sent to the contact person, with the volunteer group responsible for the project advising him or her of the problem and either setting conditions for continuation of the project, or attempting to arrange a meeting to discuss ways of bringing the cooperative agreement into compliance or resolving other problems that might result in revocation.

(3) When the department decides that a cooperative project should be terminated, a certified letter to that effect will be sent to the contact person within the volunteer group responsible for the project. The exact termination date will be determined by the severity of the problem which requires revocation.

[Statutory Authority: 1984 c 72, 84-18-065 (Order 237), § 232-32-060, filed 9/5/84.]

WAC 232-32-070 Priority for eggs, seed, juveniles, broodstock, and department facilities. The following priorities will be followed in allocating eggs, seed, juveniles, broodstock, or using rearing space at department hatcheries and other facilities:

- (1) Needs of the department of game
- (2) Needs of other public agencies in Washington
- (3) Cooperative wildlife projects
- (4) Exchange agreements with agencies outside Washington
- (5) Sales.

[Statutory Authority: 1984 c 72, 84-18-065 (Order 237), § 232-32-070, filed 9/5/84.]
