Chapter 308-04 WAC GENERAL PROVISIONS

WAC

- 308-04-001 Appointment of director—Agency documents.
- 308-04-010 Requirements for checks in payment of licenses, certificates, etc.—Penalty.
- 308-04-020 Reasonable handling fee for dishonored checks in payment of vehicle licenses, etc.

WAC 308-04-001 Appointment of director—Agency documents. Theresa Anna Aragon was appointed director of the department of licensing on January 16, 1985. All documents issued after that date in the name of the director in the disposition and performance of the official business of the department of licensing shall be considered to have been issued by her or at her direction whether her name, or the name of the former director, appears on the document.

This rule is adopted to ratify the use of thousands of forms now in the department's inventory which have been preprinted with the former director's name, the replacement of which would result in the unnecessary expenditure of state funds.

[Statutory Authority: RCW 43.17.060. 85-22-080 (Order 85-2), § 308-04-001, filed 11/6/85. Statutory Authority: RCW 43.17.060, 43.24.040 and 46.01.160. 81-07-045 (Order DOL 622), § 308-04-001, filed 3/16/81.]

WAC 308-04-010 Requirements for checks in payment of licenses, certificates, etc.—Penalty. (1) All checks must be made payable to the state treasurer or department of licensing, except those checks written in payment for transactions through the department's vehicle and vessel licensing agents may be made payable to the county auditor, who is acting as the agent.

(2) State warrants which bear a reasonable relationship to the amount of license fee due shall be accepted when tendered for payment of license fees. Proper identification will be required.

(3) Checks must be for the exact amount of the license fee due and the purpose for which the check is intended should be noted on its face.

(4) The drawer's name (licensee) and address should appear upon each check. All NSF checks will be re-deposited once. If they fail to clear at the time of the second deposit, the following action will be taken:

(a) The drawer (licensee) will be sent a letter by certified mail advising him or her that the license will be

canceled unless a money order or cashier's check for the amount due is received within fifteen days.

(b) Upon the failure to receive said moneys the state patrol or other appropriate law enforcement agency will be notified.

(c) The failure to pay a license fee or tax due after notice of dishonor has been given will result [in] cancellation of any service, license, permit, or registration provided.

(d) In cases where a dishonored check is given for professional, securities or real estate fee the field representative of said agency will first contact the party and their license will be surrendered.

[(5)][(e)] No checks written on foreign banks (outside of the United States) will be accepted and only those foreign postal money orders made payable in U.S. dollars at the Olympia post office will be acceptable for payment of any license fees[,] provided, however, that Canadian checks marked "Payable in U.S. funds," shall be an exception and will be acceptable for payment.

[Statutory Authority: RCW 46.01.230. 86-08-069 (Order 86-1), § 308-04-010, filed 4/1/86; 80-13-002 (Order DOL 592), § 308-04-010, filed 9/4/80; 78-04-040 (Order 487-DOL), § 308-04-010, filed 3/20/78; Rule 1, filed 6/29/67.]

Reviser's note: RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules, and deems ineffectual changes not filed by the agency in this manner. The bracketed material in the above section does not appear to conform to the statutory requirement.

WAC 308-04-020 Reasonable handling fee for dishonored checks in payment of vehicle licenses, etc. Whenever registrations, licenses, or permits relating to the licensing or registration of vehicles or vessels have been paid for by checks to county auditors, agents, and subagents appointed or approved by the director pursuant to RCW 46.01.140, if the check has been dishonored by nonacceptance or nonpayment, a handling fee, in an amount not to exceed fifteen dollars may be assessed for each such instrument. County auditors, agents, and subagents, may collect restitution, and where they have collected restitution may retain the reasonable handling fee.

[Statutory Authority: RCW 46.01.230(3). 87-21-014 (Order TL/RG 38), § 308-04-020, filed 10/9/87.]

WAC 308-12-031 Registration examination. The form of the examination required of applicants shall consist of a written and an oral examination. Where RCW 18.08.360 refers to the "entire examination," it means the written examination together with the oral examination. The written examination shall be administered at times and locations the board determines appropriate.

The board adopts the architectural registration examination and grading procedures prepared by the National Council of Architectural Registration Boards as the written portion of the examination. The written examination includes computerized versions.

(1) The director shall publish an information guide concerning examination content, locations, and schedules.

(2) To pass the written examination, an applicant must achieve a passing grade on each division.

(3) The oral examination is given upon the applicant's completion of the written examination.

The purpose of the oral examination is to test in those areas of knowledge and skill not covered in the written examination.

The oral part of the examination shall include a review of the applicant's practical experience, an understanding of the law and the responsibility to safeguard life, health, and property and to promote the public welfare.

The oral examination may be conducted by the full board or by an architect member of the board. The board may waive the full board examination if the examining board member deems the applicant prepared for registration. If such waiver is not granted or if the examining board member fails the applicant, the applicant must then appear for a full board oral examination.

The board may waive the entire oral examination based upon certification by the National Council of Architectural Registration Boards of successful completion of the intern development program. Applicants may submit the "Green Cover" IDP certificate in lieu of the exhibit checklist which is required for the oral examination. This waiver of oral examination does not affect the requirement to summarize the law and rules pertaining to architecture.

If an applicant does not receive a recommendation for registration, the board will advise the applicant of the areas of deficiency and schedule another oral examination.

An applicant must successfully complete the entire examination within a five-year period. The five-year

period shall begin with the month an applicant begins the examination process. Passing scores for any division of the examination may be carried forward for a period of five years from the date the applicant passed that division of the examination. Applicants shall retake any division of the examination which was passed more than five years previously, along with any division of the examination not yet passed. The oral examination is part of the entire examination and shall be completed within the five-year period.

WAC 308-31-100 Delegation of acts to unlicensed persons. The purpose of WAC 308-31-110 and 308-31-120 is to establish guidelines on delegation of duties to persons who are not licensed to practice podiatry. The podiatry laws of Washington state authorize the delegation of certain duties to nonpodiatric personnel and prohibit the delegation of certain other duties. The licensed podiatrist is ultimately responsible for all treatments performed at his direction. Duties that may be delegated to a person not licensed to practice podiatry may be performed only under the supervision of a licensed podiatrist. The degree of supervision required to assure that treatment is appropriate and does not jeopardize the systemic or pedal health of the patient varies with, among other considerations, the nature of the procedure and the qualifications of the person to whom the duty is delegated. The board therefore, in order to promote the welfare of the state and to protect the health and well-being of the people of this state, finds that it is necessary to adopt the following definitions and regulations.

[Statutory Authority: RCW 18.22.015. 87-04-050 (Order PM 638), § 308-31-100, filed 2/3/87; 84-02-077 (Order PL 450), § 308-31-100, filed 1/4/84.]

WAC 308-49-140 Registration of establishments.

(1) Each funeral establishment entering into prearrangement funeral service contracts in which one or more of the following conditions exist must be registered with the board before entering into such contracts:

(a) The sales price of the contract, using either trust or insurance as a method of funding, guarantees a final price for merchandise and services. The guarantee assures the purchaser that there will be no additional charges for the merchandise and services disclosed within the agreement.

(b) The sales price of the contract using a trust as a method of funding plus accruals will be applied toward the cost of merchandise and services at the time of need. Should the cost of merchandise and services selected at the time of need exceed the sales price of the contract plus accruals, the purchaser will pay the difference. Should the cost of merchandise and services selected at the time of need be less than the sales price of the contract plus accruals, the purchaser will receive a refund for the difference.

(c) Insurance is used as a method of funding guaranteeing a final price for merchandise and services. Such guarantee assures the purchaser that there will be no additional charges for merchandise and services disclosed in the agreement.

(2) Before entering into any prearrangement funeral service contracts in this state, a funeral establishment shall first obtain a certificate of registration from the board. To apply for registration, a funeral establishment must file an application on forms approved by the board of funeral directors and embalmers, which includes:

(a) The name, address, and telephone number of the funeral establishment;

(b) A statement of the establishment's current financial condition and an explanation of how the establishment plans to offer, market and service prearrangement contracts including:

(ii) A balance sheet and a profit and loss statement for the most recently concluded fiscal year and/or other such fiscal documents as the board may require;

(c) The prearrangement funeral service contract forms the establishment proposes to use need not be in final printed form when submitted; however, a copy of the final printed form shall be filed with the board before the form is used;

(d) Identification of the trustee(s) of the prearrangement funeral service trust, including address and telephone number.

(e) A copy of the prearrangement funeral service trust agreement and the prearrangement funeral service trust depository agreement.

(3) Upon review of the application, the board may require additional information or explanation prior to registration or refusing to register the funeral establishment.

(4) The application shall be accompanied by a check payable to the state treasurer in the amount required by the director for issuance of the certificate of registration.

WAC 308-49-200 Telephone solicitation. (1) The use of telephones for solicitation of prearrangements is prevalent. This form of communication offers unique benefits, but entails special risks and poses potential for abuse. The board finds that any impropriety in telephone solicitation is a matter vitally affecting the public interest. For the general welfare of the public and in order to protect the integrity of the funeral industry, the use of telephones in solicitation of prearrangements must be defined by the board.

(2) Definitions:

(a) "Telephone solicitor" means any person who engages in telephone solicitation on behalf of a holder of an establishment license.

(b) "Telephone solicitation" means an unsolicited telephone call to a person and conversation for the purpose of inducing the person to make funeral prearrangements made without previous invitation, expressed or implied, by the person called.

(3) Time limits:

(a) No licensee may knowingly cause a telephone solicitation to be made to any person more often than once in every six months.

(b) A telephone solicitor shall not place calls which will be received before 8:00 a.m. or after 9:00 p.m.

(4) Unfair/deceptive practices. A telephone solicitor may not engage in any conduct the natural consequence of which is to harass, intimidate, or torment any person in connection with the telephone call.

(5) Identification. Within the first thirty seconds of the telephone call, a telephone solicitor or salesperson shall:

(a) Identify himself or herself, the company on whose behalf the solicitation is being made, the property, goods, or services being represented; and

(b) Terminate the telephone call within ten seconds if the purchaser indicates he or she does not wish to continue the conversation.

(6) Termination of contact. If at any time during the telephone contact, the purchaser states or indicates that he or she does not wish to be called again by the telephone solicitor or wants to have his or her name and individual telephone number removed from the telephone lists used by the telephone solicitor, the telephone solicitor shall not make any additional telephone solicitation of the called party at that telephone number within a period of at least one year.

(7) Enforcement. In the event that the board discerns a pattern of violation of these standards the board may act against the registrant's prearrangement registration as provided by chapter 18.39 RCW.

(4) Pure tone audiometer calibrated in accordance with WAC 308-50-120.

(5) Equipment appropriate for conducting speech audiometry (testing).

[Statutory Authority: RCW 18.35.161, 84-19-019 (Order PL 479), § 308-50-110, filed 9/12/84; Order PL 159, § 308-50-110, filed 2/8/74.]

WAC 308-50-120 Standards for equipment calibration. All electronic equipment utilized by licensees for the determination of audiometric thresholds for pure tones and for speech shall conform to all current standards of the American National Standards Institute (at present, ANSI S3.6 - 1969). Licensees shall insure that all such audiometric equipment has been evaluated electrically and acoustically at least once each year, adjusted or repaired if necessary, and that conformity with such standards was determined at that time. Records of such calibration shall be permanently maintained by licensees and shall be available for inspection at any time by the department. No licensee shall be permitted to certify as to the calibration of his own equipment unless authorized to do so by the department. In addition, all licensees shall utilize routine procedures for the daily inspection of audiometric equipment, or prior to use if used less often than on a daily basis, to generally determine that it is in normal working order.

[Statutory Authority: RCW 18.35.161, 84-08-062 (Order PL 463), § 308-50-120, filed 4/4/84; Order PL 159, § 308-50-120, filed 2/8/74.]

(1) Obtain case history to include the following:

(a) As required by WAC 308-50-320, documentation of referrals, or as otherwise required by this chapter.

(b) Historical evaluation to include inquiry regarding hearing loss, onset of loss, and any associated symptoms including significant noise in the ears, vertigo, acute or chronic dizziness, nausea, earaches, or other such discomfort which may indicate the presence of medical illness. Specific inquiry should be made to determine if hearing loss has been sudden or rapidly progressive in the past ninety days, if there has been any active drainage or infection in ears during the past ninety days, and if there are any specific physical problems which may relate to the use of a hearing aid.

(2) Examination of the ears should be done to reasonably determine if any of the following conditions exist:

(a) Impacted ear wax.

(b) Foreign body within the ear canal.

(c) Discharge in the ear canal.

(d) Presence of inflammation or irritation of the ear canal.

(e) Perforation of the ear drum.

(f) Any other abnormality.

(3) Hearing testing shall be performed to include the following:

(a) Hearing loss, or residual hearing, shall be established for each ear using puretone threshold audiometry by air and bone conduction with effective masking as required.

(b) Appropriate live voice or recorded speech audiometry by ear phones to determine the following: Speech reception threshold, most comfortable level, uncomfortable level, and the speech discrimination percent.

(c) Hearing testing shall be conducted in the appropriate environment as required by WAC 308-50-110, minimum standards of equipment, or as otherwise required by this chapter.

(d) When puretone audiometry indicates an air-bone gap of 15db or more, 500, 1000, and 2000 Hz, the presence of unilateral hearing loss, or any inconsistent audiometric findings, the client shall be advised of the potential help available through medical treatment. Should the client decline to consider such methods, or if the client has previously been appropriately treated or has been advised against such procedures, an appropriate notation shall be made in the client's record.

(e) In the event a client is referred to a licensee by an M.A. audiologist, otologist, otolaryngologist, or by a fitter/dispenser duly licensed under chapter 18.35 RCW, and the audiometric results obtained within the previous six months are provided to the licensee as a part of this referral, the applicable provisions of WAC 308-50-130 shall not be required. However, a confirmatory audiometric examination is recommended.

(4) Medical evaluation requirements:

(a) If the prospective hearing aid user is eighteen years of age or older, the hearing aid dispenser may afford the prospective user an opportunity to waive the medical evaluation requirements of (b) of this subsection provided that the hearing aid dispenser:

(i) Informs the prospective user that the exercise of the waiver is not in the user's best health interest;

(ii) Does not in any way actively encourage the prospective user to waive such a medical evaluation;

(iii) Affords the prospective user the opportunity to sign the following statement:

I have been advised by (hearing aid fitter/dispenser name) that the Food and Drug Administration has determined that my best health interest would be served if I had a medical evaluation before purchasing a hearing aid; and

(iv) Provides the prospective user with a copy of the signed waiver statement.

(b) Except as provided in (a) of this subsection, a hearing aid dispenser shall not sell a hearing aid unless the prospective user has presented to the hearing aid dispenser a written statement signed by a licensed physician that states that the patient's hearing loss has been medically evaluated and the patient may be considered a candidate for a hearing aid. The medical evaluation must have taken place within the preceding six months.

(5) Selection and fitting of the hearing aid shall include the following:

(a) Provide information regarding the selection of the most appropriate method and model for amplification for the needs of the client.

(b) Provide the user with the cost of the recommended aids and services.

(c) Provide for or have available an appropriate custom made ear mold.

(d) Provide final fitting of the hearing aid to ensure physical and operational comfort.

(e) Provide adequate instructions and appropriate post-fitting adjustments to ensure the most successful use of the hearing aid.

(6) Keeping records on every client to whom the licensee renders service in connection with the dispensing of a hearing aid. Such records shall be preserved for at least three years after the dispensing of the first hearing aid to the client. If other hearing aids are subsequently dispensed to that client, cumulative records must be maintained for at least three years after the latest dispensing of an aid to that client. The records must be available for the department inspection and will include:

(a) Client's case history.

(b) Source of referral and appropriate documents.

(c) Medical clearance for the hearing aid user or the waiver set forth in subsection (4)(a)(iii) of this section which has been signed after being fully informed that it is in the best health interest to seek medical evaluation.

(d) Copies of any contracts and receipts executed in connection with the fitting and dispensing of each hearing aid provided.

(e) A complete record of tests, test results, and services provided except for minor services.

(f) All correspondence specifically related to the service given the client or the hearing aid or aids dispensed to the client.

WAC 308-50-140 Bait advertising. It shall be unethical to engage in bait advertising. In determining whether there has been a violation of this rule, consideration will be given to acts or practices indicating that the offer was not made in good faith for the purpose of selling the advertised product or service, but was made for the purpose of contacting prospective purchasers and selling them a product, service or products other than the product or service offered. In addition to the procedures outlined in chapter 18.35 RCW, other acts or practices which are considered bait advertising include:

(1) The creation, through the initial offer or advertisement, of a false impression of the product offered in any material respect;

(2) The refusal to show, demonstrate, or sell the product offered in accordance with the terms of the offer;

(3) The disparagement, by acts or words, of the product offered, or the disparagement of the guarantee, credit terms, availability of service, repairs or parts, or in any other respect, in connection with it;

(4) The showing, demonstrating, and in the event of sale, the delivery, of a product which is unusable or impractical for the purpose represented or implied in the offer;

(5) The refusal, in the event of sale of the product offered, to deliver such product to the buyer within a reasonable time thereafter; and

(6) The failure to have available a quantity of the advertised product at the advertised price sufficient to meet reasonably anticipated demands.

It is not necessary that each act or practice set forth above be present in order to establish that a particular offer is violative of this rule.

WAC 308-50-150 Unfair or deceptive practices, unethical conduct and unfair methods of competition—Misrepresenting products, services, personnel or material facts. It shall be an unfair or deceptive practice, unethical conduct or unfair method of competition for a licensee to misrepresent:

(1) The grade, quality, quantity, origin, novelty, price, cost, terms of sale, use, construction, size, composition, dimensions, type, design, development, visibility, durability, performance, fit, appearance, efficacy, benefits, cost of operation, resistance to climatic conditions, or physiological benefits of any hearing aid or the psychological well-being induced by a hearing aid;

(2) Any service or adjustment offered, promised, or to be supplied to purchasers of any hearing aid;

(3) Any material fact pertaining to the manufacture, distribution or marketing of any hearing aid; or

(4) The scientific or technical knowledge, training, experience or other qualifications of a licensee, or of his employees, relating to the selection, fitting, adjustment, maintenance or repair of industry products;

(5) Misrepresent shall mean making misleading, deceiving, improbable or untruthful representations or in any other material respect, the character, extent or type of his/her business except as provided in WAC 308-50-170.

(1) The nature and extent of the guarantee, and

(2) Any material conditions or limitations in the guarantee which are imposed by the guarantor, and

(3) The manner in which the guarantor will perform thereunder, and

(4) The identity of the guarantor. (The necessary disclosure requires that any guarantee made by the licensee which is not backed up by the manufacturer must clearly state that the guarantee is offered by the licensee only.)

[Title 308 WAC—p 110]

Representations that a hearing aid is "guaranteed for life" or has a "lifetime guarantee," in addition to meeting the above requirements, shall contain a conspicuous disclosure of the meaning of "life" or "lifetime" as used (whether that of the purchaser, the product or otherwise).

Guarantees shall not be used which under normal conditions are impractical of fulfillment or which are for such a period of time or are otherwise of such nature as may have the tendency to mislead purchasers or prospective purchasers into the belief that the hearing aid so guaranteed has a greater degree of serviceability, durability or performance capability in actual use than is true in fact.

This rule has application not only to "guarantees" but also to "warranties," to purported "guarantees" and "warranties," and to any promise or representation in the nature of a "guarantee" or "warranty."

(3) Use in advertising the words or expressions, "no button," "no ear button," "no buttons or receivers in either ear," or other words or expressions of similar import, unless such representations are true and unless, in close connection therewith and with equal prominence, a clear and adequate disclosure is made that an earmold or plastic tip is inserted in the ear if such is the fact.

(4) Represent, directly or by implication, that a hearing aid utilizing bone conduction has certain specified features such as the absence of anything in the ear, or leading to the ear, or the like, without disclosing clearly and conspicuously that the instrument operates on the bone conduction principle and that in most cases of hearing loss this type of instrument is not suitable.

(a) The board adopts the examination of the federation of state licensing boards as the examination given by the board.

(b) The minimal passing scores for each component of the FLEX I and II examinations shall be seventy-five percent.

(c) An applicant must pass both components of the examination within seven years. An applicant will be required to demonstrate evidence of completion of a remedial or refresher medical course approved by the board after three failures of a single component. There will be no exemptions from the seven-year limitation because of failure to sit for an examination or because a remedial or refresher course was required.

(d) Applicants will be eligible to take FLEX I after completion of medical school and satisfactory verification of good standing in a board-approved postgraduate training program. FLEX II may only be taken after having completed or substantially completed the first year of postgraduate training: *Provided*, That after completing or substantially completing one year of a board-approved postgraduate training program, an applicant has the option of taking FLEX II or taking both FLEX I and FLEX II in a single sitting.

WAC 308-52-265 FLEX examination standards. Reciprocity applicants who were licensed by passing the FLEX examination will be eligible for examination waiver if the applicant received a FLEX weighed average score of at least 75. The score may be obtained in a single setting of the three-day examination or by averaging the individual day scores from different examinations. The individual day scores will be averaged according to the following formula:

Day 1 equals 1/6.

Day 2 equals 2/6.

Day 3 equals 3/6.

The overall average score shall be truncated to the nearest whole number (i.e., an average of 74.9 equals 74). Single subject averaging is not permitted. All FLEX scores must be submitted directly from the federation of state medical boards. FLEX scores reported by other states will not be accepted.

WAC 308-52-320 License renewal registration date and fee. (1) Effective with the renewal period beginning July 1, 1976, the annual license renewal date will be changed to coincide with the licensee's birthdate. Conversion to this staggered renewal system will be accomplished as follows:

(a) Current licensees, as of June 30, 1976. Licensees desiring to renew their licenses will be required to pay a fee of fifteen dollars plus one-twelfth of that amount for each month, or fraction thereof, in order to extend their license renewal to expire on their birth anniversary date during calendar year 1977 or 1978. Example: Licensee's birthdate is September 1, therefore, the fee is computed at fifteen dollars plus three dollars and seventy-five cents for three months, or eighteen dollars and seventy-five cents.

(b) Individuals making application for initial license and examination, provided they meet all such requirements, will be issued a license to expire on their next birth anniversary date.

(c) Individuals making application for initial license with the state of Washington and under the reciprocity regulations, provided they meet all such requirements, will be issued a license to expire on their next birth anniversary date.

(2) After the initial conversion to a staggered renewal system, licensees may renew their licenses, at the annual renewal fee rate, for one year, from birth anniversary date to birth anniversary date.

(3) Under the staggered license renewal system the late payment penalty provision will be applied as follows:

(a) Before the expiration date of the individual's license, as a courtesy, a notice for renewal of license will be mailed to last address on file to every person holding a current license. The licensee must return such notice along with current renewal fees prior to the expiration of said license. Should the licensee fail to renew his or her license prior to the expiration date then the individual is subject to the statutory penalty fee. If the licensee fails to renew his or her license within three years from expiration date thereof, such individual must apply for licensing under the statutory conditions then in force.

Whenever possible, all copies of official diplomas, transcripts and licenses or certificates should be forwarded directly to the board from the [(issuing)] [(licensing)] agency rather than from the applicant. Individuals must document their education by means of transcripts, diplomas, patient logs verified by the preceptor, or by other means requested by the board. Applicants for registration must have successfully completed the following training:

(1) The applicant must have completed a minimum of two academic years or 72 quarter credits of undergraduate college education in the general sciences and humanities prior to entering an acupuncture training program. The obtaining of a degree is not required for the educational credits to qualify. Credits granted by the college towards prior life experience will not be accepted under this requirement.

(2) The applicant must have successfully completed a course of didactic training in basic sciences and acupuncture over a period of two academic years. The basic science training must include a minimum of 250 hours or 21 quarter credits and include such subjects as anatomy, physiology, bacteriology, biochemistry, pathology, hygiene and a survey in Western clinical sciences. The basic science classes must be equivalent to courses given

in accredited bachelor of science programs. The acupuncture training must include a minimum of 700 hours or 58 quarter credits in acupuncture theory, and acupuncture diagnosis and treatment techniques. The board will not accept credits obtained on the basis of challenging an exam. Transfer credits from accredited colleges or board approved acupuncture programs will be accepted.

(3) The applicant must have successfully completed a course of clinical training in acupuncture over a period of one academic year. The training must include a minimum of 100 hours or 9 quarter credits of observation, which shall include case presentation and discussion. The observation portion of the clinical training may be conducted during the didactic training but will be considered part of the clinical training for calculation of hours or credits. There must also be a minimum of 350 hours or 29 quarter credits of supervised practice, consisting of 400 separate patient treatments. A minimum of 120 different patients must have been treated.

WAC 308-52-502 Acupuncture—Program approval.

(1) Procedure. The board will consider for approval any school, program, apprenticeship or tutorial which meets the requirements outlined in this regulation and provides the training required under WAC 308-52-500 Acupuncture assistant education. Approval may be granted to an individual registration applicant's training, or to existing institutions which operate on a continuing basis. Clinical and didactic training may be approved as separate programs or as a joint program. Any clinical instruction conducted in this state must be approved by the board prior to initiation. The program approval process is as follows:

(a) Programs seeking approval shall file an application with the board in the format required by the board.

(b) The board will review the application and determine whether a site review is necessary (in the case of an institution) or an interview is appropriate (in the case of individual training) or approval may be granted on the basis of the application alone.

(c) The site review committee shall consist of two board members, two acupuncturists from the board's acupuncture advisory committee, and one member of the board staff. The review committee may visit the program any time during school operating hours. The committee will report to the board in writing concerning the program's compliance with each section of the regulations.

(d) After reviewing all of the information collected concerning a program; the board may grant or deny approval, or grant approval conditional upon program

modifications being made. In the event of denial or conditional approval, the program may request a hearing before the board. No approval shall be extended to an institution for more than three years, at which time a request for reapproval may be made.

(e) The board expects approved programs not to make changes which will result in the program not being in compliance with the regulations. Programs must notify the board concerning significant changes in administration, faculty or curriculum. The board may inspect the school at reasonable intervals to check for compliance. Program approval may be withdrawn, after a hearing, if the board finds the program is no longer in compliance with the regulations.

(2) Didactic faculty. Didactic training may only be provided by persons who meet the criteria for faculty as stated in the council for postsecondary education's WAC 250-55-090 Personnel qualifications. Under no circumstances will an unregistered instructor perform or supervise the performance of acupuncture.

(3) Clinical faculty. Clinical training may be provided only by persons who meet the following criteria:

(a) The instructor must be a practitioner who has had a minimum of three years of full time acupuncture practice experience. One year full time acupuncture practice is defined as a minimum of one thousand patient hours.

(b) If the training is conducted in this state, the practitioner must be registered to practice in this state. In the case of a school or program, the approval of the institution will include a review of the instructor's qualifications and the training arrangements. Approval of the instructors will extend to instruction conducted within the program.

(c) Clinical training shall be established to guarantee that student apprentices shall be exposed to a broad representation of styles and techniques. The required training hours for student observation and supervised clinical practice shall be obtained from a minimum of three instructors. No more than forty percent of the clinical instruction shall be obtained from any one instructor.

(d) For training not conducted in this state to be acceptable, the instructor must be licensed by a state or country with equivalent license standards.

(4) Supervision of training. Clinical training in this state must be conducted under the general supervision of the instructor's sponsoring physician. During any given clinic period, the acupuncture instructor may not supervise more than four students. The number of students present during an observation session should be limited according to the judgment of the instructor. Supervision by the instructor during clinical training must be direct: Each diagnosis and treatment must be done with the knowledge and concurrence of the instructor. During at least the first 100 treatments, the instructor must be in the room during treatment. Thereafter, the instructor must at least be in the facility, available for consultation and assistance. A medical doctor may only supervise two acupuncture assistant instructors per clinical instruction period.

The store accepts no responsibility for the actions of John Smith, O.D., its lessee.

John Smith, O.D., is a lessee of the store, not an employee. As a part of the lease, he has agreed to follow the store's policy of "guaranteed satisfaction or your money back." (Obviously, only if this is true.)

Washington law prohibits the store from controlling or owning the practice of a licensed doctor of optometry. Accordingly, the store can assume no responsibility for Dr. Smith's professional services.

The store is responsible for filling your optical prescription. It is not responsible for the professional services of Dr. Smith, its lessee. (If the store operates the optical dispensary.)

(3) No statement of origin or other similar document can be accepted for the issuance of a title unless all persons named on said statement have released or assigned their interest thereon, or on a department release of interest form. If the selling dealer is the only interest named, a dealer's report of sale on a title application shall have the effect of a release.

(4) Dealer to dealer transfers may be accomplished either by appropriate endorsement of the statement of origin or other similar document, or by a department release of interest form. A complete chain of ownership must be reflected from the original dealer named on the MSO to the retail selling dealer making the application.

Chapter 308-58 WAC REPORTING DESTROYED VEHICLES

WAC
308-58-010 Definitions.

(1990 Ed.)

308-58-020 Method of reporting destruction.
308-58-030 Sale of salvage.
308-58-040 Destroyed vehicles rebuilt.

WAC 308-58-010 Definitions. For the purpose of RCW 46.12.070, destruction of a vehicle or its total loss, less salvage, shall include:

(1) Its being dismantled with the intention of never again operating it as a vehicle;

(2) Its being damaged to the extent that the cost of repairing it exceeds its market value immediately prior to the accident or occurrence; or

(3) Its being damaged to the extent that the cost of repairing it plus its salvage value in its damaged condition exceeds or approximately equals the market value of the vehicle in its repaired or restored condition.

For the purpose of RCW 46.12.070, the settlement of an insurance claim shall mean the date on which an insurance company receives a certificate of title covering a vehicle on which a claim has been or will be paid and the owner has chosen to relinquish ownership of the damaged vehicle. In the instance of an owner desiring to retain the damaged vehicle and its title, settlement shall be the date on which the insurer actually pays for the loss.

[Order MV 142, § 308-58-010, filed 8/28/72.]

WAC 308-58-020 Method of reporting destruction. An insurance company settling a claim for a destroyed vehicle will report such settlement by one of two methods:

(1) If the title comes into the insurer's possession in the course of a settlement with a first or third party claimant, the title will be forwarded to the department of licensing within five days. The insurer will type or print on the title, the name and address of the insurer, a notation "DESTROYED" or, in the event the vehicle is a total loss under the definitions contained in WAC 308-58-010, but in the opinion of the insurer may be repaired at a cost not to exceed sixty percent of its fair market value if repaired, a notation "TOTAL COST OF REPAIR LESS THAN SIXTY PERCENT," and the approximate date of destruction. The requested information will be placed on the title in such a manner as not to obscure any of the printed matter on the title itself. The title, with the information thereon, will be mailed to the Vehicle Records Section, Department of Licensing, Olympia, Washington 98504.

(2) If the destroyed vehicle and its title do not come into the insurer's possession, the insurer will report the fact of settlement within five days of settlement on a form to be supplied by the department of licensing. The report will include the following information:

(a) Year, make, series and body style of vehicle;

(b) License plate number, last year of registration and name of state in which registered;

(c) Registered and legal owner's name and address, if known;

(d) Cause of damage;

[Title 308 WAC—p 159]

(e) Whether vehicle is repairable (A vehicle should be considered repairable only if its cost of repair would not exceed sixty percent of its fair market value if repaired.);

(f) Date of sale and amount of sale;

(g) Name and address of purchaser and whether he is the assured, private party, salvage buyer, auto wrecker or fragmentizer;

(h) Name and address of insurance company or agent;

(i) Date of report.

In an instance where an insurer does not obtain possession of the title, the registered owner will forward the title to the department of licensing within five days of the destruction of the vehicle. The title will be endorsed by the legal owner to release his interest, if the legal owner is not the same as the registered owner. The registered owner will print or type on the title the word "DESTROYED," the approximate date of destruction and sign the title. The license plates from the vehicle will be surrendered to any office of the department of licensing.

The title for a vehicle that has been destroyed, which title has not been surrendered to the department, shall be cancelled. Notice of this cancellation will be mailed to the legal owner of the vehicle by regular mail to his address as shown in the department's vehicle records. The legal owner will promptly return the cancelled title to the department.

[Statutory Authority: RCW 46.01.110. 88-23-037 (Order TL/RG 46), § 308-58-020, filed 11/9/88; Order MV 142, § 308-58-020, filed 8/28/72.]

WAC 308-58-030 Sale of salvage. After the title has been sent to the department of licensing as a part of the report of destruction, and the owner decides to sell the damaged vehicle, it may be sold by using a bill of sale instead of the title. The bill of sale must include the statement that the vehicle's title has been sent to Olympia as a part of the report of destruction. In the case of a registered owner, his signature on the bill of sale must be notarized to convey his interest in the vehicle to a purchaser unless the purchaser is a licensed auto wrecker or dealer in which case a bill of sale need not be notarized. In the case of an insurer, the bill of sale must be signed by someone authorized by the insurance company to sign on its behalf. The title of the person signing for the insurance company must be shown on the bill of sale.

An auto wrecker licensed under chapter 46.80 RCW may utilize a bill of sale issued in accordance with the preceding paragraph in lieu of a title to comply with RCW 46.80.090.

[Statutory Authority: RCW 46.01.110. 88-20-035 (Order TL/RG 44), § 308-58-030, filed 9/30/88; Order MV 142, § 308-58-030, filed 8/28/72.]

WAC 308-58-040 Destroyed vehicles rebuilt. An application for title to a destroyed vehicle less than four years old that has been repaired will contain the word "REBUILT" just above the applicable series and body type in the space reserved on the application for series and body type. The application will be accompanied by a bill

of sale for the vehicle, passing ownership to the applicant for title. The application must also be accompanied by a signed statement confirming that the vehicle's identification number is the same as that shown on the application for title. This statement must be signed by someone authorized by the director of motor vehicles to confirm vehicle identification numbers. The former license plate cannot be transferred. An original license plate must be purchased.

When the new title is prepared by the department, the title and registration will contain the word "REBUILT" in an appropriate location on each certificate. This identification will continue to appear on every certificate issued by the department for this vehicle whenever it is licensed or titled in Washington.

The requirements of this section shall not be applicable to a vehicle for which the cost of repair does not exceed sixty percent of the fair market value of the vehicle, if repaired, as determined by the insurance company report or title.

[Order MV 142, § 308-58-040, filed 8/28/72.]

(1) Examples of unlawful acts or practices, as defined by RCW 46.70.180 (1)(a), include, but are not limited to representations such as "no down payment," "a dollar down," "five dollars down," "take-over payments," "no cash out of your pocket," "no cash needed," and others of similar nature if either secondary financing or initial payment of any amount, including factory rebates in excess of that represented, is required from the purchaser. A dealer's plan to have all or a portion of the selling price financed by a third party does not relieve the dealer of an obligation to refrain from this prohibited type of advertising. When any of these representations are made a payment disclosure shall be made as contained in subsection (6) of this section.

(2) Examples of unlawful acts or practices as defined by RCW 46.70.180 (1)(b), include, but are not limited to representations such as "one hundred percent financing" if the terms of the purchase involve more than one security agreement and payments to more than one financing institution. When collateral in addition to the vehicle is required, it shall be listed on the security agreement containing the vehicle's description, not on a separate agreement.

(3) It shall be considered false, deceptive or misleading, and thereby unlawful, to advertise with words, phrases, or initials which are not clear and conspicuous and easily comprehended by persons other than those closely allied with the vehicle industry.

(a) Clear and conspicuous within an advertisement shall mean:

(i) In the case of a television advertisement, the information required to be disclosed shall be completely disclosed audibly, visually, or a combination thereof.

(A) If made visually, shall be made in a type size sufficiently large to be read with reasonable ease; shall appear on the television screen for at least seven seconds; shall be in print type of a color or shade that contrasts readily with the background; shall not be obscured by other words or images appearing on the television screen; and

(B) If made audibly, shall be spoken with sufficient deliberateness, clarity, and volume so as to be understood by the average television listener; shall not be obscured by sounds which interfere with or distract from the disclosures being made.

(ii) In the case of a radio advertisement, the information required to be disclosed shall be spoken with sufficient deliberateness, clarity, and volume so as to be understood by the average radio listener; shall not be obscured by sounds which interfere with or distract from the disclosures being made.

(iii) In the case of a printed advertisement, the information required to be disclosed shall be made in a type size which shall be sufficiently large to be read with reasonable ease and shall be made in relatively close proximity to each of the terms which require that the disclosures be made; disclosures shall be made in such color and contrast so as not to be obscured by other words or pictures appearing in the advertisement.

(b) Examples of words, phrases, or initials which are not easily comprehended by persons other than those closely allied with the vehicle industry, and that may not be used without explaining their meaning in the same advertisement, include but are not limited to: Executive; capitalized cost reduction, o.a.c., c.f., f.o.b. The words annual percentage rate may be abbreviated to read A.P.R. or apr.

(4) Examples of false, deceptive or misleading, and thereby unlawful statements or representations within the meaning of RCW 46.70.180(1) include, but are not limited to:

(a) Advertising a used vehicle for sale that is not available at the time the advertisement is placed;

(b) Advertising a new vehicle as available for immediate delivery if it is available only on order;

(c) Advertising any offer in connection with the sale of a vehicle or model or type of vehicle without disclosing any material limitations, including, but not limited to, the time limit, or that there is no time limit on the offer;

(d) Advertising using a picture:

(i) Of a new vehicle which does not substantially show the same vehicle offered for sale; or

(ii) Of a used vehicle which is not the same vehicle offered for sale;

(e) Causing an advertisement to be placed by a dealer or dealer representative that does not identify the dealer by his/her complete business name, or by the word "dealer" or abbreviation "DLR";

(f) Incorporating in the dealer's name any term or designation which would have a tendency to mislead others as to the true nature of the business, such as the use of "wholesale," when a dealer's business is substantially retail, or "discount" when the price and policy of a dealer does not provide substantial discounts;

(g) Advertising a not-new vehicle manufactured less than two years prior to the date of the advertisement without designating the vehicle as "used," "demo," or "demonstrator." For purposes of adequate disclosure, the appropriate quoted term must be employed. Other descriptive words, such as "executive," "lease," or "rental"

may be used in conjunction therewith, but not so as to create ambiguity as to whether a said vehicle is new, used, or a demonstrator.

(h) Advertising a "rebuilt vehicle" for sale with knowledge as defined in RCW 46.70.101 (1)(b)(xi) that the vehicle is rebuilt, without clearly and conspicuously disclosing "rebuilt" in the advertisement;

(i) Advertising a specific price for a specific vehicle or model or type of vehicle without designating the number of vehicles available at that price, and;

(i) Without clearly identifying the vehicles available by complete vehicle identification number, license plate number; or

(ii) Without clearly and conspicuously stating in the advertisement that such vehicle identification or license plate number for each advertised vehicle is available from the dealer upon request, and requiring that the dealer using this method of identifying vehicles keep the media advertising copy along with the vehicle identification number or license plate number of each advertised vehicle offered for a specific price. (d) The amount of the finance charge expressed as an annual percentage rate;

(e) The deferred payment price or the sum of the payments as applicable;

-------------	--

WAC 308-72-500 Motor vehicle fuel. "Motor vehicle fuel" means any product commonly or commercially sold as gasoline, including natural, absorption, casing head and drip gasoline, regardless of their classification or uses and any other inflammable liquid which is usable for propelling motor vehicles: *Provided, however,* The term "motor vehicle fuel" shall not include kerosene, diesel or stove oil, liquefied petroleum gas, paint thinner, cleaning solvents, chemical additives, or products specifically prepared and sold for use in aircraft engines. The blending of such products or any other product or chemical with gasoline or any other inflammable liquid and the resultant product is sold or used for the propulsion of motor vehicles shall constitute a distribution of motor vehicle fuel to which the motor vehicle fuel tax applies.

[Order 107MV, § 308-72-500, filed 9/10/71.]

WAC 308-72-502 Sale or distribution at wholesale. "Sale or distribution at wholesale" includes all sales or distributions of motor vehicle fuel owned or controlled by a distributor, from bulk storage or from a fuel delivery vehicle owned or controlled by him/her, to two or more of his/her own retail service stations, where no change of title or ownership occurs. This is the same standard used in RCW 82.04.270 for imposition of business and occupation tax levied on wholesalers and distributors. A common carrier fuel delivery vehicle is "controlled by" the distributor if the common carrier's entire load is motor vehicle fuel owned or controlled by one distributor and the distributor, through the bill of lading, controls the time and place of pick-up and delivery of the entire load of motor vehicle fuel.

WAC 308-72-504 Bona fide wholesale merchant. "Bona fide wholesale merchant" for purposes of licensure as a distributor under chapter 82.36 RCW, means

any person whose sales or distribution of motor vehicle fuel at wholesale, regardless of whether there is a change in title or ownership of the fuel, constitute a substantial, as distinguished from incidental, sporadic or infrequent part of his/her total volume of motor vehicle fuel sales or distributions in any given month. Provided: No part of one's sales or distributions from a retail service station may be considered to qualify one as a "bona fide wholesale merchant" to qualify as a "distributor" for purposes of RCW 82.36.010(3), regardless of whether there were wholesale sales or distributions from a retail service station.

[Statutory Authority: RCW 82.36.435. 88-07-095 (Order PFT 88-003), § 308-72-504, filed 3/22/88.]

(2) A single invoice covering multiple deliveries made during a period of time not to exceed one calendar month may constitute a separate invoice as required by subsection (1): *Provided*, each delivery is individually listed on the invoice or on an accompanying statement in accordance with the requirements of said subsection (1) for single deliveries. If the multiple delivery invoice includes deliveries on which refund of the tax is not claimed and deliveries on which refund is claimed, the invoice shall contain or be accompanied by a statement showing separately the deliveries and gallons on which tax is claimed as refundable and the nonrefundable deliveries and gallons.

(3) Invoices which indicate alterations, corrections or erasures shall be void and will not be accepted. Any person who alters any part of an invoice that will tend to give the claimant an illegal gain may have the entire claim invalidated and the director may suspend any further claims for refund for a period of one year.

(4) A "corrected invoice" used to support a claim must be accompanied by the original invoice.

(5) Credit card invoice forms shall be issued only when a purchaser holds a valid credit card. Such forms shall not be used to invoice cash sales. The original (top copy) credit card invoice is the only one acceptable for refund except as provided in subsection (6).

(6) In extenuating circumstances, copy invoices will be accepted. Each copy must bear a statement signed by the dealer that it is a certified or true copy of the original. In all cases the reason for use of copy invoices must be given. Payment of refund based upon such duplicate or copy invoices will not be made until after expiration of the thirteen month period specified in RCW 82.36.330.

(7) If an original invoice is lost or destroyed, the dealer or distributor may issue a duplicate copy entering thereon the invoice number, date of sale, gallonage, price and amount, and any information that appeared on the

original invoice. The copies shall be certified by the seller as being true and correct according to his records and shall be plainly marked "copy" or "duplicate." The claimant may then submit the certified copy for validation. The validated copy will be returned to the claimant who, when the thirteen month time limit has elapsed for the copy, may submit it with a separate claim for refund showing the refundable and nonrefundable usage of the fuel.

(8) Sellers of fuel shall not issue two original invoices, one each on a different form for the same delivery of fuel. Only one original invoice shall be issued for any one delivery.

[Order 107MV, § 308-72-630, filed 9/10/71.]

WAC 308-72-640 Records. Each claimant shall maintain records which are sufficient to substantiate the accuracy of the claim. Such records shall reflect all motor vehicle fuel receipts, the gallons of fuel used in each type of equipment (both refundable and nonrefundable), other uses, loss and gain, and inventory on hand. The records must indicate the date of receipt or disbursements and identify the equipment into which the fuel is delivered or the purpose for which the fuel is used. Failure of the claimant to maintain the required records or to accede to a demand for examination of them constitutes a waiver of all rights to the refund.

The following rules shall govern records maintained to support claims for refund:

(1) Use of fuel from common storage. Fuel purchased and delivered into bulk storage for use in vehicles required to be registered and licensed to operate on the public roads and for nonhighway use, must be fully accounted for by detail withdrawal records to accurately show the manner in which used. This record must be available for inspection upon request. Any fuel on hand (by actual measurement) should be indicated on the claim as closing storage inventory and should be reported as an opening storage inventory on the next claim. Credit for the inventory will be allowed on the next claim if it is filed within thirteen months from the filing date of the claim which established the inventory. All invoices for the total fuel purchased must be submitted with each claim. (For exception see subsection (5) of this section.) A BULK STORAGE RECEIPT AND DISBURSEMENT RECORD designated for recording purchases and withdrawals of fuel from bulk storage will be furnished free upon request.

(2) Use of fuel from separate storage. Where separate bulk storage tanks are maintained for nonhighway use and for public road use, seller should mark the invoices at the time of delivery identifying the storage into which the fuel was delivered. No further detailed record will be required. Inventories must be reported and all invoices must be submitted. FUEL MAY NOT BE USED from the nonhighway tank in motor vehicles required to be registered and licensed. To do so will invalidate this method of determining refundable gallonage.

(3) Use of fuel from restricted use storage. Special storage facilities in the woods or farm fields or for other

uses for certain periods should be identified and explained. If such storage is used entirely for nonhighway purposes and not used in motor vehicles required to be registered and licensed, no other record will be required. Purchase invoices showing delivery into such storage must be submitted and inventory at end of claim period should be reported.

(4) Fuel purchased for other than bulk storage. Fuel purchased in small containers for nonhighway use (boats, tractors, power saws, etc.) should be identified on the purchase invoice and no further record will be required.

(5) Proof of public road use. When no NONREFUNDABLE use deduction is made from invoices attached to the claim, claimant shall retain taxable invoices in his files and be prepared to substantiate fuel used in motor vehicles required to be registered and licensed upon request.

(6) Where a claim covering the operation of an unregistered or unlicensed motor vehicle is entirely over private roads or property subject to refund, no record will be required other than that necessary to show the source and number of gallons of fuel used.

[Order 107MV, § 308-72-640, filed 9/10/71.]

WAC 308-72-650 Refunds to dealer delivering fuel exclusively for marine use. (1) Marine dealers may file claim for refund when motor vehicle fuel is delivered directly into the fuel tanks connected to the engine of any marine vessel owned or operated by the purchaser of the fuel, but only if the person to whom the fuel is sold is a holder of a valid motor vehicle fuel tax refund permit at the time of sale. The dealer should request purchaser to exhibit his refund permit at the time of delivery. A claim for refund shall be supported by:

(a) Original (top copy) invoices covering fuel deliveries into the dealer's storage facilities. Licensed distributors who are also marine dealers will not be required to submit purchase invoices.

(b) Original (top copy) invoices covering tax exempt sales of motor vehicle fuel. These invoices shall, in addition to the applicable invoice requirements of WAC 308-72-630, contain:

- (i) The vessel or boat name;
- (ii) The Coast Guard or official number;
- (iii) The applicable sales tax;
- (iv) Purchaser's motor vehicle fuel tax refund permit number;
- (v) The statement "Ex Washington motor vehicle fuel tax."

(2) The dealer shall also file an exemption certificate containing a certificate signed by the purchaser that the fuel will be used solely for marine use. In lieu of a separate certificate, the dealer may imprint an exemption certification on his original sales invoices provided such form has been approved by the director.

(3) Chapter 183, Laws of 1971 ex. sess., provides that one cent per gallon shall be deducted from each marine use refund claim to be deposited in the coastal protection fund.

[Order 107MV, § 308-72-650, filed 9/10/71.]

WAC 308-72-660 Power take-off use. (1) Tax refund may be claimed for fuel used in a motor vehicle which is equipped with a power take-off unit to operate auxiliary equipment provided that the fuel used for power take-off operation is supplied from a tank which is not connected with a tank supplying fuel to propel the vehicle on the highway or if the fuel used to operate the auxiliary equipment by the power take-off is accurately measured by a metering device that has been specifically approved by the director, and, in certain motor vehicles, when established by the following formula:

(a) For gasoline used in pumping fuel oil or heating oil by means of a power take-off unit on a delivery truck at the rate of three-fourths of one gallon for each one thousand gallons of fuel or heating oil delivered. Pumping of gasoline or other refined petroleum products does not apply and claimant shall make a deduction for those products, other than fuel oil, pumped through the meter, pumping out of tanks, testing of meters or other uses. FUEL OIL DELIVER TRUCK OPERATORS must maintain records which show the total gallons of fuel oil or heating oil pumped by each vehicle for which refund is claimed together with supporting meter readings.

(b) For gasoline used in operating a power take-off unit on a cement mixer truck or for gasoline used in operating a power take-off unit which operates a load compactor on a garbage truck at the rate of twenty-five percent of the total gallons of gasoline used in each truck. Garbage trucks with power take-off units which operate only a dump box, hoist or other type of lift shall not apply. CEMENT MIXER TRUCK AND GARBAGE TRUCK OPERATORS must maintain records which show the total gallons of fuel used and the total miles operated for each vehicle.

(2) All claims must be accompanied by valid purchase invoices to cover the total gallons of gasoline purchased, except that invoices for gasoline used in fuel oil delivery trucks or when measured by a metering device need only be equal to or greater than the gallons claimed as refundable.

(3) If fuel is used from bulk storage, claimant shall maintain a detailed record of all receipts, withdrawals, and beginning and ending inventories to substantiate fuel used in motor vehicles.

(4) A schedule of vehicle operations shall support each claim for refund.

[Order 107MV, § 308-72-660, filed 9/10/71.]

WAC 308-72-670 Auxiliary engines. Tax refund may be claimed for fuel used in auxiliary engines mounted on a licensed motor vehicle (ready mix concrete, refrigeration or air conditioning units, etc.) if the fuel for the auxiliary engine is supplied from a fuel tank other than the fuel tank which supplies the engine propelling the vehicle, or is accurately measured by a metering device that has been specifically approved by the director. Estimates for refundable use will not qualify for refund. When separate tanks are used, claimant shall maintain a detailed record of the gallons of fuel used and purchase invoices covering the total gallons of fuel used in both tanks must accompany the claim.

[Order 107MV, § 308-72-670, filed 9/10/71.]

WAC 308-72-680 Gasoline lost or destroyed. (1) A refund may be claimed in the manner provided:

(a) On all motor vehicle fuel which is lost or destroyed while claimant shall be the owner thereof through fire, lightning, flood, wind storm or explosion.

(b) On all motor vehicle fuel of 500 gallons or more which is lost or destroyed through leakage or other casualty except evaporation, shrinkage or unknown causes.

(2) The director shall be notified in writing as to the full circumstances and the amount of the loss or destruction within thirty days from the day of discovery of such loss or destruction. Recovery for such loss or destruction must be susceptible to positive proof enabling the department to conduct such investigation and to require such information as may be deemed necessary.

[Order 107MV, § 308-72-680, filed 9/10/71.]

WAC 308-72-690 Special rules and requirements for fuel tax refunds. (1) U.S. government. Tax refund shall be allowed for fuel used off the public highways for official use in a motor vehicle owned by the United States. When fuel is sold to agencies of the United States, including taxable sales to the armed forces, and when the original invoice must be forwarded to the federal service agencies to support payment for the fuel, the seller, the federal agency and the state by mutual arrangement shall designate a copy as the only copy to be used in support of a claim for refund of the tax. The invoice so designated shall be deemed the original invoice.

(2) Marine users. Marine users, excluding marine dealers, need only to submit those fuel receipts on which the tax is refundable.

(3) Urban transportation systems. A schedule of vehicle operations of an urban passenger transportation system shall supplement the claim for refund.

(4) Snowmobiles and all terrain vehicles. Motor vehicle fuel used and purchased for providing the motive power for snowmobiles and for all terrain vehicles (ATV), although considered a nonhighway use of fuel, shall not be claimed for refund of the motor vehicle fuel tax paid thereon.

(5) No refund shall be made and should not be claimed for motor vehicle fuel used in a motor vehicle required to be registered and licensed notwithstanding that such motor vehicle occasionally may be operated over private roads or property which would otherwise be subject to refund.

[Statutory Authority: RCW 82.36.435, 90-13-037 (Order PFT 90-03), § 308-72-690, filed 6/14/90, effective 7/15/90; Order 107MV, § 308-72-690, filed 9/10/71.]

WAC 308-72-700 Use tax. The use tax imposed by chapter 82.12 RCW is to be deducted from the amount of the refund claimed. The claimant may calculate the tax himself or it will be computed by the department.

[Order 107MV, § 308-72-700, filed 9/10/71.]

WAC 308-76-400 Motor Vehicle Fuel Importer Use Tax Act—Definitions. (Reference: RCW 82.37.020.)

(1) "Commercial motor vehicle" includes vehicles used or maintained for the transportation of the carrier's own property or equipment and installation or construction vehicles with fixed loads.

(2) "Motor carrier" means an interstate motor carrier operating a commercial motor vehicle. There are no qualifications made as to whether such motor carrier operates a commercial motor vehicle as a common, contract and private carrier, as to exclude same from the definition of a motor carrier.

(3) "Operations" when applied to a motor carrier means the operation of all leased commercial motor vehicles. A motor carrier who leases a commercial motor vehicle(s) (lessee) and operates or causes the vehicle(s) to be operated into or out of or through this state shall be the motor vehicle fuel importer and subject to the provisions of the act.

Operations, when applied to a truck rental company and controlling company household movers, with respect to the imposition of the motor vehicle fuel tax, the payment of the tax and/or collection of the tax is as follows:

A truck rental company is responsible and accountable for the operations of commercial motor vehicles that are operated solely under its jurisdiction and control. When a commercial motor vehicle is rented or leased to another party (lessee), the lessee is responsible.

A controlling company household carrier (mover) is responsible and accountable for the tax imposed under

the act on commercial motor vehicles operated by "contract truckmen" and/or owner-operators as "independent contractors" while the controlling company has full jurisdiction and operation of the vehicle's movements. In addition, the controlling company shall have full responsibility and liability to render accountability for leased agency miles. The controlling company (lessee) shall be responsible for the tax on leased vehicle miles involving leased contracts with their agent's owned motor vehicles.

An agent of a controlling company household mover shall be responsible and shall account for the tax liability for only those miles traveled in this state by said vehicle while operated under their own rights.

[Motor Vehicle Fuel Importer Use Tax Act, Regulation A, effective 8/15/65.]

WAC 308-76-405 Motor Vehicle Fuel Importer Use Tax Act—Tax imposed—Rate. (Reference: RCW 82.37.030.) In consideration of the use of the highways of this state, every motor carrier shall pay a tax per gallon, equal to the current rate imposed by the motor vehicle fuel tax law of this state, on all motor vehicle fuel used by it in operating or propelling any commercial motor vehicle on the public highways of this state, determined as follows:

The amount of motor vehicle fuel considered as used in the operations of any motor carrier within the state shall be the percentage of the total amount of such motor vehicle fuel used in its entire operations within and without the state that the total number of miles operated within this state bears to the total number of miles operated within and without this state.

[MVFIUTA Regulation B, effective 8/15/65; MVFIUTA Regulation A, effective 9/1/63.]

WAC 308-76-410 Motor Vehicle Fuel Importer Use Tax Act—Report of carriers. (Reference: RCW 82.37.040.)

(1) Every motor carrier subject to this tax may at any time file with the director a report upon forms furnished by the director, showing the amount of gasoline or other motor vehicle fuel used by such motor carrier in its operations within this state. The voluntary report must cover operations for a full calendar month or months by such motor carrier. The amount of fuel used is determined by dividing the total miles operated within Washington by the average miles per gallon of said vehicles.

(2) Motor carriers operating commercial motor vehicles interstate, who voluntarily file the report, are required to report the entire operations of those vehicles which operate both within and outside the boundaries of the state of Washington. Motor carriers who operate any of their commercial motor vehicles entirely within the boundaries of Washington, or entirely outside the boundaries of Washington, are not to include such vehicles in the report.

(3) Under this act, the department does have the authority to grant carriers the privilege of basing their reports on an estimated or arbitrary average miles per gallon. However, consideration for granting the privilege

of using an arbitrary average miles per gallon shall be given by the department only upon receipt of written request from the user.

[MVFIUTA Regulation C, effective 8/15/65; MVFIUTA Regulation B, effective 9/1/63.]

WAC 308-76-415 Motor Vehicle Fuel Importer Use Tax Act--Computation and collection of tax--Credit for fuel purchased in Washington. (Reference: RCW 82.37.060.)

(1) The tax imposed shall be computed at the rate levied under RCW 82.37.030 and paid on the total number of gallons of motor vehicle fuel used by the motor carrier within the state during the taxable period, as represented by the report of the carrier's operations upon the public highways of this state, calculated on the average miles per gallon for those vehicles operated within and outside of this state divided into the total miles operated within this state by said vehicles. Every motor carrier subject to the tax shall be entitled to a credit equivalent to the tax levied under RCW 82.37.030 on all gasoline or other motor vehicle fuel purchased for such vehicle within this state, provided said tax has been paid.

(2) The carrier shall file a schedule of such purchases, which shall be a part of his report, and shall take credit for such tax-paid purchases from the total gallons of motor vehicle fuel consumed in Washington in arriving at the amount of gallons of motor vehicle fuel upon which the tax is to be computed and paid. If the report or the audit for the month or months covered should indicate that the credit allowable to the carrier exceeds the amount of the tax for which the carrier is liable for the same month or months, such excess may be applied as a credit against the carrier's tax liability for any succeeding month or months that a report covers or such excess may be refunded to the motor carrier pursuant to the statutory provision of the act governing same.

Each tax report transaction that declares twenty-three taxable gallons or less need not make remittance; conversely, each tax report transaction that claims a refund for twenty-three gallons or less will not be allowed. Similarly, an error in the computation of taxable gallonage in the amount of twenty-three gallons or less will be accepted without penalty or credit. An error in the computation of the tax payable (or credit) in the amount of \$1.09 or less will be accepted without penalty or credit.

[Order MV 376, § 308-76-415, filed 8/9/76; MVFIUTA Regulation D, effective 8/15/65; MVFIUTA Regulation C, effective 9/1/63.]

WAC 308-76-420 Motor Vehicle Fuel Importer Use Tax Act--Assessment of tax. (Reference: RCW 82.37.080.) The tax liability determined through audit of the carrier's records and books is the result of the gallons of motor vehicle fuel consumed on Washington public highways exceeding the gallons of tax-paid fuel purchased in this state.

[MVFIUTA Regulation E, effective 8/15/65; MVFIUTA Regulation D, effective 9/1/63.]

WAC 308-76-425 Motor Vehicle Fuel Importer Use Tax Act--Exported fuel--Refund procedure. (Reference:

(1990 Ed.)

RCW 82.37.140.) Every motor carrier subject to the tax shall be entitled to a refund under the following conditions:

(1) The motor carrier's report, or an audit of the carrier's records, must reflect a tax credit which was determined by the amount of tax-paid motor vehicle fuel purchased in Washington in excess of the amount of fuel used in Washington.

(2) The motor carrier must have exported such excess fuel in the fuel supply tank or tanks of commercial motor vehicles and must have used the fuel to operate such vehicles upon the highways of another state or states. Motor vehicle fuel carried from this state in the fuel supply tank or tanks of a commercial motor vehicle is deemed to be exported from this state.

(3) The claim for refund must be filed before the expiration of five years from the last day of the month in which the fuel was used, on claim forms furnished by the department.

(4) Complete records must be maintained to substantiate your claim for refund. If proper records are not kept, refunds will be disallowed. Your operational records shall include a detailed accounting of fuel purchased and/or consumed, and miles traveled in Washington and all other states. As evidence to prove your purchase of motor vehicle fuel in this state, the purchase invoices or delivery tickets must be maintained five years, and to be accepted shall contain the following information:

- (a) Name and station address of the seller;
- (b) Either stamped cash invoice or credit card imprint invoice;
- (c) Date of sale;
- (d) Name and address of the purchaser;
- (e) Company unit number or motor vehicle license number of the power unit;
- (f) The type or kind of fuel sold;
- (g) The number of gallons sold; and
- (h) The signature of the purchaser.

If you are operating leased equipment, your name as lessee must be shown on the invoice.

(5) The director or his duly appointed representative shall have the right, in order to establish the validity of any claim for refund, to examine the books and records of such claimant. He shall have full authority to determine the adequacy of such records and books and the amount of refund due the claimant.

[MVFIUTA Regulation F, effective 8/15/65; MVFIUTA Regulation E, effective 9/1/63.]

WAC 308-76-430 Motor Vehicle Fuel Importer Use Tax Act--Records required. (Reference: RCW 82.37.150.)

(1) Each motor carrier shall make and retain for a maximum of five years or until audited by this department, records of gallons of motor vehicle fuel purchased or received, mileage traveled within and without this state, commercial motor vehicles owned, operated, leased, or operated under any other form of contract, and other pertinent papers that are reasonably necessary to substantiate any tax liability imposed by the act. Each

motor carrier shall maintain records as provided herein. A motor carrier who does not elect to file a voluntary report is subject to the declared purpose of the act, and shall nevertheless be governed by the statutory provisions relating to the collection of tax, assessment of tax by audit, records to be maintained, examination of records and unlawful practices.

(2) **Bulk storage fuels.** Where a motor carrier maintains bulk storage fuels, an accounting of fuel withdrawals from bulk storage facilities, determined by the use of meters or other accurate measuring devices and recorded on serially-numbered invoices or other daily record of own use, shall be maintained. A serially-numbered invoice shall be issued or an entry on a daily record of own use shall be made at the time of each fuel disbursement from bulk storage, and shall disclose:

(a) The location of the storage facility from which the fuel is withdrawn;

(b) The date of the disbursement;

(c) The number of gallons withdrawn;

(d) The opening and closing meter readings or other means of determining the quantity withdrawn; and

(e) The unit or equipment number if the fuel is delivered into the fuel supply tank of the carrier's own vehicle, or the purpose of the withdrawal if the fuel is withdrawn for carrier but is not delivered into the carrier's motor vehicle.

(3) **Trip and fuel consumption.**

(a) Every carrier shall maintain a record of all trips made by each commercial motor vehicle in connection with which fuel is used. Such operating record shall set forth in detail the dates and points of beginning and termination of each one-way trip; proper designation of highways upon which operated; total miles traveled; miles traveled in each state; and a complete listing of all purchases of motor vehicle fuel into such vehicles showing quantity, date and point at which received during said trip: *Provided, however,* That the dates and points of beginning and termination of each one-way trip; proper designation of highways upon which operated, need not be maintained in the record for all trips if the department has granted prior approval to a method or system of maintaining records which will determine amount of fuel used. The Washington fleet average miles per gallon shall also be determined. Such operating information shall be compiled on the basis of total operations for the calendar month. The totals for the calendar month(s) shall be set forth on the carrier's reports to the department.

(b) Supporting documents such as bills of lading, time sheets, driver's trip logs, manifests, weight or scale tickets, toll and ferry receipts, speedometer readings, and revenue records shall be retained for audit purposes.

(c) In the event that a carrier is unable to maintain a record to substantiate the amount of total fuel used within Washington, the department, in order to determine the carrier's average miles per gallon of fuel consumption for reporting purposes, may set the rate to be used by such user, but such rate shall be determined according to the type and weight of the vehicle(s) and upon other reasonable vehicle specifications.

[MVFIUTA Regulation G, effective 8/15/65; MVFIUTA Regulation F, effective 9/1/63.]

WAC 308-77-010 Definitions. (1) "Highway" includes a way or place of whatever nature within the exterior boundaries of the state including a way or place within a federal area publicly maintained and open to

motor carrier shall maintain records as provided herein. A motor carrier who does not elect to file a voluntary report is subject to the declared purpose of the act, and shall nevertheless be governed by the statutory provisions relating to the collection of tax, assessment of tax by audit, records to be maintained, examination of records and unlawful practices.

(2) **Bulk storage fuels.** Where a motor carrier maintains bulk storage fuels, an accounting of fuel withdrawals from bulk storage facilities, determined by the use of meters or other accurate measuring devices and recorded on serially-numbered invoices or other daily record of own use, shall be maintained. A serially-numbered invoice shall be issued or an entry on a daily record of own use shall be made at the time of each fuel disbursement from bulk storage, and shall disclose:

(a) The location of the storage facility from which the fuel is withdrawn;

(b) The date of the disbursement;

(c) The number of gallons withdrawn;

(d) The opening and closing meter readings or other means of determining the quantity withdrawn; and

(e) The unit or equipment number if the fuel is delivered into the fuel supply tank of the carrier's own vehicle, or the purpose of the withdrawal if the fuel is withdrawn for carrier but is not delivered into the carrier's motor vehicle.

(3) **Trip and fuel consumption.**

(a) Every carrier shall maintain a record of all trips made by each commercial motor vehicle in connection with which fuel is used. Such operating record shall set forth in detail the dates and points of beginning and termination of each one-way trip; proper designation of highways upon which operated; total miles traveled; miles traveled in each state; and a complete listing of all purchases of motor vehicle fuel into such vehicles showing quantity, date and point at which received during said trip: *Provided, however,* That the dates and points of beginning and termination of each one-way trip; proper designation of highways upon which operated, need not be maintained in the record for all trips if the department has granted prior approval to a method or system of maintaining records which will determine amount of fuel used. The Washington fleet average miles per gallon shall also be determined. Such operating information shall be compiled on the basis of total operations for the calendar month. The totals for the calendar month(s) shall be set forth on the carrier's reports to the department.

(b) Supporting documents such as bills of lading, time sheets, driver's trip logs, manifests, weight or scale tickets, toll and ferry receipts, speedometer readings, and revenue records shall be retained for audit purposes.

(c) In the event that a carrier is unable to maintain a record to substantiate the amount of total fuel used within Washington, the department, in order to determine the carrier's average miles per gallon of fuel consumption for reporting purposes, may set the rate to be used by such user, but such rate shall be determined according to the type and weight of the vehicle(s) and upon other reasonable vehicle specifications.

WAC 308-77-010 Definitions. (1) "Highway" includes a way or place of whatever nature within the exterior boundaries of the state including a way or place within a federal area publicly maintained and open to

the use of the public for purposes of vehicular travel notwithstanding private participation in the maintenance of the way or place. It shall be presumed that the way or place is dedicated and accepted as a highway when it is recognized as a part of its maintained highway system by a proper public authority.

A way or place within a national or state forest which is entirely privately constructed or maintained will not be considered a highway, notwithstanding the fact that it may be declared by the public authority to be a part of its road system.

A way or place is not a highway during such times as it is closed by the governmental authority to the use of the public regardless of the purpose for which it is closed. A highway is open to the use of the public if vehicular travel is permitted although subject to traffic controls.

Roads maintained exclusively by the United States within a national park are subject to the control of the Secretary of the Interior. When, in the exercise of that control, a permit and payment of a fee are required for the use of such roads, they are not highways open to the use of the public.

(2) "Special fuel" includes diesel fuel, propane, natural gas and any other combustible liquid or gas by whatever name the liquid or gas may be known or sold for the generation of power to propel a motor vehicle on the highways except fuel that is subject to the tax imposed by the motor vehicle fuel tax law, chapter 82.36 RCW. Four and one-quarter pounds of propane or one hundred cubic feet of natural gas shall be deemed the equivalent of one liquid gallon.

[Statutory Authority: RCW 82.38.260. 79-08-140 (Order 548 DOL), § 308-77-010, filed 8/1/79; Order 475-DOL, § 308-77-010, filed 12/30/77; Order MV-191, § 308-77-010, filed 3/27/74; Order MV-137, § 308-77-010, filed 6/1/72; Order 114 MV, § 308-77-010, filed 11/26/71.]

WAC 308-77-020 Incidental use. An operation is not considered to be on a highway when a vehicle is operated thereon only for the purpose of moving between two pieces of private property when the vehicle is not operated for a distance exceeding fifteen miles on the highway and the moving is incidental to the primary use of the motor vehicle.

If fuel is used in the operation of a motor vehicle in a continuous trip which is partly on and partly off the highway, the tax applies to all the fuel used including the fuel used in the operation off the highway when the total distance traveled off the highway does not exceed one mile.

A continuous trip means a vehicular movement involving the use of a highway for the transportation of persons or property from one place to another or, in the instance of a round trip, from the point of origin of the movement to the point of destination and return to the point of origin.

The user shall maintain adequate accurate records of the operation off the highway including the miles traveled and fuel used to establish to the satisfaction of the department that the user is entitled to exemption for off-highway use of fuel. Claims based on estimates or

percentages of miles traveled, hours of operation, fuel used, etc. will not be accepted to support claims for off highway use.

[Statutory Authority: RCW 82.38.260. 79-08-140 (Order 548 DOL), § 308-77-020, filed 8/1/79; Order 114 MV, § 308-77-020, filed 11/26/71.]

WAC 308-77-030 Special fuel supplier's license. (1) A special fuel supplier's license must be obtained before engaging in the wholesale distribution of untaxed special fuel. Special fuel suppliers are not authorized to sell to retail consumers for any use, taxable or nontaxable, and are not allowed to sell to unlicensed dealers or suppliers or to any other person where the special fuel tax is or should be collected on the sale.

(2) If an investigation and/or audit discloses that a licensed supplier is selling special fuel in violation of the definition of a supplier's license, the supplier's license shall be revoked. If the supplier desires to continue doing business in the state handling untaxed fuel, such supplier must immediately apply for a special fuel dealer license, furnish a bond equivalent to three times the average monthly tax liability assessed or five thousand dollars whichever is greater, pay the one hundred dollar penalty prescribed by RCW 82.38.170(10), and be subject to the reporting requirements. The initial reporting frequency shall be monthly.

(3) Persons dealing in wholesale or retail distribution of special fuel for heating purposes only, where the fuel is delivered and/or pumped directly into the fuel tank connected to the furnace, are not required to be licensed under the Special Fuel Tax Act.

[Statutory Authority: RCW 82.38.020 (7), (8) and (9), 82.38.030, 82.38.040, 82.38.050, 82.38.080, 82.38.090, 82.38.120 and 82.38.260. 89-03-005 (Order PFT 89-02), § 308-77-030, filed 1/6/89. Statutory Authority: RCW 82.38.260. 79-08-140 (Order 548 DOL), § 308-77-030, filed 8/1/79; Order 114 MV, § 308-77-030, filed 11/26/71.]

WAC 308-77-032 Special fuel dealer's license. A special fuel dealer's license must be obtained before engaging in the retail sale of previously untaxed special fuel, regardless of whether or not the special fuel tax is collected on the sale. A dealer must collect the special fuel tax on all sales of special fuel except those bulk sales to licensed special fuel suppliers, dealers, and users, sales made for heating purposes only, and other sales specifically exempted by the Special Fuel Tax Act or authorized in writing by the department. Persons purchasing special fuel with the special fuel tax included may resell this special fuel without having to obtain a special fuel dealer's license.

[Statutory Authority: RCW 82.38.260. 79-08-140 (Order 548 DOL), § 308-77-032, filed 8/1/79.]

WAC 308-77-034 Special fuel user's license. A special fuel user's license must be obtained by any person wishing to purchase special fuel without payment of the special fuel tax at the time of purchase. It must also be obtained by any person operating a diesel vehicle with a gross vehicle weight of over twelve thousand pounds into the state of Washington from another state or province.

This includes vehicles bearing Washington license plates. Persons using special fuel for heating purposes only are allowed to purchase special fuel without payment of the special fuel tax without obtaining a special fuel license.

[Statutory Authority: RCW 82.38.260. 90-13-038 (Order PFT 90-04), § 308-77-034, filed 6/14/90, effective 7/15/90. Statutory Authority: RCW 82.38.020 (7), (8) and (9), 82.38.030, 82.38.040, 82.38.050, 82.38.080, 82.38.090, 82.38.120 and 82.38.260. 89-03-005 (Order PFT 89-02), § 308-77-034, filed 1/6/89. Statutory Authority: RCW 82.38.260. 79-08-140 (Order 548 DOL), § 308-77-034, filed 8/1/79.]

WAC 308-77-040 Issuance of license. A special fuel supplier or dealer who wishes to conduct separate businesses at different locations will be issued a license for each business upon request and filing an application for a license and a bond (if required) for each. The license shall be displayed or kept available for inspection at the place of each business where fuel is sold and delivered to users.

A special fuel supplier or dealer having more than one place of business holding a single license shall reproduce the license and keep a photocopy on display at each additional place of business, each place of storage from which special fuel is sold or delivered, and in each motor vehicle used to transport special fuel owned by him for sale, delivery or use, and in addition, must identify by location and capacity all bulk storage plants of #1 and #2 distillates capable of being used as vehicle fuel as required by the department.

A special fuel user who wishes to conduct separate businesses at different locations or to operate two or more separate fleets of motor vehicles will be issued a license for each separate business or fleet upon request and filing an application for a license and a bond (if required) for each location or fleet. The license shall be displayed or be kept available for inspection at the owner's principal place of business and a reproduced copy thereof shall be carried in each motor vehicle entering this state from another state or province. A special fuel tax trip permit may be purchased by a user entering this state in lieu of a special fuel license. The user must be the registered owner and/or lessee of the vehicle, or a dealer of motor vehicles. Operators of vehicles with a gross weight of more than twelve thousand pounds will require a special fuel license or a special fuel tax trip permit to enter this state.

[Statutory Authority: RCW 82.38.260. 90-13-038 (Order PFT 90-04), § 308-77-040, filed 6/14/90, effective 7/15/90. Statutory Authority: RCW 82.38.020 (7), (8) and (9), 82.38.030, 82.38.040, 82.38.050, 82.38.080, 82.38.090, 82.38.120 and 82.38.260. 89-03-005 (Order PFT 89-02), § 308-77-040, filed 1/6/89. Statutory Authority: RCW 82.38.260. 86-02-058 (Order TL-RG-24), § 308-77-040, filed 12/31/85; 79-08-140 (Order 548 DOL), § 308-77-040, filed 8/1/79; Order 475-DOL, § 308-77-040, filed 12/30/77; Order MV-191, § 308-77-040, filed 3/27/74; Order MV-175, § 308-77-040, filed 10/24/73; Order 114 MV, § 308-77-040, filed 11/26/71.]

WAC 308-77-042 Special fuel user bond. A special fuel user license may be issued without the applicant filing a fuel tax bond. However, the department may require a licensed special fuel user to furnish a fuel tax bond under the following circumstances:

(a) If the user has filed two consecutive late reports with taxes due; or

(b) If the user submitted a tax report without the full remittance of the tax due; or

(c) If investigation discloses that the user is selling or has sold special fuel in violation of the definition of a user license; or

(d) If a deficiency in record keeping as disclosed in an audit is not corrected or rectified prior to a subsequent audit; or

(e) If the user has sent a check in payment of liabilities due, and that check has been dishonored by nonacceptance or nonpayment; or

(f) If the user has been sent at least three billing statements for liabilities due; or

(g) If the user's license has been revoked as provided by RCW 82.38.130; or

(h) If the user has been sent at least three Notices of Revocation of License.

The department will mail a notice to the special fuel licensee requiring the submission or filing of a fuel tax bond and will indicate the reason for requiring the bond. If the bond is not received by the department within forty-five days after service of the notice, the user's special fuel license shall forthwith be cancelled. Service of the notice is deemed to have been accomplished on the date the notice was deposited in the United States mail, postage prepaid, addressed to the special fuel user at the special fuel user's current mailing address as it appears in the fuel tax records of the department.

The total amount of the bond shall be fixed by the department and shall be equivalent to at least three times the average tax liability on the reported taxable gallons used during the last four reporting periods; in the absence of information on the last four reporting periods, the bond shall be three times the tax on the estimated on-highway usage declared on the user's latest application for a special fuel user's license on file with the department, or five thousand dollars, whichever is greater.

The department may, after five years, lift the bond requirement from the special fuel user at the licensee's request, if there is sufficient evidence, in the department's discretion, to show that the cause for requiring the bond has been positively removed and a bond is no longer required to protect the interest of the state.

[Statutory Authority: RCW 82.38.020(12), 82.38.110 and 82.38.260. 89-03-034 (Order PFT 89-01), § 308-77-042, filed 1/11/89.]

WAC 308-77-044 Bonding requirements. Where a bond is required under the Special Fuel Tax Act, chapter 82.38 RCW, or under chapter 308-77 WAC, the bond must be in a form specified in chapter 82.38 RCW and in these rules, and must be filed with the director.

The bond may be a corporate surety bond pursuant to RCW 82.38.020 (12)(a).

If the bond is in the form of a deposit pursuant to RCW 82.38.020 (12)(b) with the state treasurer by the special fuel dealer or special fuel user, the bond may be a cash deposit of lawful money of the United States, a United States Treasury note or bond, or a municipal

bond of Washington state or of any Washington county. Each such bond shall be filed with the director of licensing for deposit with the state treasurer. An irrevocable bond power in a form acceptable to the department of licensing assigning and transferring each such bond to the state treasurer must be filed along with each such bond. Each such bond shall be marked to market at least quarterly, or monthly in the department's discretion, for its dollar price and yield (bid side of the market) in current market. If the value is inadequate to meet the required bonded amount, the licensee is required to file with the director a supplemental cash or other bond of sufficient value to meet the required bonded amount.

The bond may also be in any of the following forms pursuant to RCW 82.38.020 (12)(c):

(a) Automatically renewable certificate(s) of deposit, not exceeding the federally insured amount, issued by a bank doing business in the state of Washington and insured by the Federal Deposit Insurance Corporation, made in the name of the special fuel dealer or special fuel user, payable to or assigned to the Washington state treasurer; or,

(b) Certificate(s) of deposit or share accounts, not exceeding the federally insured amount, issued by a savings and loan association doing business in the state of Washington and insured by the Federal Savings and Loan Insurance Corporation. Evidence of the insured account, in the form of either a certificate of deposit or passbook must be filed with the director of licensing, along with a properly executed assignment form whereby the fund on deposit is assigned to the Washington state treasurer.

(c) Certificate(s) of deposit or share accounts, issued by a credit union doing business in the state of Washington and insured by the Washington Credit Union Share Guaranty Association, not exceeding the amount insured by the guaranty association. Evidence of the insured account, in the form of either a certificate of deposit or passbook must be filed with the director of licensing, along with a properly executed assignment form whereby the fund on deposit is assigned to the Washington state treasurer.

The certificate and/or the assignment forms shall contain the provision that interest earned shall be payable to the depositor, and that the assignment may only be cancelled upon written authorization of the director of the department of licensing or director's designee.

WAC 308-77-045 Expiration of license. All special fuel licenses will expire on April 15 of the year following the year of issuance. A new license valid for the succeeding year will be automatically mailed to each license holder prior to April 15 providing all reports due for the previous calendar year have been submitted to the department, and the department is satisfied that all special fuel taxes owed by the license holder have been properly remitted.

[Statutory Authority: RCW 82.38.260, 86-02-058 (Order TL-RG-24), § 308-77-045, filed 12/31/85; 79-08-140 (Order 548 DOL), § 308-77-045, filed 8/1/79.]

WAC 308-77-050 Cancellation or revocation of license. When a special fuel supplier, dealer or user ceases operation in Washington, he shall request cancellation of his license. The original license issued to him and a final tax report shall be forwarded to the department with a remittance of any tax, penalty and interest which may have accrued up to and including the date of cancellation. All copies of the license shall be destroyed. All special fuel authorizations and identification cards issued to the special fuel user shall be returned to the department.

When the license of a special fuel supplier, dealer or user is revoked by the department, the holder shall surrender the original license and all special fuel authorizations and identification cards issued to him. All copies of the license shall be destroyed.

Any attempt to use a license that has been canceled or revoked will be considered a violation of the Special Fuel Tax Act and the supplier, dealer, or user shall be subject to the penalty provisions thereof.

[Statutory Authority: RCW 82.38.260, 79-08-140 (Order 548 DOL), § 308-77-050, filed 8/1/79; Order 114 MV, § 308-77-050, filed 11/26/71.]

WAC 308-77-060 Special fuel dealers' liability for the tax. A special fuel dealer is required to collect and is liable for the amount of the tax on all gallonage of fuel sold and delivered except:

(1) When delivered into vehicles owned and operated by the United States government;

(2) When authorization issued by the department has been presented to the dealer by the purchaser which will permit the special fuel dealer to sell and deliver fuel into the fuel tank of a vehicle without collecting the tax from the user;

(3) When delivered into vehicles displaying a certificate authorizing the purchase of fuel free of the tax;

(4) Into bulk storage when the purchaser is the holder of a valid special fuel dealer or user license issued in his name; or when the purchaser is an agency of the federal government;

For the purpose of administration, foreign vessels will be considered to be operating in accordance with this paragraph upon presentation of the vessel's name and country of registry.

(8) To a new special fuel user who has applied for, but has not yet been issued, a special fuel user's license. At the option of the special fuel dealer the user may be

allowed to purchase tax-exempt fuel in this manner for no more than thirty calendar days but he must display a special fuel user's license for any tax-exempt purchases after this period. The dealer shall note "License Applied For" on the sales invoice and shall be responsible for payment of all fuel taxes on fuel sold in this manner if the user does not subsequently receive a license from the department.

If the dealer collects from any user a greater amount of tax than that which is required to be collected, he shall remit the full amount collected to the department to enable the user to obtain his allowable credit or refund from the state.

The tax is deemed to have been collected at the time of the sale irrespective of when payment for the amount of the invoice including the tax is received by the special fuel dealer. Failure to collect the tax from the purchaser does not relieve the special fuel dealer from his liability to pay to the state the amount of the tax required to be collected except that bad debt losses are deductible under circumstances described in RCW 82.38.070 and rule WAC 308-77-100. Except as provided in items (1), (2) and (3) of this section, a special fuel dealer who sells and delivers fuel into the fuel tank of a motor vehicle shall collect the tax notwithstanding that the user may claim exemption from the tax in his reports to the department for any nontaxable use of the fuel.

A special fuel dealer is required to collect the special fuel tax for all fuel dispensed through a pump equipped with a key-lock meter controlled by the special fuel dealer except as authorized under RCW 82.38.040. A serially numbered invoice covering multiple withdrawals of fuel from a pump with a key-lock meter for a stated period of time not to exceed a calendar month shall be accepted as an invoice issued at the time of sale under rule WAC 308-77-160.

All deliveries of special fuels into the storage facilities of an unlicensed service station (unlicensed special fuel dealer) are taxable regardless of whether the special fuel is delivered by consignment or otherwise. The tax attaches on the delivery.

A special fuel dealer who connects a retail outlet to a bulk plant facility from which fuel is dispensed for other purposes will be held liable for the special fuel tax on all unaccountable inventory losses of fuel from the facility.

WAC 308-77-070 Exemptions. Special fuel users who are exempt from the special fuel tax when fuel is used in motor vehicles and equipment as provided in RCW 82.38.080 must nonetheless be the holder of a valid special fuel user's license to purchase special fuel from a special fuel dealer into bulk storage without payment of the special fuel tax except as provided in WAC 308-77-060. Purchase of tax-free fuel directly into the fuel supply tank of a vehicle is permitted only when the

purchaser is the holder of a valid certificate of authorization issued by the department.

A special fuel user shall submit evidence satisfactory to the department that he is eligible for the authorization. If authorized, the department will issue a certificate of authorization containing the special fuel user's name, address, license number, a description of the motor vehicle or equipment and such other information as the department deems necessary. The certificate shall be carried in the motor vehicle or equipment at all times. The privilege relieving the special fuel user from purchasing fuel, tax included, from bonded special fuel dealers shall be subject to revocation by the department whenever the equipment or a vehicle of any licensee so identified is found to be operated in violation of any of the conditions of this section. Such authorization will not relieve the user of filing tax reports.

The exemption of special mobile equipment as defined in RCW 46.04.552 is to mean only for those miles that are incidentally driven within the confines of a contract while actually engaged in work on said project. Mileage covered when units are moved from one project to another or returned to the base of operation are not tax exempt and must be covered by a special fuel tax license or a special fuel tax trip permit. Also to qualify for tax exemption under the incidental miles provision the user must provide positive means of measuring or determining the distinctive miles between jobs or home base and off-highway and incidental mileage.

WAC 308-77-080 Exemption from payment of tax to a designated special fuel dealer. Any special fuel user desiring authorization to purchase fuel without payment of the special fuel tax into a vehicle or from a keylock pump shall submit evidence satisfactory to the department to establish eligibility for the authorization and shall designate the bonded special fuel dealer from whom he intends to purchase special fuel. The user shall furnish a description of his operations detailed sufficiently to demonstrate to the department that in the absence of such authorization an overpayment of fuel tax by the user may be expected to occur consistently. The authorization issued by the department shall contain the name, address and special fuel license number of the special fuel dealer and such other information as the department deems necessary. A copy of the authorization shall be furnished to the designated dealer by the user and shall authorize sales by the designated dealer to the user without collection of tax so long as the authorization remains in full force and effect.

WAC 308-77-090 Computation of tax on mileage basis. In the absence of records only the department may prima facie presume that not less than one gallon of

special fuel was consumed for every four miles traveled (4.00 M.P.G.).

Adjustment of taxable gallons computed in this manner may be made by the department upon audit of the user's account and records if it is determined that the report did not disclose the proper amount of tax due.

[Statutory Authority: RCW 82.38.260, 79-08-140 (Order 548 DOL), § 308-77-090, filed 8/1/79; Order 475-DOL, § 308-77-090, filed 12/30/77; Order MV-175, § 308-77-090, filed 10/24/73; Order 114 MV, § 308-77-090, filed 11/26/71.]

WAC 308-77-095 Minimum tax payment. Each tax report transaction that declares 23 taxable gallons or less need not make remittance; conversely, each tax report transaction that claims a refund for 23 gallons or less will not be allowed. Similarly, an error in the computation of taxable gallonage in the amount of 23 gallons or less will be accepted without penalty or credit. An error in the computation of the tax payable (or credit) in the amount of \$1.09 or less will be accepted without penalty or credit.

[Statutory Authority: RCW 82.38.260, 79-08-140 (Order 548 DOL), § 308-77-095, filed 8/1/79.]

WAC 308-77-100 Credit for bad debt losses of special fuel dealers. The amount of tax reported and paid by a special fuel dealer included in an account found to be worthless and charged off for federal income tax purposes may be taken as a credit against the tax due on a subsequent special fuel tax report of the dealer provided, that the amount claimed shall not exceed the amount of special fuel tax charged on such sale, less the amount of current state retail sales tax on the difference between the purchase price of such sale and the amount of special fuel tax and federal tax charged.

The right to the tax credit arises in the month in which the account is found to be worthless and charged off for federal income tax purposes. The credit may be taken in the report of the dealer for that month or in any subsequent report filed within three years thereafter.

A special fuel dealer using the reserve method to account for bad debts for federal income tax purposes shall not take the credit until after the account is found to be worthless and charged against the reserve.

No tax credit is allowable for any portion of a debt recovered that is retained by or paid to any person as compensation for his services or expenses in collecting the account.

If any account with respect to which credit has been taken is subsequently collected in whole or in part, the special fuel dealer shall apply the amount collected ratably to the charges for the fuel and the tax thereon. If the purchaser is indebted to the dealer with respect to other items also charged off as bad debts, payments made on account thereof shall first be credited to the charges for the fuel and the tax thereon unless the purchaser shall specify otherwise. The tax thus collected shall be included in the return due for the period in which the collection is made and must be remitted to the department within the time prescribed for payment of the tax due for that period.

[Statutory Authority: RCW 82.38.260, 79-08-140 (Order 548 DOL), § 308-77-100, filed 8/1/79; Order MV-137, § 308-77-100, filed 6/1/72; Order 114 MV, § 308-77-100, filed 11/26/71.]

WAC 308-77-110 Allowance of credit or refund of tax paid. The tax paid either directly to the department or to a special fuel dealer in this state may be applied by the user as a credit against the tax due from him on all fuel used in this state in the month or reporting period in which the fuel, with respect to which the tax was paid, was used.

The amount of credit allowable is the amount of tax shown on the invoices issued by special fuel dealers to the user. To be entitled to the credit, the user shall retain in his records for inspection by the department all invoices given by special fuel dealers showing the amount of tax paid and evidence of payment. Should the user accumulate surplus credits which have not been applied to payment of his tax liability or if he ceases to be a user in this state, he may file a claim for refund as provided in RCW 82.38.180 and 82.38.190. All claims for refund of overpayments shall be accompanied by the invoices obtained by the user from the special fuel dealer.

[Statutory Authority: RCW 82.38.260, 79-08-140 (Order 548 DOL), § 308-77-110, filed 8/1/79; Order 114 MV, § 308-77-110, filed 11/26/71.]

WAC 308-77-120 Tax reports. Each special fuel dealer and special fuel user is required to file a tax report for each month (or each reporting period if required by the department to make a return and payment of tax for other than monthly periods) on forms prescribed and furnished by the department. Report forms generated by computers and submitted in lieu of the forms furnished by the department are acceptable provided the format is the same as that prescribed by the department. A report shall be filed with the department for each calendar month (or reporting period) even though no special fuel was sold or used or no tax is due for the month (or reporting period). Reports are due on the twenty-fifth day of the month following the end of the reporting period. The postmark date shall be accepted as the day of receipt. Tax remittances shall be made payable to the state treasurer.

If tax reporting forms are not available, a special fuel dealer or user may make a written informal report to the department setting forth the name, address, license number, month or reporting period and the number of gallons of fuel sold or used on which the tax is due. This report with remittance will be accepted in lieu of a report on the prescribed form.

Any special fuel user whose vehicle is operated within and without the state and any special fuel user whose vehicle is operated regularly on and off the public highways exclusively within the state shall report his miles traveled and fuel purchases with his special fuel tax report.

[Statutory Authority: RCW 82.38.260, 90-13-038 (Order PFT 90-04), § 308-77-120, filed 6/14/90, effective 7/15/90; 79-08-140 (Order 548 DOL), § 308-77-120, filed 8/1/79; Order MV-175, § 308-

77-120, filed 10/24/73; Order 114 MV, § 308-77-120, filed 11/26/71.]

WAC 308-77-125 Tax rate change. Whenever the beginning of a fuel tax rate change does not coincide with the beginning of a licensee's designated reporting period, the department may require the licensee, regardless of the reporting frequency designated, to file a report reflecting the old tax rate covering the period from the licensee's last report to the day before the effective date of tax rate change. Failure to file a report for this period shall be sufficient cause for the revocation of the special fuel user or the special fuel dealer license; provided, that licenses revoked under this section will not be subject to the penalty imposed by RCW 82.38.170(10); provided further, that the revoked license shall not be reissued or a new license issued until the special fuel user or the special fuel dealer has filed the required report and all other conditions for issuing a license have been satisfied. The next report shall be the regular fuel tax report covering the period from the date of the new tax rate to the end to the regular reporting period of the licensee.

[Statutory Authority: RCW 82.38.260. 90-13-036 (Order PFT 90-02), § 308-77-125, filed 6/14/90, effective 7/15/90.]

WAC 308-77-130 Ten day reports and payments by special fuel dealer. If the bond coverage of a special fuel dealer required by RCW 82.38.110 should be insufficient for monthly reporting, the department may require reports with remittances to be filed at ten day intervals ending on the tenth, twentieth and last day of each month. The report and remittance shall be filed with the department within four days of the end of the reporting period. The postmark date shall be accepted as the day of receipt.

The special fuel dealer shall summarize the data of the ten day reports on a monthly report as required in WAC 308-77-120. The tax liability shown on the monthly report will be that of the prepaid payments submitted with the ten day reports, and no further payment will be required to accompany the monthly report.

[Statutory Authority: RCW 82.38.260. 79-08-140 (Order 548 DOL), § 308-77-130, filed 8/1/79; Order 114 MV, § 308-77-130, filed 11/26/71.]

WAC 308-77-150 Records, receipts and invoices. Every special fuel supplier, dealer and user and every person importing, manufacturing, refining, dealing in, transporting or storing special fuel shall maintain a complete record of all sales or other dispositions including special fuel used by them, inventories, purchases, receipts, tank gaugings or meter readings of fuels the use of which is subject to the special fuel tax. Each special fuel user shall obtain from the special fuel dealer an invoice for each delivery of special fuel into the fuel supply tank or tanks of each vehicle operated by him and for each delivery into his bulk storage tank or tanks. The invoices shall include the information specified for sales invoices and shall be filed and identified in a systematic

manner so that they may be readily traced into his purchase or expense records and into his reports to the department. Such records, receipts and invoices shall be made available for inspection by the department or its authorized representatives and shall be maintained for a period of not less than three years. A lessor of a vehicle who is a special fuel user shall also maintain records of each trip and the mileages his vehicle is operated by the lessee within and without the state of Washington. A lessor who is a special fuel user must obtain from the lessee, and retain in his files, the original copy of all invoices substantiating claims by the lessor for purchases of fuel upon which the special fuel tax was paid.

[Statutory Authority: RCW 82.38.260. 79-08-140 (Order 548 DOL), § 308-77-150, filed 8/1/79; Order 114 MV, § 308-77-150, filed 11/26/71.]

WAC 308-77-160 Sales invoices. Special fuel suppliers and dealers shall prepare a serially numbered invoice for each sale of fuel whether the fuel is sold for use in motor vehicles or for other uses. A single invoice covering multiple deliveries of fuel made during a period of time not to exceed a calendar month may constitute an invoice of sale. When repeated sales are made of small quantities of special fuel exempt from the tax under RCW 82.38.080, such as heating oil in hand carried containers, and the customer does not want an invoice, a ledger may be kept with a separate line entry for each sale indicating date, number of gallons, amount of sale, and purpose for which the special fuel is to be used. If the multiple delivery invoice includes tax exempt deliveries either into a bulk storage facility or into fuel supply tanks of motor vehicles with respect to which the special fuel dealer is excused from collecting the tax as provided in rule WAC 308-77-060, and deliveries into fuel tanks of motor vehicles upon which the tax is required to be collected, the invoice shall contain or be accompanied by a statement showing separately the deliveries and gallonage upon which the tax is collected and the tax exempt deliveries and gallonage. The original invoice shall be delivered to the purchaser and a copy thereof shall be retained by the special fuel supplier or dealer.

A sales invoice shall contain the following information:

- (1) The name and address of the special fuel supplier or special fuel dealer.
- (2) The name of the purchaser with respect to:
 - (a) A charge or credit sale.
 - (b) A cash sale when the purchaser desires to claim a refund of the special fuel tax.
 - (c) A cash sale when the quantity of fuel delivered into the fuel supply tank of a motor vehicle is 25 gallons or more.
- (3) The special fuel license number of the purchaser, or other authority, as defined within WAC 308-77-060, if the special fuel tax is not collected on the sale.
- (4) The date of sale (month, day and year).
- (5) The number of gallons of fuel sold, the price per gallon and the total amount of the sale.
- (6) The amount of the special fuel tax collected.

The amount of the tax need not be separately stated if the invoice bears the notation that the price includes the special fuel tax. Billing systems for any type of dispenser of special fuel that uses a magnetic or other form of card identification must be approved by the department to assure that prospective refund claimants are provided with sufficient information to support their claims.

[Statutory Authority: RCW 82.38.260. 79-08-140 (Order 548 DOL), § 308-77-160, filed 8/1/79; Order 114 MV, § 308-77-160, filed 11/26/71.]

WAC 308-77-165 Invoices for export sales. A sale is considered for export under RCW 82.38.030(2) when a licensed special fuel dealer sells special fuel in this state to a purchaser who is not a licensed special fuel user or special fuel dealer, and the fuel is delivered into the transportation equipment of the purchaser or a common or contract carrier employed by the purchaser, and the purchaser transports the fuel and unloads it at a location outside the state.

The selling special fuel dealer must issue to the purchaser an invoice which shall contain at least the following details:

- (1) Name and address of seller;
- (2) Name and address of purchaser;
- (3) The date of delivery (month, day, and year);
- (4) The location of the point of shipment, in words;
- (5) The place of delivery, in words, if different from shipping point;
- (6) Purchaser's method of transporting fuel (either customer equipment, common carrier, or pipeline, if by common carrier, common carrier's name);
- (7) State or foreign jurisdiction of destination;
- (8) Name of product sold;
- (9) The quantity, in gallons, of product sold;
- (10) The price per gallon and total amount charged; and
- (11) The statement: "Ex Washington State Fuel Tax."

The original copy of the invoice must be furnished the purchaser and a copy of the invoice must be kept by the selling special fuel dealer.

These sales shall be reported as "export sales, exported by purchaser" and supported by Schedule 10, Uniform Motor Vehicle Fuel Tax Multiple Schedule of Disbursements (Form FT 441-841), a separate schedule for each state of destination. This Schedule 10 should be submitted with the tax report. The department shall furnish the government agency of the state or foreign jurisdiction of destination a copy of this Schedule 10 to give information on the movement of untaxed fuel across state lines.

WAC 308-77-170 Metric measurement. Any requirement imposed by chapter 82.38 RCW or these rules regarding quantity measurement for inventory sales, purchases, use, or other purpose may, at the option of the licensee, be recorded in SI liters in lieu of United States gallons. Tax reports submitted to the department

must show all figures converted to gallons at the rate of 3.785 liters per gallon.

WAC 308-77-180 Audit assessment conference. In any case of an account under audit where substantial agreement has not been reached between the taxpayer and the field auditor, the taxpayer may request a conference with the field audit supervisor or his designee prior to finalization and submission of the audit report. Such conference is informal in nature, and is intended to clarify the issues in dispute, resolving them where possible, and in any event effecting agreement as to the facts and figures involved. In those cases where agreement cannot be reached at this level as to the tax interpretations applied, the report will be finalized and submitted to Olympia, from where, following review and approval of the recommendations of the report, an assessment will be issued.

WAC 308-77-190 Audit appeal procedure. Any person having been issued a notice of assessment of additional taxes, delinquent taxes, penalties, or interest and desiring to contest such notice may petition the department of licensing for a reassessment by formal hearing or may petition for a reassessment conference in lieu of proceeding directly to a formal hearing. All petitions for reassessment must be in writing and must be received by the department of licensing within thirty days after the receipt of the original notice of assessment. All petitions filed shall set forth the specific reasons why reassessment is sought and the amount of tax, interest, and penalties which the petitioner believes to be due.

Upon receipt of a petition for a reassessment conference, the department will establish the time and place for the conference and notify the petitioner by mail at least ten days prior to the scheduled date. If the petitioner, for good and compelling reasons, is unable to attend the conference on the date or time scheduled, he may request the department in writing to reschedule the conference. At the conference the department of licensing will be represented by the administrator of the prorate and fuel tax division, the assistant administrator for fuel tax, the field audit supervisor, the field auditor who performed the audit if appropriate, an attorney from the office of the attorney general, or either of them. The petitioner may appear in person or may be represented by an attorney, accountant, or any other person competent to present his case.

Following the conference, the administrator will make such determination as may appear to him just and lawful and in accordance with the Revised Code of Washington and rules, principles, and precedents established by the department of licensing, and shall notify the petitioner in writing of his decision. The determination of the administrator shall be deemed to represent the official position of the prorate and fuel tax division

of the department of licensing and shall be binding upon the petitioner unless further appealed.

If the petitioner believes that an error has been made in the determination by the administrator, he may, within ten days after the date of receipt of the determination, appeal in writing and request a formal hearing by a hearing officer. The appeal shall indicate the portions of the determination which the petitioner feels are in error and set forth his reasons for believing that the decision should be amended. The department will establish a time and place for a formal hearing and give the petitioner at least ten days notice of the time and place thereof.

The decision of the department upon a petition for reassessment shall become final, due and payable thirty days after service upon the petitioner of notice thereof.

All petitions and correspondence relating to appeal conferences and hearings will be addressed to Department of Licensing, Administrator, Prorate and Fuel Tax Division, Highways-License Building, Olympia, Washington 98504.

WAC 308-77-220 Filing of refund claim. A claim may be filed monthly, quarterly, annually or for any period of time within thirteen months from the date of purchase or from the last day of the month following the close of the monthly period for which the refundable amount is due. The postmark date shall be accepted as the date the claim was filed.

Claims shall be accompanied by invoices issued to the claimant by the seller of the fuel. Claims of individuals or proprietors shall be signed by the claimant. A partnership claim must be signed by any one of the partners. Claims of business firms or corporations shall be signed by an authorized agent. Accountants and other persons assisting in preparation of claims must also sign in the space provided on the form. A claim should be filed in the same name as that shown on invoices. If it is desired to have a claim paid in a name differing from that shown on the purchase invoice, a letter of authorization shall be attached signed by the person to whom the invoice was issued.

The use tax imposed by chapter 82.12 RCW is to be deducted from the amount of refund claimed. The claimant may calculate the tax himself or it will be computed by the department.

[Statutory Authority: RCW 82.38.260, 79-08-140 (Order 548 DOL), § 308-77-220, filed 8/1/79; Order 114 MV, § 308-77-220, filed 11/26/71.]

WAC 308-77-230 Invoice requirements for refund purposes. (1) The seller of special fuel is required to issue to each purchaser who claims to be entitled to a refund a separate original invoice for each purchase of fuel. A single original invoice covering multiple deliveries made during a period of time not to exceed one calendar month may constitute a separate invoice as provided in WAC 308-77-160. Each delivery is to be

individually listed on the original invoice or on an accompanying statement in accordance with the requirements of the rule for single deliveries. If the multiple delivery invoice includes deliveries on which refund of the tax is not claimed and deliveries on which refund is claimed, the original invoice shall contain or be accompanied by a statement showing separately the deliveries and gallons on which a refund of the tax is claimed and is not claimed.

(2) Each original invoice in support of a claim for refund must show:

(a) Name and address of the seller,

(b) Purchaser's name (invoices showing "cash," "equipment name or number," "boat number," etc. will not qualify),

(c) Complete date of sale (month, day and year),

(d) Kind of fuel delivered,

(e) Number of gallons delivered,

(f) Price per gallon,

(g) Total amount of sale,

(h) Amount of special fuel tax paid. The amount of the tax paid need not be separately stated if the invoice bears the notation that the price includes the tax.

(3) Invoices with alterations, corrections or erasures affecting gallonage, place, date or separately stated tax shall be void and will not be accepted. A claimant who submits an invoice that has been altered that may give the claimant an illegal gain may have the entire claim invalidated and the department may suspend any further claims for refund for a period of one year.

(4) A "corrected invoice" used to support a claim must be accompanied by the original invoice received at time of purchase.

(5) If an original invoice is lost or destroyed, the dealer may issue a copy or duplicate copy entering thereon the invoice number, date of sale, gallons, price and amount and any other essential information that appeared on the initial invoice. The copy shall be certified by the seller as being true and correct according to his records and shall be plainly marked "copy" or "duplicate." The claimant may then submit the certified copy to the department for validation.

(6) Only one invoice shall be issued for any one delivery.

[Statutory Authority: RCW 82.38.260, 79-08-140 (Order 548 DOL), § 308-77-230, filed 8/1/79; Order 114 MV, § 308-77-230, filed 11/26/71.]

WAC 308-77-240 Records for refund claims. Claimants shall maintain records which are sufficient to substantiate the accuracy of the claims. Such records shall reflect all special fuel receipts, the gallons of fuel used in each type of equipment (both refundable and nonrefundable), other uses, loss and gain and inventories of fuel on hand. The records must indicate the date of receipt or disbursements and identify the equipment into which the fuel is delivered or the purpose for which the fuel is used. Failure of the claimant to maintain the required records or to permit examination by representatives of the department shall constitute a waiver of all rights to the refund.

The following rules shall govern records maintained to support claims for refund:

Special fuel purchased in small containers (tanks, cans, bottles, etc.) for nonhighway use (boats, tractors, mobile homes, trailers, etc.) and identified thus on purchase invoice will require no further records.

Invoices covering special fuel purchased, tax included, exclusively for use in motor vehicles will not be required in support of nonrefundable use but they shall be retained in the files of the claimant to account for fuel used in motor vehicles.

Where a claim covering the operation of a motor vehicle is entirely over private property and subject to refund, no record will be required other than that necessary to establish the source and number of gallons of special fuel used.

WAC 308-77-250 Power take-off use. (1) Tax refund may be claimed for special fuel purchased inclusive of tax which is used in a motor vehicle equipped with a power take-off unit to operate auxiliary equipment provided the fuel used for the power take-off operation is supplied from a tank which is not connected with a tank supplying fuel to propel the vehicle on the highway, or the fuel used to operate auxiliary equipment by the power take-off is accurately measured by metering device that has been specifically approved by the department, and in certain motor vehicles, when established by the following formula:

(a) For special fuel used in pumping propane, or fuel or heating oils by a power take-off unit on a delivery truck, at the rate of three-fourths of one gallon for each one thousand gallons of fuel delivered. Pumping of gasoline, or other refined petroleum products or any other product, is a taxable use and does not qualify for a refund. Propane and fuel oil delivery truck operators must maintain records which show the total gallons of propane, or fuel or heating oils pumped by each vehicle for which refund or credit is claimed together with supporting meter readings.

(b) For special fuel used in operating a power take-off unit on a cement mixer truck or a load compactor on a garbage truck at the rate of twenty-five percent of the total gallons of fuel used in each truck. Garbage trucks with power take-off units which operate a dump box, hoist or other type of lift do not qualify for a refund. Cement mixer truck and garbage truck operators must maintain records which show the total gallons of fuel used and the total miles traveled for each vehicle.

(2) Deduction may be claimed on the user's tax report for the gallons of special fuel exempt from tax as provided in subsections (1)(a) and (b) of this section.

(3) All claims must be accompanied by purchase invoices to cover the total gallons of special fuel purchased, except that invoices for special fuel used in propane or fuel oil delivery trucks or when measured by a metering device need only be equal to or greater than the gallons claimed as refundable.

(4) A schedule of vehicle operations shall support each claim for refund.

WAC 308-77-260 Auxiliary engines. Tax refund may be claimed for special fuel purchased inclusive of tax which is used in auxiliary engines mounted on a licensed motor vehicle (ready-mix concrete, refrigeration or air conditioning units, etc.) if the fuel for the auxiliary engine is supplied from a fuel tank other than a fuel tank which supplies the engine propelling the vehicle or is accurately measured by a metering device that has been specifically approved by the department. Estimates for refundable use will not qualify for refund when separate tanks are used. Claimant shall maintain a detailed record of the gallons of fuel used. Invoices covering the total gallons of fuel used in both taxable and nontaxable tanks must accompany the claim.

WAC 308-77-265 Special fuel lost or destroyed. A refund of special fuel tax previously paid may be claimed by notifying the department in writing as to the full circumstances and the amount of the loss. Recovery for such loss or destruction must be susceptible to positive proof enabling the department to conduct such investigation and to require such information as may be deemed necessary.

(1) All vehicles licensed in Washington as well as all vehicles proportionally registered in Washington which are powered by natural gas or liquefied petroleum gas commonly called propane, shall display at all times a decal issued by the department as evidence that the annual fee prescribed in RCW 82.38.075 has been paid in lieu of the fuel tax imposed by RCW 82.38.030. This decal shall be displayed in a conspicuous place on the exterior of the vehicle on the rear bumper or near the fuel tank inlet.

(2) Persons engaged in converting vehicles to be powered by natural gas or propane may, at the completion of the conversion, fill the vehicle tank once with this fuel without requiring the decal. Statutory Authority: RCW 46.01.110, 84-02-019 (Order 739 DOL), § 308-91-030, filed 12/28/83.]

WAC 308-91-040 General provisions. (1) Fleet composition. Carriers may separate their commercial or apportionable vehicles into two or more fleets if such divisions are consistent with their operational practices, by reason of equipment design, or restrictions imposed by member jurisdictions. Fleets will consist of either motor or nonmotor vehicles but not a mixture of both.

(2) Records substantiating the latest purchase cost or price and year of purchase of each vehicle in the fleet must be retained for the period specified in RCW 46-.87.310 and made available to the department upon request.

(3) Filing and compliance dates. Proportional registration annual renewal applications must be filed with the prorate section of the department on or before December 1 of the year immediately preceding the year in which proportional registration is sought to insure timely issuance of identification for the new registration year. No temporary operating authority will be issued for renewal vehicles if the renewal application is received by the department after the above date. Washington proportional registrations expire at midnight, December 31st of each registration year; however, vehicles undergoing renewal processing and for which renewal fees and taxes have been received by the department prior to the beginning of the registration year, will have until March 1st of such registration year to display current year prorate credentials. During the first two months of the registration year, such vehicles will display the credentials issued for the previous registration year.

(4) Proportional registration credentials. Washington prorate credentials consist of a cab card, which describes the vehicle and period for which the vehicle has been proportionally registered, and a prorate backing plate upon which is affixed a current prorate validation tab. If the vehicle described on the cab card is Washington based, apportioned license plates, with current validation tab affixed, will be issued in lieu of the backing plate. If the vehicle is operating under the IRP, the cab card must show the jurisdiction(s) and gross weight for which the vehicle is registered. The cab card is to be carried in or on the vehicle to which it has been issued, or in the case of a trailing unit, it may be carried in or on the power unit of the combination. Photocopies or other facsimiles of the cab card are invalid. The cab card or the Washington fee/tax receipt issued by the department, or the IRP base jurisdiction's cab card, are the only acceptable evidence of proportional registration in this state, unless the receipt required by WAC 308-91-170 is required to accompany the base jurisdiction's cab card. The prorate backing plate, if applicable, is

mounted on the front of a power unit and on the rear of a trailing unit. The validation tab shall be affixed to the upper left-hand corner square of the prorated backing plate or the space designated on the apportioned plate if applicable.

(5) Transfer of proportional registration credentials. Washington proportional registration credentials cannot be transferred from one vehicle to another vehicle or from one fleet to another fleet.

(6) Surrender of proportional registration credentials. Upon termination of proportional registration or deletion of a vehicle from a fleet, prorated credentials will be disposed of as follows:

(a) Vehicle based in Washington. The cab card and apportioned plate(s) with current validation tab attached must be returned to the prorated section of the department. If vehicle is being deleted from the fleet, credentials must accompany the application effecting the deletion.

(b) Vehicle registered under provisions of the compact and based in another jurisdiction. Only the Washington cab card is returned to the prorated section. The prorated backing plate with validation tab attached must be returned to the prorated unit of the base jurisdiction licensing agency. If vehicle is being deleted from the fleet, cab card must accompany the application effecting the deletion. The end of year (December 31st) deletion of a vehicle listed on the renewal application need not be accompanied by the identification issued to such vehicle.

(c) Vehicles based in IRP jurisdictions. Upon termination of proportional registration or deletion of a vehicle from a fleet, the credentials must be returned to the base jurisdiction.

WAC 308-91-050 Applications for proportional registration. (1) Applicants desiring proportional registration in this state must make application to the prorated section of the department in the manner and upon the forms prescribed. Forms will be made available by the department. Washington based carriers desiring registration in other IRP jurisdictions must indicate on their applications the jurisdictions in which the fleet is (is to be) registered, list vehicles by gross weight groups and indicate within each gross weight group the gross weight each vehicle of the group is to be registered for in each jurisdiction listed. Motor vehicles and nonmotor vehicles must be in separate fleets. Incorrect, illegible, or incomplete applications will be returned without action.

(2) Registration options for owner-operators who lease their vehicle(s) with driver(s) to motor carriers are as follows:

(a) The owner-operator may be the registrant. The vehicle(s) will be titled and registered in the owner-operator's name. The registration will show the name of

the owner-operator followed by the name of the carrier to whom the vehicle(s) and driver(s) are leased for operations. The owner-operator will be responsible for registration of such vehicle(s), and establishing and maintaining records required of proportionally registered fleets.

(b) The carrier (lessee) may be the registrant. The vehicle(s) will be titled and registered in the names of both the carrier as lessee and the owner-operator as lessor. The carrier will be responsible for registration of such vehicle(s), and establishing and maintaining records required of proportionally registered fleets.

(3) The application for any fleet shall bear the same applicant's name, or be identified therewith, for each jurisdiction in which proportional registration is sought for such fleet.

(4) After an original or renewal proportional registration application has been filed with this state for a fleet, vehicles can only be added or deleted, or changes made in registered/combined gross vehicle weight, by filing a prorated registration application supplement - Schedule "A & C" in the manner prescribed.

(5) In circumstances where immediate operation of vehicles being added to the fleet is essential, a temporary letter of authority may be requested by the applicant for such vehicles, pending processing of the application and issuance of prorated credentials by the department, provided that:

(a) Licensing fees and taxes have been paid in full for the fleet's original Washington proportional registration application; and

(b) The proportional registration renewal application or supplement - Schedule "A & C" adding such vehicles to the proportionally registered fleet is acceptable and on file in the prorated section of the department; and

(c) The applicant's proportional registration account is considered to be in good standing and on active status.

(6) The temporary letter of authority will permit operation of the vehicles listed thereon, in jurisdictions and at gross weights indicated, for a period of time to be determined by the department but not longer than two months from the effective date of the letter. The temporary letter of authority will be issued by one of the following means as requested by the applicant:

(a) Mail;

(b) Collect facsimile or other electronic transmission for which the requestor pays the transmission and handling fees;

(c) Over the counter.

WAC 308-91-060 Mileage and prorated percentage.

(1) Vehicles developing mileage experience must travel in two or more jurisdictions during the mileage experience or registration year. The mileage reported must be

the actual miles accumulated by only those vehicles that were part of the proportionally registered fleet during the mileage experience year. If a vehicle was part of the proportionally registered fleet for only a part of the mileage experience year, then only the miles accumulated by this vehicle during the time it was a part of the fleet are to be included in the mileage experience year. If a carrier has more than one prorate fleet, a separate mileage report must be kept for each fleet.

(2) Vehicles operating only intrastate during the registration year are not eligible for proportional registration and cannot be considered as part of a prorate fleet. Mileage accumulated by such vehicles cannot be included in the mileage experience year of any prorate fleet.

(3) Estimated mileage:

(a) New fleets will estimate their mileage for the first year of operation. If operations began prior to June of the first year of operation, the actual mileage accumulated by the fleet during the preceding year will be utilized in calculating the prorate percentage for the second year of operation. If operations began during the month of June or later in the first year, mileage will be estimated for the second year of operation.

(b) When a carrier wants to expand operations of a fleet into a new jurisdiction(s), mileage will be estimated for such jurisdiction(s) as indicated for new fleets in (a) of this subsection. Because the prorate percentage of the fleet is based on the actual mileage accumulated by the fleet during the preceding year, the prorate percentage for the new jurisdiction(s) will be above that calculated for the original jurisdictions in which the fleet operated during the preceding year.

(c) If a fleet fails to accumulate mileage during the preceding year in a jurisdiction(s) in which the fleet was registered and they desire to register the fleet in such jurisdiction(s) the following year, mileage will be estimated for such jurisdiction(s) as indicated for new jurisdictions in (b) of this subsection.

(4) Mileage computation.

(a) Applications containing power units only: Use miles of prorate fleet power units only.

(b) Applications containing trailing units only: Use either the mileage traveled by the trailers of the fleet or use the mileage traveled by the motor vehicles while used in combination with the trailers of the fleet. In instances where the use of mileage accumulated by the trailer fleet is impractical, see alternate measures provided under the provisions of RCW 46.87.120(3).

(5) The prorate section of the department will not accept any original or renewal prorate applications which contains one or more of the following:

(a) Estimated mileage that does not realistically reflect proposed operations.

(b) Estimated mileage on renewal applications, unless operations began so late in the previous registration year (June or later), that an actual mileage experience year is not yet available.

(c) Mileage data, other than estimated mileage, expressed in rounded-off numbers on renewal applications.

(d) Identical mileage data reported for consecutive registration years for the same fleet, except when mileage is estimated.

(6) To compute the prorate percentages, divide the miles for each jurisdiction by the total fleet miles. The results are to be computed to the fourth decimal of the percent and rounded up to the third decimal. Express the percent in two digits before the decimal and three digits after the decimal. The Washington prorate percentage established on an original or renewal application will remain in effect for all supplemental applications filed during the registration year unless adjusted by audit or under the provisions of RCW 46.87.120.

WAC 308-91-070 Quarterly licensing for proportionally registered vehicles. In order to participate in the quarterly (three months) licensing program, a Washington based carrier must initially make their desire known to the prorate section by attaching a note or letter to the original or renewal proration application stating their desire to participate in the quarterly licensing program. Participation will then continue as long as the fleet maintains eligibility under the provisions of RCW 46.87.160, the carrier withdraws from the program or the privilege is withdrawn by the department for cause. This program pertains only to the quarterly payment of the license fee prescribed in RCW 46.16-.070; it does not authorize partial payment of any other fee or tax authorized or required for payment by another statute or rule.

WAC 308-91-080 Temporary authorization permit. Washington temporary authorization permits (TAPs) are available to carriers who have been prorated with the state of Washington for a minimum of one year; have not had their TAP or prorate privileges suspended, revoked or canceled in this state within the past three years; and who have a history of making prompt payment of fees when due and final, usually within thirty days of the billing date. These permits may be used by qualified carriers to allow immediate operation of vehicles being added to their fleet pending issuance of proportional registration credentials.

Carriers desiring the privilege of obtaining and using TAPs must make application in writing to the prorate section of the department and indicate their anticipated annual requirements for these permits. Upon approval of the application, the carrier may place an order for ten or more TAPs utilizing order forms to be provided by the department; payment as prescribed in RCW 46.87.080 must accompany the application. TAPs are valid for a

period of two months from the date of issue by the carrier. The following procedures govern the use and issuance of these permits:

(1) TAPs are serially numbered and must be issued by the carrier in sequential order. Carriers are accountable and liable for all TAPs purchased from the department. These permits are not transferable and may be utilized only by the carrier to whom they were issued for use with vehicles being added to their fleet or fleets. Carriers must return all unused TAPs at such time as they cancel or fail to renew their Washington prorate account; or at such time as the department withdraws, suspends, revokes or cancels their TAP and/or prorate privileges in this state. No refunds or credits will be given for TAPs that are returned to the department.

(2) TAPs may only be used for vehicles being added to a carrier's established fleet. They cannot be used to increase gross weight on a vehicle or for a vehicle that has already been listed on a proportional registration application Schedule "A & C" or renewal application which has been submitted to the prorate section of the department. Only one permit may be issued for any one vehicle.

(3) TAPs must be filled out with a typewriter. All applicable blanks must be completed with requested data. If an error is made in the issue date, expiration date, gross weight, license plate number, serial/identification number blanks or in the jurisdiction/weight section, void the permit by printing the word "VOID" in large letters across the face of the permit. Return the vehicle copy and prorate copy to the department within one week or with your next proration application supplement, whichever is sooner. If TAP is to be used for a vehicle being added to a fleet registered under the provisions of the IRP, the jurisdiction postal code abbreviation, along with the declared operating weight for such jurisdiction, must be indicated in the space provided for each jurisdiction in which the fleet is registered. Jurisdiction/weight listings must begin in the upper left space provided and continue across the form to the right. Each line must be completed before starting the next line immediately below if needed. After the last entry, spaces to the right must be filled with asterisks as must be the entire line immediately below the last completed line in this section of the form. The purpose of the asterisks is to preclude entry of additional jurisdictions/weights. Retain the applicant's file copy for four years pending possible audit of account under the provisions of RCW 46.87.310. No refund or credit will be given for voided permits; and, they must be accounted for in the department records.

(4) The original copy of the TAP is to be carried in the vehicle to which it was issued; however, if the vehicle is a trailing unit, it may be carried in the towing vehicle. The second copy of the permit is to be retained in the carrier's files for a period of four years pending possible audit under the provisions of RCW 46.87.310. The third copy is to be attached to a Washington proration application supplement which is used to add the vehicle to the carrier's fleet.

(5) When TAPs have been issued, a proration registration application supplement Schedule "A & C," listing such vehicles as additions to the fleet, must be submitted to the prorate section of the department, along with the third copy of the TAP attached, within one week of the issue date of such TAPs. To facilitate compliance with this requirement, proration registration application supplement Schedule "A & C" and TAPs should be issued from the same location. Failure to submit a proration application for vehicles to which TAPs have been issued, within one week, shall be cause for suspension and cancellation of TAP and/or proportional registration privileges in the state of Washington.

(6) Other causes for suspension and cancellation of TAP and/or proportional registration privileges are:

- (a) Failure to comply with these rules and procedures; or
- (b) Failure to complete TAPs in their entirety prior to use; or
- (c) Failure to comply with Washington prorate instructions, rules or laws; or
- (d) Failure to make timely payment of registration fees, taxes or audit assessments when due and final (usually within thirty days); or
- (e) Failure to maintain accountability of TAPs.

WAC 308-91-090 Leased and rented vehicles. (1) The registration of rental vehicles will be conducted under the provisions, currently identified as article XI—registration of rental vehicles, of the international registration plan (IRP) as now written or hereafter amended. Rental vehicles under this section include: Trucks, tractors, and truck-tractors; trucks of one-way fleets (less than 26,000 pounds gross weight); trailers and semitrailers (exceeding 6,000 pounds gross weight), utility trailers (not exceeding 6,000 pounds gross weight), and passenger cars (includes recreational vehicles). A copy of the rental/lease agreement must be carried in the rental/leased vehicle or if it is a nonpowered vehicle, the vehicle providing the motive power for the combination.

(2) Single trip lease. The requirements for single trip leasing are as follows:

(a) The lessor's motor vehicles must be prorated in this state or operated under authority of vehicle trip permits.

(b) The duration of the lease agreement is for a single trip and cannot exceed thirty days.

(c) A completed copy of the single trip lease agreement must be carried in the lessor's vehicle throughout the duration of the lease.

(d) All mileage accumulated throughout the duration of the single trip lease agreement will be recorded by the lessor and become a part of the lessor's mileage experience year. The mileage records, trip reports and single trip lease agreement must be maintained by the lessor

for a period of four years following the mileage experience year or period upon which the application is based.

(3) Normally the lessee of a vehicle is responsible for its licensing under proportional registration subject to the following exceptions:

(a) Household goods carriers, wherein the agent is the lessor and the company is the lessee, may file and register as dual applicants. Under this procedure, the lessor's fleet is prorated in its name and cab cards are issued in the name of both the lessor and lessee. The application is based on the lessor's vehicles and the mileage accumulated by the lessor under its name and that of the lessee. The application should be filed in the name of the lessee and the lessor. For equipment owned and operated by owner-operators, other than service representatives, and used exclusively to transport cargo for the household goods carrier, the vehicle shall be registered by the carrier in the base jurisdiction of the carrier, but in both the owner-operator's name and that of the carrier as lessee, with the apportionment of fees according to the records of the carrier.

(b) The lessor of a single trip lease agreement is responsible for licensing and recordkeeping.

(c) Optional for rental vehicles referred to in subsection (1) of this section.

WAC 308-91-120 Federal heavy vehicle use tax. (1) Any owner registering a Washington based fleet of commercial vehicles in one or more other jurisdictions and engaged in interstate operation, may, in lieu of registration of vehicles under the provisions of chapter 46.16 RCW, proportionally register the vehicles of the fleet under the provisions of chapter 46.87 RCW by filing a proportional registration application with the department.

(2) The department of licensing shall require owners of motor vehicles with a declared combined gross weight of 55,000 pounds or more to provide proof, acceptable to the department, that the federal heavy vehicle use tax imposed by section 4481 of the Internal Revenue Code of 1954 has been suspended or paid at the time of registration unless specifically exempt by the rules and regulations of the Internal Revenue Service. The department shall refuse registration of such vehicles if sufficient proof is not presented at time of registration. Acceptable proof for registration purposes is:

WAC 308-91-130 Hunter's permit. (1) Upon request, Washington will provide a means of temporary registration (hunter's permit) for owner-operators to move their empty vehicle or combination of vehicles from one lessee-carrier fleet, which they were a part of, to a new lessee-carrier fleet to which they will become a part of. This temporary authority will be issued without cost and be valid for ten days from the date of issue. Photocopies of the permit will not be valid.

(2) The purpose of a hunter's permit is to allow an owner-operator to move their empty (unladen) vehicle or combination of vehicles from one lessee-carrier fleet to another without the need for further registration and/or violation of general registration statutes in IRP jurisdictions.

(3) A hunter's permit issued by an IRP jurisdiction to an owner-operator, who was formerly based in such jurisdiction, will be honored in this state for operation at the unladen weight of the vehicle or combination of vehicles listed therein. If vehicles operating under authority of a hunter's permit attempt to carry any load or if the permit appears to have been tampered with, it shall be considered to be invalid and will be confiscated. Photocopies of hunter's permits are not acceptable.

WAC 308-93-071 Class "A" and Class "B" titles. From June 30, 1985 until June 30, 1990 there will be two classes of vessel titles: class "A" and class "B."

(1) All vessel titles issued prior to June 30, 1985 are Class "B" title certificates. Class B certificates show ownership of a vessel, but the vessel may be subject to a security interest not reflected on the title.

(2) Class A title certificates will be issued to purchasers of new vessels with appropriate documentation, or to owners of used vessels who have undergone a UCC

search and obtained appropriate releases to ensure that there are no existing liens or claims against the vessel.

[Statutory Authority: 1985 c 258. 85-23-066 (Order TL-RG-19), § 308-93-071, filed 11/19/85.]

WAC 308-93-072 UCC search requirements. After June 30, 1985 a Class "A" title certificate may be issued when an owner presents evidence of ownership of the vessel in the registered owner's name, and evidence of the absence of security interests or claims, except those to be shown on the new title certificate. The absence of outstanding security interests shall be evidenced by a completed UCC search with appropriate releases from all named secured parties on forms provided by the department.

The name(s) on the UCC search must be in exact agreement with the name(s) of the vessel owner(s) as shown on the title application, bill of sale, Washington Coast Guard Registration, or other document approved by the department, subject to the following conditions:

(1) If the applicant for certificate of title obtained ownership of the vessel between July 1, 1982 and July 1, 1985, a UCC search must be completed for the registered owner on the current application and for the immediate previous owner(s).

(2) If the applicant for certificate of title owned the vessel from July 1, 1982 to July 1, 1985 inclusive, the UCC search must be done in the name of the registered owner on the application.

(3) If the applicant for certificate of title obtained ownership of the vessel on or after July 1, 1985, the UCC search must be made in the name of the previous owner.

WAC 308-93-073 New vessels. Application for certificate of title to a new vessel never before licensed or titled or sold by an in-state or out-of-state dealer or manufacturer must be accompanied by a manufacturer's statement of origin, carpenters certificate, or a copy of the factory invoice.

If the date of sale shown on the manufacturer's statement of origin, carpenters certificate, or factory invoice was prior to July 1, 1985, a UCC search with appropriate releases must also accompany the application.

The manufacturer's statement of origin, carpenters certificate, or factory invoice must reflect the model year, make and hull identification number of the vessel.

(1) No manufacturer's statement of origin, carpenters certificate, or factory invoice can be accepted for the issuance of a title unless all persons named, including dealers, on the manufacturers statement of origin have released or assigned their interest thereon, or on a department release of interest form.

(2) Dealer to dealer transfers may be accomplished either by appropriate endorsement of the manufacturers statement of origin, carpenters certificate, or factory invoice, or by a department release of interest form. A complete chain of ownership must be reflected from the

original dealer named on the manufacturers statement of origin to the retail selling dealer making the application.

(3) A copy of the factory invoice may be used in lieu of the manufacturers statement of origin or carpenters certificate only when such documents are not available and obtaining a replacement from the manufacturer would cause an undue amount of delay in titling the vessel. An affidavit of fact describing why the statement of origin or carpenters certificate is not available must be attached to the photocopy of the factory invoice.

[Statutory Authority: RCW 88.02.030, 88.02.070, 88.02.120, 88.02.130, 88.02.140, 88.02.150 and 88.02.100. 86-10-068 (Order TL/RG 25), § 308-93-073, filed 5/7/86.]

(2) A manufacturer's statement of origin, carpenter certificate, or factory invoice indicating a date of sale prior to July 1, 1985, accompanied by a UCC search and proper releases.

(3) A previously issued and properly released Washington Class "A" title for the vessel.

(4) A Class "B" title accompanied by UCC search and proper releases.

(5) A certificate of title issued by a foreign state or jurisdiction accompanied by a UCC search conducted in the state or jurisdiction issuing such title and the proper releases of interest.

Chapter 46.85 RCW authorizes the department of licensing to enter into agreements with other jurisdictions providing for the granting of mutual benefits, privileges, and exemption from payment of vehicle license and registration fees to owners of vehicles properly licensed or registered in one jurisdiction while being operated in Washington. Chapter 46.85 RCW further provides that in the absence of an agreement, vehicles properly licensed or registered in another jurisdiction shall receive, when operated in this state, the same benefits, privileges and exemptions granted by that jurisdiction to properly registered Washington vehicles.

It is the purpose of these rules to define this policy in terms of specific applications and to describe restrictions and conditions to the operation of vehicles in this state which are licensed in other jurisdictions.

[Statutory Authority: 1982 c 227 § 18 et seq. 83-19-009 (Order 729-DOL), § 308-99-030, filed 9/9/83. Formerly WAC 410-20-030.]

WAC 308-99-040 Restrictions and conditions. A vehicle properly licensed or registered in another jurisdiction may be operated in Washington without further registration requirements subject to the following conditions and restrictions:

(1) Nonresident persons: Nonresident persons not employed in this state may operate a vehicle in this state that is currently licensed in another jurisdiction for a period not to exceed six months in any continuous twelve-month period.

(2) Nonresident students: The student must be in full-time attendance at an institution of higher learning in Washington accredited by the Northwest Association of Schools and Colleges or at a private vocational school as that term is defined by RCW 28C.10.020(7) and

maintain their legal home of record at a location outside the state of Washington. Students' vehicles must be registered in their name or the name of their parent or legal guardian in the resident state of record. The student must carry documentation issued by the institution in the vehicle which readily establishes the nonresident status. Employment incidental to the full-time student status is permitted. The spouse of a nonresident student has the same licensing privilege as long as the vehicle is registered to the student or jointly to the student and spouse, regardless of the spouse's legal residence or employment.

(3) Nonresident military personnel: Vehicles must be currently registered in the name of the military person at his/her official home of record. A vehicle licensed at the last duty station may be operated until expiration of the registration at which time it must be licensed in the home of record or in Washington. The spouse of a nonresident military person has the same licensing privilege as long as the vehicle is registered to the military person or jointly to the military person and spouse, regardless of the spouse's legal residence or employment.

(4) Borrowed vehicle: A borrowed vehicle currently licensed in another jurisdiction may be operated by a Washington resident for a period not to exceed ten days in any one calendar year. If the period of use exceeds ten days the vehicle must be registered and licensed in Washington. This provision does not apply to business vehicles.

(5) Nonresident employed in Washington: Nonresident persons employed in this state may operate vehicles not to exceed 12,000 pounds registered gross vehicle weight that are currently licensed in another jurisdiction if no permanent, temporary, or part-time residence is maintained in this state for a period greater than six months in any continuous twelve-month period.

(6) Business vehicle: A vehicle or a combination of vehicles, not exceeding a registered gross or combined gross vehicle weight of 12,000 pounds, which is properly base licensed in another jurisdiction and registered to a bona fide business in that jurisdiction is not required to obtain Washington vehicle license registration except when such vehicle is owned or operated by a business or branch office of a business located in Washington.

If an applicant's vision cannot be corrected so that it will be within the 20/40 Snellen range for visual acuity or

Such driver may request a formal hearing as provided in RCW 46.20.329.

[Statutory Authority: RCW 46.20.391, 46.01.110 and 46.65.020. 86-07-018 (Order DS 2), § 308-104-012, filed 3/12/86.]

Whenever the department suspends the driving privilege of a person, pursuant to RCW 46.20.291, for the reasons set forth in RCW 46.20.031(4), reinstatement shall be contingent upon the department receiving a report confirming that the person has participated for at least sixty days in an alcoholism treatment program meeting the requirements of WAC 275-15-020 (2) or (5). Said report shall be provided by an approved and accredited facility as defined in either WAC 275-15-030 (9) or (10).

The treatment report must be completed by an administrator or alcoholism counselor as defined in WAC 275-15-030, on a form provided by the department.

The department may waive the sixty-day treatment requirement in whole or in part upon a showing that the full sixty days of treatment would not be in the best interests of the person's recovery progress.

For purposes of this section, the driver improvement interview may be conducted in a group setting.

Failure to appear at the interview may result in a suspension of the driving privilege. For purposes of this section "traffic offense" means a conviction as defined in RCW 46.20.270, or a finding that a traffic infraction has been committed as defined in RCW 46.63.020, of a moving violation as defined in WAC 308-104-160. For purposes of RCW 46.20.291(c), whenever the records of the department show that a person has committed at least four traffic offenses within a twelve month period, or at least five traffic offenses within a twenty-four month period, this shall be considered prima facie evidence of violations of such frequency as to indicate a disrespect for traffic laws or a disregard for the safety of other persons on the highways. A traffic offense committed under the provisions of chapter 46.37 RCW by a commercial driver with respect to equipment required on commercial motor vehicles shall not be considered for the purposes of this section.

[Statutory Authority: RCW 46.01.110 and 1989 c 178 §§ 3, 5, 8 and 16. 89-18-003, § 308-104-035, filed 8/24/89, effective 9/24/89.]

WAC 308-104-047 Driving test--Waiver. For purposes of issuance of an original driver's license, the department may waive the actual demonstration of the ability to operate a motor vehicle where the applicant meets all other licensing requirements, has successfully completed the appropriate Washington knowledge test or tests, and:

- (1) If the application is for a basic driver's license, the applicant has:
 - (a) Surrendered a valid driver's license issued by the applicant's previous home state, or presented a letter of clearance from the previous home state showing a valid license record on file;

(b) Not taken a Washington driving test on which the applicant has been disqualified; and

(c) Not taken a Washington knowledge test on which the applicant has been disqualified three or more times;

(2) If the application is for a driver's license with a motorcycle endorsement, the applicant, along with the requirements listed in subsection (1) of this section, has:

(a) Surrendered a valid motorcycle license or driver's license with motorcycle endorsement issued by the applicant's previous home state, or presented a letter of clearance from the previous home state showing a valid motorcycle license record on file. (b) Completed a motorcycle skill test waiver certificate; and

(c) If the applicant is under eighteen years of age, presented a certificate verifying completion of an approved motorcycle safety education course;

(a) Surrendered a valid commercial driver's license issued by the applicant's previous home state, or presented a letter of clearance from the previous home state showing a valid commercial driver's license record on file; or

(b) Met the requirements for waiver of the commercial driver's license skill test as provided by RCW 46.25.060(2).

Notwithstanding the above provisions, the department may require the applicant to complete the appropriate driving test or tests if the department determines that it is in the interest of safety for the applicant to demonstrate his or her ability to operate a motor vehicle.

For purposes of this section, the term "home state" means a state of the United States, the District of Columbia, or a United States territory or possession.

[Statutory Authority: RCW 46.01.110. 91-01-063, § 308-104-047, filed 12/14/90, effective 1/14/91.]

WAC 308-104-050 Waiver of driver education requirement--When granted. No waiver of the traffic safety education course requirement for applicants under the age of 18 years shall be issued unless:

(a) Unable to take or successfully complete a traffic safety education course and the reasons therefor, and

(b) That there exists an immediate need to operate a motor vehicle. The immediate need shall be set forth in as much detail as possible. For the purpose of meeting this requirement, "an immediate need exists" shall be construed to mean that the capability to drive will reduce or help eliminate the negative consequences of the situation that created the immediate need to drive. If operating a motor vehicle does not reduce the hardship

which was created by the situation, "an immediate need" does not exist; and

(2) The waiver is approved by a majority of a three member committee consisting of two department of licensing members which shall include any two of the following: The assistant director for driver services, the administrator of hearings, the administrator of driver responsibility, the administrator or assistant administrator(s) for driver operations, and one member who shall be the supervisor of driver and safety education in the office of the superintendent of public instruction or his/her designee. WAC 308-104-120 Extra-territorial convictions—Hearing. Any person notified of the suspension of his driver's license pursuant to RCW 46.20.300 may within 15 days of the mailing date indicated on the notice of suspension/revocation request an administrative hearing before a hearing officer appointed by the director who shall conduct such hearings.

Upon receipt of a timely request for a hearing, the department shall convene the hearing as provided in RCW 46.20.329 and 46.20.332 considering only the following issues:

(1) Whether the licensee was convicted in another state of an offense which, if committed in this state, would be grounds for the suspension or revocation of the driver's license or nonresident driving privilege.

(2) Whether the statute under which the licensee was convicted in the other state provides for the suspension of the licensee's privilege to drive in that state.

The department need not show that the evidence upon which the licensee was convicted would have been sufficient to convict in this state, but need only show that the violation with which he was charged would have been grounds for suspension or revocation in this state.

[Order MV 349, § 308-104-120, filed 1/28/76.]

WAC 308-104-130 Convictions--Driving records. The department shall consider the information transmitted on the abstract of conviction as being accurate for the purposes of recording information on the defendant's driving record and initiating suspension/revocation action. The defendant shall be deemed to have been convicted of the traffic law violation(s) if any of the following appears on the abstract:

- (1) The payment of a fine.
- (2) An unvacated forfeiture of bail or collateral deposited to secure the defendant's appearance in court.
- (3) A plea of guilty by the defendant.
- (4) A finding of guilt.

For the purposes of maintaining the driving record, initiating suspension/revocation action, and requiring the filing of proof of financial responsibility, the conviction shall be deemed final if any one of the above elements is present regardless of whether the imposition of sentence is deferred or penalty suspended. The department will not amend or modify the driving record of any suspension/revocation action if the court subsequently dismisses the charge at the conclusion of a successful deferral or probation period.

The forfeiture of bail shall be conclusive evidence of a conviction unless the court vacates that forfeiture. A vacation of bail forfeiture shall be effective only if that vacation is entered within sixty days of the date of that forfeiture and the case is scheduled by the court for a hearing on the merits. Any transmittal of the vacation of a forfeiture of bail must specify that these two elements exist.

The payment of a fine on a traffic violation charge shall be conclusive evidence of a conviction unless the court subsequently reimburses the defendant for all fines, costs, and other penalties imposed.

A plea of guilty shall be conclusive evidence of the conviction unless the defendant withdraws the plea of guilty during the proceedings, the defendant appeals the judgment within fourteen days or the court sets aside the judgment and orders a new trial within fourteen days.

A finding of guilt shall be conclusive evidence of the conviction unless the court approves a motion for a new trial within fourteen days or the defendant appeals the conviction to a higher court within fourteen days of the conviction.

If a court defers a finding after hearing the evidence, the department shall not consider the defendant as having been convicted until a final disposition is entered by that court, except when the defendant entered a guilty plea which was not withdrawn, or when the court imposed a penalty or sanction which could only be imposed upon a determination that the defendant was guilty.

A reporting error by the court which materially alters the original record of a conviction for a mandatory offense must be reported to the department in writing accompanied by a copy of the docket, or other permanent court record.

The individual or agency requesting the address must supply the department with the full name and the driver's license number or date of birth of each person whose address is requested. Three types of basic schools of nursing are distinguished by the certificate awarded to the graduate. Schools of nursing within colleges and universities award the associate degree or baccalaureate degree. Schools of nursing sponsored by a hospital award a diploma.

(3) "Provisional approval" of schools of nursing is the approval given a new school of nursing based on its proposed program prior to the admission of its first class.

(4) "Full approval" of a school of nursing is the approval given a school of nursing that meets the requirements of the law and the rules and regulations of the board.

(5) "Conditional approval" of a school of nursing is the approval given a school of nursing that has failed to meet the requirements of the law and the rules and regulations of the board, and it specifies conditions that must be met within a designated time to rectify the failure.

(6) An "unapproved school of nursing" is a school of nursing that has been removed from the list of approved schools for failure to meet the requirements of the law and the rules and regulations of the board or a school that has never been approved by the board.

(7) "Extended learning sites" refers to any area external to the parent organization selected by faculty for student learning experiences.

(8) "Faculty" means persons who are responsible for the educational program of the school of nursing and who hold faculty appointment in the school.

(10) "Nursing aide" as that phrase is used in RCW 18.88.280 (the Professional Nurse Practice Act) is a nursing student who is employed for the purpose of giving help, assistance and support in the performance of those services which constitute the practice of registered nursing.

(a) "Direction and supervision" - the nursing aide may function only under the "direction and supervision"

WAC 308-120-505 Philosophy governing approval of nursing education programs. While the board herein has established minimum standards for approved schools of nursing, it believes that each school of nursing should have flexibility in developing and implementing its philosophy, purposes, and objectives. Such development and implementation should be based not only upon the minimum standards for approved schools of nursing, but also upon sound educational and professional principles for the preparation of registered nurses to meet current and future nursing needs of the public. The board believes that there must be congruence between the total program activities of the school of nursing and its stated philosophy, purpose and objectives.

The board further believes that the minimum standards for approved schools of nursing can be useful to schools of nursing by promoting self-evaluation which may lead to program development and improvement.

WAC 308-122-211 Psychologists--Education prerequisites to licensing for applicants enrolled in a doctoral program between December 28, 1978 to October 19, 1987. (1) This rule applies in lieu of WAC 308-122-200 for applicants enrolled between December 28, 1978 and October 19, 1987 in a program leading to a doctoral degree. To meet the education requirement imposed by the statute, an applicant must possess a doctoral degree from a training institution approved by the board in which at least forty semester hours, or sixty quarter-hours, of graduate courses were passed successfully, and were clearly identified by title and course content as being primarily psychological in nature, as determined by the board. Part of the standards for issuance of said degree must require the submission of an original dissertation which must be psychological in nature, as determined by the board.

(2) The following guidelines define the "academic core" of study that should have been completed by each applicant:

(a) Programs accredited by the American Psychological Association are recognized as one way of meeting the definition of a professional psychology program. The criteria for accreditation serve as a model for professional training.

(b) Training in professional psychology is doctoral training offered in regionally accredited institution of higher education.

(c) The program must be clearly identified and labeled as a psychology program. Pertinent catalogues and brochures must show intent to educate and train professional psychologists.

(d) The psychology program must stand as a recognizable, coherent, organizational entity within the institution.

(e) There must be a clear authority and primary responsibility for the core and specialty areas whether or not the program cuts across administrative lines.

(f) There must be an organized sequence of study planned by those responsible for the training program to provide an appropriate, integrated, experience applicable to the professional practice of psychology.

(g) There must be an identifiable psychology faculty and a psychologist responsible for the program.

(h) There must be an identifiable body of students, selected on the basis of high ability and appropriate educational preparation.

(i) Programs must include practicum, internship, field or laboratory experience appropriate to the practice of psychology.

(j) The curriculum should encompass a minimum (or equivalent) of three academic years of full-time graduate study. The doctoral program should involve at least one continuous year of full-time residency at the university at which the degree is granted. Instruction should include scientific and professional ethics and standards, history and systems: Research design and methodology; statistics and psychometrics. The core program should also require each student to obtain an academic background of the following content areas (typically six or more semester hours):

(iv) Individual differences: e.g., personality theory, human development, abnormal psychology.

(3) If the major emphasis is in an applied area such as clinical, counseling, school or other pertinent areas, the program must include a set of coordinated practicum and internship experiences which total at least two semesters in the practicum setting, and additionally a "one-year" internship. A minimum of 300 hours of practicum, including 100 hours of scheduled individual supervision, should precede the internship.

(4) The psychological services offered in the internship program in "Standards for providers of psychological services" published by the American Psychological Association may be used as a framework for the internship program. The board also recognizes other quality internship programs.

WAC 308-122-215 Psychologists--Experience prerequisite to licensing. (1) Need for supervision. The law requires that the applicant have at least twelve months experience practicing psychology under qualified supervision after having completed all requirements for a doctoral degree. Supervision must be appropriate to the area(s) of professional activity in which the candidate intends to function.

(2) Twelve months of experience shall include a MINIMUM of 1500 supervised clock hours of psychological work. There should be a MINIMUM of one hour of individual supervision for every twenty hours of psychological work. The majority of supervised hours should be in the area(s) of intended psychological work. Documentation of experience and supervision hours shall be kept by supervisee and supervisor. The supervisor(s) shall forward to the board a written evaluation at the end of the twelve-month period, and shall indicate whether the supervisee has satisfactorily completed the supervised clock hours of psychological work. If any supervisor's(s') written evaluation indicates that the supervisee has failed to satisfactorily complete the required work, the board may require additional supervised clock hours of psychological work.

(3) Appropriate supervision is that provided by a licensed psychologist with two years post-license experience, a psychiatrist with three years of experience beyond residency, or an MSW with five years post degree experience or a doctoral level psychologist by training and degree with two years of post-doctoral experience who is exempt from licensure by RCW 18.83.200 (1); (2); (3); or, (4), but only when supervising within the exempt setting. At least 50 percent of supervision must be provided by a licensed psychologist. The

supervisor must have competence in the area(s) of intended psychological work of the supervisee. The supervisor shall not supervise in any area in which he or she does not have competence.

(4) Content of supervision. Supervision should include, but not be limited to, the following content area:

(d) Discussion of the management of professional practice or other administrative or business issues;

(e) Evaluation of the supervisory process, supervisee, and supervisor;

(f) Discussion of the coordination of services among other professionals involved in particular work units;

(g) Review of relevant Washington laws and rules and regulations;

(h) Discussion of ethical principles including principles that apply to current work;

(i) Review of standards for providers of psychological services;

(j) Discussion of other relevant reading materials specific to cases, ethical issues, and the supervisory process.

(5) Mode of supervision. The nature of supervision will vary depending on the theoretical orientation of the supervisor, the training and experience of the supervisee, and the duration of the supervisory relationship. It is reasonable for a supervisor to ask for detailed process notes and progress reports. Audio tapes, video tapes, client supplied information such as behavioral ratings, and one-way mirror observations are also appropriate when deemed useful and/or necessary. However accomplished, supervision shall include some direct observation of the supervisee's work. The preferred mode of supervision is face-to-face discussion between supervisor and supervisee.

(6) Authority of supervisor. The supervisor is ethically and legally responsible for all supervisee work covered in the written agreement for supervision. Therefore, it is the authority of the supervisor to alter service plans or otherwise direct the course of psychological work.

(7) Written agreement for supervision. The supervisor and supervisee shall have a written agreement for supervision. This shall include:

(a) The area(s) of professional activity in which supervision will occur;

(b) Hours of supervision and/or ratio of supervisory hours or professional hours;

(c) Supervisory fees, if appropriate;

(d) Process of supervision including mode of supervision, expectations for recordkeeping, and expectations for evaluation and feedback;

(e) Relevant business arrangements;

(f) How the supervisee will represent him or herself;

(g) How disagreements will be handled.

(8) Representation of supervisee to the public. It shall be the responsibility of the supervisee to represent him or herself to the consuming public as being in training

status with a suitable supervisor. Clients shall be informed of the identity and responsibilities of the supervisor; and shall be informed of their right to consult or speak directly with the supervisor. Such titles as psychological resident, psychological intern or psychological supervisee, are deemed appropriate for the supervisee. NO services provided by the supervisee shall be represented to third parties as having been provided by the supervisor. Insurance forms should be filled out to indicate the nature of the supervisory relationship.

- (1) Professional judgment in the applicant's specialty areas; and
- (2) Knowledge of current laws regulating the practice of psychology; and
- (3) Knowledge and awareness of ethical issues and problems in the applicant's specialty areas and for psychologists in general; and
- (4) Knowledge and skills in areas in which the applicant considers himself/herself competent to offer psychological services; and

- (6) Applicant's plans for professional development and continued supervision.

In the event that an applicant fails in the initial oral examination he or she may be rescheduled for another oral examination before the board.

WAC 308-122-430 Certificates of qualification—Procedure for additional areas of function. A person receiving a certificate of qualification may apply for certification in an additional area of function by updating his/her application form and references, submitting the required fee and by taking an oral examination in the new area following the procedures outlined above.

[Statutory Authority: RCW 18.83.090, 89-19-053 (Order PM 862), § 308-122-430, filed 9/19/89, effective 10/20/89; Order PL 202, § 308-122-430, filed 10/1/75.]

WAC 308-122-440 Continued supervision of persons receiving certificates of qualification. (1) The law states that the holder of a certificate of qualification must perform psychological functions "under the periodic direct supervision of a psychologist licensed by the board." The board's interpretation of this statement is that the psychological assistant is certified *in tandem* with a licensed psychologist and not in his or her own right. That is, the board will evaluate simultaneously the professional capabilities of the applicant and the qualifications of the licensed psychologist to supervise the assistant in the specific professional functions outlined by the assistant. The board's approval of an association between a psychological assistant and a licensed psychologist is done purely on an examination of the professional qualifications of the two parties concerned and on the execution of an agreement between the two of them as proposed supervisor and supervisee. The board in no way involves itself with the specific work conditions, fees, salaries, and related factors except insofar as they have a bearing on the quality of the professional relationship or services offered to the public.

(2) The applicant must indicate on the application form, in detail, his or her areas of intended practice. After initial screening (evaluation of the person's education, experience and supervision) and passing the national written examination, the applicant shall furnish the board with a plan for continued supervision which will include detailed information regarding the supervisor which indicates an agreement to supervise. The board will use this information in conjunction with the oral examination to assess the supervision plans.

(3) Minimum supervision shall entail discussion of the assistant's work through regularly scheduled contacts with the supervisor at appropriate intervals. Whenever possible, supervision should consist of occasional direct observation or review of taped case material. The supervisor shall be responsible for preparing evaluative reports of the assistant's performance, which will be forwarded to the division of professional licensing on a periodic basis.

(4) When a licensed psychologist assumes the responsibility of supervision, he or she shares the professional

and ethical responsibility for the nature and quality of all of the psychological services as the assistant may provide. Failure to provide supervision when such a relationship is claimed may result in appropriate action against the license of the supervisor.

(5) Interruption or termination of a supervisory relationship shall be promptly communicated to the division of professional licensing.

(6) In every case where psychological testing is done and a report is written based on that testing by a psychological assistant, the supervising licensed psychologist will countersign the report indicating his approval.

(7) An applicant or holder of a certificate may apply to the board for authority to work without immediate supervision in particular areas of function. In these cases the board may require further evidence of proficiency. Even though the immediate supervision requirement is waived for the psychological affiliate, periodic supervisory consultation as deemed appropriate by the board is required. Evidence of supervisory consultation must be submitted to the division of professional licensing with the annual license fee.

[Statutory Authority: RCW 18.83.090, 89-19-053 (Order PM 862), § 308-122-440, filed 9/19/89, effective 10/20/89; Order PL 202, § 308-122-440, filed 10/1/75.]

WAC 308-122-450 Certificates of qualification—Representations to clients. (1) Each client of the psychological assistant or psychological affiliate must be informed of the nature of the assistant's or affiliate's professional status, the function in which he or she is certified, and the fact that said assistant is under the supervision of a licensed psychologist.

(2) Only psychological affiliates may advertise their services (e.g. representations of themselves in telephone directories and announcements and on business cards). In doing so, the affiliate must list the functions for which he or she is certified and state his or her academic degree.

[Statutory Authority: RCW 18.83.090, 89-19-053 (Order PM 862), § 308-122-450, filed 9/19/89, effective 10/20/89; Order PL 202, § 308-122-450, filed 10/1/75.]

WAC 308-122-500 Continuing education—Purpose and scope. The ultimate aim of continuing education is to ensure the highest quality of professional work. Continuing psychological education consists of educational activities designed to review existing concepts and techniques and to convey information and knowledge about advances in the science and applications of psychology as appropriate to the work settings. The objectives are to improve and increase the ability of the psychologist or psychological associate or affiliate to deliver the highest possible quality of psychological work and to keep the psychologist or associate or affiliate abreast of current developments in a rapidly changing field. All psychologists licensed pursuant to chapter 18.83 RCW, and psychological associate or affiliate holders of certificates of qualification issued pursuant to RCW 18.83.105 (all types hereafter referred to as licensees), will be required

to meet the continuing education requirements set forth in these rules as a prerequisite to license renewal.

[Statutory Authority: RCW 18.83.090, 89-19-053 (Order PM 862), § 308-122-500, filed 9/19/89, effective 10/20/89. Statutory Authority: RCW 18.83.050(5), 86-04-087 (Order PL 578), § 308-122-500, filed 2/5/86; Order PL 276, § 308-122-500, filed 11/16/77.]

WAC 308-122-505 Continuing education--General requirements. The Washington state board of psychology examiners (hereafter referred to as the board) requires one hundred fifty credit hours of continuing psychological education (hereafter referred to as CPE) every three years. One clock hour of acceptable CPE activity equals one credit hour. Currently licensed psychologists will be divided into three groups, by birthdate[s], for ease in implementing CPE. Group I, those with birthdates falling in the months of January, February, March or April, will have 1 year to show evidence of 50 hours, Group II, those with birthdates falling in the months of May, June, July or August, will have 2 years to show evidence of 100 hours, and Group III, those with birthdates falling in the months of September, October, November or December, will have 3 years to show evidence of 150 hours. Groups I and II may distribute their hours in any of the categories without minimum or maximum category limitations. After implementation phase, all licensees will be on the 3 year cycle. All new psychologists licensed after the effective date will have 3 years to show evidence of 150 hours.

Any holder of certificate of qualification on February 1, 1986 will have 3 years from their birthdate following February 1, 1986, to show evidence of 150 hours. Any person issued a certificate of qualification after February 1, 1986 will have 3 years from the date of issuance to show evidence of 150 hours.

[Statutory Authority: RCW 18.83.050(5), 86-04-087 (Order PL 578), § 308-122-505, filed 2/5/86; Order PL 276, § 308-122-505, filed 11/16/77.]

Reviser's note: RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules, and deems ineffectual changes not filed by the agency in this manner. The bracketed material in the above section does not appear to conform to the statutory requirement.

WAC 308-122-510 Continuing education--Categories of creditable activities. The following are categories of creditable CPE activities approved by the board:

- (1) Category I - Educational activities.
- (2) Category II - Educational activities.
- (3) Category III- Teaching, supervision, and training of psychologists, psychology students or allied services.
- (4) Category IV- Books, papers, publications, and exhibits.

[Order PL 276, § 308-122-510, filed 11/16/77.]

WAC 308-122-515 Continuing education requirements. (1) One clock hour shall equal one credit hour for the purpose of satisfying the one hundred fifty hour CPE requirement.

(2) A minimum of 30 hours must be earned in Category I and it is further required that a minimum of 25 credit hours be earned in each of 2 other categories.

(3) A maximum of ninety credit hours may be earned in Category I. A maximum of seventy-five credit hours may be earned in Category II. A maximum of forty-five credit hours may be earned in each of Categories III, IV, and V.

(4) The maximum credit hours allowed in each category and the minimum number of three categories required in the above have as their purpose encouraging a reasonable broad and rounded scope of CPE, while at the same time enabling specialized areas of interest to be pursued more extensively than other areas.

(5) Any reported credit hours that are in excess of the requirements set forth, will not serve to credit or off-set the required CPE requirements for any succeeding three year cycle.

(6) Professionals offering CPE courses must meet the training and the full qualifications of their respective professions. For example; a psychologist should either be licensed or have a core of basic psychological courses, in residency, culminated in a Ph.D. or equivalent degree; a psychiatrist should have an MD, appropriate psychiatric residency; a social worker should have appropriate educational qualifications and be eligible for membership in ACSW. All professionals shall have demonstrated an expertise in the areas in which they are instructing.

[Order PL 276, § 308-122-515, filed 11/16/77.]

WAC 308-122-520 Definition of categories of creditable CPE. (1) Category I—Educational activities. A maximum of ninety credit hours may be earned in this category, a minimum of 30 hours must be earned. Recognized as appropriate under this category are:

[Order PL 276, § 308-122-520, filed 11/16/77.]

WAC 308-122-525 Continuing education—Special considerations. In lieu (total or partial) of one hundred fifty hours of CPE the board may consider credit hour approval and acceptance of other programs as they are developed and implemented, such as:

(1) Compliance with a CPE program developed by the American Psychological Association which provides either a recognition award or certificate, may be evaluated and considered for partial or total fulfillment of the CPE credit hour requirements of the board.

(2) Psychologists licensed in the state of Washington but practicing in a different state or country which has a mandatory or voluntary CPE program may submit to the board evidence of completion of that other state's or country's CPE requirements for evaluation and partial or total credit hour approval.

(3) Psychologists licensed in the state of Washington but practicing in a state, U.S. territory or foreign country without CPE requirements, or who are not legally required to meet those CPE requirements, may submit evidence of their CPE activities pursued outside of Washington state directly to the board for evaluation and approval based on conformity to the board's CPE requirements.

(4) The board may also accept evidence of diplomate award by the American Board of Examiners in Professional Psychology (ABPP) in lieu of one hundred fifty hours of CPE for that three year period in which the diplomate was awarded.

(5) Credit hours may be earned for other specialty board or diploma certifications if and when such are established.

(6) All board members appointed after December 31, 1985 shall receive, for each year of service on the board, ten continuing education credits, to be applied in any category the board member chooses.

[Statutory Authority: RCW 18.83.050(5). 86-04-087 (Order PL 578), § 308-122-525, filed 2/5/86; Order PL 276, § 308-122-525, filed 11/16/77.]

WAC 308-122-530 Continuing education--Enforcement. Failure to meet above CPE requirements within each three year time period will result in nonrenewal of license. The licensee may petition the board for a hearing. License renewal will be based on decision of the board.

[Order PL 276, § 308-122-530, filed 11/16/77.]

WAC 308-122-535 Continuing education--Exemptions. In the event a licensee fails to meet requirements because of illness or retirement (with no further provision of psychological services to consumers) or failure to renew, or other extenuating circumstances, each case will be considered by the board on an individual basis. When circumstances justify it, the board may grant a time extension. In the case of permanent retirement or illness, the board may grant indefinite waiver of CPE as a requirement for relicensure, provided an affidavit is received indicating the psychologist is not providing psychological services to consumers. If such permanent illness or retirement status is changed (reversed) or consumer psychological services are resumed, it is incumbent upon the licensed psychologist to immediately notify the board and meet CPE requirements for relicensure. CPE credit hours will be prorated for the portion of that three year period involving resumption of such services.

[Order PL 276, § 308-122-535, filed 11/16/77.]

WAC 308-122-540 Continuing education--Program or course approval. (1) The board will accept any CPE that reasonably falls within the above categories and requirements. The board relies upon each individual psychologist's integrity with the intent and spirit of the CPE requirements.

(2) CPE program sponsors or institutes should not apply for, nor expect to receive, prior or current board approval for Category I status, except as required by WAC 308-122-515 and 308-122-520. The CPE category in which credit hours may be claimed will be determined by the definitions as shown in WAC 308-122-520.

(3) The number of creditable hours may be determined by counting the actual contact hours of instruction or, in the case of workshops, the formal hours of the workshop.

Note: The board relies upon the integrity of program sponsors to present CPE that constitutes a professional and/or scientific learning experience of quality and pertinent to psychology.

[Order PL 276, § 308-122-540, filed 11/16/77.]

WAC 308-122-545 Continuing education--Certification of compliance. (1) In conjunction with the application for renewal of licensure, a licensee shall submit an affidavit of compliance with the one hundred fifty hours CPE requirement on a form supplied by the board.

(2) The board reserves the right to require any licensee to submit evidence, e.g., course or program certificate of training, transcript, course or workshop

brochure description, evidence of attendance, etc., in addition to the affidavit form in order to demonstrate, compliance with the one hundred fifty hours CPE requirement. Therefore, it is the responsibility of each licensee to maintain records, certificates, or the other evidence of CPE compliance.

[Order PL 276, § 308-122-545, filed 11/16/77.]

WAC 308-122-600 Code of ethics--General considerations. Psychologists respect the dignity and worth of the individual and strive for the preservation and protection of fundamental human rights. They are committed to increasing knowledge of human behavior and of people's understanding of themselves and others and to the utilization of such knowledge for the promotion of human welfare. While pursuing these objectives, they make every effort to protect the welfare of those who seek their services of the research participants that may be the object of study. They use their skills only for purposes consistent with these values and do not knowingly permit their misuse by others. While demanding for themselves freedom of inquiry and communication, psychologists accept the responsibility this freedom requires: Competence, objectivity in the application of skills, and concerns for the best interests of clients, colleagues, students, research participants, and society. In the pursuit of these ideals, psychologists subscribe to principles in the following areas: 1. Responsibility, 2. Competence, 3. Public statements, 4. Confidentiality, 5. Welfare of the consumer, 6. Professional relationships, 7. Assessment techniques, 8. Research with human participants, and 9. Care and use of animals.

[Statutory Authority: RCW 18.83.050(5). 85-06-044 (Order PL 522), § 308-122-600, filed 3/5/85.]

WAC 308-122-610 Responsibility. In providing services, psychologists maintain the highest standards of their profession. They accept responsibility for the consequences of their acts and make every effort to ensure that their services are used appropriately.

(1) As scientists, psychologists accept responsibility for the selection of their research topics and the methods used in investigation, analysis, and reporting. They plan their research in ways to minimize the possibility that their findings will be misleading. They provide thorough discussion of the limitations of their data, especially where their work touches on social policy or might be construed to the detriment of persons in specific age, sex, ethnic, socioeconomic, or other social groups. In publishing reports of their work, they never suppress disconfirming data, and they acknowledge the existence of alternative hypotheses and explanations of their findings. Psychologists take credit only for work they have actually done.

(2) Psychologists clarify in advance with all appropriate persons and agencies the expectations for sharing and utilizing research data. They avoid relationships that may limit their objectivity or create a conflict of interest. Interference with the milieu in which data are collected is kept to a minimum.

(3) Psychologists have the responsibility to attempt to prevent distortion, misuse, or suppression of psychological findings by the institution or agency of which they are employees.

(4) As members of governmental or other organizational bodies, psychologists remain accountable as individuals to the highest standards of their profession.

(5) As teachers, psychologists recognize their primary obligation to help others acquire knowledge and skill. They maintain high standards of scholarship by presenting psychological information objectively, fully, and accurately.

(6) As practitioners, psychologists know that they bear a heavy social responsibility because their recommendations and professional actions may alter the lives of others. They are alert to personal, social, organizational, financial, or political situations and pressures that might lead to misuse of their influence.

(7) Psychologists do not employ psychological techniques for entertainment, nor for other purposes inconsistent with the development of psychology as a science.

[Statutory Authority: RCW 18.83.050(5). 85-06-044 (Order PL 522), § 308-122-610, filed 3/5/85.]

WAC 308-122-620 Competence. The maintenance of high standards of competence is a responsibility shared by all psychologists in the interest of the public and the profession as a whole. Psychologists recognize the boundaries of their competence and the limitations of their techniques. They only provide services and only use techniques for which they are qualified by training and experience. In those areas in which recognized standards do not yet exist, psychologists take whatever precautions are necessary to protect the welfare of their clients. They maintain knowledge of current scientific and professional information related to the services they render.

(1) Psychologists accurately represent their competence, education, training, and experience.

(2) As teachers, psychologists perform their duties on the basis of careful preparation so that their instruction is accurate, current, and scholarly.

(3) Psychologists recognize the need for continuing education and are open to new procedures and changes in expectations and values over time.

(4) Psychologists recognize differences among people, such as those that may be associated with age, sex, socioeconomic, and ethnic backgrounds. When necessary, they obtain training, experience, or counsel to assure competent service or research relating to such persons.

(5) Psychologists responsible for decisions involving individuals or policies based on test results have an understanding of psychological or educational measurement, validation problems, and test research.

(6) Psychologists recognize that personal problems and conflicts may interfere with professional effectiveness. Accordingly, they refrain from undertaking any activity in which their personal problems are likely to lead to inadequate performance or harm to a client, colleague, student, or research participant. If engaged in

such activity when they become aware of their personal problems, they seek competent professional assistance to determine whether they should suspend, terminate, or limit the scope of their professional and/or scientific activities.

[Statutory Authority: RCW 18.83.050(5). 85-06-044 (Order PL 522), § 308-122-620, filed 3/5/85.]

WAC 308-122-630 Moral and legal standards. Psychologists' moral and ethical standards of behavior are a personal matter to the same degree as they are for any other citizen, except as these may compromise the fulfillment of their professional responsibilities or reduce the public trust in psychology and psychologists. Regarding their own behavior, psychologists are sensitive to prevailing community standards and to the possible impact that conformity to or deviation from these standards may have upon the quality of their performance as psychologists. Psychologists are also aware of the possible impact of their public behavior upon the ability of colleagues to perform their professional duties.

(1) As teachers, psychologists are aware of the fact that their personal values may affect the selection and presentation of instructional materials. When dealing with topics that may give offense, they recognize and respect the diverse attitudes that students may have toward such materials.

(2) As employees or employers, psychologists do not engage in or condone practices that are inhumane or that result in illegal or unjustifiable actions. Such practices include, but are not limited to, those based on considerations of race, handicap, age, gender, sexual orientation relating to competent, consenting adults, religion, or national origin in hiring, promotion, or training. Sexual orientation shall not be construed to include activities or practices which are illegal, pathological or abusive.

(3) In their professional roles, psychologists avoid any action that will violate or diminish the legal and civil rights of clients or of others who may be affected by their actions.

(4) As practitioners and researchers, psychologists act in accord with current professional standards and guidelines related to practice and to the conduct of research with human beings and animals. In the ordinary course of events, psychologists adhere to relevant governmental laws and institutional regulations. When federal, state, provincial, organizational, or institutional laws, regulations, or practices are in conflict with professional standards and guidelines, psychologists made known their commitment to professional standards and guidelines and, wherever possible, work toward a resolution of the conflict. Both practitioners and researchers are concerned with the development of such legal and quasi-legal regulations as best serve the public interest, and they work toward changing existing regulations that are not beneficial to the public interest.

[Statutory Authority: RCW 18.83.050(5). 86-04-087 (Order PL 578), § 308-122-630, filed 2/5/86.]

WAC 308-122-640 Public statements. Public statements, announcements of service, advertising, and promotional activities of psychologists serve the purpose of helping the public make informed judgments and choice. Psychologists represent accurately and objectively their professional qualifications, affiliations, and functions, as well as those of the institutions or organizations with which they or the statements may be associated. In public statements providing psychological information or professional opinions or providing information about the availability of psychological products, publications, and services, psychologists base their statements on scientifically acceptable psychological findings and techniques with full recognition of the limits and uncertainties of such evidence.

(1) When announcing or advertising professional services, psychologists may list the following information to describe the provider and services provided: Name, highest relevant academic degree earned from a regionally accredited institution, date, type, and level of certification or licensure, diplomate status, professional association status, address, telephone number, office hours, a brief listing of the type of psychological services offered, an appropriate presentation of fee information, foreign languages spoken, and policy with regard to third-party payments. Additional relevant or important consumer information may be included if not prohibited by other sections of these ethical principles.

(2) In announcing or advertising the availability of psychological products, publications, or services, psychologists do not present their affiliation with any organization in a manner which falsely implies sponsorship or certification of that organization. Public statements include, but are not limited to, communication by means of periodical, book, list, directory, television, radio, or motion picture. They do not contain

(a) A false, fraudulent, misleading, deceptive, or unfair statement;

(b) A misinterpretation of fact or a statement likely to mislead or deceive because in context it makes only a partial disclosure of relevant facts;

(c) A statement intended or likely to create false or unjustified expectations of favorable results;

(d) A statement intended or likely to appeal to a client's fears, anxieties, or emotions concerning the possible results of failure to obtain the offered services.

Psychologists do not use power, influence or offers of compensation to solicit testimonials from clients.

(3) Psychologists do not compensate or give anything of value to a representative of the press, radio, television, or other communication medium in anticipation of or in return for professional publicity in a news item. A paid advertisement must be identified as such, unless it is apparent from the context that it is a paid advertisement. If communicated to the public by use of radio or television, an advertisement is prerecorded and approved for broadcast by the psychologist, and a recording of the actual transmission is retained by the psychologist.

(4) Announcements or advertisements of "personal growth groups," clinics, and agencies give a clear statement of purpose and a clear description of the experiences to be provided. The education, training, and experience of the staff members are appropriately specified.

(5) Psychologists associated with the development or promotion of psychological devices, books, or other products offered for commercial sale make reasonable efforts to ensure that announcements and advertisements are presented in a professional, scientifically acceptable, and factually informative manner.

(6) Psychologists present the science of psychology and offer their services, products, and publications fairly and accurately, avoiding misrepresentation through sensationalism, exaggeration, or superficiality. Psychologists are guided by the primary obligation to aid the public in developing informed judgments, opinions, and choices.

(7) As teachers, psychologists ensure that statements in catalogs and course outlines are accurate and not misleading, particularly in terms of subject matter to be covered, bases for evaluating progress, and the nature of course experiences. Announcements, brochures, or advertisements describing workshops, seminars, or other educational programs accurately describe the audience for which the program is intended as well as eligibility requirements, educational objectives, and nature of the materials to be covered. These announcements also accurately represent the education, training, and experience of the psychologists presenting the programs and any fees involved.

(8) Public announcements or advertisements soliciting research participants in which clinical services or other professional services are offered as an inducement make clear the nature of the services as well as the costs and other obligations to be accepted by participants in the research.

(9) A psychologist accepts the obligation to correct others who represent the psychologist's professional qualifications, or associations with products or services, in a manner incompatible with these guidelines.

(10) Individual diagnostic and therapeutic services are provided only in the context of a professional psychological relationship. When personal advice is given by means of public lectures or demonstrations, newspaper or similar media, the psychologist utilizes the most current relevant data and exercises the highest level of professional judgment.

(11) Products that are described or presented by means of public lectures or demonstrations, newspaper or magazine articles, radio or television programs, or similar media meet the same recognized standards as exist for products used in the context of a professional relationship.

WAC 308-122-650 Confidentiality. Psychologists have a primary obligation to respect the confidentiality

of information obtained from persons in the course of their work as psychologists. They reveal such information to others only with the consent of the person or the person's legal representative, except in those unusual circumstances in which not to do so would result in clear danger to the person or to others. Where appropriate, psychologists inform their clients of the legal limits of confidentiality.

(1) Information obtained in clinical or consulting relationships or evaluative data concerning children, students, employees, and others, is discussed only for professional purposes and only with persons clearly concerned with the case. Written and oral reports present only data germane to the purposes of the evaluation, and every effort is made to avoid undue invasion of privacy.

(2) Psychologists who present personal information obtained during the course of professional work in writings, lectures, or other public forums either obtain adequate prior consent to do so or adequately disguise all identifying information.

(3) Psychologists make provisions for maintaining confidentiality in the storage and disposal of records.

(4) When working with minors or other persons who are unable to give voluntary, informed consent, psychologists take special care to protect these persons' best interests.

[Statutory Authority: RCW 18.83.050(5). 85-06-044 (Order PL 522), § 308-122-650, filed 3/5/85.]

WAC 308-122-660 Welfare of the consumer. Psychologists respect the integrity and protect the welfare of the people and groups with whom they work. When conflicts of interest arise between clients and psychologists' employing institutions, psychologists clarify the nature and direction of their loyalties and responsibilities and keep all parties informed of their commitments. Psychologists must inform consumers as to the purpose and nature of an evaluation, treatment, educational, or training procedure, and they freely acknowledge that clients, students, or participants in research have freedom of choice with regard to participation.

(1) Psychologists are continually cognizant of their own needs and of their potentially influential position vis-a-vis persons such as clients, students, and subordinates. They avoid exploiting the trust and dependency of such persons. Psychologists make every effort to avoid dual relationships that could impair their professional judgment or increase the risk of exploitation. Examples of such dual relationships include, but are not limited to, research with and treatment of employees, students, supervisees, close friends, or relatives. Sexual intimacies with clients are unethical.

(2) When a psychologist agrees to provide services to a client at the request of a third party, the psychologist assumes the responsibility of clarifying the nature of the relationships to all parties concerned.

(3) Where the demands of an organization require psychologists to violate this code of ethics, psychologists clarify the nature of the conflict between the demands

and these principles. They inform all parties of psychologists' ethical responsibilities and take appropriate action.

(4) Psychologists make advance financial arrangements that safeguard the best interests of and are clearly understood by their clients. They neither give nor receive any remuneration for referring clients for professional services.

(5) Psychologists terminate a clinical or consulting relationship when it is reasonably clear that the consumer is not benefiting from it. They offer to help the consumer locate alternative sources of assistance.

(6) Psychologists do not offer psychological services entirely by mail. They do not use or utilize mechanical devices alone in the interpretation of test results.

(7) Psychologists do not use untrained personnel for provision of psychological services.

[Statutory Authority: RCW 18.83.050(5). 85-06-044 (Order PL 522), § 308-122-660, filed 3/5/85.]

WAC 308-122-670 Professional relationships. Psychologists act with due regard for the needs, special competencies, and obligations of their colleagues in psychology and other professions. They respect the prerogatives and obligations of the institutions or organizations with which these other colleagues are associated.

(1) Psychologists understand the areas of competence of related professions. They make full use of all the professional, technical, and administrative resources that serve the best interests of consumers. The absence of formal relationships with other professional workers does not relieve psychologists of the responsibility of securing for their clients the best possible professional service, nor does it relieve them of the obligation to exercise foresight, diligence, and tact in obtaining the complementary or alternative assistance needed by clients.

(2) Psychologists know and take into account the traditions and practices of other professional groups with whom they work and cooperate fully with such groups. If a person is receiving similar services from another professional, psychologists do not offer their own services directly to such a person. If a psychologist is contacted by a person who is already receiving similar services from another professional, the psychologist carefully considers that professional relationship and proceed with caution and sensitivity to the therapeutic issues as well as the client's welfare. The psychologist discusses these issues with the client so as to minimize the risk of confusion and conflict.

(3) Psychologists who employ or supervise other professionals or professionals in training accept the obligation to facilitate the further professional development of these individuals. They provide appropriate working conditions, timely evaluations, constructive consultation, and experience opportunities.

(4) Psychologists do not exploit their professional relationships with clients, supervisees, students, employees, or research participants sexually or otherwise. Psychologists do not condone or engage in sexual harassment. Sexual harassment is defined as deliberate or repeated

comments, gestures, or physical contacts of a sexual nature that are unwanted by the recipient or that create for the recipient an intimidating, hostile, or offensive environment.

(5) In conducting research in institutions or organizations, psychologists secure appropriate authorization to conduct such research. They are aware of their obligations to future research workers and ensure that host institutions receive adequate information about the research and proper acknowledgment of their contributions.

(6) Publication credit is assigned to those who have contributed to a publication in proportion to their professional contributions. Major contributions of a professional character made by several persons to a common project are recognized by joint authorship, with the individual who made the principal contribution listed first. Minor contributions of a professional character and extensive clerical or similar nonprofessional assistance may be acknowledged in footnotes or in an introductory statement. Acknowledgement through specific citations is made for unpublished as well as published material that has directly influenced the research or writing. Psychologists who compile and edit material of others for publication, publish the material in the name of the originating group, if appropriate, with their own name appearing as chairperson or editor. All contributors are to be acknowledged and named.

WAC 308-122-680 Assessment techniques. In the development, publication, and utilization of psychological assessment techniques, psychologists make every effort to promote the welfare and best interests of the client. They guard against the misuse of assessment results. They respect the client's right to know the results, the interpretations made, and the bases for their conclusions and recommendations. Psychologists make every effort to maintain the security of tests and other assessment techniques within limits of legal mandates. They strive to ensure the appropriate use of assessment techniques by others.

(1) In using assessment techniques, psychologists respect the right of clients to have full explanations of the nature and purpose of the techniques in language the clients can understand, unless an explicit exception to the right has been agreed upon in advance. When the explanations are to be provided by others, psychologists establish procedures for ensuring the adequacy of these explanations.

(2) Psychologists responsible for the development and standardization of psychological test and other assessment techniques utilize established scientific procedures and observe the 1974 American Psychological Association standards.

(3) In reporting assessment results, psychologists indicate any reservations that exist regarding validity or reliability because of the circumstances of the assessments or the inappropriateness of the norms for the person tested. Psychologists strive to ensure that the results of

assessments and their interpretations are not misused by others.

(4) Psychologists recognize that assessment results may become obsolete. They make every effort to avoid and prevent the misuse of obsolete measures.

(5) Psychologists offering scoring and interpretation services are able to produce appropriate evidence for the validity of the programs and procedures used in arriving at interpretations. The public offering of an automated interpretation service is considered a professional-to-professional consultation. Psychologists make every effort to avoid misuse of assessments reports.

(6) Psychologists do not encourage or promote the use of psychological assessment techniques by inappropriately trained or otherwise unqualified persons through teaching, sponsorship, or supervision.

[Statutory Authority: RCW 18.83.050(5), 85-06-044 (Order PL 522), § 308-122-680, filed 3/5/85.]

WAC 308-122-690 Research with human participants. The decision to undertake research rests upon a considered judgment by the individual psychologist about how best to contribute to psychological science and human welfare. Having made the decision to conduct research, the psychologist considers alternative directions in which research energies and resources might be invested. On the basis of this consideration, the psychologist carries out the investigation with respect and concern for the dignity and welfare of the people who participate and with cognizance of federal and state regulations and professional standards governing the conduct of research with human participants.

(1) In planning a study, the investigator has the responsibility to make a careful evaluation of its ethical acceptability. To the extent that the weighing of scientific and human values suggests a compromise of any principle, the investigator incurs a correspondingly serious obligation to seek ethical advice and to observe stringent safeguards to protect the rights of human participants.

(2) Considering whether a participant in a planned study will be a "subject at risk" or a "subject at minimal risk," according to recognized standards, is of primary ethical concern to the investigator.

(3) The investigator always retains the responsibility for ensuring ethical practice in research. The investigator is also responsible for the ethical treatment of research participants by collaborators, assistants, students, and employees, all of whom, however, incur similar obligations.

(4) Except in minimal-risk research, the investigator establishes a clear and fair agreement with research participants, prior to their participation, that clarifies the obligations and responsibilities of each. The investigator has the obligation to honor all promises and commitments included in that agreement. The investigator informs the participants of all aspects of the research that might reasonably be expected to influence willingness to participate and explains all other aspects of the research about which the participants inquire. Failure to make full disclosure prior to obtaining informed consent

requires additional safeguards to protect the welfare and dignity of the research participants. Research with children or with participants who have impairments that would limit understanding and/or communication requires special safeguarding procedures.

(5) Methodological requirements of a study may make the use of concealment or deception necessary. Before conducting such a study, the investigator has a special responsibility to

(a) Determine whether the use of such techniques is justified by the study's prospective scientific, educational, or applied value;

(b) Determine whether alternative procedures are available that do not use concealment or deception; and

(c) Ensure that the participants are provided with sufficient explanation as soon as possible.

(6) The investigator respects the individual's freedom to decline to participate in or to withdraw from the research at any time. The obligation to protect this freedom requires careful thought and consideration when the investigator is in a position of authority or influence over the participant. Such positions of authority include, but are not limited to, situations in which research participation is required as part of employment or in which the participant is a student, client, or employee of the investigator.

(7) The investigator protects the participant from physical and mental discomfort, harm, and danger that may arise from research procedures. If risks of such consequences exist, the investigator informs the participant of the fact. Research procedures likely to cause serious or lasting harm to a participant are not used unless the failure to use the procedures might expose the participant to risk of greater harm, or unless the research has great potential benefit and fully informed and voluntary consent is obtained from such participant. The participant should be informed of procedures for contacting the investigator within a reasonable time period following participation should stress, potential harm, or related questions or concerns arise.

(8) After the data are collected, the investigator provides the participant with information about the nature of the study and attempts to remove any misconceptions that may have arisen. Where scientific or human values justify delaying or withholding this information, the investigator incurs a special responsibility to monitor the research and to ensure that there are no damaging consequences for the participant.

(9) Where research procedures result in undesirable consequences for the individual participant, the investigator has the responsibility to detect and remove or correct these consequences, including long-term effects.

(10) Information obtained about a research participant during the course of an investigation is confidential unless otherwise agreed upon in advance. When the possibility exists that others may obtain access to such information, this possibility, together with the plans for protecting confidentiality, is explained to the participant as part of the procedure for obtaining informed consent.

WAC 308-122-695 Care and use of animals. An investigator of animal behavior strives to advance understanding of basic behavior principles and/or to contribute to the improvement of human health and welfare. In seeking these ends, the investigator ensures the welfare of animals and treats them humanely. Laws and regulations notwithstanding, an animal's immediate protection depends upon the scientist's own conscience.

(1) The acquisition, care, use, and disposal of all animals are in compliance with current federal, state or provincial, and local laws and regulations.

(2) A psychologist trained in research methods and experienced in the care of laboratory animals closely supervises all procedures involving animals and is responsible for ensuring appropriate consideration of their comfort, health, and humane treatment.

(3) Psychologists ensure that all individuals using animals under their supervision have received explicit instruction in experimental methods and in the care, maintenance, and handling of the species being used. Responsibilities and activities of individuals participating in a research project are consistent with their respective competencies.

(4) Psychologists make every effort to minimize discomfort, illness, and pain of animals. A procedure subjecting animals to pain, stress, or privation is used only when an alternative procedure is unavailable and the goal is justified by its prospective scientific, educational, or applied value. Surgical procedures are performed under appropriate anesthesia; techniques to avoid infection and minimize pain are followed during and after surgery.

(5) When it is appropriate that the animal's life be terminated, it is done rapidly and painlessly.

(a) Is valid for no more than 1 year from the date of issue;

(b) Is terminated if the license applicant fails either the written or oral examination administered by the board pursuant to RCW 18.83.050; and/or,

Arrangements must be made with the bank to have any such charges applicable to the real estate trust bank account charged to the regular business bank account, or to provide a separate monthly statement of bank charges so that they may be paid from the brokers business bank account.

(16) The provisions of this chapter are applicable to manual or computerized accounting systems. For clarity, the following is addressed for computer systems:

(a) The system must provide for a capability to back-up all data files.

WAC 308-124E-013 Administration of funds held in trust--Real estate and business opportunity transactions. The procedures in this section are applicable to funds received by the broker in connection with real estate sales or business opportunity transactions or options thereon. These procedures are in addition to the requirements of the general trust account procedures contained in WAC 308-124E-012.

(1) Bank accounts shall be designated as trust accounts in the firm name of the real estate broker as licensed. Trust bank accounts for real estate sales or business opportunity transactions shall be interest bearing demand deposit accounts. These accounts shall be established as described in RCW 18.85.310 and this section.

(a) The broker shall maintain a pooled interest bearing trust account identified as housing trust fund account for deposit of trust funds which are five thousand dollars or less.

Interest income from this account will be paid to the department by the depository institution in accordance with RCW 18.85.310(7) after deduction of reasonable bank service charges and fees, which shall not include

check printing fees or fees for bookkeeping systems. The department shall remit the funds to the state treasurer.

(b) The agent shall disclose in writing to the party depositing more than five thousand dollars that the party has an option between (i) and (ii) below;

(i) All trust funds not required to be deposited in the account specified in (a) of this subsection shall be deposited in a separate interest-bearing trust account for the particular party or party's matter on which the interest will be paid to the party(ies); or

(ii) In the pooled interest-bearing account specified in (a) of this subsection if the parties to the transaction agree in writing.

(c)(i) For accounts established as specified in (a) of this subsection, the broker will maintain an additional ledger card with the heading identified as "Housing trust account interest." As the monthly bank statements are received, indicating interest credited, the broker will post the amount to the pooled interest ledger card. When the bank statement indicates that the interest was paid to the state or bank fees were charged, the broker will debit the ledger card accordingly.

(ii) For accounts established as specified in (b)(i) of this subsection, the interest earned or bank fees charged will be posted to the individual ledger card.

(d) When the bank charges/fees exceed the interest earned, causing the balance to be less than trust account liability, the broker shall within one banking day after receipt of such notice, deposit funds from the brokers business account or other non-trust account to bring the trust account into balance with outstanding liability. The broker may be reimbursed by the party depositing the funds for these charges for accounts established as specified in (b)(i) of this subsection, if the reimbursement is authorized in writing by the party depositing the funds. For accounts established under (a) of this subsection, the broker will absorb the excess bank charges/fees as a business expense.

(2) A separate check shall be drawn on the real estate trust bank account, payable to the broker as licensed, for each commission earned, after the final closing of the real estate or business opportunity transaction. Each commission check shall be identified to the transaction to which it applies.

(3) No disbursements from the real estate trust bank account shall be made in advance of closing of a real estate or business opportunity transaction or before the happening of a condition set forth in the earnest money agreement, to any person or for any reason, without a written release from both the purchaser and seller; except that

(i) If the agreement terminates according to its own terms prior to closing, disbursement of funds shall be made as provided by the agreement without a written release; and

(ii) Funds may be disbursed to the escrow agent designated in writing by the purchaser and seller to close the transaction, reasonably prior to the date of closing in order to permit checks to clear.

(4) When a transaction provides for the earnest money deposit/note or other instrument to be held by a

party other than the broker, the broker shall deliver the deposit to the party designated to hold the funds, unless the parties to the transaction instruct otherwise in writing. The delivery shall be made within one banking day after all parties to the transaction have signed the agreement. A dated receipt will be obtained and placed in the transaction file.

WAC 308-124E-014 Administration of funds held in trust--Property management. Any real estate broker who receives funds or moneys from any principal or any party to property management agreement or contract/mortgage collection agreement shall hold the funds or moneys in trust for the purposes of the agreement, and shall not utilize such funds or moneys for the benefit of the broker or any person not entitled to such benefit. These procedures are applicable to property management and contract/mortgage collection agreements, and are in addition to the general trust account procedures in WAC 308-124E-012.

(1) Bank accounts shall be designated as trust accounts in the firm name of the real estate broker as licensed. Trust bank accounts for property management transactions are exempt from the interest-bearing requirement of RCW 18.85.310. However, interest-bearing accounts for property management transactions may be established as described in this section.

(a) Interest-bearing trust bank accounts or dividend-earning investment accounts containing only funds held on behalf of an individual owner of income property managed by the broker may be established when directed by written property management agreement or directive signed by the owner: *Provided*, That all interest or earnings shall accrue to the owner;

(b) Interest-bearing trust bank accounts containing only damage or security deposits received from tenants of residential income properties managed by the broker for an individual owner may be established by the broker when directed by written management agreement, and the interest on such trust bank accounts may be paid to the owner, if the broker is by written agreement designated a "representative of the landlord" under the provisions of RCW 59.18.270, Residential Landlord-Tenant Act;

(c) The broker is not required to establish individual interest-bearing accounts for each owner when all owners assign the interest to the broker;

(d) A common account, usually referred to as a "clearing account" may be established if desired. No funds which belong to the broker or firm or are related to transactions on property owned by the broker or firm shall be maintained in this account.

(2) Any property management accounting system is to be an accounting of cash received and disbursed by the managing broker only. Any other method of accounting offered to owners for their rental properties, unit and/or

complexes are to be supplementary to the brokers accounting of all cash received and disbursed through his/her trust account(s). All owners' summary statements must include this accounting.

(3) The preauthorization of disbursements or deductions by the financial institution for recurring expenses such as mortgage payments on behalf of the owner is not permitted if the account contains tenant security deposits or funds belonging to more than one client.

(4) A single check may be drawn on the real estate trust bank account, payable to the broker as licensed, in payment of all property management fees and commissions, if such check is supported by a schedule of commissions identified to each individual client. Property management commissions shall be withdrawn at least once monthly.

(5) No disbursements from the real estate trust bank account shall be made of funds received as damage or security deposit on a lease or rental contract for property managed by the broker to the owner or any other person without the written agreement of the tenant, until the end of the tenancy when the funds are to be disbursed to the person or persons entitled to the funds as provided by the terms of the rental or lease agreement.

(6) When the management agreement between the owner(s) and the broker is terminated, the owner(s) funds shall be disbursed according to the agreement. Funds held as damage or security deposits shall be disbursed to the owner(s) or successor property manager, and the tenants so notified by the disbursing broker consistent with the provisions of RCW 59.18.270, Residential Landlord-Tenant Act.

(b) The trustee shall not appoint the trustor-developer its agent or collector of purchaser payments, without prior written approval from the director;

(1) An instrument evidencing sale or disposition of an interest in a development shall be executed in a recordable form in accordance with the laws of the state where the land is located.

(2) Each contract, agreement or other evidence of disposition shall contain a notice printed on its face in bold type that if the purchaser did not receive a copy of the property report forty-eight hours in advance of the time the purchaser signs the contract, then the purchaser

has the power to revoke, in writing, the contract within forty-eight hours of the signing of the contract and that the period of forty-eight hours shall not include a Saturday, Sunday or legal holiday.

(3) Any instrument employed in the disposition of developed lands that contains a provision for the unconditional refund of the purchase price of a lot in whole or part beyond thirty days from the date of the first payment by the purchaser of the lot shall be deemed a substantial risk which must be disclosed unless:

(a) Provisions have been made for the deposit of any moneys received from prospective purchaser by the seller in a neutral escrow account, in trust for the purchaser for the entire period during which such funds are subject to being returned to the purchaser; or

(b) Other satisfactory assurances demonstrate that the registrant will be in a position to refund in accordance with the terms of the agreement.

(4) If at the time the developer has contracted to deliver title, the developer cannot provide to a purchaser a policy of title insurance showing good title, the contract must allow the purchaser to rescind for any lack of good title which has been caused by the actions of the developer.

(5) If the developer has failed to provide for a grace period of at least sixty days before default or cancellation, the property report must disclose the possible consequences in bold type.

(2) The property report shall be amended to show any newly instituted or changed collection of purchasers' payments for constructing, completing, or maintaining improvements.

(3) Where construction of a promised improvement in a development has not been completed, the property report shall disclose the possible consequences in bold type. An uncompleted improvement does not constitute as great a risk if the improvement is assured by a bond, an irrevocable bank letter of credit, or similar undertaking deposited with a public authority and acceptable to the

director, or by adequate reserves established and maintained in an escrow account. In determining adequacy of the disclosure of the risk factor, the department will be guided by the facts and circumstances of each individual case.

WAC 308-126B-100 Amendments. (1) An amendment to an effective statement of record or to a property report shall be filed with the director if any material change occurs. An amendment shall be filed within fifteen days of the date on which the developer knows or should have known that there has been a material change.

(2) A property report is not effective as a current public offering statement for the purpose of completing a sale of a lot as required by RCW 58.19.050 if it has not been amended to reflect a material change in the development.

(3) Any change which would result in the property report or the statement of record not reflecting the true facts of the development offering is considered as a material change. Generally, the following will be regarded as material changes. The listing is not all-inclusive and should be used as a guide only. If a developer questions whether or not a change is material, it should be submitted for consideration:

(a) Changes in title to developer's land. This change may require a new registration;

(b) Changes in money handling provisions when purchaser's money is collected for constructing, completing or maintaining improvements of the development;

(c) Filing of a lawsuit, statement of charges, injunction or judgment which could adversely affect the development;

(d) Failure to maintain promised progress on improvements;

(a) A letter from the developer giving a narrative statement fully explaining the purpose and significance of the amendment and referring to that part and page of the statement of record or property report which is being amended; and

(b) All pages of the statement of record or property report which have been amended, retyped in the approved format, reflecting the amendments.

(5) Where it appears during registration that a material change is likely to occur, the developer may be required to report concerning the material change.

(6) After the director accepts an amendment to a property report, all property reports subsequently issued to a prospective purchaser shall include the amendment.

WAC 308-126B-110 Consolidated registration. (1) If, in connection with lots or units previously registered, the developer intends to offer additional lots or units as part of a common promotional plan, either a new or consolidated application for registration shall be filed. The developer shall answer specifically each question in the statement of record and submit a new property report. The developer shall not incorporate by reference answers to questions in the previous filing, except that supporting documentation may be incorporated by reference where it applies to both the original registration and to the additional lots or units offered. In all other respects, the consolidated registration shall conform to the requirements of an initial registration filed in accordance with these rules.

(2) An initial registration or consolidated registration of lots or units in a development under this act shall include lots or units in the development which are repossessed by the developer whether or not they are specifically enumerated in the registration: *Provided*, That

(a) The repossessed lots or units are in a development included in the same promotional plan;

(b) The total number of repossessed lots or units, together with the unsold lots in the registered development, does not exceed the number of lots registered in the development.

(3) Consolidation filing fees are to be based on the lots or units added to the development by the consolidation.

The director may enter an order of withdrawal or prescribe certain conditions or prerequisites to be met in connection therewith. (2) No refund of fees will be made unless an application for registration or for a waiver of registration is withdrawn before an examination of the application is begun.

[Order RE 123, § 308-126B-120, filed 12/13/77.]

Appropriate signs will be supplied by the director and posted by the developers. The developer will be responsible for keeping the signs properly posted. Failure to do so will be a violation of these regulations and it will subject the developer to the penalties of the act. WAC 308-126C-070 Advertising. (1) General rules:

(a) No person shall publish in this state any advertisement concerning a development subject to the registration requirements of this chapter after the director finds that the advertisement contains any statements that are false, misleading, or deceptive and so notifies the person in writing. Such notification may be given summarily without notice or hearing.

(i) At any time after the issuance of a notification under this section the person desiring to use the advertisement may in writing request the order to be rescinded.

(ii) Upon receipt of such written request, the matter shall be set down for hearing to commence within fourteen days after such receipt unless the person making the request consents to a later date.

(iii) After a hearing, which shall be conducted in accordance with the provisions of the Administrative Procedure Act, chapter 34.04 RCW, the director shall determine whether to affirm and to continue or to rescind such an order and shall have all the powers granted under such act.

(b) The director may require that any material used by a developer or its agent to induce prospective purchasers to visit the developed land contain certain additional pertinent information. The information may include, but is not limited to, terms and conditions of the offers and the nature and extent of the developer's participation in the campaign. The director may require reasonable assurances that promises made by a developer or its agents can be met.

(c) Advertising shall not contain asterisks or any other reference symbol as a means of contradicting or changing any previously made statement or as a means of obscuring a material fact or facts.

(2) Portrayal of development.

(a) Advertising shall not use artists' sketches to portray proposed improvements or nonexistent scenes without a caption indicating that such portrayal is an artist's sketch and that the improvements are proposed or the scenes do not exist.

(b) Advertising which uses statements, photographs or sketches portraying use to which advertised land can be put by the purchaser must set forth qualified cost estimates for preparing the land for the advertised use and state that the cost is not included in the purchase price.

(c) Advertising shall not utilize "before and after" pictures unless such pictures portray actual development conditions of the interest being offered.

(d) Maps, plates or representations shall indicate the date when the development will be completed. If completion dates are over a period of years, a series of shadings, outlines, or coding may be used to indicate dates of completion.

(e) Photographs or sketches depicting areas not in the development shall have a caption plainly stating the location of the area depicted. No photograph or sketch of an area not in the development shall be used if it may mislead.

(3) Representation of promotional activity:

(a) Advertising shall not use names or trade styles which imply that the developer is a nonprofit organization, research organization, public bureau, or group, when such is not the case.

(b) Advertising and promotion shall not represent that a developer or another acting on behalf of a developer is conducting a survey, contest, poll or other similar inquiry, when in fact it is a market approach in an effort to dispose of property.

(c) Advertising and promotion shall not represent to a prospective purchaser special selection of such person when selection is general.

(d) The advertising and promotion shall not represent that a prospective purchaser has to pay a refundable or nonrefundable temporary membership fee in order to visit, tour or inspect a development for the reason that the development is restricted to members only when in fact such offer is made on a regular basis to persons solicited for purchase.

(e) All advertising calculated to induce any attendance or participation in a land sales presentation, shall state the length of such presentation.

(4) Physical features of development:

(a) The advertising of land without direct road access must disclose the lack of access and describe any alternative method of access.

(b) The existence of a road easement or a road right of way shall not be advertised unless such easement or right of way has been dedicated and recorded in the public records of the county in which the property is located.

(c) Advertising which makes reference to "roads" and "streets" shall make affirmative disclosures as to the nature of unsurfaced roads and streets - i.e., gravel, dirt, etc. All unsurfaced streets and roads reflected on maps used in connection with an advertising program will be so designated on the map.

(d) When a community is referred to in advertising, the advertising must include the distance of the development in road miles from the community, together with type or types of unsurfaced roads traversed.

(e) Advertising shall not use such terms as "minutes away," "short distance," "only miles" and "near" and terms of similar import to indicate distances unless the actual distance in road miles is used in conjunction with such terms, together with type or types of unsurfaced roads traversed and any ferries or toll bridges.

(f) Advertising shall not contain statements, photographs or sketches relating to sports, leisure or recreational facilities located outside the development, or other conveniences which are not presently in existence, unless it unmistakably states that such facilities are not on the land or not completed and the distance thereto in road miles and type of unsurfaced road. When such facilities are not complete, the advertisement must disclose a bona fide completion date.

(g) Advertising shall not refer to improvements, facilities, or utilities which are not completed unless their completion is provided for by bonding or other assurance of completion approved by the director or the lack of financial assurance of completion is disclosed. The advertising must disclose the present state of construction of improvements. Improvements, facilities, or utilities may not be advertised if they will not be completed within six months of the date the advertisement is published: *Provided*, That utilities and roadways which are bonded may be advertised, as long as the estimated completion dates are included in all such advertisements.

(h) Advertising shall not contain reference to conditions which require irrigation or other application of

water to create or maintain the advertised condition, unless irrigation or other facilities to provide such moisture are presently in existence or the lack of means of water application is disclosed.

(i) Advertising may refer to property as waterfront or tideland only where the property being offered actually fronts on a body of water and

(i) Has full and usable access along the frontage; or

(ii) The nature of the access to the water along the frontage is fully disclosed; and

(iii) The governmental regulations regarding the waterfront or tideland are disclosed.

(j) Advertising which employs the term "canal" or "canals" shall contain a full disclosure of the width and depth of water in such "canal" or "canals."

(k) Advertising which indicates the size of the lot offered shall include the amount of land available for use by the purchaser after all easements except easements for utilities have been deducted. If the property is subject to easements which are unusual in size, then this fact shall also be noted. All maps, plats, representations, or drawings shall show either the dimensions of the tract or the amount of acreage after deductions of easements.

(5) Inducement:

(a) Advertising shall not contain statements concerning future price increases by the developer which are not specific as to amount and as to the date of the increase. No such price increase may be alluded to unless it is bona fide.

(b) Lots or interests or promotional activities or merchandise shall not be advertised as free if the prospective purchaser is required to give any consideration whatsoever, or when any lot, lots, interest or interests must be purchased to render the "free" lot, interest, activity or merchandise freely usable.

(c) Advertising shall not refer to predevelopment offers at a lower cost estimate because the land has not yet been developed, segregated or subdivided unless there are bona fide plans of such development, and the higher costs are disclosed and a final subdivision plat for such subsequent development has been recorded.

(d) Advertising and promotion shall not represent a commission, bonus, discount, reward, override, set-off or prizes for referring other purchasers to the developer, where such promise or representation is similarly made to those referred.

(e) Advertising shall not compare land values unless such disclosure indicates who is making the comparison and the comparison is accurate and fair.

(f) Advertising which refers to purchase price of any lot, parcel or unit of land must also include existing assessments or costs to the prospective purchaser.

(g) Advertising shall not indicate a discount on property that merely appears to effect a price reduction from the advertised price. A discount may be given as consideration for quantity purchases, cash, larger payments, or upon any reasonable basis. The regular price must have been the customary disposition price for a reasonable period of time. The purpose of this standard is to eliminate the use of fictitious pricing and illusory discounts.

(h) Land shall not be advertised for "closing costs only" when these costs are substantially higher than appraised value, or when additional land must be purchased at a higher price to render the land usable.

(i) Advertising shall not use the word "appraised," unless the statistics or research material which support such conclusions include, but are not limited to:

(i) Date of the appraisal;

(ii) Appraiser's name, address and telephone number;

(iii) Limiting conditions and other special factors of an appraisal;

(iv) The relationship of the appraiser to the developer including fees paid by the developer for the appraisal.

(6) Investment potential:

(a) Advertising and promotion shall not represent investment value, price value or market value increases unless based on specific and substantial evidence that after deduction of all costs including resale costs, the return over time to lot sellers in the development, or to sellers of equivalent properties in the local market, has been greater than current Washington state demand deposit savings bank interest. If no resales have occurred, the developer may submit local comparable land values showing the development lots are sold at prices equal to or less than other lots sold independently in the local market and that the independent local market value of such lots is increasing.

(b) When any advertisement or promotional meeting includes a reference to land as having investment value or as serving as an inflation hedge, the reference shall be presumed to apply directly to a development named in the same advertisement or promotional meeting.

(c) Advertising which refers to property exchange privileges must state any qualifications and costs concerning such exchange.

(d) Advertising shall not contain the terms "warranty," "guarantee" or "guaranteed refund" unless the refund is unconditional and the terms are disclosed. If the effect of the warranty is to limit an implied warranty, the limitation must be stated.

(e) Advertising may not imply that the developer will resell, assign, set-off, or repurchase the property or any portion thereof being offered at some future time unless the contract used for the advertised offer includes a provision for the resale, assignment, set-off, or repurchase of the property for or on behalf of purchasers wherein the terms of such provisions are fully disclosed.

(f) Advertising shall not represent that the property being offered may be subdivided, segregated or otherwise divided into smaller parcels for disposition unless it indicates all necessary information, including governmental legal requirements and cost of such future activity.

(g) Advertising or promoting which forecasts information as to events or population trends shall be pertinent and directly affect the offering.

(b) Each lot can be approved for installation of on-site waste disposal system or that each lot can have access to an approved waste disposal system;

(c) The individual homesites or building lots are accessible by automobile over an existing right of way without additional expense to the purchaser;

WAC 308-126C-100 Reports—Advertising and promotion. (1) Every developer subject to registration shall submit to the director prior to use any material amendment to advertisements approved at registration or any new advertisement.

(2) Advertising will be approved or rejected by the director within fifteen days after its receipt. Where an order of rejection is not entered within that time, the advertising will be deemed approved unless the developer has consented in writing to a delay.

(3) In reviewing any advertising submitted by the developer, the director shall determine, by examining the form, language, and content of the advertising and supporting data, and any other available information, whether the express and implied representations are true and make a full and fair disclosure as to all developed lands to which the filing relates. If not, the director will enter an order of rejection or take other action provided under the act.

(4) When advertising approved by the director is disapproved in another state or jurisdiction, the advertising may be changed to meet the requirements of that state or jurisdiction without prior approval by the director if:

[Order RE 123, § 308-126C-100, filed 12/13/77.]

WAC 308-126C-110 Rules effect. A request to authorize the release of the impounded funds to the promoter or an affiliate shall contain the following:

The escrow agent shall establish a trust bank account(s) in a recognized Washington state depository. The escrow agent is responsible for depositing, holding, disbursing, and accounting for funds in trust as provided herein.

(1) The trust bank account(s) shall be designated as a trust account in the name of the escrow agent as certified. Trust bank accounts shall be noninterest bearing demand deposit accounts except as follows:

(2) The agent shall establish and maintain a system of records and procedures as provided in this section. Any alternative records or procedures proposed for use by the escrow agent shall be approved in advance by the department.

(3) The agent is responsible for the disbursement of all funds received and held in trust, whether disbursed by personal signature, signature plate, or signature of another person authorized to act on the agents behalf.

(6) All deposits to the trust bank account(s) shall be documented by a duplicate bank deposit slip, validated by bank imprint or attached deposit receipt which shall bear the signature of the authorized representative of the agent indicating that the funds were actually deposited into the proper trust bank account. (a) Credit entries must show the date of deposit or wire transfer, amount, and name of remitter.

(b) Debit entries must show the date of check, check number, amount of check, and name of payee.

(8) The reconciled trust bank account(s) must equal at all times the outstanding trust liability to clients. The outstanding trust liability to clients must equal the trial balance of all escrows with undisbursed balances.

The number of each check, amount, date, payee, and the specific client's ledger sheet debited must be shown in the cash register or cash disbursement journal and all data must agree exactly with the check as written.

(a) No disbursement from the trust account shall be made based upon wire transfer receipt until the deposit has been verified.

(d) Transfers between closing escrows may be made by ledger entries alone provided a transfer form is used containing the date of the transfer, the amount of the funds being transferred, the identity of the escrow accounts being debited and credited, and the signature of the person authorized to sign checks on the escrow bank account. used only where the escrow accounts involved in the transfer are closed through the same bank account. The authorization for the transfer must be placed in each escrow file involved.

(a) For items not pertaining to a specific escrow transaction or escrow collection account;

(b) In advance of the closing of an escrow transaction, or before the happening of a condition set forth in the escrow instructions, to any person or for any reason without a written release from all principals of the escrow transaction or collection account, except that if the earnest money agreement terminates according to its own terms prior to closing, disbursement of earnest money funds shall be made as provided by the earnest money agreement without a written release unless the funds are handled as provided in WAC 308-128D-060;

Such funds are to be held until the end of the tenancy when they are to be disbursed to the person(s) entitled to the funds as provided by the terms of the rental or lease agreement and consistent with the provisions of RCW 59.18.270, Residential Landlord-Tenant Act, or other appropriate statute.

WAC 308-200A-100 Summary of information which may be required of a private applicant. (1) There are three areas of these rules where the department is allowed to require information from a private applicant. These are:

- (a) Environmental checklist;
- (b) Threshold determination; and
- (c) Draft and final EIS.

Further information may be required if the responsible official determines that the information initially supplied was not reasonably adequate to fulfill the purpose for which it was required. An applicant may voluntarily submit, at any time, information beyond that which may be required under these rules.

(2) Environmental checklist. A private applicant is required to complete an environmental checklist as set forth in WAC 197-10-365 and in section 308-200A-365 of this chapter, either concurrently with or after filing the application. Explanations for each "yes" and "maybe" answer indicated thereon are required. The department may not require a complete assessment or "mini-EIS" at this stage.

(3) Threshold determination. The lead agency shall make an initial review of a completed checklist without requiring more information from a private applicant. After completing this initial review, the lead agency may require further information from the applicant, including explanation of "no" answers on the checklist. This information shall be limited to those elements on the environmental checklist for which, as determined by the lead agency, information accessible to the lead agency is not reasonably sufficient to evaluate the environmental impacts of the proposal. Field investigations or research by the applicant reasonably related to determining the environmental impacts of the proposal may be required.

(4) Draft and final EIS preparation. An EIS may be prepared by the applicant under the direction of the responsible official, if the responsible official requires and so notifies the applicant in writing. Alternatively, the responsible official may require a private applicant to provide data and information which is not in the possession

of the lead agency relevant to any or all areas to be covered by an EIS. A private applicant shall not be required to provide information which is the subject of a predraft consultation request until the consulted agency has responded, or the forty-five days allowed for response by the consulted agency has expired, whichever is earlier. APPLICABILITY OF THIS CHAPTER

WAC 308-200A-900 Applicability of this chapter. This chapter integrates the policies and procedures of the State Environmental Policy Act, chapter 43.21C RCW, into the various programs and activities of the department of licensing, its divisions and its affiliated agencies. With a few exceptions for sections peculiar to the department of licensing or in which the department has exercised an option available to it under applicable department of ecology guidelines, this chapter adopts verbatim the language of the respective sections of the department of ecology guidelines, chapter 197-10 WAC. Consequently, references are not usually made directly to the department of licensing, but rather to "lead agency," "consulted agency," etc.; when the department acts as a particular type of agency, reference to that type of agency will apply to the department. Also consequently, some provisions may seem overbroad. Nevertheless, the chapter governs only the SEPA-related actions of the department, its divisions and its affiliated agencies. If the provisions of this chapter do not adequately cover the duties of the department, its divisions and its affiliated agencies on any matter relating to SEPA, chapter 197-10 WAC shall control such duties.

Therefore, the following rules are promulgated and published pursuant to the authority granted by sections 3(6) and 6 of the Business License Center Act RCW 19.02.030(6) and 19.02.060 to interpret for affected businesses and state agencies the process by which the licenses, permits, registrations, certificates, and other forms of licensing authorization referred to in this chapter of the regulations are to be administered by the department of licensing.

The department of licensing hereby phases the grocery related consolidated licensing program heretofore operated by the department of commerce and economic development into the department of licensing division entitled the business license center, to further the purposes of the Business License Center Act.

Where a fee is required by a granting agency in connection with the change, that fee shall be submitted with notice of the change. Such fees will be processed in the same manner as those fees received with license applications.

Where the change is of such magnitude or character as to require a new master license or a new license from any granting agency or agencies under the rules of such agency or agencies, the person or persons seeking the license shall submit a new master application, setting out the particular licenses sought, together with the total of all fees required by the granting agency for such license. Reviser's note: RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules, and deems ineffectual changes not filed by the agency in this manner. The bracketed material in the above section does not appear to conform to the statutory requirement.

WAC 308-300-120 Assignment of renewal schedules. (1) The department shall assign to each business a common expiration date for all licenses covered by this chapter, with subsequent renewals to be made at yearly intervals thereafter. This section supersedes existing renewal schedules currently operative for all individual licenses required by businesses covered under the act.

(a) New applicants; last day of the month of receipt of the application.

(b) Existing business brought into the system; distributed evenly on a monthly basis throughout the year.

(c) New branches; expiration date will be adjusted as required to conform to a common date simultaneous to the majority of the applicant's business branches.

(d) Supplemental license(s); will expire on the same date as the master.

(3) The department will consider requests from applicants for exceptions to assigned renewal dates. Approval will be at the discretion of the department.

[Order 476-DOL, § 308-300-120, filed 12/30/77.]

WAC 308-300-130 Renewal notices and procedures. Renewal notices indicating fees to be paid for the licenses then held by the licensee will be mailed to the licensee approximately 45 days prior to license expiration. Applications for renewals shall be made by current licensees by providing the information requested and remitting required fees to the department in accordance with WAC 308-300-160. Renewal acknowledgement will be sent to the licensee by the department in the form of a renewal registration sticker to be affixed to the existing master license.

[Order 476-DOL, § 308-300-130, filed 12/30/77.]

WAC 308-300-140 Renewal of licenses. (1) Following issuance of the master license, individual licenses will be renewed and issued by the department under conditions originally imposed by the agencies unless specific instructions have been received by the department from an agency to deny or otherwise restrict a license. The department will verify corporate status with the secretary of state.

(2) It will be the responsibility of the liquor control board to initiate any special investigations sufficiently in advance of the license expiration date to be able to notify the department of appropriate actions 15 days prior to expiration. Provision will be made for the liquor control board to obtain a listing of all expiring licenses at least 60 days prior to the expiration date.
