(a) Dismantled with the intention of never again operating it as a vehicle; or

(b) Damaged to the extent that the cost of repair exceeds its market value immediately prior to the damage; or

(c) Damaged to the extent that the cost of repairing it plus its salvage value in its damaged condition exceeds or approximately equals the market value in its repaired or restored condition.

(2) For the purpose of RCW 46.12.070, the settlement of an insurance claim as a total loss, less salvage value shall mean the date on which an insurance company actually makes payment to the claimant for the damage.

WAC 308-58-020 Method of reporting destruction.

(1) An insurance company settling a claim for a destroyed vehicle will report such settlement by using one of the following two methods:

(a) If the title is in the insurer's possession, the title will be forwarded to the department within fifteen days of the settlement. The insurer will type or print on the title, the name and address of the insurer, a notation "DESTROYED" or, in the event the vehicle is a total loss under the definitions contained in WAC 308-58-010, but in the opinion of the insurer may be repaired at a cost not to exceed sixty percent of its fair market value if repaired, a notation "TOTAL COST OF REPAIR LESS THAN SIXTY PERCENT," and the approximate date of destruction. The requested information will be placed on the title in such a manner as not to obscure any of the printed matter on the title itself. The title, with the information thereon, will be mailed to the Vehicle Records Section, Department of Licensing, Olympia, Washington 98504.

(b) If the destroyed vehicle and its title do not come into the insurer's possession, the insurer will report the fact of settlement within fifteen days of settlement on a form to be supplied by the department. The report will include the following information:

The title must be endorsed by the legal owner to release their interest, if the legal owner is not the same as the registered owner. The registered owner will print or type on the title the word "DESTROYED," the approximate date of destruction and sign the title. The license plates from the vehicle will be surrendered to any office of the department of licensing.

The title for a vehicle that has been destroyed, which title has not been surrendered to the department, shall be cancelled. Notice of this cancellation will be mailed to the legal owner of the vehicle by regular mail to the address as shown in the department's vehicle records. 308-61-175 Procedures for selling vehicles.
308-61-185 Lien provisions.

WAC 308-61-175 Procedures for selling vehicles.

(1) For purposes of advertising the sale of abandoned vehicles the vehicle identification number shall be used if no license plates are on the vehicle.

(2) A newspaper of general circulation in the county shall mean a newspaper which is one of three with the largest circulation in the county where the sale will be conducted.

(3) If a vehicle in the custody of an operator is not identifiable, including no license plates or registration, the operator shall conduct an examination of the vehicle only to determine its make, model, year and vehicle identification number which shall be included on the abandoned vehicle report to the department.

(4) If the department cannot provide owner information on a vehicle after the operator submits an abandoned vehicle report, the operator may then inspect the vehicle as permitted in RCW 46.55.100(5) to determine whether owner information is within the vehicle.

(5) Upon inspection of the vehicle as provided in subsection (4) of this section the operator may return the original abandoned vehicle report with additional information from the inspection of the vehicle to assist the department in providing owner information.

(6) The department may require an inspection by the Washington state patrol to verify the vehicle identification number of an unidentified vehicle. All such information shall be reported to the department, which will

communicate with such other states as may be necessary to determine whether the registered and legal owner information is available for the vehicle.

(7) After all reasonable efforts to obtain the owner information have proved unsuccessful, the vehicle may be disposed of in accordance with all procedures except that the notification to the registered and legal owners by certified or registered mail may be omitted. A record of all steps taken to locate the owner(s) of the vehicle shall be kept by the operator for a period of three years.

(8) If the operator elects to bid at auction, that bid must be disclosed as such, and shall not merely be an effort to set a minimum for other bids. If an operator is the successful bidder and the bid exceeds the lien for towing and storage, the excess funds shall be remitted to the department just as in any other sale. The operator cannot elect to retain a vehicle at auction because the operator feels that the bidding is insufficient.

(9) The three-hour public viewing period required in RCW 46.55.130(1) shall be held at all times during daylight hours.

WAC 308-61-185 Lien provisions. (1) No operator shall include any charges in the amount of the lien that are not specifically authorized. Subordinate charges such as mechanic fees or prior storage fees claimed by the operator or any third party shall not be allowed. All fees must be included in the towing and storage rates and no fees for other services shall be allowed. No fee may be listed on the rate sheet for which there is no provision.

(2) The towing and storage lien shall not apply to personal property not attached to and made an integral part of the vehicle.

(3) No operator shall increase the daily storage rate charged for an unauthorized or abandoned vehicle in his/her custody between the time the vehicle is impounded and then redeemed or auctioned.

WAC 308-66-152 Unlawful practices. (1) Examples of unlawful acts or practices, as defined by RCW 46.70.180 (1)(a), include, but are not limited to representations such as "no down payment," "a dollar down," "five dollars down," "take-over payments," "no cash out of your pocket," "no cash needed," and others of similar nature if either secondary financing or initial payment of any amount, including factory rebates in excess of that represented, is required from the purchaser. A dealer's plan to have all or a portion of the selling price financed by a third party does not relieve the dealer of an obligation to refrain from this prohibited type of advertising. When any of these representations are made a payment disclosure shall be made as contained in subsection (6) of this section.

(2) Examples of unlawful acts or practices as defined by RCW 46.70.180 (1)(b), include, but are not limited to representations such as "one hundred percent financing" if the terms of the purchase involve more than one security agreement and payments to more than one financing institution. When collateral in addition to the vehicle is required, it shall be listed on the security agreement containing the vehicle's description, not on a separate agreement.

(3) It shall be considered false, deceptive or misleading, and thereby unlawful, to advertise with words, phrases, or initials which are not clear and conspicuous and easily comprehended by persons other than those closely allied with the vehicle industry.

(a) Clear and conspicuous within an advertisement shall mean:

(i) In the case of a television advertisement, the information required to be disclosed shall be completely disclosed audibly, visually, or a combination thereof.

(A) If made visually, shall be made in a type size sufficiently large to be read with reasonable ease; shall appear on the television screen for at least seven seconds; shall be in print type of a color or shade that contrasts readily with the background; shall not be obscured by other words or images appearing on the television screen; and

(B) If made audibly, shall be spoken with sufficient deliberateness, clarity, and volume so as to be understood by the average television listener; shall not be obscured by sounds which interfere with or distract from the disclosures being made.

(ii) In the case of a radio advertisement, the information required to be disclosed shall be spoken with sufficient deliberateness, clarity, and volume so as to be understood by the average radio listener; shall not be obscured by sounds which interfere with or distract from the disclosures being made.

(iii) In the case of a printed advertisement, the information required to be disclosed shall be made in a type size which shall be sufficiently large to be read with reasonable ease and shall be made in relatively close proximity to each of the terms which require that the disclosures be made; disclosures shall be made in such color and contrast so as not to be obscured by other words or pictures appearing in the advertisement.

(b) Examples of words, phrases, or initials which are not easily comprehended by persons other than those closely allied with the vehicle industry, and that may not be used without explaining their meaning in the same advertisement, include but are not limited to: Executive; capitalized cost reduction, o.a.c., c.f., f.o.b. The words annual percentage rate may be abbreviated to read A.P.R. or apr.

(4) Examples of false, deceptive or misleading, and thereby unlawful statements or representations within the meaning of RCW 46.70.180(1) include, but are not limited to:

(a) Advertising a used vehicle for sale that is not available at the time the advertisement is placed;

(b) Advertising a new vehicle as available for immediate delivery if it is available only on order;

(c) Advertising any offer in connection with the sale of a vehicle or model or type of vehicle without disclosing any material limitations, including, but not limited to, the time limit, or that there is no time limit on the offer;

(d) Advertising using a picture:

(i) Of a new vehicle which does not substantially show the same vehicle offered for sale; or

(ii) Of a used vehicle which is not the same vehicle offered for sale;

(e) Causing an advertisement to be placed by a dealer or dealer representative that does not identify the dealer by his/her complete business name, or by the word "dealer" or abbreviation "DLR";

(f) Incorporating in the dealer's name any term or designation which would have a tendency to mislead others as to the true nature of the business, such as the use of "wholesale," when a dealer's business is substantially retail, or "discount" when the price and policy of a dealer does not provide substantial discounts;

(g) Advertising a not-new vehicle manufactured less than two years prior to the date of the advertisement without designating the vehicle as "used," "demo," or "demonstrator." For purposes of adequate disclosure, the appropriate quoted term must be employed. Other descriptive words, such as "executive," "lease," or "rental" may be used in conjunction therewith, but not so as to create ambiguity as to whether a said vehicle is new, used, or a demonstrator.

(h) Advertising a "rebuilt vehicle" for sale with knowledge as defined in RCW 46.70.101 (1)(b)(xi) that the vehicle is rebuilt, without clearly and conspicuously disclosing "rebuilt" in the advertisement;

(i) Advertising a specific price for a specific vehicle or model or type of vehicle without designating the number of vehicles available at that price, and;

(i) Without clearly identifying the vehicles available by complete vehicle identification number, license plate number; or

(ii) Without clearly and conspicuously stating in the advertisement that such vehicle identification or license plate number for each advertised vehicle is available from the dealer upon request, and requiring that the dealer using this method of identifying vehicles keep the media advertising copy along with the vehicle identification number or license plate number of each advertised vehicle offered for a specific price. Such records shall be retained for one year following the advertisement. Dealers shall also date and post a written copy of the advertisement text and list of vehicle identification numbers or license plate numbers in a conspicuous public area at their place of business for the duration of the vehicle's availability at the advertised price: *Provided, however,* That a dealer need not designate the number of vehicles available or identify the vehicles available or state in the advertisement that the identification of advertised vehicles is available upon request if, in fact, an unlimited supply of such vehicles are available for immediate delivery;

(j) Selling a particular vehicle at a higher price than advertised, regardless of trade-in allowance;

(k) Adding charges, costs, or items to the advertised price other than the selling price of additional equipment ordered by the purchaser, sales tax, and license fees. "Additional equipment ordered by the purchaser" shall not include options already installed on the vehicle at the time of advertising;

(ii) Stating the final, total price for each vehicle, which may exclude sales taxes and license fees; and

(iii) Computing invoice as the actual cost to the dealer to get each vehicle from the manufacturer.

In computing "invoice" the dealer may include the actual cost of transportation of the vehicle from the manufacturer to the dealer, but must exclude dealer holdbacks, other manufacturer incentives, optional advertising fees, dealer overhead expenses, and other similar expenses;

(n) Advertising that a new or used vehicle is reduced in price from a former price, or that the advertised price is a percentage of dollar amount savings from a former price, or words to that effect, unless the seller actually recently advertised or has records showing that vehicle has been offered for sale at the former price;

(o) Advertising or offering:

(i) Any rebate that is not an authorized manufacturer's rebate paid directly to the consumer, which the consumer may apply to the purchase; and

(ii) Any manufacturer's rebate for which the manufacturer requires any financial participation by the dealer, without also clearly and conspicuously stating the following disclosure: "Dealer participation in this rebate program may increase vehicle price before rebate";

(p) Advertising that "any written price quote will be beaten," "any deal will be accepted," or that a dollar amount is guaranteed on any "push, pull or drag," trade-in, or words to that effect unless the dealer can clearly show through the records of the dealership that such is the case;

(q) Advertising a vehicle or model or type of vehicle as being available at "lowest cost," "best deal" or other words to that effect unless the dealer can clearly show through the records of the dealership that such is the case;

(r) Advertising an interest rate that is adjustable without clearly and conspicuously disclosing that the interest rate is adjustable;

(s) Advertising a vehicle or model or type of vehicle for sale at a financing rate which has been bought down by the dealer, without disclosing the actual annual percentage rate.

(5) No advertisement to aid, promote, or assist directly or indirectly any extension of credit may state:

(b) That no down payment or that a specified down payment will be accepted in connection with any extension of credit unless the creditor usually and customarily accepts or will accept down payment in that amount.

(6) No advertisement to aid, promote, or assist directly or indirectly any credit sale of a vehicle shall state the amount or percentage of the down payment required, or that no down payment is required, the amount of any payment or the number of payments or the period of repayment, the amount of any finance charge or that there

is no charge for credit, unless it states clearly and conspicuously all of the following items:

(a) The cash price or the amount of the loan as applicable;

(b) The amount or percentage of the down payment required, or that no down payment is required, as applicable;

(c) The number, amount, and frequency of payments scheduled to repay the indebtedness if the credit is extended;

(d) The amount of the finance charge expressed as an annual percentage rate;

(e) The deferred payment price or the sum of the payments as applicable;

308-72-710 Mitigation of penalties and interest.

WAC 308-72-710 Mitigation of penalties and interest. The department, in its discretion, may mitigate, extinguish or adjust penalties and interest arising from late or missing fuel tax returns, unpaid or underpaid taxes, lack of complete records to support reported fuel usage, or license revocation penalties, when reasonable cause is shown by the taxpayer or as indicated from the records on file with the department that failure to comply with the requirements of this chapter was not intentional or unreasonable.

The department, after review of records furnished and/or tax returns available, may take into consideration a taxpayer's history of underpayments and overpayments, late payment(s), late filing of tax returns, or incomplete records in arriving at its decision to mitigate.

Taxpayers who fail to pay assessed taxes on a timely basis may have late payment penalties and interest mitigated if the individual, partnership or corporation is able to establish that failure to take such payment action within a 30 day period after service of an assessment was based upon an internal business or employee oversight, or other unavoidable reasonable circumstance.

It must also be obtained by any person operating a diesel vehicle with a gross vehicle weight of over twenty-six thousand pounds into the state of Washington from another state or province. WAC 308-77-040 Issuance of license. A special fuel supplier or dealer who wishes to conduct separate businesses at different locations will be issued a license for each business upon request and filing an application for a license and a bond (if required) for each. The license shall be displayed or kept available for inspection at the place of each business where fuel is sold and delivered to users.

A special fuel supplier or dealer having more than one place of business holding a single license shall reproduce the license and keep a photocopy on display at each additional place of business, each place of storage from which special fuel is sold or delivered, and in each motor vehicle used to transport special fuel owned by him for sale, delivery or use, and in addition, must identify by location and capacity all bulk storage plants of #1 and #2 distillates capable of being used as vehicle fuel as required by the department.

A special fuel user who wishes to conduct separate businesses at different locations or to operate two or more separate fleets of motor vehicles will be issued a license for each separate business or fleet upon request and filing an application for a license and a bond (if required) for each location or fleet. The license shall be displayed or be kept available for inspection at the owner's principal place of business and a reproduced copy thereof shall be carried in each motor vehicle entering this state from another state or province. A special fuel tax trip permit may be purchased by a user entering this state in lieu of a special fuel license. WAC 308-77-100 Credit for bad debt losses of special fuel dealers. The amount of tax reported and paid by a special fuel dealer included in an account found to be worthless and charged off for federal income tax purposes may be taken as a credit against the tax due on a subsequent special fuel tax report of the dealer.

The right to the tax credit arises in the month in which the account is reported as a bad debt on the dealer's federal income tax return. The credit may be taken in the report of the dealer for that month or in any subsequent report filed within three years thereafter, provided the dealer must first furnish the department proof that the bad debt has been properly charged off for federal income tax purposes. A copy of the dealer's federal income tax return and a supporting schedule listing the bad debt charged off shall be sufficient proof for the department to establish the credit.

No tax credit is allowable for any portion of a debt recovered that is retained by or paid to any person as compensation for his services or expenses in collecting the account.

If any account with respect to which credit has been taken is subsequently collected in whole or in part, the special fuel dealer shall apply the amount collected ratably to the charges for the fuel and the tax thereon. If the purchaser is indebted to the dealer with respect to other items also charged off as bad debts, payments made on account thereof shall first be credited to the charges for the fuel and the tax thereon unless the purchaser shall specify otherwise. The tax thus collected shall be included in the return due for the period in which the collection is made and must be remitted to the department within the time prescribed for payment of the tax due for that period.

The department, after review of records furnished and/or tax returns available, may take into consideration a taxpayer's history of underpayments and overpayments, late payment(s), late filing of tax returns, or incomplete records in arriving at its decision to mitigate.

Taxpayers who fail to pay assessed taxes on a timely basis may have late payment penalties and interest mitigated if the individual, partnership or corporation is able to establish that failure to take such payment action within a thirty-day period after service of an assessment was based upon an internal business or employee oversight, or other unavoidable reasonable circumstance.

WAC 308-77-250 Power take-off use. (1) Tax refund may be claimed for special fuel purchased inclusive of tax which is used in a motor vehicle equipped with a power take-off unit to operate auxiliary equipment provided the fuel used for the power take-off operation is supplied from a tank which is not connected with a tank supplying fuel to propel the vehicle on the highway, or the fuel used to operate auxiliary equipment by the power take-off is accurately measured by metering device that has been specifically approved by the department, and in certain motor vehicles, when established by the following formula:

(a) For special fuel used in pumping propane, fuel or heating oils, or milk picked up from a farm or dairy

storage tank by a power take-off unit on a delivery truck, at the rate of three-fourths of one gallon for each one thousand gallons of fuel delivered or milk picked up. Pumping of gasoline, or other refined petroleum products or any other product, is a taxable use and does not qualify for a refund. Propane and fuel oil delivery truck operators must maintain records which show the total gallons of propane, or fuel or heating oils pumped by each vehicle for which refund or credit is claimed together with supporting meter readings.

(b) For special fuel used in operating a power take-off unit on a cement mixer truck or a load compactor on a garbage truck at the rate of twenty-five percent of the total gallons of fuel used in each truck. Garbage trucks with power take-off units which operate a dump box, hoist or other type of lift do not qualify for a refund. Cement mixer truck and garbage truck operators must maintain records which show the total gallons of fuel used and the total miles traveled for each vehicle.

(2) Deduction may be claimed on the user's tax report for the gallons of special fuel exempt from tax as provided in subsections (1)(a) and (b) of this section.

(3) All claims must be accompanied by purchase invoices to cover the total gallons of special fuel purchased, except that invoices for special fuel used in propane or fuel oil delivery trucks or when measured by a metering device need only be equal to or greater than the gallons claimed as refundable.

(4) A schedule of vehicle operations shall support each claim for refund.

WAC

308-78-090 Mitigation of penalties and interest.

WAC 308-78-090 Mitigation of penalties and interest. The department, in its discretion, may mitigate, extinguish or adjust penalties and interest arising from late or missing fuel tax returns, unpaid or underpaid taxes, lack of complete records to support reported fuel usage, or license revocation penalties, when reasonable cause is shown by the taxpayer or as indicated from the records on file with the department that failure to comply with the requirements of this chapter was not intentional or unreasonable.

The department, after review of records furnished and/or tax returns available, may take into consideration a taxpayer's history of underpayments and overpayments, late payment(s), late filing of tax returns, or incomplete records in arriving at its decision to mitigate.

Taxpayers who fail to pay assessed taxes on a timely basis may have late payment penalties and interest mitigated if the individual, partnership or corporation is able to establish that failure to take such payment action within a 30 day period after service of an assessment

was based upon an internal business or employee oversight, or other unavoidable reasonable circumstance.

WAC 308-91-090 Leased and rented vehicles. (1)

The registration of leased or rental vehicles will be conducted under either the provisions of chapter 46.16 RCW or under the provisions, currently identified as article XI—registration of rental vehicles, of the international registration plan (IRP) as now written or hereafter amended. Rental or leased vehicles under this section include: Trucks, tractors, and truck-tractors; trucks of one-way fleets (less than 26,000 pounds gross weight); trailers and semitrailers (exceeding 6,000 pounds gross weight), utility trailers (not exceeding 6,000 pounds gross weight), and passenger cars (for the purpose of these rules, motorhomes and travel trailers are treated the same as passenger cars). In addition to the certificate of registration (cab card) or a photocopy thereof, a copy of the rental/lease agreement must be carried in the rental/leased vehicle or if it is a nonpowered vehicle, the vehicle providing the motive power for the combination. Refer to WAC 308-91-030 for the definition of terms used in this section.

(2) Owners of rental vehicles engaged in the business of renting passenger cars in this state may register such vehicles each calendar year under the provisions of the IRP by making application to the department on or before December 1st of the year immediately preceding the desired year of registration. Applications will be submitted on forms furnished by the department.

(a) To determine the percentage of total fleet vehicles that shall be registered in this state, divide the gross revenue received in the preceding year for use of such

rental vehicles arising from passenger car rental transactions occurring in this state by the gross revenue received in the preceding year for the use of such rental vehicles arising from passenger car rental transactions occurring in all jurisdictions in which such vehicles were operated (the rental transaction location is deemed to be where the vehicle first comes into possession of the user). The resulting percentage shall be applied to the total number of passenger cars in the fleet and that figure shall be the minimum number of rental passenger cars that shall be fully licensed in the state of Washington during the registration (calendar) year. The vehicles to be fully licensed in this state shall consist of a mix of vehicles by age and value which is representative of all vehicles in the fleet. To facilitate the mix of values, three value classes have been established based upon the latest purchase price of the vehicles. Class I will include all vehicles with a latest purchase price of less than ten thousand dollars; Class II will include vehicles with a latest purchase price of ten to twenty thousand dollars inclusive; Class III will include all vehicles with a latest purchase price above twenty thousand dollars.

(b) A license inventory report will be filed with the department each year for which proportional registration of the rental fleet has been granted. This report will be due on or before March 1st of the year immediately following the registration year being reported. This report will list all rental cars registered in Washington during the previous registration year and will, as a minimum, contain the following information:

- (i) Model year;
- (ii) Make;
- (iii) Model;
- (iv) Equipment or unit number;
- (v) Washington license plate number;
- (vi) Vehicle identification number (VIN);
- (vii) Latest purchase cost;
- (viii) Latest purchase date.

The report will be separated into three parts to reflect the three value classes outlined in (a) of this subsection.

(3) Owners of rental vehicles engaged in the business of renting passenger cars in this state who do not make application under the provisions of subsection (2) of this section or comply with the requirements of subsection (2) of this section must register all such vehicles under the provisions of chapter 46.16 RCW.

(4) In the absence of an agreement or arrangement to the contrary, rental or leased vehicles are not eligible for vehicle license reciprocity in the state of Washington except for the classes of vehicles and circumstances indicated below:

(a) Passenger cars and motorhomes currently and properly registered in another jurisdiction will be granted vehicle license reciprocity in this state if:

- (i) The vehicle was rented by the vehicle operator from a location outside of the state of Washington; or
- (ii) The vehicle was dropped off in Washington by the previous renter and is being rented for a one-way trip out of Washington.

(b) Trailers and semitrailers with a gross vehicle weight in excess of 6,000 pounds, trucks, truck tractors,

tractors, and road tractors that are currently and properly registered in other jurisdictions will be granted vehicle license reciprocity in this state if:

(i) The vehicle is rented from a location within another jurisdiction; and

(ii) The vehicle registration certificate (cab card) or a photo copy thereof and a copy of the rental agreement is carried in the rental vehicle or in the vehicle providing the motive power for a combination of vehicles.

(5) Normally the lessee of a vehicle is responsible for its licensing under proportional registration subject to the following exceptions:

(a) Household goods carriers, wherein the agent is the lessor and the company is the lessee, may file and register as dual applicants. Under this procedure, the lessor's fleet is prorated in its name and cab cards are issued in the name of both the lessor and lessee. The application is based on the lessor's vehicles and the mileage accumulated by the lessor under its name and that of the lessee. The application should be filed in the name of the lessee and the lessor. For equipment owned and operated by owner-operators, other than service representatives, and used exclusively to transport cargo for the household goods carrier, the vehicle shall be registered by the carrier in the base jurisdiction of the carrier, but in both the owner-operator's name and that of the carrier as lessee, with the apportionment of fees according to the records of the carrier.

(b) Optional for rental vehicles referred to in subsection (1) of this section.

(5) The lessor of a single trip lease agreement is responsible for licensing and recordkeeping.

WAC 308-91-150 Form of payment required--Dishonored checks. (1) An original or renewal application assessment for proportional registration fees/taxes due the state of Washington shall be paid in United States funds via cash, cashier's check, certified check, traveler's check, or money order. 308-124E-013 Administration of funds held in trust--Real estate and business opportunity transactions.

308-124E-014 Administration of funds held in trust--Property management.

WAC 308-124E-012 Administration of funds held in trust--General procedures. Any real estate broker who receives funds or moneys from any principal or any party to a real estate or business opportunity transaction, property management agreement, or contract/mortgage collection agreement shall hold the funds or moneys in trust for the purposes of the transaction or agreement, and shall not utilize such funds or moneys for the benefit of the broker or any person not entitled to such benefit. Except as specifically provided in this section, funds or moneys received in trust shall be deposited in a federally chartered or approved banking institution or a Washington state banking institution approved by the banking division, department of general administration, state of Washington, or successor. The broker is responsible for depositing, holding, disbursing and accounting for funds in trust as provided herein.

(1) Bank accounts shall be designated as trust accounts in the firm or DBA name of the real estate broker as licensed.

(2) Interest credited to a clients account must be recorded as a liability on client ledger. Interest assigned or credited by written assignment agreement to the broker may not be maintained in the trust account. The broker is responsible to make arrangements with the financial institution to credit this interest to the general account of the firm.

(3) The broker shall establish and maintain a system of records and procedures approved by the director that provide an audit trail accounting for all funds received and disbursed, identified to the account of each individual client. Records and procedures described herein meet approval requirements. Any alternative records or procedures proposed for use by a broker shall be approved in advance by the department.

(4) The real estate broker shall be responsible for deposits, disbursements or transfers of clients' funds received and held in trust, whether disbursed by personal signature, signature plate or signature of another person authorized to act on the broker's behalf.

(5) All funds or moneys received for any reason pertaining to the sale, renting, leasing or option of real estate or business opportunities or contract or mortgage collections shall be deposited in the broker's real estate trust bank account not later than the first banking day following receipt thereof; except:

(a) Checks received as earnest money deposits when the earnest money agreement states that a check is to be held for a specified length of time or until the occurrence of a specific event; and

(b) Checks, funds or moneys received as rent, contract payments or mortgage payments on real estate or business opportunities, owned exclusively by the real estate broker or the broker's real estate firm.

(c) For purposes of this section, Saturday shall not be considered a banking day.

(6) All checks, funds or moneys received shall be identified by the day received and by the amount, source and purpose on either a cash receipts journal or duplicate receipt retained as a permanent record.

(7) All deposits to the trust bank account shall be documented by duplicate deposit slip, validated by bank imprint, teller's stamp, or electronic transfer memo identifying the source of funds and transaction to which it applies. Receipt of funds by wire transfer are to be posted in the same manner as other receipts provided there is a traceable identifying number provided by the financial institution or transferring entity. The broker must also make arrangements for a follow-up "hard-copy" receipt for the deposit.

(8) An individual client's ledger sheet shall be established and maintained for each client for whom funds are received in trust, to which ledger sheet all receipts and disbursements shall be posted. The credit entries must show the date of deposit, amount of deposit, and item covered including, but not limited to "earnest money deposit," "down payment," "rent," "damage deposit," "rent deposit" "interest." The debit entries must show the date of the check, check number, amount of the check, name of payee and item covered. The "item covered" entry may indicate a code number per chart of accounts, or may be documented by entry in a cash receipts journal, cash disbursements journal, or check voucher.

(9) The real estate trust bank account balance must be equal at all times to the outstanding trust liability to clients. The balance shown in the check register or bank control account must equal the total liability to clients.

(10) The broker shall be responsible for preparation of a monthly trial balance of the client's ledger, reconciling the ledger with both the trust account bank statement and the trust account check register or bank control account.

(11) All disbursements of trust funds shall be made by check, or electronic transfer, drawn on the real estate trust bank account and identified thereon to a specific

real estate or business opportunity transaction, or collection/management agreement. The number of each check, amount, date, payee, items covered and the specific client's ledger sheet debited must be shown on the check stub or check register and all data must agree exactly with the check as written.

(a) No disbursement from the trust account shall be made based upon wire transfer receipts until the deposit has been verified.

(b) The broker must make arrangements with the financial institution in which the trust account is located to provide a follow-up "hard-copy" debit memo when funds are disbursed via wire transfer.

(c) The broker shall retain in the transaction file a copy of instructions signed by the owner of funds to be wire-transferred which identifies the receiving entity and account number.

(12) Voided checks written on the trust bank account shall be permanently defaced and shall be retained.

(13) Commissions owed to another real estate broker may be paid from the real estate trust bank account. Those commissions shall be paid promptly upon receipt of funds. Commissions shared with another broker are a reduction of the gross commissions received.

(14) No deposits to the real estate trust bank account shall be made of funds:

(a) That belong to the real estate broker or the real estate firm, including funds to "open" the bank account or to keep the account from being "closed"; or

(b) That do not pertain to a client's real estate or business opportunity sales transaction or are not received in connection with a client's rental, contract or mortgage collection account.

(15) No disbursements from the real estate trust bank account shall be made:

(a) For items not pertaining to a specific real estate or business opportunity transaction or a rental, contract or mortgage collection account;

(b) Pertaining to a specific real estate or business opportunity transaction or a rental, contract or mortgage collection account in excess of the actual amount held in the real estate trust bank account in connection with that transaction or collection account;

(d) For bank charges of any nature, including bank services, checks or other items, except as specified in WAC 308-124E-013 (1)(a) and (d). Bank charges are business overhead expenses of the broker. Arrangements must be made with the bank to have any such charges applicable to the real estate trust bank account charged to the regular business bank account, or to provide a separate monthly statement of bank charges so that they may be paid from the brokers business bank account.

(16) The provisions of this chapter are applicable to manual or computerized accounting systems. For clarity, the following is addressed for computer systems:

(a) The system must provide for a capability to back-up all data files.

(b) Receipt and check registers will be printed at least once monthly and retained as a permanent record. Reconciliation and trial balance will be accomplished at least once monthly, printed and retained as a permanent record.

(c) The broker will maintain a printed, dated source document file to support any changes to existing accounting records.

(d) If the program has the ability to write checks, the check number must be preprinted on the check or retained voucher copy by the supplier. The program may, if desired assign suffixes or subaccount codes before or after the check number for identification purposes.

(e) The check number must appear in the magnetic coding which also identifies the account number for readability by the financial institution computer.

WAC 308-124E-013 Administration of funds held in trust—Real estate and business opportunity transactions. The procedures in this section are applicable to funds received by the broker in connection with real estate sales or business opportunity transactions or options thereon. These procedures are in addition to the requirements of the general trust account procedures contained in WAC 308-124E-012.

(1) Bank accounts shall be designated as trust accounts in the firm or DBA name of the real estate broker as licensed. Trust bank accounts for real estate sales or business opportunity transactions shall be interest bearing demand deposit accounts. These accounts shall be established as described in RCW 18.85.310 and this section.

(a) The broker shall maintain a pooled interest bearing trust account identified as housing trust fund account for deposit of trust funds which are five thousand dollars or less.

Interest income from this account will be paid to the department by the depository institution in accordance with RCW 18.85.310(7) after deduction of reasonable bank service charges and fees, which shall not include check printing fees or fees for bookkeeping systems. The department shall remit the funds to the state treasurer.

(b) The agent shall disclose in writing to the party depositing more than five thousand dollars that the party has an option between (i) and (ii) below;

(i) All trust funds not required to be deposited in the account specified in (a) of this subsection shall be deposited in a separate interest-bearing trust account for the particular party or party's matter on which the interest will be paid to the party(ies); or

(ii) In the pooled interest-bearing account specified in (a) of this subsection if the parties to the transaction agree in writing.

(c)(i) For accounts established as specified in (a) of this subsection, the broker will maintain an additional ledger card with the heading identified as "Housing trust account interest." As the monthly bank statements are received, indicating interest credited, the broker will post the amount to the pooled interest ledger card. When the bank statement indicates that the interest was paid to the state or bank fees were charged, the broker will debit the ledger card accordingly.

(ii) For accounts established as specified in (b)(i) of this subsection, the interest earned or bank fees charged will be posted to the individual ledger card.

(d) When the bank charges/fees exceed the interest earned, causing the balance to be less than trust account liability, the broker shall within one banking day after receipt of such notice, deposit funds from the brokers business account or other non-trust account to bring the trust account into balance with outstanding liability. The broker may be reimbursed by the party depositing the funds for these charges for accounts established as specified in (b)(i) of this subsection, if the reimbursement is authorized in writing by the party depositing the funds. For accounts established under (a) of this subsection, the broker will absorb the excess bank charges/fees as a business expense.

(2) A separate check shall be drawn on the real estate trust bank account, payable to the broker as licensed, for each commission earned, after the final closing of the real estate or business opportunity transaction. Each commission check shall be identified to the transaction to which it applies.

(3) No disbursements from the real estate trust bank account shall be made in advance of closing of a real estate or business opportunity transaction or before the happening of a condition set forth in the earnest money agreement, to any person or for any reason, without a written release from both the purchaser and seller; except that

(i) If the agreement terminates according to its own terms prior to closing, disbursement of funds shall be made as provided by the agreement without a written release; and

(ii) Funds may be disbursed to the escrow agent designated in writing by the purchaser and seller to close the transaction, reasonably prior to the date of closing in order to permit checks to clear.

(4) When a transaction provides for the earnest money deposit/note or other instrument to be held by a party other than the broker, the broker shall deliver the deposit to the party designated to hold the funds, unless the parties to the transaction instruct otherwise in writing. The delivery shall be made within one banking day after all parties to the transaction have signed the agreement. A dated receipt will be obtained and placed in the transaction file.

WAC 308-124E-014 Administration of funds held in trust--Property management. Any real estate broker who receives funds or moneys from any principal or any party to property management agreement or contract/mortgage collection agreement shall hold the funds or moneys in trust for the purposes of the agreement, and shall not utilize such funds or moneys for the benefit of the broker or any person not entitled to such benefit. These procedures are applicable to property management and contract/mortgage collection agreements, and are in addition to the general trust account procedures in WAC 308-124E-012.

(1) Bank accounts shall be designated as trust accounts in the firm or DBA name of the real estate broker as licensed. Trust bank accounts for property management transactions are exempt from the interest-bearing requirement of RCW 18.85.310. However, interest-bearing accounts for property management transactions may be established as described in this section.

(b) Interest-bearing trust bank accounts containing only damage or security deposits received from tenants of residential income properties managed by the broker for an individual owner may be established by the broker when directed by written management agreement, and the interest on such trust bank accounts may be paid to the owner, if the broker is by written agreement designated a "representative of the landlord" under the provisions of RCW 59.18.270, Residential Landlord-Tenant Act;

(c) The broker is not required to establish individual interest-bearing accounts for each owner when all owners assign the interest to the broker;

(d) A common account, usually referred to as a "clearing account" may be established if desired. No funds which belong to the broker or firm or are related to transactions on property owned by the broker or firm shall be maintained in this account.

(2) Any property management accounting system is to be an accounting of cash received and disbursed by the managing broker only. Any other method of accounting offered to owners for their rental properties, unit and/or complexes are to be supplementary to the brokers accounting of all cash received and disbursed through his/her trust account(s). All owners' summary statements must include this accounting.

(3) The preauthorization of disbursements or deductions by the financial institution for recurring expenses such as mortgage payments on behalf of the owner is not permitted if the account contains tenant security deposits or funds belonging to more than one client.

(4) A single check may be drawn on the real estate trust bank account, payable to the broker as licensed, in

payment of all property management fees and commissions, if such check is supported by a schedule of commissions identified to each individual client. Property management commissions shall be withdrawn at least once monthly.

(5) No disbursements from the real estate trust bank account shall be made of funds received as damage or security deposit on a lease or rental contract for property managed by the broker to the owner or any other person without the written agreement of the tenant, until the end of the tenancy when the funds are to be disbursed to the person or persons entitled to the funds as provided by the terms of the rental or lease agreement.

(6) When the management agreement between the owner(s) and the broker is terminated, the owner(s) funds shall be disbursed according to the agreement. Funds held as damage or security deposits shall be disbursed to the owner(s) or successor property manager, and the tenants so notified by the disbursing broker consistent with the provisions of RCW 59.18.270, Residential Landlord-Tenant Act.

WAC 308-125-010 Definitions. (1) Words and terms used in these rules shall have the same meaning as each has in the Certified Real Estate Appraiser Act, (chapter 18.140 RCW).

(2) "Appraisal" or "real estate appraisal" means an analysis, opinion, or conclusion relating to the nature, quality, value, or utility of specified interests in, or aspects of, identified real estate for or in expectation of compensation. An appraisal may be classified by subject matter into either a valuation or an analysis. A "valuation" is an estimate of the value of real estate or real property. An "analysis" is a study of real estate or real property other than estimating value.

(3) "Appraisal report" means any communication, written or oral, of an appraisal.

(4) "Appraisal assignment" means an engagement for which an appraiser is employed or retained to act, or would be perceived by third parties or the public as acting, as a disinterested third party in rendering an unbiased analysis, opinion, or conclusion relating to the nature, quality, value, or utility of specified interests in, or aspects of, identified real estate. The term "appraisal assignment" may apply to valuation work and analysis work.

(5) "Certified appraisal" means an appraisal prepared or signed by a state-certified real estate appraiser. A certified appraisal represents to the public that it meets the appraisal standards defined in this chapter.

(6) "Department" means the department of licensing.

(7) "Director" means the director of the department of licensing.

(8) "Real estate" means an identified parcel or tract of land, including improvements, if any.

(9) "Real property" means one or more defined interests, benefits, or rights inherent in the ownership of real estate.

(10) "Specialized appraisal services" means all appraisal services which do not fall within the definition of appraisal assignment. The term "specialized appraisal service" may apply to valuation work and to analysis work. Regardless of the intention of the client or employer, if the appraiser would be perceived by third parties or the public as acting as a disinterested third party in rendering an unbiased analysis, opinion or conclusion, the work is classified as an appraisal assignment and not a specialized appraisal service.

(11) "State-certified real estate appraiser" means a person who develops and communicates real estate appraisals, and who holds a valid certificate issued to him/her for either general or residential real estate under this chapter. A state-certified real estate appraiser may designate or identify an appraisal rendered by him/her as a "certified appraisal" and indicate which type of certification is held.

(12) "Advisory committee" means a committee of seven individuals, of whom at least five are real estate appraisers appointed by the director to provide technical assistance relating to real estate appraisal standards and real estate appraiser experience, education, and examination requirements that are appropriate for each classification of state-certified real estate appraiser.

(13) "College degree" means a baccalaureate degree awarded by a college or university which has been accredited by the Council on Postsecondary Accreditation or an accrediting body approved by the United States Department of Education.

(14) "Classroom hour" means fifty minutes out of each sixty minute hour.

(15) "Full-time" means the equivalent twelve-month period in which an applicant works at least one thousand five hundred hours in real estate appraisal.

(16) "Residential real estate appraiser" classification applies to those individuals qualified to appraise one to four residential units.

(17) "General real estate appraiser" classification applies to those individuals qualified to appraise all types of real property.

(18) "Associate college degree" means a degree awarded by a college or university which has been accredited by the Council on Postsecondary Accreditation or an accrediting body approved by the United States Department of Education. The associate degree must be based upon a minimum two-year program.
