(a) The information provided during registration may be used by local authorized officials to conduct criminal history and driving record background checks.

WAC 118-04-180 Responsibilities of authorized officials registering and using emergency workers.

(1) Authorized officials registering emergency workers have the responsibility to ensure those emergency workers meet basic qualifications as stated in these rules. Authorized officials organizing and using emergency workers are responsible for assembling the proper combination of emergency workers with the skills and abilities to accomplish the mission being undertaken. It is acknowledged that authorized officials must use judgment and experience in assessing the scene and the requirements for the mission. Authorized officials shall ensure each team has, among its members, the skills and expertise necessary to safely accomplish the mission.

(2) Local requirements may include more extensive and detailed criteria than are specified in this rule to meet local needs. Authorized officials may also require emergency workers to demonstrate proficiency in the skills required to carry out their assignments.

accomplished at the time of registration and should be reemphasized to the emergency worker at periodic intervals.

(4) The state recognizes that many situations to which emergency workers are asked to respond are inherently hazardous. It is incumbent upon authorized officials utilizing emergency workers to ensure that the workers are not needlessly endangered in mission activities or training events.

(a) Authorized officials utilizing emergency workers for actual missions or during training events or evidence search activities shall not place emergency workers nor shall they allow emergency workers to be placed in unnecessarily hazardous situations.
