WAC 232-12-001 Definition of terms. Definitions used in rules of the commission are defined in RCW 77.08.010. In addition, unless otherwise provided:

(1) "Snagging" means an effort to take fish with a hook and line in a manner such that the fish does not take the hook voluntarily in its mouth.

(2) "Gaffing" means an effort to take fish by impaling the fish with a hook attached directly to a pole or other device.

(3) "Spearing" and "spear fishing" means an effort to take fish by impaling the fish on a shaft, arrow, or other device.

(4) A "valid" license, permit, tag, stamp or catch record card means a license, permit, tag, stamp, or catch record card that was issued to the bearer for the current season and is required to hunt, fish or possess wildlife and has not been altered except as provided by rule of the commission.

(5) "Hook" means one single, double, or treble hook. A "single hook" means a hook having a single point; a "double hook" means a hook having two points on a common shank; and a "treble hook" means a hook having three points on a common shank. "Barbless hook" means a hook on which all barbs have been deleted when manufactured, filed off, or pinched down.

(6) "Falconry" means possession, control, or use of a raptor for the purpose of hunting and free flight training.

(7) "Anadromous game fish" means:

(a) Steelhead trout, *Oncorhynchus mykiss*, defined as any searun rainbow trout over twenty inches in length

(b) Searun cutthroat, *Oncorhynchus clarkii*

(c) Searun Dolly Varden, *Salvelinus malma*

(8) "Handgun" means any pistol, revolver or short firearm with a barrel length of less than sixteen inches and does not have a shoulder stock.

(9) "Lure" means a manufactured article constructed of feathers, hair, fiber, wood, metal, glass, cork, leather, rubber or plastic which does not use scent and/or flavoring to attract fish. "Nonbuoyant lure" means a lure, complete with hooks, swivels or other attachments, that does not float in freshwater.

(10) "Bait" means any substance which attracts fish or wildlife by scent and/or flavor. Bait includes any device made of feathers, hair, fiber, wood, metal, glass, cork, leather, rubber or plastic which uses scent and/or flavoring to attract fish or wildlife.

(11) "Possession limit" means the number of daily limits allowed to be retained in the field or in transit.

(12) "Daily limit" means the maximum number of game fish which a person may legally retain in a single day.

(13) "Boat fishing" means fishing while in or on a boat, raft, or any other floating device.

(14) "Catch-and-release" means a type of angling where none of the fish caught are retained by the angler.

(16) "Mouth" of stream, river, or slough means those waters upstream of a line projected between the outermost uplands at the mouth. Outermost uplands means those lands are not covered by water during an ordinary high water.

(17) Fish length means the length of a fish measured from snout to tip of tail (not fork).

(18) Slough means any swamp, marsh, bog, pond, side-channel, or backwater connected to a river by water. Many waters commonly called sloughs are not connected to a river and, therefore, are considered lakes.

(19) "In the field or in transit" means any place other than in the residence or residential equivalency of the harvester, or in a residence where the harvester is an invited guest. A residential equivalency is any temporary domicile that has sleeping, cooking and toilet facilities, and includes hotels and motels, motor homes, the living quarters of vessels so equipped, camp trailers, and enclosed areas within fishing and hunting camps where a reasonable expectation of privacy is demonstrated, but does not include cold storage lockers, charter boats, or public facilities.

Tag Sale Deadline: Bear tags must be purchased by midnight of the day preceding modern firearm deer season opener. Actual dates are: Oct. 14, 1994; Oct. 13, 1995; Oct. 11, 1996.

PURSUIT ONLY SEASON

It is lawful to pursue or tree black bears during established pursuit-only seasons, provided any bear pursued or treed is NOT killed or injured. Hunters participating in a pursuit only season for black bear must have a valid hound stamp, and hunting license. A bear tag is not required to pursue black bear during the pursuit only season.

Aug. 1-31, 1994, 1995, and 1996, in GMUs 100-111, GMU 113 outside of Selkirk Grizzly Bear Recovery Zone*, GMUs 118-124 and GMUs 200 and 206.

The following regulations apply to the practice of HUNTING BLACK BEAR WITH BAIT.

Definition of Bait: A bait shall be defined as any substance placed with the intent of attracting bear.

Bait Types: It is unlawful to hunt bear with the aid of any bait other than unprocessed plant and plant parts including fruit, inedible parts of legally obtained food fish, game fish, and game animals; carcasses of legally trapped furbearing animals (hide removed); carcasses of unclassified fish and

unclassified wildlife, and parts of domestic livestock carcasses.

Baits may not contain paper, cardboard, plastic, glass, aluminum, tin, steel, or styrofoam, or other packaging materials.

All other baits are illegal.

Placement of Bait: Baits for black bear may not be placed in an area until five days prior to the start of that area's established bear harvest season.

A bait may not be placed within fifty yards of any body of water (lake, pond, reservoir, stream, river, and spring), and not within two hundred yards of any road open to vehicular traffic or publicly maintained trail.

A bait may not be placed within one-half mile of any publicly designated administrative site, campground, picnic area, landfill or dump site, and not within one-quarter mile of any permanent residence or seasonal dwelling (except that private landowners may bait on their property within one-quarter mile of their own residence or seasonal dwelling when such baiting does not violate any of the aforementioned distance requirements with adjacent landholders).

Bait Containers: Bait must be contained within an excavated pit, or within a confine constructed of materials located at the site. Such containment structures might include, but not be restricted to, log cubbies, rock piles and stumps. Containers may also be used to hold bait, but if used, must be securely fastened (to tree, ground, post, etc.).

Any items used to contain or to fasten bait containment materials such as metal drums, nails, screws, bolts, rope, reinforcing rod, and spikes shall be removed from the area within 48 hours of the close of the bear harvest season. Excavated pits shall be filled and the area returned to pre-baiting condition. Tree stands and materials used to construct and erect tree stands shall be removed within the same 48-hour period (except that tree stands may be left on private property with landowner's permission).

All hunters who hunt bear with bait shall affix their bear tag number at their bear baiting sites in such a manner that it remains conspicuous and legible for the duration of the bear season.

Antler points may include eye guards but antler points on the lower half of either main beam must be at least four (4) inches long, measured from tip to nearest edge of beam. All other antler points must be at least one inch long. Antler restrictions apply to all hunters during any open season.

Application Instructions

NOTE: Hunt numbers and GMU numbers are not the same.

A permit gives a hunter additional opportunity but it does not give him/her an extra deer or elk.

To apply for Special Deer Permit: You must have a valid 1995 Washington hunting license and a modern firearm or muzzleloader deer tag. Only those hunters with a Washington Disabled Hunter Permit or Washington Blind or Visually Handicapped Hunter Permit may apply for Special Hunts for Disabled, Blind or Visually Impaired. You may submit one (only one) special deer permit application for 1995. A

If you were drawn for a Blue Mountains Foothills A or B deer permit in 1994, you may not submit a deer permit application in 1995 or 1996 for the Blue Mountains Foothills A or Blue Mountains Foothills B hunts.

To apply for Special Elk Permit: You must have a valid 1995 Washington hunting license and a valid modern firearm, muzzleloader, or archery elk tag. Each hunter must have the proper tag (identified in the tables) to apply for an elk permit. Only those hunters with a Washington Disabled Hunter Permit or Washington Blind or Visually Handicapped Hunter Permit may apply for the Special Hunts for Disabled, Blind or Visually Impaired. You may submit one (only one) special permit application for elk. You may not submit an elk permit application if you were drawn for an elk permit during 1993 or 1994. Those hunters drawing a special hunting season elk permit for hunts designated for disabled, blind/visually impaired, and muzzleloader only are exempt from the two-year waiting period. Permit hunters may hunt only with a weapon in compliance with their tag.

Application Deadline: To qualify for the drawing all applications must be postmarked no later than March 31, 1995 or received no later than 5:00 p.m. on March 31, 1995 at the Department of Fish and Wildlife headquarters in Olympia or at any of the regional Department of Fish and Wildlife offices.

- Permits will be drawn by random computer selection.
- There are no refunds or exchanges for deer or elk tags for persons applying for special permits.

Special Hunting Season Permits

You MUST have a valid hunting license and tag to apply for any special hunting season set by the Fish and Wildlife Commission. (Special hunting seasons do not include hunts open to all hunters.)

SPECIAL DEER PERMIT HUNTING SEASONS

(Open to Permit Holders Only)

Hunters must purchase a hunting license and deer tag prior to purchase of a permit application. Only modern firearm

deer tag holders and muzzleloader deer tag holders may apply for the following permit hunts.
