(b) The borrower provides a replacement copy which requires binding in order to match the format of the copy being replaced.

(2) The binding charge is established by the director of libraries or his/her designee on an annual basis.

[WAC 478-168-380 Appeal of library charges. (1) Except for cancellation of replacement charges as defined in WAC 478-168-350 (1), (2) and (3), library charges are noncancellable except as determined by the appeal procedure or in cases of library error. Appeals are adjudicated by the library fines appeals committee, a committee composed of faculty and students. The faculty member serves as chair. (2) The libraries inform potential appellants of the availability of the appeals process at the time of billing and in all correspondence regarding the application of sanctions. Appeal of library charges may be filed by securing an appeal form from the unit which levied the charges and submitting the completed form to the library cashier. (3) Meetings of the libraries fines appeals committee are considered brief adjudicative procedures as defined by the Administrative Procedure Act (chapter 34.05 RCW). Committee meetings are conducted in conformance with the act and other applicable laws. (4) A completed appeals form must be submitted within six months of billing for the charges to be appealed.

[WAC 478-168-390 Failure to pay library charges and misuse of library privileges. (1) Failure to pay library charges and/or return library material may result in: (a) Holds being placed on student records. (b) Cancellation or blocking of registration for students. (c) Collection processing by the libraries and/or campus agencies designated by the University of Washington. Such accounts may also be reported to credit bureaus and/or litigation instituted. (d) Revocation of borrowing privileges. (e) Civil or criminal action against the borrower. (f) Any combination thereof. (2) Misuse of library privileges may result in revocation of borrowing privileges by the director of libraries or his/her designee.

[WAC 479 WAC TRANSPORTATION IMPROVEMENT BOARD (Formerly: Urban Arterial Board)]

Chapter 479-01 WAC DESCRIPTION OF ORGANIZATION

WAC 479-01-010 Organization of transportation improvement board.

479-01-020 Time and place of meetings.

479-01-030 Address of board.

479-01-040 Definitions.

479-01-050 Administration costs.

WAC 479-01-010 Organization of transportation improvement board. The transportation improvement board is a twenty-one member board, organized under the provi-
sions of chapter 269, Laws of 1995. The board administers the urban arterial trust account program, the transportation improvement account program, small city account program, city hardship assistance program, central Puget Sound public transportation account, public transportation systems account, Intermodal Surface Transportation and Efficiency Act of 1991, surface transportation program state-wide competitive, and evaluates petitions requesting any additions or deletions from the state highway system created and financed under the provisions contained therein. Nineteen members of the board are appointed by the secretary of transportation, with six being city officials, six being county officials, two representatives of public transit systems, a private sector member, a member representing the ports, a member representing nonmotorized transportation, a member representing a local public transit agency, and two representatives of the department of transportation. One member shall be appointed by the governor. The county road administration engineer, created by RCW 36.78.060 is an ex officio member of the board.

WAC 479-01-020 Time and place of meetings. Regular public meetings of the board shall be held on the fourth Friday of every month or the third Friday if that Friday is a holiday. Each such regular meeting shall be held at the offices of the board in Olympia, Washington, and begin at the hour of 9:00 a.m. or at such other time and place as designated by the board.

A special meeting of the board may be called by the chairperson or by a majority of the members of the board, by delivering personally or by mail written notice to all other members of the board at least twenty-four hours before the time of such meeting as specified in the notice. The notice calling a special meeting shall state the purpose for which the meeting is called and the date, hour, and place of such meeting and all provisions of chapter 42.30 RCW shall apply.

WAC 479-01-030 Address of board. Persons wishing to obtain information or to make submissions or requests of any kind shall address their correspondence to:

Executive Director, Transportation Improvement Board
Post Office Box 40901
Olympia, Washington 98504-0901.

WAC 479-01-040 Definitions. For purposes of implementing the requirements of RCW 47.26.160 relative to the transportation improvement board, the following definitions shall apply:

1) Board - the transportation improvement board.
2) Director - the executive director of the transportation improvement board.

WAC 479-01-050 Administration costs. The board costs for necessary staff services and facilities that are attributable to the urban arterial trust account, small city account, city hardship assistance account, transportation improvement account, central Puget Sound public transportation account and public transportation systems account shall be paid in proportion to the anticipated expenditures of the programs as determined by the biennial appropriation.

Chapter 479-02 WAC
PUBLIC ACCESS TO INFORMATION AND RECORDS

WAC 479-02-030 Exempted records. In accordance with RCW 42.17.310, exemptions from public inspection and copying shall include, but not be limited to the following:

(1) Personal information in files maintained for employees, appointees or elected officials of any public agency to the extent that disclosure would violate their right to privacy.
(2) Information required of any taxpayer in connection with the assessment or collection of any tax if the disclosure of the information to other persons would violate the taxpayer's right to privacy or would result in unfair competitive disadvantage to such taxpayer.
(3) Specific intelligence information and specific investigative records compiled by investigative, law enforcement, and penology agencies, and state agencies vested with the responsibility to discipline members of any profession, the nondisclosure of which is essential to effective law enforcement or for the protection of any person's right to privacy.
(4) Information revealing the identity of persons who file complaints with investigative law enforcement or penology agencies, except as the complainant may authorize. 
(5) Test questions scoring keys, and other examination data used to administer a license, employment or academic examination.
(6) Except as provided by chapter 8.26 RCW the contents of real estate appraisals, made for or by any agency relative to the acquisition or sale of property, until the
WAC 479-02-070 Requests for public records. Subject to the provisions of subsection (3) of this section, public records are obtainable by members of the public when those members of the public comply with the following procedures.

(a) The name of the person requesting the record.
(b) The time of day and calendar date on which the request was made.
(c) If the matter requested is referenced within the current index maintained by the board, a reference to the requested record as it is described in such current index.
(d) If the requested matter is not identifiable by reference to the board's current index, a statement that identifies the specific record requested.
(e) A verification that the records requested shall not be used to compile a commercial sales list.

WAC 479-02-110 Denial of request. Each denial of a request for a public record shall be accompanied by a written statement to the person requesting the record clearly specifying the reasons for denial, including a statement of the specific exemption authorizing the withholding of the record and a brief explanation of how the exemption applies to the record withheld.

WAC 479-02-120 Review of agency denial. Whenever a person objects to a conclusion that a public record is exempt from disclosure, the person may request the attorney
general to review the matter in accordance with RCW 42.17.325.

WAC 479-02-130 Records index. (1) The board has available for public inspection and copying at its offices in Olympia a current index of the following records:
(a) State legislation and proposed rules and regulations pertaining to board standards.
(b) Those statements of policy and interpretations of policy, statute and bylaws which have been adopted by the board;
(c) Minutes of board meetings;
(d) Resolutions approved by the board;
(e) TIB program guidelines;
(f) Program reports and publications;
(g) Budgets and expenditures;
(h) TIB project administration and accounting files.
(2) A system of indexing shall be as follows:
(a) The indexing system will be administered by the board's public record officer.
(b) Copies of the index shall be available for public inspection and copying in the manner provided in chapter 479-02 WAC.
(c) The public record officer shall update the index at least once a year and shall revise the index when deemed necessary by the board.

SUBMISSION OF PROPOSED URBAN ARTERIAL TRUST ACCOUNT PROJECTS TO TRANSPORTATION IMPROVEMENT BOARD

WAC 479-12-005 Purpose and authority. RCW 47.26.160 provides that the transportation improvement board shall adopt reasonable rules necessary to implement the urban arterial trust account program. The intent of the urban arterial trust account program is to improve mobility and safety while supporting an environment essential to the quality of life of the citizens of Washington state.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-12-005, filed 1/30/95, effective 3/2/95.]

WAC 479-12-008 Definitions. For purposes of implementing the requirements of RCW 47.26.185 relative to the urban arterial trust account, the following definitions shall apply:
(1) Board - when board is used in this chapter, it refers to the transportation improvement board.

(2) UATA - this is the abbreviation for the urban arterial trust account.
(3) Director - the executive director of the transportation improvement board.
(4) Eligible agencies - the urban arterial trust account eligible agencies are the counties with federal designated urban areas and all urban cities.
(5) Urban area - the term "urban area" as used for the UATA program refers to the portion of a county within the federal urban area boundary as designated by FHWA.
(6) Eligible project - improvement on federally classified arterials within the urban area.

[Statutory Authority: 1995 c 269 § 2601. 95-22-056, § 479-12-008, filed 10/30/95, effective 11/30/95. Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-12-008, filed 1/30/95, effective 3/2/95.]

WAC 479-12-010 Data to be submitted on proposed projects. When requested by the board, applications for proposed projects shall be submitted to the board by eligible cities and counties seeking allocation of funds. The application form will be provided by the board.

WAC 479-12-020 Time and place for submission of proposed urban arterial trust account projects. All project prospectuses submitted by local governments shall be submitted to:
Executive Director, Transportation Improvement Board
Post Office Box 40901
Olympia, Washington 98504-0901

Prospectuses for predesign or design phase shall be requested by the board after:
(1) Submitted project applications have been evaluated as to priority;
(2) The obligation status of the urban arterial trust account and legislative appropriation authority have been reviewed and capacity to authorize additional projects determined.

Prospectuses for predesign phase or design phase shall be received by the board by the first day of the month preceding the month in which project authorization is proposed unless a later receipt is approved by the director.

Prospectuses for the construction phase shall be received by the twentieth day of the month preceding the month in which construction project authorization is proposed unless a later receipt date is approved by the director.

DISPOSITION OF SECTIONS FORMERLY CODIFIED IN THIS CHAPTER

WAC 479-13-060 Procedures for two-phase projects. [Statutory Authority: Chapter 47.26 RCW. 90-11-035, § 479-13-060, filed 5/10/90, effective 6/10/90; 87-21-068 (Order 87-01, Resolution No. 955), § 479-13-060, filed 8/10/87.] Repealed by 95-04-072, filed 1/30/95, effective 3/2/95.

WAC 479-13-010 Six-year transportation programs for urban areas. The six-year transportation programs of urban area cities and counties required, respectively, by RCW 35.77.010 and 36.81.121 must have proposed urban arterial trust account projects included prior to board approval and shall be consistent with the Growth Management Act, the state and Federal Clean Air Acts, and the Americans with Disabilities Act, where these acts are applicable.

A copy of the six-year transportation program including the proposed projects to be approved shall be submitted to the board along with a copy of the resolution of the city or county adopting such program.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-13-010, filed 1/30/95, effective 3/2/95; 87-21-068 (Order 87-01, Resolution No. 955), § 479-13-010, filed 8/10/87.] Repealed by 95-04-072, filed 1/30/95, effective 3/2/95.

WAC 479-13-011 Priority criteria for urban arterial trust account projects. The agencies shall evaluate their proposed urban arterial trust account projects by utilizing the following criteria which shall also be utilized by the transportation improvement board to prioritize projects.

1. Safety, improvements that will reduce accidents;
2. Mobility, improvements to increase mobility;
3. Structural condition of the roadway, improvements to the roadway surface;
4. Roadway widths, improvements to widen standard lanes and shoulders and adding sidewalks;
5. Multimodal, improvements for a variety of transportation modes such as transit, bicycle, trucks, etc;
6. Project cost, improvements with lower cost in relationship to traffic and length;
7. Other, consideration given to agencies that show initiative to improve their local transportation system in various ways.

WAC 479-13-025 Six-year financial plan. At the beginning of each biennium the board shall update their six-year financial plan to determine the amount of estimated revenue to be available for new project starts in the ensuing biennium. The estimate of funds for new project starts shall take into consideration projects approved by the board for the design phase where construction funding approval is pending.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-13-025, filed 1/30/95, effective 3/2/95; 87-21-068 (Order 87-01, Resolution No. 955), § 479-13-025, filed 10/19/87.]

WAC 479-13-035 Value engineering study requirements. Value engineering studies shall be required in accordance with the policy adopted by the board.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-13-035, filed 1/30/95, effective 3/2/95; 90-11-035, § 479-13-035, filed 5/10/90, effective 6/10/90; 87-21-068 (Order 87-01, Resolution No. 955), § 479-13-035, filed 10/19/87.]

WAC 479-13-060 Repealed. See Disposition Table at beginning of this chapter.

WAC 479-13-070 Procedures for project approval. Predesign, design proposals and related construction projects authorized by the board for financial assistance from the urban arterial trust account shall be selected for authorization based upon the following factors:

The proposed project scope shall include improvement that will address or mitigate the items for which the project was selected.

The board shall evaluate the project scope and may reduce the project scope if, in the board’s opinion, the scope exceeds that which is necessary to address or mitigate the item in the selection process.

The following factors relative to each project, in addition to other factors required by law, shall be evaluated:

1. Each project shall be evaluated on the availability and source of matching funds.
2. Construction prospectuses for projects previously approved for design and right of way funding by the board from the urban arterial trust account shall be required to be accompanied by the following information demonstrating the readiness of the project to be placed under contract for construction:
   a. A certification from the legislative body or other designated responsible official, of the administering agency, that an environmental impact analysis has been conducted and an environmental impact statement including the conformity with the state and Federal Clean Air Acts or negative declaration of environmental impact, as appropriate, has been circulated pursuant to chapter 43.21C RCW, and that the results have been utilized in arriving at the decisions reflected in the prospectus for the construction project.
   b. A certification that all right of way required for the project is available or if right of way remains to be acquired that the agency has obtained a possession and use agreement on the parcels in question.

479-16-070 Repealed.
479-16-072 Repealed.
479-16-080 Apportionment of urban arterial trust account fund to regions.
479-16-085 Funding for pedestrian facilities.
479-16-090 Repealed.
479-16-091 Repealed.
479-16-092 Repealed.
479-16-094 Repealed.
479-16-096 Repealed.
479-16-098 Inclusion of bicycle facilities in transportation improvement board projects.

WAC 479-16-010 Methods of construction. All construction, except utility and railroad relocations and adjustments and except installation of traffic control devices if accomplished by the personnel of the local governmental unit, done by cities and counties using transportation improvement board funds shall be required to be done by advertisement, competitive bid and contract.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, filed 1/30/95, effective 3/2/95. Statutory Authority: Chapter 47.26 RCW.]

WAC 479-16-015 Registered engineer in charge. All projects using transportation improvement board funds shall be planned, designed, and constructed under the supervision of a professional engineer registered in the state of Washington.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, filed 1/30/95, effective 3/2/95. Statutory Authority: Chapter 47.26 RCW.]
WAC 479-16-030 Utility and railroad adjustments and relocations. Utility and railroad adjustments and relocations may be performed by negotiated contract with the owner of those facilities. The administering agency shall review and approve a written statement that includes the items of work and an estimate of cost prepared by the utility or railroad for the work required as a result of the arterial improvement. Updated statements of items of work and estimates of cost may be reviewed and approved by the administering agency. All costs of utility and railroad adjustments, as finally approved by the administering agency, shall be subject to audit. If federal aid highway funds are included in the project, the negotiated contract shall include the applicable provisions of federal highway administration policies and procedures prescribed in 23 CFR 140, 23 CFR 645 and 23 CFR 646, Federal Aid Policy Guide.

WAC 479-16-035 Undergrounding utilities. Board funds may be used in the actual, necessary costs of relocating utility or other service facilities resulting from an approved urban arterial project when:

(1) The local agency administering the project directly incurs such costs; or
(2) The local agency administering the project is obligated by law or by previously established and documented policies and practices for such costs.

Board funds may be used in the costs to underground service connections for street illumination and traffic signal services within the prescribed limits of the approved project. The board funds used in the actual, necessary costs of relocating utility or other service facilities, other than service connections for street illumination and traffic signal services within the prescribed limits of the approved project, shall be further limited as follows:

(a) Where a local agency requires that existing overhead facilities be placed underground, board funds shall be limited to the agency's actual cost thereof. The board considers this type of improvements to be aesthetic in nature as is landscaping, therefore, the cost involved in undergrounding the utility facilities, in excess of the estimated cost to relocate them overhead, will be included within the three percent allowance for landscaping costs.

(b) If utility lines or other service facilities are already underground, board funds may be used in the costs of replacing such facilities on an underground basis.

WAC 479-16-040 Traffic control devices. Traffic control devices included in a participating project may be installed by the employees and with the equipment and materials of the local governmental units: Provided, That the basis for payment of board funds is reimbursement of the appropriate portion of actual cost of such work, subject to audit.

WAC 479-16-045 Project plantings. Board funds may be used at the appropriate matching ratio in the cost of street tree plantings and the use of other plantings and supporting materials within the project right of way to a maximum of three percent of the total authorized project costs: Provided, That requests for increases in the authorized amount of board funds to cover street tree planting and related costs shall be considered jointly with other cost increases and approval of all such requests shall be limited to the amount authorized by WAC 479-20-037 to be approved by the director. Erosion control treatment shall not be considered a part of street tree planting costs.

The three percent limitation for street tree planting and related costs shall not affect the local government's authority to include street tree plantings and the use of other plantings or supporting materials in the arterial project in amounts that exceed the three percent limit provided they are paid for solely with funds other than board supplied funds.

WAC 479-16-060 Design standards for transportation improvement board projects. All transportation improvement board funded projects shall be prepared using currently applicable design standards.

WAC 479-16-070 Repealed. See Disposition Table at beginning of this chapter.

WAC 479-16-072 Repealed. See Disposition Table at beginning of this chapter.

WAC 479-16-080 Apportionment of urban arterial trust account fund to regions. Beginning 1995, every four years, the board shall determine the distribution formula to apportion unobligated arterial trust account funds to each urban region. The distribution formula shall be defined in the following manner:

(1) One-third in the ratio which the population of the urban areas of each region bears to the total population of all of the urban areas of the state as last determined by the office of financial management;
(2) One-third in the ratio the vehicle to mile ratio traveled on the classified arterial system prescribed in RCW 47.26.180, within the urban areas of each region bears to the total vehicle to mile ratio traveled on all classified urban arterial systems;

[1996 WAC Supp—page 1656]
(3) One-third in the ratio which the city and county urban arterial needs within the urban areas of each region bears to the total urban arterial needs on city and county urban arterials within all urban areas of the state as last revised by the board.

The distribution of funds within each region shall be administered so as to permit complete urban arterial trust account projects in each arterial classification to be authorized and funded.

WAC 479-16-085 Funding for pedestrian facilities. The board may set aside a percentage of urban arterial trust account funds to be used for the improvement or construction of pedestrian facilities.

WAC 479-16-090 Repealed. See Disposition Table at beginning of this chapter.

WAC 479-16-091 Repealed. See Disposition Table at beginning of this chapter.

WAC 479-16-092 Repealed. See Disposition Table at beginning of this chapter.

WAC 479-16-094 Repealed. See Disposition Table at beginning of this chapter.

WAC 479-16-096 Repealed. See Disposition Table at beginning of this chapter.

WAC 479-16-098 Inclusion of bicycle facilities in transportation improvement board projects. If an eligible agency has a project funded by transportation improvement board funds that includes the construction of bicycle facilities, the agency shall submit their bikeway plan to the board in map form along with the agency's verification that the plan has been:

1. Integrated with existing "user designated," as well as officially designated bikeways.
2. Integrated with bikeways of adjacent units and levels of government.
3. Reviewed with, and approved by, the agency's legislative body.

The total bikeway plan of the agency shall identify separately arterial bikeways, as previously defined, that would be desired to be improved in conjunction with an arterial construction project.

The board shall notify the submitting city or county of its concurrence in the bikeway plan after such plan has been reviewed and found to be reasonable in relation to the rules adopted by the board. The proposed bicycle facility shall be in accordance with definitions, criteria, and design standards shown in Chapter 1020 of the Washington Department of Transportation Design Manual.

WAC 479-20-007 Matching ratios for urban arterial trust account funds. Urban arterial trust account funds for local agency arterial projects shall be matched in accordance with the following scheduled percentage of the total project cost.

City with a population from 5,000 to 9,999 or a 3rd Class county or smaller - 10% match
City with a population from 10,000 to 14,999 or a 1st or 2nd Class county - 15% match

[1996 WAC Supp—page 1657]
City with a population from 15,000 and up or a Class AA county and over - 20% match

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-20-007, filed 1/30/95, effective 3/29/95; 90-11-035, § 479-20-007, filed 5/10/90, effective 6/10/90.]

WAC 479-20-010 Reimbursable costs. Project costs eligible for reimbursement from the account shall be those proper and allowable costs incurred on a project after the project is authorized by the board except as provided by the following:

Reimbursement of all costs eligible for reimbursement from the account shall be limited to twenty-five percent of the approved contract bid amount including adjustments for change orders and actual quantity amounts during construction and agency force construction. Agency costs for value engineering and other special studies and right of way appraisals and acquisition costs will not be used to determine the amount subject to the limit.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-20-010, filed 1/30/95, effective 3/29/95; 90-11-035, § 479-20-010, filed 5/10/90, effective 6/10/90; 87-21-068 (Order 87-01, Resolution No. 955), § 479-20-010, filed 10/19/87; 79-08-139 (Order 79-01, Resolution Nos. 596, 597 and 598), § 479-20-010, filed 8/1/79; Order 290, § 479-20-010, filed 7/23/73; Order 8, § 479-20-010, filed 9/10/67.]

WAC 479-20-011 Reimbursable costs for engineering. Design and construction engineering costs eligible for reimbursement shall be limited to twenty-five percent of the approved contract bid amount including adjustments for change orders and actual quantity amounts during construction and agency force construction. Costs for value engineering and other special studies and right of way appraisals and acquisition costs will not be used to determine the amount subject to the limit.

WAC 479-20-013 Direct costs. Direct costs eligible for board participation are those costs which are directly attributable to a specific project and shall include:

1. Direct labor (engineering and/or construction) including related employee benefits:
   a. Salaries and wages (at actual or average rates) covering productive labor hours of city and county employees (excluding the administrative organization of the operating unit involved) for periods of time, actively or incidentally engaged in (i) predesign engineering, (ii) design engineering, (iii) construction engineering, (iv) acquisition of rights of way, and (v) actual construction activities are considered a direct cost of construction projects. The cost of services rendered by employees generally classified as administrative are considered a direct cost only when such employees are assigned for short periods of time to perform on a full time basis the types of services described above and when similar procedures are followed for nonboard projects.
   b. Employee benefits relating to direct labor are considered a direct cost of construction projects. The following items may be included as employee benefits:
      i. F.I.C.A. (Social Security) - employer's share
      ii. Retirement benefits
      iii. Hospital, health, dental and other welfare insurance
      iv. Life insurance
      v. Industrial and medical insurance

[1996 WAC Supp—page 1658]
amount of indirect costs includable in the total interdepartmental charges.

(8) Other direct costs incurred for materials or services acquired for a specific project shall be eligible for participation by board funds and may include, but shall not be limited to, such items as:

(a) Telephone charges
(b) Reproduction and photogrammetry costs
(c) Computer usage
(d) Printing and advertising.

WAC 479-20-016 Indirect costs. Indirect costs incurred by a local government for common or joint objectives which include an authorized board funded project, and which are not included in those direct costs set forth and defined in WAC 479-20-013, shall be eligible for board fund participation on a particular project at a rate not to exceed ten percent of direct labor costs, excluding employee benefits, expended by the local government on that project.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-20-016, filed 1/30/95, effective 3/2/95; 90-11-035, § 479-20-016, filed 5/10/90, effective 6/10/90; Order 217, § 479-20-016, filed 1/19/72; Order 77, § 479-20-020, filed 1/21/69; Resolution No. 16, filed 10/11/67.]

WAC 479-20-020 Partial or progress payments for project costs. Participation and payment of board funds to counties and cities shall be governed by the following:

(1) Board participation. Board funds shall not participate in any cost which is not incurred in conformity with all applicable federal and state law and the rules, regulations and procedures as may be prescribed by the board promulgated in conformity with the statutes.

(2) Project agreements. Projects for which board funds are requested by the eligible agencies and for which the board has allocated funds will be the subject of a project agreement to be entered into by the eligible agency with the board evidencing acceptance of the conditions to payment of funds, as prescribed by laws and regulations, and the amount of funds to be obligated.

(3) Changes in project work and cost. No material change in the termini, character, or scope of the work on an approved project shall be made without prior concurrence in such changes by the board.

(4) Payments. Eligible agencies are to submit requests for payment of funds claimed to be due on approved projects. Such requests are to be on forms prescribed by the board, and shall be certified and accompanied by supporting data as may be required by the board. Requests for payment may be submitted from time to time as the work progresses and final requests shall be submitted within six months of contract completion. Payment of TIB funds shall at no time exceed the board’s share of the project costs incurred to the date of the payment request.

(5) Compliance with laws and regulations. If an eligible agency has failed to comply with laws and regulations with respect to a project, payment of funds may be withheld on such projects, or approval of additional projects may be withheld until compliance or remedial action has been accomplished by the eligible agency to the satisfaction of the board.

(6) Progress payments. Progress payments for project costs shall be limited to the board’s percentage share of the costs for project development incurred to the date of the payment request: Provided, That in all projects where the total project cost exceeds the amount of authorized board funds, there shall be imposed a limitation on progress payments in order that the percentage of board fund progress payments in relation to total progress costs as of each payment request date shall not exceed the percentage determined by dividing the total authorized amount of board funds by the most recently determined total project cost.

WAC 479-20-025 Record requirements. All eligible agencies requesting payment of board funds on authorized projects shall have procedures in effect that will provide adequate assurance that payments requested are proper and accurate:

(1) Quantities of complete construction contract work shall be supported by all related source documents upon which payment to the contractor is based. These source documents shall include, but shall not be limited to, tickets for items measured on a weight or volume basis, cross section notes, inspector’s diaries, engineering calculations for items measured in place, material tests, shipping invoices for steel, and all other field records normally developed by field engineers to support final quantities paid to contractors. The quantity field record should be summarized so that final pay estimates would lend themselves to comparison with supporting records.

(2) All appraisal reports, record of negotiations with grantors including a negotiator’s diary indicating dates of contracts, offers made, and final acceptance by grantor, title insurance documents, transfer documents such as warranty deeds, quit claim deeds, easements, contract and sale documents, shall be maintained.

(3) Daily labor time records, equipment use records, requisitions for materials used, invoices for goods and services, and other invoices shall be maintained. Records shall also be maintained which support employee benefit percentages which are used in calculating amounts charged to construction projects.

(4) All records shall be retained in compliance with the requirements of the division of audit and until notification from the board that a project audit is complete or is not required.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-20-025, filed 1/30/95, effective 3/2/95; 90-11-035, § 479-20-025, filed 5/10/90, effective 6/10/90; Order 79, § 479-20-025, filed 1/21/69.]

WAC 479-20-027 Audits of urban arterial project records. Projects shall be audited in accordance with the policy adopted by the board. Project records for each project developed through the use of board funds may be audited to determine that funds paid can be attributed to the project and supported by project records. The audit will
determine if there has been compliance with the rules of the board. Projects may be audited by the board at the time of the project completion or at such additional times as may be directed by the director.

The director may, where the cumulative amount of audit exceptions is less than five hundred dollars in board funds, advise the agency that no recovery of funds is requested.

Audit exceptions which the director considers to be significant in relation to board rules or significant in amount to warrant potential recovery of funds, shall be furnished to the administering agency to allow an opportunity to respond in writing to the audit report.

After reviewing the written response, the director, shall advise the agency whether any recovery of funds is indicated.

If recovery of board funds is indicated, as determined by the director, or by the board, the agency shall be provided ninety days from the date of the notice from the board to make repayment.

If repayment of funds by the agency is not made within ninety days from the date of the notice from the board, the subject shall be placed before the board for review and action.

**WAC 479-20-031 Expenditure schedule of urban arterial trust account funds.** Each eligible agency having an approved project shall, when requested by the director, submit an updated schedule of its estimated demand for board funds to the board. This schedule shall be on forms provided by the board and shall include the estimated demand for board funds biannually until project completion.

Such estimates shall be differentiated between the design engineering, right of way and construction stages of project development.

Additional information pertaining to estimated demands for board funds by eligible agencies may be requested by the director as required to permit adequate funding of the programs.

**WAC 479-20-036 Repealed.** See Disposition Table at beginning of this chapter.

**WAC 479-20-037 Procedure to request increase in board funds.** The amount of funds approved will be based upon the amount requested in the design prospects. This amount may be adjusted from the amount shown in the project application with adequate justification. The authorized funds and scope of work approved by the board at the design phase will be the base for comparison in the following phases.

Local agencies may request an increase in the participation of funds over the amount set forth in the design phase, at the construction phase, bid opening or contract completion of a project in accordance with the following procedures:

1. At the construction phase all requests shall be reviewed by the director. The director shall report the findings to the board for its review, consideration and final action. The board shall not grant a request for increase at this phase if:
   a. The requested increase is to pay for an expansion of the scope of the work that is beyond the work required to accomplish the intent of the project as approved at the design phase.
   b. The granting of the request will obligate funding beyond the level acceptable to the board or will in any way adversely affect authorized funds previously approved by the board including the reserve for the following:
      i. Increases at bid opening that will not exceed ten percent of the engineers estimate multiplied by the account matching ratio.
      ii. Increases for construction overrun at the amount equal to the account matching ratio multiplied by the sum of ten percent of the original contract amount up to one million dollars and five percent of the amount in excess of one million dollars for those projects which have been approved for the construction phase.
   c. Request for increases at bid opening shall not exceed ten percent of the engineers estimate submitted to the board at the time the construction phase was approved multiplied by the account matching ratio. Requests for increases at this phase will take priority over design and construction phase approvals. Such requests shall be reviewed by the director and will not be approved if:
      a. The requested increase is to pay for an expansion of the authorized scope of the work; or
      b. If the request is not substantiated and the director determines that the increased funds should have been anticipated by the local agency at the construction phase of the project.
   d. Requests for increases in funds submitted to the board at contract completion shall not exceed the account matching ratio multiplied by the sum of ten percent of the original contract amount up to one million dollars and five percent of the amount in excess of one million dollars. Requests for increases at this phase will take priority over design and construction phase approvals. Such requests shall be reviewed by the director and will not be approved if:
      a. The requested increase is to pay for an expansion of the authorized scope of the work; or
      b. If the request is not substantiated and the director determines that the increased funds should have been anticipated by the local agency at the construction approval phase of the project.
2. If the director or the board, as the case may be, does not approve the request of a local agency for an increase, the administering agency may:
   a. Proceed with the project, paying for any additional costs with local or other funds; or
   b. Withdraw the request for participation; or, if applicable
Financial and Payment Requirements

(c) Within the authorized amount, and subject to approval by the director, reduce the scope of the project while retaining a usable and functional improvement.

WAC 479-20-075 Repealed. See Disposition Table at beginning of this chapter.

WAC 479-20-086 Review of delayed projects. The director may contact, in writing, each local agency administering a transportation improvement board-funded project that appears to be delayed when evaluated in relation to the proposed schedule for project development. If the agency does not respond to the inquiry of the director within twenty days explaining whether the project is delayed and, if so, the reasons therefore, may be placed before the board as a candidate for cancellation as a delayed project.

The written response from the administering agency shall be reviewed to determine if the reason or reasons for the project delay is acceptable. The administrative agency will be advised by certified mail by the director if the delay is for an unacceptable reason. The letter from the director shall advise the local agency that:

(1) The project is delayed for an unacceptable reason;
(2) The local agency has a period of three months from the date of the director's letter to resolve the reason or reasons for delay and to provide evidence to the board that the problems have been resolved. Such evidence shall, if requested by the director, include a time schedule for project development which sets forth project development dates in sufficient detail to permit monthly monitoring of project progress;
(3) If the reason or reasons for delay are not resolved within the specified time period, the project may be placed before the board as a candidate for cancellation.

The administering agency for any project placed before the board as a candidate for cancellation shall be requested to appear before the board to explain the status of the project.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-20-095, filed 1/30/95, effective 3/2/95; 90-11-035, § 479-20-095, filed 5/10/90, effective 6/10/90; Order 217, § 479-20-086, filed 1/19/72; Order 151, § 479-20-086, filed 7/20/70.]

WAC 479-20-095 Identification and consideration of surplus funds on authorized urban arterial trust account projects. When requested by the director, by certified mail, each project authorized for financial assistance from the local agency shall review their project to identify probable reductions in project cost in relation to the previously authorized amount of urban arterial trust funds. The agency shall review the project to:

(1) Close the project by submitting a final request for payment and summary cost documents if all work has been completed; or
(2) Advise the board of total costs to date, remaining costs necessary to complete the project, and the amount of estimated surplus funds, if any, on the project.

Each response shall be reviewed by the director to determine whether the explanations appear reasonable and whether the agency appears to be pursuing the completion of the project at a reasonable rate. Any project where the administering agency does not appear to be pursuing the project to completion at a reasonable rate, or fails to submit a final request for payment within six months from the date that all work appears to be complete, shall be referred by the director to the board for appropriate action.

Each agency administering a project that is not considered to be developing to completion at a reasonable rate, or fails to submit a final request for payment within six months when all physical work appears to be completed, shall be notified by the director by certified mail that the project is being scheduled for a hearing before the board at a specified time and place. The agency shall be requested to provide suitable representation to such board meeting to explain the status of the authorized project, the reasons why the project has not been completed and乏末 out, the amount of urban arterial trust funds estimated to be required to complete the project, and the resulting surplus in relation to previously authorized urban arterial trust funds.

RULES AND REGULATIONS PURSUANT TO STATE ENVIRONMENTAL POLICY ACT GUIDELINES

WAC 479-24-030 Timing of the environmental review process.

WAC 479-24-030 Timing of the environmental review process. (1) As provided by WAC 197-11-055, the environmental review process shall be completed before the board is irrevocably committed to a particular course of action. At the same time, the environmental review process should not be undertaken until a proposal is sufficiently definite to allow meaningful environmental analysis.

(2) The threshold determination or any required environmental documentation for the board's action of a nonproject nature shall be completed prior to official adoption of the action in question.

(3) The threshold determination or any required environmental documentation for board action of a project nature shall in all cases be completed prior to the determination to construct the project in question. While the board may tentatively affirm the choice of a particular location or design based upon completion of the draft environmental documentation, final determination to construct shall not occur until a final threshold determination has been made or a final environmental documentation has been prepared.

(4) As provided by chapter 173-420 WAC, in areas subject to a state implementation plan, no state agency or local government shall approve or fund a transportation project within or that affects a nonattainment area unless a determination has been made that the project conforms with the state implementation plan for air quality as required by the Federal Clean Air Act.

SUBMISSION OF PROPOSED TRANSPORTATION IMPROVEMENT ACCOUNT (TIA) PROJECTS TO TRANSPORTATION IMPROVEMENT BOARD

WAC

479-112-001 Purpose and authority. RCW 479-112-016 provides that the transportation improvement board shall adopt reasonable rules necessary to implement the transportation improvement account.

479-112-003 Transportation improvement account program intent. The intent of the program is to improve mobility of people and goods in Washington state by supporting economic development and environmentally responsive solutions to our state-wide transportation system needs.

479-112-005 Repealed. See Disposition Table at beginning of this chapter.

479-112-0055 Definitions. For purposes of implementing the requirements of RCW 479-112-004 relative to the transportation improvement account, the following definitions shall apply:

(1) Board - when board is used in this chapter, it refers to the transportation improvement board.

(2) Director - the executive director of the transportation improvement board.

(3) Urban area - the term "urban area" as used in this chapter refers to the portion of a county within the federal urban area boundary as designated by FHWA.

(4) Eligible agencies - the transportation improvement account eligible agencies are:

(a) Counties that have an urban area.

(b) Cities with a population of five thousand and over.

(c) Urban area transportation benefit districts.

(5) Eligible projects.

(a) Improvements on federally classified arterials.

(b) Improvement involving state highway and transit when they are part of a joint project with eligible agencies.

(c) A project within the federal urban boundary or a project that extends partially or is totally beyond the federal urban boundary and is an extension of a federally classified arterial which connects two other federally classified arterials.

(d) A project that is on the federal functional classification system and in an area that is outside of the federal urban boundary, but has definite urban characteristics as defined by local comprehensive plans.

479-112-008 Verification of coordination with planning authority for transportation improvement account projects. All applications for TIA funding shall be consistent with the regional transportation plan. In areas of the state where there is no regional transportation planning authority, a letter of verification shall be signed by the chair of the lead agency legislative authority.

479-112-009 Planning requirements for multiagency transportation improvement account projects. The board requires joint planning for all TIA funded multiagency projects. The lead agency shall submit documentation to the board stating that the approving authority of each agency involved in the project has indicated support for the project. In the case of projects that stop at or near a corporate boundary or could affect other transportation agencies facilities or programs, a copy of a letter requesting review by other affected agencies shall accompany the project application.

479-112-017 Local/private matching funds on transportation improvement account projects. TIA funds for urban program projects authorized by the board shall be matched by an amount not less than twenty percent of the total cost of the transportation project. Matching funds will be considered to be all contributions other than those provided by the board.

(1) Integrated with existing "user designated," as well as officially designated bikeways.
(2) Integrated with bikeways of adjacent units and levels of government.
(3) Reviewed with, and approved by, the agency's legislative body.

The total bikeway plan of the agency shall identify separately arterial bikeways, as previously defined, that would be desired to be improved in conjunction with an arterial construction project.

The board shall notify the submitting city or county of its concurrence in the bikeway plan after such plan has been reviewed and found to be reasonable in relation to the rules adopted by the board.

The proposed bicycle facility shall be in accordance with definitions, criteria, and design standards as shown in Chapter 1020 of the Washington State Department of Transportation Design Manual.

WAC 479-120-010 Reimbursable costs for transportation improvement account projects. The reimbursable costs for transportation improvement account projects shall be in accordance with WAC 479-20-010.
WAC 479-120-011 Reimbursable costs for engineering for transportation improvement projects. The reimbursable costs for engineering for transportation improvement account projects shall be in accordance with WAC 479-20-011.

WAC 479-120-013 Direct costs for transportation improvement account projects. The direct costs eligible for reimbursement for transportation improvement account projects shall be as specified in WAC 479-20-013.

WAC 479-120-016 Indirect costs for transportation improvement account projects. The indirect costs eligible for reimbursement for transportation improvement account projects shall be as specified in WAC 479-20-016.

WAC 479-120-025 Record requirements for transportation improvement account projects. The record requirements for transportation improvement account projects shall be as specified in WAC 479-20-025.

WAC 479-120-027 Audits of transportation improvement account project records. Audits for transportation improvement account projects shall be in accordance with WAC 479-20-027.

WAC 479-120-031 Expenditure schedule of transportation improvement account funds. The demand for transportation improvement account funds shall be submitted to the board in accordance with WAC 479-20-031.

WAC 479-120-033 Repealed. See Disposition Table at beginning of this chapter.

WAC 479-120-037 Procedure for requesting an increase in authorized amount of transportation improvement account funds. An increase in the amount of transportation improvement account funds in a project may be requested in accordance with the provisions of WAC 479-20-037.

WAC 479-120-086 Review of delayed projects for the transportation improvement account program. The review of delayed transportation improvement account projects shall be in accordance with WAC 479-20-086.

WAC 479-120-089 Recovery of transportation improvement account funds on canceled projects. The recovery of transportation improvement account funds paid to the local agency shall be in accordance with the provisions of WAC 479-20-089.

WAC 479-120-095 Identification and consideration of surplus funds on authorized transportation improvement account projects. The identification and consideration of surplus funds for transportation improvement account projects shall be in accordance with WAC 479-20-095.
WAC 479-310-010 Purpose and authority. RCW 47.26.160 provides that the transportation improvement board shall adopt reasonable rules necessary to implement the small city account program. The board shall develop criteria and procedures under which eligible cities may request funding for projects on city streets.

WAC 479-310-020 Small city account program intent. The intent of the small city account program is to preserve and improve the roadway system in a manner that is consistent with local needs.

WAC 479-310-100 Funds for the small city account program. RCW 47.26.084 provides funding for the small city account program.

WAC 479-310-150 Definitions. For purposes of implementing the requirements of RCW 47.26.160, relative to the small city account, the following definitions shall apply:

1. Board - When board is used in this chapter, it refers to the transportation improvement board.
2. SCA - This is the abbreviation for the small city account. The account is funded from thirteen percent of the transportation improvement account and five percent of the urban arterial trust account.
3. Eligible agency - An eligible agency is a city or town that has a population of less than five thousand.
4. Eligible project - An eligible project is an improvement that has been approved by the board.
5. Rehabilitation - This work may include reworking or strengthening the base or subgrade, recycling or reworking existing materials to improve their structural integrity, adding underdrains, improving or widening shoulders.

WAC 479-310-160 Classification standards for arterials in small cities. Incorporated areas outside federal designated urban areas shall be required to identify their streets as either arterials or local access. An arterial shall be defined by at least one of the following standards:

1. Serves as the logical extension of a county arterial into the corporate boundary; or
2. Serves as a route connecting local (traffic) generators such as schools, medical facilities, social centers, recreational areas, commercial centers, or industrial sites within the corporate boundary; or
3. Acts as a bypass or truck route to relieve the central core area.

Streets failing to qualify under these standards for arterials are not eligible for small city account funds.

WAC 479-410-170 Establishing regions for small city account program. Establishment of regions for the small city account will be in accordance with WAC 479-113-029.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-410-170, filed 1/30/95, effective 3/2/95.]

WAC 479-410-180 Allocation of small city account funds to regions. Of the funds in the small city account, the amount allocated to projects in a region will be within plus or minus five percent of the ratio which the population of cities under five thousand in a region bears to the state-wide population for cities under five thousand as last determined by the office of financial management.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-410-180, filed 1/30/95, effective 3/2/95.]

WAC 479-410-200 Administration costs. The board costs for necessary staff services and facilities that are attributable to the small city account shall be paid from the small city account in a prorated amount of anticipated expenditure of small city account funds in ratio to the other anticipated expenditures of funds from the other programs administered by the board.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-410-200, filed 1/30/95, effective 3/2/95.]

WAC 479-412-020 Time and place for submission of proposed small city account projects. All project prospectuses submitted for funding from the small city account will be in accordance with the requirements of WAC 479-12-020.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-412-020, filed 1/30/95, effective 3/2/95.]

WAC 479-412-100 Application for small city account projects. Prior to March 1, yearly, eligible agencies shall submit their proposed small city account projects to the board on forms provided by the board. The application must be specific and accompanied by a detailed cost estimate.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-412-100, filed 1/30/95, effective 3/2/95.]

WAC 479-412-150 Six-year transportation plan requirements for small city account projects. Prior to the board’s approval of a small city account project, it shall be included in the annual update of the six-year transportation program of the local agency.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-412-150, filed 1/30/95, effective 3/2/95.]

WAC 479-412-200 Other applicable federal, state and local regulations. All small city account projects shall comply with applicable federal, state and local laws, policies, regulations and ordinances.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-412-200, filed 1/30/95, effective 3/2/95.]

WAC 479-412-250 Priority criteria for small city account projects. The board will use the following criteria to prioritize proposed small city account projects:

1. Structural ability to carry loads (pavement condition);
2. Roadway width;
3. Safety; and
4. Other factors: Criteria deemed appropriate by the board on a case-by-case basis.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-412-250, filed 1/30/95, effective 3/2/95.]

WAC 479-412-300 Matching requirements for small city account projects. There will be no local agency matching requirements for cities with a population of five hundred or less. Those agencies with a population over five hundred must provide a minimum local match of five percent.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-412-300, filed 1/30/95, effective 3/2/95.]

WAC 479-412-310 Order of construction funding of small city account projects. Small city projects shall be considered in the sequence in which the project within each region are, as designed by board rules, ready to be placed under contract for construction. In the event that two or more projects in the same region are proposed for funding at the same board meeting, the request for funds shall be considered in the same priority sequence within region in which the related design proposals were approved. If insufficient funds are available in the account to allow the board to fund the construction phase when requested, the board shall notify the agency that notice will be provided when funds are available to proceed with the request. At that time the agency will be given priority within the appropriate region over all other request for funding submitted after their original request for construction funds.

The board, when considering approval of the construction phase of a project that was previously approved for the design phase, shall take into consideration the current balance of available funds in the account and shall not authorize the construction phase if, in the board’s opinion the total funding for construction is not available.

[Statutory Authority: Chapter 47.26 RCW. 95-04-072, § 479-412-310, filed 1/30/95, effective 3/2/95.]

WAC 479-420-037 Procedure for requesting an increase in authorized amount of transportation improvement account funds. An increase in the amount of small city account funds for a project may be requested in accordance with the provisions of WAC 479-20-037, except, where in the board’s judgment at project completion, ten percent of unexpected project costs would create an undue financial burden on the agency, the board may elect to fund all or a portion of the unexpected cost.

WAC 479-420-086 Review of delayed projects for the small city account program. The review of delayed small city account projects shall be in accordance with WAC 479-20-086.

WAC 479-420-089 Recovery of small city account funds on canceled projects. The recovery of small city account funds paid to the local agency shall be in accordance with the provisions of WAC 479-20-089.

Chapter 479-510 WAC CENTRAL PUGET SOUND PUBLIC TRANSPORTATION ACCOUNT, PUBLIC TRANSPORTATION SYSTEMS ACCOUNT, AND SURFACE TRANSPORTATION PROGRAMS

WAC 479-510-060 Application guidelines.
479-510-076 Funding shortfall.
479-510-080 Over-programming of funds.
479-510-110 Central Puget Sound public transportation account—Eligibility.
479-510-120 Central Puget Sound public transportation account—Criteria.
479-510-210 Public transportation systems account—Eligibility.
479-510-220 Public transportation systems account—Criteria.
479-510-410 Intermodal Surface Transportation Efficiency Act, surface transportation program, state-wide competitive program account—Eligibility.
479-510-420 Intermodal Surface Transportation Efficiency Act, surface transportation program, state-wide competitive program account—Criteria.
479-510-500 Financial and payment requirements.

WAC 479-510-060 Application guidelines. The transportation improvement board shall prepare application guidelines for all fund accounts. At a minimum, such guidelines shall include all application forms needed and instructions on how to apply, sufficient information as to the scoring process to enable applicants to fairly compete, and a complete time schedule identifying key milestones from the opening of the application period to final project selection. Such guidelines shall be available upon request to the public records officer at least thirty days prior to the date applications are due to the transportation improvement board.

[1996 WAC Supp—page 1669]
WAC 479-510-076 Funding shortfall. If it shall be determined by the transportation improvement board that the funding in any of the accounts will be insufficient to meet the contracted obligations identified for the selected projects, the transportation improvement board shall have discretion as to the remedial action it will take. Such actions may include, but not be limited to, termination of projects, reduction in funding to selected projects, and/or across the board reduction in funding for all projects. Such action shall occur only after the transportation improvement board holds a public meeting during which the affected parties may testify as to impacts of such actions.

WAC 479-510-080 Over-programming of funds. The transportation improvement board shall select projects based on its estimate of revenues and expenditures. The transportation improvement board may utilize the principle of over-programming when selecting projects, the degree of such over-programming to be at the discretion of the transportation improvement board for each account and application period.

WAC 479-510-110 Central Puget Sound public transportation account—Eligibility. (1) Eligibility to apply shall be limited to public agencies with offices in King, Kitsap, Pierce, and Snohomish counties.

(2) Projects eligible for funding from the central Puget Sound public transportation account shall be limited to public transportation projects for:

(a) Planning;
(b) Development of capital projects;
(c) Development of high capacity transportation systems as defined in RCW 81.104.015;
(d) Development of high occupancy vehicle lanes and related facilities as defined in RCW 81.100.020; and
(e) Public transportation system contributions required to fund projects under federal programs and those approved by the transportation improvement board.

(3) Projects eligible for funding under the central Puget Sound public transportation account shall be limited to those located in King, Kitsap, Pierce, and Snohomish counties.

WAC 479-510-220 Public transportation systems account—Criteria. (1) Projects selected for funding from the public transportation systems account shall be consistent with the following criteria:

(a) Objectives of the Growth Management Act, the High Capacity Transportation Act, the Commute Trip Reduction Act, transportation demand management programs, federal and state air quality requirements, and federal Americans with Disabilities Act and related state accessibility requirements; and

(b) Energy efficiency issues, freight and goods movement as related to economic development, regional significance, rural isolation, the leveraging of other funds including funds administered by the transportation improvement board, and safety and security issues.

WAC 479-510-210 Public transportation systems account—Eligibility. (1) Participation in the public transportation systems account shall be limited to those public transportation systems that contribute funds to the account.

(2) Projects eligible for funding from the public transportation systems account shall be limited to public transportation projects for:

(a) Planning;
(b) Development of capital projects;
(c) Development of high capacity transportation systems as defined in RCW 81.104.015;
(d) Development of high occupancy vehicle lanes and related facilities as defined in RCW 81.100.020;
(e) Other public transportation system-related roadway projects on state highways, county roads, or city streets; and
(f) Public transportation system contributions required to fund projects under federal programs and those approved by the transportation improvement board.

WAC 479-510-120 Central Puget Sound public transportation account—Criteria. (1) Projects selected for funding from the central Puget Sound public transportation account shall be consistent with the following criteria:

(a) Local, regional, and state transportation plans;
(b) Local transit development plans; and
(c) Local comprehensive land use plans.

(2) The following criteria shall be considered by the transportation improvement board in selecting programs and projects:

(a) Objectives of the Growth Management Act, the High Capacity Transportation Act, the Commute Trip Reduction Act, transportation demand management projects, federal and state air quality requirements, and federal Americans with Disabilities Act and related state accessibility requirements; and

(b) Energy efficiency issues, freight and goods movement as related to economic development, regional significance, rural isolation, the leveraging of other funds administered by the transportation improvement board, and safety and security issues.

[1996 WAC Supp—page 1670]
WAC 479-510-410  Intermodal Surface Transportation Efficiency Act, surface transportation program, state-wide competitive program account—Eligibility. (1) Eligibility to apply shall be limited to public agencies. (2) Programs and projects eligible for funding shall be limited to the following purposes: (a) Planning; (b) Preliminary engineering; (c) Right of way acquisition; (d) Construction; and (e) Capital equipment acquisition. (3) Projects eligible for funding under the account shall be limited to applications that directly benefit Washington state.

WAC 479-510-420  Intermodal Surface Transportation Efficiency Act, surface transportation program, state-wide competitive program account—Criteria. (1) Projects selected for funding from the state-wide competitive program account shall be consistent with the following criteria: (a) Local, regional, and state transportation plans; (b) Local transit development plans; and (c) Local comprehensive land use plans. (2) The following criteria shall be considered: (a) Objectives of the Growth Management Act, the High Capacity Transportation Act, the Commute Trip Reduction Act, transportation demand management programs, federal and state air quality requirements, and federal Americans with Disabilities Act and related state accessibility requirements; and (b) Energy efficiency issues, freight and goods movement as related to economic development, regional significance, rural isolation, the leveraging of other funds including funds administered by the transportation improvement board, and safety and security issues. (3) In addition to the criteria identified in subsections (1) and (2) of this section, the transportation improvement board may choose to identify additional criteria for program and project selection for the state-wide competitive program. Such criteria shall be subject to public meetings as required by federal law, and shall be identified in the application guidelines. (4) The transportation improvement board shall prepare application forms and guidelines to assist eligible applicants and ensure their distribution to all eligible applicants no later than thirty days prior to the date on which the applications must be submitted.

WAC 479-510-500  Financial and payment requirements. The financial and payment requirements for the central Puget Sound public transportation account projects and public transportation systems account projects shall be as specified in chapter 479-20 WAC except WAC 479-20-007.
