WAC 286-04-080 Federal overlay and requirements. At times through the years, the committee's grant programs have been closely interrelated with certain federal grant programs. For example, see WAC 286-40-010, Land

and Water Conservation Fund. The result of this interrelationship is that there are many federal requirements imposed on the committee and its applicants over which the committee has no control.

Many of these requirements may be found in the Land and Water Conservation Fund Grants Manual (National Park Service). In addition, most of the federal requirements are restated or clarified in the manuals.

WAC 286-13-030 Application review. (1) All applications for funding submitted to the committee will be referred to the director for review and recommendations. In reaching a recommendation, the director shall seek the advice and counsel of the committee's staff and other recognized experts, including those gathered at technical review and evaluation meetings or from other parties with experience in the field.

(2) The committee shall inform all applicants of the specific project application process and methods of review, including current evaluation tests and instruments, by delineating these items in the manuals.

[Statutory Authority: RCW 43.98A.060(1), 43.98A.070(5), 43.99.080(2), 46.09.240(1) and 77.12.720(4). 96-08-044, § 286-13-030, filed 3/29/96,

WAC 286-13-040 Applications, plans, and matching resources—Deadlines. (1) Applications. To allow time for review, all applications must be submitted at least four calendar months prior to the funding meeting at which the applicant's project is first considered. Applications must be completed in final form and on file with the committee at least one calendar month before this meeting.

(2) Plans. For purposes of project evaluation, all nonhighway and off-road vehicle program, park, recreation, or habitat plans required for participation in committee grant programs must be complete and on file with the committee at least three calendar months before the funding meeting at which the applicant's project is first considered. On the director's acceptance of the plan, the applicant shall be granted eligibility to submit applications for a period of up to five years.

(3) Matches. To allow time for development of funding recommendations, written assurance must be provided whenever matching resources are to be considered as a part of an application. This assurance must be provided by the applicant to the committee at least one calendar month before the meeting at which the project is to be considered for funding.

(4) Waivers. Compliance with these deadlines is required for eligibility unless a waiver is granted by the director. Such waivers are considered based on several factors which may include:

- (a) When the applicant started the application/planning process;
- (b) What progress has been made;
- (c) When final plan adoption will occur;
- (d) The cause of the delay (procedural or content related, etc.);
- (e) Impact on the committee's evaluation process;
- (f) Equity to other applicants; and
- (g) Such other information as may be relevant.

WAC 286-13-045 Eligible matching resources. (1) Applicant resources used to match committee funds may include: Cash, local impact/mitigation fees, certain federal funds, the value of privately owned donated real estate, equipment, equipment use, materials, labor, or any combination thereof.

(2) Local agencies may match with state funds so long as the state funds are not administered by the committee.

(3) Private donated real property, or the value of that property, must consist of real property (land and facilities) that would normally qualify for committee grant funding.

(4) State agency projects may be assisted by one hundred percent funding from committee sources.

(5) The eligibility of federal funds to be used as a match is governed by federal requirements and thus may vary with individual program policies.

[Statutory Authority: RCW 43.98A.060(1), 43.98A.070(5), 43.99.080(2), 46.09.240(1) and 77.12.720(4). 96-08-044, § 286-13-045, filed 3/29/96, effective 4/29/96.]

WAC 286-13-050 Final decision. The committee will review recommendations for grant projects at regularly scheduled funding sessions. It retains the authority and responsibility to accept or deviate from these recommendations and, where statutory authority exists, it alone will make the final decision concerning the funding of a project.

WAC 286-13-060 Project agreement. For every funded project, an agreement must be executed as provided in this section.

(1) The project agreement shall be prepared by the director subsequent to approval of the project by the committee at a public meeting. The director shall execute the agreement on behalf of the committee and tender the document to the applicant. On execution by the applicant, who through this action becomes the sponsor, the parties are bound by the agreement's terms. The applicant may not proceed with the project until the agreement has been executed and the project start date listed in the agreement has arrived, unless specific authorization pursuant to WAC 286-13-085 (1)(a) has been given by the director.

(2) If the project is approved by the committee to receive a grant from federal funds, the director shall not execute an agreement or amendment with the applicant until federal funding has been authorized through execution of a concurrent project agreement with the applicable federal agency.

WAC 286-13-070 Disbursement of funds. Except as otherwise provided herein, the director will authorize disbursement of project funds only on a reimbursable basis, after the sponsor has spent its own funds and has presented a billing showing satisfactory evidence of property rights and compliance with partial or all provisions of the project agreement.

(1) Reimbursement method. Reimbursement must be requested on voucher forms authorized by the director and must include all documentation as detailed in the manual in effect at the time reimbursement is requested.

(2) Reimbursement level. The amount of reimbursement may never exceed the cash spent on the project.

(3) Partial payment. Partial reimbursements may be made during the course of a project on presentation of billings showing satisfactory evidence of partial acquisition or development.

(4) Exceptions.

(a) State agencies' Initiative 215 (Marine Recreation Land Act) appropriations. Prior to the 1995-1997 biennium (July 1, 1995,) state agencies were required to submit voucher forms with the supporting documentation specified

in the manual in effect at the time of completion of project acquisition, relocation or development.

(b) Direct payment. Direct payment to escrow of the committee's share of the approved cost of real property may be made following committee approval of an acquisition project when the sponsor indicates a temporary lack of funds to purchase the property. Prior to release of the committee's share of escrow funds, the sponsor must provide the director with a copy of a binding sale agreement between the sponsor and the seller and evidence of deposit of the sponsor's share (if any) into an escrow account.

WAC 286-13-080 Committee funds intended to supplement. State grants through the committee are intended to supplement the existing capacity of a sponsor; they are not intended to supplant programs, or to reimburse the cost of projects that would have been undertaken without state matching money. Furthermore, except as hereinafter provided, the committee will not approve the disbursement of funds for a project when otherwise reimbursable activities have been undertaken before a project agreement has been executed.

[Statutory Authority: RCW 43.98A.060(1), 43.98A.070(5), 43.99.080(2), 46.09.240(1) and 77.12.720(4). 96-08-044, § 286-13-080, filed 3/29/96, effective 4/29/96. WAC 286-13-085 Retroactive and increased costs. See WAC 286-04-010 for definition of terms for the following section.

(1) Retroactive land acquisition costs.

The director may grant a waiver of retroactivity whenever an applicant asserts, in writing, that a condition exists which may jeopardize the project. When evidence warrants, the director may grant the applicant permission to proceed by issuing the written waiver. This waiver of retroactivity will not be construed as an approval of the proposed project. If the project is subsequently approved, however, the costs incurred will be eligible for assistance. If the project is to remain eligible for grant support from federal funds, the director shall not authorize a waiver of retroactivity to the applicant until the federal agency administering the federal funds has issued its own waiver of retroactivity as provided under its rules and regulations.

(2) Retroactive development costs. The only retroactive development costs eligible for reimbursement consideration are preliminary expenses (e.g., engineering costs).

However, solely in respect to WWRP projects on LEAP Capital Document 5, the director is authorized to grant a waiver of retroactivity which establishes eligibility for future reimbursement of all appropriate development costs. Such applicants' retroactivity requests must be in writing, and provide sufficient justification. Reimbursement of expenditures is subject to the provisions of WAC 286-13-070. This authority shall be effective until the execution of a project agreement or June 30, 1997, whichever occurs first.

(3) Cost increases.

(a) Cost increases for approved projects may be granted by the committee if financial resources are available.

(b) Each cost increase request will be considered on its merits.

(c) If an approved project recommended for federal funding is denied by the appropriate federal agency, the sponsor may request that the committee increase assistance by an equivalent amount; such requests shall be considered on their merits.

(d) The director may approve a sponsor's development project cost increase request so long as the total request does not exceed ten percent of the project's approved initial cost. The director may also approve land acquisition cost increase requests so long as the total request for each parcel does not exceed ten percent of both the committee approved initial cost and the appraised and reviewed value of each parcel for which a cost increase is requested.

WAC 286-13-090 Federal assistance. Insofar as is possible under the committee's state-wide plan(s) provided under WAC 286-04-020(3) applications will be administered and approved in a manner that will maximize any federal assistance available for the benefit of projects in Washington.

WAC 286-13-100 Nonconformance and repayment.

Any sponsor expenditure of committee grant moneys deemed by the committee or director to conflict with applicable statutes, rules and related manuals must be repaid, upon written request by the director, to the appropriate state account. Such repayment requests may be made in consideration of an applicable report from the state auditor's office.

WAC 286-13-110 Income. (1) Fees and charges. User or other types of fees may be charged in connection with land acquired or areas and facilities developed with committee grants if the fees and charges are commensurate with the value of services or opportunities furnished and are within the prevailing range of public fees and charges within the state for the particular activity involved. Unless precluded by state law, the revenue from such fees and charges may only be used to offset the expense of operation and maintenance of the facility funded in whole or in part by committee grants or for accrual of capital for similar acquisition and/or development.

(2) Other income. Income that accrues to an area described in a project agreement from sources other than the

intended use, including income from land management practices, must derive from use which is consistent with, and complementary to, the intended use of the area as described in the project agreement.

(a) Gross nonintended income that accrues during the contracted reimbursement period established in the project agreement will be used to reduce the total cost of the project.

(b) Gross nonintended income that accrues subsequent to the ending reimbursement date identified in the project agreement must be used to offset operation and maintenance expenses of the facility funded in whole or in part by committee grants or for capital acquisition and/or development of a similar type unless precluded by state law.

(3) Commercial income. Commercial activity performed by a project sponsor on a committee assisted site or facility must be directly related to the recreational service provided. After paying any necessary costs associated with this activity, any net income must be used to assist in maintaining, renovating, operating, and/or developing the site as described in WAC 286-13-110 (1) and (2).

WAC 286-13-115 Discrimination, preferences. (1) Sponsors shall not discriminate against users of committee funded projects on the basis of race, creed, color, sex, religion, national origin, disability, marital status, or sexual orientation.

(2) Sponsors may express a preference for users of committee funded projects on the basis of residence, including preferential reservation, membership, and/or permit systems. Differential fees for use by nonresidents may be charged but must not exceed twice the fee imposed on residents.

WAC 286-27-060 Project conversions. (1) Except under conditions brought about by acts of God, fire, and projects authorized by the ICC under 8(d) of the National Trails System Act, 16 U.S.C. § 1247(d), natural resources and facilities purchased with chapter 43.98A RCW funds shall not, without the approval of the committee, be converted to uses other than those for which the funds were

originally approved. The committee will only approve such conversions on conditions which assure the substitution or replacement with natural resources or facilities which are of at least equal fair market value at the time of conversion. Natural resources and facilities must also be of as nearly equivalent or greater usefulness and location, if physically and/or biologically feasible.

(2) Projects authorized by the ICC under 8(d) of the National Trails System Act, 16 U.S.C. § 1247(d) shall convert to railroad purposes automatically upon reactivation of a line for rail purposes under an ICC order. Substitution or replacement with natural resources, facilities or moneys which are of at least equal fair market value at the time of conversion may be required. Substitution or replacement of natural resources and facilities, when required, must be of as nearly equivalent or greater usefulness and location, or provide a public benefit, if physically, economically, and/or biologically feasible.

Selection criteria includes:

- (1) Adherence to the outdoor recreation account planning requirements of WAC 286-27-040.
- (2) How well the project(s) has ranked in the evaluation;
- (3) How well the project(s) meets needs identified in the state-wide comprehensive outdoor recreation planning program and the general goals identified in WAC 286-04-030;
- (4) How well the projects meet the criteria in the Land and Water Conservation Fund Grants Manual;
- (5) An assessment of how quickly the project(s) will progress through planning and implementation stages.
