Chapter 356-15 WAC COMPENSATION PLAN APPENDIX

WAC

- 356-15-090 Schedule change and compensation.
- 356-15-130 Special pay ranges.

WAC 356-15-090 Schedule change and compensation. (1) The agency shall schedule the working days and hours of scheduled work period employees. This schedule shall remain in effect for at least seven calendar days, and may be changed only with seven or more calendar days notice. If seven calendar days notice is not given, a new schedule does not exist until the notice period expires. Agencies may notify employees of more than one future schedule change in a single notice.

The seven calendar days notice of changes in working days and/or hours must be given to the affected employees during their scheduled working hours. The day that notification is given shall constitute a day of notice.

(2) If the agency changes the assigned hours or days of scheduled work period employees without giving them at least seven days notice of the change, employees will be paid for all time worked outside the scheduled hours or days at the overtime rate for the duration of the notice period.

(a) When changes in employees' assigned hours or days are made without proper notice, employees may work their scheduled hours or days unless the agency deems that:

(i) The employees are unable to perform satisfactorily as the result of excessive overtime hours; or

(ii) The work which normally would have been performed within the scheduled hours or days cannot be performed.

(b) The state is not obligated to pay for those scheduled hours or days not worked, unless the employee is on an authorized leave of absence with pay.

(c) Overtime pay and shift or schedule change pay shall not be paid for the same incident.

(3) Regardless of whether advance notice is given, an agency is not obligated to pay overtime due to a change in work schedule, when such a change is in response to a request from an employee, provided the employee works no more than forty hours in a workweek.

When the majority of employees in a work unit ask, in writing, for such a change, and the work unit can function properly only if all employees in the unit work the proposed schedule or scheduling plan, the agency is authorized to approve the change for the entire unit as an employee-
