(1) Any employee having permanent status in a classified position who accepts an appointment in an exempt position shall have the right to return to classified service. Such employee shall have the right to return to the highest class of position in which the employee previously held permanent status, or to a position of similar nature and salary, provided the employee was not terminated from an exempt position for gross misconduct or malfeasance. The highest class of position does not necessarily mean return to the most recent agency. The return right will be to the most recent agency in which permanent status in the highest class was held. Such employee must apply to return to classified service within 30 calendar days of:

(a) Separation from employment in such exempt position, or

(b) Separation from employment in any other exempt position in which the employee subsequently served provided there was no break in his/her service with the state of more than 30 calendar days.

(2) Employees exercising return rights within the time specified, as provided in subsection (1) of this section, shall return:

(a) At the time of separation or application, whichever is later.

(c) With the same status they last held at the time they left the classified service.

(d) With their seniority credited with the full time of their absence from classified service and with no break in service.

(3) When a classified employee holds a position in the classified service which is exempted, the following provisions shall apply at the time of the exemption:

(a) If the employee is appointed to the exempted position, or to another exempt position, the employee shall have

the right to return to the classified service as specified in subsection (1).

(b) If the employee is not appointed to the exempted position, or to another exempt position, the employee shall have the right to return to the classified service as specified in subsection (1).

(4) Employees of the exempt service who have not previously left the classified service specifically to take an exempt position shall not be entitled to move back into the classified service under the provisions of this section nor through the reduction in force process.

(5) Employees may replace incumbents currently in the position to which they are returning. Seniority shall not be a factor in initially determining the position chosen for the returning employee. However, after the employee returns, the least senior person in the position is entitled to the rights and options of the reduction in force procedures of their agency.

(6) Employees in the classified service whose positions have been exempted from the civil service law in accordance with RCW 41.06.070 (24), (25), or (28) and have not previously held other classified positions may return to the classified service in any vacant positions in their respective departments provided the employees:

(a) Meet the minimum qualifications;

(b) Have greater seniority than other employees who would be offered the vacancy(ies) as a reduction in force option or as candidates certified from the reduction in force register.

(4) For employees hired prior to October 1, 1990:

(a) Placement on proper step:

(b) The employee voluntarily leaves the position occupied when the Y-rate was approved except for transfers due to reduction-in-force; or

(c) The range for the employee's present class is increased to include the Y-rate amount which formerly exceeded the top of the range. At that time, the employee's basic salary shall become the maximum step of the salary range for the class; or

(d) The range for the employee's present class is increased, but had already encompassed the employee's Y-rate, which was between normal steps. At that time, the employee's basic salary shall advance to the normal step of the range which provides the closest to, but not greater than, the increase in the range; or

(e) The employee's salary is reduced pursuant to WAC 356-34-020; or

(5) Salary increases approved by the legislature shall not move the basic salary of a Y-rated employee higher than the top step of the salary range assigned to that employee's classification, unless the salary appropriations act specifically provides for increases above the top step for Y-rated employees.

(6) The director of personnel shall keep records of all Y-rate approvals.

WAC 356-14-085 Salaries—Reduction in force register appointment. When an eligible is appointed from a certification off of a reduction in force register, his/her salary will be set as follows:

(1) If the employee was demoted due to a reduction in force action or the reallocation of a position downward, the salary will be the basic dollar amount the employee was being paid at the time he/she left the range to which he/she is being appointed, plus, whatever the periodic increases and the salary adjustments that would have been made had the employee remained in that classification and range. If the employee was separated from state service due to a reduction in force action, the separation will not be regarded as a break in service. The time during which employees are off the payroll will not be used in computing periodic increases except for practices in effect prior to October 14, 1980, for setting periodic increment dates for employees involving recurring reduction in force. An eligible still employed by the state will not be entitled to further increases in salary based on promotion as prescribed in WAC 356-14-140.

(2) Such increases above the basic dollar amount in (1) above shall not place the employee higher than the maximum salary for the range, except general salary increase specifically granted to Y rated employees.

WAC 356-14-110 Salary—Periodic increment dates—Original—Subsequent. (1) The periodic increment date (PID) is the date on which an employee automatically advances to a higher dollar amount in the range to which the employee's position is classified; provided

(a) The employee's basic salary is not already at or above the maximum step of the assigned range, or

(b) The employee's standards of performance are such as to permit retention in a job status.

(2) The dollar amount of the increase will be two salary schedule increments; except

(a) The amount shall be one salary schedule increment if a two-increment increase would place the employee's basic salary above the maximum of the range of the employee's classification, or

(b) A fractional part of an increment amount shall be regarded as a full increment advance, if the employee's basic salary was between salary schedule steps immediately prior to the increase, or

(c) The dollar amount increase is stated otherwise in the compensation plan appendix or chapter 15.

(3) The original periodic increment date for an employee is:

(a) Six continuous months from the date the employee began work at the first step of a salary range, or

(b) One calendar year from the date on which the employee began work at an intervening salary step; provided that in either (a) or (b):

(i) Any work period starting before the 16th of the month will count as a full month.

(ii) Any work period starting after the 15th of the month will not be counted.

(iii) An employee at or above the maximum step of a salary range does not have a periodic increment date.

(4) The periodic increment date shall be recomputed following leaves of absence without pay, in accordance with WAC 356-18-220, breaks in service due to reduction in force or reversion action. In such adjustments, calendar months of pay status already spent at a step will be credited toward the time required to advance to the next available increase in that range.

(5) An employee's periodic increment date shall be set and remain the same unless subsequently changed in accordance with the provisions of the merit system rules.

(1) When the employee is placed at the first step, the employee either retains the same periodic increment date or assumes a new one six calendar months from the promotion, whichever date occurs first.

(2) An employee with no periodic increment date because of being promoted from a maximum step or a Y rated amount above the maximum step of a range, will assume a new periodic increment date if the employee is moving to a

minimum or intervening salary step as provided in WAC 356-14-110.

WAC 356-14-140 Salary—Increase on promotion.
 (1) An employee who is promoted to a class whose base range is less than six ranges higher than the base range of the former class will advance to the step of the range for the new class which is nearest to 5% higher than the amount of the prepromotional step.

(2) An employee who is promoted under any one or more of the following conditions shall advance to the step of the range for the new class which is nearest to 10% higher than the amount of the prepromotional step.

(a) When the employee is promoted to a class whose base range is six or more ranges higher than the base range of the employee's former class.

(b) When the employee is promoted over an intervening class in the same class series.

(c) When the employee is promoted from one class series to a higher class in a different series and over an intervening class in the new series which would have represented a promotion.

(d) When an employee's promotion requires a change of residence to another geographic area to be within a reasonable commuting distance of the new place of work.

(3) When an employee is promoted from a Y-rate salary, the Y-rate shall first terminate, and the promotional increase shall be calculated from the next-lower step of the range for the class from which promoted. The calculation will then be completed as illustrated in 1 or 2.

(4) Any promotional increase must result in a salary which is not less than the first, and not more than the top, step of the range for the class to which the employee is promoted.

(5) No assignment pay or other special pay provision, except applicable comparable worth ranges, shall be considered in calculating promotional increases.

(6) Promotional increases for T-ranges (teachers and principals) are not calculated in the manner described above.

(7) An employee who is working in a position which is included in an approved class series study, and who accepts a promotion within that agency to a classification impacted by the same study, shall be paid not less than the salary that

(1999 Ed.)

would have been paid if the employee had remained in the former position and benefited from an upward reallocation. The new higher salary must be within the range for the new class to which the employee is promoted, and shall be effective on the effective date of the class study.

(8) The salary of any employee who, after June 30, 1990, was promoted to a class whose range has a higher top step than that of the former class, and who received less promotional increase than is provided under subsection 1 or 2 of this section, shall be recalculated. Effective September 16, 1990, such salary shall move to the even step of the range which would result if the promotion had occurred that day.

If such employee has received a periodic increment increase since June 30, 1990, the base salary on September 16, 1990, shall be not less than if the increment date had occurred on September 16, 1990.

(9) Promotional increases for "N" ranges (classes requiring licensure as a registered nurse) are not calculated in the manner described above.

An employee who is promoted into or between classes which have special pay range "N" shall advance to the step in the new range, as shown in the "N" range salary schedule, which represents the greater of (a) or (b) below.

(a) Placement on the step which coincides with the employee's total length of experience as a registered nurse (RN) and/or licensed practical nurse (LPN). Experience shall be credited as follows:

(i) RN experience shall be credited year for year.

(ii) Up to ten years LPN experience shall be credited at the rate of two years LPN experience equals one year of RN experience, for a maximum credit of five years.

or

(b) Placement on the step of the new range which is nearest to 5% higher than the amount of the prepromotional step.

(See WAC 356-14-265 for computing cash value compensatory time.)

Compensatory time off may be used in lieu of cash only when an agency and the employee agree, except as provided for law enforcement positions in WAC 356-15-030 (4)(a).

When compensatory time off is utilized, it shall be liquidated in accord with WAC 356-14-260.

WAC 356-15-010 Compensation plan appendix—Preparation—Provisions. The board shall establish rules as an appendix to the compensation plan which shall provide for:

- (1) Definitions of work period designations.
- (2) Definitions of authorized overtime and the rate of overtime compensation for all work period groups.
- (3) Compensation rates and provisions for holidays, travel time, shift differential, split shift, standby, shift changes, call back, and work on scheduled days off or holidays.
- (4) Definitions and provisions for special pay assignments and special pay ranges.

[Order 98, § 356-15-010, filed 1/13/77, effective 2/13/77; Order 86, § 356-15-010, filed 5/4/76, effective 10/1/76.*]

WAC 356-15-020 Work period designations. (1) The board shall assign a specific work period designation to each job class. In deciding which work period designation is appropriate, the board shall consider the following factors:

(a) Whether the positions are exempt from the overtime provisions of the Fair Labor Standards Act as executive, administrative, professional, agricultural, outside sales, or recreational establishment personnel as summarized in chapter 356-05 WAC.

(b) Whether the positions have been historically paid overtime by the state.

(c) Whether the private sector or other governmental jurisdictions have a historical or prevailing overtime pay practice for direct counterpart positions.

(d) Other factors it may deem to be appropriate.

(2) The board may authorize a work period designation for an individual position which differs from the class-wide designation when the position has atypical working conditions. When two or more designations are indicated for a job class, the first designation listed shall constitute the class-wide designation. Each position shall be assigned only one designation. The work period designation for persons on "in-training" and "underfill" appointments shall be the same as that of the position to which they are appointed, except that if the position is designated "exceptions," the employee's work period designation will be "nonscheduled."

(a) **Scheduled (S):**

(i) Standard: Full-time positions with conditions of employment which may be completed within five consecutive work days, each having the same starting time and lasting not more than eight working hours.

(ii) Alternate: Full-time positions with conditions of employment which may be completed within:

(A) Five work days lasting not more than eight working hours within the same workweek but which, because of operational necessity, cannot be scheduled with the same daily starting time or with consecutive days off; or

(B) Four work days lasting not more than ten working hours each within the same workweek; or

(C) Four nine-hour work days and one four-hour work day; or

(D) Ten consecutive work days with four consecutive days off; or

(E) Ten work days lasting not more than eight working hours and occurring within a scheduled fourteen consecutive day period. Positions are restricted to employees in the registered nurse class series who work in an institutional hospital primarily engaged in the care of residents.

(F) Continuous five work-days-per-week shifts which rotate each 28 days to a different schedule of regular days and hours per week. The rotation involves extended or shortened time off between the ending shift of one schedule and the beginning shift of the next, but does not require more than eight hours work in any one 24-hour period within a schedule, nor more than fifty-two 40-hour workweeks per year. Positions are limited to communications officers and scheduled commercial vehicle enforcement officers of the state patrol.

After giving written notice to the employee and the certified exclusive representative, the employer may implement an alternate schedule provided the employer can document a program need for the alternate schedule or the alternate schedule is mutually agreeable to the employer and employee.

(iii) Unlisted: Full-time positions for which the director of personnel has approved a schedule or scheduling plan not allowed above. Such unlisted schedules may be approved by the director of personnel when both the agency and the affected employees are in agreement. Approval by the exclusive representative shall constitute approval of employees within a certified bargaining unit.

(b) **Nonscheduled (NS):** Full-time positions with conditions of employment which necessitate adjustment of hours by employees within forty working hours within the workweek. These positions may have preset schedules or task assignments which require their attendance at certain hours, but are generally responsible to adjust their hours to best accomplish their workload.

(c) **Law enforcement (1):** Full-time positions which meet the law enforcement criteria of section 7(k) of the Fair Labor Standards Act. (Defined as law enforcement personnel in WAC 356-05-210.)

(d) **Exceptions (e):** Full-time positions which are exempt from the overtime provisions of the Fair Labor Standards Act as executive, administrative, professional, agricultural, outside sales, or recreational establishment personnel as summarized in chapter 356-05 WAC.

WAC 356-15-030 Overtime provisions and compensation. (1) The following conditions constitute overtime:

(a) For full-time employees, work in excess of the workshift within the work day.

(b) Work in excess of forty nonovertime hours in one workweek or eighty nonovertime hours in a scheduled four-teen consecutive day period as authorized under WAC 356-15-020 (2)(a)(ii).

(c) Work on a holiday (except Sunday when it is within the scheduled workshift). Scheduled work performed on a Sunday which is coincidental with some other state holiday is overtime work.

(d) Work on a scheduled day off.

(e) Time worked in excess of the 28-day work period by law enforcement positions.

(2) Scheduled work period employees shall receive overtime compensation for work which meets subsection (1)(a) through (d) of this section.

(3) Nonscheduled work period employees shall receive overtime compensation for work which meets subsection (1)(b) through (d) of this section and may be paid overtime compensation for work which meets subsection (1)(a) of this section.

(4) Law enforcement positions have a one hundred sixty-hour, twenty-eight-day work period, rather than a forty-hour workweek.

(a) When the combination of credited work hours (vacation, sick leave, holidays, or compensatory time) and actual work hours exceeds one hundred sixty hours, the employee shall be compensated at time and one-half rates in cash or compensatory time at the option of the agency.

(b) Overtime compensation for actual work in excess of one hundred seventy-one hours in a work period may be in the form of compensatory time off if the employee and the agency agree.

(c) Assigned, actual work on a holiday shall be considered as work in excess of one hundred sixty hours.

(d) For the positions receiving assignment pay for an extended work period, the following special provisions apply:

(i) These law enforcement classes or positions have a one hundred seventy-one-hour, twenty-eight-day work period, for which they receive four ranges (approximately ten percent) above the base salary range.

(ii) When the combination of credited work hours and actual work hours exceeds one hundred seventy-one hours, the employee shall be compensated at time and one-half rates. Compensation may be in the form of compensatory time off if the employee and the agency agree.

(iii) Assigned, actual work on a holiday shall be considered as work in excess of one hundred seventy-one hours.

(5) Exceptions work period employees are not required to be compensated beyond their regular monthly rate of pay for work which meets subsection (1)(a) through (d) of this section. However, they may be compensated or granted exchange time for any of those conditions if their appointing authority deems it appropriate.

(a) If overtime compensation is authorized, the appointing authority may fix the rate, not to exceed the overtime rate (WAC 356-05-231). As indicated in subsection (5) of this section, the agency and the employee may agree to use compensatory time off in lieu of cash; in that event, the rules covering liquidation of compensatory time apply.

(b) Exchange time may be authorized for any number of hours worked beyond the exceptions work period employee's normal hours of work. For those hours authorized, the rate shall be equal hours off for those worked. Exchange time can be accrued to a limit determined by each agency, not to exceed one hundred seventy-four hours. The exchange time accrual for incumbents in the class of youth development and conservation corps camp supervisor only may be increased to four hundred eighty hours by the employing agency.

(c) Employees must be allowed, and may be required, to use all exchange time in excess of eighty hours prior to each April 1 and October 1, or other semiannual dates fixed by an agency and made known to its employees and the director of personnel by that agency's director. As an exception to the above, the director of personnel may establish a single annual date based on the special needs of the requesting agency. Employees must exhaust their exchange time before using compensatory time or vacation leave unless this would result in a loss of accumulated leave.

(d) Accumulated exchange time shall be granted for the purposes of WAC 356-18-145, Family and Medical Leave Act of 1993, or WAC 356-18-150, Newborn, adoptive, or foster child care.

(e) Employee absence on approved exchange time shall be considered as time worked for payroll purposes.

(f) Exchange time has no cash liquidation value. However, employees voluntarily terminating from state service or transferring to another agency must be offered the opportunity to postpone their cessation of employment by the granting agency until their accumulated, authorized exchange time has been used. Employees who were separated due to a reduction in force or disability separation are entitled to reinstatement of accumulated exchange time if they are rehired on a permanent basis by the granting agency within three years of separation.

(6) Overtime shall be compensated in accord with the provisions of WAC 356-14-230 through 356-14-265.

(7)(a) Part-time employees whose positions are in job classes designated as scheduled, nonscheduled, or law enforcement shall receive overtime compensation for work which meets subsection (1)(b) or (c) of this section.

(b) Hourly paid employees whose positions are in job classes designated as exceptions are not exempt from the overtime provisions of the Fair Labor Standards Act. For these employees, an agency must determine and notify the employee of the beginning of the workweek, must maintain the wage and hour records identified in WAC 356-14-220, and must pay overtime compensation for actual hours worked in excess of 40 nonovertime hours in a workweek.

WAC 356-15-035 Dual employment. An employee in a merit system position may accept simultaneous employment in a different position only if the hours of work do not overlap; and all merit system employers know and agree to the other employment; and one of the following three conditions applies.

(1) Regular dual employment—Related employers. The dual employment occurs on a regular basis either within merit system agencies, or among employers who use the employee on a project which is shared by a merit system employer of that person.

If the majority of work done in all such positions is covered by the overtime provisions of the Fair Labor Standards Act, then all work in all such positions is subject to the Fair Labor Standards Act, even though an entire position might otherwise have been exempt.

Overtime responsibility for FLSA-covered dual employment:

(a) Each state merit system agency shall calculate and pay any overtime earned on its own position, using the overtime rate as defined in WAC 356-05-231.

(b) In addition, each agency shall determine the number of hours actually worked each week by the employee on all dual employment positions. If the total of all hours worked exceeds forty, then dual employment overtime must be calculated.

(c) Dual employment overtime is calculated for the combination of positions as follows:

(i) Add together for the pay period: Straight-time pay for all hours actually worked, shift premium, assignment pay, standby pay, the cost of employees' personal expenses such as meals, if these are for the employees' own benefit and not for the benefit of the employer. Do not include: The extra half-time pay which would be part of a normal time-and-one-half calculation; pay for holidays not worked or any other hours which were not actually worked; penalty payments such as call back, which are not based on the number of hours worked; per diem or other expense reimbursement; discretionary bonuses such as suggestion awards; group incentive awards authorized by RCW 41.60.120.

(ii) Divide this straight-time pay for all hours worked by the total number of hours actually worked within the pay period or work period. (Do not include standby hours as hours worked.) The result is the "dual employment hourly rate."

(iii) Calculate one-half of the "dual employment hourly rate" for all hours actually worked in excess of forty in any workweek, and add that amount to the total straight-time pay. If the total is greater than all the normal merit system basic salary and any additional compensation due from the individual employing agencies, then the excess must be paid as "dual employment overtime pay."

(iv) If all employers of a shared employee reach an agreement which assures full payment for each instance of dual employment overtime, they may share the cost according to their agreement. Otherwise, each employing agency shall pay the same proportion of "dual employment overtime pay" as its proportion of the total straight-time pay. Nothing in chapter 356-15 WAC is intended to lessen an agency's

right to share part of an employee's services with another agency on an interagency reimbursement basis.

(2) Irregular dual employment—Same capacity or employer caused. A person is employed in any status in one merit system agency, and is also occasionally or sporadically employed in the same job class or capacity in the same or different merit system agency; or is obligated by one merit system position to be employed in another.

Overtime responsibility: Overtime is payable under the provisions of subsection (1) of this section.

(3) Unrelated occasional or sporadic dual employment. An employee in one merit system position is occasionally or sporadically (not regularly) employed in a second position in the same or a different agency and the following conditions are true.

(a) Employment in the second position is solely at the option of the employee.

(b) The occasional or sporadic employment is in a different capacity than the regular employment.

Overtime responsibility: Any overtime earned by the employee shall be the exclusive responsibility of the agency in which the overtime occurs. Time worked in the occasional or sporadic position shall not be combined with time worked in any other position for the purpose of calculating overtime.

[Statutory Authority: RCW 41.06.150. 86-12-025 (Order 248), § 356-15-035, filed 5/28/86, effective 7/1/86.]

WAC 356-15-040 Travel time. Travel time shall be considered as time worked when:

(1) It occurs during the employee's normal hours of work and is from one work site to another; or

(2) The employee has a regularly assigned work site, and the travel is to carry out a work assignment at a different location than the regularly assigned work site, to the extent that it exceeds normal home-to-work travel time, is outside of normal working hours, and does not exceed the shortest reasonable means for the employee to reach and return from the location.

WAC 356-15-050 Holiday compensation. (1) All full-time employees shall be compensated for the days that are designated as holidays, except Sundays, as listed in WAC 356-18-020 and 356-18-030 (2), (3) and (4) at a straight-time rate even though they do not work. In addition:

(a) Scheduled and nonscheduled work period employees shall be compensated for the hours actually worked on a holiday at the overtime rate.

(b) Exception work period employees, while not normally compensated additionally for work performed on a holiday, may be compensated for the hours actually worked on a holiday at a rate not to exceed the overtime rate, when their appointing authority deems it appropriate.

(2) Part-time employees shall be compensated for holidays in accord with WAC 356-18-030(6).

WAC 356-15-060 Shift premium provisions and compensation. (1) Basic shift premium shall be paid in the amount specified in WAC 356-15-061. For purposes of this section, regularly scheduled means the permanently assigned work schedule/work shift, not including overtime hours, as determined by the agency.

(2) For purposes of this section, evening shift is defined as a work shift of eight or more hours which ends at or after 10:00 p.m. Night shift is defined as a work shift of eight or more hours which begins by 3:00 a.m.

(3) Full time employees shall be entitled to basic shift premium under the following circumstances:

(a) Regularly scheduled evening and night shift employees are entitled to shift premium for all hours worked.

(b) Regularly scheduled day shift employees are not entitled to shift premium unless:

(i) The employee's regular or temporary scheduled work-shift includes hours after 6:00 p.m. and before 6:00 a.m. where no overtime, schedule change pay, or call-back compensation is received. Shift premium is paid only for those hours actually worked after 6:00 p.m. and before 6:00 a.m.

(ii) The employee is temporarily assigned a full evening or night shift where no overtime, schedule change pay, or call-back compensation is received. Shift premium is paid only for all evening or night-shift hours worked in this circumstance.

(c) Employees regularly scheduled to work at least one, but not all, evening and/or night shifts are entitled to shift premium for those shifts. Additionally, these employees are entitled to shift premium for all hours adjoining that evening or night shift which are worked.

(4) Part-time and intermittent employees shall be entitled to basic shift premium under the following circumstances:

(a) For all assigned hours of work after 6:00 p.m. and before 6:00 a.m.

(b) For assigned full evening or night shifts, as defined in subsection (2) of this section.

(5) **Monthly shift premium rates:** In cases where shift premium hours are regularly scheduled over a year, agencies may pay shift premium at a monthly rate which is equal for all months of the year. Such monthly rates shall be calculated by dividing twelve into the amount of shift premium an employee would earn in a year if the hourly rules in subsection (2) of this section were applied. This option is granted to simplify bookkeeping and is not authorized to establish shift premium rates higher or lower than those set by the board.

(6) **Shift premium and overtime:** When an employee is compensated for working overtime during hours for which shift premium is authorized in this section, the overtime rate shall be calculated using the "regular rate" as defined in WAC 356-05-353.

(7) **Payment during leave and for holidays not scheduled to work:** Employees eligible for shift premium for their regularly scheduled shifts will receive the same proportion of shift premium for respective periods of authorized paid leave and for holidays not worked which fall within their regularly scheduled shift.

WAC 356-15-080 Standby compensation. (1) **Requirements:**

[Title 356 WAC—p. 39]

(a) An employee is in standby status when not being paid for time actually worked and both of the following conditions exist:

(i) The employee is required to be present at a specified location. The location may be the employee's home or other specific location, but not a work site away from home. When the standby location is the employee's home, and the home is on the same state property where the employee works, the home is not considered a work site.

(ii) The agency requires the employee to be prepared to report immediately for work if the need arises, although the need might not arise.

Note: When the nature of a duty station confines an employee during off duty hours (e.g., a ship), and that confinement is a normal condition of work in the employee's position, standby compensation is not required merely because the employee is confined.

(b) An agency may issue a written policy stating that an employee is in standby status when not being paid for time worked while required to leave a telephone number with the agency or remain in communication with a dispatching authority to respond to a call to begin work in a specified time limit.

(c) Standby status shall not be concurrent with work time.

(2) **Payment:** Any scheduled or nonscheduled work period employee required to stand by shall be paid the hourly standby rate. Standby pay may be authorized by an agency for exceptions work period employees. Exceptions work period employee standby may be compensated with compensatory time. The compensatory time shall be equal in base salary to the dollar amount of standby pay earned.

(3) **Rate:** The standby hourly rate for each step of any range is calculated by dividing the maximum number of standby hours in a workweek (128 hours) into the difference between that step of the range and the same letter step of the range which is exactly two whole numbers higher. That is: (28 - 26, or 28.3 - 26.3) divided by 128 hours.

WAC 356-15-085 Hours of work. Requirements regarding working hours shall be specified for all employees by each agency but shall not result in full-time employment being compensated for less than forty hours per week.

WAC 356-15-090 Schedule change and compensation. (1) The agency shall schedule the working days and hours of scheduled work period employees. This schedule shall remain in effect for at least seven calendar days, and may be changed only with seven or more calendar days notice. If seven calendar days notice is not given, a new schedule does not exist until the notice period expires. Agen-

cies may notify employees of more than one future schedule change in a single notice.

The seven calendar days notice of changes in working days and/or hours must be given to the affected employees during their scheduled working hours. The day that notification is given shall constitute a day of notice.

(2) If the agency changes the assigned hours or days of scheduled work period employees without giving them at least seven days notice of the change, employees will be paid for all time worked outside the scheduled hours or days at the overtime rate for the duration of the notice period.

(a) When changes in employees' assigned hours or days are made without proper notice, employees may work their scheduled hours or days unless the agency deems that:

(i) The employees are unable to perform satisfactorily as the result of excessive overtime hours; or

(ii) The work which normally would have been performed within the scheduled hours or days cannot be performed.

(b) The state is not obligated to pay for those scheduled hours or days not worked, unless the employee is on an authorized leave of absence with pay.

(c) Overtime pay and shift or schedule change pay shall not be paid for the same incident.

(3) Regardless of whether advance notice is given, an agency is not obligated to pay overtime due to a change in work schedule, when such a change is in response to a request from an employee, provided the employee works no more than forty hours in a workweek.

When the majority of employees in a work unit ask, in writing, for such a change, and the work unit can function properly only if all employees in the unit work the proposed schedule or scheduling plan, the agency is authorized to approve the change for the entire unit as an employee-initiated change. A written request for a schedule change from the exclusive representative shall constitute a request of employees within a certified bargaining unit.

(4) When an agency initiates a scheduled change from one scheduled standard work schedule to another scheduled standard work schedule, there is created a seven-day transition period.

(a) The transition period starts at the beginning of the shift of the previous schedule which would have begun a new five-consecutive-day work cycle.

(Example: An eight-to-five Tuesday through Saturday employee changes to a Sunday-Thursday schedule beginning on Sunday. The transition period starts at eight a.m. on the last Tuesday of the old schedule, and runs until eight a.m. on the first Tuesday under the new schedule.)

(b) If, during the transition period, the employee must work more than five of the seven workdays, then the work in excess of forty non-overtime hours will be paid at overtime rates.

(c) If, during the transition period, the schedule change causes an employee to begin work on an earlier day of the workweek or at an earlier hour of the workday than was required under the old schedule, the employee will be paid at the overtime rate for the first hours worked in the new schedule which precede the next hours which the employee would have worked under the old schedule.

(5) Contingency scheduling is allowed for employees having the following responsibilities: Highway snow, ice, and avalanche control, grain inspection, horticulture inspection; and in the departments of natural resources or corrections, controlling forest fires, or performing work in a fire camp in support of fire crews, "hoot owl," forest fuels management and aerial applications.

(a) Therefore: For non-forest-fire personnel in scheduled work period positions, the agency shall not be bound by the above scheduled shift change notice requirement if the agency notifies affected employees of the contingency schedule in writing when they enter the position or not less than 30 days prior to implementation.

When conditions mandate the activating of the contingency schedule, the agency shall pay affected employees the overtime rate for all hours worked outside the original schedule at least for the employee's first shift of the contingency schedule and for other overtime hours covered by subsection (7) of this section.

(b) For forest-fire control and fire-camp support personnel in scheduled work period positions, the above schedule change notice requirement shall not apply if the agency notifies affected employees in writing that they are subject to contingency scheduling when they enter the position or not less than 30 days prior to implementation.

When an employee's forest fire contingency schedule requires him or her to change working hours from the previous schedule, the agency shall pay the affected employee the overtime rate for all hours worked outside the previous schedule for the employee's first shift of the new contingency schedule.

When such employees have completed the first eight hours of their assigned contingency shift (10 hours in the case of 10-40 work schedule employees), they shall receive overtime rates for all subsequent work performed until released from duty for a period of five consecutive hours.

(6) In the department of corrections, division of prisons, the agency and the employees may agree that employees sent to forest fire camps in charge of inmate fire fighters for a period of twenty four hours or more will be on "extended duty assignment." Employees on extended duty assignment will be considered to be on continuous duty from the time they commence such duty including travel time to the fire, until they are released from duty including travel time for return to their nonfire duty station.

(a) During the extended duty assignment, all time will be paid as work time, except that the employer may deduct up to eight hours of nonwork time each day for sleep, plus up to three hours for meals, provided that:

(i) The employee has no responsibility during time deducted for meal periods.

(ii) The time deducted for sleep includes a period of five continuous hours which are not interrupted by a call to work.

(iii) No sleep time shall be deducted if the employer does not furnish adequate sleeping facilities. Adequate sleeping facilities are those which are usual and customary for forest fire camps.

(b) Scheduled work period employees shall be entitled to call back pay to the extent described in WAC 356-15-100 and 356-15-110 for a maximum of one payment, equal to three

straight-time hours, at the commencement of an extended duty assignment. No call-back payment shall be made for any work during the hours of an extended duty assignment, or the transition back to the regular work schedule.

(c) The beginning of each work week on extended duty assignment shall be unchanged from the last previous work week on the employee's regular work schedule. All compensable hours of work on extended duty assignment shall be at overtime rates except eight in any work day. All compensable hours on a holiday shall be at overtime rates.

(d) There are no scheduled days off during an extended duty assignment. However, compensable hours on a holiday, and all compensable hours in excess of forty straight time hours in any workweek (including hours worked within the same workweek either before or after the extended duty assignment), shall be paid at overtime rates.

(e) During an extended duty assignment, all hours are duty hours; there is no eligibility for standby pay.

(f) Employees whose regular scheduled work shift entitles them to shift premium for their full shift, or a portion thereof, shall be paid shift premium as follows:

(i) Employees whose regular schedules are all night shifts will continue to receive night shift premium for all paid hours of the extended duty assignment.

(ii) Employees whose regular schedules call for some, but less than four hours of, night shift work each day will continue to receive the same number of hours at shift premium during each workday of the extended duty assignment.

(iii) Employees whose regular schedules call for some, but not all, full night shifts each week will receive shift premium for all paid hours on those same days during the extended duty assignment.

(7) When a scheduled or nonscheduled work period employee experiences a schedule change (within or between agencies) which causes an overlap in workweeks and requires work in excess of forty hours in either the old or the new workweek, the employee must receive overtime compensation at least equal to the amount resulting from the following calculations:

(a)(i) Starting at the beginning of the "old" workweek, count all hours actually worked before the end of that workweek, and calculate the straight-time pay and the overtime pay (based on "regular rate" as defined in WAC 356-05-353).

(ii) Starting at the conclusion of the "new" workweek, count back to include all hours actually worked since the beginning of that workweek, and calculate the straight-time and overtime (based on "regular rate" as defined in WAC 356-05-353).

(iii) Pay the larger amount calculated under (a)(i) and (ii) of this subsection.

(b) If any other combination of straight-time and time-and-one-half-rate pay required by these rules results in an amount of pay, for either workweek, which is greater than the amount calculated in (a)(iii) of this subsection, then only the larger amount should be paid.

(8) If overtime is incurred as a result of employee movement between state agencies, the overtime will be borne by the receiving agency.

(1) No such schedules need be established if the agency head determines that such schedules would impede service to the public or impede the agency in accomplishing its mission.

(2) The agency may assign or reassign any employee or group of employees to any such schedule, subject to provisions of WAC 356-15-090.

(3) Employees may request assignment to flex-time schedules and the employing agency may grant or deny such assignment.

(4) Flex-time schedules affecting employees in a certified bargaining unit must be negotiated with the exclusive representative.

WAC 356-15-100 Call-back for work preceding or following a scheduled workshift. (1) Scheduled work period employees shall be notified prior to their scheduled quitting time either to return to work after departing the worksite or to change the starting time of their next scheduled workshift.

(a) Lack of such notice for such work shall be considered call-back and shall result in a penalty of three hours of pay at the basic salary in addition to all other compensation due. This penalty shall apply to each call.

(b) The appointing authority may cancel a call-back notification to work extra hours at any time but cancellation shall not waive the penalty cited in this subsection.

(c) These provisions shall not apply to the mid-shift interval in a split shift and an employee called back while in standby status.

(2) Nonscheduled, exceptions, and law enforcement work period employees are not normally paid for call-back. However, if the appointing authority deems it appropriate, those employees may receive compensation, not to exceed the penalty cited above, for call-back.

WAC 356-15-140 School year contracts for non-teaching staff. (1) The school for the deaf and the school for the blind may contract with full-time, permanent (as opposed to temporary), noncertificated staff to retain them in pay status only during the school year, to grant them leave without pay during the student-vacation periods, and to spread the school-year base salary earnings evenly over a 12-month period. For employees who so contract, the following rules shall apply:

(a) Twelve-month, prorated pay will be calculated by the following steps:

(i) The total annual salary for scheduled work during the school year will be calculated for each employee, beginning with the first day of employment, for the new school year.

This calculation will include:

(a) Scheduled holidays which will occur between the beginning and the end of the school year.

(b) Any increment increases which will occur while the employee is in pay status.

It will not include:

(a) Sick leave or annual leave, or holidays which occur after the close of the school year.

(b) Anticipated general increases; but these will be included in a recalculation when they occur. The recalculation will affect only the remaining time in the 12-month contract.

(ii) The total annual salary will be divided by 24 to obtain 24 equal payments for a 12-month period. These equal payments are referred to hereafter as the "prorated salary."

(iii) General increases, when granted during the school year, shall be accommodated by recalculation of the prorated salary as it will be affected forward from the effective date of the increase.

(b)(i) Annual leave, compensatory time, paid holidays, and sick leave taken during scheduled days of work will be treated as hours worked.

(ii) Annual leave and paid holidays taken in lieu of leave without pay during periods of school closure, such as Christmas vacation, spring vacation, and summer months, will be paid at the full (not prorated) hourly rate.

The "full hourly rate" is determined by dividing the total annual salary by the number of contract work days in that school year, and dividing that by eight hours.

(iii) For each hour of leave-without-pay taken during a scheduled work day, an hour of pay at the full (not prorated) hourly rate will be deducted from the prorated salary for that pay period.

(c) The "regular rate" for overtime work shall be calculated in the manner described in WAC 356-05-053, except that the "basic salary" and any other components of the "regular rate" shall be the "full hourly rate" (not 12-month prorated salary). Shift premium will not be prorated.

(1999 Ed.)

(d) Compensatory time may be credited and utilized as described in WAC 356-14-240. If accrued compensatory time is liquidated as provided in WAC 356-14-265, the liquidation rate shall be based on the full hourly rate (not the prorated salary).

(e) Vacation leave and an employee's personal holiday which is unused at the end of the school year may be paid as extended employment beyond the contract period. Each hour of accumulated vacation thus taken will be compensated at the full hourly rate (rather than the prorated salary level) in addition to the continuing 12-month prorated salary. It will be paid at the end of the pay period in which it is taken. Hours for which vacation time is paid will be considered as hours worked for the purpose of accruing additional vacation and sick leave.

(f) Accrued sick leave may not be used between school years or during periods of leave without pay, even though accrued vacation may be being utilized during that period. Accrued sick leave which can be converted to monetary compensation as provided in WAC 356-18-050(3) shall be compensated at the employee's current actual salary rate, rather than the prorated salary rate.

(g) An employee's movement within and among the pay ranges shall be based on the actual salary (not the prorated salary).

(h) A 12-month pay agreement as described in this section may be terminated at the request of the employee only if the agency determines that a bona fide hardship is being created by its continuation, or by termination of employment. Accrued (withheld) salary, vacation, and compensatory time under the 12-month agreement is immediately payable on termination of employment.

(i) Nothing in this section shall result in an employee receiving more compensation for the same work performed than would an employee who did not have such a 12-month contract.

(2) (WAC 356-15-140 describes the effect of leave without pay on seniority and periodic increment dates for these employees.)

[Statutory Authority: RCW 41.06.150. 89-06-028 (Order 314), § 356-18-020, filed 2/24/89, effective 4/1/89; 85-15-043 (Order 228), § 356-18-020, filed 7/15/85. Statutory Authority: RCW 41.06.150(17). 78-04-014 (Order 117), § 356-18-020, filed 3/9/78; Order 109, § 356-18-020, filed 9/7/77;

WAC 356-18-025 Holidays—Selected personal holiday—Regulations governing. (1) An employee may select one workday as a personal holiday each calendar year provided:

(a) The employee has been continuously employed by the state for more than four months, or is scheduled to be continuously employed by the state for more than four months, and

(b) The employee who is scheduled to work less than six continuous months over a period covering two calendar years shall receive only one personal holiday during this period.

(2) The agency shall release the employee from work on the day selected as the personal holiday provided:

(a) The employee has given not less than fourteen calendar days' written notice to the supervisor, provided, however, the employee and the supervisor may agree upon an earlier date, and

(b) The number of employees selecting a particular day off does not prevent an agency from providing continued public service.

(3) The personal holiday must be taken during the calendar year or entitlement to the day will lapse, except that the entitlement shall carry over to the following year when an otherwise qualified employee has requested a personal holiday and the request has been denied.

(4) Agencies may also establish qualifying policies for determining which of the requests for a particular day will or will not be granted when the number of requests for a personal holiday would impair operational necessity.

(5) Part-time employees who were employed during the month in which the personal holiday is taken will be compensated for the personal holiday in an amount proportionate to the time in pay status during the month to that required for full-time employment.

(6) A personal holiday for full-time employees shall be equivalent to their workshift on the day selected for personal holiday absence.

(7) For purposes of shared leave donation, part or all of a personal holiday may be donated to another employee in accordance with WAC 356-18-112.

(a) Any portion of the personal holiday that remains after donation to shared leave shall be taken by the donating employee in one absence, not to exceed the workshift on the day of the absence. Such absence is subject to request and approval as described in this section.

(i) For part-time employees, the amount of time an employee is entitled to for a personal holiday is calculated proportionate to full time as provided in (5) of this section. The amount of personal holiday remaining after donation is determined based on the proportionate hours earned minus any personal holiday hours donated.

(ii) For full-time employees, the amount of personal holiday remaining after donation is determined based on the employee's regular assigned workshift originally selected by that employee minus any personal holiday hours donated.

(b) An employee shall be allowed to split the personal holiday only when donating a portion of the personal holiday to the shared leave program.

(3) For full-time employees on a Monday through Friday work schedule:

(a) Whenever any legal holiday falls on a Saturday, the preceding Friday shall be the holiday. Whenever any legal holiday falls on a Sunday, the following Monday shall be the holiday.

(4) For full-time employees not on a Monday through Friday work schedule:

(a) When a holiday as identified in WAC 356-18-020(1) falls on the employee's scheduled work day, that day will be considered the holiday.

(b) When a holiday as identified in WAC 356-18-020(1) falls on the employee's scheduled day off, agencies shall, with respect to each individual employee, treat either the last preceding or the next following work day as the holiday.

(5) For employees working a night shift schedule which begins on one calendar day and ends on the next, the twenty-four-hour "paid holiday" shall be determined by the agency to commence either at the start of the scheduled night shift that begins on the calendar holiday, or at the start of the shift that precedes the calendar holiday. The determination shall be consistent for all employees in a facility unless there is agreement between the agency and one of more affected employees to do otherwise. Agreement by the exclusive representative shall constitute agreement of the employees.

(6) Part-time employees who were employed before and after the holiday and for a period of at least twelve calendar days during the month (but not including the holiday) will be compensated in cash, compensatory time, or exchange time for the holiday in an amount proportionate to the time in pay status during the month to that required for full-time employment.

(2) Full-time employees shall be credited monthly with eight hours of sick leave under the following conditions:

(a) The employee must be employed for fifteen calendar days or more during the month.

(b) Any leave without pay taken during the month will not be counted toward the fifteen calendar day eligibility requirement.

(c) Holidays for which the employee is otherwise eligible that fall within the qualifying fifteen days count toward the minimum requirement.

Sick leave credit for other than full-time employees shall be computed and accrued in an amount proportionate to the time the employee is in pay status during the month to that required for full-time employment.

(3) Employees shall be eligible to receive monetary compensation for accrued sick leave as follows:

(a) In January of each year, and at no other time, an employee whose sick leave balance at the end of the previous year exceeds four hundred eighty hours may elect to convert the sick leave hours earned in the previous calendar year, minus those hours used during the year, to monetary compensation.

(i) No sick leave hours may be converted which would reduce the calendar year-end balance below four hundred eighty hours.

(ii) Monetary compensation for converted hours shall be paid at the rate of twenty-five percent and shall be based upon the employee's current salary.

(iii) All converted hours will be deducted from the employee's sick leave balance.

(iv) Hours which are accrued, donated, and returned from the shared leave program in the same calendar year, may be included in the converted hours for monetary compensation.

(b) Employees who separate from state service on or after September 1, 1979, due to retirement or death shall be compensated for their total unused sick leave accumulation at the rate of twenty-five percent. Compensation shall be based upon the employee's salary at the time of separation. For the purpose of this subsection, retirement shall not include "vested out-of-service" employees who leave funds on deposit with the department of retirement systems (DRS).

(c) No contributions are to be made to the department of retirement systems (DRS) for such payments in (a) or (b) of this subsection, nor shall such payments be reported to DRS as compensation.

(4) Employees who separate for any reason other than retirement or death shall not be paid for their accrued sick leave.

(5) Former employees who are again employed within five years of their separation from service shall be granted all unused sick leave credits, if any, to which they were entitled at time of separation for the purpose of using sick leave for the reasons prescribed in WAC 356-18-060. Upon any subsequent retirement or death of a reemployed retiree, only that unused sick leave accrued since the original retirement minus that taken within the same period may be compensated per the conversion provisions of WAC 356-18-050 (3)(b).

(6) Higher education system employees moving to an agency in accordance with WAC 356-49-040 shall be credited with their sick leave accumulated with the higher education system.

employee may elect to use accrued sick leave, provided that the employee shall return any subsequent overpayment to the agency.

(b) Sick leave hours charged to an employee who receives worker's compensation as a result of the time loss shall be proportionate to that portion of the employee's salary paid by the agency during the claim period.

(4) When an employee elects to receive pay for vacation leave, compensatory time off or exchange time and also receives worker's compensation for time loss, the employee is entitled to both payments without any deductions for the time loss payment except for employees of the departments of social and health services, corrections and veterans affairs who miss work due to an assault that occurred on the job and are receiving compensation in an amount equal to full pay, as provided in chapters 72.01 and 72.09 RCW. Pay for vacation leave, compensatory time off or exchange time to such employees shall be limited to an amount equal to the amount of their worker's compensation for time loss.

(5) When an employee receives pay for a holiday and also receives worker's compensation for time loss, the employee is entitled to both payments without any deductions for the time loss payment.

(6) Should an employee apply for time loss compensation and the claim is then or later denied, accrued leave may be used for the absence.

(7) Employees who suffer a work related injury or illness and are unable to work due to such injury or illness may request such leave be designated, or the agency may designate such leave, in accordance with WAC 356-18-145, Family and Medical Leave Act of 1993.

WAC 356-18-095 Vacation leave—Accumulation—Excess. Vacation leave may be accumulated to a maximum of 30 days (240 hours). However, there are two methods which allow vacation leave to be accumulated above the maximum.

(1) If an employee's request for vacation leave is denied by the employing agency, then the maximum of 30 working days' accrual shall be extended for each month that the leave is deferred, provided a statement of necessity justifying the denial is filed with the department of personnel.

(2) As an alternative to (1) above, employees may also accumulate vacation leave in excess of 30 days as follows:

(a) An employee may accumulate the vacation leave days between the time 30 days is accrued and his/her anniversary date of state employment.

(b) Such leave accumulated shall be used by the anniversary date and at a time convenient to the employing institution/agency. If such leave is not used prior to the employee's anniversary date, such leave shall be automatically extinguished and considered to have never existed.

(c) Such leave credit acquired and accumulated shall never, regardless of circumstances, be deferred by the employing institution/agency by filing a statement of necessity as described in (1) above.

WAC 356-18-100 Accrued vacation leave disposition—Computation—How made. (1) When an employee separates from service by reason of resignation with adequate notice, layoff, dismissal, retirement or death, he or she is entitled to a lump sum payment of unused vacation leave. The compensation shall be computed by using the formula published by the office of financial management. No contributions are to be made to the department of retirement systems (DRS) for lump sum payment of excess vacation leave accumulated under the provisions of WAC 356-18-095(2), nor shall such payment be reported to the DRS as compensation.

(2) Employees may defer the payment of their accumulated vacation leave for which otherwise entitled for a period of 30 working days if the separation resulted from a reduction in force and there is a reasonable probability of reemployment, or if the separation resulted from employees returning to classified positions from exempt positions under the provision of RCW 41.06.070(22), 41.06.100, or WAC 356-06-055. Seasonal career employees, as defined in WAC 356-05-380, may defer payment of their accumulated vacation leave during the period between consecutive employment cycles.

(3) If employees are paid for the accumulated vacation leave and are reemployed within the period of time represented by the number of days for which vacation pay was received, employees must return the payment for the remaining vacation days. Employees will be credited with the number of vacation days represented by the returned payments at the rate of their last salary.

(4) The separation cited in subsection (2) of this section will not be regarded as a break in service for purposes of computing the rates of crediting vacation leave prescribed in WAC 356-18-090, provided the employees return to employment other than by certification from the open competitive register.

WAC 356-18-112 Shared leave. (1) The purpose of the state leave sharing program is to permit state employees to donate vacation leave, sick leave, or personal holidays to a fellow state employee who is suffering from or has a relative or household member suffering from an extraordinary or severe illness, injury, impairment, or physical or mental condition which has caused or is likely to cause the employee to take leave without pay or terminate his or her employment. An employee is eligible to request participation in the shared leave program when the employee is able to use accrued vacation leave, sick leave, or a personal holiday. For purposes of the Washington state leave sharing program, the following definitions apply:

(a) "Employee" means any employee who is entitled to accrue sick leave or vacation leave and for whom accurate leave records are maintained.

(b) "Employee's relative" normally shall be limited to the employee's spouse, child, stepchild, grandchild, grandparent, or parent.

(c) "Household members" is defined as persons who reside in the same home who have reciprocal duties to and do provide financial support for one another. This term shall include foster children and legal wards even if they do not live in the household. The term does not include persons sharing the same general house, when the living style is primarily that of a dormitory or commune.

(d) "Severe" or "extraordinary" condition is defined as serious or extreme and/or life threatening.

(2) An employee may be eligible to receive shared leave under the following conditions:

(a) The employee's agency head determines that the employee meets the criteria described in this section.

[Title 356 WAC—p. 49]

(b) For work related illness or injury, the employee has diligently pursued and been found to be ineligible for benefits under chapter 51.32 RCW.

(c) The employee has abided by agency policies regarding the use of sick leave.

(d) Donated leave is transferable between employees in different state agencies with the agreement of both agency heads.

(3) An employee may donate vacation leave, sick leave, or personal holiday to another employee only under the following conditions:

(a)(i) The receiving employee has exhausted, or will exhaust, his or her vacation leave, and sick leave due to an illness, injury, impairment, or physical or mental condition, which is of an extraordinary or severe nature, and involves the employee, the employee's relative or household member; and

(ii) The condition has caused, or is likely to cause, the employee to go on leave without pay or terminate state employment; and

(iii) The agency head permits the leave to be shared with an eligible employee.

(b) The donating employee may donate any amount of vacation leave provided the donation does not cause the employee's vacation leave balance to fall below eighty hours. For part-time employees, requirements for annual leave balances will be prorated.

(c) Employees may not donate excess vacation leave that the donor would not be able to take due to an approaching anniversary date.

(d) The donating employee may donate any specified amount of sick leave provided the donation does not cause the employee's sick leave balance to fall below four hundred eighty hours after the transfer. In no event will the donating employee transfer more than six days of sick leave during any 12-month period. For purposes of sick leave donation, a day equals the donor's monthly sick leave accrual.

(e) The donating employee may donate all or part of a personal holiday in accordance with WAC 356-18-025. Any portion of a personal holiday that is not used shall be returned to the donating employee.

(4) The agency head shall determine the amount of donated leave an employee may receive and may only authorize an employee to use up to a maximum of two hundred sixty one days of shared leave during total state employment, except that a nonpermanent employee who is eligible to use accrued leave or personal holiday may not use shared leave beyond the earlier date of:

(a) The termination date specified in the nonpermanent employee's appointment letter, or

(b) Nine months or 1560 nonovertime hours from date of appointment to the nonpermanent position; unless extended by the director per WAC 356-30-065(4), 356-30-067(6), and 356-30-140(6).

(5) The agency head shall require the employee to submit, prior to approval or disapproval, a medical certificate from a licensed physician or health care practitioner verifying the severe or extraordinary nature and expected duration of the condition.

(6) Any donated leave may only be used by the recipient for the purposes specified in this section.

(7) The receiving employee shall be paid his or her regular rate of pay; therefore, one hour of shared leave may cover more or less than one hour of the recipient's salary. The calculation of the recipient's leave value shall be in accordance with office of financial management policies, regulations, and procedures. The dollar value of the leave is converted from the donor to the recipient. The leave received will be coded as shared leave and be maintained separately from all other leave balances.

(8) All forms of paid leave available for use by the recipient must be used prior to using shared leave.

(9) Any shared leave not used by the recipient during each incident/occurrence as determined by the agency director shall be returned to the donor(s). The shared leave remaining will be divided among the donors on a prorated basis based on the original donated value and returned at its original donor value and reinstated to each donor's appropriate leave balance. The return shall be prorated back based on the donor's original donation.

(10) All donated leave must be given voluntarily. No employee shall be coerced, threatened, intimidated, or financially induced into donating leave for purposes of this program.

(11) Agencies shall maintain records which contain sufficient information to provide for legislative review.

(12) An employee who uses leave that is transferred under this section will not be required to repay the value of the leave that he or she used.

(1) The director of personnel, or designated representative, shall determine, by uniform standards, the appropriate examination for a register for a class and the tests, or combination of tests and relative weights to be assigned. Examinations shall be practical in nature and of such character as to determine the capacity of the applicant to perform the duties of the particular class of positions for which the applicant is competing as well as the applicant's general background and related knowledge, and shall be rated objectively. Examinations will be developed and administered in a manner that minimizes bias due to cultural differences. A passing score may be required on each test included in the examination.

Examinations shall normally consist of one or a combination of the following:

- (a) A written test.
- (b) A performance test.
- (c) An oral test.
- (d) An evaluation of experience and training.

(2) When the director of personnel determines that the number of applicants responding to an examination announcement is excessive in relation to the number of projected job openings, the director may limit admission to the oral test to those scoring highest on a preliminary test which may be a written test, performance test, or an evaluation of experience and training. The number admitted to the oral test shall be at least twice the number of anticipated vacancies for the subsequent year or 20% of those applicants with passing scores, whichever is greater; but never less than 16 or the entire body of passing applicants, whichever is less.

(3) When the director of personnel determines that the number of applicants to be admitted to the oral examination will be limited by a screening procedure as authorized by WAC 356-22-090(2), the department will ensure that, in addition, a representative number of those protected group members who were accepted under the examination announcement and who passed the preliminary test are also admitted to the oral examination.

WAC 356-26-050 Certification—Requests for. (1) Requests for certification will be submitted in the prescribed manner by the appointing authority to the director when filling vacancies in existing or newly allocated positions. [Title 356 WAC—p. 62]

(2) No permanent or probationary appointment to a classified position shall be made without prior authorization by the director or designee.

(3) No certification may be cancelled except for reasons filed with and approved by the director.

WAC 356-26-060 Certification—General methods.

Upon receipt of a request for certification, the director of personnel shall normally certify to the appointing authority a list of names equal in number to six more than there are vacancies to be filled from the ranked registers except:

(1) One name will constitute a complete certification when referrals are made from the agency reduction in force register, the service-wide reduction in force register, or the dual agency reversion register. When an appointing authority requests a selective certification for specialized qualifications, the eligible candidate must meet the selective criteria in order to be referred to the position, provided:

(a) The criteria were approved when the position was established, reallocated, or last filled; or

(b) The specialized qualifications were previously required for a classification that was later merged with other classifications that did not require them; or

(c) It has been determined that the position involves new duties that would warrant future selective certification. Such selective criteria shall not be applied for certification purposes until six months after the department of personnel approves the selective criteria for the position.

(d) In the case of (a), (b), or (c) of this subsection, the director of personnel or designee must determine that the specialized qualifications are still required for successful job performance and cannot be learned within a reasonable length of time.

(2) Where all names are certified exclusively from an open competitive register, the director of personnel may certify in ranked order up to all of the names from the open competitive register: *Provided*, That the appointing authority shall select from those eligibles available from the highest ranking names which constitute seven names per vacancy to be filled.

(3) The names of candidates from the same register who have the same score as the lowest score to be certified will also be certified.

(4) An unranked register may be used to complete a certification. An agency may request the transfer, reemployment, and/or voluntary demotion register(s) to complete a certification. In such cases, all names appearing on the specified register shall be certified. Subsequent unranked registers shall not be used until the certification is again incomplete.

(5) When the vacancy to be filled is identified as part of an agency's affirmative action goals as established by their approved affirmative action plan, the director of personnel may, except where there are employees on the reduction in force register, refer up to three additional names per vacancy of individuals who are on existing registers and who are members of the protected groups. More than three additional names per vacancy will be certified if there are protected

(1999 Ed.)

group candidates with the same score as the lowest score to be certified. This action may be taken when necessary to comply with the best standards of personnel administration as contemplated by chapter 41.06 RCW.

Prior to the utilization of this subsection, the agency shall determine if there are protected group members on the existing registers. If there are fewer than three protected group members on the register, the agency shall:

- (a) Appoint one of the eligibles from the register; or
- (b) Request assistance from the department of personnel in completing the certification. The department of personnel and the agency will then initiate targeted recruitment.
- (6) When one or more of the following conditions exist, the director of personnel or designee may certify a sufficient number of names to assure that the requesting agency has not less than seven names available for consideration:
 - (a) The position is in an isolated or undesirable location.
 - (b) The position has undesirable working conditions.
 - (c) The agency needs to fill several positions in the class.
 - (d) One or more agencies have had difficulty filling positions in the class.

(e) The director of personnel or designee determines that such certification is necessary to provide the requesting agency with efficient service.

If such certification contains seven or more available promotional candidates, agencies shall appoint from the promotional candidates.

(7) Permanent employees certified from a ranked register for consideration of appointment shall be notified by the agency at the time of the referral. Upon appointment the agency shall advise those employees certified but not appointed of the action taken.

If a certification is to fill more than one position, only that portion of it pertaining to positions for which applicants have not been notified that they are appointed will be withdrawn.

(3) In the event a name is certified in error and the error is discovered after one of the named applicants is notified that he or she is appointed but prior to the effective date of the appointment, the certification and appointment will be withdrawn as in subsection (2) of this section unless:

(a) Acceptance of the appointment caused the named applicant to change his or her place of residence.

(b) Acceptance of the appointment caused the named applicant to resign from a position that cannot be regained. When the named applicant is a state employee, the agency from which he or she resigned will reinstate the named applicant in his or her previous status.

(4) In the event a name is certified in error and the error is discovered after the effective date of the appointment of one of the named applicants, the director may revoke the appointment and make a proper certification of names. The error may be on the part of any party including erroneous information contained in the application.

(5) Falsification or misrepresentation of information on an application for employment will be cause to remove an applicant's name from the register. If the applicant has been appointed prior to the discovery of the falsification or misrepresentation, the director or the appointing authority may revoke the appointment during the probationary period. After

the probationary period the appointing authority may dismiss the employee for cause pursuant to WAC 356-34-010.

WAC 356-26-140 Background inquiries—Department of social and health services. (1) Within the department of social and health services, a background inquiry shall be completed prior to an applicant's appointment to a position which is directly responsible for the supervision, care, or treatment of children, developmentally disabled persons, or mentally ill persons, except as provided in subsection (4) of this section. For purposes of this section, applicants shall also include employees who are notified they are scheduled for reduction in force who wish to consider options to positions covered by this section. The inquiry shall include an examination of the applicant's conviction records and pending criminal charges. Inquiry findings shall be used solely for the purpose of determining the character, suitability, and competence of the applicant and may result in denial of employment only for positions covered by this section.

(2) The department of social and health services shall ensure that all applicants being considered for positions covered by this section are aware of the background inquiry requirement.

(3) Positions covered by this section are all positions which have either a direct or supervisory accountability for the supervision, care, or treatment of residents or clients who are children, developmentally disabled, or mentally ill per-

sons. Positions assigned duties that provide access to residents or clients who are either children or developmentally disabled, or mentally ill persons, but which are not directly accountable for their supervision, care, or treatment are not covered by this section.

(4) A background inquiry shall be completed on the applicant prior to any permanent or nonpermanent appointment into a position covered by this section, except as waived by the secretary of the department of social and health services or designee. The inquiry shall be conducted only with the applicant's written authorization. Failure to provide written authorization shall disqualify the applicant for both appointment and referral to positions covered by this section. Employees who at the time of consideration for appointment have current probationary, trial service or permanent status in positions covered by this section are exempt from the background inquiry requirement.

(5) A background inquiry shall be completed on applicants prior to an intermittent appointment to a position covered by this section. Individuals on intermittent appointments in positions covered by this section may not exceed twelve continuous months in such an appointment unless they are cleared following a subsequent background inquiry.

(6) Inquiry findings to be considered in determining the applicant's character, suitability and competence to perform in the position shall be limited to:

Such conviction will not be considered if it has been the subject of a pardon, annulment or other equivalent procedure based on a finding of innocence.

(c) Pending felony charges directly related to the position.

For purposes of applying subsection (6)(a) through (c) of this section, the following offenses shall be considered directly related to all positions covered by this section: All crimes involving physical harm or threat of physical harm to persons; all sex related offenses; all public indecency/prostitution offenses; and all offenses identified as being against children or developmentally disabled persons, or mentally ill persons.

(d) Disciplinary board final decisions.

(e) Any combination of two or more felony convictions for drug related or malicious harassment offenses if the date of conviction is less than seven years ago. Such conviction will not be considered if it has been the subject of a pardon, annulment or other equivalent procedure based on a finding of innocence.

(f) Conviction of or pending charges for a gross misdemeanor or misdemeanor involving either a minor or prostitution for which the date of conviction or jail release, whichever is more recent, is less than seven years ago.

(7) If the inquiry reveals information listed under subsection (6) of this section, no appointment decision shall be

made prior to providing the applicant with an opportunity to present evidence to the appointing authority that the inquiry findings should have no bearing on the applicant's character, suitability and competence to perform in the position. In reviewing the inquiry findings, the appointing authority shall take into consideration the recentness and seriousness of the crime, the number of previous offenses, the likelihood of rehabilitation, as well as the vulnerability of the clients to be cared for in determining the applicant's character, suitability, and competence to perform in the position.

(8) An applicant who has been notified of inquiry findings may appeal, pursuant to WAC 356-34-090, the appointing authority's decision not to appoint him or her only after having requested and completed the review provided in subsection (7) of this section.

(2) Temporary appointments may be made at a lower level than the allocation of the position being filled provided the class falls within the same or a related class series.

(3) All temporary appointments to supervisory or managerial positions must be made from within state service unless the director determines that such action is not practicable.

(4) Established registers, certification, and referral services are available and may be used when making temporary appointments. An employee certified from the register to fill a position in the absence of a permanent employee may enter a probationary or trial service period and subsequently gain permanent status when the permanent employee does not return to the position and the agency needs to fill the position

permanently. The director of personnel must approve the change in status before it occurs. Time served in a temporary appointment will not be counted as part of the probationary or trial service period.

(5) Temporary appointees must meet the minimum qualifications of the class to which they are appointed unless the director of personnel determines that program needs demand otherwise. Upon termination of such temporary appointment, permanent or probationary employees shall have the right to resume a permanent position within their permanent agency at their former status except as provided in (6) below. The employee's salary upon return will be determined as if the employee had remained in the permanent position.

(6) An employee who accepts a temporary appointment to a higher class in the same series in the same work unit shall continue the probationary or trial service period for the lower class.

An extension may be approved by the director when a temporary appointment is made to replace a permanent employee who has been granted a leave of absence, when temporarily filling a supervisory or managerial position when there is reorganization pending, or as otherwise approved by the director. WAC 356-30-075 Appointments—Veterans—Non-competitive. (1) Appointing authorities shall prefer veterans, as defined in subsection (2)(a) of this section and their widows, widowers, and spouses during their initial entrance into state service when considering selecting persons from eligible lists to fill vacancies in the noncompetitive service as described in WAC 356-22-230(1). Those veterans, widows, widowers and eligible spouses determined to be at least equal to nonveterans shall be preferred over the nonveterans except appointing authorities may, with the approval of the director of personnel, consider protected group status and periods of military service when endeavoring to satisfy their established and approved agency affirmative action plans.

(2) For the purpose of defining the eligible veterans and their widows, widowers and spouses referred to in subsection (1) of this section:

(a) "Veteran" means honorably discharged persons following active service in any war of the United States or in any

military campaign for which a campaign ribbon shall have been awarded.

(b) "Widow" and "widower" means the person who was married to the veteran defined in (a) of this subsection at the time of the veteran's death and who has not since remarried.

(c) "Spouse" means the person married to the veteran as defined in (a) above, when that veteran has a service connected permanent and total disability.

(3) "Equal" as referred to in subsection (1) of this section shall be determined by the appointing authorities as follows:

(a) Filling vacancies from the lists in the noncompetitive service. The appointing authority shall use a score resulting from an established systematic evaluation of the applicant's work and/or educational and training background, evaluated both for length of time and quality of experiences. Also, appointing authorities may uniformly use other merit factors that are specifically job-related in making determinations. When appointing authorities do select persons other than those listed in subsection (2) of this section who have lesser scores than those persons listed in subsection (2) of this section, they shall forward to the director of personnel an explanation and the relative standing of the eligibles selected.

(b) A description of the established systematic evaluation system by agencies must be submitted to the director of personnel. Upon request, the director of personnel will make the services of the department of personnel available, to recommend the merit and job-related factors and procedures for judging relative qualities.

(2) Positions which are established to respond to cyclic work load requirements and which meet the definition of seasonal career employment shall be established as seasonal career positions: *Provided*, That the agency will not establish seasonal career positions which circumvent the utilization of full-time positions.

(3) An initial appointment into seasonal career employment shall be from a register or lists; except that employees selected for a fourth consecutive season of cyclical temporary employment, as provided in the definition of seasonal career employment, shall be granted a seasonal career appointment provided they pass a qualifying examination for the classification in which they are employed.

(4) Upon completion of the probationary period of 1040, 1560, or 2080 accumulated scheduled hours (if serving a six-month, nine-month, or twelve-month probationary period), employees in seasonal career employment shall assume the rights of a permanent employee. Past service that later entitles employees to seasonal career employment will count toward permanent status at the beginning of the fourth qualifying season.

(5) Seasonal career employees affected by reduction in force, reduction in hours of work, subsequent reemployment or increase in scheduled hours of work will have their reduction in force rights only within their seasonal career layoff unit and will compete based on seniority. WAC 356-30-135 In-training appointments. (1) The director of personnel or designee, upon request from an agency after the agency has consulted with the exclusive representative, may designate specific positions, groups of positions, or entire classes of positions, as in-training positions. The request or documentation shall include a description and length of the training program. The training program shall include one or more of the following components:

(a) On-the-job training (knowledge and skill developed through experience);

(b) Classroom or field instruction;

(c) Courses conducted by an educational institution, vocational school or professional training organization;

(d) Written, oral and/or practical examination(s).

(2) Positions designated as in-training may be at any level within a class series or related series provided that positions whose primary responsibility involves supervision will not normally be designated as in-training.

(3) In-training positions may be filled at any level within the designated class series or related series in accordance with the rules governing appointments to permanent positions.

(4) The employee will automatically advance to the higher level after satisfactory completion of the training program requirements for the lower level.

(5) Agency training programs shall confine in-training time at each training class level to a period of not less than six months and not more than twenty-four months. The class level occupied by a trainee shall determine the level of the position to be used to pay and evaluate the trainee.

(6) Employees will serve a probationary period or trial service period at each level within the in-training series. When employees are in their probationary or trial service period and are advanced to the next highest level in the in-training class series, they shall complete the terms of the original probationary or trial service period.

(7) Employees who fail to progress through each level of the in-training series will be subject to the following actions:

(a) Employees in probationary status: Employees who enter positions, without first attaining permanent status, may be dismissed during their probationary period if they fail to meet the required standards of the in-training position.

(b) Employees in trial service status: Permanent employees who are promoted into in-training positions and who are unsuccessful in completing their trial service period shall, at the discretion of the agency, either be returned to their former class and position or have reversion rights to their former class and status held prior to promotion into the in-training series. This does not preclude the employee's eligibility for transfer or voluntary demotion.

(c) Employees with permanent status in an in-training position: Employees who have completed their probationary or trial service period but are unsuccessful in attaining subsequent advancement through the in-training series may be removed from the in-training series under the provisions of WAC 356-34-010. This does not preclude the employee's eligibility for transfer or voluntary demotion.

(8) Time spent in nonpermanent appointments in an in-training position prior to a permanent appointment into the position shall not normally be credited as part of the in-training period. After permanent appointment to an in-training position, time spent in a nonpermanent appointment to a higher level within the in-training series shall be credited as part of the training period for the lower level but the time shall not be credited toward completion of the training period for the higher level. Exceptions will be considered during the review of the request.

(9) Time spent in a position prior to an in-training designation shall not normally be credited as part of the training period. Exceptions will be considered during the review of the request.

(10) Transfer of an employee from one in-training position to another in-training position at the same level within the series shall not extend the training period.

(11) The director of personnel may delegate authority to an agency designee with local list authority to designate specific positions, groups of positions, or entire classes of positions, as in-training positions, after the agency has consulted in advance with the exclusive representative.

(1) Intermittent appointments may be made with the approval of the director of personnel or designee. An intermittent appointment shall be approved when the nature of the work is intermittent in character fitting no particular pattern. An employee may not work more than 1560 nonovertime hours within any twelve-month period in an intermittent appointment. A position which is filled beyond the 1560 nonovertime hours within a twelve-month period shall be vacated for a minimum of three months. Time spent in emergency appointments will be counted in the 1560 hours.

(2) Intermittent appointments may be made at a lower level than the allocation of the position being filled provided the class falls within the same or a related class series.

(3) Intermittent appointees must meet the minimum qualifications for the class in which they are hired unless the director of personnel determines that program needs demand otherwise. Established registers may be used when making intermittent appointments.

(4) Consecutive appointments of the same person in the same agency may be made as long as the employee does not work more than 1560 nonovertime hours in a twelve-month period.

(5) No person can become a permanent employee because of time served as an intermittent employee.

(6) Intermittent employees who accept temporary appointments may return to intermittent employment and resume intermittent status without approval of the director of personnel if they have not exceeded 1560 nonovertime hours in all nonpermanent appointments within the last twelve months. If the employee reaches 1560 nonovertime hours in the last twelve months, a mandatory three-month break must

be made, unless the director of personnel determines otherwise.

(7) Agencies must review intermittent appointments on a quarterly basis to ensure that intermittent employees are employed in accordance with these rules.

(8) The director of personnel shall monitor intermittent appointments made pursuant to this section and may revoke delegated authority where abuse is found.

WAC 356-30-145 Project employment. (1) Project employment when designated by the director, is the grouping together of employees whose length of employment is contingent on state, federal or other grant funding of specific and of time limited duration.

(2) The designation of competitive project employment will be initiated and approved by the director of personnel, or authorized proposing agency designee. Such designation documentation will include:

- (a) The nature and scope of the program.
- (b) Source and conditions of funding.
- (c) Explanation of why project status should be used rather than regular classified service.
- (d) Explanation of why competitive service is not practical to use if noncompetitive service is requested.
- (e) Relationship of project to regular operations and programs of the agencies.
- (f) Number of positions.
- (g) Duration.
- (h) Proof of notice to the employee organizations affected in advance of the project.
- (i) Project employees benefits.

(3) The director or agency designee may extend a project beyond its scheduled term.

(4) Permanent employees in regular positions may transfer, promote, or voluntarily demote into project employment positions as provided by these rules unless prohibited by the contract that established the project.

(5) Positions in project employment will be in the competitive service unless the director determines otherwise. Grounds such as special requirements of the project contract, insufficient time to recruit and unavailability of a register, or other circumstances where a competitive exam is not practi-

cable may warrant use of the noncompetitive service. Requests to the director for noncompetitive project positions shall include all of the information in (2) above.

(6) Employees hired into project positions must be notified, in writing, of the expected ending date of their employment.

(7) Project employees who have entered into project employment without permanent status, will gain permanent project status upon completion of their probationary period and shall be entitled to appropriate rights within project employment and to those outlined below.

(a) Once permanent project status has been gained, project employees may have their names placed on the transfer or voluntary demotion register for regular positions in the same or similar job classes for which permanent project status has been gained.

(b) Permanent project employees who entered project employment via the noncompetitive process must be certified from the appropriate register in order to transfer, voluntarily demote, or promote directly into regular positions. These employees may continue to apply for regular positions via the open competitive route.

(c) Permanent project employees who entered project positions via the competitive process may transfer, voluntarily demote, or apply as promotional candidates to regular classified positions as though they were permanent employees unless permanent employees have been prohibited from competing for the project positions.

(d) Project employees who have gained permanent project status, and transfer or voluntarily demote into a regular position, will not be required to serve a probationary period.

(e) Project employees who are currently on the registers will continue to be on the registers and may be certified as provided in these rules.

(8) Employees who left a state agency with permanent status and came directly into project employment will continue to have promotional opportunities and transfer rights of their former position as though they were still employed in that agency.

(9) Project employees will have reduction in force rights within their project boundaries only and will compete according to "seniority," except permanent employees who left regular classified positions to accept project employment will have the reduction in force rights of the position they left. Time spent in project employment will also be credited to the employees' seniority for use in competing in the regular state positions, provided there is no break in service. Names of project employees separated by reduction in force actions, who did not leave regular classified positions to accept project employment, will be placed on the reemployment register WAC 356-26-030(9) for the usual life of that register. Upon reduction in force from the project, project employees who entered the project through the competitive process and remain in project status for two years shall be eligible to have their names placed on the agency reduction in force registers for the classes in which permanent project status was attained. Bumping options will be limited to the project boundaries.

(10) The time spent in project employment will also be credited toward periodic increment dates, annual leave, sick leave and other benefits provided to employees in these rules.

(1) Employees who receive appointments to permanent positions from the open competitive register and the reemployment register shall serve a probationary period of six to twelve months as determined by the board. The board shall designate a probationary period of six months for all positions in a class unless they determine that job requirements of the class require a longer period (up to twelve months) to provide adequate training and/or evaluation. The board shall apply the following criteria for approving probationary periods of longer than six months:

(a) The work of the majority of the positions in the class is of such a nature that performance of the full range of duties cannot be properly evaluated within six months after an appointment.

or

(b) Work of the class is cyclical in nature and the workload cycle cannot be completed within six months after an appointment.

or

(c) Work is of such a nature that extended formalized training is required prior to the full assumption of duties.

All positions in a class shall have the same probationary period.

(2) All persons at time of appointment shall be notified in writing by the agency of the length of their probationary period. When the probationary period for a class is increased beyond six months, the increased probationary period shall apply only to persons appointed after the effective date of the change.

(3) The probationary period will provide the appointing authority with the opportunity to observe a new employee's work, to train and aid the new employee in adjustment to the position, and to terminate any employee whose work performance fails to meet the required standards.

(4) Employees who, during their probationary period, go on leave without pay or shared leave shall have their probationary period extended by the number of calendar days they are on leave without pay or shared leave including any intervening nonworking days.

(5) Employees shall have their probationary period extended by the number of calendar days in excess of 30 in which the employee is not at work including any intervening nonwork days if:

(a) Work is missed due to sick leave, vacation leave, military training leave, or miscellaneous leave; or

(b) Work is missed by employees of the departments of social and health services, corrections or veterans affairs due to an assault that occurred on the job and who are receiving compensation in an amount equal to full pay, as provided in chapters 72.01 and 72.09 RCW; or

(6) Work missed during the probationary period due to holidays shall be counted as part of the required probationary period.

(7) When an employee accepts a temporary appointment to a higher class in the same series in the same work unit while serving in a probationary period, the probationary period shall continue for the lower class.

(8) Permanent appointment of a probationary employee shall be automatic unless the person is dismissed under provision of WAC 356-30-270.

(9) Veterans and their widows who have not remarried and are in probationary status will be granted seniority preference only within ranks of probationary employees and will not be granted preference within the ranks of the permanent employees until they acquire permanent status.

(1) An employee may be dismissed during a probationary period after being given written notice indicating the reasons for the dismissal five working days prior to the effective date of dismissal. However, if the agency believes the good of the service requires the immediate dismissal of the probationary employee, written notice of only one full working day prior to the effective date of the dismissal will be required.

(2) An employee dismissed during a probationary period shall not have the right to appeal the dismissal. When proper advance notice of the dismissal is not given, the employee may enter an appeal for payment of salary for up to five days which the employee would have worked had proper notice been given. WAC 356-30-330 Reduction in force—Reasons, regulations—Procedure.

(1) Employees may be separated in accordance with the statutes and the agencies' approved reduction in force procedures after at least fifteen calendar days' notice in writing, without prejudice, because of lack of funds or curtailment of work, or good faith reorganization for efficiency purposes, ineligibility to continue in a position which has been reallocated, or when there are fewer positions than there are employees entitled to such positions either by statute or within other provisions of merit system rules.

(2) When employees have statutory and merit system rule rights to return to the classified service, such employees first shall be returned to the classification selected. If such return causes the total number of employees to exceed the number of positions to be filled in the classification, the least senior person in the position shall have the reduction in force rights prescribed in this section.

(3) The agencies shall develop a reduction in force procedure that is consistent with the following:

(a) For purposes of reduction in force (WAC 356-30-330), seniority shall be determined by the definition in WAC 356-05-390. Ties in seniority will be broken by first measuring the employees' last continuous time within their current classification; if the tie still exists, by measuring the employees' last continuous time in their current agency; and if the tie still exists, by lot.

(b) Clearly defined layoff units, either geographically or by administrative units or both, so as to limit the disruption of an agency's total operation; but not to unduly restrict the options available to employees with greater seniority. The definition of layoff units may be a series of progressively larger units within an agency when a valid option in lieu of separation cannot be offered to respective employees within

a lesser-sized unit. Employment projects, established under the provisions of WAC 356-30-145, Project employment, are distinct layoff units, separate and exclusive of any other defined layoff unit or employment project. Seasonal career layoff units, established under the provisions of WAC 356-30-130, Seasonal career employment, are distinct layoff units, separate and exclusive of any other defined layoff unit.

(c) Options in lieu of separation by reduction in force shall be offered by an agency only when such options are in accordance with the agency's reduction in force procedure which has been approved by the director of personnel.

(d) Agency reduction in force procedures shall specify the rights and obligations for employees to accept or reject options offered in lieu of separation due to reduction in force.

(e) "Bumping" by employees with greater seniority will be limited to:

- (i) The same layoff unit; and
- (ii) Classification in which the "bumping" employee previously held permanent status; and
- (iii) Position at the current salary range of the employee doing the bumping, or lower; and
- (iv) Employee with the least seniority within the same category of full-time or part-time employment; and
- (v) Competition at one progressively lower classification at a time.

(f) An employee may not exercise a bumping option in lieu of separation due to a reduction in force if there is within the agency a vacant position which satisfies all of the criteria set forth below.

The position is one which:

- (i) The agency intends to fill;
- (ii) Is in the current classification of the employee being offered the option, or in a classification within which the employee being offered the option previously held permanent status;
- (iii) Is at a salary range no lower than the range that would have otherwise been a bumping option;
- (iv) Is located within a reasonable commuting distance of the employee's permanent work location; and
- (v) Is on the same or similar workshift as the one which the employee currently holds.

(g) When an employee has previously held permanent status in more than one classification at the same salary range and is eligible to bump, then the employee shall be offered the option to bump into the position occupied by the employee with the least seniority.

(h) The right to actually "bump" shall be exercised only after the employee to be "bumped" has received at least fifteen calendar days' notice of the scheduled action.

(i) Options of full-time positions will be offered first to full-time employees before part-time positions are offered. For the purpose of these offers, employees who previously accepted part-time positions due to a reduction in force action or to lessen the impact of a reduction in force shall be considered full-time employees.

(j) Seniority for part-time employees will be computed on a basic payroll hour basis within the same provision and restrictions of the general definition of seniority. When part-time employees become full-time employees, their payroll

hours will be integrated on a comparable time basis as full-time employees.

(k) Permanent employees who have been scheduled for reduction in force shall have the right to take a transfer or a voluntary demotion to a vacancy that is to be filled in their own layoff unit for which they qualify, as determined by the director of personnel. This right is to be exercised according to the seniority of those desiring the same vacancy.

(l) Options of other than permanent positions as named in (m) of this subsection are to be made if no permanent position to be filled is available within a reasonable commuting distance.

(m) The reduction in force procedure shall contain the statement that, "No permanent employee shall be separated from state service through reduction in force without being offered within fifteen calendar days prior to what would be the permanent employee's effective separation those positions at the same or lesser salary range within the layoff unit for which he/she qualifies, currently being held by emergency, temporary, probationary, or intermittent employees."

(n) The salary of an employee who has accepted a lower position will be reduced to the top of the range of the lower class unless the previous salary is within the range of the new class, in which case it will remain unchanged.

(4) The agency shall submit the procedure to the director of personnel for approval.

(5) Vacancies will not be filled either by local list procedures or on a temporary, intermittent, or seasonal basis without contacting the department of personnel in an effort to fill the positions by qualified employees who have been or are scheduled for separation due to reduction in force.

(6) When a majority of the positions in a layoff unit other than in project employment is to be eliminated because of a lack of funds and/or work, permanent employees in such positions shall be offered, according to their seniority, those positions in classes in which they have held permanent status which are currently being held by emergency, temporary, or probationary employees; provided they have not rejected offers of vacant positions made by certifications from the registers. Such options shall be offered in accordance with the following requirements:

(a) Positions in the employee's own agency and within a reasonable commuting distance shall be offered first; second, in the classified service within a reasonable commuting distance; third, anywhere within the employee's own agency; and fourth, throughout the classified service.

(b) A permanent employee's right to fill a position may be exercised only within fifteen calendar days prior to the effective date of separation.

(c) Offers will be made in accordance with a procedure established by the director of personnel.

(7) In order to exercise an option to a position which may require selective criteria, the following applies. The option may be exercised only by an employee who possesses the required specialized qualifications when:

(a) The criteria were approved when the position was established, reallocated or last filled; or

(b) The specialized qualifications were previously required for a classification that was later merged with other classifications that did not require them; or

(c) When, at a subsequent time, it was determined that the position requires the performance of specialized duties that would warrant future selective certification.

(d) In the case of (c) of this subsection, the selective criteria shall not be applied for the purposes of determining reduction in force options until six months after the notification of the new duties has been made to the department of personnel.

(e) In the case of (a), (b) and (c) of this subsection, the director of personnel or designee must have determined that the specialized qualifications are still essential for the successful job performance and the qualifications could not be learned within a reasonable length of time.

(8) Options to positions which are covered by WAC 356-26-140 may be exercised only by employees who, at the time they are notified they are scheduled for reduction in force:

(a) Are exempt from a background inquiry by WAC 356-26-140(4); or

Disability—Reasonable accommodation—Separation—Appeals.

WAC 356-35-010 Disability—Reasonable accommodation—Separation—Appeals. (1) An appointing authority may initiate a disability separation of a permanent employee only when reasonable accommodations cannot be provided.

[Title 356 WAC—p. 81]

When the employee requests a disability separation, the appointing authority is not required to consider reasonable accommodations.

(2) If the disability prevents performance of an essential function of the current job, and there is no appropriate work available while trying to reasonably accommodate the employee, the employee shall be allowed to use accrued vacation, sick, shared leave, exchange, and/or compensatory time. If there is no paid leave available or if the employee chooses not to use paid leave, the employee shall be placed on authorized leave without pay.

(3) When reasonable accommodations cannot be provided, the employee may be separated by the appointing authority after written notice of, whichever is greater,

(a) Sixty calendar days; or,

(b) The number of consecutive work days for which only accrued sick and vacation leave, as defined in WAC 356-18-050 and 356-18-090, could be used.

If the employee is unable to work due to the disability during the notice period and there is no paid leave available, the absence shall be considered approved leave without pay.

The sixty calendar days notice shall not be required when the employee requests and the appointing authority approves a shorter notice period.

(4) For purposes of this rule, determinations of disability shall be made by an appointing authority only at the employee's written request or after obtaining a written statement from a physician or a licensed mental health professional. The appointing authority may require an employee to obtain a medical examination at agency expense from a physician or a licensed mental health professional of the agency's choice. In such cases, the agency shall provide the physician or licensed mental health professional with the specification for the employee's class and a description of the employee's position. Evidence may be requested from the physician or licensed mental health professional regarding the employee's ability to perform the specified duties.

(5) Agency initiated separations due to disability shall not be considered disciplinary actions and shall be appealable to the personnel appeals board. At the time of notification that their employment will be terminated because of disability, such employees shall be informed by the appointing authority of their right to appeal. The appeal must be filed in writing to the personnel appeals board as provided in Title 358 WAC within thirty calendar days after notice of separation is given.

(6) During the notice period required by subsection (3) of this section the agency shall inform employees being separated due to disability that they may be eligible for benefits/assistance programs such as employees' insurance plans, Social Security, worker's compensation, veteran's benefits, public assistance, disability retirement, and vocational rehabilitation.

(7) The names of permanent employees who have been separated because of disability shall be placed on reduction in force and promotional registers by the director of personnel as provided in WAC 356-26-030 upon submission of a statement from a physician or licensed mental health professional that they are able to perform the duties of the class(es) for which the registers are established.

WAC 356-42-020 Determination of bargaining unit.

(1) Determination, alteration, or modification of an appropriate bargaining unit shall be made by the board upon petition from an employee organization, or upon the board's own motion after 20 days' notice has been given to the appointing authority and to affected employees and their representatives.

(2) Prior to an employee organization petitioning the board for creation or modification of a bargaining unit, the petitioning employee organization will confer with the appointing authority on the proposed unit creation or unit modification.

(3) If an appointing authority has reason to believe that an existing bargaining unit in the appointing authority's agency or department is no longer appropriate, the appointing authority may request the board to consider modification of the bargaining unit. However, if there is an employee organization certified as exclusive bargaining representative for that unit, the appointing authority will first confer with the certified employee organization on the proposed modification prior to presenting the request to the board. The board may choose to consider such unit modification questions and would act on its own motion as designated in WAC 356-42-020(1).

(4) In determining a bargaining unit, the board shall consider the following factors:

(a) Duties, skills and working conditions of the employees.

(b) History of collective bargaining by the employees and their representatives.

(c) Extent of organization among the employees.

(d) Desires of the employees.

(5) Any petition filed hereunder should set forth all pertinent facts and supporting reasons, as comprehensively as possible, to aid the board in its determination.

(6) At the hearing on a petition, the board shall make an oral determination regarding the proposed action. Thereafter, the board shall enter an appropriate order containing findings of fact and conclusions of law reflecting the oral determination. Unless otherwise provided, the effective date for the creation or modification of a bargaining unit shall be the date of the board's oral determination.

(7) Bargaining units normally shall not include both supervisory and nonsupervisory employees unless such inclusion is justified by application of the criteria identified in subsection (4) of this section. Employees will not be excluded from a bargaining unit based solely on their supervisory status where supervisors have historically been included in the unit.

(8) Where all or part of a state agency is combined with another agency, the board may determine the continued appropriateness of existing bargaining units affected by that

action and modify those units accordingly. The determination of successorship of incumbent exclusive representatives shall be addressed.

WAC 356-42-030 Determination of bargaining unit—Of exclusive representative. (1) The director shall certify an employee organization as exclusive representative of the employees of a bargaining unit when such organization shows proof that it represents a majority of such employees at the close of the last preceding payroll period and such proof is not contested by the appointing authority, the director, or any other interested party. Prior to certification, the director shall give ten calendar days' notice that an employee representative has petitioned to be named the exclusive representative of a bargaining unit. Such notice shall inform all other interested parties that an election may be requested as herein provided and that the proof of representation may be contested. In the event that proof of representation is not satisfactory to the director, he may require an election to be held.

(2) The director shall conduct a secret vote for selection of an exclusive representative of the employees of a bargaining unit upon request from an employee organization showing satisfactory proof of at least 30 percent representation within the unit at the close of the last preceding payroll period. Upon granting a request for an election, the director shall give notice thereof and allow ten calendar days for other employee organizations desiring their names placed on the ballot to show satisfactory proof of at least ten percent representation within the unit at the close of the last preceding payroll period.

(3) The director, after consultation with interested employee organizations and the appointing authority, shall promulgate rules for the conduct of the election and shall distribute sample ballots. The ballot shall contain the name of the requesting employee organization and the name of any other employee organization showing satisfactory proof of at least ten percent representation within the unit and shall provide a choice for any employee within the unit to designate that he does not desire any representation. Where more than one organization is on the ballot and none of the choices receives a majority of all votes cast in such election, a run-off election shall be held. The run-off ballot shall contain the two choices which received the largest and the second largest number of votes.

(4) An employee organization receiving a majority of all votes cast in such an election, or run-off election, shall be certified by the director of personnel as the exclusive representative of the employees of the bargaining unit. If no employee organization receives a majority of votes cast, the director will issue notification to that effect.

(5) When an employee organization has been certified as the exclusive representative of the employees of a bargaining unit, the employee organization shall be entitled to act for and

to negotiate collective bargaining agreements covering all employees in the bargaining unit. The certified employee organization shall be responsible for representing the interests of all such employees. Individual grievances or group grievances of employees may, however, be presented by them to management and may be adjusted by management so long as the adjustment is not inconsistent with the collective bargaining agreement and the exclusive representative has had an opportunity to review such adjustments. Noncertified employee representatives may also present their views to the appointing authority.

(6) Upon request by the certified exclusive representative, the appointing authority shall provide that organization with the names and addresses of all employees in the bargaining unit. The appointing authority shall not be required to provide such lists more often than quarterly unless otherwise provided in a collective bargaining agreement.

WAC 356-42-040 Decertification of exclusive representative. (1) Upon petition to the director by no less than thirty percent of the employees of a bargaining unit, decertification or a new certification shall be determined by an election as prescribed in WAC 356-42-030; provided however, that no petition shall be honored where:

(a) Less than twelve months have elapsed since the director last certified either the exclusive representative or the results of an exclusive representation certification election; or

(b) A valid collective bargaining agreement exists for the unit, except for that period of no more than ninety calendar days nor less than sixty calendar days prior to the expiration of the contract. This thirty-day open period shall apply to the initial, extended and automatically renewed contract periods.

(2) The election shall be conducted at the close of the contract term, or at an appropriate time, if no contract exists for the unit.

WAC 356-42-042 Election provisions—General. (1) To provide that certification/decertification and union shop elections are truly representative of the desires of the employees and that all employees eligible to vote have every opportunity to do so, employee participation in these elections will be encouraged to the greatest extent possible.

(2) The director or designee shall administer all elections and be responsible for the processing and adjudication of all disputes that arise as a consequence of elections.

(3) Upon being notified by the director or designee that a valid petition for an election has been received, the affected appointing authority shall submit to the director or designee and the petitioning party and/or exclusive representative a list of all employees included in the bargaining unit as of the preceding payroll period. This list shall contain the employees' names, job classifications, work locations, and home mailing addresses. For purposes of an election, the director or designee

nee shall also provide such listing to an affected employee organization which has submitted proof that it represents at least ten percent of the employees in the bargaining unit and/or to a group of affected employees who have submitted a written request signed by at least ten percent of the employees in the unit.

(4) Upon receipt of a valid petition for an election, the director or designee shall conduct a preelection conference which shall include representatives of the appointing authority, and representatives of the employee organization and/or petitioning party. At the preelection conference, determinations will be made on such matters as method of balloting, date(s) of election, absentee voting, eligibility of voters, locations, personnel at each election site, campaign activities, and any other matter that should be resolved concerning that election. Following, the preelection conference, the director or designee will establish rules, regulations and procedures for holding the election.

(5) At least ten days prior to the scheduled date, the director or designee will distribute a notice of election for posting in the work areas of affected employees. Such notice will contain information regarding the date(s), time(s) and location(s) of balloting, the rules, regulations and procedures established for the election, and a sample ballot.

(6) To the extent feasible, as determined by the director or designee, on-site voting shall take place during the employees' regular work schedules. Eligible voters shall be given ample opportunity to vote during work time while the polls are open.

(7) An employee who cannot appear at the voting site on the date of the vote, may vote by absentee ballot. A request for an absentee ballot must be submitted to the director or designee prior to the close of voting at the employee's voting site. To be counted, absentee ballots must be postmarked within five calendar days thereafter and must be received by the department of personnel within ten calendar days of the close of the polls.

(8) Employees on leave of absence without pay for the entire calendar month preceding the start of the balloting shall not be eligible to vote.

(9) Rules governing campaign activities shall be determined at the preelection conference. Employees included in the affected bargaining unit and representatives of the petitioning party and/or the affected employee organization shall have the right to conduct such activities on the employer's grounds during work hours so long as the work of the employee and the operation of the employer are not disturbed.

(10) Electioneering shall not be permitted within twenty-five feet of the posted election area during the hours of voting or at any place after the close of the polls.

(11) Each party to an election may have one observer present during on-site voting to assist the election agent in identifying eligible voters. An employee who serves as such an observer shall be released with pay from duties normally performed during his/her work hours.

(12) The department of personnel will maintain the official voter eligibility list and will provide a copy of that list to each party. The official observer for either party may bring a copy of that list to the on-site polling place(s) for his/her own

use, provided such use does not interfere with the conduct of the election.

(13) Within five working days of the date of the tally of the ballots, the petitioning party, the affected employee organization, or an employee in the bargaining unit may file objections to the election. Such objections must be in writing and must be received by the director within the five working day period. The director or designee shall investigate and determine an appropriate remedy if the objection is found to be meritorious.

(14) Any violation of these rules should be immediately reported to the director or designee. Upon receiving a complaint, the director or designee will immediately investigate; and if necessary, take steps to cause the violation to stop. If it is found by the director or designee that violations of these rules or the preelection agreements have affected the outcome of the election, the director may invalidate the election, order a new election, or take other appropriate remedial action.

WAC 356-42-043 Union shop requirements. (1) Once a majority of employees within a bargaining unit determine by election to require as a condition of employment membership in the employee organization designated as exclusive representative, all employees included in that unit, shall be required to pay to the employee organization the regular dues of the organization, or pay a representation fee or a nonassociation fee within thirty calendar days following their start of employment or thirty calendar days after an employee organization wins certification as union shop representative, whichever is later. The thirty calendar days starts the first day of the employee's employment within the bargaining unit which has a certified union shop representative or starts the date of the director's certification of the election results, whichever is later.

(2) Upon certification as a union shop representative, the employee organization shall notify all employees within the bargaining unit of the existence of the union shop requirement and the conditions of employment which arise under that requirement.

(3) Membership in the employee organization is satisfied by the payment of monthly or other periodic dues or representation fees and does not require payment of initiation, reinstatement, or any other fees or fines and includes full and complete membership rights.

(4) Employees who have a bona fide religious objection precluding them from membership in an employee organization, based on religious tenets, or teachings of a church or religious body of which they are members may satisfy the union shop requirement by paying to the union shop representative a nonassociation fee. This fee is an amount equivalent to the regular dues of the union shop representative, minus any monthly premiums for union sponsored insurance programs.

(5) Employees who wish to exercise the right of nonassociation from an employee organization, as provided in subsection (4) of this section, must submit their request to the union shop representative. If the union shop representative

rejects the employee's request or fails to respond within ten working days, either the employee or the union shop representative may submit the issue to the director or his designee who shall investigate and confer with the parties in an effort to resolve the dispute. If agreement is not reached, the director shall issue a written decision which shall be final.

(6) Once an employee has qualified to pay the nonassociation fee, the employee may designate that the fee go to that program or programs within the functions of the union shop representative in harmony with the employee's individual conscience.

(7) Employees who qualify for nonassociation shall not be members of the employee organization, but are entitled to the same representation rights as members of the employee organization.

(8) Employees who object to payment for activities of the exclusive representative which are supported by regular dues and which are not related to representation of the employees in the bargaining unit may pay a representation fee in lieu of regular dues in accordance with the procedure adopted by the employee organization. The representation fee is to be calculated by the representative in accordance with applicable constitutional and statutory requirements. See WAC 356-05-461.

(9) Failure of an employee to become a member of the employee organization which is the union shop representative or make payment of the union shop representation fee or the nonassociation fee within thirty calendar days following the employee's start of employment or within thirty calendar days after an employee organization has been certified as union shop representative, whichever is later, shall cause that employee to be dismissed as hereinafter provided.

(10) Employees on leave of absence without pay for an entire calendar month shall not be required to pay dues or union shop representation or nonassociation fees to the union shop representative during that month. When an employee returns from leave of absence to employment and pay status within the bargaining unit, he shall be considered included in the bargaining unit and required to pay the union dues or union shop representation or nonassociation fee.

(11) Once an employee organization has been certified by the director as a union shop representative, the affected appointing authority shall provide the employee organization with a monthly list of the employees in the bargaining unit.

(12) After written notification by the union shop representative that an employee has not complied with the union shop requirements, the appointing authority shall give written notification to the employee of fifteen calendar days' notice of his or her dismissal for failure to join the union or pay representation or nonassociation fees. The dismissal action shall be rescinded if an employee complies with the union shop requirements within those fifteen calendar days, or presents evidence that the union shop representative has not complied with WAC 356-42-010(3) or the representation fee or nonassociation fee requirements of this section.

(13) The appointing authority shall notify affected employees of existing union shop provisions prior to their hire, promotion, or transfer into a bargaining unit where such provisions are in effect.

WAC 356-42-045 Union shop elections. (1) An employee organization is eligible to petition for a union shop representation election if the employee organization is certified as exclusive bargaining representative for a bargaining unit in accordance with WAC 356-42-030.

(2) Upon receipt of a valid petition from the certified exclusive bargaining representative, the director or designee shall order a union shop representation election. If the employee organization does not already have the opinion of counsel required by WAC 356-42-010(3) on file with the director, the petition shall not be considered complete until such an opinion is provided.

(3) The election will be conducted under the general procedures outlined in WAC 356-42-042.

(4) A petitioning employee organization will be certified as union shop representative if a majority of the employees who are included in the bargaining unit vote in favor of the union shop.

(5) The petitioning employee organization shall take great care to avoid making untrue statements concerning union shop election issues.

(6) The appointing authority shall cooperate with the director or designee to assure that eligible employees have a maximum opportunity to vote in union shop elections.

(7) The appointing authority, supervisors, and other representatives of management shall remain neutral on the questions, merits and issues of the union shop and the petitioning employee organization for the purposes of union shop elections; except that such individuals who are members of the bargaining unit shall have the right to express their personal opinions and beliefs regarding the issues when their positions are included in the bargaining unit. If an objection is made by the petitioning employee organization or by an employee included in the bargaining unit to written or oral statements made by the appointing authority, supervisors or other representatives of management, the director or designee shall investigate the objection and determine the appropriate remedy if the objection is found to be meritorious.

(8) When the board, pursuant to WAC 356-42-020, adds a new classification of employees into an existing bargaining unit which has a union shop provision in place, such action shall effect an automatic request for a new union shop certification election to determine the desires of the employees of the new unit unless fewer than twelve months have elapsed since the last union shop election and:

(a) The same employee organization is the certified union shop representative for each of the units being combined; or

(b) The results of the union shop election previously held still represent a majority vote in favor of the union shop provision in the new unit; or

(c) A majority of the incumbents in the positions to be added have signed a petition indicating acceptance of the union shop condition.

(9) No union shop election petition will be honored within twelve months following the director's certification of

the results of a prior union shop certification election or a prior union shop decertification election.

WAC 356-42-047 Union shop decertification. (1)

Upon petition of thirty percent or more of the employees included in a bargaining unit, a union shop decertification election will be conducted by the director or his designee to determine whether the employee organization which is the union shop representative will remain certified as union shop representative for a bargaining unit.

(2) The election will be conducted under the general procedures outlined in WAC 356-42-042.

(3) If a majority of the employees included in the bargaining unit vote to decertify the employee organization as union shop representative, the director will issue a notice of decertification. Once an employee organization has been decertified from a bargaining unit as union shop representative, all of its union shop rights cease in that unit.

(4) An employee organization is automatically decertified as union shop representative if it is decertified as exclusive bargaining representative in accordance with WAC 356-42-040 Decertification of exclusive bargaining representative.

(5) The appointing authority, supervisors, and other representatives of management shall remain neutral on the questions, merits, and issues of the union shop and the union shop representative for the purpose of union shop decertification elections; except that such individuals who are members of the bargaining unit shall have the right to express their personal opinions and beliefs regarding the issues when their positions are included in the bargaining unit. If an objection is made by the union shop representative or by an employee included in the bargaining unit to written or oral statements made by the appointing authority, supervisors or other representatives of management, the director or designee shall investigate the objection and determine the appropriate remedy if the objection is found to be meritorious.

(6) No union shop decertification election petition shall be honored within twelve months following the director's certification of the results of a prior union shop election or union shop decertification election.

WAC 356-42-049 Disclaimer of interest—Notice—Automatic termination of exclusive representation. (1) If

an employee organization with a current certification as exclusive representative of employees in a bargaining unit seeks to disclaim any interest in continuing to represent the affected employees as their exclusive representative, the employee organization may file a notice of disclaimer of interest and provide copies of the notice to the employees of the bargaining unit.

(2) The notice shall be filed on a form as specified and provided by the director and shall specifically state the date on which the employee organization will cease to be or act as the exclusive representative of the bargaining unit. The notice

(1) Written agreements may contain provisions covering all personnel matters over which the appointing authority of the appropriate bargaining unit of such agency may lawfully exercise discretion.

(2) Written agreements shall include a grievance procedure for processing individual and group grievances within the bargaining unit and shall provide for mediation by the director of personnel or his designee. Requests for mediation must be submitted in writing to the director of personnel no later than thirty calendar days from the date of the agency's written response at the final internal step of the procedure. Grievance procedures shall also provide for arbitration by the board in accordance with WAC 356-42-055.

(3) Written agreements may contain provisions for payroll deduction of employee organization dues upon authorization by the employee member. Any employee may cancel his payroll deduction of employee organization dues by filing a written notice with the appointing authority and the employee organization thirty calendar days prior to the effective date of such cancellation. Where union shop provisions exist, payroll deduction rights shall also extend to those employees who because of religious tenets pay a nonassociation fee, or employees who pay a representation fee.

(4) The initial term of written agreements shall not exceed three years. Automatic renewal or extension provisions may extend the period of the contract for a period not to exceed one year at a time.

WAC 356-42-055 Arbitration—Grievance—Procedure. Whenever arbitration of a grievance is requested of the board pursuant to an agreement as authorized by WAC 356-42-050(2), the procedure set forth below shall apply:

(1) The request for arbitration shall be in the form of a complaint. It shall be filed on a form supplied by the board, or in a writing containing the same information as required on the form within thirty calendar days or less from the date the

director of personnel or designee indicates in writing that the mediation is at impasse. The request shall state the following:

(a) The name, address and telephone number of the party filing the request, and the name, address and telephone number of any principal representative.

(b) The name, address and telephone number of the opposing party, and, if known, the opposing party's principal representative.

(c) Clear and concise statements of the facts upon which the grievance is based, including times, dates, places and participants in occurrences.

(d) A listing of the applicable sections of the collective bargaining agreement, rules, policies, etc., upon which the grievance is based and which are claimed to be violated. A copy of the collective bargaining agreement or of the pertinent sections of the agreement shall be attached to the request for arbitration.

(e) A statement of the specific issue(s) to be arbitrated.

(f) A statement of the relief sought.

(g) The signature and, if any, the title of the person filing the request for arbitration.

(h) A copy of the original grievance and the agency's last written response to the grievance shall be attached to the request for arbitration.

(2) By mutual agreement the parties to the grievance may extend the thirty-day time frame for requesting arbitration established in subsection (1) of this section. Agreements to extend the time frame shall be reported in writing by the parties to the director of personnel.

(3) The board's hearings coordinator shall review the request for arbitration to determine compliance with subsection (1) of this section. If the hearings coordinator determines the request is incomplete, the person filing the request is notified of the portions which need to be supplemented or changed to comply with subsection (1) of this section. When the hearings coordinator determines that the request substantially complies with subsection (1) of this section he or she shall mail, or otherwise cause to be served, the request on the opposing party(ies). Any refusal by the hearings coordinator to serve the request for arbitration on the opposing party is reviewable by the board upon motion of the requesting party.

(4) After the request for arbitration is served on the opposing party(ies), the board or the board's designee may direct the parties or their representatives to engage in a pre-hearing conference(s) in accordance with WAC 356-37-160.

(5) The board's hearings coordinator shall schedule the arbitration for hearing pursuant to WAC 356-37-040.

(6) Within thirty calendar days from the date of service of the acknowledgment of the arbitration request, the respondent shall submit a written statement of issue(s) to be arbitrated. If no response is received, the petitioners' statement of issue(s) will be deemed to be the issue(s) at the arbitration hearing unless otherwise determined by the board.

(7) Upon stipulation between the parties, the board or designee may grant the grievant's request to waive the right to an evidentiary hearing and thereafter require the parties to submit written evidence upon which the board or designee may act without a hearing.

(8) If the matter is heard directly by the board, a final and binding decision will be issued. If the matter is heard by

the board's designee, a recommended decision will be issued. Within thirty calendar days of its service, either party may request the board to review the designee's decision. The review will be limited to specific areas of the decision to which the party takes exception. The requesting party must provide written argument in support of the exceptions. The board will consider the exceptions and may in its discretion hear oral argument. Thereafter, the board will issue a decision which shall be final and binding on the parties. The designee's decision will become final and binding forty calendar days after it was served on the parties if no exceptions are filed, unless the board calls a hearing to reconsider the decision.

(9) The grievant shall have the burden of proof and go forward with the evidence.

(10) The board or its designee shall be the judge of relevancy and materiality of evidence offered. Technical rules of evidence shall not apply to the proceedings.

(11) The provisions of chapter 356-37 WAC (Hearings—General procedures) shall apply to the conduct of grievance arbitration hearings, except as otherwise provided in this section.

(a) The agency has specific, objective grounds stated in writing to believe the employee's work performance is impaired due to the presence of such substances in the body; and

(b) The employee is in a position where such impairment presents a danger to the physical safety of the employee or another; and

(c) The agency has a specific written policy authorizing such test, establishing procedures under which they may be conducted, and protecting the confidentiality of the results, provided the results may be disclosed in an action or proceeding challenging any disciplinary action arising from the incident which led to the test. The agency's proposed policy must be submitted to the affected exclusive bargaining representative or representatives and approved by the director of the department of personnel before implementation.

(2) An employee who is found to be impaired on the job due to the use of controlled substances may be subject to disciplinary action in accordance with existing laws and regulations, but the results of such drug test shall provide no independent basis for disciplinary action. However, the agency may use the results of a drug test to require an employee to successfully complete a rehabilitation plan. The rehabilitation plan terms may require the employee to pass all subsequent drug tests. In this situation, the independent use of a subsequent drug test may be the basis for disciplinary action.

(3) In the event an employee is found to have used controlled substances, the agency shall inform the employee of available assistance through the employee advisory service or other similar program.

(4) Nothing herein shall prevent an agency from conducting medical screening to monitor exposure to toxic or other unhealthy substances in the work place, provided such screenings are limited to the specific substances reasonably believed to be present.

Statutory Authority: Chapter 41.06 RCW and RCW 41.06.500.

WAC 356-56-001 Declaration of purpose. (1) The general purpose of this chapter of rules is to establish for the state a system of personnel administration called the Washington management service, as authorized in RCW 41.06.500.

(2) Except as provided in RCW 41.06.070, the director of the department of personnel is authorized to adopt, after consultation with state agencies and employee organizations, rules for managers as defined in WAC 356-56-002.

(3) In establishing rules for managers, the director shall adhere to the following goals:

(a) A simplified classification system that facilitates movement of managers between agencies and promotes upward mobility;

(b) A compensation system consistent with RCW 41.06.150(17). The system shall provide flexibility in setting and changing salaries;

(c) A performance appraisal system that emphasizes individual accountability for program results and efficient management of resources; effective planning, organization, and communication skills; valuing and managing workplace diversity; development of leadership and interpersonal abilities; and employee development;

(d) Strengthened management training and career development programs that build critical management knowledge, skills, and abilities; focusing on managing and valuing workplace diversity; empowering employees by enabling them to share in workplace decision making, and to be innovative, willing to take risks, and able to accept and deal with change; promoting a workplace where the overall focus is on the recipient of the government services and how these services can be improved; and enhancing mobility and career advancement opportunities;

(e) Flexible recruitment and hiring procedures that enable agencies to compete effectively with other employers, both public and private, for managers with appropriate skills and training; allowing consideration of all qualified candidates for positions as managers; and achieving affirmative action goals and diversity in the workplace;

(f) Provisions that managers may only be reduced, dismissed, suspended, or demoted for cause;

(g) Facilitation of decentralized and regional administration; and,

(h) Ensure that decisions are not based on patronage or political affiliation.

[Statutory Authority: Chapter 41.06 RCW and RCW 41.06.500, 94-01-126, § 356-56-001, filed 12/17/93, effective 1/18/94.]

WAC 356-56-002 Inclusion in the Washington management service. (1) Chapter 356-56 WAC applies only to classified employees or positions that meet the definition of manager. Each agency will identify all positions that meet

[Statutory Authority: Chapter 41.06 RCW and RCW 41.06.500. 94-01-126, § 356-56-002, filed 12/17/93, effective 1/18/94.]

WAC 356-56-010 Application of rules. (1) These rules shall be separate from rules adopted by the Washington personnel resources board for other classified employees, and to the extent that the rules adopted apply only to managers, shall take precedence over rules adopted by the board, and are not subject to review by the board.

(2) The intent of the director of personnel in adopting the rules in this chapter is to comprehensively cover the personnel matters relating to Washington management service positions. Therefore, if a Washington management service issue is identified that the director has not specifically addressed by adopting rules, the Washington personnel resources board rules shall not be effective or take precedence in addressing the issue.

WAC 356-56-100 Compensation policy and practice.

(1) Each agency has the overall responsibility for effectively managing and properly budgeting for salaries for its Washington management service positions. Each agency shall develop policies and procedures, consistent with chapter 356-56 WAC and guidelines established by the department of personnel, for fair and objective internal salary administration. In developing and administering these policies and procedures, each agency will adhere to the following:

(a) In all aspects of compensation administration, no agency policy or procedure shall be negotiated or agreed to that reduces an agency's flexibility and discretion in assigning salaries, making salary adjustments, or other pay practices.

(b) Point factor evaluations of anchor positions will provide a framework for the evaluations of the remaining positions in the Washington management service. The department of personnel will participate in re-evaluations of generic anchor positions.

(c) Each agency will identify agency-specific anchor positions which are generally used the same throughout the agency.

(2) The salary for each position shall have a relationship to both its point factor evaluation and the prevailing market rate.

WAC 356-56-105 Position evaluation—Assignment to management bands. Management bands are a series of management levels included in the Washington management service. Placement in a band reflects the nature of management, decision-making environment and policy impact, and scope of management accountability and control assigned to the position. Each agency will evaluate its positions using a managerial job value assessment chart developed by the department of personnel. The number of points resulting from the evaluation will determine to which management band a position is assigned.

WAC 356-56-115 Salary adjustments. (1) Adjustments to the compensation for a position with no change in evaluation points shall not exceed the maximum or fall below the minimum amount set by the director of personnel for the management band. After the initial transition evaluation, salary adjustments initiated by the agency, other than for promotion or demotion, will not normally exceed a total of ten percent for a single fiscal year. Excluded from the ten percent limit on salary increases are annual periodic increments, legislatively approved increases, movement of a position to the minimum of the band, initial transition evaluation adjustments, and promotional increases. Requests for exception may be granted only by the director of personnel. Salary adjustments may be made under the following conditions:

(a) Legislatively directed general and/or special increase;

(b) Documented recruitment and/or retention problems as approved by the agency director or designee;

(c) Documented agency and/or state internal salary relationship problems, as approved by the agency director or designee; or

(d) Progression adjustments may be granted in recognition of the employee's demonstrated growth and development following initial transition, hire, transfer, or a promotion by up to five percent annually, for a maximum total of twenty percent.

(2) Voluntary movement in or to a position of lower evaluation points may result in a salary decrease which exceeds ten percent but does not fall below the minimum amount of the band.

(3) A promotion is the assignment of additional responsibilities which results in a higher salary standard and/or higher evaluation points for the same position, or movement to a different position that has a higher salary standard and/or higher evaluation points. Promotional increases may exceed ten percent.

(4) A disciplinary demotion for cause is the assignment of responsibilities which results in a lower salary standard and/or lower evaluation points for the same position, or movement to a different position that has a lower salary standard and/or lower evaluation points. The resulting salary decrease may exceed ten percent and must be in conformance with the provisions of the Fair Labor Standards Act.

(5) Involuntary downward movement based on a nondisciplinary reassignment of duties that results in a lower salary standard and/or lower evaluation points for an employee's present position shall not cause a decrease in the employee's current salary. The employee's current salary will be retained until such time as it is exceeded by the Washington management service salary structure or the employee leaves the position.

(6) An agency may provide a lump sum recognition payment within guidelines established by the department of personnel in recognition of documented exceptional work and performance results. Such compensation shall not become a permanent salary increase but is considered to be income for recognizing documented exceptional work and performance results. A payment made as a lump sum for recognition purposes shall be included within the ten percent annual adjustment limitation in the fiscal year in which it is paid.

(7) Salary changes greater than five percent proposed for any group of employees shall require review and approval by the director of personnel.

Every even-numbered year the department of personnel shall conduct a survey of selected management positions and pay practices to determine the general competitiveness of the management band salary structure and salaries paid to specific surveyed positions. Additional surveys may be conducted, or other survey information used, by the department of personnel to make specific salary recommendations for Washington management service positions.

WAC 356-56-200 Recruitment and selection policy and practice. Each agency shall develop policies and procedures for filling positions and for employee movement that will best meet client, employee, management, and organizational needs.

(1) Policies and procedures for recruitment and selection will be inherently flexible, permitting methods and strategies to be varied and customized for each recruitment and selection need. In all aspects of recruitment and selection, no agency policy or procedure shall be negotiated or agreed to if it will reduce the agency's flexibility and discretion in filling a position or moving an employee; provided that, such policies and procedures are consistent with chapter 356-56 WAC.

(2) In developing and administering these policies and procedures, each agency will adhere to the following:

(a) Provide for the ability to consider any or all qualified candidates for hire, promotion, or internal movement.

(b) Ensure that hiring decisions are fair, objective, and based on the evaluation of the knowledge, skills, abilities, and other job related characteristics required for successful job performance.

WAC 356-56-205 Movement within Washington management service. (1) There is no required promotional preference when recruiting and selecting for Washington management service positions. However, an agency may determine, on an individual position basis, if it is in the organization's best interest to limit the candidate pool to those eligible for agency or service-wide promotion.

(2) A transfer is the movement of an employee from one position to a different position or movement of a position from one section, department, or geographical location to another at the same salary standard and/or same evaluation points.

(a) An employee and the affected agency or agencies may agree to a transfer within Washington management service, within an agency, or between agencies.

(b) An agency or agencies may transfer an employee or a position with an incumbent to meet client or organizational needs if the new location is within a reasonable commute as defined by the agency.

WAC 356-56-220 Review period—Attaining permanent status. (1) The review period for an appointee to a position within the Washington management service is a period of time to allow the employer to ensure the appointee meets the performance and other requirements of the position.

(2) Based on the nature of the job and the skills of the appointee, the review period will be between twelve and eighteen months as determined by the appointing authority. The appointing authority will inform the appointee in writing at the time of appointment of the length of the review period.

(3) Appointees from outside state service and promotional appointees will attain permanent status in the position upon successful completion of the review period.

(4) An appointing authority may require an employee who transfers or voluntarily demotes to serve a review period.

(5) An employee who is promoted to a different Washington management service position during the review period, will begin a new review period for the new position. The employee will concurrently serve both the original and the new review period and will attain permanent status as a state employee in the original position when the original review period elapses.

(6) An employee who is appointed to a Washington management service position from a Washington general service position while serving a probationary or trial service period in the same or similar occupational field will serve the trial service or probationary period concurrently with the review period. The employee will attain permanent status in the previous job classification once the original probationary or trial service period elapses.

(7) The agency may require a review period when the employee remains in the same position and receives a promotion.

WAC 356-56-230 Reversion. (1) During the review period, the appointing authority may separate or revert the employee from the position with written notification of the effective date.

(2) If a Washington management service permanent employee is appointed to a Washington management service position in the same agency, and reverted during the review period, the agency will place the employee in a vacant funded Washington management service position for which the employee is qualified, and that is comparable to the employee's position and salary prior to the last Washington management service appointment. If no vacant funded positions are available, the agency shall place the employee in a position for which the employee is qualified in the Washington management service similar to the employee's previous position and salary.

(3) If a Washington management service permanent employee is appointed to a Washington management service position in a different agency, and is reverted during the review period, the hiring agency will place the employee in a vacant funded Washington management service position for which the employee is qualified, and that is comparable to the employee's position and salary prior to the last Washington management service appointment. If no vacant funded positions are available, the hiring agency shall place the employee in a position for which the employee is qualified, in the Washington management service similar to the employee's previous position and salary.

(4) If a permanent Washington general service employee is appointed to a Washington management service position in the same agency and is reverted during the review period, the employee will retain reversion rights to and be placed in a position in the Washington general service class in which the employee held permanent status prior to the Washington management service appointment as provided in WAC 356-30-315.

(5) If a permanent Washington general service employee is appointed to a Washington management service position in a different agency and is reverted during the review period, the hiring agency will place the employee in a vacant funded position for which the employee is qualified, and that is comparable to the employee's position and salary prior to the last Washington management service appointment. If no funded vacancies are available, the employee is separated and may request to be placed on the reversion registers for the Washington general service class in which the employee held status prior to the Washington management service appointment as provided in WAC 356-30-315.

(6) Within the first six months of any review period, an employee may voluntarily revert to the Washington general service position, if vacant and funded, held prior to the employee's first Washington management service appointment or to a similar funded vacant position at the same salary range. If no funded vacancies are available, the employee may request to be placed on the reversion registers for the Washington general service class in which the employee held status prior to the first Washington management service appointment.

(7) Nothing in this section shall preclude agencies and the reverted employee from reaching mutual agreement on placement of a reverted employee within the Washington management service or within the Washington general service if permitted by the respective rules.

(8) If reversion of a permanent employee appointed to or within the Washington management service results in fewer funded positions than employees entitled to the positions, and the agency consequently conducts a reduction in force, the provisions of WAC 356-56-550 will apply.

(9) An appointee to a Washington management service position from outside state service who is separated prior to completion of the review period will not attain permanent status, nor have reversion rights to any position within the Washington management service or within the Washington general service.

(10) Employees may not appeal reversion or separation from the review period.

(2) The department of personnel shall provide a performance evaluation system which shall be used by each state agency for evaluation of its managers. Agencies may tailor the managerial evaluation system to fulfill agency-unique needs, provided the emphasis be placed on:

(a) Collaboration and communication between the supervisor and managerial employee during the performance planning and evaluation process;

WAC 356-56-550 Reduction in force—Agency procedure—Bump options. (1) Washington management service employees may be separated due to reduction in force in accordance with the statutes and the agency's reduction in force procedures after at least fifteen calendar days' notice in writing, without prejudice, because of lack of funds or curtailment of work, or good faith reorganization for efficiency purposes, ineligibility to continue in a position which has been reallocated to the Washington general service, or when there are fewer positions than there are employees entitled to such positions either by statute or within other provisions of these rules.

(2) When exempt employees have statutory rights to return to the Washington management service, such employees first shall be returned to the position selected. If such return causes the total number of employees to exceed the total number of positions to be filled, the least senior person in the position shall have the reduction in force rights prescribed in this section.

(3) Each agency shall develop a reduction in force procedure that is consistent with the following:

(a) For purposes of reduction in force, seniority shall be determined by the definition in WAC 356-05-390. Ties in seniority will be broken by first measuring the employees last continuous time within their current position; if the tie still exists, by measuring the employees last continuous time in their current agency; and if the tie still exists, by lot.

(b) Layoff units will be clearly defined, either geographically or by administrative units or both, so as to limit the disruption of an agency's total operation; but not to unduly restrict the options available to employees with greater seniority. The definition of layoff units may be a series of progressively larger units within an agency when a valid option in lieu of separation cannot be offered to respective employees within a smaller unit.

(c) Options in lieu of separation by reduction in force may be offered by an agency only when such options are in accordance with the agency's reduction in force procedure.

(d) Appointment to vacancies and "bumping" shall occur in accordance with the following:

(i) Appointing authorities will seek within the agency a funded vacant Washington management service position for which the employee has the required job skills, and that is at the same salary standard and/or same evaluation points. If no funded vacancies exist, then the appointing authority shall seek a funded position within the agency at the same or lower salary standard and/or at the same or lower evaluation points for which the separated employee has greater seniority, appli-

cable personal work history, and the required job skills. The appointing authority will first look within the current management band for equivalent funded positions at the same salary standard and/or the same evaluation points, and if none are found, then progressively to positions with a lower salary standard and/or lower evaluation points. The appointing authority may consider vacant positions within the agency at higher evaluation points.

(ii) Appointing authorities will consider appropriate Washington general service positions within the agency in the same occupational field with the same or similar salary for which the employee is qualified and has held permanent status, prior to considering appropriate Washington management service positions within the agency which have a lower salary standard and/or lower evaluation points and salary.

(iii) Permanent Washington management service employees who have no options for the same or similar positions in the Washington management service, and who have held permanent status in the Washington general service, will be afforded reduction in force rights as provided in chapter 356-30 WAC.

(e) The right to actually "bump" shall be exercised only after the employee to be "bumped" has received at least fifteen calendar days' notice of the scheduled action.

(f) Options of full-time positions will be offered first to full-time employees before part-time positions are offered. For the purpose of these offers, employees who previously accepted part-time positions due to a reduction in force action or to lessen the impact of a reduction in force shall be considered full-time employees.

(g) Seniority for part-time employees will be computed using the same percentage the part-time schedule bears to a full-time schedule. When part-time employees become full-time employees, their payroll hours will be integrated on a comparable time basis as full-time employees.

(h) No permanent employee shall be separated through reduction in force without being offered acting positions for which the agency determines the employee is qualified.

(i) The salary of an employee who accepts a position with lower evaluation points shall be determined by the agency.

WAC 356-56-600 Appeals. (1) Only disciplinary action as defined in WAC 356-56-500, transfer that is alleged to be an unreasonable commute, disability separation, or reduction in force action directly affecting a permanent Washington management service employee may be appealable to the personnel appeals board as provided in Title 358 WAC.

(2) Decisions on which Washington management service positions shall be eliminated under reduction in force actions shall not be appealable to the personnel appeals board.

WAC 356-56-610 Reviews. (1) Each agency will develop policies and procedures for conducting an informal review of certain actions with which the affected employee

disagrees (except as described in WAC 356-56-600). In developing and administering these policies, the agency will adhere to the following:

(a) The informal review shall be limited to a maximum of three levels of review within the agency.

(b) Informal reviews may be limited to a review of documentation and other relevant information. Review decisions should be prompt.

(c) Except as provided in WAC 356-56-610 (3)(c), the informal review will be conducted by the agency director or designee.
