[2000 WAC Supp—page 1582]
WAC 365-140-040 Contractor funding allocation and award of contracts. At least seventy percent of the total allocation appropriated by the legislature shall be contracted to lead agency contractors. These funds shall be for the purpose of funding the activities of food banks and food distributors, the purchase of special dietary needs foods, and providing special dietary needs training. The specific appropriation for timber and salmon dependent communities shall be contracted to food banks in those communities. Of the remainder of the total allocation, not including department administrative costs, allocations shall be contracted to a discretionary program if the department elects to award such contracts, the tribal food voucher program, and additional special dietary needs training. Allocations for each county shall be contracted to lead agency contractors on the following basis:

1. A formula for distributing the funds in proportion to need shall be established by the department in consultation with a committee appointed by the director or the director’s designee.

This formula may only be changed at the beginning of a biennial contract period.

2. The department shall award the lead agency contract to an eligible contractor as defined by the department, that is supported by a least two-thirds of the participating food banks in a county.

3. The department may award the combined allocation for two or more counties to a single applicant.

4. The department shall award a contract to no more than one lead agency contractor in each county, with the exception of King County, where there may be three lead agency contractors, to administer subcontracts with one or more participating food banks and food distributors.

5. Federally recognized tribes may apply to the department directly for the food program without having to subcontract with the lead agency. They must meet all the same criteria and requirements as lead agencies.

6. Within each lead agency service area, except for the additional funds specifically allocated for food banks in timber and salmon dependent communities, funds shall be allocated between food distributors, food banks, and special dietary needs foods and training based on a two-thirds vote of all participating food banks and the lead agency.

7. The additional funds specifically allocated for food banks in timber and salmon dependent communities shall remain in the amounts identified by the legislature.

8. If participating food banks designate funds for food distribution, they shall elect with a two-thirds vote of the participating food banks and the lead agency, an eligible distributor as defined by the department. They may choose more than one distributor with which to subcontract. The lead agency contractor shall be responsible for subcontracting with the food distributor(s).

9. A formula for distributing the funds to each tribe and tribal organization participating in the emergency food assistance program in proportion to need shall be established by the department in consultation with a committee consisting of representatives from all tribes participating in the program. This formula may only be changed at the beginning of a biennial contract period.

10. The department shall pay for services provided under the emergency food assistance program after the contractor submits a monthly report of expenditures incurred and a request for reimbursement.

11. Tribes may apply for the food bank funds or the food voucher funds or both. Tribes will receive the same amount of funds whether they participate in one or both programs, computed as their share of the allocated EFAP tribal funds. It will be up to the discretion of each participating tribe how it allocates the EFAP funds.

12. In the event that funds are not claimed by an eligible organization in a county or that a portion of the funds allocated to a county remains unspent, the lead agency contractor may request authorization from the department to reallocate funds, within its service area, to an area of unmet need.

13. In the event that a portion of the funds allocated to a subcontracting tribe within a tribal contractor’s contract remains unspent or unclaimed, the tribal contractor may request authorization from the department to reallocate funds to one of its other subcontracting tribes with unmet needs.

WAC 365-140-050 Applicant eligibility criteria. (1) The applicant must have a certified form from the IRS stating nonprofit status under section 501 (c)3, or be a public nonprofit agency, be a recognized tribe, a tribal organization with 501 (c)3 status, or an unrecognized tribe with 501 (c)3 status.

(2) The applicant for funding as lead agency must have been operating as a public nonprofit or private nonprofit with 501 (c)3 status for one year prior to the beginning date of the contract.

(3) The applicant for funding as a participating food bank must have been operating as a public nonprofit or private nonprofit with 501 (c)3 status food bank for one year prior to the beginning date of the subcontract.

(4) The applicant for funding as a food distributor must have been operating as a public nonprofit or a private nonprofit with 501 (c)3 status food distributor for one year prior to the beginning date of the subcontract.

(5) The applicant for lead agency or tribal contractor may or may not actually provide emergency food program services.

(6) The applicant must practice nondiscrimination in providing services and employment.

(7) The applicant must not require participation in a religious service as a condition of receiving emergency food or a food voucher.

(8) Applicants within a county or multicounty region, or tribes with established parameters for service, may define their service area boundaries for the purpose of equitably...
allocating resources. The department encourages the provider to serve the client no matter what service areas the client resides in. If appropriate, the provider may then refer the client to the agency servicing the area in which the client resides, or to the tribe which has established jurisdiction over the individual, for further assistance. Providers must practice non-discrimination when applying their service area policies.

(9) The applicant may not charge for food or food vouchers given to a client.

WAC 365-140-060 Financial support application process. (1) Potential applicants will be notified by the department that in order to be considered for state emergency food financial assistance, an application must be submitted to the department.

(2) An applicant must make formal application using forms issued and procedures established by the department. Such application shall be for the period indicated on the contract face sheet. Failure of an applicant to make application in a timely manner, as specified by the department, may result in denial of the funding request.

(3) Department funds may not supplant other existing funding sources.

(4) Department funds may not be used to defray costs of distributing USDA commodities under the commodity program.

(5) The department shall notify successful applicants and shall provide to each of them a contract for signature. This contract must be signed by an official with authority to bind the applicant and must be returned to the department prior to the award of any funds under this program.

(6) Applicants that receive food bank or food distribution funds are subject to the following fiscal requirements:

(a) The total funds from the department received by a nontribal lead agency contractor or a food distribution subcontractor must be equally matched by funds from other sources during the fiscal year. No more than fifty percent of that match may be documented in-kind contributions. Non-tribal participating food banks receiving funds from the department have two options for matching funds: They may equally match the EFAP funds, with no more than fifty percent being documented in-kind contributions; if they do not have at least one-half of their minimum match as cash, they may match their department funds by at least two hundred percent in-kind contributions from other sources.

(b) Administrative costs for food bank and food distributor subcontractors under this program are limited to ten percent of their total contract award. Administrative costs for a lead agency contractor who also provides direct emergency food assistance services as a participating food bank and/or services as a food distributor are limited to ten percent of the contractor's allocation for providing direct services, ten percent of the contractor's allocation for providing food distributor services, and ten percent of the total contract award as food bank lead agency; total administrative costs, however, may not exceed fifteen percent of the total contract award. Administrative costs for agencies who are lead agency contractors only are limited to ten percent of their total contract award.

(7) Tribal applicants are subject to the following fiscal requirements:

(a) Tribal contractors and subcontractors must match thirty-five percent of the funds received by the department for the emergency food assistance program. No more than fifty percent of that match may be documented in-kind contributions.

(b) Of a contract award allocated to the tribal food voucher program, tribal contractors may not spend more than ten percent on administrative costs, and five percent on operational expenditures. The balance of funds is to be used for food vouchers issued to clients. Of funds allocated to the food bank program, tribal contractors are subject to the same spending requirements as nontribal food bank contractors as per WAC 365-140-060 (6)(b).

(9) "Family" means all persons living in the same household who are supported by the income of the parent(s) or guardian(s) of the child enrolling in the early childhood education and assistance program, and related to the parent(s) or guardian(s) by blood, marriage, adoption, or legal obligation to provide support.

(10) "Contractor" means an applicant which has been awarded state funds under the early childhood education and assistance program, and which has entered into a contract with the department of community, trade and economic development to provide an early childhood education and assistance program. Contractors may be local public or private organizations which are nonsectarian in their delivery of services.

(11) "Like educational services" means comprehensive programs providing educational, family support, and health services funded by other sources.

(12) "Low-income family" means a family whose total income before taxes for the previous twelve months or full calendar year, whichever period better reflects the current income of the family, is equal to, or less than, one hundred ten percent of the federally established poverty guidelines as defined by the department of health and human services. Recipients of cash benefits under the temporary assistance to needy families program are included in this definition.

(13) "Nonsectarian" means that no aspect of early childhood education and assistance services will include any religious orientation.

WAC 365-170-050 Eligibility criteria for funding applicants. (1) Public or private nonsectarian organizations are eligible to apply for funding as early childhood education and assistance programs.

(2) A consortium of public or private nonsectarian organizations, or both, are eligible to apply.

(3) Organizations must have established appropriate internal fiscal controls and fund accounting procedures to assure the proper disbursement of, and accounting for, all funds provided.

(4) Using a form provided by the department, organizations must obtain acknowledgement of their application from local school districts within the proposed service area.

WAC 365-170-070 Use of funds. (1) Department funds must not be used to supplant other existing funding sources.

(2) Contracting agencies receiving early childhood education assistance program funds must provide comprehensive early education and family support services free of charge to enrolled families.

(3) Early childhood education assistance program funds must be used as dollars of last resort for medical, dental, nutrition and mental health services.

(4) Administrative costs under this program are limited to fifteen percent of the total award.

WAC 365-170-080 Recruitment, eligibility and enrollment of children. (1) Nondiscrimination. Programs must neither deny service to, nor otherwise discriminate in the delivery of services against, any person who otherwise meets the eligibility criteria for the program on the basis of gender, race, color, religion, age, national origin, citizenship, ancestry, physical or mental disability, family configuration, culture, or because such person is a recipient of federal, state, or local public assistance. Services must comply with ADA and the Family Policy Initiative principles defined in RCW 74.14A.025.

(2) Recruitment.

(a) Policies and procedures must be in place to systematically recruit, document eligibility, and enroll children who reflect the low-income population in the service area of the program. Ongoing recruitment activities must be conducted to ensure that eligible families in the community are aware of services.

(b) Recruitment efforts must be made to ensure enrollment at one hundred percent of the funded enrollment level within thirty calendar days of the first date of service. Daily attendance at eighty-five percent of the funded enrollment level must be maintained. Efforts to recruit eligible children and maintain waiting lists for filling vacancies as they occur must continue until forty-five calendar days from the end of the program year.

(c) Not less than ten percent of the available slots statewide shall be reserved for children of migrant families, seasonal farmworker families, and native American families living on or off reservation.

(d) As many as ten percent of the available funded enrollment slots may be filled with children who do not meet income eligibility requirements if the child is determined to be "at-risk" due to developmental or environmental factors.
(3) Eligibility. A child is eligible if:
   (a) The child is not eligible for kindergarten as of August 31 of the contract year; and
   (b) The child would benefit from a preschool program designed to help prepare children to enter the school system;
   (c) The child is not otherwise a participant in a federal or state program providing like educational services as defined under WAC 365-170-030(10); and
   (d) The child:
      (i) Is a member of a family with an income level that, as defined by the Department of Health and Human Services, is at or below one hundred ten percent of the U.S. Poverty Guidelines for family size. Verification and documentation of family income must be obtained for the previous calendar year or twelve months which precede the child's enrollment date, whichever is more reflective of current circumstances; or
      (ii) Is a member of a family which receives cash benefits under the Temporary Assistance to Needy Families program; or
      (iii) Occupies one of the slots of ten percent which may be filled with children who do not meet income eligibility requirements but are determined to be at-risk due to developmental or environmental factors; or
      (iv) Occupies one of the slots of ten percent of slots available state-wide which shall be reserved for children of migrant families, seasonal farmworker families, and native American families living on or off reservation who are otherwise eligible.

(4) Enrollment.
   (a) Enrolled children and their families must not be charged fees for any services provided.
   (b) Programs must develop an enrollment process that addresses identification of age eligible and income eligible children and prioritization within that same population. Priority must be given to children from families with the lowest income or to eligible children from families with multiple needs. Criteria for prioritizing eligibility must address the various factors in WAC 365-170-080(3) and must at minimum prioritize as follows:
      (i) First priority for enrollment, consistent with the intent to prepare children for the common school system, must be given to four year olds who are not eligible for kindergarten as of August 31 of the contract year and are considered to be at-risk;
      (ii) Second priority must be given to three-year-olds if local program priorities determine the child would benefit from a comprehensive early education program.

WAC 365-170-090 Program design. (1) Standards for program design are based on a model of comprehensive services to enrolled children and their families. These include educational and health services, including medical, dental, nutrition, mental health, and family support services. Parents must be given the opportunity to be involved in every aspect of the planning and implementation of services.

   (2) Programs must support and demonstrate parent/guardian leadership and involvement throughout all levels of a comprehensive early childhood education and assistance program. This must include development of systems for feedback and program performance.

   (3) A community needs assessment which involves staff, parents/guardians and other community group(s) must be conducted in accordance with early childhood education and assistance program performance standards. The results of a community needs assessment must be the basis for the development of service delivery options. Service delivery models must meet the following criteria:
      (a) Thirty-two weeks of direct services per program year; and
      (b) A minimum of two hundred forty hours of child direct services over thirty weeks; and
      (c) A minimum of one peer experience/group session per week, no less than four hours and no more than six hours per session; multiple peer experiences in a week must be no less than two and one-half hours per session; and
      (d) Three hours of educational planning meetings per year; and
      (e) Three hours of adult contact per child's family per year to provide family support services; and
      (f) 1:6 adult/child ratio with at least one adult being a lead teacher for classroom/group activities. Programs must develop services according to this ratio and make reasonable efforts to maintain this ratio on a regular basis. In no case shall the ratio fall below 1:9; and
      (g) No more than eighteen children per group setting. Where a group size of eighteen children cannot be maintained, the design must maintain a group setting no larger than twenty-four and maintain an adult child ratio of 1:6.

(4) Educational services.
   (a) Programs must provide educational services using a developmentally appropriate approach. Services must provide individual and age appropriate learning experiences, curricula, environments, guidance, direct child supervision and strategies that support all enrolled children's social-emotional, physical, and intellectual development. Environments must reflect the cultural and linguistic backgrounds of enrolled children.
   (b) The program must provide methods for enhancing the knowledge and understanding of staff and parents of the educational and developmental needs and activities of enrolled children.
   (c) Corporal punishment or other humiliating or frightening discipline techniques must not be used. Staff and parents participating in the program must be trained for and must use positive techniques of guidance, including redirection, anticipation, elimination of potential problems, positive reinforcement and encouragement during the actual hours of program operation while the child is participating in program activities supervised by program staff.

(5) Family support services. Programs must provide family support services using an approach that builds from parent/guardian strengths and involvement and supports parent empowerment and family advocacy. Needs must be assessed to assist families in identifying and using appropriate and available community resources. Programs must coor-
dinate with existing community resources, including existing
head start and other preschool programs. Staff and families
must work together to develop reciprocal relationships. Fam-
ily support practices must address family assets and needs
through a variety of service strategies such as:
(a) Acknowledge parents/guardians as resources to
themselves and others;
(b) Reflect family support principles in delivery of ser-
tices to families;
(c) Develop family services that are responsive to eco-
nomic circumstances, individual cultures, languages and
child rearing techniques;
(d) Facilitate the family's access to economic, social and
health resources to support family self-sufficiency;
(e) Develop communication systems with families that
increase their involvement in their child's healthy develop-
ment;
(f) Build environments that are culturally and linguisti-
cally relevant and that encourage self-advocacy within the
community;
(g) Involve families in shared decision-making activi-
ties;
(h) Develop activities to ease transitions for enrolled
children and their families between preschool and elementary
schools and from home to other care settings; and
(i) Promote and support the family's role as advocates for
their children.
(6) Health services and safety.
(a) Programs must provide health services using an
approach that addresses individual child health issues and
makes appropriate referrals for family members. Staff and
families must work together to remove obstacles to the
healthy and safe development of each child. Health practices
must address family needs through a variety of service stra-
geties as outlined in the early childhood education and assis-
tance program performance standards.
(b) A health advisory committee (HAC), composed of
medical, dental, nutrition, public and mental health providers,
parents/guardians of enrolled and/or past enrolled young chil-
dren, and staff, must be established to advise the program.
Existing committees may be modified to accomplish this.
The health advisory committee must:
(i) Provide input on health, nutrition, and mental health
services planning and policies;
(ii) Address service delivery implementation issues, con-
cerns and procedures; and
(iii) Provide a forum for parent empowerment and lead-
ership skill development.
(c) Programs must obtain parent/guardian consent before
any screenings, assessments or the procurement of any medi-
cal, dental, nutrition and mental health services for their child
before taking the child off premises. Staff must inform
parents/guardians when health issues or development con-
cerns are suspected or identified in their child. Programs
must facilitate safe and timely responses to medical emergen-
cies as outlined in the early childhood education assistance
program performance standards. Programs must ensure the
confidentiality of all medical, dental, nutrition, and mental
health records. Records and results of diagnostic and follow-
up procedures must be shared with parents/guardians, and
may be released to other providers only with informed, writ-
ten consent.
(d) Programs must ensure that all children receive a med-
cal and dental exam as outlined in the early childhood educa-
tion assistance program performance standards. Programs
must ensure that all children are immunized in accordance
with WAC 246-100-166. Children can attend group settings
on a conditional basis when a schedule of immunizations is
developed and near completion, or when a written medical or
personal exemption is documented according to WAC 246-
100-166.
(e) Programs must provide for an organized health edu-
cation program for staff, parents, and children which must be
integrated into instructional activities in programs.
(f) Programs must ensure that a mental health profes-
sional is available to work collaboratively with parents/
guardians to address children's mental health issues and other
concerns. Mental health services to screen and identify the
emotional needs of children must be provided as needed in a
systematic manner that addresses early identification, on-
ging progress, follow-up and assessment, as indicated in the
early childhood education and assistance program perfor-
ance standards.
(g) Programs must have access to a health professional
that provides consultation regarding individual children's
needs and development of health education programming for
children and families.
(h) Suspected abuse: Suspected incidents of child abuse
and/or neglect by parents, staff, or others must be reported by
program staff within forty-eight hours to an appropriate law
enforcement agency or the department of social and health
services in accordance with RCW 26.44.030.
(i) Programs must have access to a registered dietician
that provides consultation regarding development of nutrition
services for children and their families as defined in chapter
18.138 RCW.
(j) Food must be offered which meets one-third of the
child's daily nutritional needs, recognizing individual differ-
ences and cultural patterns. The food service system, includ-
ing the menus, must be approved by a certified dietician. The
certified dietician must be available to provide consultation
and education concerning the nutritional needs of enrolled
children.
(k) Contracting agencies must apply for and participate
in federally funded food service/food reimbursement pro-
grams under the USDA child food and nutrition program
and/or the child and adult care food program through the
office of the superintendent of public instruction.
(l) Programs must establish policies and practices to
safeguard against children's exposure to and transmission of,
infectious diseases in accordance with the office of the super-
intendent of public instruction infectious disease control
guide for school staff developed by the Washington state
department of health. Programs must follow universal safety
precautions and follow local requirements for reporting of
communicable diseases. Sufficient toilet and handwashing
facilities that are readily available and reachable by children
must be maintained.

[2000 WAC Supp—page 1587]
WAC 365-170-095 Staffing. (1) A system must be developed for the recruitment and selection of early childhood education and assistance program staff. The system must:
