[Statutory Authority: Chapter 43.21C RCW. 85-03-004 (Order 3, Resolution No. 103), § 140-09-020, filed 1/3/85.]

WAC 140-09-030 Additional definitions. In addition to those definitions contained within WAC 197-11-700 through 197-11-799, the following terms shall have the following meanings when used in this chapter, unless the context indicates otherwise:

- (1) "Corporation" means the Washington state convention and trade center as established by chapter 67.40 RCW.
- (2) "SEPA rules" means chapter 197-11 WAC adopted by the department of ecology.
- (3) "Early notice" means the corporation's response to an applicant stating whether it considers issuance of a determination of significance likely for the applicant's proposal (mitigated determination of nonsignificance (DNS) procedures).

[Statutory Authority: Chapter 43.21C RCW. 85-03-004 (Order 3, Resolution No. 103), § 140-09-030, filed 1/3/85.]

WAC 140-09-040 Designation of responsible official.

(1) For those proposals for which the corporation is the lead agency, the responsible official shall be the administrator of the Washington state convention and trade center.

(2) For all proposals for which the corporation is the lead agency, the responsible official shall make the threshold determination, supervise scoping and preparation of any required environmental impact statement (EIS), and perform any other functions assigned to the "lead agency" or "responsible official" by those sections of the SEPA rules that were adopted by reference in WAC 140-09-020.

(3) The corporation shall retain all documents required by the SEPA rules (chapter 197-11 WAC) and make them available in accordance with chapter 42.17 RCW.

[Statutory Authority: Chapter 43.21C RCW. 85-03-004 (Order 3, Resolution No. 103), § 140-09-040, filed 1/3/85.]

WAC 140-09-050 Lead agency determination and responsibilities. (1) The corporation receiving an application for or initiating a proposal that involves a nonexempt action

shall determine the lead agency for that proposal under WAC 197-11-050 and 197-11-922 through 197-11-940.

(2) When the corporation is the lead agency for a proposal, it shall determine the responsible official who shall supervise compliance with the threshold determination requirements, and if an EIS is necessary, shall supervise preparation of the EIS.

(3) When the corporation is not the lead agency for a proposal, the corporation shall use and consider, as appropriate, either the DNS or the final EIS of the lead agency in making decisions on the proposal. The corporation shall not prepare or require preparation of a DNS or EIS in addition to that prepared by the lead agency, unless required under WAC 197-11-600. In some cases, the corporation may conduct supplemental environmental review under WAC 197-11-600.

(4) If the corporation receives a lead agency determination made by another agency that appears inconsistent with the criteria of WAC 197-11-922 through 197-11-940, it may object to the determination. Any objection must be made to the agency originally making the determination and resolved within fifteen days of receipt of the determination, or the corporation must petition the department of ecology for a lead agency determination under WAC 197-11-946 within the fifteen-day time period. Any such petition on behalf of the corporation may be initiated by the administrator of the Washington state convention and trade center.

(5) The corporation is authorized to make agreements as to lead agency status or shared lead agency duties for a proposal under WAC 197-11-942 and 197-11-944; provided that the responsible official approves the agreement.

(6) The corporation, making a lead agency determination for a private project shall require sufficient information from the applicant to identify which other agencies have jurisdiction over the proposal (That is: Which agencies require non-exempt licenses?).

[Statutory Authority: Chapter 43.21C RCW. 85-03-004 (Order 3, Resolution No. 103), § 140-09-050, filed 1/3/85.]

WAC 140-09-058 Additional timing considerations.

If the corporation's only action on a proposal is a decision on a license that requires detailed project plans and specifications, the applicant may request in writing that the corporation conduct environmental review prior to submission of the detailed plans and specifications.

[Statutory Authority: Chapter 43.21C RCW. 85-03-004 (Order 3, Resolution No. 103), § 140-09-058, filed 1/3/85.]

PART THREE - CATEGORICAL EXEMPTIONS AND THRESHOLD DETERMINATIONS

WAC 140-09-065 Purpose of this part and adoption by reference. This part contains the rules for deciding whether a proposal has a "probable significant, adverse environmental impact" requiring an environmental impact statement (EIS) to be prepared. This part also contains rules for evaluating the impacts of proposals not requiring an EIS. The corporation adopts the following sections by reference, as supplemented in this part:

WAC	
197-11-300	Purpose of this part.
197-11-305	Categorical exemptions.
197-11-310	Threshold determination required.
197-11-315	Environmental checklist.
197-11-330	Threshold determination process.
197-11-335	Additional information.
197-11-340	Determination of nonsignificance (DNS).
197-11-350	Mitigated DNS.
197-11-360	Determination of significance (DS)/initiation of scoping.
197-11-390	Effect of threshold determination.

[Statutory Authority: Chapter 43.21C RCW. 85-03-004 (Order 3, Resolution No. 103), § 140-09-065, filed 1/3/85.]

WAC 140-09-080 Use of exemptions. (1) When the corporation receives an application for a license or, in the case of governmental proposals, when the corporation initiates the proposal, it shall determine whether the license and/or the proposal is exempt. The corporation's determination that a proposal is exempt shall be final and not subject to administrative review. If a proposal is exempt, none of the procedural requirements of this ordinance apply to the proposal. The corporation shall not require completion of an environmental checklist for an exempt proposal.

(2) In determining whether or not a proposal is exempt, the corporation shall make certain the proposal is properly defined and shall identify the governmental licenses required (WAC 197-11-060). If a proposal includes exempt and non-exempt actions, the corporation shall determine the lead agency, even if the license application that triggers the corporation's consideration is exempt.

(3) If a proposal includes both exempt and nonexempt actions, the corporation may authorize exempt actions prior to compliance with the procedural requirements of this ordinance, except that:

(a) The corporation shall not give authorization for:

(i) Any nonexempt action;

(ii) Any action that would have adverse environmental impact; or

(iii) Any action that would limit the choice of alternatives;

(b) The corporation may withhold approval of an exempt action that would lead to modification of the physical environment, when such modification would serve no purpose if nonexempt action(s) were not approved; and

(c) The corporation may withhold approval of exempt actions that would lead to substantial financial expenditures by a private applicant when the expenditures would serve no purpose if nonexempt action(s) were not approved.

[Statutory Authority: Chapter 43.21C RCW. 85-03-004 (Order 3, Resolution No. 103), § 140-09-080, filed 1/3/85.]

WAC 140-09-090 Environmental checklist. (1) A completed environmental checklist (or a copy), in the form provided in WAC 197-11-960, shall be filed at the same time as an application for a permit, license certificate, or other approval not specifically exempted in this rule; except, a checklist is not needed if the corporation and applicant agree an EIS is required, SEPA compliance has been completed, or

(2001 Ed.)

SEPA compliance has been initiated by another agency. The corporation shall use the environmental checklist to determine the lead agency and, if the corporation is the lead agency, for determining the responsible official and for making the threshold determination.

(2) For private proposals, the corporation will require the applicant to complete the environmental checklist, providing assistance as necessary. For corporation proposals, it shall complete the environmental checklist for that proposal.

(3) The corporation may require that it, and not the private applicant, will complete all or part of the environmental checklist for a private proposal, if either of the following occurs:

(a) The corporation has technical information on a question or questions that is unavailable to the private applicant; or

(b) The applicant has provided inaccurate information on previous proposals or on proposals currently under consideration.

[Statutory Authority: Chapter 43.21C RCW. 85-03-004 (Order 3, Resolution No. 103), § 140-09-090, filed 1/3/85.]

WAC 140-09-100 Mitigated DNS. (1) As provided in this section and in WAC 197-11-350, the responsible official may issue a DNS based on conditions attached on the proposal by the responsible official or on changes to, or clarifications of, the proposal made by the applicant.

(2) An applicant may request in writing early notice of whether a DS is likely under WAC 197-11-350. The request must:

(a) Follow submission of a permit application and environmental checklist for a nonexempt proposal for which the corporation is lead agency; and

(b) Precede the corporation's actual threshold determination for the proposal.

(3) The corporation's response shall:

(a) Be written;

(b) State whether the corporation currently considers issuance of a DS likely and, if so, indicate the general or specific area(s) of concern that is/are leading the corporation to consider a DS; and

(c) State that the applicant may change or clarify the proposal to mitigate the indicated impact, revising the environmental checklist and/or permit application as necessary to reflect the change or clarifications.

(4) As much as possible, the corporation should assist the applicant with identification of impacts to the extent necessary to formulate mitigation measures.

(5) When an applicant submits a changed or clarified proposal, along with a revised or amended environmental checklist, the corporation shall base its threshold determination on the changed or clarified proposal.

(a) If the corporation indicated specific mitigation measures in its response to the request for early notice, and the applicant changed or clarified the proposal to include those specific mitigation measures, the corporation shall issue and circulate a DNS under WAC 197-11-340(2).

(b) If the corporation indicated areas of concern, but did not indicate specific mitigation measures that would allow it

to issue a DNS, the corporation shall make the threshold determination, issuing a DNS or DS as appropriate.

(c) The applicant's proposed mitigation measures (clarifications, changes or conditions) must be in writing and must be specific. For example, proposals to "control noise" or "prevent stormwater runoff" are inadequate, whereas proposals to "muffle machinery to X decibel" or "construct 200-foot stormwater retention pond at Y location" are adequate.

(d) Mitigation measures which justify issuance of a mitigated DNS may be incorporated in the DNS by reference to agency staff reports, studies or other documents.

(6) A mitigated DNS is issued under WAC 197-11-340(2), requiring a fifteen-day comment period and public notice.

(7) Mitigation measures incorporated in the mitigated DNS shall be deemed conditions of approval of the permit decision and may be enforced in the same manner as any term or condition of the permit, or enforced in any manner specifically prescribed by the corporation.

(8) If the corporation's tentative decision on a permit or approval does not include mitigation measures that were incorporated in a mitigated DNS for the proposal, the corporation should evaluate the threshold determination to assure consistency with WAC 197-11-340 (3)(a) (withdrawal of DNS).

(9) The corporation's written response under subsection (2) of this section shall not be construed as a determination of significance. In addition, preliminary discussion of clarifications or changes to a proposal, as opposed to a written request for early notice, shall not bind the corporation to consider the clarifications or changes in its threshold determination.

[Statutory Authority: Chapter 43.21C RCW. 85-03-004 (Order 3, Resolution No. 103), § 140-09-100, filed 1/3/85.]

WAC 140-09-120 Preparation of EIS—Additional considerations. (1) Preparation of draft and final EISs (DEIS and FEIS) and draft and final supplemental EISs (SEIS) is the responsibility of the corporation under the direction of the responsible official. Before the corporation issues an EIS, the responsible official shall be satisfied that it complies with this ordinance and chapter 197-11 WAC.

(2) The DEIS and FEIS or draft and final SEIS shall be prepared by the corporation staff, the applicant, or by a consultant selected by the corporation or the applicant. If the responsible official requires an EIS for a proposal and determines that someone other than the corporation will prepare the EIS, the responsible official shall notify the applicant immediately after completion of the threshold determination. The responsible official shall also notify the applicant of the corporation's procedure for EIS preparation, including approval of the DEIS and FEIS prior to distribution.

(3) The corporation may require an applicant to provide information the corporation does not possess, including specific investigations. However, the applicant is not required to supply information that is not required under this chapter or information that is being requested from another agency. (This does not apply to information the corporation may request under another rule or statute.)
