Failure of a Class A or B licensee to complete substantially the construction of its racetrack facility and installation of equipment within thirty days after the completion date stated in its license application is cause for revocation or suspension of the license, and the commission may impose a penalty of one thousand dollars on the licensee for each day of delay. The penalty does not apply if and to the extent the licensee proves that the delay arose out of causes beyond the control and without the fault or negligence of the licensee, its contractors and subcontractors. Such causes may include, but are not restricted to, acts of God or enemies of the United States, acts of government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather, but in every case the delay must be beyond the control and without fault or negligence of the licensee, its contractors and subcontractors. If the cause of delay is the default of a contractor or subcontractor and if the licensee proves the default arose out of causes beyond the control of the licensee, its contractors and subcontractors, the above penalty may not be imposed for the delay unless the supplies or services to be

furnished by contractor or subcontractor were obtainable from other sources in sufficient time to permit the licensee to meet the completion date.

The commission recognizes that the most effective preventive measures are also measures considered by many to be most invasive of civil liberties, and intends to limit the impact on civil liberties by implementing limited preventative measures. The commission also recognizes that there are limits to the known correlation between the use of drugs, drug levels in bodily fluids and impairment from the presence of those drugs in the body, but that the known possible impairment and detriment to the integrity of the horse racing industry from the use of drugs warrants appropriate measures to prevent such use. This chapter shall be applicable to any licensee or employee who is responsible for the conduct of, or the officiating of, a race or whose duties include the training, exercising, riding, driving, or caring for a horse while the horse is on any association premises to participate in a horse racing meet.

WAC 260-34-060 Refusal to test. (1) When any licensee, employee, or applicant is requested to submit to a test in a manner prescribed by this chapter, the person shall do so in a prompt manner. Refusal to supply such sample shall result in:

(2) If the board of stewards finds at the hearing that said refusal to test occurred without just cause, the licensee, employee, or applicant shall be suspended from racing for and until such time as a test has been obtained in conformance with this chapter. In the event of a finding of just cause, the licensee, employee, or applicant must submit to a test immediately once the conditions which justly prevented testing abate or can be eliminated.

(3) Repeated refusal without just cause to submit to an ordered test may result in license revocation and banning from race meets in the state of Washington by the commission after a hearing pursuant to chapters 260-08 and 260-88 WAC.

WAC 260-34-070 Responsibility to report valid prescriptions. Whenever any licensee, employee, or applicant has been directed to submit to a drug test and that licensee, employee, or applicant is taking a controlled substance pursuant to a valid prescription on order of a duly licensed physician or dentist, it shall be the licensee's, employee's, or applicant's responsibility to give immediately prior to testing written notice to the medical staff member designated pursuant to WAC 260-34-080 or designated representative of the Washington horse racing commission containing the following:

- (1) Name of the licensee, employee, or applicant.
- (2) The name, quantity, and dosage of the controlled substance prescribed.
- (3) The name of the duly licensed physician or dentist prescribing same.
- (4) The date the prescription was prescribed.

WAC 260-34-080 Testing procedure. (1) When the drug testing is required as described in WAC 260-34-030, the following procedure will be used:

- (a) The licensee, employee, or applicant will report as instructed by the board of stewards to a drug testing facility approved by the commission. When on site urinalysis is available the board of stewards may direct the licensee, employee or applicant to submit to drug testing done by a commission security inspector. This testing will be done in accordance with procedures which have been approved by the commission. A qualified member of the drug testing facility will supervise the sample being given. When on site urinalysis is available the commission security inspector or their designee will supervise the sample being given. The supervision need not include actual observance of the deliv-

ery of the sample but the sample shall be taken under such circumstances that the integrity of the sample is maintained without unnecessarily interfering with the individual rights of the person tested, including the right to be free from unnecessary embarrassment. Intentional contamination of the sample by any person tested which is likely to prevent appropriate analysis of the sample shall be grounds for the suspension or revocation of the person tested.

(b) The urine sample will be at least 75 ml in volume. The urine sample will be divided into two parts of at least 25 ml and 50 ml in the presence of the person tested. If the licensee, employee, or applicant is unable to provide 75 ml of urine, the licensee, employee, or applicant may waive in writing the division of the sample and preservation of an untested portion of the sample as provided in (c) of this subsection and subsection (4) of this section. If the person tested is unable to provide a sufficiently large sample, either 75 ml or 50 ml with a waiver, the person shall not be suspended, but shall not participate in racing until such time as he or she is able to provide sufficient urine and completes the test. All portions of the sample shall be placed in containers and sealed with double identification tags in the presence of the person being tested.

(c) The 25 ml (or more) container will be preserved pursuant to subsection (3) of this section by the medical facility obtaining the sample. Both licensee, employee, or applicant and member of the medical staff, chief of security, or designated representative of the horse racing commission will sign the tag to attest to the sealing and labeling of the sample.

(d) The 50 ml (or more) container will be prepared for transportation as follows: One portion of the container's tag bearing a printed identification number shall remain with the sealed container. The other portion of such tag bearing the same printed identification number, shall be detached in the presence of the person tested and a member of the medical staff, the chief of security or designated representative of the horse racing commission. The licensee, employee, or applicant will initial or sign the designated portion of the tag to attest witnessing such action. The member of the medical staff, the chief of security or designated representative of the horse racing commission will also sign the detached portion of the tag to attest witnessing such action. The sample will then be handled in a manner consistent with an evidentiary chain of custody throughout the transportation and laboratory testing process. The sample and the tag identifying the sample which is to be provided to the laboratory for analysis shall not identify the person by name, but only by number assigned and recorded by the members of the medical staff, chief of security, or designated representative of the horse racing commission.

(2) When the testing is to be done as a result of reasonable suspicion or the result of mandatory testing being conducted after a positive test, the same procedure for handling the specimens shall be utilized as in subsection (1) of this section, but the sample may be taken at the track and witnessed by the chief of security or designated representative of the horse racing commission. The witness must be of the same sex as the person being tested. After the sample is taken, divided and sealed, the chief of security or designated representative of the horse racing commission will be

responsible for the evidentiary chain of custody and transportation of one portion of the sample to the laboratory and storage of the other portion pursuant to subsection (3) of this section. The chief of security of the horse racing commission will maintain a checklist of procedures to implement these steps; the checklist will be marked as the steps are carried out and it will be maintained as part of security records.

(3) Each portion of the sample supplied by the person tested will be preserved by the approved laboratory, chief of security, representative of the horse racing commission, or laboratory for three days unless there is a positive test result. If there is a positive test result, the samples will be preserved for a period of one year or until released by the executive secretary of the horse racing commission after all hearings and appeals have been terminated. The samples will be preserved in a secured location by refrigeration or freezing for the first three days and thereafter by freezing.

(4) Either or both portions of the sample may be retested at the request of the licensee, employee, or applicant at either the laboratory used by the horse racing commission or a qualified laboratory designated by the licensee, employee, or applicant and approved by the horse racing commission. If the untested sample is transported for testing, transportation will be performed, at the direction of the board of stewards, by the chief of security or designated representative of the horse racing commission using an evidentiary chain of custody. None of the originally untested 25 ml portion is required to be saved after testing for retesting. The licensee, employee, or applicant is responsible for all costs of transporting and testing or retesting a sample at his or her request.

WAC 260-34-090 A positive test. A drug test shall be positive when the presence of a controlled substance is confirmed by two independent tests performed on the same sample supplied by a licensee, employee, or applicant. The tests used will be the E.M.I.T. screen test, followed by a gas chromatography/mass spectrometry confirmatory test, or other tests which the scientific community recognizes are equally or more accurate and reliable. If marijuana or its derivatives, salts, isomers, or salts of isomers are detected in a drug test, such a result will not be reported positive unless found at levels of at least one hundred nanograms per milliliter.

A positive drug test shall be reported by the laboratory to the presiding steward at the track. On receiving written notice from the laboratory that a specimen has been found positive for a controlled substance, the presiding steward shall initiate the following procedure:

(1) Written notice shall be given to the licensee, employee or applicant, setting a hearing by the board of stewards in accordance with WAC 260-24-440 within the next two racing days or seven calendar days, whichever is less, after service of the notice. The hearing may be held within a shorter or longer period of time if the licensee, employee, or applicant named and the board of stewards agree. Service shall be to the licensee, employee, or appli-

cant personally, by leaving the notice at the person's residence with someone of reasonable age and discretion residing therein, or by mail to the person's last known address. If by mail, service shall be deemed completed on the third day after mailing.

(2) The hearing shall be conducted before the board of stewards pursuant to WAC 260-24-440. At the hearing, the licensee, employee, or applicant shall be provided an opportunity to explain the positive test.

(3) The board of stewards' hearing shall be closed and the facts therein will be kept confidential unless for use with respect to any stewards ruling, order by the horse racing commission or judicial hearing with regard to such facts. Closure of the hearing and confidentiality of the proceedings may be waived by the licensee, employee, or applicant. The board may issue a public ruling which complies with the confidentiality requirements of this section and WAC 260-34-100.

(4) Lacking a satisfactory explanation and documentation or upon the licensee, employee, or applicant agreeing with the test results, the board of stewards shall suspend the licensee, employee, or applicant until:

(a) A negative test can be submitted by that licensee, employee, or applicant and the results reviewed by the board of stewards; and

(b) The licensee, employee, or applicant is referred to an approved agency for a drug evaluation interview and completes the evaluation.

(i) If the evaluation concludes that the licensee, employee, or applicant is not addicted or habituated, and if the board of stewards determines that the licensee's, employee's, or applicant's condition is not detrimental to the best interests of racing, the licensee, employee, or applicant shall be allowed to participate in racing provided he or she agrees that further testing may be done as described in WAC 260-34-030.

(ii) If such drug evaluation concludes that the licensee, employee, or applicant is addicted or habituated, or the board of stewards determines that the licensee's, employee's, or applicant's condition is detrimental to the best interests of racing, the licensee, employee, or applicant shall not be allowed to participate in racing until such time as he or she can produce a negative test result and show official documentation that he or she has successfully completed a certified drug rehabilitation program approved by the board of stewards, in consultation with the executive secretary of the horse racing commission. The licensee, employee, or applicant must agree to further testing as described in WAC 260-34-030.

(5) For a second positive drug test in the calendar year, the licensee, employee, or applicant shall be suspended for the balance of the calendar year or one hundred twenty days, whichever is greater, and the person is required to complete a certified drug rehabilitation program approved by the board of stewards in consultation with the executive secretary of the horse racing commission before applying for a reinstatement of license. The licensee, employee, or applicant must agree to further testing as described in WAC 260-34-030.

(6) When any licensee, employee, or applicant has a history of more than two violations of WAC 260-34-020 or pos-

itive drug tests, the horse racing commission may, pursuant to a hearing conducted under chapter 260-08 WAC, declare such person detrimental to the best interests of racing and revoke that person's license or application. Reapplication shall not be permitted for such period of months or years as the commission determines is necessary to ensure the person's freedom from use of controlled substances and not until meeting the requirements of subsection (5) of this section.

Access to the reports of any test results shall be limited to the executive secretary, the board of stewards, the chief of security of the commission at the track, the physician or member of the medical staff obtaining and preserving samples, the laboratory and the person being tested, except in the instance of a contested commission hearing. The commission may determine a claim to be valid, in whole or in part, and thereafter order the association to pay the claimant the amount of the claim determined to be valid, or may deny the claim in whole or in part. Any such determination shall be final and binding to all parties.

(d) If no valid claims are presented, or after all filed claims have been resolved, the amount of the underpayment or any part thereof, shall be applied to the next available cor-

(5) If, after the close of wagering, it becomes impossible to successfully merge the bets placed into the interjurisdiction common pool, the association shall make payouts in accordance with payout prices that would have been in effect if prices for the pool of bets were calculated without regard to wagers placed elsewhere: In the event the host association has offered a wager not covered by chapter 260-48 WAC, the ARCI model rules regarding such wager shall govern. Information regarding this emergency procedure shall be posted throughout the Class 1 association facility and published in its racing program.

association, or if, for any reason, the commission's or the association's representative determines that attempting to effect transfer of pool data from the guest jurisdiction may endanger the association's wagering pool, the association shall have no liability for any measures taken which may result in the guest's wagers not being accepted into the pool.

(5) If for any reason it becomes impossible to successfully merge pool data into the interjurisdiction common pool of the Class 1 association, or it is determined that attempting to effect transfer of pool data from the guest jurisdiction may endanger the Class 1 associations wagering pool, or cause an unreasonable delay of the racing program, the Class 1 association representative shall determine under the circumstances whether to manually merge guests pools, exclude guests pools or delay the Washington pools.

WAC 260-48-800 Parimutuel wagering pools. (1) All permitted parimutuel wagering pools shall be separately and independently calculated and distributed. Takeout shall be deducted from each gross pool as stipulated by law. The remainder of the monies in the pool shall constitute the net pool for distribution as payoff on winning wagers.

(2) The standard price calculation procedure shall be used to calculate wagering pools. Standard price calculation procedure:

SINGLE PRICE POOL (WIN POOL)

Gross Pool	=	Sum of Wagers on all Betting Interests - Refunds
Takeout	=	Gross Pool x Percent Takeout
Net Pool	=	Gross Pool - Takeout
Profit	=	Net Pool - Gross Amount Bet on Winner
Profit Per Dollar	=	Profit/Gross Amount Bet on Winner
\$1 Unbroken Price	=	Profit Per Dollar+ \$1
1 Broken Price	=	\$1 Unbroken Price Rounded Down to the Break Point
Total Payout	=	\$1 Broken Price x Gross Amount Bet on Winner
Total Breakage	=	Net Pool - Total Payout

PROFIT SPLIT (PLACE POOL)

Profit is net pool less gross amount bet on all place finishers. Finishers split profit 1/2 and 1/2 (place profit), then divide by gross amount bet on each place finisher for two unique prices.

PROFIT SPLIT (SHOW POOL)

Profit is net pool less gross amount bet on all show finishers. Finishers split profit 1/3 and 1/3 and 1/3 (show profit), then divide by gross amount bet on each show finisher for three unique prices.

(3) If a profit split results in only one covered winning betting interest or combinations it shall be calculated the same as a single price pool.

(4) The individual pools outlined in these rules may be given alternative names by each association, provided prior approval is obtained from the commission.

(5) In the event a minus pool occurs in any parimutuel pool, the expense of said minus pool shall be borne by the association.

(6) The association must pay to the holder of any ticket or tickets entitling the holder to participate in the distribution of a parimutuel pool the amount wagered by such holder plus a minimum of five percent thereof. This requirement is unaffected by the existence of a parimutuel pool which does not contain sufficient money to distribute said five percent to all persons holding such tickets.

(7) No person or corporation shall directly or indirectly purchase parimutuel tickets or participate in the purchase of any part of a parimutuel pool for another for hire or for any gratuity.

WAC 260-48-810 Win pools. (1) The amount wagered on the betting interest which finishes first is deducted from the net pool, the balance remaining being the profit; the profit is divided by the amount wagered on the betting interest finishing first, such quotient being the profit per dollar wagered to win on that betting interest.

(2) The net win pool shall be distributed as a single price pool to winning wagers in the following precedence, based upon the official order of finish:

(a) To those whose selection finished first; but if there are no such wagers, then

(b) To those whose selection finished second; but if there are no such wagers, then

(c) To those whose selection finished third; but if there are no such wagers, then

(d) The entire pool shall be refunded on win wagers for that race.

(3) If there is a dead heat for first involving:

(a) Horses representing the same betting interest, the win pool shall be distributed as if no dead heat occurred.

(b) Horses representing two or more betting interests, the win pool shall be distributed as a profit split.

[Statutory Authority: RCW 67.16.040. 96-10-014, § 260-48-810, filed 4/19/96, effective 6/11/96.]

WAC 260-48-820 Place pools. (1) The amounts wagered to place on the first two betting interests to finish are deducted from the net pool, the balance remaining being the profit; the profit is divided into two equal portions, one being assigned to each winning betting interest and divided by the amount wagered to place on that betting interest, the resulting

quotient is the profit per dollar wagered to place on that betting interest.

(2) The net place pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) If horses of a coupled entry or mutuel field finished in the first two places, as a single price pool to those who selected the coupled entry or mutuel field; otherwise

(b) As a profit split to those whose selection is included within the first two finishers; but if there are no such wagers on one of those two finishers, then

(c) As a single price pool to those who selected the one covered betting interest included within the first two finishers; but if there are no such wagers, then

(d) As a single price pool to those who selected the third-place finisher; but if there are no such wagers, then

(e) The entire pool shall be refunded on place wagers for that race.

(3) If there is a dead heat for first involving:

(a) Horses representing the same betting interest, the place pool shall be distributed as a single price pool.

(b) Horses representing two or more betting interests, the place pool shall be distributed as a profit split.

(4) If there is a dead heat for second involving:

(a) Horses representing the same betting interest, the place pool shall be distributed as if no dead heat occurred.

(b) Horses representing two or more betting interests, the place pool is divided with one-half of the profit distributed to place wagers on the betting interest finishing first and the remainder is distributed equally amongst place wagers on those betting interests involved in the dead heat for second.

[Statutory Authority: RCW 67.16.040. 96-10-014, § 260-48-820, filed 4/19/96, effective 6/11/96.]

WAC 260-48-830 Show pools. (1) The amounts wagered to show on the first three betting interests to finish are deducted from the net pool, the balance remaining being the profit; the profit is divided into three equal portions, one being assigned to each winning betting interest and divided by the amount wagered to show on that betting interest, the resulting quotient being the profit per dollar wagered to show on that betting interest. The net show pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) If horses of a coupled entry or mutuel field finished in the first three places, as a single price pool to those who selected the coupled entry or mutuel field; otherwise

(b) If horses of a coupled entry or mutuel field finished as two of the first three finishers, the profit is divided with two-thirds distributed to those who selected the coupled entry or mutuel field and one-third distributed to those who selected the other betting interest included within the first three finishers; otherwise

(c) As a profit split to those whose selection is included within the first three finishers; but if there are no such wagers on one of those three finishers, then

(d) As a profit split to those who selected one of the two covered betting interests included within the first three finishers; but if there are no such wagers on two of those three finishers, then

(2001 Ed.)

(e) As a single price pool to those who selected the one covered betting interest included within the first three finishers; but if there are no such wagers, then

(f) As a single price pool to those who selected the fourth-place finisher; but if there are no such wagers, then

(g) The entire pool shall be refunded on show wagers for that race.

(2) If there is a dead heat for first involving:

(a) Two horses representing the same betting interest, the profit is divided with two-thirds distributed to those who selected the first-place finishers and one-third distributed to those who selected the betting interest finishing third.

(b) Three horses representing a single betting interest, the show pool shall be distributed as a single price pool.

(c) Horses representing two or more betting interests, the show pool shall be distributed as a profit split.

(3) If there is a dead heat for second involving:

(a) Horses representing the same betting interest, the profit is divided with one-third distributed to those who selected the betting interest finishing first and two-thirds distributed to those who selected the second-place finishers.

(b) Horses representing two betting interests, the show pool shall be distributed as a profit split.

(c) Horses representing three betting interests, the show pool is divided with one-third of the profit distributed to show wagers on the betting interest finishing first and the remainder is distributed equally amongst show wagers on those betting interests involved in the dead heat for second.

(4) If there is a dead heat for third involving:

(a) Horses representing the same betting interest, the show pool shall be distributed as if no dead heat occurred.

(b) Horses representing two or more betting interests, the show pool is divided with two-thirds of the profit distributed to show wagers on the betting interests finishing first and second and the remainder is distributed equally amongst show wagers on those betting interests involved in the dead heat for third.

WAC 260-48-840 Double pools. (1) The double requires selection of the first-place finisher in each of two specified races.

(2) The net double pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) As a single price pool to those whose selection finished first in each of the two races; but if there are no such wagers, then

(b) As a profit split to those who selected the first-place finisher in either of the two races; but if there are no such wagers, then

(c) As a single price pool to those who selected the one covered first-place finisher in either race; but if there are no such wagers, then

(d) As a single price pool to those whose selection finished second in each of the two races; but if there are no such wagers, then

(e) The entire pool shall be refunded on double wagers for those races.

[Title 260 WAC—p. 67]

(3) If there is a dead heat for first in either of the two races involving:

(a) Horses representing the same betting interest, the double pool shall be distributed as if no dead heat occurred.

(b) Horses representing two or more betting interests, the double pool shall be distributed as a profit split if there is more than one covered winning combination.

(4) Should a betting interest in the first-half of the double be scratched prior to the first double race being declared official, all money wagered on combinations including the scratched betting interest shall be deducted from the double pool and refunded.

(5) Should a betting interest in the second-half of the double be scratched prior to the close of wagering on the first double race, all money wagered on combinations including the scratched betting interest shall be deducted from the double pool and refunded.

(6) Should a betting interest in the second-half of the double be scratched after the close of wagering on the first double race, all wagers combining the winner of the first race with the scratched betting interest in the second race shall be allocated a consolation payoff. In calculating the consolation payoff the net double pool shall be divided by the total amount wagered on the winner of the first race and an unbroken consolation price obtained. The broken consolation price is multiplied by the dollar value of wagers on the winner of the first race combined with the scratched betting interest to obtain the consolation payoff. Breakage is not declared in this calculation. The consolation payoff is deducted from the net double pool before calculation and distribution of the winning double payoff. Dead heats including separate betting interests in the first race shall result in a consolation payoff calculated as a profit split.

(7) If either of the double races are cancelled prior to the first double race, or the first double race is declared "no race", the entire double pool shall be refunded on double wagers for those races.

(8) If the second double race is cancelled or declared "no race" after the conclusion of the first double race, the net double pool shall be distributed as a single price pool to wagers selecting the winner of the first double race. In the event of a dead heat involving separate betting interests, the net double pool shall be distributed as a profit split.

(9) Before the running of the second double race the association shall announce and/or post the payoff of each combination coupled with the winner of the first half of the double race.

WAC 260-48-850 Pick three. (1) The pick three requires selection of the first-place finisher in each of three specified races.

(2) The net pick three pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) As a single price pool to those whose selection finished first in each of the three races; but if there are no such wagers, then

(b) As a single price pool to those who selected the first-place finisher in any two of the three races; but if there are no such wagers, then

(c) As a single price pool to those who selected the first-place finisher in any one of the three races; but if there are no such wagers, then

(d) The entire pool shall be refunded on pick three wagers for those races.

(3) If there is a dead heat for first in any of the three races involving:

(a) Horses representing the same betting interest, the pick three pool shall be distributed as if no dead heat occurred.

(b) Horses representing two or more betting interests, the pick three pool shall be distributed as follows:

(i) As a profit split to those whose selection finished first in each of the three races, if there are no such wagers,

(ii) As a single price pool to those who selected the first place finisher in any of the three races, if there are no such wagers,

(iii) As a single price pool to those who selected the first place finisher in any one of the three races, if there are no such wagers,

(iv) The entire pool shall be refunded on pick three wagers for those races.

(4) Should a betting interest in any of the three pick three races be scratched, the actual favorite, as evidenced by total amounts wagered in the win pool at the close of wagering on that race, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.

(5) If all three pick three races are cancelled or declared "no race," the entire pool shall be refunded on pick three wagers for those races.

(6) If one or two of the pick three races are cancelled or declared "no race," the pick three pool will remain valid and shall be distributed in accordance with subsection 2 of this rule.

(7) Before the running of the third pick three race the association shall announce and/or post the payoff of each combination coupled with the winners of the first and second races of the pick three.

(8) The pick three may be given a distinctive name to be selected by the association conducting such races, such as "TRIPLE," subject to the prior approval of the commission.

WAC 260-48-860 Quinella pools. (1) The quinella requires selection of the first two finishers, irrespective of order, for a single race.

(2) The net quinella pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) If horses of a coupled entry or mutuel field finish as the first two finishers, as a single price pool to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish; otherwise

(b) As a single price pool to those whose combination finished as the first two betting interests; but if there are no such wagers, then

(c) As a profit split to those whose combination included either the first- or second-place finisher; but if there are no such wagers on one of those two finishers, then

(d) As a single price pool to those whose combination included the one covered betting interest included within the first two finishers; but if there are no such wagers, then

(e) The entire pool shall be refunded on quinella wagers for that race.

(a) Horses representing the same betting interest, the quinella pool shall be distributed to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish.

(b) Horses representing two betting interests, the quinella pool shall be distributed as if no dead heat occurred.

(c) Horses representing three or more betting interests, the quinella pool shall be distributed as a profit split.

(4) If there is a dead heat for second involving horses representing the same betting interest, the quinella pool shall be distributed as if no dead heat occurred.

(5) If there is a dead heat for second involving horses representing two or more betting interests, the quinella pool shall be distributed to wagers in the following precedence, based upon the official order of finish:

(a) As a profit split to those combining the winner with any of the betting interests involved in the dead heat for second; but if there is only one covered combination, then

(b) As a single price pool to those combining the winner with the one covered betting interest involved in the dead heat for second; but if there are no such wagers, then

(d) As a profit split to those whose combination included the winner and any other betting interest and wagers selecting any of the betting interests involved in the dead heat for second; but if there are no such wagers, then

(e) The entire pool shall be refunded on quinella wagers for that race.

(d) As a single price pool to those whose combination included the one covered betting interest to finish first or second in the correct sequence; but if there are no such wagers, then

(e) The entire pool shall be refunded on exacta wagers for that race.

(3) If there is a dead heat for first involving:

(a) Horses representing the same betting interest, the exacta pool shall be distributed as a single price pool to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish.

(b) Horses representing two or more betting interests, the exacta pool shall be distributed as a profit split.

(4) If there is a dead heat for second involving horses representing the same betting interest, the exacta pool shall be distributed as if no dead heat occurred.

(d) The entire pool shall be refunded on exacta wagers for that race.

WAC 260-48-890 Trifecta pools. (1) The trifecta requires selection of the first three finishers, in their exact order, for a single race.

(2) The net trifecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then

(b) As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

(c) As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then

(d) The entire pool shall be refunded on trifecta wagers for that race.

(3) If less than three betting interests finish and the race is declared official, payoffs will be made based upon the order of finish of those betting interests completing the race. The balance of any selection beyond the number of betting interests completing the race shall be ignored.

(4) If there is a dead heat for first involving:

(a) Horses representing three or more betting interests, all of the wagering combinations selecting three betting interests which correspond with any of the betting interests involved in the dead heat shall share in a profit split.

(b) Horses representing two betting interests, both of the wagering combinations selecting the two dead-heated betting interests, irrespective of order, along with the third-place betting interest shall share in a profit split.

(5) If there is a dead heat for second, all of the combinations correctly selecting the winner combined with any of the betting interests involved in the dead heat for second shall share in a profit split.

(6) If there is a dead heat for third, all wagering combinations correctly selecting the first two finishers, in correct sequence, along with any of the betting interests involved in the dead heat for third shall share in a profit split.

(7) There shall be only one instance of two horses having common ties in any trifecta race, stakes races are excepted with permission of the stewards.

[Statutory Authority: RCW 67.16.040, 98-01-148, § 260-48-890, filed 12/19/97, effective 1/19/98; 96-10-014, § 260-48-890, filed 4/19/96, effective 6/11/96.]

WAC 260-48-900 Twin trifecta pools. (1) The twin trifecta requires selection of the first three finishers, in their exact order, in each of two designated races. Each winning ticket for the first twin trifecta race must be exchanged for a free ticket on the second twin trifecta race in order to remain eligible for the second-half twin trifecta pool. Winning first-half wagers will receive both an exchange and a monetary payoff. Both of the designated twin trifecta races shall be included in only one twin trifecta pool.

(2) Twin trifecta wagering may be conducted by Class A and B licensees at the discretion of the commission upon written application by an association.

(3) After wagering closes for the first-half of the twin trifecta and commissions have been deducted from the pool, the net pool shall then be divided into two separate pools: The first-half twin trifecta pool and the second-half twin trifecta pool. The percentage allocated to each pool must be approved by the commission.

(4) In the first twin trifecta race only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first twin trifecta race:

(a) As a single price pool to those whose combination finished in the correct sequence as the first three betting interest; but if there are no such wagers, then

(b) As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

(c) As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then

(d) The entire twin trifecta pool for that day shall be refunded on twin trifecta wagers for that race and the second-half shall be cancelled.

(5) If no first-half twin trifecta ticket selects the first three finishers of that race in exact order, winning ticket holders shall not receive any exchange tickets for the second-half twin trifecta pool. In such case, the second-half twin trifecta pool shall be retained and added to any existing twin trifecta carry-over pool.

(6) Winning tickets from the first-half of the twin trifecta shall be exchanged for tickets selecting the first three finishers of the second-half of the twin trifecta. The second-half twin trifecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second twin trifecta race:

(a) As a single price pool, including any existing carry-over monies, to those whose combination finished in correct sequence as the first three betting interest; but if there are no such tickets, then

(b) The entire second-half twin trifecta pool for that race shall be added to any existing carry-over monies and retained for the corresponding second-half twin trifecta pool of the next consecutive race card.

(7) Subject to subsection 19(e) of the twin trifecta rules, if a winning first-half twin trifecta ticket is not presented for cashing and exchange prior to the second-half twin trifecta race, the ticket holder may still collect the monetary value associated with the first-half twin trifecta pool but forfeits all rights to any distribution of the second-half twin trifecta pool.

(8) Coupled entries and mutuel fields shall be prohibited in twin trifecta races.

(9) There shall be only one instance of two horses having common ties through a trainer in any twin trifecta race.

(10) Should a betting interest in the first-half of the twin trifecta be scratched, those twin trifecta wagers including the scratched betting interest shall be refunded.

(11) Should a betting interest in the second-half of the twin trifecta be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest.

(12) If there is a dead heat or multiple dead heats in either the first- or second-half of the twin trifecta, all twin trifecta wagers selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of dead heat occurring in:

(a) The first-half of the twin trifecta, the payoff shall be calculated as a profit split

(b) The second-half of the twin trifecta, the payoff shall be calculated as a single price pool.

(13) If either of the twin trifecta races are cancelled prior to the first twin trifecta race, or the first twin trifecta race is declared "no race," the entire twin trifecta pool for that day shall be refunded on twin trifecta wagers for that race and the second-half shall be cancelled.

(14) If the second-half twin trifecta race is cancelled or declared "no race," all exchange tickets and outstanding first-half winning twin trifecta tickets shall be entitled to the net twin trifecta pool for that race as a single price pool, but not the twin trifecta carry-over. If there are no such tickets, the net twin trifecta pool shall be distributed as described in subsections (4) of the twin trifecta rules.

(15) If, due to a late scratch, the number of betting interests in the second-half of the twin trifecta is reduced to fewer than 6, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half twin pool for that race as a single price pool, but not the twin trifecta carry-over.

(16) If it be determined by the stewards that a horse has been prevented from racing because of the failure of the stall door of the starting gate to open (nonstarter) in the second-half of the twin trifecta only, there will be no refund or consolation payoff. The official order of finish as posted shall be used to determine payoffs. This will not affect other pools for this race.

(17) A written request for permission to distribute the twin trifecta carry-over on a specific race card may be submitted to the commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date of race card for the distribution.

(18) Contrary to subsection (5) of the twin trifecta rules, during a race card designated to distribute the twin trifecta carry-over, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the twin trifecta. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations as described in subsection (4) of the twin trifecta rules.

(19) Should the twin trifecta carry-over be designated for distribution on a specified date, the following precedence will be followed in determining winning tickets for the second-half of the twin trifecta after completion of the first-half of the twin trifecta:

(a) As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then

(b) As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

(c) As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then

(d) As a single price pool to holders of valid exchange tickets.

(e) As a single price pool to holders of outstanding first-half winning tickets.

(20) The twin trifecta carry-over shall be designated for distribution on a specified date and race card only under the following circumstances:

(a) Upon written approval from the commission as provided in subsection (17) of the twin trifecta rules.

(b) On the closing race card of the meet or split meet.

(21) If, for any reason, the twin trifecta carry-over must be held over to the corresponding twin trifecta pool of the association's subsequent meet, the carry-over shall be deposited in an interest-bearing account approved by the commission. The twin trifecta carry-over plus accrued interest shall then be added to the second-half twin trifecta pool of the association's following meet.

(22) If racing is cancelled prior to the first-half of the twin trifecta on the closing race card of the meet or split meet, the carry-over will be held over in accordance with subsection (20) of the twin trifecta rules.

(23) If racing is cancelled after the running of the first-half but before the running of the second-half on the closing race card of the meet or split meet, the carry-over pool will be paid as a single price to holders of exchange tickets or outstanding winning tickets from the first-half.

(24) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of valid exchange tickets is prohibited. This shall not prohibit necessary communications between totalisator and parimutuel department employees for processing of pool data.

(25) The acceptance of a twin trifecta ticket by taking an issued ticket away from the window of the terminal from which it was issued shall constitute an acknowledgment by the bettor that the ticket is correct. Exchange tickets may not be canceled and/or reissued except as provided by these rules. The association, totalisator company, and state may not be liable to any person for a twin trifecta ticket which is not:

(a) A winning ticket in accordance with the provisions of this rule; or

(b) Delivered for any reason, including but not limited to mechanical malfunction, electrical failure, machine locking, phone line failure, or other cause.

(26) Twin trifecta tickets shall be sold and exchanged only by the association through parimutuel machines.

(27) The twin trifecta carry-over may be capped at a designated level approved or set by the commission so that if, at the close of any race card, the amount in the twin trifecta carry-over equals or exceeds the designated cap, the twin trifecta carry-over will be frozen until it is won or distributed under other provisions of this rule. After the twin trifecta carry-over is frozen, 100 percent of the net twin trifecta pool for each individual race shall be distributed to winners of the first-half of the twin trifecta pool.

WAC 260-48-910 Superfecta pools. (1) The superfecta requires selection of the first four finishers, in their exact order, for a single race.

(2) The net superfecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) As a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers, then

(b) As a single price pool to those whose combination included, in correct sequence, the first three betting interests; but if there are no such wagers, then

(c) As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

(d) As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then

(e) The entire pool shall be refunded on superfecta wagers for that race.

(3) If less than four betting interests finish and the race is declared official, payoffs will be made based upon the order of finish of those betting interests completing the race. The balance of any selection beyond the number of betting interests completing the race shall be ignored.

(4) If there is a dead heat for first involving:

(a) Horses representing four or more betting interests, all of the wagering combinations selecting four betting interests which correspond with any of the betting interests involved in the dead heat shall share in a profit split.

WAC 260-48-920 Pick (n) pools. (1) The pick (n) requires selection of the first-place finisher in each of a designated number of races. The association must obtain written approval from the commission concerning the scheduling of pick (n) races, the designation of one of the methods prescribed in part (2), and the amount of any cap to be set on the carry-over. The number of races so designated must be more than three (3), but no greater than ten (10). Any changes to the approved pick (n) format require prior approval from the commission.

(2) The Pick (n) pool shall be apportioned under one of the following methods:

(a) Method 1, pick (n) with carry-over: The net pick (n) pool and carry-over, if any, shall be distributed as a single price pool to those who selected the first-place finisher in each of the pick (n) races, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of pick (n) races; and the remainder shall be added to the carry-over.

(b) Method 2, pick (n) with minor pool and carry-over: The major share of the net pick (n) pool and the carry-over, if any, shall be distributed to those who selected the first-place finisher in each of the pick (n) races, based upon the official order of finish. The minor share of the net pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of pick (n) races, based upon the official order of finish. If there are no wagers selecting the first-place finisher of all pick (n) races, the minor share of the net pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of pick (n) races; and the major share shall be added to the carry-over.

(c) Method 3, pick (n) with no minor pool and no carry-over: The net pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of pick (n) races, based upon the official order of finish. If there are no winning wagers, the pool is refunded.

(d) Method 4, pick (n) with minor pool and no carry-over: The major share of the net pick (n) pool shall be distributed to those who selected the first place finisher in the greatest number of pick (n) races, based upon the official order of finish. The minor share of the net pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of pick (n) races, based upon the official order of finish. If there are no wagers selecting the first-place finisher in a second greatest number of pick (n) races, the minor share of the net pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first-place finisher in the greatest number of pick (n) races. If the greatest number of first-place finishers selected is one (1), the major and minor shares are combined for distribution as a single price pool. If there are no winning wagers, the pool is refunded.

(e) Method 5, pick (n) with minor pool and no carry-over: The major share of net pick (n) pool shall be distributed to those who selected the first-place finisher in each of the pick (n) races, based upon the official order of finish. The minor share of the net pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of pick (n) races, based upon the official order of finish. If there are no wagers selecting the first-place finisher in all pick (n) races, the entire net pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of pick (n) races. If there are no wagers selecting the first-place finisher in a second greatest number of pick (n) races, the minor share of the net pick (n) pool shall be combined with the major share for

distribution as a single price pool to those who selected the first-place finisher in each of the pick (n) races. If there are no winning wagers, the pool is refunded.

(f) Method 6, pick (n) with minor pool, jackpot pool, major carry-over and jackpot carry-over: Predetermined percentages of the net pick (n) pool shall be set aside as a major pool, minor pool and jackpot pool. The major share of the net pick (n) pool and the major carry-over, if any, shall be distributed to those who selected the first-place finisher of each of the pick (n) races, based on the official order of finish. If there are no tickets selecting the first-place finisher in each of the pick (n) races, the major net pool shall be added to the major carry-over. If there is only one single ticket selecting the first-place finisher of each of the pick (n) races, based on the official order of finish, the jackpot share of the net pick (n) pool and the jackpot carry-over, if any, shall be distributed to the holder of that single ticket, along with the major net pool and the major carry-over, if any. If more than one ticket selects the first-place finisher of each of the pick (n) races the jackpot net pool shall be added to the jackpot carry-over. The minor share of the net pick (n) pool shall be distributed to those who selected the first-place finisher of the second greatest number of pick (n) races, based on the official order of finish. If there are no wagers selecting the first-place finisher of all pick (n) races, the minor net pool of the pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher of the greatest number of pick (n) races.

(3) If there is a dead heat for first in any of the pick (n) races involving:

(a) Horses representing the same betting interest, the pick (n) pool shall be distributed as if no dead heat occurred.

(b) Horses representing two or more betting interests, the pick (n) pool shall be distributed as a single price pool with each winning-wager receiving an equal share of the profit.

(4) Should a betting interest in any of the pick (n) races be scratched:

(a) The racing association may allow patrons the option of selecting an alternate betting interest prior to the running of the first leg of the pick (n). The selected alternate betting interest shall be substituted for the scratched betting interest, for all purposes, including pool calculations.

(b) If no alternate betting interest is selected or the selected alternate betting interest is also scratched, the actual favorite, as evidenced by total amounts wagered in the win pool at the close of wagering on that race, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.

(5) The pick (n) pool shall be cancelled and all pick (n) wagers for the individual race day shall be refunded if:

(a) At least three races included as part of a pick 4, pick 5 or pick 6 are cancelled or declared "no race".

(b) At least four races included as part of a pick 7, pick 8 or pick 9 are cancelled or declared "no race".

(2001 Ed.)

(c) At least five races included as part of a pick 10 are cancelled or declared "no race".

(6) If at least one race included as part of a pick (n) is cancelled or declared "no race", but not more than the number specified in subsection 5 of this rule, the net pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of pick (n) races for that race day. Such distribution shall include the portion ordinarily retained for the pick (n) carry-over but not the carry-over from previous race days.

(7) The pick (n) carry-over may be capped at a designated level approved by the commission so that if, at the close of any race day, the amount in the pick (n) carry-over equals or exceeds the designated cap, the pick (n) carry-over will be frozen until it is won or distributed under other provisions of this rule. After the pick (n) carry-over is frozen, 100 percent of the net pool, part of which ordinarily would be added to the pick (n) carry-over, shall be distributed to those whose selection finished first in the greatest number of pick (n) races for that race day.

(8) A written request for permission to distribute the pick (n) carry-over on a specific race day may be submitted to the commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and race day for the distribution.

(9) Should the pick (n) carry-over be designated for distribution on a specified date and race day in which there are no wagers selecting the first-place finisher in each of the pick (n) races, the entire pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of pick (n) races. The pick (n) carry-over shall be designated for distribution on a specified date and race day only under the following circumstances:

(a) Upon written approval from the commission as provided in subsection 8 of this rule.

(b) Upon written approval from the commission when there is a change in the carry-over cap, a change from one type of pick (n) wagering to another, or when the pick (n) is discontinued.

(c) On the closing race day of the meet or split meet.

(10) If, for any reason, the pick (n) carry-over must be held over to the corresponding pick (n) pool of a subsequent meet, the carry-over shall be deposited in an interest-bearing account approved by the commission. The pick (n) carry-over plus accrued interest shall then be added to the net pick (n) pool of the following meet on a date and race day so designated by the commission.

(11) With the written approval of the commission, the association may contribute to the pick (n) carry-over a sum of money up to the amount of any designated cap.

(12) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining is strictly prohibited. This shall not prohibit necessary communication between totalisator and parimutuel department employees for processing of pool data.

(13) The association may suspend previously-approved pick (n) wagering with the prior approval of the commission. Any carry-over shall be held until the suspended pick (n) wagering is reinstated. An association may request approval

of a pick (n) wager or separate wagering pool for specific race day.

WAC 260-52-010 Paddock to post. (1) Permission must be obtained from a steward to exercise a horse between races.

(2) In a race, each horse shall carry a conspicuous saddlecloth number and a head number, corresponding to his number on the official program. In the case of an entry each horse making up the entry shall carry the same number (head and saddlecloth) with a distinguishing letter. For example, 1-1A, 1X. In the case of a field the horses comprising the field shall carry an individual number; i.e., 12, 13, 14, 15, and so on.

(3) After the horses enter the track, no jockey shall dismount and no horse shall be entitled to the care of an attendant without consent of the stewards or the starter, and the horse must be free of all hands other than those of the jockey or assistant starter before the starter releases the barrier.

(4) In case of accident to a jockey, his mount or equipment, the stewards or the starter may permit the jockey to dismount and the horse to be cared for during the delay, and may permit all jockeys to dismount and all horses to be attended during the delay.

(5) All horses shall parade and, under penalty of disqualification, shall carry their weight from the paddock to the starting post, such parade to pass the steward's stand.

(6) After entering the track not more than 12 minutes shall be consumed in the parade of the horses to the post except in cases of unavoidable delay. After passing the stand once, horses will be allowed to break formation and canter, warm up or go as they please to the post. When horses have reached the post, they shall be started without unnecessary delay.

(7) If the jockey is so injured on the way to the post as to require another jockey, the horse shall be taken to the paddock and another jockey obtained.

(8) No person shall wilfully delay the arrival of a horse at the post.

(9) No person other than the rider, starter, or assistant starter shall be permitted to strike a horse, or attempt, by shouting or otherwise to assist it in getting a start.

(10) In all races in which a jockey will not ride with a whip, an announcement of that fact shall be made over the public address system.

WAC 260-52-020 Post position. Post position shall be determined publicly by lot in the presence of the racing secretary or his deputy. After a regular carded horse or horses have been excused from a race, all horses shall move up in post position order; except in the case of a race on the straightaway, in which case the also-eligible shall take the stall of the horse declared out or scratched. The above rule shall apply unless the association specifically states otherwise in its stakes or condition book.

WAC 260-52-030 Starting the race. (1) The starter is responsible for assuring that each participant receives a fair start.

(2) If, when the starter dispatches the field, any door at the front of the starting gate stalls should not open properly due to a mechanical failure or malfunction or should any action by any starting personnel directly cause a horse to receive an unfair start, the stewards may declare such a horse a non-starter.

(3) Should a horse, not scratched prior to the start, not be in the starting gate stall thereby causing it to be left when the field is dispatched by the starter, the horse shall be declared a non-starter by the stewards.

(4) Should an accident or malfunction of the starting gate, or other unforeseeable event compromise the fairness of the race or the safety of race participants, the stewards may declare individual horses to be non-starters, exclude individual horses from one or more parimutuel pools or declare a "no contest" and refund all wagers except as otherwise provided in the rules involving multi-race wagers.

WAC 260-52-040 Post to finish. (1) All horses shall be ridden out in every race. A jockey shall not ease up or coast to the finish, without reasonable cause, even if the horse has no apparent chance to win prize money. A jockey shall give a best effort during a race, and each horse shall be ridden to win. No jockey shall unnecessarily cause his/her horse to shorten its stride so as to give the appearance of having suffered a foul.

(2) If a jockey strikes or touches another jockey or another jockey's horse or equipment, his/her mount may be disqualified.

(3) When clear in a race a horse may be ridden to any part of the course, but if any horse swerves, or is ridden to either side, so as to interfere with, impede or intimidate any other horse, it may be disqualified;

(4) A horse which interferes with another and thereby causes any other horse to lose ground or position or causes any other horse to break stride, when such other horse is not

at fault and when such interference occurs in a part of the race where the horse interfered with loses the opportunity to place where it might, in the opinion of the stewards be reasonably be expected to finish, may be disqualified;

(5) If the stewards determine the foul was intentional, or due to careless riding, the jockey may be held responsible;

(6) In a straightaway race, every horse must maintain position as nearly as possible in the lane in which it starts. If a horse is ridden, drifts or swerves out of its lane in such a manner that it interferes with, impedes or intimidates another horse, it is a foul and may result in the disqualification of the offending horse.

(7) When the stewards determine that a horse shall be disqualified, they may place the offending horse behind such horses as in their judgment it interfered with, or they may place it last;

(8) If a horse is disqualified, any horse or horses with which it is coupled as an entry may also be disqualified;

(9) When a horse is disqualified in a time trial race, for the purposes of qualifying only, it shall receive the time of the horse it is placed behind plus one-hundredth of a second penalty or more exact measurement if photo finish equipment permits, and shall be eligible to qualify for the finals or consolation of the race on the basis of the assigned time;

(10) Possession of any electrical or mechanical stimulating or shocking device by a jockey, horse owner, trainer or other person authorized to handle or attend to a horse shall be prima facie evidence of a violation of these rules and is sufficient grounds for the stewards to scratch or disqualify the horse;

(11) The stewards may determine that a horse shall be unplaced for the purpose of purse distribution and time trial qualification.

(12) No jockey carrying a whip during a race shall fail to use the whip in a manner consistent with using his/her best efforts to win.

(13) Any jockey who uses a whip during the running of a race is prohibited from whipping a horse:

- (a) in an excessive or brutal manner;
- (b) on the head, flanks, or on any part of its body other than the shoulders or hind quarters;
- (c) during the post parade except when necessary to control the horse;
- (d) when the horse is clearly out of the race.

WAC 260-52-050 Placing judges—Duties. The placing judge or judges shall be primarily responsible for ascertaining violations of WAC 260-52-040 during the running of a race and shall additionally report to the stewards the winning horses of each race and perform each and every other duty delegated by the commission. If there is a close finish, the photograph shall be submitted to the stewards for examination and for concurrence on the result before the order of finish of the race is displayed or announced. In the case of a dead heat, or disagreement as to the correct order of finish, the decision of the stewards shall be final. In placing the

(2001 Ed.)

horses at the finish, the position of the horses noses only shall be considered and not any other part of the body.

[Order 75-1, § 260-52-050, filed 2/18/75; Rule 202, filed 1/30/67; Rule 202, filed 4/21/61.]

WAC 260-52-060 Camera and photographs. (1) On all tracks proper cameras shall be installed as an aid to the stewards, placing and patrol judges, however, in all cases, the cameras are merely an aid and the decisions of the stewards are to be final. The photograph or video image of each finish shall be posted in at least one conspicuous place as promptly as possible after each race where a photo finish occurs.

(2) The association shall keep on file for the duration of the meeting each plate or film or tape of each race for reference or reproduction upon request of the commission.

WAC 260-52-070 Declaring race "official." (1) The clerk of the scales shall weigh in all jockeys after each race, and after weighing, shall notify the stewards if the weights are correct. The stewards may then declare the race official. However, the commission may authorize a racing association to employ a "fast official" method of declaring a race official when a written request is received from the racing association at least 45 days prior to the opening of the race meeting. When using the "fast official" jockeys shall claim foul immediately following the running of the race, while still mounted on the race track. The association will be responsible for having an outrider or other individual situated on the race track and equipped with a communication device for relaying any objections to the stewards. Owners and trainers must claim foul directly to the stewards via telephones assigned by the association for that purpose and situated throughout the facility. No claim of foul will be considered by the stewards after a race has been declared official.

(2) Nothing in these rules shall be construed to prevent the placing judges, with the approval of the stewards, from correcting an error before the display of the sign "official" or from recalling the sign, "official" in case it has been displayed through error.

WAC 260-52-080 Official time of the race. That the time recorded for the first horse to cross the finish line shall be the official time of the race. (Except as provided by WAC 260-70-710, namely, that if a horse establishes a track record and it later develops in the chemical analysis of the sample that there is the presence of a drug, then such track record shall be null and void.)

(2001 Ed.)

owner as defined in WAC 260-12-010. Furthermore, such owner shall be registered in good faith for racing and has had a horse or horses occupying assigned stall space for the race meeting. The right to claim shall not be forfeited even though all horses occupying such stall space may have been eliminated.

(2) In addition to the above rule, any horse is subject to be claimed by a person or a licensed authorized agent for the account of such person, providing such person has applied to and has been approved by the commission as a prospective owner and has been issued a claiming certificate. The names of persons obtaining a claiming certificate shall be prominently displayed in the offices of the commission and the racing secretary. Once the prospective owner has successfully claimed a horse he/she must secure an owner's license on a timely basis. An applicant for a claim certificate shall submit to the Stewards:

(a) A completed application for a claiming permit and the \$25 fee;

(b) The name of a licensed trainer who will assume the care and responsibility for any horse claimed;

(c) The stewards shall issue a claim certificate upon satisfactory evidence that the applicant is eligible for an owner's license;

(d) The claim certificate shall expire with the conclusion of the race meeting at which it was issued, or upon the claim of a horse, or upon issuance or denial of an owner's license, whichever comes first;

(e) A claim certificate may be renewed by the stewards during the same year with no additional fee;

(f) A claiming certificate may be issued to a person who had been licensed as an owner during a previous race meet.

(2) Any drug or medication which is used or kept on association grounds and which, by federal or state law, requires a prescription must have been validly prescribed by a duly licensed veterinarian, and in compliance with applicable state statutes. All such allowable medications must have a prescription label which is securely attached and clearly ascribed to show the following:

- (a) The name of the product;
- (b) The name, address and telephone number of the veterinarian prescribing or dispensing the product;
- (c) The name of each patient (horse) for whom the product is intended/prescribed;

(1) Every horse entered to participate in an official race shall be subject to a veterinary inspection.

(2) The inspection shall be conducted by an official veterinarian.

(3) The trainer of each horse or a representative of the trainer shall present the horse for inspection as required by the official veterinarian.

(4) The veterinary inspection of a horse's racing condition may include:

taken to the test barn to have a blood and/or urine sample taken at the direction of an official veterinarian.

(2) Random or extra testing may be required by the stewards, the official veterinarian, or the commission at any time on any horse on association grounds.

(3) Unless otherwise directed by the stewards or an official veterinarian, a horse that is selected for testing must be taken directly to the test barn.

(4) Access to the test barn and, if applicable, receiving barn shall be monitored and restricted. All persons who wish to enter the test barn/receiving barn area must be currently licensed by the commission, display their commission identification badge and have a legitimate reason for being in the test barn area.

WAC 260-70-600 Sample collection. (1) Sample collection shall be done in accordance with guidelines and instructions provided by the official veterinarian.

(2) An official veterinarian shall determine a minimum sample requirement for the primary testing laboratory.

(a) If the specimen obtained from a horse is less than the minimum sample requirement, the entire specimen shall be sent to the primary testing laboratory.

(b) If a specimen obtained is greater than the minimum sample requirement but less than twice that amount, the portion of the sample that is greater than the minimum sample requirement shall be secured as the split sample.

(c) If a specimen obtained is greater than twice the minimum sample requirement, a portion of the sample approximately equal to the amount provided for the primary testing laboratory shall be secured as the split sample.

(d) At Class C race tracks the splitting of samples will be conducted by the primary testing laboratory.

[Statutory Authority: RCW 67.16.040. 96-10-001, § 260-70-600, filed 4/17/96, effective 5/18/96.]

WAC 260-70-610 Storage and shipment of split samples. (1) Split samples obtained in accordance with WAC 260-70-600, subsection 2b and 2c shall be secured and made available for further testing in accordance with the following procedures:

(a) A split sample shall be secured in the test barn under the same manner as the portion of the specimen acquired for shipment to a primary laboratory until such time as specimens are packed and secured for shipment to the primary laboratory. Split samples shall then be transferred to a freezer at a secure location approved by the commission.

(b) A freezer for storage of split samples shall be equipped with a lock. The lock shall be closed and locked so as to prevent access to the freezer at all times except as specifically provided by these rules.

(c) A freezer for storage of split samples shall be opened only for depositing or removing split samples, for inventory, or for checking the condition of samples.

(d) A log shall be maintained by the official veterinarian that shall be used each time a split sample freezer is opened to specify each person in attendance, the purpose for opening the freezer, identification of split samples deposited or

removed, the date and time the freezer was opened, and the time the freezer was closed and to verify that the lock was secured prior to and after opening of the freezer.

(e) Any evidence of a malfunction of a split sample freezer or samples that are not in a frozen condition during storage shall be documented in the log and immediately reported to the stewards or a designated commission representative.

(2) A trainer or owner of a horse may request that a split sample corresponding to the portion of the specimen tested by the primary laboratory be sent to another laboratory approved by the commission. The request must be made in writing and delivered to the stewards not later than 48 hours after the trainer of the horse receives written notice of the findings of the primary laboratory. Any split sample so requested must be shipped within an additional 72 hours.

(3) The owner or trainer requesting testing of a split sample shall be responsible for the cost of shipping and testing. Failure of the owner, trainer or designee to appear at the time and place designated by the official veterinarian shall constitute a waiver of all rights to split sample testing. Prior to shipment, the commission shall confirm the split sample laboratory's willingness to provide the testing requested, the laboratory's willingness to send results to both the person requesting the testing and the commission, and arrangements for payment satisfactory to the split sample laboratory. A split sample testing laboratory must be approved by the commission. The commission shall maintain a list of laboratories approved for testing of split samples.

(4) Prior to opening the split sample freezer, the commission shall provide a split sample chain of custody verification form that shall provide a place for recording the following information and such other information as the official veterinarian may require. The form shall be fully completed during the retrieval, packaging, and shipment of the split sample.

Split sample chain of custody form requirements:

(a) The date and time the sample is removed from the split sample freezer;

(b) The sample number;

(c) The address where the split sample is to be sent;

(d) The name of the carrier and the address where the sample is to be taken for shipment;

(e) Verification of retrieval of the split sample from the freezer;

(f) Verification of each specific step of the split sample packaging in accordance with the recommended procedure;

(g) Verification of the address of the split sample laboratory on the split sample package;

(h) Verification of the condition of the split sample package immediately prior to transfer of custody to the carrier; and

(i) The date and time custody of the sample is transferred to the carrier.

(5) A split sample shall be removed from the split sample freezer by a commission representative in the presence of the owner, trainer or designee.

(6) The owner, trainer or designee shall pack the split sample for shipment in the presence of the representative of the commission, in accordance with the packaging procedure.

dures recommended by the commission. A form shall be signed by both the owner's representative and the commission representative to confirm the packaging of the split sample. The exterior of the package shall be secured and identified with initialed tape, evidence tape or other means to prevent tampering with the package.

(7) The package containing the split sample shall be transported to the location where custody is transferred to the delivery carrier charged with delivery of the package to the commission approved laboratory selected by the owner or trainer.

(8) The owner, trainer or designee may inspect the package containing the split sample immediately prior to transfer to the delivery carrier to verify that the package is intact and has not been tampered with.

(9) The split sample chain of custody verification form shall be completed and signed by the representatives of the commission and the owner, trainer or designee. A commission representative shall keep the original and provide a copy for the owner, trainer or designee.

(2) A finding by the official chemist of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse and, in the case of a post-race test, was present in the horse's body while it was participating in a race. Prohibited substances include:

(a) Drugs or medications for which no acceptable levels have been established;

(b) Therapeutic medications in excess of acceptable levels established by the commission;

(c) Substances present in the horse in excess of levels at which such substances could occur naturally; and

(3) No person shall administer, attempt to minister, or aid or abet in the administration of, any medication or drug to a horse entered to race within 24 hours of the race in which entered except in accordance with these rules.

(4) Drugs or medications in horses are permissible, provided:

(a) The drug or medication is included in the commission's list of quantitative medication levels;

WAC 260-70-650 Furosemide (Lasix®). (1) Furosemide (Lasix®) may be administered intravenously to a horse which is entered to compete in a race. Except under the instructions of the official veterinarian for the purpose of removing a horse from the veterinarian's list or to facilitate the collection of a urine sample, furosemide (Lasix®) shall be permitted only after the official veterinarian has placed the horse on the bleeder list.

(2) The use of furosemide (Lasix®) shall be permitted under the following circumstances:

(i) The racetrack name, the date and time the furosemide (Lasix®) was administered to the entered horse;

(ii) The dosage amount of furosemide (Lasix®) administered to the entered horse; and

(iii) The printed name and signature of the attending licensed veterinarian who administered the furosemide (Lasix®).

(d) Failure to administer furosemide (Lasix®) in accordance with these rules may result in the horse being scratched from the race by the stewards.

WAC 260-70-660 Bleeder list. (1)(a) The official veterinarian shall maintain a bleeder list of all horses which have demonstrated external evidence of exercise induced pulmonary hemorrhage or the existence of hemorrhage in the trachea post exercise upon endoscopic examination. Such examination must have been performed by or in the presence of a licensed veterinarian and endorsed by the official veterinarian, or performed by an official veterinarian. The list is a state-wide list that applies only at Class A or Class B licensed associations and not at any other track.

(b) If the commission so orders, horses placed on the bleeder list shall be assigned to a pre-race security stall, to be known as a detention stall, no later than four hours prior to the scheduled post time for any race in which it is entered to start. The detention stall is assigned by the official veterinarian and may at his discretion be the stall regularly assigned that horse for its customary stabling. Once placed in the detention stall, a horse must remain there until it is taken to the receiving barn or to the paddock to be saddled or harnessed for the race, except that the stewards may permit horses to leave the secured stall to engage in exercise blow-outs or warm-up heats. If the horse on the bleeder list is assigned as a detention stall its regular stall, that stall shall be posted and the stall must be under direct observation of a responsible, licensed employee of the trainer or the owner. Where facilities permit, the commission veterinarian may designate a secured area and assign stalls within that secured area to those horses on the bleeder list who are entered to race that day or night.

(2) The confirmation of a bleeder horse must be certified in writing by an official veterinarian and entered on the bleeder list. Copies of the certification shall be issued to the owner of the horse or the owner's designee upon request. A notice of a horse's bleeder certification shall be affixed to the horse's certificate of registration.

(3) Every confirmed bleeder, regardless of age, shall be placed on the bleeder list.

(4) A horse may be removed from the bleeder list only upon the direction of the official veterinarian, who shall certify in writing to the stewards the recommendation for removal.

(5) A horse which has been placed on a bleeder list in another jurisdiction may be placed on a bleeder list in this jurisdiction provided that the other jurisdiction's criteria for the identification of bleeders are satisfactory in this jurisdiction.

WAC 260-70-670 Penalties—Guidelines. Upon a finding of a violation of these medication and prohibited sub-

stances rules, the stewards shall consider the uniform classification level of the violation as listed herein prior to imposing a penalty. The stewards shall also consult with an official veterinarian to determine the nature and seriousness of the laboratory finding or the medication violation. Provided, however, that in the event a majority of the stewards determine that mitigating circumstances require imposition of a lesser penalty they may impose the lesser penalty. In the event a majority of the stewards wish to impose a greater penalty or a penalty in excess of the authority granted them, then, and in such event, they may impose the maximum penalty authorized and refer the matter to the commission with specific recommendations for further action.

WAC 260-70-680 Uniform classification guidelines. The following outline describes the types of substances placed in each category. This list shall be publicly posted in the offices of the official veterinarian and the racing secretary.

(1) Class 1

Opiates, opium derivatives, synthetic opioids, psychoactive drugs, amphetamines and U.S. Drug Enforcement Agency (DEA) scheduled I and II drugs. Also found in this class are drugs which are potent stimulants of the nervous system. Drugs in this class have no generally accepted medical use in the race horse and their pharmacological potential for altering the performance of a race is very high.

(2) Class 2

Drugs in this category have a high potential for affecting the outcome of a race. Most are not generally accepted as therapeutic agents in the race horse. Many are products intended to alter consciousness or the psychic state of humans, and have no approved or indicated use in the horse. Some, such as injectable local anesthetics, have legitimate use in equine medicine, but should not be found in a race horse. The following groups of drugs are in this class:

(a) Opiate partial agonists, or agonist-antagonists;

(b) Nonopiate psychotropic drugs, which may have stimulant, depressant, analgesic or neuroleptic effects;

(c) Miscellaneous drugs which might have a stimulant effect on the central nervous system (CNS);

(d) Drugs with prominent CNS depressant action;

(e) Antidepressant and antipsychotic drugs, with or without prominent CNS stimulatory or depressant effects;

(f) Muscle blocking drugs which have a direct neuromuscular blocking action;

(g) Local anesthetics which have a reasonable potential for use as nerve blocking agents (except procaine); and

(h) Snake venoms and other biologic substances which may be used as nerve blocking agents.

(3) Class 3

Drugs in this class may or may not have an accepted therapeutic use in the horse. Many are drugs that affect the cardiovascular, pulmonary and autonomic nervous systems. They all have the potential of affecting the performance of a race horse. The following groups of drugs are in this class:

(a) Drugs affecting the autonomic nervous system which do not have prominent CNS effects, but which do have prom-

inent cardiovascular or respiratory system effects (bronchodilators are included in this class);

(b) A local anesthetic which has nerve blocking potential but also has a high potential for producing urine residue levels from a method of use not related to the anesthetic effect of the drug (procaine);

(c) Miscellaneous drugs with mild sedative action, such as the sleep inducing antihistamines;

(d) Primary vasodilating/hypotensive agents; and

(e) Potent diuretics affecting renal function and body fluid composition.

(4) Class 4

This category is comprised primarily of therapeutic medications routinely used in race horses. These may influence performance, but generally have a more limited ability to do so. Groups of drugs assigned to this category include the following:

(a) Non-opiate drugs which have a mild central analgesic effect;

(b) Drugs affecting the autonomic nervous system which do not have prominent CNS, cardiovascular or respiratory effects;

(i) Drugs used solely as topical vasoconstrictors or decongestants,

(ii) Drugs used as gastrointestinal antispasmodics,

(iii) Drugs used to void the urinary bladder,

(iv) Drugs with a major effect on CNS vasculature or smooth muscle of visceral organs.

(c) Antihistamines which do not have a significant CNS depressant effect (This does not include H1 blocking agents, which are listed in Class 5);

(d) Mineralocorticoid drugs;

(e) Skeletal muscle relaxants;

(f) Anti-inflammatory drugs—those that may reduce pain as a consequence of their anti-inflammatory actions, which include:

(i) Nonsteroidal anti-inflammatory drugs (NSAIDs)—aspirin-like drugs;

(ii) Corticosteroids (glucocorticoids); and

(iii) Miscellaneous anti-inflammatory agents.

(g) Anabolic and/or androgenic steroids and other drugs;

(h) Less potent diuretics;

(i) Cardiac glycosides and antiarrhythmics including:

(i) Cardiac glycosides;

(ii) Antiarrhythmic agents (exclusive of lidocaine, bretylium and propranolol); and

(iii) Miscellaneous cardiotoxic drugs.

(j) Topical anesthetics—agents not available in injectable formulations;

(k) Antidiarrheal agents;

(l) Miscellaneous drugs including:

(i) Expectorants with little or no other pharmacologic action;

(ii) Stomachics; and

(iii) Mucolytic agents.

(m) Substances foreign to a horse at levels that cause interference with testing procedures.

(5) Class 5

(a) Drugs in this category are therapeutic medications for which concentration limits have been established as well as

(2001 Ed.)

certain miscellaneous agents. Included specifically are agents which have very localized action only, such as anti-ulcer drugs and certain antiallergic drugs. The anticoagulant drugs are also included.

(b) Noninterfering levels of sulfa drugs, antibiotics, anthelmintics and vitamins in a horse's post race urine or blood test may not be considered a violation of these rules.

[Statutory Authority: RCW 67.16.040. 96-10-001, § 260-70-680, filed 4/17/96, effective 5/18/96.]

WAC 260-70-690 Penalty recommendations (in the absence of mitigating circumstances). (1) Class 1—One to five years suspension and at least \$5,000 fine and loss of purse.

(2) Class 2—Six months to one year suspension and \$1,500 to \$2,500 fine and loss of purse.

(3) Class 3—Sixty days to six months suspension and up to \$1,500 fine and loss of purse.

(4) Class 4—Zero to 60 days suspension and up to \$1,000 fine and loss of purse.

(5) Class 5—Zero to 15 days suspension with a possible loss of purse and/or fine.

[Statutory Authority: RCW 67.16.040. 96-10-001, § 260-70-690, filed 4/17/96, effective 5/18/96.]

WAC 260-70-700 Penalties relating to permitted medication. (1) Should the laboratory analysis of urine or blood taken from a horse, show the presence of more than one approved nonsteroidal anti-inflammatory drug (NSAID) in violation of these rules or the presence of phenylbutazone or oxyphenbutazone, naproxen or meclufenamic acid in excess of the quantities authorized by the rules, the stewards or commission shall levy the following penalties against each person found responsible:

(a) For a first offense within a 365 day period, a fine of \$300;

(b) For a second offense within a 365 day period, \$750;

(c) For a third offense within a 365 day period, a fine of \$ 1,000 with a 15 to 60 day suspension.

(2) Should the laboratory analysis of urine or blood taken from a horse show the presence of furosemide (Lasix®) without permission from the official veterinarian, the stewards or commission shall treat the violation as a Class 4 offense.

(3) Detection of any unreported permitted medication, drug, or substance by the primary testing laboratory may be grounds for disciplinary action.

(4) As reported by the primary testing laboratory, failure of any test sample to show the presence of permitted medication, drug or substance when such permitted medication, drug or substance was required to be administered may be grounds for disciplinary action.

WAC 260-70-710 Voiding track record. In the event that a horse establishes a track record in a race and if it later develops that the chemical analysis of any sample taken indicates the presence of any prohibited substances for which the

purse is redistributed, then such track record shall be null and void.

[Statutory Authority: RCW 67.16.040, 96-10-001, § 260-70-710, filed 4/17/96, effective 5/18/96.]

WAC 260-70-720 Posterior digital neurectomy. (1)

No person shall bring onto the grounds of a racing association, or enter or cause to be entered in any race, or sell, offer for sale, or act as a bloodstock agent in the sale of, any horse which has been "nerved" or has had any nerve removed from the leg of such horse, except as provided in this article.

(2) The trainer shall promptly report to the racing secretary and the official veterinarian when a posterior digital neurectomy is performed and ensure that such fact is designated on the horses certificate of registration.

(3) Notwithstanding the prohibition against "nerving," a horse upon which a posterior digital neurectomy has been performed, commonly known as "heel nerving" is eligible to race, subject to the prohibitions in this article pertaining to nerving, provided that the official veterinarian is satisfied that the loss of sensation to such horse due to the posterior digital neurectomy will not endanger the safety of any horse or rider, that the prior approval of the official veterinarian has been obtained if the horse is on the grounds of a racing association, that the racing secretary is notified of such nerving at the time such horse is admitted to the grounds of a racing association and its registration or eligibility certificate marked to indicate such nerving.

WAC 260-70-730 Postmortem examination. (1) The

commission may require a postmortem examination of any horse that is injured in this jurisdiction while in training or in competition and that subsequently expires or is destroyed. In proceeding with a postmortem examination the commission or its designee shall coordinate with the trainer and/or owner to determine and address any insurance requirements.

(2) The commission may require a postmortem examination of any horse that expires while housed on association grounds or at recognized training facilities within this jurisdiction. Trainers and owners shall be required to comply with such action as a condition of licensure.

(3) The commission may take possession of the horse upon death for postmortem examination. The commission may submit blood, urine, other bodily fluid specimens or other tissue specimens collected during a postmortem examination for testing by the commission-selected laboratory or its designee. Upon completion of the postmortem examination, the remains may be returned to the owner or disposed of at the owner's option.
