WAC 131-08-005  General description of state board organization and operations. (1) The state board for community and technical colleges consists of nine members appointed by the governor. Members serve for terms of four years; or until a successor is named.

(2) The executive officer and secretary of the board is the executive director of the state system of community and technical colleges. The executive director is in charge of the offices of the board and responsible to the board for the preparation of reports and the collection and dissemination of data and other public information relating to the state system of community and technical colleges. The executive director exercises, in the name of the board, all powers and duties delegated by the board and at the direction of the board executes, together with the chair of the board, all contracts entered into by the board.

(3) It is the board's duty to exercise general supervision and control over the state system of community and technical colleges consistent with the specific powers and duties set forth in the Community and Technical College Act of 1991, chapter 28B.50 RCW.

(4) The board's office is located in Olympia, Washington, 319 Seventh Avenue, 98504.

(5) Information about specific meeting places and times may be obtained at the board office. Formal submission or requests to the state board should be addressed to the executive director at the Olympia office.

WAC 131-08-007  Presentations to state board. Any interested individual or organization, upon written request to and receipt by the state board office at least two weeks in advance of the next scheduled board meeting, may request that any relevant matter concerning the state community and technical college system be placed on the board meeting
agenda. The chair or the executive director of the state board may, however, waive this two week notification procedure, if in the judgment of either, sufficient emergency exists.

The following format shall be used by individuals or organizations in making their request for additions to the board meeting agenda:

(1) Title of the item to be considered;
(2) A brief descriptive background which includes relevant facts and documentary evidence, including written materials, personal interviews, expert testimony or matters of record;
(3) Identification of the requesting party, including relevant organizational affiliations and job titles.

It shall be the prerogative of the board not to take any action on matters that come before the board pursuant to this rule.

In the case of presentations to the board on behalf of organizations, special interest groups, and other multiform bodies, testimony shall normally be limited to one individual representative.

In the case of all presentations, the board reserves the right, without notice, to limit the length of any particular presentation or to reschedule presentations when, in its judgment, the demands of public business before the board necessitate making such limitations.

It is the intent of the state board that procedures set forth in this regulation shall be liberally interpreted to the end that all interested citizens and organized groups shall be able to address the board on any matter relevant to its responsibilities and duties in the operations of Washington's community and technical college system. Notwithstanding any of the provisions of this section, impromptu comments or questions by members of the public or organization representative may be presented at any meeting of the board consistent with the provisions of chapter 42.30 RCW, the Open Public Meetings Act.

In the case of adoption, amendment or repeal of rules, which are subject to the provisions of the Administrative Procedure Act, chapter 34.05 RCW, the provisions of that chapter regarding the presentation of data, views or arguments to shall govern.

WAC 131-08-008 Special meetings of the state board. Special meetings of the state board may be called by the chair or by a majority of the members of the state board. Notification of such a meeting must be made at least twenty-four hours before the time of such meeting. Such notice shall specify the time and place of the special meeting and the business to be transacted. Final disposition shall not be taken on any other matter at such meetings. Notice of such special meetings also shall be provided twenty-four hours prior to such meetings to each local newspaper of general circulation and to each local radio and television station which has on file with the state board a written request to be notified of such special meetings or of all meetings of the state board.

WAC 131-12-010 Minimum standards for admission to a community or technical college. (1) Any applicant for admission to a community or technical college shall be admitted when, as determined by the chief administrative officer of the district or his or her designee, such applicant:

WAC 131-12-040 Districts shall establish rules allowing intercampus and intercollege enrollment. WAC 131-12-041 Interdistrict registration of students. Under the authority of RCW 28B.50.095 the following rule applies to the interdistrict enrollment of students at community colleges. The purpose of this rule is to allow students to concurrently enroll at more than one community college, but pay no more tuition and fees than if the student was enrolled at a single college.

1. Interdistrict registration shall mean the concurrent enrollment of a student in community colleges operated by two or more community college districts.

2. Interdistrict registration shall occur only on the basis of a specific agreement between the two or more colleges and shall be used only to accommodate students when courses will not be offered in a manner that will enable the timely completion of the student's program of study. Agreements may also include tuition and fee revenue sharing.

3. Students shall enroll and pay tuition and fees at the first college. The second college in which the student is enrolled shall charge and collect tuition and fees for those additional credits as if the student was taking all of their credits at the second college.

4. Withdrawal from the college or reduction of course load in the college of initial registration shall invalidate any reduced tuition and fee registration at a second college unless the appropriate additional tuition and fees are paid.

5. Students enrolled in a second college under the provisions of this regulation shall be required to comply with the regular registration procedure of such second college and shall be required to pay any additional special fees—such as laboratory, supply, use or records fees normally charged to students enrolled at that college.

WAC 131-12-050 Rules defining student rights and responsibilities required to be adopted. 1. Admission requirements;

2. Freedom of expression, petition, press, assembly and association;

3. Use and maintenance of records and campus facilities;

[Order 5, § 131-12-060, filed 12/12/69.]
WAC 131-12-080 Student progress toward degrees and certificates. In the 2003 legislative session the legislature passed a bill that requires community and technical colleges to adopt policies and procedures to expedite students' progress toward their program goals. The intent of the legislation is to encourage students enrolled in degree or certificate programs to complete their programs with limited additional credits. The policies and procedures should address:

In no case will there be a requirement for retroactive contributions if an employee fails to inform his or her college or state board employer about eligibility previously established with another community and technical college system employer. For the purposes of this section, spring and fall quarters shall be considered as consecutive periods of employment.

(7) As a condition of employment, all employees who become eligible on and after January 1, 1997, shall participate in this plan upon initial eligibility. Notwithstanding this provision, all eligible new employees who at the time of employment are members of the Washington state teachers retirement system or the Washington public employees retirement system may participate as provided in WAC 131-16-031.

WAC 131-16-031 Participation in the plan. (1) Except as provided in subsections (2) and (3) of this section, participation in the TIAA/CREF plan is required of all otherwise eligible new employees: Provided, That any such new employee, who at the time of employment is a member of the Washington state teachers retirement system or the Washington public employees retirement system, and whose college or state board employment meets the requirements of an "eligible position" as defined by such plan, may irrevocably elect to retain such membership or, if not vested in that system, retain membership until vesting occurs and then irrevocably elect to participate in the TIAA/CREF plan.

(2) Employees who establish TIAA/CREF plan eligibility in accordance with WAC 131-16-021 and who, through concurrent employment with another employer, are active Washington public employees retirement system (PERS) members are required to so advise the college or state board employer and shall be given the following options:

(a) To participate in the state board's TIAA/CREF retirement plan in accordance with chapter 131-16 WAC, forgoing active PERS membership (contributions and service credit) with their other employer; or

(b) To continue active participation in PERS based upon their employment with the other public employer; forgoing participation in the state board's TIAA/CREF retirement plan.

Failure to make an election within thirty days of notification results in the employee being placed in the TIAA/CREF plan. The college or state board employer is required to advise the department of retirement systems (DRS) of a PERS member's participation in the TIAA/CREF plan, whether through election or default. It shall be the employee's responsibility to notify the other employer if he or she elects to participate in the TIAA/CREF plan. The employee will notify his or her college or state board employer should the employee cease to be an active PERS member. This irrevocable election remains in effect as long as the employee is actively participating in a PERS plan and is required because RCW 41.40.023(4) prohibits PERS members from simultaneously participating in two state retirement plans.

(3) Any current active participant of TIAA/CREF who becomes an active member of PERS based on employment with another PERS employer is required to notify his or her college or state board employer. The employee will be provided the options listed in subsection (2) of this section and the college or state board employer will follow through accordingly.

WAC 131-16-040 Disability retirement provisions for TIAA/CREF participants. The board of trustees of any college district or the state board may approve the retirement of any participant for reasons of health or permanent disability either upon the request of the appointing authority or the participant: Provided, That reasonable consideration is first given to the written recommendations of the employee's personal physician or, if requested by either the employee or the appointing authority, a review of such recommendations by another physician appointed by mutual agreement for that purpose.

WAC 131-16-045 Transfers to and from plans other than TIAA/CREF. (1) A participant employed in a Wash-
WAC 131-16-050 Contribution rates established. (1) On and after January 1, 1998, the employing college or state board shall make employee contributions on behalf of participants in lieu of paying an equal amount of each participant's salary, and such contributions shall be treated as employer contributions pursuant to Internal Revenue Code Section 414(h)(2) in determining the tax treatment under the code. Such contributions shall be made by the employer in lieu of employee contributions.

(2) Contributions made under subsection (1) of this section shall be paid from the same source of funds as used in paying salary for affected participants. Participants do not have the option to receive the amounts contributed under subsection (1) of this section directly.

(3) The amounts of the contributions made under subsection (1) of this section shall be limited as follows:

(a) Five percent of salary each pay period until the participant attains age thirty-five;

(b) Seven and one-half percent of salary for each pay period from age thirty-five through and including age forty-nine; and

(c) Ten percent of salary for each pay period after attaining age fifty.

(4) The employing college or state board shall contribute an additional sum equal to the contributions required by subsection (3) of this section.

(5) During periods when participants are on leave of absence and are receiving partial compensation, the employer shall continue to make contributions on the same basis as herein provided if the participant agrees to contribute in a like manner.

WAC 131-16-055 Options for self-directed investment of retirement plan contributions and accumulations. While actively employed, participants may exercise any or a combination of the following options for allocation of current premiums or transfer of accumulated TIAA or CREF fund accumulated balances.

(1) Current premiums may be allocated among the TIAA account and the CREF accounts in any whole percentage proportion.

(2) CREF account and TIAA real estate account accumulations resulting from previously contributed premiums may be transferred in whole or in part among any of the CREF and TIAA real estate accounts or to the TIAA traditional annuity account, subject to procedures established by TIAA/CREF.

(3) TIAA traditional annuity accumulations resulting from previously contributed premiums or from transfers from other accounts may be transferred to any CREF accounts on the basis of an irrevocable ten-year schedule of payments, subject to procedures established by TIAA/CREF.

WAC 131-16-056 Hardship withdrawals. (1) In the event of a financial hardship consistent with requirements of subsection (2) of this section and Section 403(b)(11) of the Internal Revenue Code, a participant may withdraw all or part of the following plan funds:

(a) Pre-1998 employee contributions;

(b) Any pre-1989 earnings on employee contributions;

(c) Any Section 414(h) employer pick-up contributions; and

(d) Any contributions transferred to this plan from another employer's plan. Such funds may be withdrawn from the participant's Washington community and technical college system TIAA/CREF retirement account while actively employed. Hardship withdrawals may not be larger than the amount necessary to meet the immediate and heavy financial need defined in subsection (2) of this section plus taxes on withdrawn funds and early withdrawal penalties. Employer contributions (other than Section 414(h) pick-up contributions) and earnings on the employer contributions may not be withdrawn as a hardship withdrawal.

(2) To enable hardship withdrawal of funds, the Internal Revenue Code (Section 1.401(k)-1(d)(2)) requires that the college president or designee shall certify that the participant has demonstrated an immediate and heavy financial need. To demonstrate financial hardship, the participant must provide documentation that:

(a) The participant is unemployed or has been laid off;

(b) The participant has an immediate and heavy financial need; and

(2) Election to stop participation. Employees who are hired after December 31, 1997, the employer shall contribute an additional sum equal to the contributions required by subsection (3) of this section.
The participant shall be deemed to have "no other resources reasonably available to meet the need" if the participant certifies that he/she cannot meet the need through:
(A) Reimbursement or compensation by insurance or another source;
(B) Reasonable liquidation of assets;
(C) Borrowing from supplemental retirement accounts, life insurance values, or commercial sources; and/or
(D) Stopping any voluntary employee contributions to tax deferral or savings plans made available by the employer.
Contributions to the employer-sponsored retirement plan must continue while the employee remains eligible for the plan.

(3) Hardship withdrawals from the community and technical college TIAA/CREF plan are taxable income in the year received. Taxes, early withdrawal penalties, and any other consequences of hardship withdrawals shall be the sole responsibility of the participant. Withdrawals from this qualified TIAA/CREF plan may not be replaced at a later date.

WA 131-16-060 Cashability. Notwithstanding WAC 131-16-062(1), upon termination of employment at all community and technical college districts and the state board for at least one hundred eighty consecutive calendar days, a participant may elect to receive a lump sum payment of his or her TIAA/CREF account pursuant to the settlement options being made available by TIAA/CREF at that time.

WA 131-16-061 Supplemental retirement benefits. (1) A participant is eligible to receive supplemental retirement benefit payments if at the time of retirement the participant is age sixty-two or over and has at least ten years of full-time service in the TIAA/CREF plan at a Washington public higher education institution that the participant would receive in the first month of retirement multiplied by twelve: Provided, That the TIAA/CREF benefit shall be calculated on the following assumptions:
(i) After July 1, 1974, fifty percent of the combined contributions were made to the TIAA traditional annuity and fifty percent to the CREF stock account during each year of full-time service: Provided, That benefit calculations related to contributions made prior to July 1, 1974, shall be computed on the basis of actual allocations between TIAA and CREF;
(ii) The full TIAA/CREF annuity accumulations, including all dividends payable by TIAA and further including the amounts, if any, paid in a single sum under the retirement transition benefit option, were fully settled on a joint and two-thirds survivorship option with a ten-year guarantee, using actual ages of retiree and spouse, but not exceeding a five-year difference; except that for unmarried participants the TIAA accumulations, including dividends, were settled on an installment refund option and the CREF accumulations were settled on a life annuity with ten-year guarantee option, all to be based on TIAA/CREF estimates at the time of retirement; and
(iii) Annuity benefits purchased by premiums paid other than as a participant in a Washington public institution of higher education TIAA/CREF retirement plan shall be excluded.
(iv) For the purposes of this calculation, the assumptions applied to the TIAA/CREF accumulation settlement shall also apply to settlement of the benefit from any other retirement plan.
(c) The amount of supplemental retirement benefit for a participant who has not attained age sixty-five at retirement is the amount calculated in subsection (2) of this section reduced by one-half of one percent for each calendar month remaining until age sixty-five: Provided, That the supplemental retirement benefit for an otherwise qualified participant retired for reason of health or permanent disability shall not be so reduced.
(d) Any portion of participant's TIAA and/or CREF annuity accumulation paid to a participant's spouse upon dissolution of a marriage shall be included in any subsequent calculation of supplemental retirement benefits just as if these funds had remained in the participant's TIAA and/or CREF annuity.
(e) The selection of a TIAA/CREF retirement option other than the joint and two-thirds survivorship with ten-year guarantee shall not alter the method of calculating the supplemental retirement benefit; however, if the participant's combined TIAA/CREF retirement benefit and calculated supplemental retirement benefit exceeds fifty percent of the participant's average annual salary, the supplemental retirement benefit shall be reduced so that the total combined benefits do not exceed fifty percent of average annual salary.

(3) The payment of supplemental retirement benefits shall be consistent with the following provisions:
(a) Supplemental retirement benefits shall be paid in equal monthly installments, except that if such monthly installments should be less than ten dollars, such benefit payments may be paid at longer intervals as determined by the state board.
(b) Supplemental retirement benefit payments will continue for the lifetime of the retired participant; however, prior to retirement, a participant may choose to provide for the continuation of supplemental retirement benefit payments, on an actuarially equivalent reduced basis, to his or her spouse or designated beneficiary after the retiree's death. Notification of such choice shall be filed in writing with the state board and shall be irrevocable after retirement. If such option is chosen, the supplemental retirement benefit payments shall be in the same proportion as any TIAA/CREF survivor annuity option potentially payable to and elected by the participant. If a designation of a survivor's option is not made and the participant dies after attaining age sixty-two but prior to retirement, any supplemental benefit payable shall be based on the two-thirds benefit to survivor option.

(c) Prior to making any supplemental benefit payments, the state board shall obtain a document signed by the participant and spouse, if any, or designated beneficiary acknowledging the supplemental retirement benefit option chosen by the participant.

(4) A retired participant who is reemployed shall continue to be eligible to receive retirement income benefits, except that the supplemental retirement benefit shall not continue during periods of employment for more than forty percent of full-time or seventy hours per month or five months duration in any fiscal year. Retirement contributions shall not be made from the salary for such employment, unless the individual once again becomes eligible to participate under the provisions of WAC 131-16-021.

(2) The federal income tax consequences resulting from the exercise of any options of elections provided by this section shall be the sole responsibility of the individual participant, and all federal tax regulations related to the receipt of retirement income benefits shall apply.

(3) The provisions of this section shall apply only to TIAA and CREF account accumulations attributable to contributions made as a result of employment in institutions or agencies subject to the provisions of WAC 131-16-005 through 131-16-066.

Pursuant to authority granted by RCW 28B.15.740, the boards of trustees of community college districts are authorized to waive all or part of tuition and services and activities fees for needy students: Provided, That the students shall qualify for such waiver under criteria set forth in WAC 131-28-040 through 131-28-045.

These waivers are not to be awarded based on participation in intercollegiate athletics. The estimated gross collection of tuition and service and activities fees shall be based on budgeted, state supported, annual average enrollment, after deducting the portion of the gross amount which is attributed to the difference between resident and nonresident tuition and fees.

WAC 131-28-070 Combination of tuition and fee waivers with other forms of student financial aid. Nothing in WAC 131-28-030 through 131-28-050 is intended to prevent the award of tuition and fee waivers in conjunction with other forms of student financial aid as a package designed to meet the overall educational assistance needs of any student.

WAC 131-32-030 Interdistrict instructional program arrangements.

WAC 131-32-040 Dissemination of course and enrollment information.

[Title 131 WAC—p. 17]
WAC 131-32-010 Charges for courses utilizing supplemental funding. (1) For the purpose of this section, the term "supplemental funding" shall mean restricted funds provided on the basis of an agreement between a college district and a cooperating agency or organization for the purpose of augmenting state fund support above the current funding level provided for particular courses, classes, or programs that have extraordinary costs and that, in the judgment of the college district board of trustees, could not be offered without such supplemental funding.

(2) College districts that desire to offer services that involve supplemental funding pursuant to RCW 28B.50.140 (17) shall report such agreements to the state director within ten days of the execution of the agreement.

(3) Reports of any such agreements shall be accompanied by supporting cost information in the detail and format prescribed by the state director.

(4) The supplemental charge for any such services shall be deposited by the college district in fund 148 for the purpose of supporting such services and the general operations and maintenance of the college district.

(5) Enrollments generated by courses utilizing supplemental funding shall be eligible for state fund support subject to review and approval of the state director.

(6) Courses denied approval under this section may be considered for eligibility as a shared funding course pursuant to WAC 131-32-020.

(7) Tuition and fees for such courses, classes, or programs shall be charged consistent with WAC 131-28-025 and 131-28-026.

WAC 131-32-020 Charges for courses utilizing shared funding. (1) For the purpose of this section, the term "shared funding" shall mean funds provided on the basis of an agreement between a college district and a cooperating agency or organization for the support of particular courses, classes, or programs that have costs within current state funding levels and that, in the judgment of the college district board of trustees, otherwise could not be offered because of inadequate state funding.

(2) College districts that desire to offer services that involve shared funding pursuant to RCW 28B.50.140(17) shall report such agreements to the state director within ten days of the execution of the agreement.

(3) Requests for approval of any such agreements shall be accompanied by supporting cost information in the detail and format prescribed by the state director.

(4) Enrollments generated by courses utilizing shared funding shall be eligible for state funding support subject to review and approval by the state director, but shall be discounted to the proportion that the state fund support provided for the services bears to the direct and indirect costs of the program.

(5) Tuition and fees for such courses, classes, or programs shall be charged consistent with WAC 131-28-025 and 131-28-026.
"recruitment" is defined as information and activities which attempt to persuade potential students to attend a certain college—information used to compete for enrollment. "Information" is defined as the factual description of course availabilities, enrollment requirements, and college characteristics. However, excessive dissemination of what would otherwise be construed as legitimate course and enrollment information is viewed as competition or recruitment.

(2) In general, it is not the policy of the community and technical colleges to compete with each other or with other institutions of higher education for enrollment. It is the general policy of the community and technical colleges to inform the citizens of their districts of the programs and services available to them.

(3) The Community and Technical College Act (RCW 28B.50.020) requires the college system to offer educational service "to every citizen." Traditional methods of informing potential students—i.e., communication with high school counselors and students—reach only a small proportion of the potential enrollment, less than fifteen percent a year. In order to reach the rest of their potential student body—which is essentially the adult population at large—community and technical colleges utilize mass media dissemination, principally of quarterly course announcements.

(4) Mass dissemination of unsolicited course and enrollment information shall be held within district boundaries except where postal and media distribution patterns prohibit. Exceptions include regional activities such as fairs, high school-college days, and public exhibits in which the college is invited to participate. It is appropriate for a community or technical college to make known to the citizens of its district courses and programs offered exclusively by neighboring districts.

(5) It is appropriate to provide each adult citizen in the district with course and enrollment information once during each quarter on an unsolicited basis. In heavily populated areas, budgetary considerations may rule out such total distribution. Quarterly course announcements should be prepared and distributed in a way that provides the best balance between minimum cost and maximum dissemination of course information to district citizens. However, dissemination of such announcements at college expense to persons other than those requesting them shall be limited to one of the following methods:

Mailing to district boxholders (direct mail)
Newspaper advertisement
Newspaper insert
Other method of mass distribution

It may be appropriate for one district to disseminate quarterly course announcements to boxholders or recipients of newspaper inserts residing in other districts. Such arrangements shall not take place until both districts have agreed to the arrangement in writing.

(6) News releases and free public service announcements are an appropriate method of calling attention to new programs or to space availability in existing courses and programs. Public service announcements and news releases shall not be sent to media outside the college district except in those areas where more than one institution is served by the same primary media.

(7) Publications which provide factual information on specific instructional programs, on special programs or on special services provide an efficient method of responding to inquiries from potential students. Their unsolicited dissemination shall be limited to the district of origin.

(8) Districts may purchase advertising to provide supplementary course and registration announcements when it can be demonstrated that paid advertising is more cost-effective than other methods. In areas where media serve more than one college district, colleges should give preference to pooled advertisements rather than individual college advertisements to attract enrollment. Paid advertising shall not be placed with media outside the college district except in areas where more than one institution is served by the same primary news media.

(9) Where community and technical college districts overlap, the colleges shall plan and implement the dissemination of course and enrollment information so as to avoid unnecessary competition with each other and with adjacent districts for potential students. Issues arising from the process will be adjudicated under the provisions of the regional planning agreement specified by RCW 28B.50.215.

(10) In the event that state-funded enrollments are generated through interdistrict recruiting efforts that are contrary to the provisions of this section, the operating budget allocation of the intruding district may be adjusted by action of the state board. Budget allocation adjustments shall be determined by deducting funding attributable to enrollments generated by activities contrary to this section. The state board shall take into consideration the number of interdistrict enrollments that reasonably could have been expected to occur regardless of the interdistrict recruiting effort. At the request of either district that is party to an interdistrict recruiting dispute, the state board shall hold a hearing on the issues at dispute. The hearing will be held under the provisions of WAC 131-08-007. The board as a result of such hearings may approve a settlement that contains alternatives to the provisions of this section.

(2) All long-term loans granted from the fund for periods in excess of one academic quarter shall be disbursed in quarterly installments through proration of the total loan amount.

(3) For purposes of this section, demonstrated financial need shall be the amount determined by application of uniform methodology as defined by WAC 131-36-050(3).

WAC 131-36-200 Terms and conditions of loans. (1) The terms and conditions of long-term loans made from the fund, including, but not limited to, maximum annual loan amount, maximum aggregate loan amount, loan initiation fee, guarantee fee, repayment, cancellation, consolidation of loans, deferment, default, and forbearance shall be the same as those set forth by the federal need-based guaranteed student loan regulations.

(2) All long-term loans granted from the fund for periods in excess of one academic quarter shall be disbursed in quarterly installments through proration of the total loan amount.

(2) The state director of community and technical colleges shall determine and designate on behalf of the state board an appropriate entity to conduct servicing and collection activities with regard to loans made from the fund.

In the belief that citizen involvement in public affairs is basic to the effective functioning of government at all levels, it shall be the general policy of the state board for community and technical colleges to encourage the participation of employees of the office of the state board in public affairs and the full exercise of their privileges and duties as citizens.

The purpose of the following provisions is to provide guidance to employees of the state board so that they may engage in political activity in a manner consistent with the policies of other state agencies, the laws of the state of Washington, and the United States code sections covering political activity of state employees engaged in activities funded in whole or in part by federal funds.
